

Super Rich Dad Chapter 434-436

Chapter 434 - The mother-in-law

What else could be done when things had come to this? It was already like this, and there was nothing Wang Donglin could do.

Even if he wanted to save himself, he would probably have to beg Jiang Hao and talk to him so that he could let him go.

But he had already pleaded with him, but Jiang Hao was still indifferent!

Wang Donglin sighed heavily and could only walk towards Jiang Hao again with a stiff upper lip.

‘Jiang Shao, you can see, Jia Ni has already realised her mistake, do you want to give her another chance? I beg you.’

Wang Donglin looked at Jiang Hao with a sincere face, and Wang Jiani at the side had long since lost her arrogance and meekly lowered her head, not daring to say a word more.

Jiang Hao looked at Wang Jiani and couldn't help but scoff, ‘Didn't she just say that I couldn't do anything to her? Why isn't she talking now?’

Jiang Hao followed up by saying to Wang Jiani, ‘Miss Wang, may I ask if you have anything to say this time?’

Wang Jiani shook her head repeatedly at her words, still refusing to say a word.

But it was clear that at this point, she was already completely aware of how ridiculous her party had been.

Jiang Hao hesitated for a moment and pointed at Wang Jiani, ‘Let her come and beg me!’

As soon as Jiang Hao said this, Wang Donglin simply looked as if he had seen the straw that saved his life, and a large part of his sad face was instantly relieved.

‘Then what you mean is,’ Wang Donglin asked, full of hope.

‘I don't mean anything!’ Jiang Hao coldly replied and said to Wang Donglin, ‘To be honest, I hate your daughter, she always puts on a high and mighty face in front of me, which makes me feel sick and disgusted!’

Jiang Hao continued, ‘I still say the same thing, let her come and beg me! You have five seconds to think about it, or I'll leave!’

After he finished speaking, Jiang Hao was about to turn around.

Seeing this, Wang Donglin hurriedly winked at Wang Jiani and scolded in a low voice, ‘Damn girl, what are you still standing there for? Didn't you hear Jiang Hao's words? Hurry up and come over here!’

If it had been before, Wang Jiani would have refused without hesitation, but now she already knew that she didn't have the money to refuse.

She had been so proud of herself before, but she didn't know that in the eyes of others, she was just a ridiculous clown!

This time Wang Jiani didn't refuse and obediently walked to Jiang Hao with her head bowed.

'Tsk, apologise!' Wang Donglin gave Wang Chia-Yi a fierce push.

Wang Chia Ni swayed, steadied herself, silently lowered her head, bowed slightly and said in a small voice, 'Yes sorry'

Jiang Hao frowned and raised his eyebrows, 'Sorry, what did you say, I didn't hear you!'

Wang Jiani sniffed and bit her lower lip, followed by raising her voice several times higher and said, 'I'm sorry, I know I'm wrong, I'

Wang Jiani was about to go on, but she heard Jiang Hao snicker, 'You were wrong? May I ask where you were wrong?'

Wang Chia-Ni's face became more and more ugly when she heard that.

Of course she knew that Jiang Hao was deliberately trying to make things difficult for himself.

He wanted to throw her self-esteem on the ground like a rag and rub her feet against it!

She could only curse Jiang Hao twelve thousand times in her heart, and finally said on her lips, 'I shouldn't have been so blind, I shouldn't have looked down on you, and I shouldn't have made things difficult for you, it's all my fault, I beg you, let our family go, let our family company go, or else'

I don't want our family to go bankrupt, if our family goes bankrupt, those people I have offended in the past will definitely come to humiliate me, my sisters will definitely come to laugh at me'

Wang Jiani was about to go on, but she saw Jiang Hao raise his hand and wave it, signalling her to stop talking.

Wang Jiani's words simply made Jiang Hao feel ridiculous.

Now she was playing a bitter drama with herself, saying how pitiful she was and how their family couldn't go bankrupt, so may I ask what you had been thinking about?

What was so funny to Jiang Hao was that Wang Jiani was still thinking about whether she would be humiliated and ridiculed?

What the hell was this person's mind thinking? Jiang Hao shook his head with a bitter smile and looked down at Wang Jiani, saying, 'Miss Wang, don't you think your words are ridiculous? Are you afraid of being humiliated? Being ridiculed? Then may I ask, when you humiliated me and ridiculed me in the past, did you ever think about this?'

Jiang Hao's words made Wang Jiani blush, not knowing how to reply.

She certainly had no difficulty recalling how she had targeted Jiang Hao in the past.

Humiliating and ridiculing Jiang Hao herself, that was almost what she must have done after every time she saw him.

At that time, Wang Jiani had never thought that one day, all these would be returned to her by Jiang Hao in multiples.

'I' Wang Jiani had nothing to say, and silently lowered her head, silent.

Jiang Hao then sneered again, 'You know what? In fact, I didn't even think of taking revenge on you like this, but you can only blame yourself for being too self-righteous, remember, what you've endured today is what you deserve, and this is your punishment!'

Wang Jiani gritted her teeth, raised her head violently and said to Jiang Hao with an aggrieved face, 'Fine, you can punish me any way you want, then can you spare our family? I'm begging you!'

Wang Jiani was willing to give up. After she received the call from the finance director, she knew that she was finished and so was her family.

The only one who could save her family was Jiang Hao.

In order to save her family's property and to enjoy a high quality of life in the future as she did in the past, she would give up her face today.

Don't you, Jiang Hao, just want to undermine me? Let you be!

'Beg me?' Jiang Hao asked with a smile, 'You can!'

Jiang Hao suddenly stretched out a foot, the same one that had just deliberately stepped into the puddle.

Wang Jiani couldn't help but freeze for a moment at the sight, then looked at Jiang Hao with some jaws dropped, surprisingly not reacting for a moment to what Jiang Hao was up to.

'You.'

'I what?' Jiang Hao said, 'Didn't you beg me to leave your family alone? That's what I just said, as long as you clean my shoes, I'll let your family go!'

Wang Jiani smiled, her face flushed red once again.

She had thought that the humiliation was at most a painful figure on Jiang Hao's lips, just asking herself to shine her shoes or whatever was just an attempt to make things difficult for herself, could she really ask herself to go and shine his shoes?

I don't know, that's a humiliating thing to do, how could I do it?

But now it seems that he had thought too much, this Jiang Hao wanted to be serious, he just wanted to make sure that he could not even keep a little bit of his pride!

'What are you doing frozen?' Jiang Hao urged up again and said, 'Don't you understand what I mean?'

Wang Jiani smiled and still didn't move anywhere for a good half a day.

In fact, if she let Jiang Hao humiliate her a few times, she would admit it, but if she really asked herself to do such a lowly and humiliating thing, it would be better to kill her.

If this kind of thing was done by herself and it ended up getting out and being heard by others, wouldn't she become a laughing stock for the rest of her life?

Wang Jiani hesitated once again, but just then, Wang Donglin, who had been watching for a long time, rushed over and directly pressed Wang Jiani's head, making her bend down and shouted, 'Are you deaf? Why are you still frozen?'

Wang Donglin was simply furious!

He had even knelt down to apologise to someone and let you polish his shoes, why be so motherly?

Chapter 435

For a moment, Wang Jiani felt aggrieved to the extreme.

She hesitated for a long time before she finally made up her mind, bent down, picked up the paper towel that had been thrown on the ground and came up to Jiang Hao's heels.

Her hands were trembling, but she still meticulously wiped the mud and water from Jiang Hao's shoes.

It was only after a long time that Wang Jiani finally lifted her head. With a mute face, she looked at Jiang Hao:

'Already have finished wiping!'

Wang Donglin smiled and hurriedly came over with a face full of smiles and said, 'Jiang Shao, you see that it has been wiped, you are now'

Jiang Hao didn't even look at his own shoes, in fact, he didn't care whether the shoes were clean or not, what he wanted was for Wang Jiani to experience it too. What is it like to have your dignity trampled on.

Jiang Hao nodded and gave a slight nod: 'Alright, Mr Wang. You can continue to work here!'

Jiang Hao looked at Qiao San again and said indifferently, 'Mr. Qiao, forget it.'

Qiao San nodded at his words and hurriedly took his mobile phone and walked to the side, making a phone call.

After a while Qiao San walked back and said in a low voice, 'Young Jiang, it's done.'

Jiang Hao nodded silently and said, 'Good, thanks for your hard work, then I'll trouble you with the acceptance here, I have some business to attend to, so I'll leave first.'

Qiao San nodded his head in greeting, and looked at Jiang Hao as he slowly walked away.

At this moment, Wang Donglin finally let out a long sigh of relief.

He was naturally more happy than anything else, and thanked Qiao San repeatedly.

But Qiao San didn't have the heart to pay any attention to him, he just said indifferently: 'Alright, stop talking nonsense, now I'll go and check with you. Then you call me back with the 100 million immediately.'

'That's that, that's that, I'll call the finance right now and tell her to do it

As they spoke, Wang Donglin and Qiao San stepped into the villa.

Wang Jiani, on the other hand, remained frozen in place, looking at Jiang Hao's distant back with a look of hatred still on her face.

She was not willing, no matter what she said she was not willing.

She was not willing to be humiliated by Jiang Hao like this, not willing that the person she had humiliated at will in the past was now transformed into a high and mighty person.

Also unwilling, from now on, the status of herself and Jiang Hao, will forever be so disparate

But Wang Jiani is also clear that even if she is no longer willing, there is nothing she can do about it.

'Don't let me have the chance, if I have the chance, I will not let you go

Wang Jiani muttered in a low voice as she rushed in the direction Jiang Hao had left, then turned around and left.

Only she hadn't gone a few steps away when she was suddenly called by someone.

'Beauty? Please stay!'

Wang Jiani looked back abruptly. She saw a man standing not far from her, grinning at herself, and it was this man who had just said the words.

'Do I know you? Do you want something?'

After what had just happened, Wang Jiani still had a lot of anger in her heart, and she thought that this man in front of her was probably someone who had nothing better to do than to flirt with girls, so her attitude was naturally not very good.

But the other party didn't care about her attitude and walked towards Wang Jiani with a smile: 'Of course you don't know me, but I know you! Wang Jiani, right?'

The other party could actually say her name, which really made Wang Jiani a little surprised, even nervous.

Wang Jiani hurriedly said, 'Who the hell are you? How do you know what my name is? Stalking me? Investigating me, are you? What the hell do you want? I'll tell you. My dad is over there, and there are dozens of our family workers inside, if you dare to do anything to me, you won't end up well!'

Wang Jiani thought to herself: no matter this one found herself with all sorts of purposes in mind. But she should put self-preservation first, so it was most important to scare the other party.

But what surprised Wang Jiani was that when the other party heard her words, not only did he not have a hint of fear, but he even snorted with a disdainful look.

'Workers? Oh, do you think they can do anything to me?'

As the man spoke, he fiercely stretched out his hand. He grabbed a bowl-thick green tree beside him, and then with a violent tug on his hand, he tore off a piece of the thick trunk of the tree.

This scene directly stunned Wang Jiani.

Where was this a human hand? This was an iron poker, right? He had torn off a large piece of the tree trunk with his bare hands? Wang Jiani had only seen this kind of situation in martial arts movies in the past.

She couldn't believe that there would be such a person in the real world!

'Oh, Miss Wang. Do you still want to call those workers from your family now?' The man sneered and said, 'And there's no need for you to be nervous, I don't want to do anything to you, I just have some things I want to say to you!'

Wang Jiani swallowed hard and calmed down her nervousness for a good half a day.

She trembled and asked the other party, 'Who the hell are you? What do you want with me? I don't know you at all, do I?'

The other party laughed loudly twice and continued, 'Miss Wang, it doesn't matter who I am, and it doesn't matter whether you know me or not, what matters is that it's what I came to find you for!'

'So what's your purpose then? I I'll give you money okay, I beg you to let me go, I really'

Wang Jiani suddenly felt nervous beyond belief, thought she had met a robbery, hurriedly reached for her purse to find money. Intended to break the money to avoid disaster.

Only this action of hers instantly made the other party's face gloomy, and he glared at Wang Jiani with some disdain and chided, 'Well. Do you think I would look at your few stinking dollars? I didn't come to you for money, I came to you because we have the same enemy, and I know that. You're desperate to get revenge on him now!'

'An enemy? Revenge?' Wang Jiani couldn't help but stare at the other party in amazement, unable to react to the other party's words for a long time, 'What do you mean by that?'

'Heh. Sure enough, daughters are all equally stupid, have you forgotten what just happened so quickly? He threw your dignity on the ground like rubbish and used his foot to stomp on it, don't you hate him at all?'

After the other party said this, Wang Jiani finally understood what he meant and suddenly came to a realization, pointing in the direction where Jiang Hao had just left, she said, 'You mean him? That stupid bastard?'

The man nodded, 'That's right, don't you want to get back at him?'

The other party's words instantly ignited the anger in Wang Jiani's heart, and she gritted her teeth as she glared at the direction Jiang Hao had left, saying, 'Revenge? I hate to kill him now, of course I want to take revenge on him!'

Wang Jiani's anger towards Jiang Hao was so fierce that even if she were to make Jiang Hao kneel in front of her and beg for forgiveness, she wouldn't be able to relieve her anger at all, let alone take revenge!

The more she thought about it, the angrier Wang Jiani became, and her teeth itched with hatred.

She suddenly looked at the other party, her gaze surprisingly curious with a few moments of curiosity, sizing up the other party in passing.

She suddenly realised that this person seemed to be someone she had never seen before, let alone know.

This man looked to be in his late twenties, less than thirty, tall and strong, and most crucially, on his face, he always wore an evil smile.

That smile, surprisingly, made people look a little nervous and a little unnerved.

Wang Jiani couldn't help but be tremendously curious about this man, who was this man anyway? Did he also have a grudge against that son of a bitch Jiang Hao? What exactly did he want when he approached her?

With this in mind, Wang Jiani asked, 'Do you also have a grudge against that bastard Jiang Hao? I heard you say that you are able to help me take revenge? Oh, I don't know you, how do I know if what you're saying is true or not?'

Chapter 436

In fact, Wang Jiani had some misgivings about this man in front of her.

She didn't even know him, but now he suddenly jumped out and said he could help her take revenge, which was a bit too much of a coincidence.

Wang Jiani even hesitantly speculated whether this person was sent by Jiang Hao, presumably to test himself?

Perhaps Jiang Hao is afraid that he is still not convinced, so he found a random person to test himself, and if he is still not convinced, then he will continue to punish himself

The actual fact is that there is absolutely no such possibility, Wang Jiani thought, if this is really the case, then if he rashly said something he shouldn't say, then the shoes that he just wiped, wouldn't it be for nothing?

'You what exactly do you mean? I can't understand your words, I still have things to do, I'll leave first!' Wang Jiani thought of this, the attitude suddenly came to a hundred and eighty degree turn, just now still a face of excitement, but at this time became very indifferent, directly around the other party, to leave!

The man saw this and could not help but laugh, did not go after just loudly mocked: 'What, are you scared out of your wits? Oh, it's true that you're a woman, something born to be ridden by others!'

The other party's words were obviously an insult to Wang Jiani, who was already furious, and when she heard these words, it was as if a powder keg had been ignited, and she exploded!

She fiercely turned her head back and glared viciously at the other party, shouting, 'What did you say? Do you dare to say it again?'

The bloodthirsty Wang Jiani no longer cared about the fact that the man in front of her was able to rip apart a tree trunk with his bare hands, so she pointed at the other party and questioned him with an angry face.

The other party, seeing this, just smiled lightly and said unconcernedly: 'Am I not saying that? People have already thrown her dignity to the ground and trampled on it, yet you are indifferent? Oh, aren't you very cheap? Have you been completely conquered by others now? All you can think about is how to warm her bed?'

The other party's words were like a sharp knife, plunging straight into Wang Jiani's heart, causing her pain and anger!

Her eyes almost burst with anger as she pointed at the other party and scolded, 'Do you dare to say that again? I'm f*cking warming his bed? How dare you say such a thing? Are you looking for death?'

The other party ignored Wang Jiani's anger, still smiling sarcastically, and said, 'If that's not the case, then why don't you want to get back at him? As I said, that's our common enemy, and you shouldn't have any worries about me, because the only one you can rely on if you want revenge is me!'

The other party's words made Wang Jiani feel as if her heart nest was tickled by a kitten, it tickled!

How could she not want to take revenge, she just didn't dare to trust this man in front of her!

'Who the hell are you? And what exactly do you want?' Wang Jiani questioned with a tight frown.

'I said it doesn't matter who I am, what matters is that I can help you take revenge!' The man spoke as he pulled out a box the size of a mobile phone, only slightly thicker, from his own arms.

He handed it to Wang Jiani and said indifferently, 'Isn't your family responsible for renovating this villa? It's easy for you to take revenge, just take this thing and sneak it into the ground floor of their bedroom, it won't take long for your great revenge to be avenged!'

Wang Jiani looked at the box and couldn't help but hesitate slightly.

She reached for the box somewhat nervously and said apprehensively, 'This is not a bomb inside here, is it?'

But the moment she reached out the other party shrank the box back with one hand.

'Oh, how dare you think!' The other party teased, 'You don't need to know what's in here, and you'd better not be curious enough to open it to see, it won't do you any good, and I promise you, if you open it, it will make you despair for the rest of your life! You just need to do as I say, and then you can wait for the good news!'

Wang Jiani smiled, but she became more and more curious about what was hidden inside this.

But after thinking about it, she still nodded, 'Okay, I promise you, but what I want to know is, should this thing have an effect on me? Like like that stupid bastard dead and maimed, no one will find my head, right?'

The other party laughed: 'Don't worry, it won't have anything to do with you, you can just wait and watch the show when the time comes!'

After saying that, the other party turned his head and walked away.

Wang Jiani looked at the other party with a puzzled face, then looked at that box in her hand, and couldn't help but become more and more curious.

'Did I promise too hastily?' Wang Jiani muttered to herself.

To be honest, in her heart, she really didn't quite trust this man, after all, she didn't know him at all, and with such a small box in her hand she could take revenge for herself?

'In this box, what exactly is it?' Wang Jiani's fingers couldn't help but fall on the box, but just then, she violently remembered the man's words just now and couldn't help but tense up again!

Despair for life?

Thinking of those words, Wang Jiani couldn't help but tremble, her whole body was tense.

And when she thought of the image of that man just now ripping the tree trunk apart with his bare hands, Wang Jiani felt a little shudder.

That man was just too terrifying, then it was estimated that his words didn't seem like he was playing around.

What if it was really like what he said, that she would despair for the rest of her life? Wang Jiani thought about it, but finally gave up on the idea of opening the box to see what it was all about, and carefully stuffed the box into her bag.

The other party told her to put the box on the ground floor of the villa's living room, which seemed to be a simple matter for Wang Jiani, all she had to do was to find the foreman in charge of the construction work and find a random reason to ask the other party to put this in there.

Then, it seemed that she could wait for Jiang Hao's retribution to come, as the man had said.

While thinking, the corner of Wang Jiani's mouth could not help but reveal a cold smile as she once again looked in the direction Jiang Hao had left and smiled coldly

On the other hand, after Zhang Xiangyu walked out of the Haisheng Yiping villa area, he directly sat in a car.

He hurriedly took out a special golden yellow tissue paper and wiped the hand that he had just taken the box, then balled up the tissue paper and threw it straight out.

That's right, the person who had just gone to see Wang Jiani was Zhang Xiangyu.

At this moment, he seemed very relaxed and silently said, 'Oh, silly woman.'

Then he fished out his mobile phone and glanced at it, frowning slightly as he muttered, 'I don't know how that Xu Tianlin's side is doing

On the other hand, in the office of Liu Guohao, in the Haoyuan Group, Liu Guohao was looking at the mountain of documents in front of him and couldn't help but have a bit of a headache.

Since Jiang Hao had previously purged the contractors of the project from the inside out, Liu Guohao had found himself with a huge amount of work and had long been complaining in his heart.

But just then, the phone on his desk suddenly rang.

'Hey, what's up!' Liu Guohao knew it was the secretary calling in from outside.

'Mr. Liu, there is a person outside looking for you, he said his surname is Xu.' The secretary on the other end of the phone said.

‘Surname Xu?’ Liu Guohao thought about it, he didn’t seem to know anyone surnamed Xu, so he simply said, ‘Ask him what’s the matter, if there’s nothing, just branch out, I don’t have time to receive everyone!’

After saying that, Liu Guohao hung up the phone.

Originally Liu Guohao thought that this matter seemed to be over, but what he didn’t expect was that soon outside his office, there was a loud noise.

Then the door of his office was violently pushed open.

‘Sir, you can’t go in, Mr. Liu he is very busy and doesn’t have time to receive you, please go out or I will call the security guards’
