

# Super Rich Dad Chapter 421-423

Chapter 421 - Xue Chongshan

Approaching, the man sighed and continued to mumble, 'Ai, it's all my fault, if it wasn't for me because my father's orders were hard to disobey, I wouldn't have left you two, mother and daughter, and I wouldn't have made you suffer so much, and in the end Yu Ning found such a'

Obviously, Xue Yu Ning's mother had made it clear to the other party that Jiang Hao was Xue Yu Ning's boyfriend.

And this middle-aged man was actually no other than Xue Yu Ning's father, Xue Chongshan.

It was obvious that when Xue Chongshan first saw his daughter's boyfriend, he looked extremely dissatisfied.

After all, Xue Yuning had inherited the best genes from himself and Xue Yuning's mother to come up so beautiful.

Yesterday was the first time Xue Chongshan saw his daughter's after more than a decade, and he was simply thrilled to see how far Xue Yuning had come.

Xue Yu Ning's academic performance was so good that she was like a piece of flawless jade.

Jiang Hao, on the other hand, looked ordinary and his family did not seem too well off, as Jiang Hao exuded a 'rustic smell' from his bones.

This made Xue Chongshan very dissatisfied and even more disappointed, so naturally, his attitude towards Jiang Hao was not much better.

'Auntie, who is this' Jiang Hao was curious when he saw Xue Chongshan and Xue Yuning's mother walking close to each other.

Xue Yu Ning's mother had a stern face, as if she didn't want to look at Jiang Hao, and said in a cold manner, 'I was thinking of calling you out in a few days, so that you can get to know each other in a solemn manner.'

'Real father?' Jiang Hao's jaw almost dropped to the ground when he heard Xue Yu Ning's mother's words, he was simply astonished.

Jiang Hao remembered that in the past, Xue Yu Ning had once spoken to herself about her father.

It should be that when Xue Yu Ning was still very young, his father had abandoned her and her mother and returned to the family to become his own broad young master, and after he left, he hadn't been heard from since, and it was because of this that Xue Yu Ning had hated her father.

What made Jiang Hao even more curious was that back then, Xue Yu Ning's father had abandoned them both heartlessly, but now that Xue Yu Ning's father had appeared, how come Xue Yu Ning's mother acted as if nothing had happened?

Did she not hate this man?

One must know that it was he who had abandoned them both, leaving this bitter mother and daughter to suffer all the hardships of life.

Although Jiang Hao was just curious, he didn't open his mouth to ask. Since people were relieved, Jiang Hao certainly wouldn't go along with what was going on.

What Jiang Hao was curious about was that Xue Yu Ning's father had appeared, didn't Xue Yu Ning know about it? Or did she already know about it?

Jiang Hao was thinking about these things when he heard Xue Yuning's mother say to herself, 'What, when you see Yuning's father, you don't even want to say hello? Jiang Hao, are you being presumptuous?'

Jiang Hao knew that because of what happened last time, Xue Yuning's mother still seemed to hold a grudge against herself.

But he had only froze up just now, so he didn't have to come up with such a big hatchet job, did he?

Jiang Hao thought, but did not retort, just lowered his head and politely said, 'Hello Uncle Xue, I'm really sorry for just slipping up a bit, let me introduce myself, I'm Yu Ning'

'Well there's no need to explain!' Before Jiang Hao could finish his words, he was interrupted by Xue Chongshan, who said with a stern face, without the slightest intention of being friendly, 'I know who you are and you don't need to explain because your attitude, to me, is meaningless.'

What was the meaning of this, this attitude towards oneself on first meeting? Jiang Hao was a little embarrassed, and also felt a little innocent.

After all, he hadn't offended this future old husband, had he?

'Then,' for a moment, Jiang Hao was actually a bit at a loss for what to say.

After all, if he said anything, the other party would dislike him, so he could simply not say anything at all.

He looked at the villa, which was being renovated in full swing, and asked, with a hint of contempt in his tone, 'What are you doing here? Do you know what this place is?'

'Oh, I'm waiting for someone here, Uncle Xue.' Jiang Hao looked at the villa and said, 'This is Haisheng Yixin, what's wrong?'

Xue Chongshan smiled and continued to ask, 'So, you work here? Oh yes, what kind of people do you have at home? Do you have a job now?'

Jiang Hao looked at Xue Yu Ning's mother, obviously from the other party asking this, Jiang Hao already knew that his identity, Xue Yu Ning's mother didn't seem to have told Xue Chongshan yet.

'No, I'm still at school Uncle Xue, my mother is in is now in my hometown, my father,' Jiang Hao hesitated for a moment and said, 'my father is now abroad.'

'Working abroad? Yes, I heard that in foreign countries, some migrant workers earn more than some white-collar workers.' Xue Chongshan said lightly.

'If Jiang Hao was a bit speechless, how could he be a migrant worker when he said his father was abroad?'

It seemed that from the root, this future father-in-law of his, didn't think highly of himself.

Jiang Hao had heard Xue Yuning say that her father was a son of a rather powerful family.

But even so, it wasn't so arrogant, was it?

Jiang Hao suddenly snorted with laughter and spoke, 'No, my father is not a migrant worker, and I guess, it seems that you even know my father!'

His own father was the richest overseas Chinese, and Jiang Hao was sure that anyone with some knowledge in the country would know his father.

'Oh? Is that so?' Xue Chongshan frowned, but then shook his head with a smile and said, 'Then do you know, what kind of characters I usually come into contact with? Your father I know? Oh, I'm afraid you're not saying the opposite, perhaps your father knows me?'

Jiang Hao was about to open his mouth to retort, when he noticed that Xue Chongshan's face suddenly changed when he treated himself.

'Jiang Hao, right? In fact, I've heard about you from Yu Ning's mother's mouth, although I don't know you, but since you're Yu Ning's boyfriend, I'd like to tell you as an elder, behave ah, don't be too arrogant, to be honest, I've seen a lot of young people like you, to put it bluntly, I even resent people like you a little, I know you must know my identity, right? So you feel a bit inferior, right? In fact, there is no need for you to do so, I like people who are truthful and realistic, those young people who are presumptuous and like to brag about Kanshan, I hope they can stay away from me and also stay away from my daughter!'

Obviously, Xue Chongshan was treating Jiang Hao as the kind of person he was talking about, which really made Jiang Hao feel a bit ridiculous.

Do you know me? Do you know me? Do you know who I am? Do you know what kind of person I am? And you say such things to me?

And are you qualified to say such things to me?

Back then, you abandoned your wife and child, and now your daughter is suffering from hunger, and you appear and lecture me as if you were a saint? Are you worthy of that?

Jiang Hao suddenly felt that Xue Yuning's father was somewhat ridiculous and even more shameful.

Anyway, if he were Xue Chongshan, he probably wouldn't show up to disgust his daughter again, let alone say that kind of bullshit to someone who was genuinely and truly devoted to his daughter!

Because Jiang Hao is a man who wants to be ashamed!

'Do you understand what I mean?' Xue Chongshan asked again.

At this moment, Jiang Hao no longer had the same respect for Xue Chongshan as before, he just smiled and said, 'Uncle Xue, there are actually some things that I shouldn't say, but I'm a straightforward person, so if I don't say it, I really don't feel pain in my heart, so I'd better say it, and you shouldn't take offense, anyway, in your opinion, I'm not a good person.'

Jiang Hao smiled and continued, 'I want to ask you, where have you been all these years? Do you know how much aggravation Yu Ning has suffered because of your departure?'

Chapter 422 - Xue Chongshan's Purpose

'Jiang Hao, what do you mean!' When Xue Chongshan heard Jiang Hao's words, he couldn't hold back the last shred of his face, his face turning red as he pointed at Jiang Hao and shouted, 'You're unbridled!'

Jiang Hao looked at the other party in disbelief and snorted, not making a sound, but his attitude was already obvious.

In fact, he wanted to say everything he had in mind, but on second thought, he thought that it was Xue Yuning's father after all, so even if he didn't respect Xue Chongshan, he still had to take care of Xue Yuning, so in the end he swallowed most of his words.

But Jiang Hao also knew that even just a couple of words from himself would be enough to make Xue Chongshan uncomfortable.

As expected, he really got angry, like a red bull that had been lit on its tail.

'What are you, you are also worthy to talk to me like this?' Xue Chongshan said furiously, 'This is my own matter, how I deal with it is my own family matter, no matter how badly I treat them, I am still Yu Ning's father, who are you to come and tell me what to do?'

Looking at the other party's thunderous appearance, Jiang Hao wanted to laugh a little.

Obviously, if Xue Chongshan really felt from the bottom of his heart that he owed Xue Yu Ning and was ashamed of this mother and daughter, he would not only not be shaking with anger when he said those words, but would instead be silent and admit his faults frankly.

And only then can one be considered a true man.

But Xue Chongshan blew up, and Jiang Hao knew very well that the reason he blew up was not because he was ashamed of Xue Yuning, but simply because his own words had pierced his pretense and caused his most sensitive nerves to throb, making his face go through the roof.

This kind of person would only care about his own face, and would certainly not care about Xue Yuning's life or death.

Jiang Hao laughed bitterly twice and said back, 'Uncle Xue, I am very sorry, your words just now were wrong, I am indeed not something, because I am a human being, an upright human being, a person who would not abandon his wife and children, a person who could turn his back on his loved ones opposite, perhaps my words were a bit straight, but I still have to say that if it was me in the first place, no matter what the reason, I would not have abandoned my wife and daughters, let them suffer so much, and see that all the suffering is coming to an end, and then appear myself as if I were righteous.'

'Oh, the disaster has passed, do you think it is of any use for the saviour to come only then?' Jiang Hao said in the best teasing manner.

In fact, when Jiang Hao said this, he couldn't help but think of his own father in his heart.

In fact, how was his own fate not similar to Xue Yuning's?

Both also had a father from a rich family, both were also abandoned from a young age, and then the same father appeared when he was looking to spend the most difficult time.

In fact, although Jiang Hao said that he understood his father and that he might have had a hard time back then, deep down in his heart, how could he not have resented his father?

It's been almost 20 years, huh? Do you know how I have survived? Can two billion dollars really make up for everything?

I don't know.

So what Jiang Hao said just now was not so much what he said to Xue Chongshan, but rather what Jiang Hao himself wanted to say to his father.

Jiang Hao told himself in his heart that it was best if his father had really had a hard time leaving him and his mother, otherwise, he might not be able to get over this hurdle in his heart for the rest of his life!

But just as Jiang Hao was dazed, Xue Chongshan's furious voice interrupted his thoughts once again.

'What the hell are you trying to say? What do you mean?' Xue Chongshan was furious, yet he didn't seem to know what to say, because even he himself had to admit that Jiang Hao's words left him powerless to refute them.

It was indeed he who had abandoned his wife and daughter back then and returned to the family on his own to become a broad young master again.

And Xue Chongshan had hardly mentioned to anyone that it was because he had had enough of the poor life that he had taken the initiative to call his mother that the family had later picked him up.

Since returning to the family, Xue Chongshan has become the laughing stock of the family because he ran away from home, got together with a woman from a small county and had a daughter.

So ever since then, it was as if Xue Chongshan had deliberately tried to make himself forget this past, forget that there was still a woman here who loved him dearly and that he had a beautiful, intelligent and lovely daughter.

During that period of time, his loving wife and cute daughter became a heavy psychological burden for Xue Chongshan, and for a while, he even began to loathe the mother and daughter and hate the past.

He even thought at one point that it was this mother and daughter who had ruined him.

After all, he was supposed to marry the eldest lady of the Northern Family, but in the end, not only was she gone, but he had also become an unmitigated joke.

Later, unable to bear the ridicule of the family, Xue Chongshan could only hastily marry a local woman under the auspices of his parents.

Only then did the matter seem to pass.

Just now, Jiang Hao's words obviously brought back those bad memories of Xue Chongshan.

He stared at Jiang Hao with abhorrence, simply wanting to eat him alive.

'You Yu Ning are really blind, how could you have found such a thing as you? She simply disappoints me too much!' Xue Chongshan shouted at Xue Yuning's mother in anger, 'Call Yuning now and tell her to break up with this man immediately, my daughter is with this kind of person, it really makes me feel disgusted!'

'Uncle Xue, do you feel disgusted? Oh, then I'd like to know if you feel disgusted because of me, or because I just said something disgusting?'

'And ah, you told me to break up with Yu Ning? May I ask in what capacity did you give the order? Is it a passerby? That doesn't seem like you have the right to do that! Is it as Yu Ning's father? Then do you think that you are worthy of being Yu Ning's father?'

Jiang Hao didn't use a single dirty word in each sentence, but every word poked at his heart, causing Xue Chongshan to explode with anger.

Especially the sentence 'Are you worthy of being Yu Ning's father?' These words were like a knife poking directly into Xue Chongshan's heart, making him feel painful, ashamed and angry.

At this moment, in Xue Chongshan's mind, Jiang Hao had long since lost any trace of goodwill, or even the possibility of developing goodwill.

This man was simply his own nemesis, the head of bad luck!

If his daughter really followed such a person, then he would have to live less than ten years!

In his heart, Xue Chongshan angrily made up his mind that he must man separate Jiang Hao and Xue Yuning, no matter what, no matter what price he had to pay.

For one thing, because at this moment, he really hated Jiang Hao as a person beyond measure, and the sight of this person seemed to rub off on him as his anger rose upwards.

Secondly, and most importantly, it was also Xue Chongshan's most important purpose in coming to Chu Jiang this time.

That was to take Xue Yuning away himself, bring her back to his family, and use her, to make a business alliance!

In Xue Chongshan's view, no matter what, Xue Yuning is his own daughter, and since she is his own daughter, she has to share his worries and solve his problems after all, she has to do her last bit for him!

Besides, as long as this marriage was successful, he would be able to take off the hat he had been ridiculed for over ten years in the Xue family, and could stand tall as the dominant person in the Xue family.

The most important thing is that her youngest son can also take this opportunity to fight for the position of heir to the family!

Therefore, Xue Yuning is an important pawn for himself, so how would Xue Chongshan not value her, and how would he willingly give her up to a yakuza like Jiang Hao?

Chapter 423 - How about this villa

'Don't give me a lecture here, who do you think you are? What are you?' Xue Chongshan looked annoyed and roared low at Jiang Hao, 'You think you want to excuse your sticking to my daughter with just three or two words? Humph, you are dreaming, if you want to be my Xue Chongshan's son-in-law, you are not qualified, not even close!'

Xue Chongshan turned his words around and continued to say to Jiang Hao, 'Who knows if you have some ulterior motive for sticking to my daughter, perhaps, you knew before that Yu Ning had a rich biological father, that's why you clung to her so shamelessly, right?'

'You want to be my son-in-law, you're still far from it. Whether it's character or otherwise, you don't even have enough of a bottom line.

Obviously, Xue Chongshan couldn't talk himself out of it, so he put on a righteous face, as if he was thinking of his daughter.

But who knew what he was thinking?

For the past ten years or so, he had been indifferent to his daughter, and now he suddenly appeared and wanted to recognise her.

Moreover, Xue Chongshan's high and mighty look really made Jiang Hao feel sick.

It seemed that even though the person was already 40 or 50 years old, his heart was still the same as those big and small gentry from Chu Jiang.

They all thought that their family backgrounds were bullying, and each one of them thought that they were all great.

But unbeknownst to them, their pitiful family backgrounds were nothing in front of Jiang Hao.

Jiang Hao immediately gave a cold laugh and said to Xue Chongshan, 'Then I would like to ask Uncle Xue, may I ask what kind of person would be qualified to be your daughter's boyfriend?'

Since the other party's words had come to this, Jiang Hao simply asked for clarification.

Listening to Xue Chongshan's tone, Jiang Hao knew that he wanted a rich master, and Jiang Hao simply wanted to know just how rich a son-in-law he wanted.

Would two billion be enough? Or eight billion?

Or would ten billion be enough?

Jiang Hao's words were a question, and Xue Chongshan smiled when he heard them, he didn't expect Jiang Hao to ask himself that.

Fine, you've made a fool of yourself, so don't blame me.

Xue Chongshan thought to himself that the family he wanted to marry Xue Yuning to in the Northern Province was a famous and prestigious family in the Northern Province, with family assets amounting to more than a billion dollars.

And the person he wants to marry Xue Yuning to alone is already worth hundreds of millions in size.

Xue Chongshan smiled and said: 'Qualification? I'll tell you this, in my hometown of North Province, there is a family that is ready to propose marriage to me at this time to marry Yu Ning, do you know how much money they have? Do you know how much money they have? If you have it, then I can consider it and marry my daughter to you!'

After Xue Chongshan finished speaking, he couldn't help but look at Xue Yu Ning's mother beside him, with a slight playfulness in his eyes.

It was obvious to him that as far as Jiang Hao was concerned, a hundred million was simply astronomical to him, a nightmare in the sky, a dream that had been out of his reach for a lifetime, if not several lifetimes.

He then laughed again, 'Let's be honest, from the first moment I saw you, I thought, not to mention a hundred million, maybe your family, probably can't even get a million, a family with a mother in the old countryside and a father working overseas, you are destined to be born at the bottom of society, how can you have the virtue to marry my Xue Chongshan's daughter?'

'Mother Yu Ning, do you think what I said, is it right?' Xue Chongshan looked at Xue Yu Ning's mother and smiled coldly.

Xue Yu Ning's mother's face was a little unnatural, she looked at Xue Chong Shan and whispered, 'Why don't we go, what are you screaming about with a child?'

Xue Yuning's mother was of course clear that Jiang Hao was by no means an idle person.

Obviously, Xue Chongshan thought that Jiang Hao was a poor and sour bumpkin because he looked so rustic.

But Xue Yuning's mother knew very well that Jiang Hao was a man who could be on a par with Qiao San, a big shot.

At that time, both Xue Chongshan and himself would be very embarrassed.

Although after the last incident, Xue Yuning's mother was full of opinions about Jiang Hao, and she had thought about asking Jiang Hao to break up with Xue Yuning.

But if she did that, she guessed that not only would she not let these two go their separate ways, but she would even have her own face thrown on the ground and rubbed up hard.

'Why?' Xue Chongshan suddenly snorted coldly and said to Xue Yu Ning's mother, 'Yu Ning is my daughter, of course I have to think of her happiness, if my daughter marries a worthless poor man, what happiness will she have to speak of? Mama Yu Ning, you must know that I am thinking of Yu Ning, she is our daughter, don't you want to think of her?'

Xue Chongshan didn't wait for Xue Yu Ning's mother to say anything before he continued to say to Jiang Hao, 'How about it, do you think you can take out 100 million? If you can, then I can consider it and you and Yu Ning continue to date.'

Xue Chongshan's words couldn't help but make Jiang Hao laugh, as he looked at the other party's look of complacency and felt nothing but ridiculous.

Jiang Hao shook his head and said, 'Uncle Xue, I need to ask you to remember one thing, first of all, it's not up to you to decide whether or not Yu Ning and I get together, because you don't have that qualification yet!'

'You,' Xue Chongshan was instantly furious at his words, but he was about to open his mouth when he was interrupted by Jiang Hao.

'Sorry, I haven't finished.' Jiang Hao sneered and continued, 'Besides, what I'm about to say to you is not to prove anything to you, I just think that it's a bit too childish for you to assert a person just because of their appearance!'

He shouted at Jiang Hao, 'Fine, I'll let you have your way again. I heard you say that you also have a few hundred million dollars and want to prove to me that you are qualified to marry my daughter? Then you prove it to me, huh?'

'Or, I can even lower your requirements a little!' Xue Chongshan deliberately smiled playfully, just to humiliate Jiang Hao, and said, 'Actually, I don't care about money, all I want is for you to give my daughter a stable home, I think this is a good place, originally, I wanted to buy a villa here, but now, I'll give you this opportunity, if you have the strength to buy a 300 sq. ft. If you have the strength to buy a 300 sq. ft. villa here, I will allow you to continue your relationship with my daughter!'

In fact, Xue Chongshan said that he was lowering the difficulty, but his real purpose was just to double his humiliation of Jiang Hao.

I asked for 100 million, and it was already humiliating that you couldn't get it out, now I'm lowering the difficulty for you by buying a villa here, the difficulty is already very low, right?

If you still don't manage to achieve it, then you simply have no face!

Xue Chongshan was of course clear that the bigger the house, the more expensive it tended to be in this Haisheng Yipin.

A house of three hundred square metres would cost at least ten to twenty million dollars, and it was estimated that Jiang Hao might not be able to get such a large sum of money.

Xue Chongshan laughed in his heart and thought to himself: I'll see how you'll be embarrassed later!

Xue Chongshan had just finished speaking, but unexpectedly, Jiang Hao laughed.

'Oh, a villa, is it?' Jiang Hao smiled and said, 'Then Uncle Xue, what do you think, how about this villa?'
