

Noble Husband At the Door Chapter 420

Jiang Yingying was the one suffering in the field, because she was really anxious that she would be a problem to Samuel due to her own events.

In her opinion, it was a tiny issue for her to leave of school currently. As long as she did not hurt Samuel, it was great. When it comes to Samuel's help to fix this trouble, she did not risk to anticipate it.

Several board participants of the college were all big shots in Jiang Yingying's eyes who could not be prompted. Samuel seemed to be abundant; the amount of money required to solve this matter might not be determined.

"Don't bother. Tell your pal that he angered me, Lin Shaohui, and also see if he dares to turn up," Lin Shaohui said.

Samuel knocked on the seminar table. There was a thrill of footprints outside the boardroom. He said with a smile, "No need. They are currently here."

Lin Shaohui got his collar and also stated, "It's just in time. I'd like to see that they are."

Lin Shaohui, that was pretending, was stunned when he saw the very first individual who can be found in. This was since the vice president of the college was the one who supported him. The next couple of individuals who came in one after another had already stunned Lin Shaohui so much that he couldn't talk.

Along with all the board members of the institution.

Lu Hongguang, Ning Xingpeng, Bao Jingzhong, and Chen Kaihua.

When they appeared, Lin Shaohui's legs were already weak.

The head of state and the two college directors recently were also terrified to speak. Any kind of among the 4 can make them breathless, not to mention the four of them appeared with each other.

"What type of ability does this young man have to mobilize all the four big shots?"

"Is it large sufficient?" Samuel asked Lin Shaohui.

Lin Shaohui was terrified out of his wits. He responded consistently and really did not even understand what to say.

"Headmaster." Samuel turned to look at the headmaster.

"Yes, I am here, I am below," the principal claimed in a panic.

"Should we explore this matter or not?" Samuel asked.

"Go, most likely to the end. I will certainly give you a sufficient description." The major patted his breast and promised, which was completely different from his previous mindset.

Lin Shaohui's face had lots of despair. It was his mistake. As long as he urged that there was no problem, he would not be found out. And now, Samuel was so effective. If he did not confess, not only would he be doomed, yet his backer would certainly likewise be included.

"Lin Shaohui, tell me what's going on." Lin Shaohui's customer had found out about it long ago. He didn't care that was in the incorrect before due to the fact that it was just a student. It was not a big deal to slander her.

Currently, points had actually gone beyond his creativity. the team of 4 could conveniently stir up a tornado in Rong City. The level of being able to call the 4 people to come out with a phone call was past his imagination.

Lin Shaohui directly knelt on the ground and sobbed, "I had a crush on Jiang Yingying. I was the one who tarnished her."

Lin Shaohui needed to admit it, as well as he didn't dare not to admit it. He could be persistent for a while, and one way or another, he would tell the truth.

"Did the 3 of you hear that? Is this the outcome of your investigation?" Samuel asked the principal as well as the various other 2.

The principal as well as the other two also wanted to pass away. As a matter of fact, they were aware of the reality of this matter. Lin Shaohui was an individual who sucked as to fool around outside. With Jiang Yingying's personality, just how could she attract him?

However, due to Lin Shaohui's connection, they had no choice however to safeguard him. That would have assumed that Jiang Yingying had such a solid relationship with him?

"I'm sorry, I'm sorry. We were wrong in our investigation. Don't worry, I will most definitely verify Jiang Yingying's virtue," the principal claimed.

Samuel asked. Because he was currently right here, he had to resolve this matter appropriately.

The principal considered the others. What else could he do? Was he going to shoot himself in the foot?

Previously, there had been a rumor in the college that Jiang Yingying would be eliminated. Currently, they repossessed this choice, which was already a slap in the college's face. If he made a big noise to clear Jiang Yingying's grievance, exactly how could he, the principal, put aside his face?

Evaluating Samuel's attitude, it was impossible for him to make concessions. Also the big shots of the 4 had actually come.
