

Super Rich Dad Chapter 451-453

Chapter 451

The phone was picked up and although Ye Yunjie's face was still bland, she let out a long sigh of relief in her heart.

'Hello, Mr. Wang.' Ye Yunjie said in an indifferent tone to the person on the other end of the phone, 'Your people are here with me, and they are holding some kind of temporary suspension notice, and some kind of engineering quality appraisal certificate.'

Ye Yunjie was directly a tone of questioning, even if the other party in Chujiang is also a stomping foot. The ground would tremble.

'Miss Ye, listen to me on this matter, in fact, I also

Before Ye Yunjie could finish the other party's words, she directly interrupted in a cold voice: 'Well there is no need to say anything, now let your people bring what bullshit notice to me to leave here, otherwise don't blame me for being ungracious!'

Ye Yunjie's words already carried a slight hint of threat in them.

After all, with Ye Yunjie's status, she was able to communicate directly with the superior of the one on the other end of the phone, and called the other party herself just because this one directly managed the gang.

But to Ye Yunjie's surprise, the person on the other end of the phone only sighed heavily after hearing her words. Surprisingly, he just heaved a sigh and fell silent.

'What, did you not understand my words?' Ye Yunjie directly questioned.

At this time, the person on the other end of the phone only spoke up, 'Miss Ye, to be honest with you. Now I have been transferred to work in another department, the transfer order was given yesterday, and now I have no power to do so, and

The other party hesitated for a moment and continued: 'And time to tell you, as far as I know, that identification letter and temporary suspension notice, are not issued by our side, it is a directive from a higher level, so even if I am not transferred now, it is impossible to interfere with this matter, because we do not have the authority ah!'

Hearing these words from the other party, Ye Yunjie couldn't help but look stunned!

'Transferred away?' Ye Yunjie murmured in surprise, immediately feeling as if her heart had been hit by something, feeling empty, and the ominous feeling that had been flooding her heart seemed to be getting stronger and stronger.

Ye Yunjie had of course already thought that this matter was related to a hand that was behind it, but what she hadn't expected was that the other party's energy was so great that it had gone this far.

It had gone so far as to bypass the local organisation in charge of the project and give direct orders from higher up.

Indeed, if that was the case, then even if the one she was calling had not been transferred, there was no way she could have intervened in this matter.

And Ye Yunjie now finally understood why these few people from the moment they entered the door. The reason is that what they have in their hands is not chicken feathers, but real arrows.

A token arrow that could end itself in a single move!

For a moment, Ye Yunjie couldn't help but feel a bit confused, not knowing what to do.

'Then the one above you, can you intervene in this matter?' Ye Yunjie suddenly asked.

Once again, a sigh came from the other end of the phone and he said helplessly, 'No, Miss Ye, to tell you the truth, the one above me has also been transferred, so there's nothing we can do now.'

The other party then said: 'Oh yes, Miss Ye, I also have something to tell you, this matter may be crucial to you and the city's south project, I also heard from a few good relations with peer friends, it seems that this time, someone is specifically targeted at you, what the concrete quality certification, I guess that is also the first wave, the other party can not guarantee that there will be any action, so you should be careful. So you'd better be careful.'

'Hey, that's all I can say, Miss Ye, take care of yourself, when I'm stable in my job. If you have any problems, you can still ask me, I have things to do, so I'll hang up

The phone hung up after saying that.

The first thing you need to do is to get back to the right place.

If the previous incident with the Chu family's father and son had only made Ye Yunjie feel that things were a bit tricky, then the current incident really made Ye Yunjie feel that things seemed to be getting more and more serious.

Even if the other party just issued a temporary suspension notice, there was nothing wrong with that.

But the person on the phone had just said that the people in charge of the southern part of the city had been changed, so there was obviously a big problem.

It was impossible for Ye Yunjie not to pay attention to this matter, and it seemed that the situation was ten times more critical than she had imagined.

The other party was not a step-by-step approach to defeating herself, but had been planning for a long time, and was ready to knock herself to the ground this time, so that she could not turn around!

It must be said that the other party, whether in terms of tactics. Or the level of thoughtfulness, they all far exceeded Ye Yunjie's imagination.

Otherwise, it wouldn't have been so bad that it had all come to this point before she knew so many things.

Careless, really careless!

Ye Yunjie let out a sigh in her heart as she looked at Jiang Hao. And at that moment, Jiang Hao was also looking at her.

Ye Yunjie shook her head slightly and was about to speak, but was interrupted by the blue suited man on the opposite side.

'Well, now that the phone call is over, do you have anything to say?'

The other party had a sarcastic smile on his face, as if he had predicted this outcome.

Ye Yunjie's face was gloomy as she looked at the other party coldly, seemingly suppressing a great deal of fire in her heart, and finally just faintly spat out a few words, 'You're very proud of yourself, aren't you?'

After Ye Yunjie finished her words, the other party immediately followed with a snort of laughter: 'Smug? Do you think you deserve to make me proud? You businessmen. You know, in my eyes, you are not even a fart, if I want to take you to death, it's just a matter of moving my hand.'

As he spoke, there was a hint of an evil smile on the corner of his mouth.

Obviously, his mouth was not agreeable, but in his heart he was simply happy to die.

And those words of his were nothing more than provoking Ye Yunjie.

Not to mention that he was tightly just a lapdog. It was only because he was holding an arrow in his hand that he dared to be so arrogant.

His words even made Ye Yunjie's men gnash their teeth in hatred, wanting to tear this guy apart.

But Ye Yunjie knew very well that the more times like this, the more male restraint there was for both herself and her men.

If she rashly made an irrational move, it would probably lead to her falling into someone else's trap.

Ye Yunjie gave a scolding, telling her men to remain calm.

She herself looked at the other party with a cold face and spoke, 'Fine, I'll accept this for now, but I demand that the quality of our work be re-appraised, and it must be just tomorrow!'

Ye Yunjie knew very well that as long as the City South project was stopped for one day, the loss on her side would be an astronomical figure.

So since there was no way to get the other party to withdraw the temporary suspension notice, she could only take it on for the time being and have the project rechecked as soon as it was clear that there were no problems with her project. Then it would be natural to resume work.

Anyway, Ye Yunjie is full of confidence in this south of the city project.

After all, at the beginning of the project, Ye Yunjie had already sent her most trusted people to supervise the quality of the project.

So no matter how the other side said that there were problems with the quality of their project, Ye Yunjie had every reason to believe that it was simply impossible!

Since the other party was playing dirty with themselves. Then one had no choice but to respond in this way.

On the contrary, Ye Yunjie was worried about what she should do if the other party did not agree to re-examine the quality of the project as soon as possible.

And if the other party really kept stalling, there was still nothing one could do.

Ye Yunjie looked at the other party. Her heart was eager to see how the other party would deal with herself.

‘Oh so anxious huh? Aren’t you afraid that rechecking the quality of the work and checking out any other problems again?’ The blue-suited man sneered and teased, ‘I’m doing this for your own good. So I advise you not to be so eager to apply for a review, why don’t you review it yourselves first and then come back to me.’

The other party laughed and continued, ‘I have to remind you that there are 22 quality audits that need to be done for the City South project, and if something goes wrong with five of them, then the City South project will have to be stopped completely, or even be assessed as a failed project, and all those facilities you have built will be demolished!’

‘You’d better think about it!’ The other side concluded with a smile.

‘Alarming words!’ Ye Yunjie faintly returned the other party’s sentence, then sneered, ‘Don’t worry about it, there will be no problem with the south of the city project, don’t think I don’t know where that concrete grade appraisal of yours came from, do you really think I will believe your bullshit?’

Ye Yunjie looked at Jiang Hao, then asked, ‘Jiang Shao, I’m applying for a review of the quality of the project tomorrow, do you think it’s okay?’

At this point in time, Jiang Hao certainly had no objection, and he also believed in Ye Yunjie’s attitude, if she said there was no problem, then there must be no problem.

If that was the case, then what was one to worry about?

Jiang Hao nodded his head and said with certainty, 'Check, we must review, I believe that in this world, those who are clear are clear and those who are foul are foul, if we have no problems, we are not afraid of others' slander!'

Jiang Hao finally looked at the blue-suited man opposite again and said indifferently, 'Tomorrow we will still be here in person to make the identification results of the project clear!'

'Good!' The man in the blue suit opposite clapped his hands and smiled, 'Painful. I like that, I'll have someone come tomorrow to review the quality of the project, all 22 items, we'll see what happens then!'

After saying that, the other party got up and left.

As soon as the people left, the atmosphere in the conference room suddenly became frenzied.

A few of Ye Yunjie's men were somewhat unforgiving and said loudly to Ye Yunjie, 'Sister Ye, this son of a b*tch is too hateful, why are you stopping us?'

Chapter 452

'Not stopping you guys? Let you guys beat these guys half to death?' Ye Yunjie said in a cold voice, 'This is an extraordinary time, we have to be extremely careful.'

Ye Yunjie pondered a little, then asked, 'By the way, where is Xiao Qi, who is responsible for overseeing the quality of the project?'

A person behind Ye Yunjie hurriedly stepped forward and said, 'Xiao Qi should be at the construction site, right? What is it, Sister Ye?'

Ye Yunjie nodded, feeling slightly relieved, 'It seems that I made the right decision when I asked Xiao Qi to supervise the quality of the project. He is conscientious, I believe he will have no problems.'

When Ye Yunjie said this, several of her men behind her also hurriedly echoed, 'Yes, Sister Ye, Xiao Qi is very serious about his work, he is almost sleeping on the construction site now

'That's right, with Xiao Qi holding down the fort over there, I'm sure we won't have any problems with the quality of the project!'

These few people under Ye Yunjie still seem to have a lot of trust in that Xiao Qi. Even Ye Yunjie seemed to have high hopes for this person.

But in Jiang Hao's heart, there was still a hint of uncertainty and he hurriedly asked, 'Sister Ye. Is there really no problem with this person?'

Ye Yunjie smiled at this and hurriedly said, 'Jiang Shao, to be honest, this person has been with me for six years, he is low-key and serious, and his work is very reliable, that's why I sent him to the south of the city project to do quality supervision.'

Ye Yunjie seemed to see a trace of doubt in Jiang Hao's heart and hurriedly said with a smile again, 'Please don't worry, I believe that the so-called problem with the quality of the project must be a lie fabricated by the other party, and the truth will be revealed tomorrow once a re-check is conducted. And tomorrow I will send Lei's team to supervise the whole review, if the other party dares to play any tricks, the first time we will find out!'

Hearing Ye Yunjie give such a guarantee, Jiang Hao's heart seemed to be relieved at last.

In fact, Jiang Hao also believed in Ye Yunjie's ability to do her job, she would not make any mistakes.

However, Jiang Hao was still a bit puzzled, if the other party wanted to mess with him, then why did he agree so easily to his side's proposal to review the quality of the project?

Obviously, if that engineering quality appraisal in their hands was a fake. Then they would have bitten off more than they could chew, forcing themselves to stop work without even giving their side a chance to defend themselves.

But the other side agreed so easily, which made Jiang Hao really some unbelievable, or rather, is not afraid to believe this matter easily.

In Jiang Hao's opinion, either there was a bigger conspiracy behind this matter, or these people were stupid.

'Jiang Shao, what's wrong with you?' Ye Yunjie suddenly touched Jiang Hao gently and couldn't help but ask suspiciously, 'Do you have something on your mind?'

Jiang Hao frowned and shook his head, 'Nothing, it's just that I feel a little panicky inside, I always feel as if something is about to happen.'

Hearing this, Ye Yunjie couldn't help but frown as well and asked, 'Are you puzzled as to why they agreed so easily to our proposal to review the quality of the project?'

Jiang Hao nodded.

Ye Yunjie pondered slightly and said, 'Actually, at first I also found it strange, but I thought that perhaps they felt there was no reason to reject our application? After all, according to normal procedures. As long as we have objections to their test results, we can propose a re-examination, and procedurally, they have no reason to reject it at all, so perhaps it's because of that that they agreed?'

Jiang Hao smiled and scratched his head, perhaps as far as the current situation was concerned, this was indeed considered an explanation that was still reasonable.

However, the sadness on Jiang Hao's face still hadn't diminished by half, and this was something that Ye Yunjie could see very clearly, and it was obvious that Jiang Hao still had some doubts in his heart.

Ye Yunjie could not help but smile and said: 'Jiang Shao, there are some things, perhaps it is right to be suspicious. But being overly suspicious is sometimes just adding to your worries. I know you may still be unsure, how about this, I will

ask Xiao Qi, who is responsible for the quality supervision of the project, to bring all the quality inspection documents he has at hand to my office. Let's go through them from start to finish and we'll know the results. What do you think?'

At this point in time, it seemed that this was the only way out.

Jiang Hao nodded and said, 'Alright then, Sister Ye, let's go now.'

About an hour passed.

Jiang Hao was a little flustered waiting in Ye Yunjie's office.

He got up several times to look in the direction of the office door, but still no one was coming, and his heart became more and more nervous.

'Why isn't he coming yet?' Jiang Hao couldn't help but look at Ye Yunjie who was buried behind her desk, carefully processing documents.

Jiang Hao had to admit it. His own composure was too far from Ye Yunjie's.

It was like grass was growing in his own heart, and he was in a panic.

The situation had reached such a state, but Ye Yunjie was still able to hold her mind and deal with her daily work, which Jiang Hao really admired.

Ye Yunjie raised her head and smiled at Jiang Hao: 'A bit anxious about waiting, aren't you?'

Ye Yunjie looked at the time and said, 'It's almost time, it takes some time on the way from the south of the city to this side, and he still needs to sort out some materials. This is all going to take time.'

After Ye Yunjie finished speaking, she smiled at Jiang Hao and went back to burying her head in the paperwork.

However, Ye Yunjie was still a little disappointed with Jiang Hao in her heart.

It seemed that he was still too young after all, he couldn't be patient, he couldn't be calm, now he was already a bit restless just waiting for someone to appear.

What about the big scene later? Wouldn't the performance be even more exaggerated?

Hey, it seems that Jiang Hao still needs to be honed. Ye Yunjie sighed in her heart.

But at that moment, there was a sudden knock on the door of Ye Yunjie's office.

Jiang Hao hurriedly came to life at the sound, and without waiting for Ye Yunjie to speak, he said loudly, 'Come in!'

As soon as Jiang Hao's words left his mouth, the door was pushed open and a young man aged 25 or 26, with a medium haircut, walked in quickly.

When this young man saw Jiang Hao, he hurriedly showed a smile and bowed slightly, 'You're here too, young Jiang.'

Jiang Hao nodded his head.

The young man hurriedly greeted Ye Yunjie again. Smiling, he said, 'Sister Ye, there was a little traffic jam just now, so I may have been a little delayed, I'm really sorry.'

Ye Yunjie smiled, 'It's alright. Xiao Qi, you've been working hard lately, with you watching over the project in the south of the city, I feel a lot more secure. Have a seat, have you brought everything?'

Xiao Qi hurriedly nodded his head. Just now you called me and asked me to come, so I hurriedly brought all the documents on the recent project quality supervision and the bottom account of the purchase of construction materials. Are you going to read them?'

Ye Yunjie got up and rose from behind her desk, gesturing for Xiao Qi to sit beside Jiang Hao: 'You can put it here, I can just look at it myself.'

After saying that, Ye Yunjie also sat down on the sofa, and the three of them then began to read through the thick pile of documents that Xiao Qi had brought, from start to finish.

Although Jiang Hao couldn't understand such engineering quality documents at all, he couldn't help but have Xiao Qi and Ye Yunjie beside him to explain and explain, so he was able to understand the general idea.

Time passed slowly, and after an hour or so, the thick pile of documents brought by Xiao Qi was finally finished.

Ye Yunjie finally let out a long sigh of relief and said to Jiang Hao, 'Young Jiang, now we have finished reading everything, are you relieved now? Little Seven is my most trusted henchman, I'm always at ease with what he does, look, didn't he do a good job this time?'

Ye Yunjie smiled and continued, 'And those people even presume to say that there is something wrong with the quality of our project, I think this is what they are asking for, tomorrow we will wait and see the result, I would like to see what they have to say once the result is out.'

Having seen everything through, Jiang Hao was finally relieved in his heart.

He reluctantly smiled at Ye Yunjie and said, 'In that case, then I'm relieved, but hopefully tomorrow will be just like what you said, Sister Ye.'

Ye Yunjie nodded and said to Xiao Qi, 'Xiao Qi, you have done well, you have also worked hard during this period of time, don't worry, when this time the south of the city project is successfully completed, Sister Ye will not treat you badly!'

After Ye Yunjie finished speaking, that Xiao Qi hurriedly smiled.

Only Jiang Hao and Ye Yunjie, who were immersed in excitement and joy, didn't notice that behind Xiao Qi's smile, a hint of panic and nervousness was actually showing on his face

Chapter 453

However, the hint of nervousness he felt was quickly collected and replaced by a simple smile, 'Sister Ye, you helped me at my most difficult time.

Xiao Qi then said, 'Don't worry, I volunteered to supervise the quality of the project in the first place, so I will definitely do a good job. If I don't get it right, then I'll be doing a disservice to you, Sister Ye, and to Jiang Shao. Hmph, those people are really naive, to even think of picking bones from the quality of the project, they are just fools talking!'

Xiao Qi said a lot of grand words to himself, as well as words to please Ye Yunjie and Jiang Hao.

Finally, he said, 'So be it, Sister Ye, this site is temporarily suspended, I still have a lot of things to deal with, you and Jiang Shao are busy first. I'll go back to the project site first.'

After saying that, Xiao Qi hastily packed up her things and got up to leave.

Just as soon as he stepped out of Ye Yunjie's office, Xiao Qi leaned directly against the wall of the corridor outside and swallowed fiercely. The beads of sweat on his forehead also instantly sprang up.

It was evident that he seemed to be incredibly nervous at this moment, as if he had survived after some havoc.

A moment later, Xiao Qi hurriedly looked around and saw two people walking over not far away, and only then did he hurriedly wipe the beads of sweat and quickly walked towards the outside of the company.

'Hey Xiao Qi, you're back?' The two people who were walking towards him hurriedly greeted him.

He responded with a simple smile, 'Yes, Sister Ye asked me for something, are you guys okay? How about I treat you guys to dinner some day?'

'Haha, how can I let you treat me every time? This time I'm coming, I'll call a few more people, let's have a good get-together, Xiao Qi you must come then!' The man said with a smile.

'Oh, I'll have to see if the job site is heavy then, if I'm free, I'll definitely come.'

'Hey, no wonder Sister Ye values you, look at you, it's amazing how you always put your work first at all times. Alright then, I'll book a time later and we'll all try to even out our availability

Then we'll go and get busy first.'

After saying that, those two walked away.

And as soon as the duo's figures walked around the corner of the corridor and disappeared, that silly smile on Xiao Qi's face stopped abruptly.

He gave a disdainful grunt. He mumbled something out of the corner of his mouth and hurriedly walked quickly towards the outside of the company.

At this moment, the two people he had just chatted with were already far away, but their mouths were still praising Xiao Qi for all his benefits.

Xiao Qi left the company without stopping, and then piled into his car before he let out a long sigh of relief.

However, he did not rush back to the project site in the south of the city, as he had just said to Ye Yunjie, but soothingly pulled out a delicate cigar cigarette from under the car seat, took out the lighter and lit it leisurely.

He took two slow puffs, and his whole expression became quite soothing.

‘Oh, six years, it’s finally almost fucking over!’ He muttered, then fiercely pressed the cigar smoke onto the steering wheel of his car, his face turning abruptly grim.

He pulled out his mobile phone and dialled a number straight away.

‘My work is done, can I leave this hellhole now?’ Once the call was connected, Little Seven Points said coldly to the other end of the phone in a questioning tone.

The caller delayed for a moment before a gloomy voice slowly came out and said, ‘Are you sure you’re talking to me in that tone of voice? Have you been over there so long that you really think of me as an enemy? I hope you will treat me with a more respectful attitude, otherwise you should be clear about what will happen to you without me saying anything, right?’

The other party’s cold voice could not help but make Xiao Qi suck in a breath of cold air, and he instantly felt that his previous attitude seemed a bit off. Hurrying to tone down a few points, he said, ‘I just feel like I’ve been lying in wait over here for six years and I feel a little aggravated I ‘

‘aggrieved? Oh, six million will be credited to your account first thing tomorrow morning, I hope you won’t feel aggrieved when you spend it.’ The phone caller sneered and said, ‘And I have to tell you is that now you can not disappear yet, or they will be alerted, six years you have waited, is it possible that the last day you can not wait? It’s not as if they’ve figured out that something’s wrong with you, is it?’

The caller pondered slightly and hurriedly asked, ‘Let me ask you, did you show them all those materials I gave you? Did they believe it?’

Hearing this, Xiao Qi hurriedly said, ‘Yes, I showed them all, and I can see that they also believe me, and don’t have the slightest intention to question me, especially that Ye Yunjie. I’ve been with her for six years, and now I’m the beloved of her beloved, she won’t suspect me at all!’

‘That’s good.’ The caller said, ‘But this woman is still very difficult to deal with, so I advise you not to be too optimistic. She’s someone who can fight me, so if you think she’s that easy, then I think you’ll die by her hand sooner or later!’

Hearing the person on the other end of the phone actually say that about herself, Xiao Qi couldn’t help but laugh in contempt, her words full of disdain, and said, ‘I’ve been with her for six years, do you think you know her, or do I know her better? Oh, now I know this woman like the back of my hand. I know better than anyone what she will do, so don’t worry about it!’

After he finished speaking, Na Xiaoqi hung up the phone, started the car and left the company.

And he was still certain that he knew enough about Ye Yunjie and was strong enough to deceive her!

Only what he didn’t know was that on the other side of the phone, Zhang Xiangyu’s entire body let out a long sigh when he hung up the phone. Sitting in a cafe, he looked out of the window at the busy street with traffic and said indifferently, ‘This idiot! You think you really know this woman? Oh, you’re too naive!’

On the other side, in Ye Yunjie’s office.

As soon as Xiao Qi left with her first foot, Ye Yunjie’s pleasant face suddenly became suddenly gloomy.

When Jiang Hao saw this, he couldn’t help but be a little surprised, after all, Ye Yunjie’s face had really become too fast.

‘What’s wrong Sister Ye?’ Jiang Hao asked, puzzled.

Ye Yunjie smiled, turned her head to look at Jiang Hao, smiled coldly and asked, ‘Young Jiang, what do you think of this Xiao Qi?’

Jiang Hao couldn’t help but be stunned by the question and hurriedly said, ‘Him? Isn’t he one of your most valued men, Sister Ye? I think this man is meticulous and straightforward, so I think he’s quite good, why?’

Hearing this, Ye Yunjie could not help but shake her head with a bitter smile and sighed, ‘Ai, it seems that you are still too naive. Do you really think that the appearance you see is all there is to the truth? Then you are very wrong.’

Ye Yunjie sighed faintly and said, ‘Young Jiang, if I say that this person is a spy someone else has planted by my side. Would you believe me?’

‘What?’ When Ye Yunjie said this, Jiang Hao was immediately startled and scurried up, he looked at Ye Yunjie with a disbelieving face and muttered, ‘Sister Ye. Are you you kidding me? Isn’t this your most trusted, most valued henchman? How could heh, you don’t make fun of me.’

Ye Yunjie smiled, couldn’t help but shake her head and said with a serious face, ‘Jiang Shao. I’m not joking, he is indeed a spy and was sent alive to begin with, it’s just that I still don’t know who the person who sent him is, but I think it seems that we’ll find out soon.’

Ye Yunjie’s words simply turned Jiang Hao’s three views upside down.

Even though Ye Yunjie was so certain when she said those words just now, he still felt that this was too unbelievable.

That Xiao Qi looked so simple and harmless, how could he possibly be any kind of spy?

And he was the person Ye Yunjie trusted the most!

What made Jiang Hao feel even more frightened was that Ye Yunjie was even suspicious of the person she trusted the most around her.

And since she already knew that this Xiao Qi was a red-skinned white hearted carrot sent by someone else, she still valued him so much and placed him in the most important position beside her.

This woman is too terrifying, isn't she?
