The Juggernaut smiled from the side.

Ericson Li leaned against the car with a weak expression, looked at Ye Qingtian and the others with indifferent eyes, and then laughed at himself.

“Think about the battle of Yunding Mountain, but only a month has passed.”

“Mr. Chu’s injuries are still not healed.”

“But you, can’t wait to introduce new people to deal with Mr. Chu.”

“Flying birds are gone, good bows are hidden.”

“The cunning rabbit is dead, the running dog Heng.”

“Perhaps, I shouldn’t have any illusions about your Valkyrie Temple.”

Ericson Li’s eyes were full of sadness.

Ericson Li is not a member of the Martial God Palace system, the reason why he came to join this time.

I think that after the battle of Yunding Mountain, the titles of the Martial God Temple should be completely obeyed by Mark, even if they don’t respect Mark as the master, they will definitely not dare to offend Mark again.

After all, Mark saved Yanxia Wudao.

This kind of national hero, they should have at least the respect they deserve.

But now it seems that he still has a high opinion of the moral standard of the Valkyrie Temple after all.

First, the bronze statue of Mark was pulled down, and then another young man who was about the same age as Mark was elected as the Lord of the Martial God Hall.

How obvious is this intention?

Obviously it was to check and balance Mark, to fight against Mark.

“Mr. Ericson Li, I think you have misunderstood.”

“We reuse Chen Jiuzhou, definitely not to deal with Mark, let alone to deal with Dragon Temple.”

“We are pure, just hope that Yanxia Martial Arts can develop better”

Ye Qingtian is still explaining.

But Ericson Li and the others don't want to listen anymore.

“Whatever you want.”

“Whoever you choose as the leader and the master of the Hall of Valkyrie, that is your freedom.”

“However, I, Noifork Budao, only respect Mr. Chu, not Chen Jiuzhou!”

Ericson Li replied coldly.

Then, he waved his hand.

Without waiting for Ye Qingtian and the others to answer, they drove away from Yanshan directly.

“Hey”

“What do you say this is?”

The sword master sighed.

They didn't expect that things would turn into this situation today.

“This Chen Jiuzhou is indeed too impulsive.”

“Tell me, just as he was in office, he was anxious to suppress Chu Tianfan's dignity.”

“Topple the bronze statue of Brian Chu again, and now almost kill Chu Tianfan’s celebrity.”

“With which guy’s temper, this beam, I’m afraid it’s forged.”

The Juggernaut was worried.

Ye Qingtian was also heartbroken.

He agreed to abdicate before, thinking to give Chen Jiuzhou a chance and a stage to display himself.

However, he miscalculated a little.

That is, one mountain cannot accommodate two tigers.

Chen Jiuzhou and Mark are both young and energetic.

No one will obey anyone.

According to the development like this, the two of them will have a battle eventually.

Chapter 4353

After Chen Jiuzhou took office in the Temple of Martial Arts, he immediately started drastic reforms.

In order to facilitate management, he divided the entire Yanxia Martial Arts into four major martial arts districts.

Each martial area has a branch of the Martial God Hall.

The master of the branch hall is selected by Chen Jiuzhou, who controls the military area under his command, and is only responsible to Chen Jiuzhou.

After the establishment of the divisions, they immediately started to establish a household registration management system for warriors, and all information such as names, addresses and cultivation realms of all warriors were recorded in the register.

As the saying goes, there are three fires for a new official to take office.

Although Chen Jiuzhou's drastic reforms are surprising, they are also reasonable.

Ye Qingtian didn't ask too much.

However, after hearing the report from the old subordinate below, the Juggernaut was worried.

He found Ye Qingtian.

"Juvenile Saint, what's wrong?"

"Why are you frowning?"

"Could it be that you are still doubting Kyushu's ability?"

Ye Qingtian asked.

The Juggernaut shook his head, "Kyushu is indeed very capable. Not only in terms of cultivation talent, but also in terms of governing the country, he is also very thoughtful."

"In the past, although our Martial Arts Hall nominally controlled martial arts across the country. However, it was neglected in management and was more like a non-governmental organization. It didn't have much management authority over the martial arts associations in the larger provinces and cities below."

"And now, under the reform of Kyushu, the national martial arts is a game of chess."

"Warriors in all major provinces and cities are also under the control of my Temple of Valkyrie."

"Isn't this good? The prestige and power of the Martial God Hall has increased, so you can better control the development of the country's martial arts?" Ye Qingtian asked curiously.

The Juggernaut said worriedly, "That's exactly what I'm worried about."

"Don't you think that the current Yanxia Martial Arts has too much power?"

"The masters of the four main halls are only responsible to Chen Jiuzhou."

“Chen Jiuzhou has thousands of powers in his body, and he is anxious to establish his leadership position.”

“It always makes me feel that he is so anxious to concentrate power in one body, it is a conspiracy.”

The Juggernaut has served as the Lord of the Martial God Hall for many years, and the specific matters of Yanxia Martial Arts are all managed by the Juggernaut.

Therefore, Juggernaut is undoubtedly more sensitive than God of War to these institutional changes.

What's more, if a country's martial art wants to develop well, it needs to give a free and relaxed atmosphere, so that there will be a grand occasion of contention among a hundred schools of thought.

But now, Chen Jiuzhou did the opposite and put all warriors under the strict control of the Martial God Hall.

Such an abnormal behavior naturally made the Juggernaut suspicious.

“Sword Saint, you should worry too much.”

“What purpose can he have in Kyushu?”

“He spends so much energy and time, and puts it above this matter, it is also a public heart.”

“You don't want to speculate.” Ye Qingtian persuaded a few words, but didn't care.

On the other side, in the Valkyrie Hall.

Chen Jiuzhou was majestic, and in front of him was a brochure.

Above is a group of young elites who are the most talented and potential in Yanxia today.

However, after reading it, Chen Jiuzhou frowned slightly.

“How is this going?”

“Why is there no list of Noirfork and Jiangbei?”

Chen Jiuzhou asked coldly.

Beside him, the little King of Fighters Mo Wuya came out, and replied, “Brother Jiuzhou, I am going to report this matter to you.”

“Noirfork and Jiangbei have stated that they are not under the establishment of the Martial God Palace.”

“They only respect the Dragon Temple, not the Martial Temple.”

Boom!

As soon as Mo Wuya said this, Chen Jiuzhou smashed the marble square table in front of him with an angry palm.

“I think the warriors in these two places don’t want to live anymore.”

“Pass down the order to dispatch the Martial God Temple law enforcement team to Noirfork and Jiangbei to kill those who disrespect the Martial God Temple on the spot!”

“If so, don’t you respect it?” Mo Wuya asked.

“Then Noirfork will be slaughtered! How can we allow a province to be independent when we have unified martial arts in Yanxia?”

Chen Jiuzhou’s harsh words made Mo Wuya’s expression tremble.

He didn’t expect that Chen Jiuzhou was so ruthless.

“Brother Jiuzhou, I think this matter, you still have to take your time, there is no rush.”

“Jiangbei and Noirfork have always had a close relationship with Chu Tianfan.”

“Especially in Noirfork, Brian Chu has been in business for more than ten years, and his influence is deeply rooted.”

“If you want to completely eradicate Chu Tianfan’s influence, it will definitely not happen overnight.”

“I suggest that you boil frogs in warm water, step by step, and remove Chu Tianfan’s influence from Noirfork bit by bit, so that you can completely control Noirfork!” Mo Wuya suggested from the side.

Chen Jiuzhou wanted to say something else, but at this moment, he found that the phone vibrated.

Looking down, his expression suddenly became solemn.

“Well, Wu Ya, the traitors in Noirfork and Jiangbei will be handed over to you.”

“Be bold and do things.”

“Don’t be afraid of offending the Dragon Temple, let alone that Chu Tianfan.”

“I am here, and the teacher is here.”

“You have nothing to fear.”

“If Brian Chu accepts the adaptation honestly, that’s all.”

“If he appears in Noirfork, he will block it.”

“You contact me immediately.”

“I, Chen Jiuzhou, go and kill him!”

“Once Brian Chu dies, there will be no voices against me in this scorching summer.”

Chen Jiuzhou’s words were cold and indifferent, and it seemed that he didn’t pay attention to Brian Chu at all.

After saying this, Chen Jiuzhou got up and left.

At almost the same time, in Soviet Russia, England, Africa and other places, several figures got up and left, heading for the same place, and walked away.

On the vast Pacific Ocean, misty waves are vast.

A deserted island, like a jewel, is inlaid on the vast sea.

This island that has been silent for a long time, at this moment, has ushered in several uninvited guests.

At this time, these figures all knelt down and bowed down.

And in front of them, there was a red-robed figure standing majestically.

If Ye Qingtian, God of War, was here, he would be shocked to find out.

The figure in the red robe was exactly Chu Qitian who had been beheaded by the Seine River before.

Chapter 4355

And those who kneel at Chu Qitian's feet are all the people who are on the list of gods.

Asura, the god of death, Odin, the god of death, Ymir the giant, Mu Zihua, the queen of the hot summer, and Chen Jiuzhou.

"Master, we have completely controlled the country's martial arts according to your will."

"All the genius lists are in hand!"

Chen Jiuzhou took the lead in reporting.

Odin, Asura and others also expressed that the tasks have been completed.

"very good."

"Next, start the second phase of the mission."

"Cultivate a hundred titled masters in the shortest possible time."

"I will open the stone gate and assist you to complete this plan!"

Chu Qitian's hoarse voice sounded like the sound of a stone being crushed.

If Mark was here, he would be shocked.

Because, the current Chu Qitian is completely different from his cousin before.

The deep pupils bloomed with a majestic rainbow glow.

"Yes, Master!"

"Yes, master"

The top five masters respectfully agreed.

Afterwards, they return to their respective countries.

That night, Zhang Jiuzhou joined forces with Russia, Britain, and Faden to announce the opening of the Longmen training plan.

From all over the world, 300 martial arts geniuses were recruited to practice Longmen.

"Longmen is an ancient relic, containing endless power."

"Those who enter the Dragon Gate will be infused with true essence."

"The strength will advance by leaps and bounds!"

"In a short period of time, stepping into the rank of master and achieving the title will no longer be an unattainable dream."

With the announcement of the Longmen Project, it can be said that in an instant, it caused an uproar in the global martial arts world.

For every warrior, the master is the goal, and the title is the dream.

For a long time, there have been no shortcuts in martial arts cultivation.

But now, with the appearance of the ancient ruins, the public endorsement of the five giants, the announcement to the world, and the experience of Longmen will be the shortcut to become a titled master.

It's like putting a box of gold in front of a beggar.

Who is not excited?

Who doesn't go crazy?

The entire martial arts world exploded.

The strong under the title are scrambling to be the first, flocking to them, and signing up to participate in the Longmen training.

Just like that, in just a few days, the training list of 300 warriors has been sorted out.

At the same time, the Dragon Gate Trial officially opened.

According to the statement of the Wuanhui, there are a total of five dragon gates in the world.

One in Yanxia, two in Western Europe, one in Africa, and one in America.

Every dragon gate is guarded by a strong man on the list of gods.

At this moment, the vigorous god-making plan officially kicked off.

At the same time, India.

The place where the Heavenly Master Gate is located.

Today's Tianshimen is extremely lively.

There was a din of voices and gongs and drums.

A large number of people gathered in the square to watch the ring battle.

In the past few days, it is the Tianjiao Sect's annual Tianjiao battle.

According to the lottery system, the members of the sect choose their opponents for the group arena. Winners, in addition to receiving honors and material rewards.

You will also be fortunate to be guided by the master of Tianshimen.

But when everyone was paying attention to the game, no one noticed that a thin figure suddenly appeared in the sect.

“Bro, are you new here?”

“Look at the face?”

At this time, a little fat man passed by, noticed the thin man, immediately patted him on the shoulder, and said hello.

The skinny man nodded and said with a smile, “Well, I’m here to find someone.”

“Haha, you are looking for Junior Sister Nuoya, right?”

“follow me.”

“It’s time for Junior Sister Nuoya’s competition.”

“Junior Sister Nuoya is extremely talented, both talented and beautiful. Watching Junior Sister compete is simply a huge visual feast.”

The little fat man pulled the skinny man across the crowd, and couldn’t wait to reach the periphery of the ring.

At this time, the arena was already full of people.

Mostly men.

Don’t think about it, these are all for Noah.

After all, everyone has the love of beauty.

Nuoya was born in a wealthy family, and she was so beautiful and moving when she was still alive.

It can be said that from the first day Nuoya joined Tianshimen, she has always been a famous figure in Tianshimen and attracted people's attention.

"Oh?"

"That girl, did you also join the Tianshimen?"

The skinny man always likes to be quiet, so he didn't want to participate in such occasions.

However, when he heard Nuoya's name, he chuckled lightly, and followed the little fat man to have a look.

At this point, the battle has already begun.

Both sides of the battle are young women.

One of them, holding a long sword, brandished his sword skills and launched attacks without stopping.

While tossing and turning, a set of sword techniques danced like flowing clouds and flowing water.

This person, not others, is the goddess in the hearts of all the disciples of Tianshimen, Nuoya.

"How about it?"

"Junior Sister Nuoya is amazing."

"It is said that it has only been half a year since I joined the Tianshimen. But the way of swordsmanship and thunder can be penetrated at a single point."

"Junior Sister Nuoya has already won three rounds in a row in this Zongmen Tianjiao battle."

"Besides, Junior Sister looks alluring, and she is also the princess of India's most wealthy family."

"I don't know such a strange girl like this, which bastard will be cheaper in the future?"

Chapter 4357

While watching, the little fat man salivated.

Let such a beautiful and noble woman be a wife and bear children for herself, what a sense of accomplishment it must be.

“Well, it’s really not bad that a person with no foundation in martial arts can practice this sword technique to this extent in just half a year.”

“However, at this point, I’m afraid it’s the limit.”

The thin man made a comment.

Nuoya’s fans and Yong Lei were instantly angry, “Where did this come from?”

“Junior Sister Nuoya has the upper hand now, and the victory is already in my hands.”

“This vegetable dog doesn’t understand anything, and is still embarrassing here?”

“Dare you say that Junior Sister is going to lose?”

Many people stared angrily at the thin man.

The fat man hurriedly helped him out, saying that he was speaking unintentionally.

Then, he glared at the skinny man in a low voice, “What nonsense are you talking about?”

“If you don’t understand in the future, don’t talk nonsense.”

The fat man felt that this skinny man was a newcomer, and he definitely didn’t know much about martial arts.

“By the way, I haven’t asked your name yet. My name is Coman, what’s your name?” Fatty Coman asked the other party.

The skinny man replied with a smile, “Mark.”

“Well, Mark, you can just watch the battle carefully, and tell me if you don’t understand. Watching the actual battle is also very beneficial to the martial arts practice of a newcomer like you.” Coman looked at him like a teacher. Mark instructed.

Mark nodded, and only said hello.

While talking, on the ring, Nuo Ya, who had been on the offensive, seized the opportunity and prepared to give the opponent the final blow to end the battle.

However, who would have thought that just after Nuoya thrust out a sword confidently, the other party dodged sideways at a much faster speed than before.

Then, with a palm technique, like picking leaves through flowers, it hit Nuoya’s breast directly.

Nuoya let out a muffled snort, and her delicate body flew several meters, and fell heavily on the ring. A mouthful of blood spit out from the corner of her mouth.

“what?”

The audience was silent.

Everyone was dumbfounded.

Those who had vowed to teach Mark that Nuoya would definitely win just now were all dumbfounded at this moment.

Coman also seemed to have been slapped on the face.

Obviously, no one expected that Noah would be injured.

“You did it on purpose?”

Nuoya sat slumped on the ground, reached out to wipe off the blood from the corner of her mouth, and looked at the other party with eyes full of anger and unwillingness.

The other party is also a beautiful woman.

In general, she is definitely one of the best beauties.

It's a pity that in Tianshimen, all eyes were attracted by Nuoya.

Just like today's group arena, everyone is applauding Nuoya, but no one pays attention to her.

Facing Noah's anger, Sophia snorted and smiled, "Yes, I did it on purpose."

"I just intentionally showed the enemy to be weak, to make you arrogant, to make you careless, and to make you feel that the odds of victory are in your hands."

"Then, when you are at your best, when you feel that you are sure to win, I will show my true strength and crush all your pride!"

"Hahaha"

"Junior Sister Nuoya, it feels like falling from heaven to hell, isn't it good?"

Sophia was condescending and smiled wantonly.

In my heart, I only feel the joy of getting revenge.

After all, before Nuoya joined Tianshimen, she was the most popular female warrior in Tianshimen, and she was admired by the stars.

However, Nuoya's arrival undoubtedly took away all her favor and glory.

Today, she is going to use victory to hit the girl in front of her severely.

"Damn it!" Noah clenched his palms tightly, his beautiful eyes full of unwillingness.

Sophia was confident, "Admit defeat. Don't suffer from flesh and blood. Otherwise, I won't show mercy to you like those stinky men."

"You are dreaming!"

Stubborn Noah endured the injury and stood up again, holding a long sword and attacking Sophia.

But it is useless after all!

No matter how talented Nuo Ya is, she is only a beginner.

She will only follow the rules and move the sword, not knowing how to adapt. And Sophia's martial arts cultivation base is obviously stronger than Noya's, so she can easily resolve Nuoya's several attacks.

And turned around and kicked Noah out again.

"It's over, Junior Sister is about to lose."

Coman and the others sighed for a while, feeling that the group arena match was almost over.

However, at this moment, a voice suddenly sounded.

"The next move is the three-ring ring."

This sudden voice made everyone stunned.

Immediately, countless eyes fell on the place where the voice came from.

I saw a thin man standing with his hands behind his back, smiling faintly.

He was dressed in black, with delicate features.

Standing in the crowd, he looks ordinary and unobtrusive.

"what are you doing?"

"It's up to you to speak!"

"Still shut up!"

After Coman found out about Mark's words, he went crazy.

What occasion is this?

Zongmen Tianjiao battle, the elders watched from the front.

This bastard is trying to make trouble here.

This is punishable.

Maybe, I will also be implicated.

When Coman was in panic, Noah, who was about to give up on the ring, was taken aback when he heard this sound.

Then she looked around, but there were so many people in the audience, she didn't see Mark for a while.

However, it doesn't matter who said it now.

A dead horse is treated like a living horse.

The next moment, Nuoya stood up again, stepped on the bluestone, and spun one after another.

The long sword in his hand danced along with Nuoya's figure, bringing forth sword winds.

The Yuefan swordsmanship – the three rings surrounding the moon, was immediately used by Nuoya!

Chapter 4359

"Are you still not giving up?"

"In that case, don't blame me for being cruel and ruthless!"

Seeing that Nuoya was still stubbornly resisting, Sophia snorted and immediately used a set of celestial master palm techniques.

"Running Thunder Palm!"

Sophia clapped her palm, and the wind swept through her palm, and she could vaguely hear the sound of Ben Lei thinking.

Everyone in the audience trembled when they heard this sound.

"Senior Sister Sophia is amazing."

“It actually made the sound of rushing thunder!”

“This is a phenomenon that only occurs when the palm technique is practiced to a very high level.”

“The whole group of disciples in the Tianshimen can practice the Thunderbolt Palm to such a level, I am afraid that there will be no more than ten people.”

Everyone was surprised.

While admiring Sophia’s powerful strength, the people present began to worry about Noah.

Some even yelled loudly, “Junior Sister Nuoya, stop beating, you will get hurt, surrender quickly!”

“Yeah, surrender, don’t hurt yourself”

Her ears were filled with the voices of her seniors urging her to admit defeat.

But as stubborn as Nuoya, how could he be willing to lose.

She also wants to be promoted to a grandmaster, and she also wants to step into the title.

She even imagined that one day, she could catch up with that man and help him conquer the world.

If it is in a small sect competition, you will admit defeat.

What achievement title is she still talking about?

What about following in that man’s footsteps?

Nuoya bit her red lips tightly with her teeth, and with determination in her eyes, she swung her sword and stabbed at the opponent.

Bang!

The vertical and horizontal long sword collided fiercely with Sophia’s palm.

Under the surge of energy, Sophia’s palm was as hard as steel, and she directly blocked Noah’s sword.

“I said, it’s useless.”

“You are just a beginner, a yellow-haired girl raised in a greenhouse.”

“You still want to learn martial arts?”

“After all, it’s your wishful thinking!”

Sophia sneered, he never cared about Noah.

In her opinion, Nuoya’s joining the Tianshimen is just a momentary play for the rich lady, and it will not be successful at all.

However, Sophia’s sneer didn’t last long.

After she knocked out Noya’s first sword, the second and third swords followed like a whirlwind.

To Sofia, this combo was undoubtedly a surprise.

Sophia was startled and hurriedly dodged.

The second sword barely avoided it.

But the third sword, after all, was drawn across Sophia’s body.

The sleeves were cut off, and a bloodstain quietly appeared on the white lotus root arm.

What?

Everyone was stunned for a moment, followed by surprise.

Obviously, no one thought that Noah actually broke Sophia’s Thunder Palm.

“Really?”

Even Noah himself was dumbfounded.

Just now she had the mentality of breaking the jar.

Unexpectedly, it was really useful.

Sophia was also trembling. She frowned tightly and took a few steps back while clutching her injured arm.

“Smelly girl, you are lucky.”

“The sword just now, I let you!”

“Next, I will be merciless!”

The miss just now made Sophia extremely angry.

She shouted angrily, and the offensive in her hand was undoubtedly more fierce.

It is another move of Heavenly Master’s Dao Palm, hitting Nuoya hard.

Feeling the power that was several points stronger than before, Nuo Ya’s pretty face turned pale immediately, not knowing how to deal with it.

Just when he was at a loss, the voice just now sounded again.

“The next move is to use the third form of Yuefan swordsmanship, to wind the remaining leaves!”

“Third sword, throw the bird into the forest!”

“The fourth sword, shooting stars chasing the moon!”

Among the crowd, Mark’s face remained unchanged, and deep voices kept coming out.

Although Nuoya has little experience, she doesn’t know how to adapt.

However, the basic skills are also solid.

She followed the prompts and drew out her sword again and again.

Nuoya's swordsmanship is not advanced, but it is, the moves are aimed at the opponent's vitals, and four consecutive swords are used to defuse all Sophia's attacks.

"Fifth sword, Dapeng spreads its wings!"

hum!

Nuoya let out a low shout, and then the sword pointed straight into the ground.

With this support, Nuoya flew up.

The graceful figure is like a flying swallow flying across the sky.

In the end, he kicked hard and stepped on Sophia's chest.

Sophia snorted, vomited blood and flew out, her bloody body flew out of the ring, and fell to the ground with a bang.

"This"

"How is this possible?"

Dead silence!

Deathly silence!

"Won?"

"Really won?"

The little fat man was stunned, like watching a ghost, looking at Mark who was smiling beside him.

Others may not know it, but the little fat man can hear it clearly.

Just now, it was Mark who guided the audience, and Nuo Ya followed the sound to make moves, which reversed the situation of the battle.

"Do you know swordsmanship?" The fat man asked Mark tremblingly.

Mark smiled faintly, "I understand a little bit."

“Enen.” The little fat man nodded heavily, then patted Mark on the shoulder, and approached, “Brother, I can see that you are a man to be made.”

“In the future, you will recognize me as your eldest brother. Usually, if you don’t understand something about cultivation, just come to me.”

“Especially in terms of swordsmanship.”

“Your senior brother, I have practiced a few years longer than you. In terms of experience, I can still guide you.”

“Brother, I don’t ask for anything in return, as long as you become prosperous in the future, don’t forget your big brother!”

Chapter 4361

This little fat man is also a genius.

From today’s competition, he saw that Mark’s talent is definitely a potential stock, so he bet in advance,

Mark smiled and said nothing.

While Mark was talking with the fat man, on the other side, there was a burly man who hurriedly ran towards Sophia.

“Xiao Ya, how are you? Are you okay?” The burly man’s eyes were full of anxiety and worry.

Sophia threw herself into the opponent’s arms, and said with tears in her eyes, “Brother, you want to avenge me!”

“Woo woo woo”

Seeing the beautiful woman in his arms weep, the man’s blood surged immediately.

He clenched his palms tightly, “Xiaoya, just wait, senior brother will avenge you!”

After speaking, the man got up immediately, jumped up, and jumped directly onto the ring in front of him.

When everyone saw this, their expressions were full of fear.

The fat man even said that it was not good, "This is broken!"

"Senior Sister Sophia has a deep relationship with Senior Brother Luo Li."

"Now that Senior Sister Sophia has been injured by her Senior Sister, I'm afraid that Senior Brother will go berserk."

"Little Junior Sister is in danger now."

The fat man spoke anxiously from the side.

Although Tianshimen is really in love, how can such things as feelings be banned with a piece of paper.

The previous friendship between Sophia and Luo Li was known to almost everyone in Tianshimen.

But Mark was not worried.

After all, the elders of Tianshimen are standing by to maintain order.

Even with that so-called big brother, he would never dare to do anything out of line.

Even if it is done, those sect elders watching the battle will definitely stop it.

At this time, Luo Li had already stepped onto the ring.

His eyes were cold, and he asked Nuoya, "Sophia, did you get hurt?"

Nuoya nodded, "Swords have no eyes, fists are ruthless. I have no intention of hurting her, but the battle is fierce and inevitable."

"You don't need to make excuses, let's make a move!" Luo Li's gaze was burning like a torch, and the chill in his words was almost thickened into substance.

But Nuoya ignored him, "Eldest brother, why bother me? You know, I am not your opponent. Besides, my battle is over. The next round is tomorrow. And, my opponent is not you. Excuse me gone."

Nuoya didn't want to waste energy on such unnecessary fights.

Today's game is over, and he turned and left after speaking.

However, his sweetheart was hurt by Noah, how could Luo Li let him go?

Since he doesn't make a move, force him to make a move!

boom!

There was only a low and muffled sound, and Luo Li punched out.

The majestic energy brought bursts of sonic booms in the air.

He slapped Nuoya's back hard.

"Little Junior Sister, be careful!" There were several startled voices from the audience.

"Elder, hurry up, stop senior brother! Save junior sister?" Fatty was even more anxious, and loudly asked for help from the elder of the sect who was sitting on a high place.

However, the three law enforcement elders turned a blind eye.

Just watching helplessly, Luo Li made a move on Nuoya!

Luo Li is the senior brother of Tianshimen, even if he goes all out, Nuoya will not be his opponent.

What's more, now that Luo Li attacked suddenly, he still punched from behind.

How did Noah dodge?

Hearing a bang, his muscles and bones were broken, and Nuoya was severely injured, and was sent flying out of the mouth with blood vomited.
