She might not trust Tang Yun, but how could she not trust Mark's great-grandmother?

In the end, Chu Lin followed Tang Yun and left here.

And Xu Lei and the others prepared to leave after sweeping Mark's grave.

As for the King of Fighters and the Juggernaut, although they were injured by Chu Lin, their lives were not in danger.

Both found their chance, and both escaped.

God of War did not go after him.

What if he catches up?

His former comrade-in-arms, he couldn't kill the killer no matter what.

"Here are some healing elixirs."

"You take it."

Ye Qingtian dragged his wounded body and prepared to leave.

At this time, Yue Yao came up and handed some healing pills she was wearing to the God of War.

"Thank you for the medicine," God of War thanked.

Yue Yao looked at him, "You don't need to thank me, if you do, just thank Mark."

"He mentioned you to me."

"Yan Xia's martial art is so great, you are the only one he considers a friend."

Hearing Yueyao's words, God of War undoubtedly felt even more uncomfortable.

He sighed.

"I'm sorry for him."

"Back then, I blamed me for failing to believe him. The whole world misunderstood him."

"Now that the situation has fallen to this point, we can only say that we are responsible for it."

Yue Yao replied, "What's the use of talking about this now?"

"The dead are gone, but the living remain."

"Live well. If that's the case, there will be a few more people who can sweep his grave."

Yue-Yao took one last look at the white-haired man before turning around to leave.

"Miss Yueyao, please stay!" God of War hesitated for a moment, but finally shouted, "Miss Yueyao, I know that you have great prestige in the Indian Martial Arts and even in the Dragon God Palace."

"At this time, I hope you can stand up and help me stop those people's conspiracy."

God of War's words were burning, and he looked at Yueyao expectantly.

Today, martial artists in the martial arts circles of various countries have basically been enslaved.

Of course, there are still exceptions.

Chapter 4603

Such as the several dragon god powerhouses in the Dragon Temple, and those title powerhouses in India.

If he can persuade Yueyao, he might not be able to get a batch of combat power to help him fight against Chen Jiuzhou and others.

But Yue-Yao was obviously not interested in God of War's suggestion.

"Miss Yueyao, don't you really think about it?"

"As long as you come forward and unite with the power of the Indian Martial Arts and the Dragon Temple, might we not be able to fight?"

"Otherwise, the world will be destroyed!"

God of War continued to persuade.

Yue Yao smiled, "The world is destroyed, what does it have to do with me?"

"Dragon Temple was disbanded because of your persecution."

"Mark was also forced to death by you martial artists who claim to represent justice in the world."

"Now, you asked us to stand up and risk our lives to help you clean up the mess."

"Do you think that's possible?"

Yue Yao is not Ye Qingtian.

She doesn't have so much sense of mission and responsibility in her heart.

She doesn't care about the life and death of the world, the only thing she cares about is that man.

If Mark was here and asked her to come forward to persuade Yin Guowu Dao, Yue Yao immediately agreed without hesitation.

But other people will ignore it.

These few words of Yue Yao undoubtedly completely annihilated the hope in God of War's heart.

He didn't say anything more, and he really didn't have the face to say anything more.

In the end, with Yueyao and the others leaving, only he was left standing there alone in the world.

If you were an ordinary person, you would probably give up.

Give up fighting against those strong men on the list of gods, give up trying to stop the Longmen plan.

But he is God of War.

All his life, he has been working hard and fighting for the righteousness of his family and country!

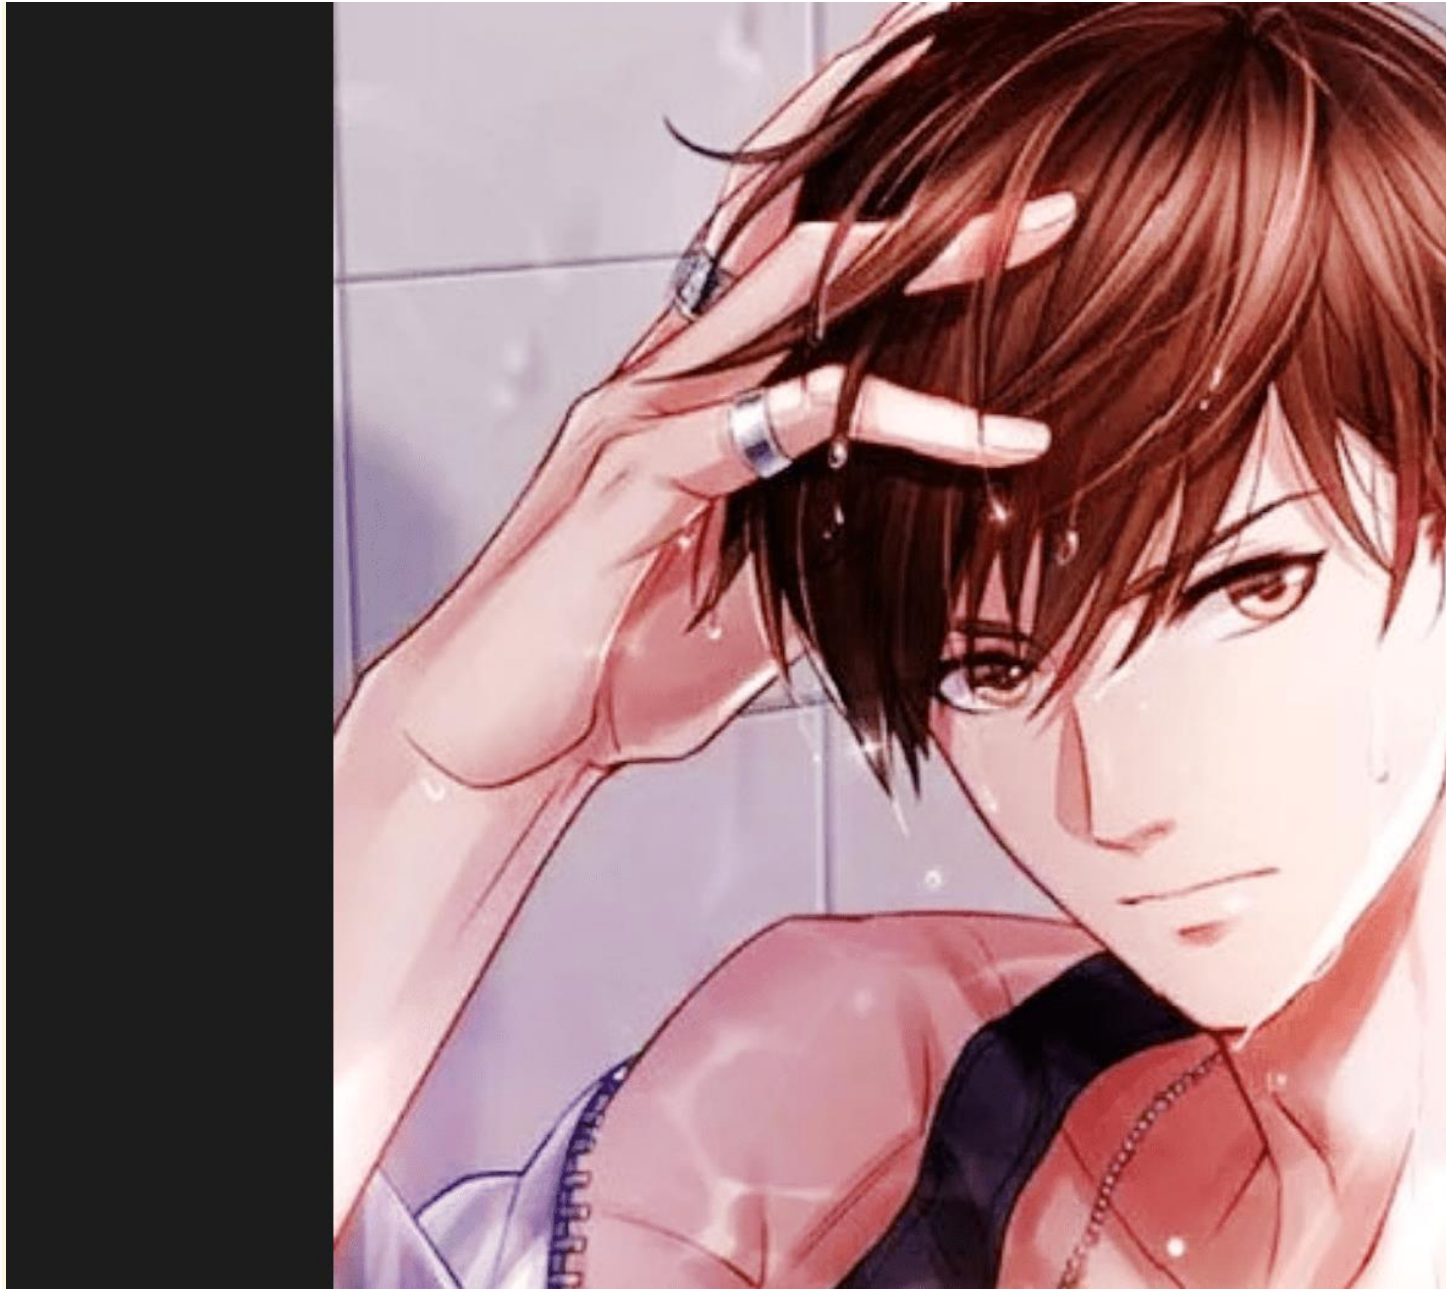

His responsibility, his honor and disgrace, made him unable to stay out of it like Yueyao and the others.

Even if there is no one to help, even if he fights alone, he still has to fight!

“Want to destroy my country, want to destroy this world, step over my bones!”

Ye Qingtian gritted his teeth, a look of determination appeared between his brows!

How about no one to help?

So what about the lonely army fighting?

It is the people in this world, and he is the only one left alone.

He also wants to shed the last drop of blood for this world.

Just like that, with determination, Ye Qingtian embarked on a journey westward.

At this time, the world's top fighters are gathering towards Kunlun.

In just one day, the hot summer Kunlun Mountain has become the center of the world.

And when Chen Jiuzhou and others gathered in Kunlun, outside a heavily guarded dungeon in Western Europe, a figure in white appeared here like a ghost in the dark night.

“who?”

“Would you allow trespassing in an important place of martial arts?”

“Retreat quickly!”

Outside the dungeon, the personnel stationed here yelled loudly.

However, in the face of the scolding, that person turned a deaf ear.

He looked at everything in front of him with a cold and expressionless face, and asked solemnly, “Say, where are Aaron and Carlo locked?”

When the guard heard the words, he suddenly changed, “Who the hell are you?”

The man in white lost his patience, “It looks like you're not going to cooperate anymore?”

boom!

The moment the words fell, the man in white stomped his feet on the ground.

Only a dull bang was heard.

When the ground cracked, an invisible energy swept out, sweeping the world in all directions.

The gate made of fine steel in front of him was shattered under this force.

“This is this?”

“The power of the title.”

“Are you a titled grandmaster?”

The guards suddenly went crazy.

I just feel my scalp tingling.

They never thought that the person standing in front of them at this time turned out to be a title.

But, it shouldn't be.

Chapter 4605

It stands to reason that at this time, all the titled powerhouses in Europe have already rushed to Kunlun Mountain.

How is it possible, is there anyone else?

“If you don't want to die, why don't you go away?” The man said again after releasing the coercion.

The guards were stern, and tremblingly said, “No one can enter the dungeon without the orders of the four divine masters.”

The divine lords they talked about were naturally the giants on the list of gods.

It's just that it's too pale to say what he said at this time. ,

After all, the entire European martial art is almost empty.

All the powerhouses, including those giants on the list of gods, rushed to Kunlun.

At such a time, it would undoubtedly be of no use for this person to frighten people with the coercion of the God Lord.

Therefore, the man in white ignored him at all and forced his way in.

The person in charge of guarding the dungeon is not even strong enough for a master.

Now in front of the title, he is undoubtedly a chicken and a dog, and he can't stop the opponent at all.

Finally, in the deepest part of the dungeon, the man in white saw two distressed figures chained up by iron chains.

Those two were unkempt and covered in blood.

Locked in the depths of a dungeon like a savage.

Seeing their appearance, no one would believe that these two people were once masters of martial arts in Western Europe and were well-known in the martial arts world around the world, Aaron, the great emperor of Soviet Russia, and Carlo, the prince of Western Europe.

These two people are as famous as the God of War in the martial arts world, but now they are reduced to prisoners.

"Bastards, you bastards"

"One day you don't kill us, the two of us will oppose your Longmen plan."

Hearing footsteps, the two thought it was someone Odin sent to torture them again.

Until, Aaron and Carlo heard that very familiar voice.

"Aaron, Carlo, it's me." A heavy voice came out.

Both Carlo and Aaron trembled in their hearts almost at the same time.

"War God?"

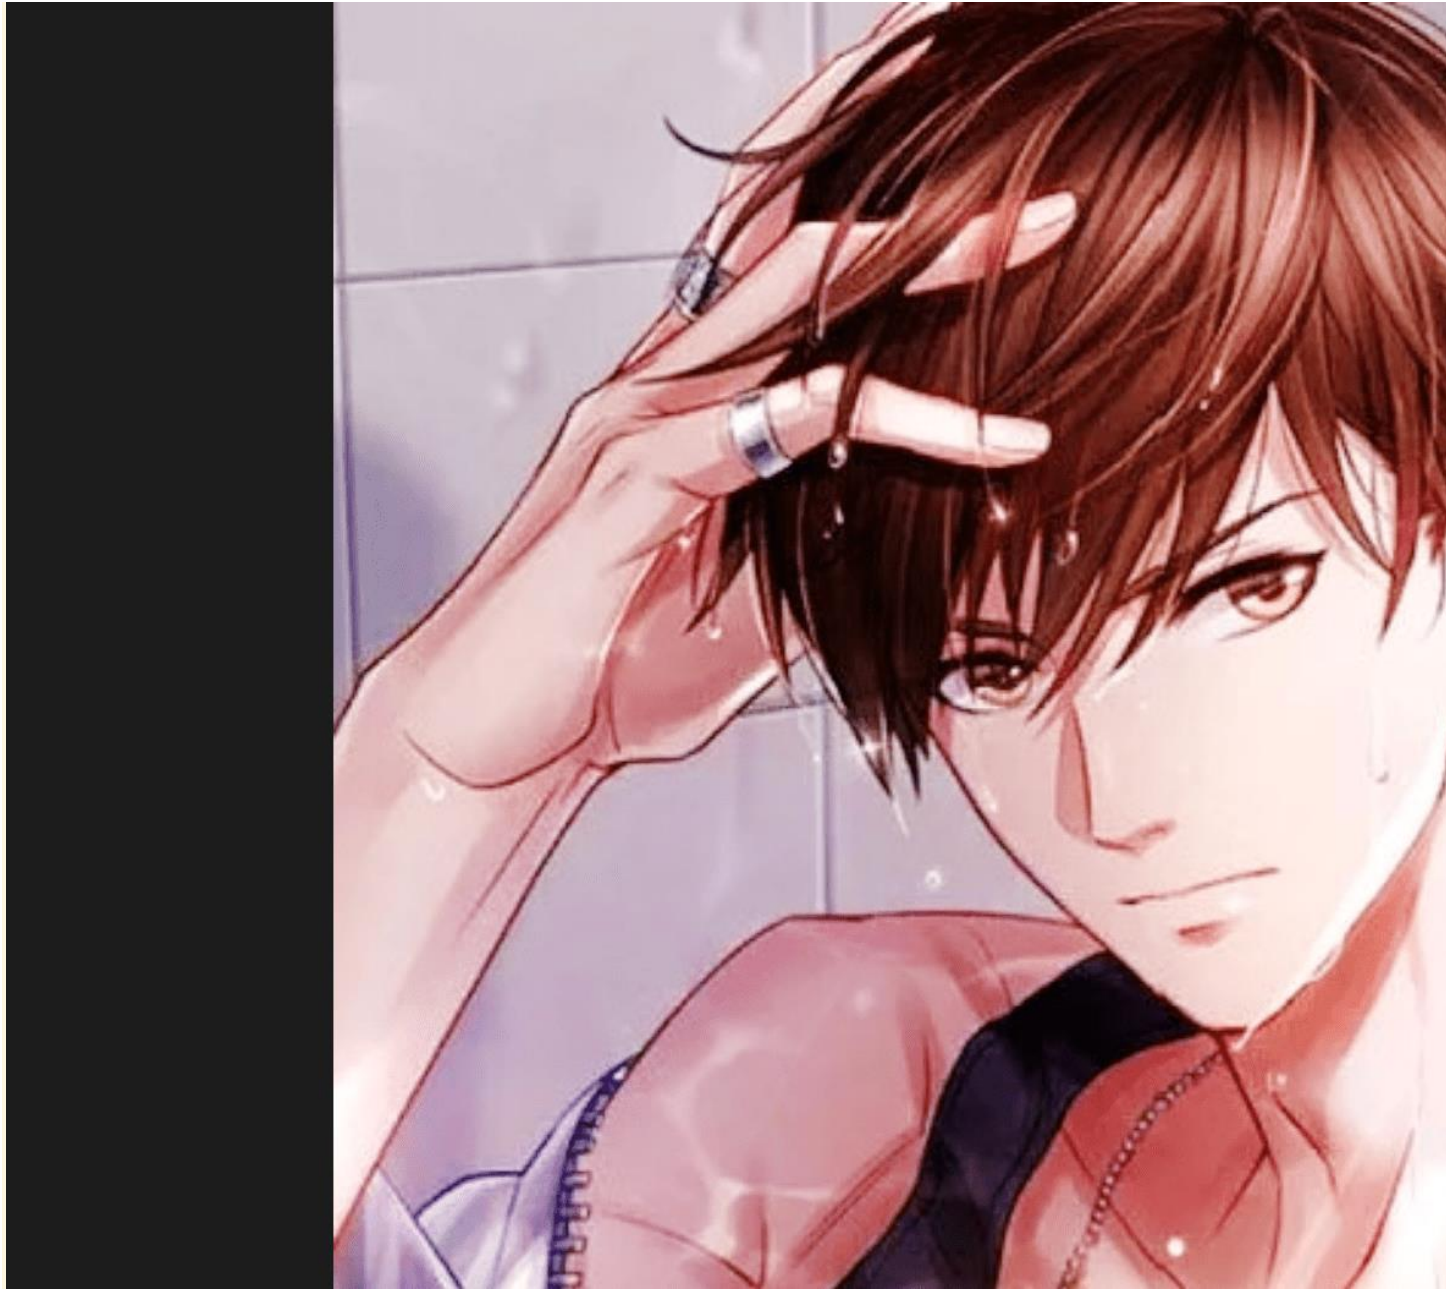

The voices of Carlo and Aaron were almost trembling.

Hearing such a familiar voice again, these two old men who had mastered the martial arts world for many years actually had the urge to cry.

In the face of life and death threats, they grit their teeth and be strong.

In the face of catastrophe and tribulation, they have always held on.

But, at the moment of despair, the arrival of the old man made these two old men burst into tears.

“God of War, are you alright?”

“Aren’t you controlled by them?”“

“I heard that the Juggernaut and the King of Fighters are all terrible.”

Saying goodbye to their old friends, Aaron and Carlo are undoubtedly filled with emotion.

As the saying goes, things are different.

Thinking back, they and Ye Qingtian, which one was not a figure who stood at the top of power and was looked up to by the whole world.

But now, it's only a short period of one year.

Ye Qingtian had gray hair all over his head, and Aaron and Carlo were even more imprisoned.

The world has changed.

Completely changed.

“Stop talking, I'll save you first.”

Ye Qingtian knew that this place was not a place to reminisce about the past.

Although most of the strong have gone to Kunlun Mountains.

But Ye Qingtian himself is not sure whether Odin and the others have left anyone in Europe.

To be on the safe side, it's better to take Carlo and the others away first.

Click!

Ye Qingtian tied his hands together with a knife and split the chain directly.

Then, one in each hand, he led the two men, Aaron and Carlo, and left the deep dungeon directly.

on the banks of the Seine.

The three leaders of the martial arts world in the past are reunited at this moment.

But the state of mind is completely different.

“God of War, Aaron and I thought that you had already been killed, but I didn’t expect that you are still alive. It’s really great.”

By the river, Carlo and Aaron tightly held the hand of God of War.

Although, out of the national interest, God of War fought with Aaron and the others for a lifetime.

But now, in the face of the great enemy, they have undoubtedly put aside the barriers and prejudices between the country and the nation, like comrades-in-arms who fought side by side, and cherished each other.

Chapter 4607

“It was the King of Fighters and the Juggernaut who risked their lives to save me, and I managed to escape.”

“Where’s your car?”

“Why are you two locked up?”

Ye Qingtian also got the news recently.

So headed straight to Europe to rescue them.

“Oh, don’t mention it.”

“Aaron and I discovered the huge side effects of the Dragon Gate Project as early as half a year ago.”

“The two of us also wanted to try our best to stop it, but unfortunately, our arms couldn’t twist our thighs. Odin and Asura’s beasts locked us all up.”

“However, it’s a blessing in disguise.”

“Maybe it’s been a long time, but they actually forgot about the two of us and didn’t send us into the Dragon Gate.”

“Otherwise, the two of us will also be enslaved and become puppets of those beasts.”

Both Aaron and Carlo were filled with bitterness.

They have long been aware of the weirdness of the Longmen plan, secretly investigated, and finally discovered that the souls of those who enter the Longmen seem to be controlled by others, and their temperaments have changed drastically.

When they learned of this, Aaron and the others were undoubtedly very regretful.

They shouldn't have pushed the plan in the first place.

“I only regret that we woke up too late. If we had guessed this from the beginning, how could our compatriots have been manipulated and turned into puppets?” Carlo sighed again and again.

Ye Qingtian's mood dropped, “Actually, Mark already knew about it.”

“He warned us, too.”

“At that time, we were dazzled by the power and didn't listen at all.”

Speaking of Mark, Aaron and Carlo were also a little ashamed.

“In the past, when Brian Chu was around, all of us regarded him as a scourge.”

“Aaron and I even tried our best to put Brian Chu to death.”

“At that time, we all thought that as long as Brian Chu died, the world would be peaceful and there would be no threat from the martial arts world.”

“But now that Brian Chu is gone, we are all finished too.”

As the saying goes, let the flying generals of Longcheng stay, and don't teach Huma to go to Yinshan.

They used to want to put the man to death day and night, but now when they really lost him, the world was completely messed up.

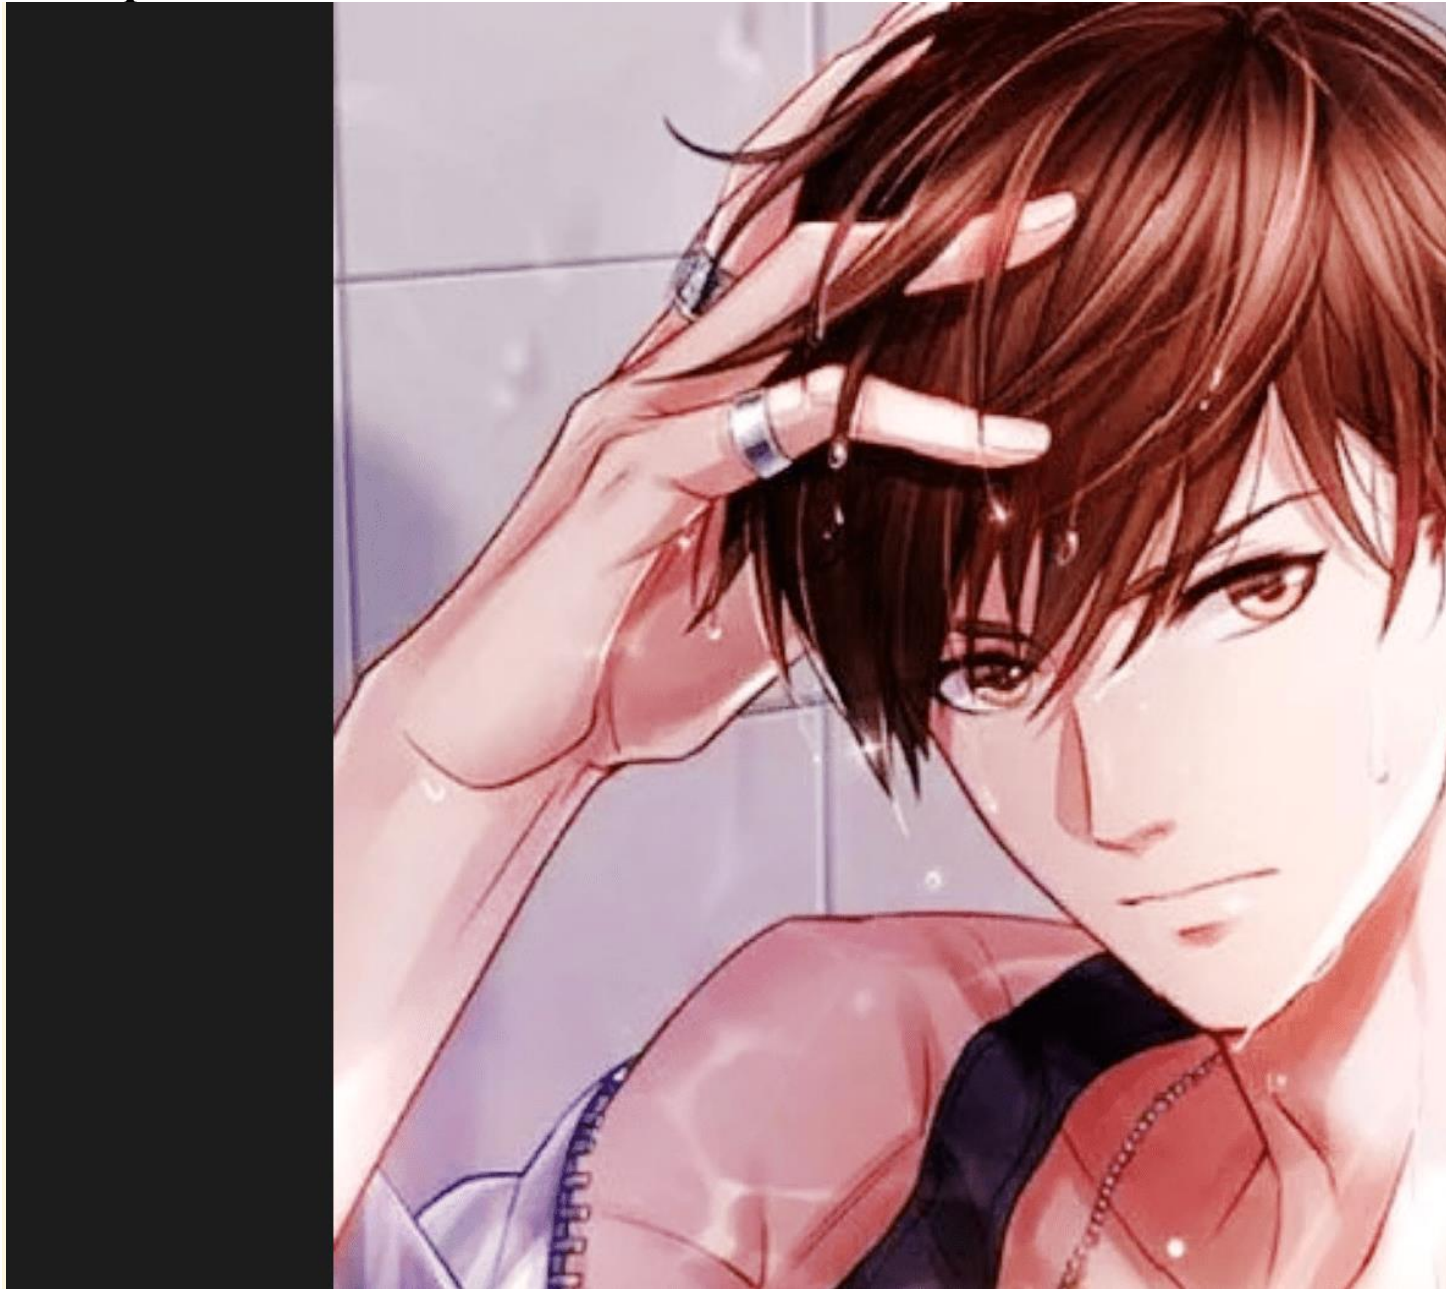

Knowing this moment, Carlo and the others realized that it is not Mark who needs this world, but the world, which needs that man.

“God of War, have you ever visited Brian Chu?”

“Is he really dead?”

“If he is alive, maybe he has a way to prevent this disaster.”

Facing the words of Aaron and Carlo, Ye Qingtian couldn't help laughing bitterly.

It's just that smile, no matter how you look at it, it's a little sad.

"Do you think it is possible to survive a nuclear explosion?"

"What's more, on the day Mark fell, the four strong men on the list of gods joined forces to besiege and kill him."

"Even if he survived the nuclear explosion by luck, those four giants on the list of gods will definitely make up for the last blow."

"So don't count on it."

"In today's world, the only thing we can count on is you and me."

Ye Qingtian's words were full of heaviness.

Both Aaron and Carlo were also depressed.

After all, did Brian Chustill fall?

"Where is the Dragon Temple?"

"Where are the titled powerhouses in the Dragon Temple?"

"Back then, Brian Churelied on the team of Dragon God Temple to defeat Trumen."

"Although Brian Chuis dead today, those strong men in the Dragon God Temple should still be there."

"Why don't we integrate the people of the Dragon God Temple, and go face to face with the four big devils on the list of gods!"

Lord Carlo seemed to think of something, and said immediately.

However, after saying this, the self-deprecating expression on Ye Qingtian's face became stronger.

“Carol, before you say this, can you use your brain.”

“We forced Brian Chuto death.”

“Do you think the people from the Dragon Temple will help us?”

“It’s not bad if they don’t hate us!”

“Furthermore, the dragon gods and those powerful dragon gods are more domineering than the other. In the whole world, Mark is probably the only one who can mobilize them.”

“For the three of us, don’t even think about it.”

Ye Qingtian shook his head.

Both Carlo and Aaron were suddenly desperate.

The three of them went against the whole world, and the result can be imagined.

“Then what should we do now, sit and wait?”

“Once the dragon gate formation is opened, something more terrifying will inevitably happen.” Aaron looked at Carlo and Ye Qingtian.

Ye Qingtian’s eyes were full of solemnity at this time, “My plan is, even if there is only a sliver of hope, we should fight for it!”

“Now that they gather in Kunlun, they probably want to stimulate the Longmen formation.”

Chapter 4609

“Although the three of us are single and weak, as long as we show up at the right time, we have never failed to destroy their formation!”

“Of course, going to Kunlun is bound to be dangerous.”

“However, it’s better to try hard once than to sit and wait.”

“Of course, this is my idea. I don’t force you two.”

While talking, Ye Qingtian sent a medicine bottle.

“This is Mark’s confidante, Miss Yueyao gave it to me.”

“It has the miraculous effect of healing and recovery.”

“After the two of you take it, the strength of the injury should be able to recover almost overnight.”

“I’ll give you one night to think about it.”

“Tomorrow morning, I will wait for you for an hour at the pavilion thousands of meters away.”

“Come or not, it’s up to you.”

Ye Qingtian has no morals to kidnap them.

Instead, he put down the medicine bottle and handed over the right to choose to Carlo and Aaron.

And he himself left the Seine.

I went to the long pavilion a kilometer away, and just sat there for one night.
next morning.

When the first ray of morning light shines on the earth, the whole world immediately returns to its former vitality.

On the street, there is a lot of traffic.

Pedestrians come and go.

Everyone went to work and school as usual.

But, who knows, this world is about to come to an end.

Soon, an hour passed.

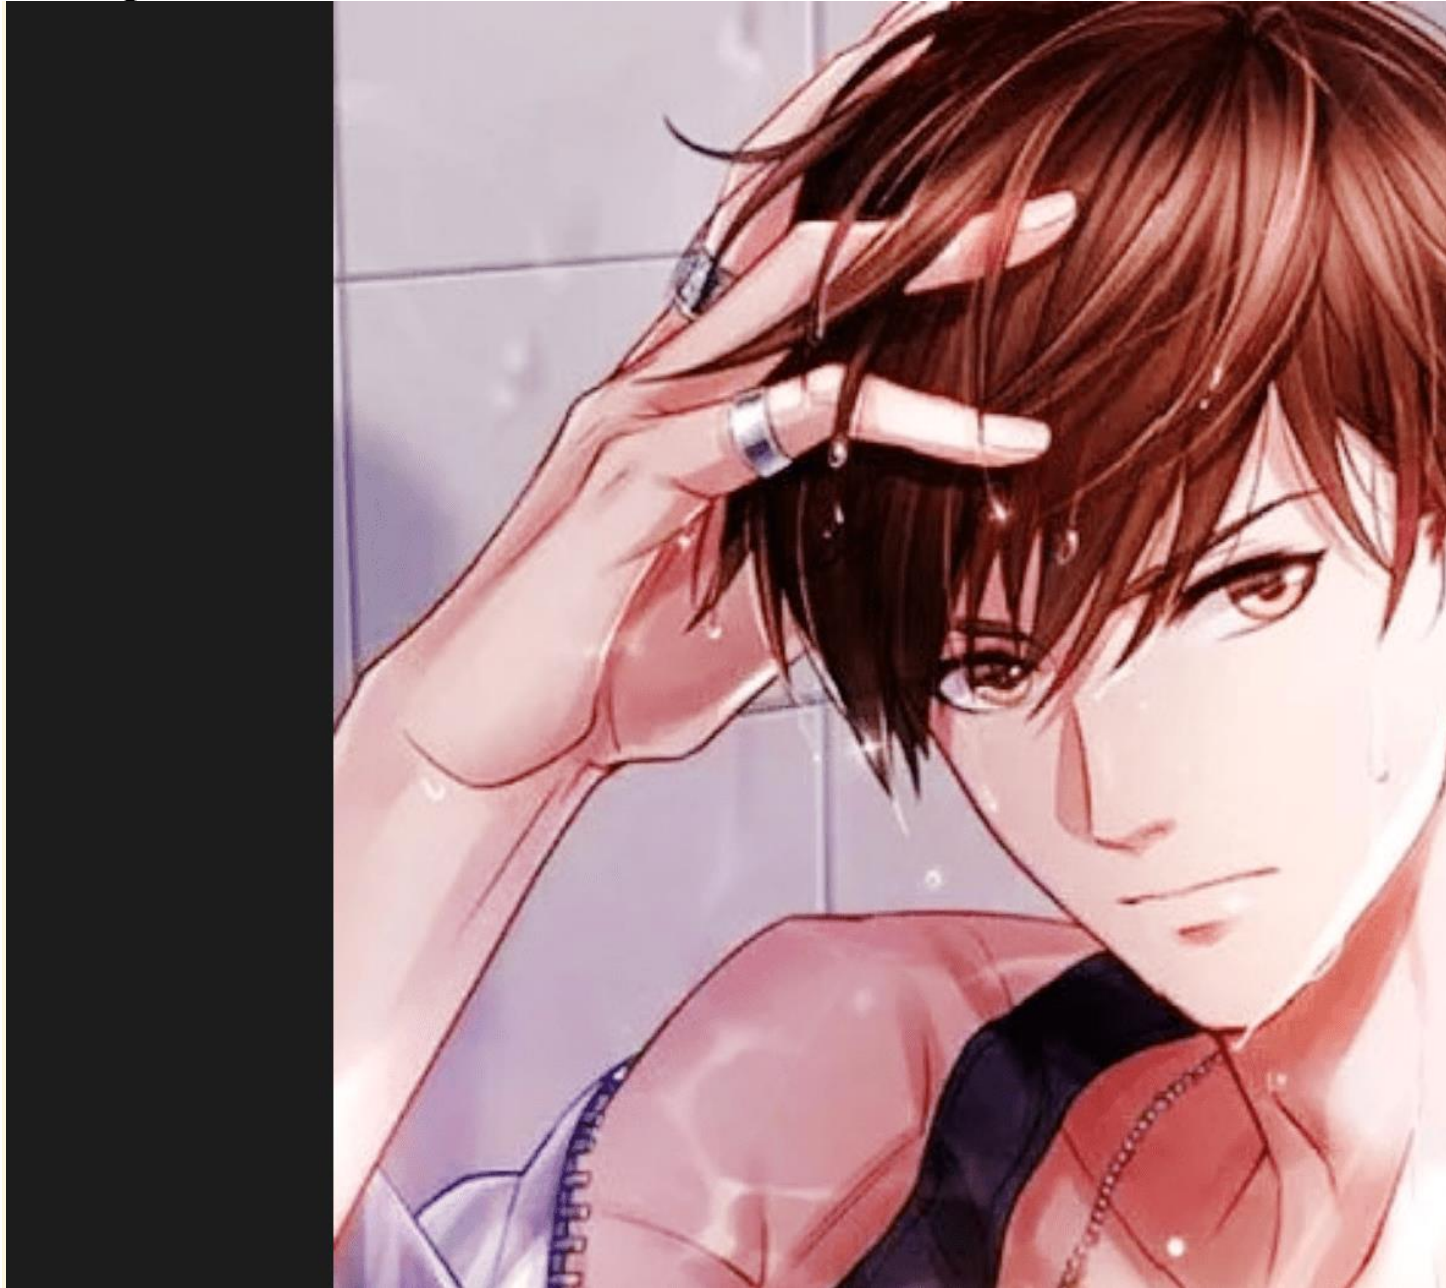

Ye Qingtian stood up, and he glanced regretfully at this beautiful and rich land of Western Europe.

Aaron and Carlo did not come after all.

With a heart full of loneliness, Ye Qingtian turned around.

He went to Kunlun alone.

Looking at him from a distance, his figure is so lonely and lonely.

But, who would have thought that Ye Qingtian hadn't walked a few steps yet.

Then he saw two figures standing in front of him, waiting for him.

"God of War, I've been waiting for a long time."

"I went home and had breakfast with my family." Lord Carlo said with a smile.

Aaron also said, "I took a look at my daughter and wasted a little time."

"Sorry, God of War, for making you wait a little longer."

The two old men laughed.

Ye Qingtian didn't speak, but also smiled. ,

Finally stepped forward. Hugged heavily with the two old men.

Regardless of whether they used to be friends and comrades-in-arms.

But at least, at this time, Ye Qingtian, Aaron, and Carlo abandoned the boundaries of countries and nations, and truly stood on the same starting line.

"Walk!"

"Set off!"

"Go to the hot summer, the mountain of Kunlun!"

On this unusual day, how many people know that there are three men, with endless firmness and determination, embarking on the way back to death!

In the ancient myths and legends of Yanxia, Kunlun Mountain has always been one of the most mysterious sacred mountains, and has the reputation of the ancestor of thousands of mountains.

According to legend, Yuanshi Tianzun's dojo, Yuxu Palace, is located on it, so it is also called "Yujing Mountain". And because Kunlun Mountain ranks above the dry position in the northwest, Kunlun Mountain is also called Tianzhu Mountain.

It can be said that Kunlun Mountain is the best place to meet the fairy world.

This is why, Chu Tianqi chose this mountain as the place where the Dragon Gate Great Formation was opened.

As the powerhouses from various countries gathered here, the final preparations have undoubtedly been completed.

"Report to the master, one hundred of the most elite genius warriors are already in place."

"The five altars of Qiankun Likanzhen each have twenty fire seeds!"

"Besides that, there are 218 reserve tinders!"

After the wind, Mu Zihua reported respectfully.

And in front of him, a man in a blood-colored robe stood on the top of Kunlun Mountain.

This person is Chu Tianqi.

However, after Chu Tianqi was rescued back then, it was as if half of him was controlled by someone possessed, and his temperament changed drastically.

Chapter 4611

At this moment, the majestic and domineering appearance is like the devil who commands the world.

"very good!"

"Notice, ten minutes later, the sacrifice will begin!"

Following Chu Tianqi's order.

The last moment has begun.

At this time, Kunlun Mountain has gathered nearly 80% of the world's martial arts experts.

In addition to the fire used for sacrifices, there are also powerful people from all parties who are in charge of security.

Such as Mochizuki, the Sword God of Japan, and the Sword Master and King of Fighters in Yanxia.

Dozens of titled strongmen completely sealed off the entire Kunlun Mountains, preventing birds from flying and insects from crawling.

On this land of hot summer, Kunlun, which has stood for thousands of years, finally became a forbidden place on this day.

Finally, ten minutes passed.

The final preparations are completely over.

The real great moment has come! ,

I saw that the originally peaceful Kunlun land suddenly lit up with a rainbow.

Chu Qitian stepped on the Tianhe River and soared into the sky.

He stands proudly in the center of the universe, standing on the top of Kunlun, embracing the heaven and the earth, singing to the sky.

“Use blood as medicine, use soul as guide”

“Sacrifice of the soul of all things”

“Life after life, eternal life, no reincarnation”

“Please open, Tianmen!!!”

boom!

Accompanied by Chu Tianqi's singing.

Everyone can only see that with the top of Kunlun Mountain as the center, the five directions of Qiankun and Kanzhen suddenly shine brightly.

As if being summoned, the red beam of light formed a hexagram altar on the ground.

And every time on the altar, there are twenty geniuses standing in it.

However, with the activation of the altar, the formation opened.

At the five altars, a hundred geniuses and powerhouses appeared one after another.

In an instant, the flesh and blood exploded into clouds of blood mist.

They didn't even have time to scream, and they didn't even shed their corpses. Their bodies and souls were all turned into nourishment and poured into the Longmen formation.

Under the dark night, everyone could only see that after the sacrifices exploded into blood mist, five stone gates suddenly protruded from the depths of the ground.

The blood-colored mist was poured on the stone gate.

The original dark and obscure lines on it turned out to be like a fish entering the sea and a dead tree reaping spring in an instant.

The five stone gates seemed to come alive.

A crimson light quietly lit up above the stone gate.

Ten thousand zhang rays of light, towards the top of Kunlun, towards the top of Kunlun, frantically converge.

And at Chu Qitian's feet, the sixth stone gate also slowly took shape and quietly appeared.

Like a dried-up sponge, it absorbs and devours all creatures crazily.

Seeing, the light is getting brighter and brighter.

The sixth stone gate is also slowly opening.

However, in the middle of the drive, the speed dropped significantly.

On the five altars below, the blood-red beams of light also began to dim.

Seeing this, Chu Qitian gave another order.

“The fire is dim, keep raising your bets.”

After Feng Hou and they got the order, the second batch of fifty martial arts geniuses were sent to the altar.

Just like the one hundred people before, these fifty warriors exploded into a cloud of blood mist in an instant.

Flesh, flesh and soul were all turned into fuel and poured on the Longmen formation.

If we say that the Longmen formation at this moment is a giant furnace.

Then, these warriors are the seeds of fire.

They burned their lives, dedicated their souls, and sacrificed everything to welcome the coming of the Lord.

Of course, no one wants to die.

They are all poor people who are enslaved.

But what about being poor?

Once, someone wanted to save them from the fire and water, but in the end, they were forced to die under the nuclear explosion by the whole world.

Now that it has been reduced to nourishment and sacrifice, it can only be said that it is the world's own fault.

The sacrifice is still going on, but the light of the Longmen formation has already affected thousands of places and radiated thousands of miles.

Almost everyone in Yanxia's territory could see the crimson blood rising from the land of Kunlun.

At the foot of Kunlun Mountain, the Japanese sword god Wangyuehe guards here.

His eyes were devout, watching everything that happened in front of him.

I just feel so shocked.
