

Super Rich Dad Chapter 414-416

Chapter 414 - Another Challenge

For this point, Ye Yunjie was of course clear about it, which was why she had directly chosen to make a move against these people.

These people only listened to Shen Haoting, and now that their people had been taken out, each and every one of them was harbouring fire in their hearts.

Plus, they might have more or less had opinions about themselves in general, and today, they all burst out at once.

Ye Yunjie understood that if she could not calm these people down today, then when they returned, these 100 people would become uncontrollable wild horses.

At that time, it would be the most frightening, these people would not only ruin the situation that they had painstakingly managed, but would even destroy the bureau that Shen Haoting had laid down for so many years.

Twenty years ago, Shen Haoting had adopted these people and set up the Lei Group with the aim of one day using them for himself, but Shen Haoting definitely did not want to see that these people would end up causing chaos for him.

At this moment, Ye Yunjie had already rushed to the front of the strong man, her gaze was sharp, her movements were as swift as a civet cat, and the coldness in her eyes was like a thousand years of frost.

He had never seen Ye Yunjie's skills before and did not believe that she could pose too much of a threat to him, he did not even bother to move.

With a height of two metres and a weight of 300-odd pounds, he was standing here and thought that Ye Yunjie wouldn't be able to help himself.

But he was wrong!

A big mistake!

Ye Yunjie rushed up to him, suddenly stopped her speed, and then caught him off guard with a dodge, jumping directly behind the strong man Vajra, then jumped up with one step, holding Vajra's huge head with both hands, and violently threw the strong man Vajra from behind, directly on his back.

At first Vajra was still somewhat surprised by Ye Yunjie's speed, but still had some contempt in his heart.

Then he felt like he was stuck in the throat and hurriedly tried to get his hands on Ye Yunjie's hands to break them.

But it seemed a little late and even more futile.

With a fierce force, Ye Yunjie instantly brought Vajra down, and then with that force, she threw the 300-odd pound man out with a heavy thud.

‘With a bang, Vajra flew two meters away and hit a table so hard that the solid wood desk was instantly split into pieces as if it were made of paper.

The solid wood desk instantly fell apart like a piece of paper. King Kong also fell quite lightly and cried out twice before he rolled and scrambled back up.

But at this time, his eyes were no longer filled with contempt for Ye Yunjie, but with scorn and shock.

‘Holy sh*t is this a f*cking human being?’ A cry of shock also erupted from the crowd of a hundred or so.

‘Wrestling the vajra? What the hell does this woman do? That’s too ruthless, isn’t it?’

‘This, this is incredible, how can it be so strong? This is Vajra, this guy is over 300 pounds, how could she, a weak woman of less than 100 pounds, have dropped him and thrown him that far? That’s fantastic.’

Those last words of that man represented the hearts of almost all the people of the Lei group present.

They certainly couldn’t believe that Ye Yunjie had actually toppled Vajra, and it looked as if she hadn’t bothered with the stance at all.

If this was Ye Yunjie’s true strength, then it was indeed a bit sensational.

Moreover, with Ye Yunjie’s strength, it seemed that she could easily take care of a few people from the Lei Group.

‘Well, does anyone else want to say anything?’ Ye Yunjie straightened her suit and looked indifferently at everyone present, her gaze carrying a bit of a murderous meaning.

At this moment, everyone did not dare to say anything, although these people were still a little unconvinced in their hearts, they were convinced of the ability Ye Yunjie had just displayed.

As far as Ye Yunjie’s strength was concerned, it was naturally more than enough to lead these people.

However, Ye Yunjie’s next words surprised everyone present.

‘Did you all think that my strength was already very strong?’ Ye Yunjie laughed bitterly, ‘But what I want to tell you is that the person you are going to take revenge on should be no less powerful than me, and possibly even more powerful, do you think you have the strength to take revenge?’

At Ye Yunjie’s words, the crowd present was in an uproar.

‘What? Stronger than Miss Ye? Then how perverted must this person be?’

‘Is it really true? Is it possible that Miss Ye is just fooling everyone? What kind of person, can be stronger than Miss Ye?’

‘I don’t believe it, that’s incredible, how can she be stronger than Miss Ye? I think she’s already a top martial artist, right?’

Once again, the crowd erupted in a burst of hot chatter, everyone looked at Ye Yunjie incredulously, of course they didn’t want to believe that the person who took out their brothers was that strong, then wouldn’t their dream of revenge be in vain?

‘Believe it or not, it’s up to you!’ Ye Yunjie turned around to leave, ‘But I want to tell you, here, I represent Mr. Shen, if any of you dare to provoke me again, then don’t blame me for being ungracious!’

This was Ye Yunjie’s solemn warning to these people.

She had to find a way to regain control of these people.

However, Ye Yunjie had just taken a step, but suddenly an assertive voice came from not far away, ‘Wait, I’m not convinced!’

Hearing the voice, Ye Yunjie twisted her head to look and saw that the burly man, Vajra, had already climbed up from the ground and had ripped off the suit he was wearing, revealing the upper half of his body to be as muscular as a block of iron.

If it was an ordinary person who saw such a big, strong, muscular man, they would probably have been scared and dodged away, but Ye Yunjie was not impressed.

She smiled and thought to herself, ‘It seems that I still haven’t completely conquered these people, so instead of that, let’s do it again. Only by letting them see the difference between themselves and themselves completely can they completely conquer them and make them obey their words.’

‘Do you want to do it again?’ Ye Yunjie asked with a contemptuous smile on the corner of her mouth as she looked at her opponent.

Anger boiled on Vajra’s face as he gritted his teeth and looked at Ye Yunjie, snarling, ‘That didn’t count just now, you only made your move when I was unprepared, if you have the guts, let’s fight again, if you can still beat me this time, then I, and my gang of brothers, will look up to you from now on!’

Vajra looked around the room and looked at everyone present.

Most of the people present also nodded their heads.

In fact, these people were also a little reluctant to accept what had just happened, after all, just now Vajra had not made a move, but had only been attacked by Ye Yunjie around the back, before being dropped.

This only seemed to prove that Ye Yunjie was fast and incredibly strong, but it didn't represent strength ah.

Some of them were still indignant in their hearts and certainly not willing to be manipulated by Ye Yunjie like that from now on.

So Vajra proposed to have a new match, and most of them present, still approved of it.

This time, if Vajra won, then they and Ye Yunjie would still have something to talk about.

And if Vajra still lost, then they would be convinced of Ye Yunjie.

After all, Vajra was one of the strongest among them, and if even Vajra lost, it seemed to prove that the difference in strength between them and Ye Yunjie was not just a tiny bit.

At that time, they would all be convinced.

Some even shouted out loudly, 'What's wrong, Miss Ye, don't you dare to fight? Weren't you quite powerful just now? Are you afraid now?'

'Hey, you're not very good at sneak attacks, but you're not good at the real thing, are you? Miss Ye, in that case, we won't admit it, you don't want to convince us!'

'That's right, don't be a coward, if you win, we'll look up to you! But if you lose, then we can only say sorry!'

Chapter 415 - Injured

The crowd was in chaos, all shouting.

These people seemed to be afraid that Ye Yunjie would not respond to the battle, which was why they were shouting so fiercely.

However, Ye Yunjie only smiled indifferently at this, as she skimmed her gaze over everyone present, smiled playfully, and spoke, 'Are your words counted!'

When Ye Yunjie said this, the whole room instantly fell silent, after all, Ye Yunjie's promise was too quick, they really couldn't believe it.

This silence lasted for a while before someone in the crowd suddenly shouted out, 'Of course our words count, we are all men, a mouthful of spittle is a nail, if anyone doesn't admit it by then, we will all agree!'

Then someone else shouted out, 'That's right, Miss Ye, if you ask that, you're looking down on our Lei group, we'll do what we say, we'll never go back on our word!'

The crowd then chimed in.

Ye Yunjie finally looked at the burly man, King Kong, opposite her, and asked with raised eyebrows, 'And you? If I knock you down later, you won't stand up and pat your ass and deny it, right?'

Ye Yunjie's words caused Vajra's face to redden violently, he slapped his face violently and said loudly, 'Miss Ye, I, Vajra, have a face, your words are just bullying me, don't worry, if you can knock me down, I, Vajra, won't say a word, from now on, whatever you say will be done, no complaints!'

Ye Yunjie smiled, 'Good, with your words that's fine, come on then, I'm still in a hurry to attend to other matters!'

Seeing how Ye Yunjie did not take himself seriously, Vajra was furious, pounding his chest a few times, and while shouting, he waved his football-sized steel fist and rushed towards Ye Yunjie.

'Then don't blame me for not being polite!' King Kong hissed.

This time, he used all his strength, he used his greatest strength, his fastest speed, and pounced directly at Ye Yunjie.

With Vajra's ability, it was estimated that even if there was a small car in front of him, it could be torn apart by him in an instant, not to mention Ye Yunjie.

Even the other members of Lei's group were all sweating when they saw how Kong was behaving.

Admittedly, if it were them, I am afraid they would not be able to withstand the tsunami-like attack of King Kong, and they would probably not be able to take a single punch before they were instantly knocked out.

Some of them could not help but be a little nervous, fearing that Vajra might not be able to stop for a moment and directly injure Ye Yunjie.

Although they were somewhat uncomfortable with Ye Yunjie, after all, they had been under Ye Yunjie's command for the past year or two, and more or less still had some feelings.

What's more, Ye Yunjie's status was almost equivalent to that of Shen Haoting's adopted daughter, so if they injured Shen Haoting's daughter, then looking back Shen Haoting would definitely not condone them.

Although they were both adopted by Shen Haoting, and were also carefully raised by Shen Haoting.

However, they knew that they were far less important than Ye Yunjie in Shen Haoting's mind.

This was why Ye Yunjie could become Shen Haoting's deputy, while the men of the Lei Group had to follow Ye Yunjie's orders after all.

'Suddenly, a voice rang out from the crowd, and then all the hundred pairs of eyes in the room almost stared straight at Ye Yunjie, at the steel-like fist of King Kong, which was about to smash into Ye Yunjie's body.

At this moment, Ye Yunjie's gaze was indifferent, seemingly not the least bit nervous, and a faint smile appeared at the corner of her mouth.

She really didn't put the vajra in front of her eyes.

'Hehe, too slow!' Ye Yunjie suddenly spat out a few words softly at the corner of her mouth, then her entire body suddenly took a fierce step backwards, followed by her right hand clenching her fist, her body slightly leaning down, easily dodging Vajra's fist, followed by her right hand fist, directly hitting Vajra's abdomen.

At that moment, the whole crowd was shocked!

What shocked the crowd was Ye Yunjie's speed, which was as fast as lightning.

Under the extreme speed of Vajra, she was still able to swim around, even easily dodging the fronts and punching through.

Admittedly, even if Ye Yunjie's punch had struck Vajra's body and failed to do much damage to the latter, on a psychological level, Ye Yunjie had already won.

What a terrifying speed this was!

This scene, the crowd present, was simply stunned, in their eyes, Ye Yunjie was like an athletic black cat, as if only death could catch her movements

After Ye Yunjie's punch, the whole scene was silent, as if time had stood still.

Ye Yunjie's movements also stopped, and even Vajra's movements froze.

The scene fell into a dead silence.

'What's wrong with this?'

It was only after a while that someone in the crowd let out an extremely small sigh.

But after these words were uttered, Vajra suddenly leaned backwards and a miserable cry came out of his throat.

With a loud 'boom', he fell backwards heavily and then expressed a heart-rending howl.

Anyone could see that Vajra was holding himself together, not wanting to scream out, but clearly somehow unable to hold on, Jaius was violent, the corners of his mouth oozed out traces of blood, and his expression was extremely ugly, looking hideous.

Seeing this, the others rushed over and surrounded Vajra.

'Vajra, what's wrong with you? Does it hurt anywhere?' Someone asked with a sigh.

And when someone looked at Vajra's abdomen, they couldn't help but be shocked, because right where Ye Yunjie had just landed her fist, it was red to a patch, like it was bruised and purple in colour.

'What's wrong with this?'

Everyone could not help but tense up when they saw this.

Where had they ever seen such a scene before, they were simply appalled.

A weak woman had thrown a punch and had given it back to this state?

'Miss Ye, what's wrong with this him?' A man asked nervously.

Ye Yunjie slowly withdrew her fist and looked at the crowd from above, indifferently asking, 'He's fine, only his internal organs have been shaken, take him to the hospital to recuperate for a while.'

Only when they heard Ye Yunjie say that he was fine did these people let out a sigh of relief.

Immediately afterwards, Ye Yunjie asked Vajra, 'Is there anything else you can say now?'

They had just agreed that as long as Ye Yunjie could defeat Vajra, they would be subservient to Ye Yunjie from now on.

At this moment, Ye Yunjie was almost completely victorious against Vajra, and with a single move, she had beaten her opponent until she was unable to fight back.

At this point, Vajra also seemed to be completely convinced, twice, he didn't even see how she moved her hands, and he was knocked over.

And not to mention himself, even any of the people present, it is estimated that they are not Ye Yunjie's opponent at all.

'Miss Ye, I'm convinced,' said King Kong, gritting his teeth, 'Don't worry, I'll do what I say, from now on, I and my brothers will follow your lead, I'll never say a word!'

As soon as Vajra said this, the crowd gathered around him also took a stand.

'Yes, we are convinced that you have won, Miss Ye, and we will do what we promised you.'

'Yes, that's no argument, the skill is not as good as the others, we admit it'

Obviously, at this moment, these people were truly convinced by Ye Yunjie.

Ye Yunjie nodded slightly, and let out a long sigh of relief in her heart, then walked out of the room.

Ye Yunjie went all the way back to her office, and almost the moment she entered the door, her entire body instantly collapsed.

Her face was extremely ugly, as if she had lost her blood all of a sudden. Her left hand grabbed the wrist of her right hand, holding back the pain and gritting her teeth hard, not screaming out.

Chapter 416 - The person who abandoned me back then

It was obvious that with that punch just now, although Ye Yunjie had put Vajra down, she herself had also suffered considerable damage.

Ye Yunjie looked at her right hand, her fingers were already bursting open in a few places, and blood was seeping out.

Gritting her teeth, Ye Yunjie struggled to get up, walked behind her desk, pulled out a drawer and simply bandaged her right hand.

'I still pushed a little too hard just now,' Ye Yunjie muttered, smiling bitterly, 'but it's worth it, at least now these people won't give me any more trouble.'

After resting for a while, Ye Yunjie got up and walked over to the window, looking out at the brightly lit Chu Jiang, her gaze couldn't help but have a hint of hesitation.

'Where the hell are you?' Ye Yunjie muttered to herself, 'What on earth are you doing when you come to Chu Jiang?'

Ye Yunjie thought for a moment, then pulled out her phone and put aside the audio that her men had passed to her earlier, her brows furrowed, 'Step one? The second step? What exactly does it mean? What exactly are your intentions?'

In Chu Jiang University, Jiang Hao returned to school and didn't go back to his dorm room, but kept wandering around the downstairs of Xue Yu Ning's dorm room.

He had called Xue Yuning earlier and realised that Xue Yuning wasn't in her dorm room at all. Jiang Hao asked her where she had gone, but Xue Yuning didn't say, and in her words, there seemed to be some hesitation, only telling herself that she would not be back until later.

Jiang Hao thought to himself, he went back to simply stay, so he might as well just wait downstairs for a while.

In Jiang Hao's hand was a gift box containing none other than the Tears of the Sky sapphire pendant he had bought in the You Yun jewellery shop earlier.

Jiang Hao wanted to put this pendant on Xue Yuning's head with his own hands, and he also wanted to see how happy Xue Yuning would be when the time came.

Just then, a voice suddenly came from behind Jiang Hao.

'Jiang Hao? Are you waiting for Yu Ning?'

Jiang Hao smiled and hurriedly turned around, and saw Xu Qingqing looking at himself with an astonished expression.

Jiang Hao smiled and nodded, 'Oh, it's Xiao Qing, yes, I'm waiting for Yu Ning, is your injury better?'

Hearing Jiang Hao's concerned enquiry about himself, Xu Qingqing blushed slightly and nodded silently, 'Much better, I really thanked you very much for last time and for causing you trouble.'

'It's alright, oh right, didn't Yu Ning say you were short of money now? Do you still need it? I'll fetch you some later, let's not worry about anything else for now, let's get through the immediate difficulties.' Jiang Hao smiled and said.

Xu Qingqing smiled, her heart warmed, but she shook her head, 'No, thank you, now my side is in a better situation, thank you so much, I'

Xu Qingqing hesitated a little before biting her lip, 'I'd like to invite you to dinner sometime, do you have time?'

Jiang Hao scratched his head, 'I'll see what time I have, there might be a bit too much going on lately, I'll try my best.'

'Oh, then if you have something to do, you can get busy first, I'll ask you later when you're not busy anymore, I' Xu Qingqing was saying this when she suddenly saw Xue Yuning walking back, she hurriedly greeted her with a smile, 'Yuning, what have you been doing?'

Xue Yuning was frowning and looked a bit distracted, so when Xu Qingqing called out to her, it startled her.

She slowed down before speaking, 'I had something to do and went out for a while, what's wrong Xiao Qing?'

Xu Qingqing ran to Xue Yuning's side and smiled, 'It's nothing, it's Jiang Hao who's here.'

Xue Yuning smiled and seemed a little nervous, rushing to look up at Jiang Hao, with an attitude as if she had some secret that was about to be discovered.

When Jiang Hao saw this, he couldn't help but lock his eyebrows and asked, 'What's wrong with you, Yu Ning? You look distracted, are you sick?'

Xue Yuning hurriedly shook her head, 'No, no, I just don't feel well, do you still need anything? If not, I'll go upstairs first.'

After saying that, Xue Yu Ning left Jiang Hao unnaturally in place and hurriedly walked towards the dormitory.

'Yu Ning? What's wrong with you?' Jiang Hao hurriedly asked after her.

After all, Xue Yu Ning's behaviour was too strange, Jiang Hao had never seen Xue Yu Ning like this before.

Obviously, Xue Yuning was hiding something from herself, Jiang Hao was incredibly sure of this.

But Xue Yu Ning still went upstairs without looking back.

Jiang Hao was bewildered, staring at the door of the women's dormitory, and didn't come back to his senses for a long time.

'What the hell is wrong?' Jiang Hao looked at the gift box in his hand and muttered.

'Maybe maybe Yu Ning is simply in a bit of a bad mood?' Xu Qingqing, who was at the side, spoke up.

Jiang Hao shook his head slightly, looked at Xu Qingqing and handed over the gift box he was holding, 'Qing, do me a favour, help me give this to Yu Ning, say it's from me, and also can you keep an eye on Yu Ning for me, what's wrong with her?'

Xu Qingqing nodded without thinking and took the gift box, 'Alright, when Yu Ning is in a better mood, I will try to ask her, after all, I am also her good friend, I also know, what is wrong with her.'

Having said that, Xu Qingqing also walked into the dormitory building.

Jiang Hao raised his head to look at the window of Xue Yuning's dormitory, filled with questions, and finally walked away.

Xue Yu Ning went upstairs and retreated straight into her bed, her expression dull, obviously having encountered something unhappy.

'Yu Ning, what's wrong with you?' As soon as Xu Qingqing entered the door and saw Xue Yuning in such a state, she hurried over and handed the gift box in her hand to Xue Yuning's eyes, smiling, 'Yuning, what do you see here?'

Xue Yuning glanced at the gift box and didn't care too much, still silent and empty-eyed.

Xu Qingqing frowned slightly, 'This is a gift from Jiang Hao, don't you want to open it and take a look?'

Xu Qingqing sighed when Xue Yuning didn't respond, 'Hey, I'll open it for you then, how about it? Let's see what goodies Jiang Hao has given you!'

Xu Qingqing wanted to see Xue Yuning's attitude, but Xue Yuning didn't even look at herself as if she didn't care about anything.

Xu Qingqing talked and opened the gift box slightly, and immediately her eyes widened, 'My goodness, look at it Yu Ning, it's so beautiful!'

Indeed, at first glance at the sapphire pendant that looked like a deep sky, Xu Qingqing was simply stunned.

She was almost certain that she had never seen such a beautiful piece of jewellery in her life.

She couldn't help but be filled with envy in her heart, really, Jiang Hao was just so attached to Xue Yuning that he had bought such a beautiful gift.

As soon as the sapphire pendant was lit up, Xue Yuning's eyes were involuntarily drawn to it, and the moment she saw the pendant, her eyes actually had a hint of infatuation.

But it was only a split second before the surprise in her eyes returned to indifference once again.

'My goodness, one million eight hundred and eighty thousand?' Just then, Xu Qingqing once again shouted out, full of shock.

One million eight hundred and eighty thousand ah, just this one pendant? You know, if she had that much money, where would she be worried about her father's medical treatment money.

Xu Qingqing was full of surprise, but when she looked at Xue Yuning, even when she heard herself say one million eight hundred and eighty thousand, she still looked cold and calm.

Seeing this, Xu Qingqing couldn't help but be curious as well, rushing over and asking, 'Yu Ning, what's wrong with you you? Something must have happened to you, otherwise you wouldn't be like this.'

Xue Yuning smiled and remained indifferent, and only after a while did she slowly speak, 'Xiao Qing, if a person abandoned you at first and now appeared in front of you and asked you to go with him, would you?'
