However, while excited, Carlo and the others soon realized something was wrong.

“what happened?”

“Why is it just him?”

“Where are the other powerhouses in the Dragon Temple?”

“This guy, won’t come by himself?”

Aaron and the others quickly noticed that there was no one behind Mark.

The spectacular scene of thousands of troops besieging Kunlun Mountain in their imagination did not appear.

Only Mark fought alone.

When Aaron and the others saw this scene, their hearts that had just warmed up suddenly cooled down again.

You know, there are dozens of titled masters alone on Kunlun Mountain at this moment.

There are also the four powerhouses on the list of gods.

Mark alone, even if he could reach the foot of Kunlun Mountain, he would be trapped in a deep siege.

“Confused, confused”

Aaron and the others were filled with sorrow.

I just felt that Mark was too reckless and not well prepared.

At this time, Chen Jiuzhou hadn’t recovered from the shock.

He still couldn't believe it and asked Mark, "Are you a human or a ghost?"

"When we saw you die under the nuclear explosion, it is impossible for you to be alive?"

Chen Jiuzhou questioned the other party angrily.

Mark carried the ancient Yunyang sword on his back, stepped on the ground with both feet, expressionless, "What about a human? What about a ghost?"

"You just need to know that your end is here."

Mark's cold words were like a death sentence for Chen Jiuzhou and others.

Chen Jiuzhou endured the severe pain, gritted his teeth and said, "You are so shameless!"

"Can't you see the situation clearly?"

"Behind me, the mountains and plains are all our people?"

"What are you holding against us?"

"It doesn't matter if you are a human or a ghost, since you have come to Kunlun Mountain today, I will definitely beat you to death!"

Chen Jiuzhou roared unwillingly.

"Is it up to you?" Mark's indifferent gaze swept over Chen Jiuzhou, who was covered in blood.

"of course not!"

Chapter 4623

Chen Jiuzhou's eyebrows turned cold, and he immediately asked for help.

"Where are the titles of the countries?"

Following Chao Chen Kyushu's order.

With a radius of hundreds of miles, at the foot of Kunlun Mountain, dozens of terrifying auras rushed towards this place like a tiger descending the mountain.

Like hundreds of rivers converging into the sea, titles gather together!

In the history of martial arts, the largest siege began.

whoosh whoosh~

A large number of figures gathered from all directions under Kunlun Mountain.

one, two

Thirteen fourteen

In the end, a total of forty-nine strong men appeared here.

And, without exception, all of them are titled masters!

“This this”

“so much?”

Seeing the scene in front of them, although Ye Qingtian and the others were already mentally prepared, they were still deeply shaken.

Although, the number of titled masters recorded in the Tianbang has reached fifty.

However, after so many years, many titled masters have already passed away.

In addition, the Truman conquered the world before, beheading countless titled masters.

When Mark stepped on Truman, there were probably only ten or twenty titled masters left in the world.

This is still wrapping up the big titles of the Dragon Temple.

But who would have thought that in this short period of one year, relying on the Longmen training plan, so many titled masters would be piled up.

Yes, more than half of these people in front of them are all unfamiliar faces.

Obviously, they were all promoted in the last year.

“Damn it!”

“This group of bastards actually created so many titled masters!”

“What a bunch of beasts”

Carlo and Aaron were so angry that their hearts were bleeding.

After all, these created titled masters have been completely reduced to puppets.

Some of them were juniors whom Carlo and Aaron were extremely optimistic about.

Now, it's all ruined.

However, how did Carlo and the others know that this is just the tip of the iceberg.

Before they came, hundreds of elite warriors had already been sacrificed on the altar.

It can be said that this catastrophe has dealt a devastating blow to the global martial arts world.

At least, the future of the entire martial arts world has been ruined.

Fifty years from now, I am afraid that it will be difficult for a titled grandmaster to be born again.

However, now is not the time to care about that.

When they found a large number of titled strong men gathered here, Aaron, Carlo and others anxiously shouted at Mark, "Master Chu, hurry up!"

"You can't deal with so many strong titles by yourself."

"You leave first, and then go to gather your old Dragon Temple, and then come to counterattack Kunlun Mountain."

Aaron and the others were distraught.

Mark can be said to be the last hope of today's martial arts.

Aaron and the others naturally didn't want Mark to just collapse here.

However, in the face of Aaron's dissuasion, Mark turned a deaf ear and ignored them.

He just stood there, holding the ancient Yunyang sword.

His icy eyes looked over the crowd and looked up at the top of Kunlun Mountain.

There, the big formation is still going on.

The last dragon gate is still not fully opened.

The five altars are still continuing to contribute energy to Chu Qitian at the top of Kunlun.

However, after seeing the figure in the red robe belonging to Chu Qitian on the summit of Kunlun, Mark frowned immediately.

"Um?"

"Chu Qitian?"

"Is he the person behind those strong men on the list?"

After sweeping the Trumen that year, Chu Qitian was rescued by a mysterious person. Although Mark searched hard for a long time, he never disappeared.

It's just that Mark didn't expect that he would meet here in the end.

That's fine, I owe Angie's eyes back today.

"Chu Tianfan, do you still have the time to look around?"

"Your time to die has arrived!"

Chen Jiuzhou gritted his teeth, staggered and stood up from the ground.

He was badly wounded, covered in blood, and could barely maintain his balance by leaning on a boulder.

However, even so, Chen Jiuzhou still grinned grimly.

Chapter 4625

Looking at Mark as if looking at a corpse.

At this time, the encirclement circle has been formed.

The King of Fighters, Juggernaut, and titled powerhouses from Western Europe, North Africa and other countries have all gathered here.

There are more than forty strong titles, surrounded Mark.

"It's over, it's over"

Seeing this scene, Aaron and Carlo immediately despaired.

Even Ye Qingtian was full of worry.

The encirclement has been formed. At this time, it is undoubtedly too late for Mark to escape.

However, it was different from Ye Qingtian's panic.

At this moment, Mark was still surprisingly calm.

His indifferent eyes fell on the group of titled experts around him.

The first thing Mark noticed was undoubtedly the King of Fighters and the Juggernaut standing in front of him.

"Why, even you have become lackeys like walking dead?"

Mark chuckled lightly.

I just think these people really deserve it.

Thinking back then, he painstakingly persuaded him.

It's fine if people like the King of Fighters don't listen, and they want to kill him, saying that he wants to destroy Yan Xia's future.

Now, time has passed, so what now?

Is this the future they want?

Mark shook his head and smiled.

However, it is redundant to say these now.

The minds of these people have long been controlled.

He probably didn't understand what Mark said at all.

They only knew that they had to obey the order and kill Mark.

"Chu Tianfan, it's too late to kneel down and beg for mercy!"

"As long as you put down your weapon, kneel down and kowtow to me three times, I will leave your whole body!"

Chen Jiuzhou shouted unscrupulously from behind.

Although Mark's strength greatly exceeded Chen Jiuzhou's expectations.

But, it doesn't matter.

Behind him, there are hundreds of strong men.

Mark, on the other hand, is just one person.

No matter how strong Mark is, can he deal with so many titled masters with his own strength?

Chen Jiuzhou smiled triumphantly.

Mark smiled contemptuously.

“Do you really think that these chickens and dogs can stop me?”

“Arrogance! You can say some big words now, wait a while, when you are hacked to death by chaotic swords, what else do you have to say?”

Chen Jiuzhou said grimly.

Then, without wasting time, he gave an order immediately.

In an instant, dozens of titled powerhouses rushed out like arrows leaving the string.

The torrential power exploded almost at the same time.

More than forty titled masters, how powerful is the power that erupts?

The terrifying momentum almost swept across the world, making the entire Kunlun Mountain tremble.

“Sky Thunder Palm!”

“The Promise Sword!”

“Death Fist”

As the saying goes, the Eight Immortals cross the sea and each show their magical powers.

These titled masters, even though they have an advantage in numbers, they are still extremely powerful moves when they make a move.

Dozens of terrifying attacks gathered together, like an ocean storm, sweeping across Tianhe.

Faced with such a powerful force, Aaron and Carlo's faces were already pale with fright, and they felt that they were powerful in the divine realm, and they might not be able to withstand this blow.

Could it be that Mark, who just appeared, is about to fall here again.

Huh~

When Carlo and the others were in despair, the gust of endless sharpness made Mark messy.

He stood with a sword in his hand, his brows and eyes were cold.

In the indifferent pupils, there is a majesty standing proudly in the world.

Finally, Mark raised his sword when these attacks were already in sight.

"After a year of practice, although I have not entered the realm of the gods, I am by no means invincible to ants like you."

"Next, I'll show you, I, Chu Tianfan, the real majesty!"

With Mark's majestic voice fell.

Between the sky and the river, there is only a flash of green light.

Mark drew his sword instantly.

The sharpness of the sword energy, like a frightened bird, like a swimming dragon, draws a strange arc under the darkness of night.

Of course, this is only the first sword.

Soon, there will be a second sword, a third sword

The vertical and horizontal sword energy, under Mark's hands, suddenly cut down at an extremely fast speed.

One sword hangs on the crescent moon, two swords make a lonely sound, three swords roar with green dragons, four swords, lovesickness is bitter

Yes, what Mark used at this time was exactly what Tang Yun used back then, the Yunyan Sword Art!

If Tang Yun were here, she would be surprised that Mark's sword was smoother and sharper than a year ago.

As the saying goes, when the sword comes out, the world trembles!

Just like that, Mark used the ancient Yunyang sword to cut through the world!

Chapter 4627

At the top of Kunlun, the gate of heaven is slowly opening.

Under the Nine Heavens, sharp edges gather!

The Longmen formation is still drawing strength, but the battle at the foot of the mountain has already begun.

Seventy-nine forty-nine titled masters attacked Mark from all directions.

That majestic attack was like a surging abyss, overwhelming the sky and covering the earth.

Going torrentially.

But Mark, who was at the center of the storm, was just like a flat boat in the raging waves of the vast sea.

It seemed so small and helpless.

Put candles in the wind, leaves in the rain. ,

In the next moment, it will wither.

But ants and worms can also emit light.

Even the smallest mortals can be compared to gold.

Facing the hostility of the whole world and the endless offensive that is as majestic as the abyss, Mark, who is in a desperate situation, uses the ancient Yunyang sword to make a unparalleled sword!

Those sword glows, under the blessing of the thunder dragon body, are like thousands of golden rays emitted by the sun.

In an instant, the sky was filled with brilliance!

Just like that, Mark launched the most peak duel against all the titles above Kunlun with his might and power.

“kill him!”

“Must kill him!”

“Let him die!”

Outside of the storm, Chen Jiuzhou was already pale due to excessive blood loss.

But even so, he still gritted his teeth and stood there, fixed his eyes on Mark who was in the center of the storm, and roared hysterically.

If it wasn't for his powerlessness, otherwise, he would definitely rush forward and add another fire to the force that strangled Mark.

how many times.

Although Chen Jiuzhou has not known Mark for a long time, it has only been more than a year.

However, there is no doubt that this is definitely the most difficult opponent Chen Jiuzhou has ever encountered.

Over and over again, Mark escaped with his life.

Now, his strength surpassed his own so much.

This is undoubtedly unacceptable to Chen Jiuzhou, who claims to be the number one person under the god list.

There was never a moment when he wanted to kill someone so much.

Of course, although rationally speaking, there is no suspense in this battle.

Mark's strength has improved by leaps and bounds this year.

The siege of nearly fifty titled experts is by no means something he can handle.

Moreover, these fifty titles are by no means ordinary title powerhouses.

They are all strengthened through Longmen experience.

The strength has improved too much than before.

However, even so, before the final result came out, Chen Jiuzhou still had no idea.

After all, the man in front of him was too difficult to deal with.

The nuclear explosion failed to kill him back then, but this time, Chen Jiuzhou was really worried that if something unexpected happened, he would run away again.

"Live to see people, die to see corpses!"

"The same mistake must never be made twice."

"This time, his body must be left behind!"

Chen Jiuzhou thought to himself.

"It's over, it's over"

Beside them, Aaron and Carlo were still howling.

They felt that Mark must be in danger this time.

Although Ye Qingtian was also worried, but there was light trembling in his cloudy eyes.

"Mark, can you create another miracle?"

Knowing Mark for so long, Ye Qingtian knows that this young man has a city and scheming that are completely different from his age.

He doesn't seem like the kind of person who acts impulsively without preparation.

He must have other cards or countermeasures.

He certainly wouldn't just die in vain.

Although Ye Qingtian thought so in his heart, rationally speaking, Ye Qingtian wanted to break his head, but he didn't think that Mark had any backhands.

Or, in this world, is there any way to deal with the attacks of nearly fifty titled powerhouses?

Just like that, Ye Qingtian watched the battle ahead with a very nervous mood.

At this time, Mark's mad sword had already been cut off.

The violent storm surged, and the Dollar power raged.

The vertical and horizontal sword energy, like a sea of abyss, sweeps across the galaxy.

Facing the siege of the world's titles, Mark was not afraid, and directly responded with the most tyrannical attack!

What are the shackles?

Just crush it!

Chapter 4629

From childhood to adulthood, from Wrillfill to Chumen, from the coast of the East China Sea to the mountains of Kunlun, Mark has walked all the way, has he ever been afraid?

Even if there are nearly fifty titles this time, what about a hundred titles?

The Dragon God Palace Master will definitely tell them with his absolute strength.

Those who stand in my way, die!

Whoever offends me will die!

In the midst of the strong wind, the endless sword light was like a galaxy, splitting the sky and the earth.

With the joint attack force of the titles in front of him, they collided fiercely.

“Death!”

At this moment, Chen Jiuzhou was about to burst into tears, and roared angrily.

At this moment, Aaron and Carlo both closed their eyes in despair and wailed.

At this moment, Ye Qingtian clenched his palms tightly, his fingers bleeding, and prayed frantically for Mark.

At this moment, the sky and the earth trembled, the Kunlun Mountains collapsed, and the overflowing energy swept across the Tianhe River like mountains and seas.

The horror scene of the battle is like the end of the world.

Even thousands of miles away, you can see the sharpness of this side like a pillar, and the green light here is soaring to the sky!

Just the very first collision, the deafening sound spread thousands of meters away.

Chen Jiuzhou and the others thought that Mark would be defeated with one blow under the siege.

However, what Chen Jiuzhou didn't expect was that everyone's joint attack stopped after colliding with Mark's sword move.

“This this”

“blocked?”

Chen Jiuzhou couldn't help being taken aback, and then shouted angrily.

“as***, do something!”

“Kill him in one fell swoop!”

“Don’t waste it with him!”

Chen Jiuzhou shouted angrily.

Originally, Mark’s personal strength should be the strongest in the field.

If Mark insisted on running away, even with so many people in front of him, it would not be easy to stop him.

But fortunately, Chu Tianfan, an idiot, chose to confront him head-on.

This is undoubtedly exactly what Chen Jiuzhou wanted.

Chen Jiuzhou was naturally unwilling to let go of such a great opportunity.

Otherwise, once this opportunity is missed and Mark turns around and runs away, it will be difficult to find him again.

However, Chen Jiuzhou would not know that the current King of Fighters Sword Master and others have already shot with all their strength.

Where is there room to launch a stronger attack?

However, just because they didn’t, doesn’t mean Mark didn’t.

After the Yunyan Sword Jue’s six consecutive slashes, the seventh sword followed.

“The wind is silent, the heart is like still water; the light has no shadow, and the vertical sword has no trace!”

“The seventh sword of Yunyan Sword Art, invisible!”

Stab it!

Across the sword light, rushing for thousands of miles.

The invisible sword energy swept across Kyushu!

As Mark's seventh sword fell, it was like the last straw that broke the camel's back.

The endless sword light swept Kunlun with invincible power.

The thousands of moves that had been struggling to support were fragmented like glass falling to the ground.

That thousand-mile sword glow, like a galaxy, split the world, and also split the road of life and death! .

Chen Jiuzhou saw with his own eyes that the entire army of titles he was so proud of was cut off by Lanyao.

Yes, after the Seven Swords came out in a row.

The so-called seventy-nine forty-nine titled masters no longer have any power to resist.

Mark's sword, like a knife cutting tofu, has no hindrance.

Wherever the sword qi touched, all the titled masters were chopped into pieces.

Flesh and blood poured down like rain.

At the foot of Kunlun Mountain, there was almost a mountain of corpses and a sea of blood.

Mark's prodigious majesty is like the autumn wind sweeping the fallen leaves, or like boiling oil melting the remaining snow.

Under the majestic power of the Dragon God Temple, there were twenty-one titled masters who were chopped off on the spot, their bodies exploded into pieces, and they fell under the Kunlun forever.

The remaining titled warriors, even if they were still alive, were all created by sword energy.

Muscles and bones shattered, blood flowed horizontally, like a kite with a broken thread, it was blown away a thousand meters away, and the ground was filled with wailing and howling.

silence!

Deathly silence.

Who would have thought that an unrivaled battle would end suddenly in such a swift manner!

“This this”

“How is this possible?”

The scene in front of him undoubtedly completely frightened Chen Jiuzhou.

His eyes were staring, and his eyeballs almost burst.

Chapter 4631

“No!”

“Impossible?”

Chen Jiuzhou was almost insane.

He looked at everything in disbelief.

He couldn't believe that seventy-nine titled masters couldn't stop Mark's sword?

Mark's strength undoubtedly greatly exceeded Chen Jiuzhou's cognition.

Ye Qingtian was also stunned.

On the face that was originally full of worry, there was only endless surprise left at this moment.

“He actually won?”

Ye Qingtian felt that he could no longer describe his mood in words.

That kind of shock and impact was far more violent than that joy and excitement.

Before that, who would have thought that Mark would actually blow up the global title by himself!

Yes, these seventy-seven forty-nine titled masters are almost all the titled masters that official organizations can mobilize around the world.

But now, with Mark's sword, half of them were killed.

"This pervert!"

Aaron and Carlo are completely stupid.

Originally, they thought that Mark would definitely die in this battle.

But the result in front of him, as well as the bloody corpse, undoubtedly slapped them both in the face.

Forty-nine titles, encircled with all their strength.

In the end, he was directly blown away by Mark with the momentum of thunder!

As expected of the Lord of the Dragon God Hall!

It is worthy of the title of Peerless!

"A strange man, a strange man in the world~"

Carlo and Aaron were both crying and laughing, dragging their injured bodies and shouting non-stop.

But at this time, after Mark broke through the encirclement of these people, he stepped forward and continued to move forward.

Finally, it stopped in front of Chen Jiuzhou.

"What do you want to do?"

“I am Yanxia’s Martial God Palace Master, how dare you kill me?”

“My teacher, my master, will never let you go!”

Looking at Mark’s cold face, Chen Jiuzhou couldn’t help trembling, and stepped back with both feet on the ground.
