

Super Rich Dad Chapter 439-440

Chapter 439

Liu Guohao knows very well that in this kind of struggle, he is just a small shrimp, not even qualified as cannon fodder.

What is even more ridiculous is that in his current position, it is impossible for him to be left alone.

He is the general contractor of the City South project. The success or failure of the City South project is most directly related to him.

If the City South project failed, he would have to follow suit.

However, if, as Xu Tianlin said, he secretly defected from Jiang Hao and followed Xu Tianlin to find a way to dig up the South City Project, then if Jiang Hao found out, his fate would probably be even worse.

In short, at this moment, Liu Guohao. He was in a dilemma at both ends, he was dead either way!

He couldn't help but feel uncomfortable all over his body, as if he was being pressed down by a ten thousand pound boulder in general pain.

'It seems like you've really come prepared.' Liu Guohao said with a tight frown. 'Really didn't expect, such a difficult thing, you have already done it, it's really a bit out of my expectation.'

'So, Mr. Liu, you've figured it out?' Xu Tianlin smiled at that, 'Want to work with me now?'

The corner of Liu Guohao's mouth twitched, and after hesitating for a moment, he suddenly said in a stern voice, 'Impossible, Young Master Xu, please go back, I'll pretend that I don't know what you just said, don't worry, I will never tell anyone about this matter, but it's also absolutely impossible for you to pull me into the partnership, so I ask you to die!'

Liu Guohao refused very decisively, as if there was not even a hint of room for manoeuvre.

This made Xu Tianlin a bit annoyed, he had thought that this matter was already a done deal, but he did not expect it. Liu Guohao had turned himself down without saying a word?

He snorted coldly and said, 'Mr. Liu, you are thinking too simply, aren't you? Oh, you think that in this matter you, with such an important role as you, can be left alone? Do you think you can listen to so many of my secrets and still end up acting as if nothing has happened? You're being naive, aren't you?'

Liu Guohao's palms went cold when he heard that, what he feared most was Xu Tianlin saying such things to himself.

This was clearly coercing himself, and there seemed to be nothing he could do about it.

‘Young Master Xu, can’t you trust me, Liu Guohao? I Liu Guohao in Chujiang is a mouthful of spittle, talking never

Before Liu Guohao could finish his words, he was interrupted by a snort of laughter from Xu Tianlin: ‘Come on Mr. Liu, of course I believe you, but do others believe you? I believe you won’t tell anyone about this, but the person behind me doesn’t necessarily believe you, huh? If he thinks that you have become a stumbling block to his plans, then what do you think will happen to you!’

Xu Tianlin’s words directly hit Liu Guohao’s bull’s eye.

Liu Guohao wiped a handful of cold sweat and said, ‘Then then I’ll go and show my hand to Jiang Shao. I’ll just tell you all about your plans. Hmph, then not only will your plans be completely ruined, but Jiang Shao will probably value me even more! Do you know who is behind Jiang Shao? If I join the gang and can get close to that person, I can

‘Hahahahaha is really laughing my ass off!’ Xu Tianlin burst into sarcastic laughter, almost as if he had heard some ridiculous and incomparable joke.

‘Liu Guohao ah Liu Guohao, this brain of yours that has lived for forty to fifty years is filled with shit? You are really going to laugh me to death, to think that you can even say such things?’ Xu Tianlin despised, ‘If you think it’s okay to do so, then you can go to that poor boy and sue him right now! Just what you have to think is, will people believe your words or not?’

Xu Tianlin got up and walked around the ground twice before continuing, ‘Do you think that people will still believe you after you have met with me privately? I’m afraid that not only will they not believe you, but they will treat you as a spy. I’m afraid that not only will they not believe you, they will treat you as a spy and deal with you straight away! Do you still want to go? Go on, then. Don’t hesitate, go now!’

Once Xu Tianlin said this, Liu Guohao was completely wilted. Sitting there, he seemed to want to argue something, but he couldn’t say a word.

Because just like what Xu Tianlin said, since he had already met with Xu Tianlin at this moment, then he had become an unclean person on Jiang Hao’s side, and no matter what he said, people would not necessarily believe him anymore.

In the end, there was a real possibility. The chicken was not stolen, but it was instead eaten.

It’s not worth it, it’s not worth it.

Did he really have no choice this time?

Liu Guohao’s face was ugly and he didn’t know what to do for a while.

And just then, Xu Tianlin spoke up again with a smile.

‘Oh, Mr. Liu, so now you have no choice. There is only the path of cooperating with me to choose from!’ Xu Tianlin said, ‘And you look like, now I have at least 50% certainty of making this matter, as long as you come to help me again, that’s 70% certainty, that’s almost the same as this matter is already a done deal!’

Xu Tianlin came up to Liu Guohao’s front, his eyes seemed to have a golden light, excited: ‘Liu, this is worth billions of dollars of assets, just trap him not too long, just a month can, his side of the project can not progress, but also to spend a huge amount of money, the only way to sell the project this way to choose when we can go to the bottom together, to a We can then work together to get the lowest price, and then we can work together to get the project done. At the end of the day, you and I will not just double our fortune.’

Xu Tianlin’s words were really provocative, even Liu Guohao, who was now hesitant, heard them. Even Liu Guohao, who was now hesitant, could not help but feel a slight excitement in his heart.

Liu Guohao was of course clear that if Xu Tianlin’s plan succeeded and they ended up buying the City South project by copying the bottom, and after they finally took over. Once the project is completed, they will really make a fortune.

As Xu Tianlin said, it is not possible for them to just double their fortune by that time. It is estimated that by that time, their fortune will have doubled by four or five generations.

As for the Xu family. It is estimated that at least from this project, they can net several billion dollars.

A huge profit, who would not be tempted

The greater the temptation, the greater the risk, this truth Liu Guohao does not need to be told, he himself knows very well!

Making money is returning money, what Liu Guohao is considering is whether he has the life to spend this money in the end!

Xu Tianlin looked at Liu Guohao’s hesitant look and a contemptuous smile appeared at the corner of his mouth.

Obviously, he seemed to have seen Liu Guohao’s attitude loosen up.

And at this kind of time, whether he would agree to do the job himself or not, all that was needed was the final kick at the door.

And it just so happened that he had this ‘final kick’ in his hand right now!

Xu Tianlin slowly took out something from his pocket and said softly, ‘Mr. Liu, let me show you another good thing!’

Liu Guohao looked over at his words and saw an additional azure sapphire pendant in Xu Tianlin’s hand.

He couldn’t help but frown and asked curiously, ‘What’s this

‘This ah, it’s a big deal, it’s a rare sapphire pendant, it’s worth a fortune, it costs over one million eight hundred thousand!’ Xu Tianlin smiled and said, ‘Of course, these are not important, the most important thing is that it comes from a very unusual source, does Mr Liu want to know?’

‘You’re purely trying to whet my appetite!’ Liu Guohao said unhappily, ‘Tell me, how does this pendant come from an unusual source? Is it possible that you still want to blackmail me with this little pendant?’

Chapter 440

‘Hahahaha, of course I wouldn’t dare to blackmail Mr. Liu with it.’ Xu Tianlin laughed and said, ‘Do you know, Mr. Liu, that this pendant was given to his girlfriend by that young man Jiang you are talking about!’

Liu Guohao still looked surprised and somewhat bewildered as he hurriedly said, ‘He gave it to his girlfriend. How could it be in your hand? What exactly are you going to say?’

With this Xu Tianlin’s ways, Liu Guohao already felt a hint of something wrong in his heart.

He even felt that Xu Tianlin’s next words would definitely have something to do with himself.

And that was indeed the case, Liu Guohao only saw Xu Tianlin chuckle and heard him slowly say, ‘Of course, it doesn’t really matter too much who he belongs to, what matters most. It’s why he’s in my hands, does Mr. Liu know how this pendant appeared in my hands?’

Xu Tianlin deliberately whetted Liu Guohao’s appetite, making Liu Guohao’s heart as anxious as that.

He paused for a while before saying with a smile, ‘Alright. Then I’ll tell Mr. Liu well, in fact, this pendant, I bought it from your son Liu Qiang!’

As soon as Xu Tianlin said this, Liu Guohao once again broke out in a cold sweat and turned pale.

‘How is that possible? What do you mean by that? How could my son possibly have something from Jiang Maiden’s friend? This is absolutely impossible!’

Liu Guohao’s mind was in chaos when he heard this news.

The previous incident of his own son drooling over Jiang Hao’s girlfriend was still fresh in his mind, and because of this, Jiang Hao had almost killed him last time.

What’s going on, could it be that this brat, behind his back, has hit on Xue Yuning again?

This is not very likely, right?

The last incident, Liu Qiang obviously even if not quite convinced, but even if he is no longer brainless, will not be able to go to provoke Jiang Hao again, unless he is really enough to live!

But where did the pendant in Xu Tianlin’s hand come from?

Liu Guohao took a good look at the sapphire pendant, and although he seemed to understand it, he could still feel the endless charm emanating from the pendant.

Obviously, if this was the real thing, it must be worth a lot of money. This was something Xu Tianlin did not seem to be lying about.

‘Humph, you’re talking nonsense! You are scamming me, do you think I will believe it if you casually take out a piece of jewellery and say that you acquired it from my son? Do you think I’m too stupid, or are you too naive?’ Liu Guohao suddenly said back decisively.

Xu Tianlin smiled at his words and once again silently took out his mobile phone, showing Liu Guohao his previous transfer interface to go through.

‘I know that Mr. Liu won’t believe it, so I still beg Mr. Liu to take a good look at this!’ Xu Tianlin smiled sarcastically, ‘There shouldn’t be any problems with this bank transfer record, right? You can take a good look and see if the payee on this is your son’s name!’

Liu Guohao looked at Xu Tianlin with suspicion and took a look at the phone with a disbelieving face, but after just one look, he was dumbfounded!

It was because the recipient shown on the phone was undoubtedly his own loser son.

How could this be possible? Had this kid really done something lawless again?

A myriad of possibilities flashed through Liu Guohao’s mind for a while.

Could it be that that brat had done something to Xue Yu Ning? Then he snatched the pendant and sold it on the other hand?

Or maybe he secretly instructed someone to do something to Xue Yuning and finally snatched the pendant

In short, the moment he saw the contents of Xu Tianlin’s phone, countless possibilities flashed through Liu Guohao’s mind, but he knew very well. No matter which possibility it was, it could end up killing him!

‘What the hell is going on here!’ Liu Guohao shouted nervously, ‘Is it you, is it you who has set my son up for something? This is all your conspiracy right? You guys really seem to have put in a lot of effort to get rid of me!’

Liu Guohao ended up almost firmly believing that all of this must have been designed by Xu Tianlin, guessing that he had dug a big hole for Liu Qiang to jump into.

In turn, he had come over to blackmail himself with this so-called evidence!

This must be it, this is definitely it!

Seeing how excited Liu Guohao was, Xu Tianlin was not only not nervous, he was happy because he knew very well that this trump card he was holding seemed to have played a big role!

‘Hahahaha Mr. Liu don’t be so excited, let’s have a good talk!’ Xu Tianlin smiled sarcastically. ‘And I’m going to be wronged if you say that about me, because it’s your son himself who approached me about offering the pendant. It probably has nothing to do with me at all!’

Xu Tianlin spread his hands and continued, ‘Well, I see that Mr. Liu is so anxious, so I’ll just say it straight, in fact, this pendant, it was your son who stole it!’

‘Stolen? Impossible!’ Liu Guohao said categorically, ‘I know Liu Qiang, even if he were to die of poverty and hunger, he wouldn’t be able to steal anything. He wouldn’t be able to steal something, and it’s to steal from Jiang Shao!’

Liu Guohao felt that with this statement alone, Xu Tianlin had somewhat said that he had revealed himself.

He knew his own son better than anyone else, and although Liu Qiang was usually arrogant and unbridled, that was all he was.

But he had never heard of his own son growing up. He was so poor that he went to steal something.

‘You’re just lying, humph, Young Master Xu, tell me quickly, where did this come from in the end?’

Xu Tianlin couldn’t help but shake his head and helplessly said, ‘Oh, Chief Liu, ah, you are really confident in that son of yours, you can believe me or not, but you can make a phone call and ask, huh?’

I promise, once you’ve asked, you’ll be amused clear.

Liu Guohao was full of suspicion and thought to himself that this seemed to be the only thing he could do now.

He hurriedly got up, walked to a secluded corner, took out his mobile phone and called Liu Qiang.

At this moment, Liu Qiang. He was having a good time with a group of men and women and was a bit surprised to see his father calling.

‘Hey dad, what’s wrong?’ Liu Qiang picked up the phone. He didn’t even notice that something was wrong.

‘What the hell is wrong, I’d like to ask you what’s wrong, give me an honest explanation, did you steal something?’ Liu Guohao asked directly.

Liu Qiang smiled. He was shocked out of a cold sweat, thinking that he had done this thing so covertly, how come this is only one night, his own father knew about it?

‘Dad no no I didn’t’ Liu Qiang of course would not admit it so easily. Hastily denied, ‘How could I steal something?’

‘You fart, now people are looking for you, and you are still sophomoric?’ Liu Guohao yelled, ‘Do you know how big a crime you’ve committed! Last time you were almost fixed to death by someone, and you’re still f*cking unchanged, you still dare to steal someone’s things, have you had enough?’

When Liu Guohao said this, Liu Qiang was a bit stunned.

It seemed that his father really knew about this matter.

He had been so careful, but he had never thought that he would still be found out?

Now, it seemed that there was no point in hiding it anymore, so Liu Qiang simply had to admit it with a strong heart.

The owner of the pendant had already found him, so he should think about how to take care of the matter.

‘Dad you listen to me, I know I’m wrong.’ Liu Qiang said in a nervous tone, ‘But I can’t help it, I admit that the pendant was sold by me, but I promise, the pendant was not stolen by me, it was stolen by someone else, I swindled it over, how did that person find you ah? Dad, what should I do about this? You’ve got to help me, or just give the money back?’

‘Give it back, my ass!’ When Liu Guohao heard his son admit to the matter, he became even more furious and shouted angrily, ‘Now that this matter has become a big issue, do you think it’s over after you return the things?’
