

Super Rich Dad Chapter 424-426

Chapter 424 - What's your manager's name

Jiang Hao pointed at the luxurious villa in full swing in front of the crowd and couldn't help but frown slightly.

'This building? What do you mean by that?' Xue Chongshan's tone was full of mockery, 'What, you mean, you can afford this villa? Oh, don't tease, do you know how much this villa costs?'

As he spoke, Xue Chongshan looked at a young man beside himself, this man was the property agent of this Haisheng Yipin, only a new face, he neither recognised Jiang Hao as the owner of this Haisheng Yipin No.1 courtyard, nor did Jiang Hao recognise who he was.

'Ah Xiao Chen, how much is this villa?' Xue Chongshan asked to the man.

The young man smiled slightly and replied respectfully, 'Mr. Xue, this villa is the most luxurious in our entire villa area of Haisheng Yipin, in this huge villa area, this No. 1 courtyard villa is the moon, while the other villas can only be considered as pendants and stars drowned by the light of the moon.'

'This villa we initially bid at seventy million dollars, but it has already been sold.' The young man said, 'It was said that the owner of this villa was a rather mysterious figure in Chujiang, except that I had not yet come to work at Haisheng Yipin at that time and had no chance to get to know that mysterious tycoon.'

'Seventy million?' Xue Chongshan couldn't help but exclaim at his words.

Admittedly, even he, a person who had seen a lot of things in the northern capital, was astonished after hearing the price of this Haisheng Yipin No. 1 courtyard.

After all, if you look at the whole Chu River, how many people were in possession of a 70 million dollar fortune?

The other party could buy this Haisheng No.1 courtyard, so his assets must be at least several times or even dozens of times more than the 70 million, otherwise he could not even afford the annual property fees and repairs of the villa.

Xue Chongshan had to admit that Chujiang seemed to be a small, unimpressive second-tier city, but it really had a hidden dragon and a crouching tiger.

When Xue Chongshan marveled, the sales manager spoke again: 'Of course, Mr. Xue, this 70 million is only the price of the villa, you can see, the villa is now being renovated, I heard that the villa's renovation price, but also broke 30 million, after the renovation, but also to add a variety of top furniture, so from my point of view, the villa alone can finally move in, its counterfeit has easily break through one hundred million, the final price might be around one hundred and ten to thirty million.'

Hearing these words from this young man, Xue Chongshan could not help but be surprised once again.

One villa, and it was already over 100 million? Then who was the person who bought this villa? This person was definitely not simple, he was definitely a huge tycoon.

Thinking of this, Xue Chongshan couldn't help but look at Jiang Hao at the side again and smiled sarcastically, 'You heard it, right? This villa's forgery costs more than one hundred million, what, do you want to buy this villa?'

After Xue Chongshan finished speaking, a touch of disdain once again surfaced on his face as he glanced at the young man at the side, and both of them couldn't help but have a disdainful sarcastic smile on their faces.

This young man had also only come to Haisheng Yipin in the past two days, and he naturally did not know that the one in front of him was the owner of this No. 1 courtyard.

He had already concluded, just by looking at Jiang Hao's appearance, that Jiang Hao could not afford to buy any of the villas in Haisheng Yipin, not to mention this No. 1 courtyard.

The young man even echoed Xue Chongshan's words and said, 'Mr. Xue, even if he wanted to buy it, there's nothing he could do, because this villa has already been bought.'

After speaking, the young man looked at Xue Chongshan with an ingratiating smile, and he looked at Jiang Hao again, only to find that Jiang Hao seemed to have a disinterested look on his face.

Jiang Hao also looked at the other man and couldn't help but snicker as he slowly stretched out his finger to point at that No.1 courtyard and said indifferently, 'Why should I go and buy this villa? Because it's mine!'

Jiang Hao spoke in a light tone and looked at Xue Chongshan with a serious look on his face.

But the moment Jiang Hao said this, it directly sent shock waves in the hearts of the few people present.

'You your?'

Xue Chongshan's face was stunned and more than a little disbelieving, and then he snorted coldly and said, 'Kid, do you know what you're talking about? Hmph, that's not how cowhide is blown, you'd better stop saying that, this is at someone's front door, aren't you afraid that people will hear your bullshit and clean you up?'

The sales manager of Hai Sheng Yi Pin was even more surprised and said, 'This little brother, I advise you to watch your words, after all, the owner who bought the No.1 courtyard is our important customer, if you talk nonsense, not to mention what people will do to you, even we, can ask you to leave, because you are insulting our customers and insulting our Hai Sheng Yi Pin.'

Jiang Hao's words, not to mention Xue Chongshan and that sales manager, even Xue Yuning's mother had a questioning look on her face when she heard them.

Even if she knew that Jiang Hao's origins were not simple, knew that Jiang Hao was rich, and knew that Jiang Hao was able to be on a par with a big shot like Qiao San.

But to say that he could afford such a luxurious and atmospheric villa in the No. 1 courtyard? Xue Yu Ning's mother did not believe it no matter what.

She knew that this was one of the top villas in Chujiang, and there was no one of them.

It was said that even the place where the Xu family, the number one family in Chujiang, lived, was a grade or two below this.

The sales manager had just made it very clear that this villa alone, plus the decoration, plus all kinds of furniture and furnishings, all down to play 100 million tens of millions, which is not something that ordinary people can afford.

Even if Jiang Hao is a rich second generation, even if Jiang Hao's family seems to be very rich, but it doesn't have to be so rich to this extent, right?

Xue Yu Ning's mother couldn't help but sigh, she was finding more and more problems with Jiang Hao.

Jiang Hao, of course, already knew what was going on in his heart when the other party reacted like this.

He didn't rush to defend this, but just smiled lightly and asked, 'What, don't you believe it?'

'What do you want me to believe you? Why don't you go and say that this entire Chu River is yours?' Xue Chongshan laughed disdainfully and wildly, 'Oh yes, didn't I hear that you Chujiang now got a huge project, even the south of the city project? It is said that someone has invested several hundred million in that project, why don't you say that you invested in that project? Young man, it's fine to be arrogant, but you should know the minimum shame, you are simply shameless and unashamed to say that!'

Xue Chongshan seemed to have finally found an opportunity to mock and to trample Jiang Hao under his feet, and was simply excited about it.

He had almost said all the vicious words he could utter.

Only once Xue Chongshan's words were out, Jiang Hao laughed again.

To be honest, if this had been in the past, Jiang Hao would have said to the other party, 'That's right, you guessed it right, that south of the city project is what I invested in.'

But now Jiang Hao wouldn't, because he found that really a bit boring.

Even if he tried harder to explain, he knew that the other party would not believe him and the end result would be a waste of words.

If only he had the chance, he would know how ignorant and ridiculous he had been when he understood the matter.

But the matter at hand, Jiang Hao wants to break it up with Xue Chongshan.

After all, he did not have to go overboard to explain the matter of the villa, and the villa was right in front of him, as long as he called out the general manager of this Haisheng Yipin, he would be able to prove it all.

At that time, Jiang Hao just wanted to see what else Xue Chongshan had to say.

Jiang Hao ignored Xue Chongshan and instead looked at the young sales manager beside him and opened his mouth to ask, 'Excuse me, the person in charge of your place is called Zhu Yiran, right?'

Chapter 425 - Jiang Hao is talking nonsense

Jiang Hao actually asked Zhu Yiran directly, which made the young sales manager a little surprised.

He hadn't thought that Jiang Hao had called Zhu Yiran to prove that he was the villa's villa, what he thought was that Jiang Hao had called Zhu Yiran to go and sue his own top boss for blackmailing him.

This kind of thing is not without previous experience. Having been in sales himself for more than ten years, he has naturally encountered this kind of thing.

Certain customers who could not afford to live, who were clearly their own problems, and who said a few words to themselves about not dealing with each other, ended up wanting to go to their own supervisor to complain about themselves.

As if seeing through Jiang Hao's tricks, this young sales manager laughed disdainfully and asked rhetorically, 'What are you calling our manager for? Oh, sorry, our manager doesn't see everyone!'

The man's implication was already very clear, wanting to casually meet his boss? You're dreaming.

When Jiang Hao heard the young sales manager's words, he was somewhat displeased, and his tone increased a few points as he said, 'I called your manager over so that you could ask him who owns this villa, if you still want to continue working here, then please hurry up, otherwise I can really complain about your misbehaving with customers and have Zhu Yiran fire you!'

Jiang Hao's words weren't a threat, a small sales manager was so uncaring, did he have to suffer his anger?

This kind of flattering, dog-eyed thing, it was better to fire him, lest one should be upset to see him again in the future.

Seeing Jiang Hao shouting at himself, the young sales manager couldn't help but feel a little weak, after all, he was in the service industry, and although he didn't quite believe Jiang Hao's bullshit, it might not be a good thing for himself if he really made a big deal out of it.

The young sales manager turned his head to look at Xue Chongshan and asked in a low voice, 'Mr Xue, what do you mean?'

What could Xue Chongshan mean, he didn't believe Jiang Hao's words from the beginning, so what if he called in the property manager?

Xue Chongshan patted the young sales manager and said with a smile, 'Xiao Chen, since he told you to go and find your manager, then you can go and find him without worrying, if anything happens, I will take care of it for you, just in time, I still want to talk to him about buying a villa!'

With Xue Chongshan's words, the young sales manager instantly felt at ease.

After all, with Xue Chongshan here, even if he called Zhu Yiran later, Jiang Hao would throw dirty water on him to his death, it would be useless, as long as Xue Chongshan explained clearly to him, he would still be fine.

The young sales manager smiled at his words and bowed slightly towards Xue Chongshan, saying: 'Then I have to thank you Mr. Xue, you wait for a while, I will go and call our manager Zhu to come over, don't worry, whether some people's words are true or not, when our manager Zhu comes over later, the truth will be revealed, I would like to see what some people still want to say then.'

After saying that, that young sales manager looked back at Jiang Hao, showing a light smile on his lips, and ran all the way to the sales centre.

This was not far from the sales centre, and it didn't take long for the young sales manager to arrive.

He ran straight to Zhu Yiran's office, knocked gently on the door, and Zhu Yiran opened his mouth to let him in.

'Xiao Chen, what do you want?' Zhu Yiran was surprised to see the young sales manager who was breathing heavily and asked, 'What's the matter here, all sweaty?'

The young sales manager took a breath and said with a smile, 'Mr Zhu, could you please come with me to the lower floor?'

Zhu Yiran frowned, 'Why? Is something wrong?'

'Well, it's a small matter,' the young sales manager said hesitantly, 'It's like this, Mr. Zhu, there's a man behind us who is pretending to be our owner, and he's speaking rudely to our customers in the back, and I've been saying that for half a day.'

Zhu Yiran raised his head at that, with a slightly unhappy expression on his face, and said, 'Then why don't you just go and call security? Why are you calling me? This kind of person should be driven away quickly!'

The young sales manager was speechless at the question, and after thinking about it, he hurriedly put on a difficult face and said, 'Mr. Zhu, no, that guy is really too difficult, I called the security guards, but it doesn't work, so please go there yourself.'

Chu Yiran sighed at his words, and the anger on his face became more and more obvious.

This was Haisheng Yipin, the top residential area in Chujiang, and the owners were all important people in Chujiang, so it would not be good to provoke anyone if something like this happened in the district.

Zhu Yiran hurriedly put down the matter at hand, got up and said, 'Really wanton, you take me to see, I want to see how this person can't be set right!'

On the other side, the young sales manager had already left for a while, leaving Jiang Hao and Xue Yuning's parents as the only three people present.

The three didn't say anything more to each other.

It was obvious that this meeting between the son-in-law's old husband had gotten rather unpleasant.

But Jiang Hao had given up, after all, Jiang Hao had already given the other party enough face, but the other party was still aggressive, so it was no one's fault.

Jiang Hao sighed, he actually felt a bit uncomfortable in his heart, after all, this was Xue Yuning's parents, if he made the relationship too stiff, I guess it would be Xue Yuning who would have a hard time in the end.

But things had already come to a standstill here ah

Jiang Hao sighed, full of lawsuits, he looked down at the time, it was almost ten o'clock, that was the time he and Qiao San had agreed on, Jiang Hao said to himself how come this guy hadn't arrived yet?

To be honest, Jiang Hao was really a bit lazy to waste time here, after all, there were still a bunch of things to be settled in the south of the city project, Ye Yunjie had sent himself a message earlier, saying that he should go to the company headquarters first, saying that there were some things to discuss with him.

Jiang Hao was thinking about it when he heard Xue Chongshan say: 'What, are you in a hurry? Are you afraid that when the general manager comes, you won't have a step to take?'

Jiang Hao sighed, somewhat speechless, and was about to say something when he heard a voice from not far away.

'Mr. Zhu, it's right in front of you!'

The one who spoke was none other than the young sales manager, who was leading the way with an anxious face.

And behind him, Zhu Yiran was also walking as fast as he could, his face incomparably gloomy.

Originally, he thought that the dispute the other party was talking about was taking place in an ordinary villa area.

But the further he went this way, the more gloomy Zhu Yiran's face became.

If a group of people argued at the entrance of the villa and provoked them, not to mention the other party, even he himself would have to eat his own words.

Zhu Yiran was thinking about this with a frown on his face when he looked up and saw three people poking around at the entrance of the first courtyard.

And almost at first glance, Zhu Yiran saw Jiang Hao and was a little dumbfounded.

'Why is he here?' The moment Zhu Yiran saw Jiang Hao, he immediately tensed up.

Jiang Hao was here, and the dispute was still happening in front of Jiang Hao's house, how was he going to explain to people now?

Zhu Yiran was in a daze when he heard the young sales manager beside him say, 'Mr Zhu has arrived, it's those people in front!'

'What?' Zhu Yiran's jaw almost dropped to the ground when he heard the young sales manager's words.

Those were the people in front? There was Jiang Hao among them. Could it be that Jiang Hao had a dispute with someone else? In that case, things would be even more difficult!

'Yes, yes, Mr. Zhu!'

The young sales manager had a smile on his face and said, 'That's right, Mr. Zhu, it's those people in front. Oh, he actually said that our that Haisheng Yipin No.1 courtyard is his!'

Chapter 426 - He is Xue Yu Ning's father

'Do you think it's ridiculous? This is the first time I've seen such a shameless person! Do you think that if this kind of thing reaches the ears of the owners of the No. 1 courtyard, what will they think of us at Haisheng Yipin and how can they not be angry with us?'

The young sales manager skimmed his lips and continued, 'And do you know what else he said? He said he asked me to help him find it and ask you if the villa was his! Hey, don't blame me, he got into a fight with that gentleman, didn't he? The gentleman was also very upset and asked me to bring you here to ask for clarification, so'

The young sales manager finally told the story, and seemed relieved in his heart.

He smiled sarcastically in his heart, thinking that when things had come to this stage, he would like to see what else that Jiang Hao had to say.

What he didn't realise was that after he had said these words, Zhu Yiran's face had turned as green as a leather egg.

At this moment, Zhu Yiran seemed to have heard the meaning of this subordinate of his, and at that moment, his whole person was a bit scared silly.

Could it be that this guy was treating Jiang Hao as a fraud?

And even coaxed and tricked himself to come over just to break Jiang Hao down?

If that was the case, then the matter was really too big.

Zhu Yiran hurriedly stopped in his tracks, then pulled his subordinate who was not dead or alive with all his strength and questioned with a serious face, 'What did you say? Say it again for me!'

Seeing Zhu Yiran in such a murderous mood, the young sales manager could not help but feel a little nervous.

It only seemed to him that his top boss must have become so furious because he had heard those words of Jiang Hao that he had relayed.

So much the better, he didn't dare to do anything to Jiang Hao easily, but Zhu Yiran was different, as the general manager of sales for the entire Haisheng Yipin, what wouldn't he dare to do?

Thinking of this, the young sales manager squeezed out a smile, pointed at Jiang Hao not far away and said: 'Mr. Zhu, did you hear it right just now, did you see that man? That's him, he not only said that he owns the No.1 courtyard, but also spoke rudely to the two customers who wanted to buy our villa, do you think we should deal with this kind of person seriously? I think there must be something wrong with our security system, so I suggest that we should take a thorough look at the security of our villas from the inside out.'

The young sales manager was in the middle of his speech, he was thinking of taking advantage of this incident to turn a bad thing into a good thing, so that Zhu Yiran would take credit for his work and take himself seriously.

But before he could finish his sentence, Zhu Yiran kicked him in the face, directly shattering all his illusions into pieces, and everything went up in smoke.

'Shut up while you can you!' Zhu Yiran shouted angrily at the young sales manager, 'You are really able to give me a hard time, why do you think I transferred you here!'

The young sales manager was kicked and stumbled, and after he fell to the ground, his whole body was dumbfounded.

What was this? What did Zhu Yiran mean by this? Had he done something wrong?

While he was in a daze, Zhu Yiran had already rushed over to Jiang Hao.

When Xue Chongshan saw the commotion over there, he also hurriedly looked over and saw the young sales manager being kicked over by Zhu Yiran.

When Xue Chongshan saw this, he was stunned for a moment, then he rushed to meet Zhu Yiran and said loudly, 'You are the manager Zhu, right? What are you doing here? I've said, if anything happens, mind me!'

Xue Chongshan said while stopping Zhu Yiran's way, and with an air of righteousness.

Seeing this, Zhu Yiran's nose nearly turned up in anger.

Even if his reaction was slow, he should have known that the person in front of him was the one who had just quarrelled with Jiang Hao, as Xiao Chen had said.

Zhu Yiran looked Xue Chongshan up and down and could see that this Xue Chongshan had some decent status.

But is that why you came here to offend my top client? Even if I don't want you to come here to buy a villa, I don't want to offend a big shot like Jiang Hao because of you, right?

Thinking of this, Zhu Yiran's attitude towards Xue Chongshan instantly cooled down and he questioned, 'Who are you? Go away, what else is the matter with you? Can you afford to take responsibility if something goes wrong?'

Xue Chongshan couldn't imagine that he was already a prospective client, but this Zhu Yiran dared to treat him in such a manner.

It seemed to have no intention of putting himself in his eyes at all.

'Who am I?' Xue Chongshan was trembling with anger and stretched out his finger to point at Zhu Yiran, 'I am your God, I am your customer, and you are the manager here? How dare you treat me with such an attitude? Do you believe that I will file a complaint against you?'

Zhu Yiran smiled at his words, not only did he not have a trace of nervousness, he even smiled disdainfully, he pointed to the sales centre not far away and said blandly, 'There is a phone over there, there is the phone number of our head office in it, if you want to complain, please hurry up, or else you may not be able to get through at noon after work!'

Zhu Yiran had no half-hearted intention of being friendly to Xue Chongshan, but of course he was doing all this just to show Jiang Hao.

Compared to a client of Xue Chongshan's level, Zhu Yiran didn't even put it in his eyes.

There were hundreds of owners in the Haisheng Yipin Villa area, and there were plenty of big bosses with millions and tens of millions, even hundreds of millions, at home.

But like Jiang Hao, there is only one in the entire Haisheng Yipin, and it is estimated that there are only a few people in Chujiang who can compare to him.

Therefore, Zhu Yiran had a good choice of which was more important.

Even if he loses a client because of today's incident, it doesn't matter, even if he is complained to the head office, so what? He could also explain to the head office when the time came.

'He pointed at Zhu Yiran and said indignantly, 'You are bullying your customers, I am still your customer, and this is how you treat me? Are you selling houses, or are you cannibals? Hmph, don't worry, a complaint against you is a certainty, you wait for me!'

Zhu Yiran frowned with an indifferent look and said, 'I've said it all, whatever.'

Zhu Yiran was really infuriating Xue Chongshan.

In all his years of living, this was the first time he had seen someone like Zhu Yiran.

A house seller not only had a bad attitude towards his customers, but he was also so righteous, which was unimaginable in Xue Chongshan's eyes.

He was really angry and his body trembled involuntarily, covering his chest with one hand, and his face seemed to have a slightly uncomfortable expression.

Seeing this, Xue Yu Ning's mother at the side hurriedly went forward to hold Xue Chong Shan and said to Zhu Yiran, 'I'm warning you, his heart is not too good, you'd better stop, if anything happens to him today, you guys will definitely eat it up!'

Xue Chongshan's appearance at this moment indeed looked like a sign of a heart condition, which made Zhu Yiran couldn't help but to tighten up a little.

After all, he just wanted to do Jiang Hao a favour, if he messed up and killed someone later, it would be more than worth it.

Zhu Yiran looked at Jiang Hao and brushed his mouth off. He was about to say something else, but in the end he could only swallow it back.

Immediately afterwards, Xue Yuning's mother said to Xue Chongshan, 'Alright, alright, don't get angry either, why not? I told you from the beginning, there is no need to be serious with a child. Besides, Jiang Hao, you too, he's your elder anyway, do you have to make everyone uncomfortable? He's Yu Ning's father!'
