In this world, there is only this man who can give Ericson Li a sense of security.

“Mr. Chu, you are back.”

“If you don’t come back, I’m afraid you won’t see the second master and us.”

As the saying goes, excited heart, trembling hands.

Goodbye Mark, the two brothers Jinbao and Yinbao immediately burst into tears.

All the grievances and complaints during this period were almost poured out to Mark at this time.

“Oh?”

“Could it be that something happened to Noirfork again?” Mark couldn’t help being taken aback when he heard the words.

The land of Noirfork has been operated by Mark for many years.

The 18 major cities in Noirfork can be described as a piece of iron, and everyone respects him and respects him.

As for the King of Fighters and Juggernaut, they were all defeated by Mark.

Mark felt that with his protection, this Noirfork land should be safe and worry-free.

But from the tone of Jin Bao and the others, it seemed that they had encountered some difficulty.

Just when Jin Bao and the others were about to tell the truth, Ericson Li interrupted them directly, “Mr. Chu, don’t listen to their nonsense.”

“I just didn’t pay attention to my driving a few days ago and got into a car accident.”

“It’s okay, just raise it for a few days.”

Ericson Li said with a smile.

Mark nodded, “Well, pay more attention to rest. The affairs of the group are left to the people below, and you don’t have to do it yourself.”

“Thank you, Mr. Chu, for your concern.” Ericson Li thanked him, and continued, “Mr. Chu, you look a little bad. Could it be that your injury hasn’t healed yet?”

Mark waved his hand, “I just consumed too much, it’s fine.”

“That’s good.” Ericson Li breathed a sigh of relief, “By the way, Mr. Chu, have you heard about the recent international situation? International Martial Arts has listed the Dragon Temple as an illegal organization and let us disband it on the spot. I don’t know Mr. Chu, what is your plan?” ?”

Ericson Li tentatively asked Mark.

He wanted to know what Mark thought.

Now, the international martial arts world regards the Dragon Temple as a serious threat.

If the Dragon God Palace wants to develop again, it is afraid that it will inevitably conflict with the group of titled powerhouses from the Wu’an Society.

The stakes are high.

But again, once they successfully step on the Wuanhui.

Then, what the Trumans failed to do back then, their Dragon God Palace did it!

At that time, the global martial arts will completely succumb to their Dragon Temple and Mark.

Mark didn't rush to answer, but sat down on the sofa and poured himself a cup of tea.

"Ericson Li, what do you think, tell me."

"Of course it did!" Jin Bao said loudly.

"As the saying goes, the strong prey on the weak."

"In this world of great conflict, there is only one war."

"Only if they are completely subdued and scared, they will not come to provoke us, let alone dare to provoke us Noifork!"

"That's right, Mr. Chu, let's fight. This time, we follow you and are willing to fight against the whole world! Isn't it the Wumeng, isn't it the Wuanhui, what are they?"

"If it wasn't for you, Mr. Chu, who turned the tide back then, they would have been killed by the Trumen long ago!" Yin Bao was also filled with righteous indignation.

Chapter 4383

Jin Bao and Yin Bao shouted boldly.

There is a lot of pride in following Mark to dominate the martial arts in the world.

After all, if Mark can become the world's martial arts supreme. Then they, Noifork, don't have to suffer from such uselessness as they do now.

In the eyes of Jinbao and Yinbao, a person with great ability like Mark should also be the king of the world.

Just like Qin Shihuang thousands of years ago, he swept across the world and ruled the world, so don't choose black and white.

However, Ericson Li on the side remained silent from time to time.

With his old eyes, he kept looking at Mark, waiting for Mark's answer.

After all, the thoughts of their subordinates are not important.

The most important thing is to see what Mark thinks.

Mark smiled lightly.

“This life is a hundred years in a hurry, passing by in a flash.”

“If so, don’t you think it’s a pity to spend all this time fighting for fame and fortune?”

Mark’s words stunned Jin Bao and the others.

Although Mark didn’t answer directly, Ericson Li and the others seemed to have guessed Mark’s answer.

“So Mr. Chu, are you planning not to argue?” Ericson Li asked in a low voice.

Mark took a sip of tea, “Ericson Li, you have been with me for so long, I don’t know if you understand me.”

“Actually, I, Mark, don’t have much pursuit or ambition.”

“Even if I have power, my only original intention is to protect those I want to protect.”

“Family, friend, lover.”

“That’s my biggest pursuit.”

“Even if I go to the Chu family three times and overthrow the Chu family, I just want to seek justice for my mother.”

“That’s all.”

“Fame and wealth, wealth and glory are never what I, Mark, seek.”

“And now, my heart knot for many years has been untied.”

“I think it’s time, too, and it’s time to leave.”

What?

Jin Bao and Yin Bao trembled when they heard the words.

Ericson Li's pupils also shrank.

"leave?"

"Mr. Chu, what do you mean by that, where are you going?" Jin Bao asked anxiously.

Yinbao's eyes showed panic.

Even Ericson Li, there was an inexplicable emotion in his old eyes.

That kind of feeling is like the flowers and plants that have been attached to the big tree all the time, suddenly discovering that one day, the towering tree that sheltered them from the wind and rain will be gone.

The panic and uneasiness in Ericson Li's heart is undoubtedly difficult to express in words.

"Where to go, haven't figured it out yet."

"However, in the future, I should completely fade out of the martial arts world."

"Secular disputes, power struggles, I will no longer participate."

"After so many years, I'm really tired."

"In the future, I want to change my way of life."

Mark remembered that when Helen Qiu cried and persuaded him to stop, his mother also wanted him to let go of his hatred, and Tang Yun also persuaded him to let go of his hatred and start over.

At that time, Mark only thought about revenge.

I have never heard their words.

Now, Chu Yuan is dead, the Chu Clan is gone, and Mark's vengeance has been avenged.

But, for some reason, Mark couldn't be happy at all.

Perhaps it was because the price of revenge was too great.

So many brothers died in battle, and her mother's whereabouts were unknown. Helen Qiu was even more disheartened, unwilling to return to Noifork, and Tang Yun probably would never forgive him again.

Sometimes, Mark was thinking, what was his road to revenge, and what did he get in the end?

In the end, it wasn't hurting those who really cared about him. Let them worry about him again and again, and finally completely despair of him.

In the past few months, although Mark was recuperating from his injuries, he thought a lot about it and already wanted to retire.

An Qi's condition also made Mark make his final decision.

For the rest of the day, Mark just wanted to be quiet, do some things of his own, and ignore this worldly dispute.

"What about the Dragon Temple?"

"What about your brother who has been with you for so many years?"

"Mr. Chu, are you really going to ignore it?" Jin Baoyinbao asked Mark with red eyes.

Ericson Li's eyes were burning, and he also looked at Mark.

I thought that what was waiting today was the return of the king.

Unexpectedly, it was Mark's curtain call.

"I've thought about it."

"Dragon Temple was originally built to deal with Truman."

“Now that the Tru Clan is gone, the Dragon Temple really doesn’t need to exist anymore.”

“As the old guys in the Wumeng wish, let’s disband.”

“It also prevents you from being tolerated by the whole world if you follow me around in the future.”

“As for Noirfork, don’t worry about it.”

“Before I leave, I will say hello to God of War and the others.”

“I, Mark, can be regarded as a national hero if I saved Yanxia Martial Arts. Those people in the Martial God Temple will still give me some face.”

“With the Martial God Temple covering it, you will be safe and secure here in Noirfork.”

Mark made arrangements for everyone’s destination, as if explaining the funeral.

“No!”

“Mr. Chu, can’t you do this?”

“Dragon Temple is your life’s painstaking effort, so you just disband it?”

“Those brothers in the Dragon Temple will never agree.”

“Besides, Noirfork’s business was also established by you yourself, so you just hand it over to others?”

“Mr. Chu, we are not reconciled!”

Jin Bao gritted his teeth, tears streaming down his face.

Yin Bao was also suppressing her emotions, and clenched her hands tightly.

Mark reassured, “Who said that I gave up to them? On Noirfork’s side, I’m leaving. Aren’t you still there?”

“Mufan Group, you continue to manage it.”

“But...” Jin Bao wanted to say something, but just as he opened his mouth, Ericson Li stopped him.

Chapter 4385

Ericson Li's eyes were red, and he was supported by Yin Bao to stand up, “Since Mr. Chu has decided to leave. Old slave, respect Mr. Chu's decision.”

“But before leaving, the old slave has only one request.”

“I just hope that tomorrow morning, I can hold a banquet for Mr. Chu by the Trivan Lake and practice it!”

“Just draw a sentence for our master-servant friendship.”

Mark smiled, “You old pussy, you just like to do all these fancy things.”

“Okay, I'll listen to you.”

“However, there is no need to engage in a big fight, just a few of our old friends, and a meal is enough.”

Ericson Li nodded and only replied with a good word.

Early the next morning, Ericson Li followed Mark's instructions without fanfare.

On the bank of Trivan Lake, only Ericson Li and a few cronies around him came to see him off.

Under the long pavilion, beside the ancient road.

Mark and Ericson Li sat opposite each other, drinking wine.

“Mr. Chu, I, Ericson Li, thank you for taking care of me all these years.”

“Without you, I, Ericson Li, would definitely not be able to reach today's heights.”

“This glass of wine, I respect you!”

“Thank you for Mr. Chu's journey all these years.”

“In the future, Mr. Wang Chu, take care!”

Ericson Li raised his glass first.

It's as if all the reluctance and gratitude are brewed in the wine in the cup and drank it all in one gulp.

"Send, Mr. Chu!"

"Send, Mr. Chu!"

On the bank of Trivan Lake, Ericson Li and others stood up and drank, respectfully worshipping.

Just like that, he watched Mark leave.

Unknowingly, tears flowed down from Ericson Li's eyes.

This farewell, perhaps, is never to be seen again.

People like Zhao Hongtu will definitely not let Ericson Li off easily.

"Second master, why didn't you say it?"

"Why didn't you tell Mr. Chu that the Martial God Palace is ungrateful and sending people to deal with us?" Until Mark walked away, Jin Bao and Yin Bao asked Ericson Li unwillingly, crying.

"That's all, it's just causing trouble for Mr. Chu."

"It's good to end like this."

"Mr. Chu's life has been ups and downs, and he has suffered too much. Letting him leave now is a relatively happy ending."

Ericson Li knew Mark's character well.

Once he was informed of what the Martial God Palace had done in Noirfork, he would definitely start killing again.

At that time, it will be a bloody storm again.

Even, it is very likely that it will get out of hand and push Mark to the opposite side of the whole world.

After all, those old fellows from the Wu'an Association are worried that they have no excuses to attack Mark?

"But, our Noirfork foundation, should we just give up and give it up to the Yuantu Group?" Yinbao was full of reluctance.

Ericson Li shook his head, "Of course not!"

"Mr. Chu's foundation, we will naturally protect Mr. Chu."

"If one day, Mr. Chu comes back again. At least, this Noirfork is still the former Noirfork."

Mark's departure this time can be described as silent.

Except for Ericson Li and a few cronies, it can be said that in the entire Wrifill, no one else knew that Mark had returned to Noirfork.

It is estimated that no one thought that a generation of heroes would end his era in such an obscure way.

However, Mark walked gracefully. But Ericson Li is definitely not as free and easy as Mark.

Life still has to be lived, and those brothers under him still have to be raised.

Even the Noirfork property left by Mark, Ericson Li still has to manage it for him.

Therefore, after sending Mark away, there was no time to be sad, so Ericson Li returned to the Li Family Manor.

"Second Master Li, you are finally back."

"I thought you were always scared away?"

As soon as he returned to the manor, Ericson Li found that the hall was full of people.

The leader is Zhao Hongtu from Yuantu Group and his accompanying bodyguards.

In addition to them, there were actually two more foreigners who came today.

Fair skin, high nose bridge, tall and burly, like a person from Western Europe.

“Second Master Li, what’s the matter? How did you think about the matter I told you yesterday?”

“Will it be handed over to my Yuantu Group for safekeeping, or should you continue to hide it yourself?”

“By the way, Second Master Li, before you answer, let me introduce you to two friends.”

While speaking, Zhao Hongtu’s eyes fell on the two Western Europeans.

“These two are friends from the martial arts world in Western Europe.”

“This is Mr. Ted, and the other is Mr. Philp.”

“Their national treasure was snatched away by Truman back then. So, the two of you came to Yanxia to find it.”

“These two have wanted to see Second Master Li for a long time, and I have been helping Second Master to stop you.”

“Today, I really can’t stop it.”

Zhao Hongtu said helplessly.

“I almost forgot, these two are both masters and strong men.”

Zhao Hongtu sneered, but there was an inexplicable emotional implication in his words.

Zhao Hongtu’s meaning is already obvious.

If Ericson Li obediently handed over the treasures of the Trumen, it would be safe.

But if they don't hand it over, these martial arts masters from abroad who come to beg for treasures will need to be dealt with by Ericson Li himself.

Ericson Li sneered at this.

"Mr. Zhao, you underestimate me, Ericson Li."

"In these years, I have followed Mr. Chu all over the world, what kind of big scene have I not seen?"

"A few months ago, Mr. Chu and I carried Truman together on Yunding Mountain!"

"Even the god-level powerhouses have not been able to make me succumb."

"Do you think I'm afraid of the two little martial arts masters you're talking about?"

"You..." Ericson Li's sarcasm made Zhao Hongtu so angry that his old face turned livid.

Now that we've talked about this, Zhao Hongtu no longer pretends.

"Okay, Ericson Li."

"You don't eat a toast, you eat fine wine."

Chapter 4387

"It seems that you don't intend to obediently hand over those Truman treasures."

"If that's the case, then you can ask for more blessings."

Zhao Hongtu snorted coldly, and then looked at the two Western European masters, "Grandmasters, our Yuantu Group will not intervene in the matter of the Dragon Temple. Whatever you want to do, you can do whatever you want."

The two Western European masters nodded upon hearing this.

Then, the cold gaze fell over.

“Mr. Li, right?”

“On behalf of our motherland, we come to ask for our lost national treasure.”

“Mr. Li, please take the initiative to hand it over. Or, tell us where the treasure is hidden, and we will pick it up in person.”

Ericson Li was sitting in a wheelchair, smiling lightly, “Then what if I don’t cooperate?”

“Then don’t blame us for being rude.” One of the grand masters named Tate had already gained momentum.

The terrifying majesty of the master swept out.

Just the escaping energy caused the bodyguards behind Ericson Li to back up again and again!

From the looks of it, the other party was about to make a move and force Ericson Li to submit.

Jin Bao and Yin Bao were so frightened that their faces turned pale.

The powerhouses of the Dragon Temple basically followed Mark and retreated to India.

On Noirfork’s side, there are not many warriors left at all.

Facing these two martial arts masters, it can be said that they are completely powerless to fight back.

But Ericson Li remained calm, “Both of you, you should know where this is?”

“If you don’t know, I can remind you.”

“This is Noirfork, the title of Wushuang, the hometown of Brian Chu!”

“You two people from outside the territory dare to act wild here.”

“Aren’t you afraid that our Dragon Lord will destroy your Western European countries after we know about it?”

Ericson Li's expression was sharp.

But the two Western European masters raised their heads and laughed.

"Hahaha"

"You mean, Brian Chu?"

"It's just a turtle with a shrinking head."

"Now the list of gods is now in the world, and my master Zeus, Odin and other god-level powerhouses have been born out of nowhere."

"Then what is Brian Chu in front of them?"

"Now, he can only shrink in the corner, afraid to see the sun in panic!"

"A coward who doesn't even dare to show his face, if you use him to suppress us, you can only say that you made a wrong calculation!"

The two Western European powerhouses laughed wantonly, their eyes full of confidence.

"Oh, is it so?"

However, just when Jin Bao and others were desperate.

A cold voice came quietly from outside the hall.

Hearing this sound, Ericson Li, Jin Bao and others were taken aback for a moment.

Then, several people turned around abruptly.

In the old eyes, there was an emotion called surprise, which quickly magnified.

Outside the door, a handsome figure strolled in.

He was dressed in black and his eyes were cold.

With both feet on the bluestone, the sound of low footsteps echoed throughout the manor.

The moment this person appeared, everyone felt that the temperature in the room suddenly dropped!

When Zhao Hongtu saw this person, his cold eyes narrowed instantly.

Although he didn't know this person, but looking at his aura, he already felt that the person who came was not good!

The two Western Europeans also frowned.

They didn't act rashly, but looked at the man who suddenly appeared in front of them.

Although they couldn't see the realm of this person, but the other party gave them the feeling that it was as deep as an abyss!

"Who are you?"

"A piece of advice to you, irrelevant people, don't meddle in their own business."

"Otherwise, if you lose your life, it won't be worth it."

The eyes of the two Western European powerhouses were cold, and they sternly warned the person in front of them.

The man smiled, "If I say, I am the relevant person."

The man's words made the faces of the two Western European powerhouses sink.

"Judging from Your Excellency's tone, it seems that today's matter is determined to intervene."

"Since you insist on courting death, the two of us don't mind taking another life!"

The two Western European powerhouses frowned, looked at each other, and slammed down fiercely.

boom!

Two giant palms slapped each other's chest almost simultaneously.

The terrifying strength brought a gust of wind in the hall.

The doors and windows were shattered, and the tea set on the table flew and fell to the ground and shattered into pieces.

However, to the shock of these two Western European powerhouses, their palms with all their strength did not knock back the opponent in the slightest.

Seeing this, the two undoubtedly trembled.

Eyes full of vigilance, they took a few steps back one after another, and glanced solemnly at the other party, "What a strong body?"

"Who the hell are you?"

"Quickly report your name!"

"Hahaha" Jin Bao and Yin Bao brothers burst out laughing.

"Two idiots who don't know Taishan."

"Mr. Chu is in front, you don't even know?"

Both Jinbao and Yinbao sneered and laughed.

However, their casual laughter fell into the hands of those two Western European powerhouses, like a thunderclap.

Even Zhao Hongtu on the side trembled at that moment!

"What did you say?"

"he is"

"Brian Chu?!!!"

How is this possible?

Didn't he hide?

How dare he come out?

Zhao Hongtu and the others had their pupils shrunk and their eyes widened!

Chapter 4389

Zhao Hongtu's heart trembled.

Although, he was far away in Zhonghai, and had never seen this man before.

However, Brian Chu's reputation is undoubtedly too loud.

It can be described as thunderous!

Whether it is in the business world, the military world, or even the martial arts world, legends about Brian Chu are circulating everywhere.

After all, a humble son-in-law who came to the door suddenly became the emperor of Noirfork and controlled the entire Noirfork business world. This in itself is a classic business myth!

As for the military, when Mark led the Qinglong team, the three armies retreated, and the instructors of the major military regions in Yanxia all bowed their heads.

The name of Major General Qinglong resounded even more throughout the three armies.

As for the martial arts world, let alone.

The first place in the Tianbang, sweeping the Trumen, Brian Chu's name made the martial arts circles all over the world frightened.

Such a mythical figure suddenly appeared in front of Zhao Hongtu and the others. One can imagine how intense the tremors in their hearts were?

Even Zhao Hongtu was like this, not to mention the two Western European men who were warriors.

At this moment, the two Western European men were almost insane.

They stared in horror, as if they were watching a ghost, looking at Mark who was strolling over.

“Damn! Damn! Damn!”

“How could you be so unlucky to meet him?”

Both Ted and Philp were completely panicked.

It can be said that there is no master in the heart.

My mind went blank, and I obviously didn’t know what to do next.

After all, according to the previous plan, they planned to use force to force Ericson Li to submit.

But now, Brian Chu appeared.

The force of the two of them is undoubtedly not as good as an ant in front of Mark.

no solution anymore!

Thirty-six strategies are the best.

The two Western European men changed their prestige and domineering before, faced Mark, clasped their fists and said with a smile, “So it’s Mr. Brian Chu.”

“It’s because our eyes are blind, and we don’t know Mount Tai. Please forgive me, Mr. Brian Chu.”

“Well, Mr. Chu must be very busy, and there are so many things going on every day, so we won’t bother you, so we will take our leave first.”

Ted and Philp both bowed.

Then, without waiting for Mark to speak, he turned around and left.

He looked in a hurry, completely looking like he was running for his life.

“Wait, do I let you go?”

Sen Ran’s words finally resounded.

The two of Ted’s hearts skipped a beat, and they felt that their bodies were half cold.

“Well, Mr. Chu, I don’t know what else to order?” Ted forced a smile, but he was obviously guilty a lot.

“Noirfork is my hometown.”

“You are disturbing my place of cultivation and coercing my trusted people.”

“Could it be that you just want to leave like this?”

Mark’s deep words echoed, and the forest in them was already strong.

When he said this, Mark’s knife-like gaze had already fallen on the two of them.

“What do you want?”

“Brian Chu, I’m warning you.”

“Don’t think that if you kill Chu Yuan, you will be invincible in the world.”

“Any one on the list of gods is not something you can compete with.”

“If you dare to touch the two of us, His Royal Highness Odin, the God King of Western Europe, will never let you go!”

Both Ted and Philp clearly smelled the breath of death.

They suddenly became panicked, and the old man’s face was full of horror and fear.

They roared loudly, and even brought out God King Odin, hoping to frighten Mark.

However, it is doomed to be futile!

Not to mention, Mark has never heard of God King Odin, let alone God List.

So what if you know?

With Mark's temperament, there is no one in this world that he can be afraid of!

Just like that, under the terrified gazes of the two Western European men, Mark waved his sleeves and patted him down.

The majestic power condensed a palm print covering the sky in front of Mark.

The terrifying power is like a giant palm under the cover of a god or Buddha.

Ted and the others only saw that the sky-blocking palm print descended from the sky.

boom!

After a bang, there was only a puddle of meat paste and a palm print left in front of the door.

The bright red blood flowed all over the five fingerprints!

Dead silence!

Deathly silence!

For a moment, the entire Li's Manor was silent.

Those people brought by Zhao Hongtu saw the miserable scene in front of them, almost scared out of their wits.

Zhao Hongtu himself, his legs went limp, and he fell directly to the ground.

After decades of ups and downs in the business world, Zhao Hongtu asked himself that he is a person who has seen big winds and waves.

However, the bloody scene in front of him still had an unprecedented impact on Zhao Hongtu's psychology.

Just like that, the two powerful and powerful people were slapped into flesh by the man in front of them.

In Zhao Hongtu's impression, Ted and the others were already extremely powerful tasks.

Now, he couldn't imagine how strong the man in front of him was.

After finishing off the two foreigners, Mark's eyes fell on Zhao Hongtu.

The moment Mark caught his gaze, Zhao Hongtu felt as if he was being watched by a vicious tiger.

The body trembled subconsciously.

Chapter 4391

"Mr. Chuchu, I am from Yanxia, we are compatriots, I am here to protect Noifork, my name is Zhao"

Zhao Hongtu spoke tremblingly, and tried his best to explain to Mark, getting closer.

But Mark looked indifferent.

Facing what Zhao Hongtu said, he shook his head indifferently, "I don't care who you are, let alone where you come from, as long as you get involved in my Noifork land, there is no way out."

Mark's stern words were like the singing of the god of death.

Then, everyone saw Mark stretching out his palm under the hall.

The majestic energy of heaven and earth crazily gathered and collided in the palm of his hand.

Until the end, a scorching wave of air surged out.

The crimson energy, like a dancing flame, burned on Mark's palm.

Void condenses strength, true energy gathers fire!

The next moment, Mark pressed his palm.

That fiery energy enveloped Zhao Hongtu completely.

Scarlet flames soared into the sky, engulfing Zhao Hongtu in an instant.

Amidst the shrill screams, this powerful business giant was wiped out.

After Zhao Hongtu's death, his subordinates scattered and fled in all directions.

However, Mark didn't let any of them go.

Dao Dao Qi, refined like a knife, flew straight out.

Several blood lines suddenly lit up.

One sword, seal the throat!

bang bang bang

A head rolls off.

The once luxurious and extravagant Li family compound has now become a Shura field where lives are slaughtered.

After many days, the ferocity and majesty of this No. 1 in the heaven list was revealed again!

This time, even Ericson Li and the others were frightened.

Although, the world of martial arts has always regarded Mark as a fierce tiger and beast, what's more, he is regarded as a demon king who kills without blinking an eye.

However, in Ericson Li's impression, Mark has always been the kind of person who doesn't like to kill.

But today, Mark's behavior is undoubtedly a little abnormal.

The methods are cruel and the strikes are fierce.

The behaviors in front of him don't seem to be solving problems at all, but venting their emotions.

"Mr. Chuchu, why are you back?" After a long time of panic, the previous surprise in Ericson Li's heart was gone.

He asked Mark cautiously, already full of fear in his heart.

Facing Ericson Li's words, Mark did not answer.

The indifferent face turned away, and the sound of anger exploded directly.

"Kneel down!"

boom!

The sound was like thunder, and the entire Li Family Manor was trembling.

Ericson Li was so frightened that he broke out in a cold sweat and knelt down trembling.

Jin Bao, Yin Bao and others were even more silent, not daring to say a word.

They all obediently followed Ericson Li and knelt on the ground.

"Mr. Chuchu, I don't understand, what's the matter?"

Although he has known Mark for many years, Ericson Li's fear of Mark has never disappeared.
