

Super Rich Dad Chapter 437-438

Chapter 437

Just as Xu Tianlin and the female secretary were tearing each other apart, he had already entered Liu Guohao's office.

At first Liu Guohao looked incomparably angry when he saw that someone had rashly barged into his office, and opened his mouth to angrily rebuke, 'What do you want? Is there any more

Only before Liu Guohao could finish his words, when he saw Xu Tianlin's face clearly, his whole body froze.

How come it was him? What was he doing here?

Liu Guohao is certainly not a stranger to this eldest son of the first family in Chujiang, although he had hardly dealt with the Xu family in the past, but the same in Chujiang. He was also in the same social class, so it was impossible for him not to recognise Xu Tianlin.

And it was because of this that Liu Guohao was more and more shocked by Xu Tianlin's sudden appearance.

He hurriedly extended his hand and called out to his secretary, 'Alright, alright, go out first, how can you treat Mr. Xu like this?'

Liu Guohao took a reprimanding stance towards his secretary, clearly trying to give Xu Tianlin some face.

He was the young master of the Xu family after all. What is the decency of being pulled and pulled by a small secretary?

Besides, if he suddenly came to find himself, he must have something to do, and before he could figure out his purpose. Of course he had to entertain him properly.

The female secretary froze at the words and looked at Liu Guohao: 'But Mr. Liu, he

'He what he? Do you know who he is? This is the young master of the Chujiang Xu family, Xu Tianlin, what do you want to do to him? Hurry up and get out!' Liu Guohao scolded to his secretary.

As soon as the secretary heard Liu Guohao's words, he was so surprised that his jaw almost fell to the ground.

The youngest master of the Chu Jiang Xu family? What kind of existence was that? How could a small character like himself afford to mess with him?

The secretary instantly turned pale with fright and hurriedly apologized, 'Xu Young Master Xu I'm sorry, I'm really sorry I didn't know you were

While apologizing, the secretary retreated towards the door.

Xu Tianlin didn't care much about the secretary's apology, because she had never even entered his sight either.

The apology was naturally insignificant for a small role.

Xu Tianlin straightened his pencil suit and suddenly revealed a smile: 'Oh Mr. Liu, how are you doing? I'm really sorry for the hasty intrusion, doesn't it seem like I'm being a bit abrupt?'

Xu Tianlin said he was sorry, but his face had a straightforward expression, and he even walked directly to the leather sofa not far away, sat on it with his buttocks and crossed his legs.

Seeing this, Liu Guohao naturally did not dare to say anything, but walked over with a smile on his face and said in a very respectful manner, 'No, no, no. The sudden visit of Xu Da shao, simply let me the Haoyuan Group is full of glory ah, ha ha Xu Da shao tea or coffee, I have here the good West Lake Longjing, but the treasures, I will let someone brew a pot for Xu Da shao'

Liu Guohao finished speaking, just about to raise his hand to ask his secretary to make tea, was interrupted by Xu Tianlin: 'No need Mr. Liu, I'm not here to drink tea today, good tea we also have at home, even I came today, also came to call up Mr. Liu, together with a good tea!'

Xu Tianlin's last words about having good tea clearly meant something, and Liu Guohao knew that as soon as he heard it.

But he was not so sure whether Xu Tianlin's so-called good tea was only good for the Xu family, or whether it could also benefit himself.

Liu Guohao withdrew his hand and hesitated for a moment before he looked at Xu Tianlin with a serious face. In a deep voice, he asked, 'Young Master Xu, since this is the case, then can I ask, what is the reason for your visit to my humble abode today?'

Xu Tianlin laughed out loud a few times, 'I've heard people say before that Chu Jianghao is quick to speak and is a generous person, when I see it today, it's really true, I like this character of Mr. Liu!'

While smiling, Xu Tianlin took out a packet of cigarettes from his pocket, took one out and lit it slowly, then said, 'Well, I'll be honest, I'm here today to seek cooperation from Mr. Liu. And it's a deal that will not lose money, a big deal!'

As soon as he heard Xu Tianlin sound so excited, Liu Guohao's doubts increased greatly in his heart.

He thought to himself, 'What big deal is his Xu family looking for? After all, the Xu family was in the business of trade and commerce, while he was in the business of construction. How could there be any chance of cooperation between the two as they are not related to each other?'

Liu Guohao laughed awkwardly and shook his head, 'To be honest with you, Mr. Xu, I don't understand what you mean, the big deal you are referring to is'

Xu Tianlin looked around and smilingly came up to Liu Guohao's ear and muttered in a low voice, 'The big deal I'm talking about is the City South project you have in your hands now, Mr. Liu!'

‘The south of the city project?’ Liu Guohao was stunned. Because as far as he knew, even though the Xu family was the number one family in Chujiang, it was not involved in the City South Project.

Now Xu Tianlin suddenly mentioned the City South Project to himself, what does this mean?

Liu Guohao shook his head repeatedly, ‘Sorry, I still don’t understand what you mean.’

Xu Tianlin snorted a laugh, took a sip of his cigarette and continued, ‘Mr. Liu, I would like to ask you one thing. This south of the city project, just that huge piece of land, how much is it worth?’

With these words, Liu Guohao was even more confused, but he still really knew the geometric value of this land, because when Ye Yunjie shot down the land, it had created quite a stir in Chujiang.

‘As I recall, it seems to be like seventeen billion, right? You should also be aware of this matter, right, Mr. Xu? What’s wrong? Is there something wrong with this land?’

Xu Tianlin smiled: ‘Of course there is no problem with the land, then I ask Mr. Liu again, now that the first phase of the south of the city project has begun to be built on a large scale, this land alone, plus this built some scale of buildings, together, and the value of geometry ah?’

Xu Tianlin’s question was a rake from the east and a rake from the west, with no logic to speak of at all. Liu Guohao looked a little unhappy.

But he still answered truthfully, after all, the project was all handled by him, and no one knew more about the various project quotations than him.

‘The land. Together with that engineering project under construction, the total value of the City South project is now around 2.8 billion, but of course this is only a conservative estimate. If the entire City South project is all completed, then its value might have to reach tens of billions! Why is Young Master Xu asking this?’ Liu Guohao asked with a furrowed brow.

Xu Tianlin nodded in satisfaction and said, ‘Well said, Mr. Liu, you are really dedicated to your duties. Every account has been calculated clearly. And you’re asking me why I’m asking this, surely it’s related to the big deal I just mentioned?’

Xu Tianlin gave an evil laugh and then said, ‘General Liu, I wonder if you are interested in taking this huge project in the south of the city and eating it up!’

When Xu Tianlin said this, he simply shocked Liu Guohao into a cold sweat.

Eat up the south of the city project? What kind of international joke is that? This is an industry invested by Jiang Hao and Ye Yunjie, and behind it is said to be the shadow of the overseas Shen family.

He was only the boss of an engineering company in Chu Jiang, how much guts had he grown to dare to covet such a big ten billion dollar project?

Unless one has lived long enough!

Besides, not long ago, Jiang Hao had just cleaned up after himself, and now he was in a situation similar to dancing on the tip of a needle, how dare he do anything else? That is unless one is impatient.

Liu Guohao wiped the cold sweat off his forehead while looking around nervously. He was simply terrified.

He looked at Xu Tianlin with a red face and said, 'Young Master Xu, what are your words? What do you mean? I'll say it up front, that's a dangerous thing to say, what about eating up the south of the city project? I don't understand what you mean, you you also don't say anymore!'

Liu Guohao so nervous, simply and Xu Tianlin expected exactly the same, he harrumphed a few times, mockingly said, 'Liu, Liu, in vain, you are still a big man, how come you are scared like this?'

Chapter 438

Liu Guohao also seemed to feel a bit ashamed of how he had just behaved.

He couldn't help but dryly cough and let out a deep breath, 'Young Master Xu, just now you were joking, right? Oh, you are really humorous'

'Humorous?' Xu Tianlin sneered and said, 'I see that you're really afraid, Mr. Liu, aren't you? What, are you afraid of what that poor boy can do to you? Oh, you're such a wimp!'

Xu Tianlin's humiliation. It made Liu Guohao feel that his face was really unbearable and he couldn't help but say indignantly, 'Young Master Xu, please keep your words to yourself! I am an honest businessman, I won't think of any side ways!'

Liu Guohao's words were well spoken, but when they reached Xu Tianlin's ears, they were only met with a burst of ridicule from him in return.

'Come on my Mr Liu, do I need to explain how you made your fortune back then to understand? You still claim to be a serious businessman, I guess you don't even believe that yourself, right? What a joke!' Xu Tianlin said with a laugh. 'It seems that you are getting old and have long lost the ambition you had back then, huh, a multi-billion dollar deal. Wouldn't you be the least bit moved? Are you a man or not?'

'It has nothing to do with being a man or not, it's just that this thing is too risky, you have no idea how deep the water behind this city south project is, don't think I don't know what you're thinking, I already know what you're thinking from the moment you told me something about eating up the city south project!'

Liu Guohao paused, and said: 'Liu young, I can remind you, you want to eat the south of the city project, but the difficulties are more difficult than you think, to put it mildly, your Xu family seems to be incredibly powerful, in Chujiang unrivaled, but you are really just a small shrimp in front of others, don't dream, you can't make any waves!'

In Liu Guohao's words, there was more than a little bit of mockery for Xu Tianlin, in Liu Guohao's opinion. Xu Tianlin dared to say such words, it was simply the greatest ignorance.

The south of the city project alone has a capital investment of as much as five to six billion dollars, and involves the interests of all parties.

If Xu Tianlin wanted to swallow such a large project with his own strength alone, or even with the strength of one Xu family, it would be a fool's dream.

Just ask him what he is capable of? What means does he have?

I'm afraid it's none of these. And you have nothing, and you're coming over here trying to rope me in.

Unless Liu Guohao is crazy, he would only go and play with you.

In Liu Guohao's view, this Xu Tianlin was nothing but too self-righteous, and he probably didn't know at all how powerful Jiang Hao's background really was.

Moreover, Liu Guohao deliberately made his words so hard to hear, in fact, he wanted to let Xu Tianlin know his attitude, so that he would know what to do and leave from his place.

Now it seems that this Xu Tianlin is already a dangerous person, so if he stays here with himself, if things get to Jiang Hao's ears, it will definitely make Jiang Hao suspicious of himself.

Now he is already walking on thin ice. If Jiang Hao were to suspect himself of anything else, it is estimated that he would not be able to sit in his position as the general contractor of the project.

The company's profits are not as good as they used to be after Jiang Hao's punishments.

But as long as you still have the position of general contractor, you can still earn a lot of money, not to mention that as long as you sit here, it will be very helpful for you to get involved in the south of the city project in the future.

On the contrary, if you are kicked out of the south of the city project, then you can really struggle in Chujiang in the future.

This is a point that Liu Guohao sees very clearly.

However, after Liu Guohao finished his words, Xu Tianlin did not become furious as he expected, not even a hint of anger, he just smiled lightly.

He said, 'Mr. Liu, you're just saying that because you don't believe me. I have the strength to whale up the City South project in one bite, right?'

Liu Guohao's face turned a little ugly as he continued sarcastically, 'Could it be that you do? Or rather, does your Xu family have that strength? Your aim. It is only to find a way to make the City South project unsustainable, thus becoming a mess, and then sell it at a low price so that you can get in at a low price, am I right?'

Liu Guohao laughed and said disdainfully, 'But to put it bluntly, do you have the strength to make the project unsuccessful? It seems like you don't have it, right? You are just talking about dreams here!'

Liu Guohao was very sure of his judgment, and he felt. After he had said these words, he guessed that Xu Tianlin would definitely know what to do and back off.

But once again he thought wrongly, after he finished his words, Xu Tianlin not only did not get up and leave, but remained as steady as a mountain and said indifferently, 'Mr. Liu, do you think that I am not completely sure. Would I come here to talk to you about this? Oh, aren't you a bit too underestimating my Xu family, too underestimating me, Xu Tianlin?'

Listening to the words, Xu Tianlin seemed to have his mind made up, but the more he did so, the more Liu Guohao was surprised, even astonished!

Immediately afterwards, he heard Xu Tianlin say, 'How do you know that I don't have the means? Mr. Liu, why don't you come and take a look at this!'

As he spoke, Xu Tianlin smilingly took out his mobile phone from his pocket and handed it to Liu Guohao.

Seeing this, Liu Guohao was still astonished and looked at Xu Tianlin suspiciously, then put his head over.

And after just a glance, Liu Guohao was stunned by the content on Xu Tianlin's phone.

'This is really fake? You can't possibly. How could you possibly do this?' Liu Guohao said in surprise.

Xu Tianlin proudly put away his phone and smiled, 'Mr. Liu doesn't believe it? I don't lie easily about such things, not to mention. Did you think that it was my Xu family that was behind this manipulation? I'm not going to lie, in this case. The role of my Xu family is actually similar to that of you, Mr. Liu, but we are just playing for others. But behind us, there are even more powerful characters.'

Xu Tianlin smiled and said, 'You think that poor boy is great? To tell you the truth, he's nothing, in the eyes of the man behind me, he's not even a fart!'

Xu Tianlin's words completely stunned Liu Guohao.

He had never expected, no matter what, that Xu Tianlin had not only come prepared today, but that he had prepared such a hand in order to achieve his goal.

He had previously thought that Xu Tianlin's attempt to fix the South City Project was tantamount to a fool's dream.

But since he had read what Xu Tianlin had shown himself, he suddenly realised that it seemed that what Xu Tianlin had said was still very possible to achieve.

Because what Xu Tianlin had just shown himself, with a single strike, he could directly strangle Jiang Hao's throat, leaving him helpless even if he wanted to fight back!

This is too ruthless, both this Xu Tianlin and the people behind Xu Tianlin are simply too ruthless!

It seems that these people have been thinking about Jiang Hao for a long time!

When Liu Guohao thought of this, he couldn't help but feel a cold wind running up from his backbone.

In the past, he had heard that there were some plutocrats in the south who would specifically target some newly developed projects and then pick out a weakness and directly try to press you to death so that your project could not proceed and finally, there was nothing they could do but to sell the half-built project at a low price.

From the way Xu Tianlin is operating now, it seems that he is probably behind these plutocrats.

If that is the case, it is almost foreseeable that a bloody storm will be staged in Chujiang.

Liu Guohao couldn't help but shiver slightly, and his whole body fell into a pensive mood!

He was thinking, if that was really the case, then where should he go?
