At this moment, Luna is like a robot, repeating the master's instructions mechanically.

However, this time, Mark never listened to the words of the Moon God.

There is almost no time left.

Chu Qitian had already walked nearly half of the distance, if he delayed any longer, it would be difficult for him to catch up.

“Yue'er, I'm sorry!”

Mark whispered in his heart, and then he held the ancient Yunyang sword and erupted instantly.

In an instant, the ancient Yunyang sword slashed repeatedly.

The Yunyang Sword Art reappeared in the world!

This time, Mark had no reservations.

With Yunyan Sword Art, the seven swords cut down in an instant.

One sword is Merry, two swords are Bingxin, three swords are Qinglong

Seven sword lights descended vertically and horizontally.

All of a sudden, the entire Kunlun Peak was full, and the surging sword energy swept across.

Looking at it from a distance, it looks like seven rivers of swords rushing from Mark, trapping Yue Du's whole body in it.

Seeing the scene in front of them, Ye Qingtian and others couldn't help swallowing secretly.

I thought that Mark was really cruel.

Even in the face of the moon god, he was actually a direct killer.

As soon as he made a move, it was such a terrifying killing move.

You know, the Yunyan Sword Art should be the strongest sword art mastered by Mark.

Earlier, Mark slashed with seven swords, killing dozens of titles.

Now, with the blessing of the Thunder Dragon Body, the power of the Yunyan Sword Art is undoubtedly stronger.

In this case, Mark still had no intention of holding back.

Directly use the strongest sword to slash towards Yueyue.

“This guy is crazy, but he really doesn’t recognize his relatives.”

“Really, it’s a waste of Moon God’s sincerity towards him.”

“Even if he is controlled by a strange demon, when facing him, Moon God still has a trace of intolerance and nostalgia.”

“But this guy doesn’t care about his feelings at all. Once he makes a move, it’s a killer move.”

Lord Carlo and Emperor Aaron, after seeing Mark’s offensive, unconsciously broke out in cold sweat behind them.

Only now did they realize what a terrifying monster the man in front of him was.

As the saying goes, if the sky has love, the sky will also grow old.

In today’s world, the most frightening thing is often not the person with the strongest power, but those who have lost their kindness and emotion.

These desireless, ruthless people are the most trembling and frightening people just now.

And the current Mark, in the eyes of Ye Qingtian and others, is undoubtedly this kind of ruthless machine that only knows about killing.

However, how could Ye Qingtian and the others know Mark's considerations?

He shot with all his strength, not to kill Moon God, but to seriously injure her.

Only Luna was seriously injured and lost the ability to fight.

In this case, it will not affect Mark's climbing the road to heaven!

Otherwise, once Moon God joins hands with Chu Qitian, even Mark may be hard to resist.

At that time, once Chu Qitian pushed open the gate of heaven, the power of strange demons would be truly unsealed.

Then, all of this will really be over!

Chapter 4673

It was with this kind of thinking that Mark spared no effort in making the move.

After all, Luna is no ordinary person.

She is the woman who is closest to God in the words of my grandma.

Facing such a strong man, how dare Mark hold back.

He could only attack with all his strength, trying to hit Luna hard with one blow.

Sure enough, under Mark's sudden outburst, Luna was undoubtedly caught off guard.

By the time she tried her best to fight back, it was too late.

Everyone could only see that Mark's vertical and horizontal sword light had already swept past while the Moon God was still accumulating power.

The surging sword energy devoured the moon god.

Luna confronted hastily, and swung several sword moves one after another in a haste.

However, how could such a hasty move be comparable to Mark's full attack.

After only a moment of stalemate, Luna's attack was completely destroyed by Mark.

Like the autumn wind sweeping the fallen leaves, the seven sword qis of the Yunyan Sword Art slashed down one after another on the top of Kunlun.

And Luna was hit instantly.

The soft and delicate body is surrounded by the sword energy.

Like a broken leaf in the wind, Luna's whole body was directly blown away by Mark for a kilometer, and the bright red blood poured into the sky.

"Yue'er, the master is sorry for you."

"If this calamity can be passed safely, in the future, the master will let you slap me a hundred times to repay the shame of today!"

Looking at Yue'er who was wounded and vomiting blood, Mark was full of guilt and whispered in his heart.

Then, ignoring Yue'er's injury, she turned around and set foot on the road to heaven.

Heading towards where Chu Qitian was, he frantically pursued him.

boom!

However, what Mark didn't expect was that.

As soon as he entered the immortal road, he felt a heavy pressure.

The overwhelming sense of oppression is like carrying a mountain on your back.

Every step weighs a thousand jun!

"No wonder that Chu Qitian climbed so slowly."

"I didn't expect that there would be such a strong oppression within this fairy road."

“This should be the rejection of mortals by the fairy world, and the oppression of human beings by the laws of heaven and earth.”

As the saying goes, immortals are different.

The road of cultivating immortals is a road against the sky.

The law of operation between heaven and earth will naturally block it.

And when Mark entered the Tongtian Immortal Road, Chu Qitian, who had already walked halfway, seemed to feel something.

He turned his head and looked down, and saw Mark's thin and handsome figure on Xianlu Road!

“It's this guy again!”

“It seems that Odin and the others have already lost.”

“What a bunch of trash!”

“With so many people, it's impossible to stop an abandoned child.”

“I wasted so much energy cultivating them in vain.”

Chu Qitian frowned.

This time the Dragon Gate Grand Formation was opened, he had thought hard and planned for a long time.

At the foot of Kunlun Mountain, Chu Qitian put up several layers of protection.

I thought, sit back and relax.

Unexpectedly, after thousands of calculations, Mark still didn't come back.

Moreover, they even broke through several layers of protection he had set up one after another.

I really underestimated him.

However, Mark's appearance only surprised Chu Qitian.

Even now that Brian Chu has started to climb the celestial road, Chu Qitian's heart is still not much flustered.

After all, the road to heaven and immortality is not smooth.

Even if Mark defeats Odin and the others, defeating Moon God.

But the oppression and obstacles in the fairy road are enough for Mark to deal with.

Now Chu Qitian has already traveled half way, while Mark has just started.

This half-way gap is by no means what Mark can make up for.

It was precisely because of this that Chu Qitian naturally had nothing to worry about.

There was even a smug smile on the corner of his mouth.

"Brian Chu, let you be astonishingly talented, let you have unparalleled abilities."

"However, it can't change the ending after all."

"This gate of heaven is destined to be pushed open by this strange demon!"

"Back then, Chu Yuniang, the ancestor of your Chu family, failed to knock on the gate of heaven, let alone you, a descendant of the younger generation?"

"It's wishful thinking to stop me after all!"

Chapter 4675

The strange demon snorted, turned around and continued to climb up.

Although his pace is slow, he is always moving forward.

On the other hand, Mark, who was under the sky, undoubtedly seemed extremely painful at the moment.

Almost unable to move an inch!

Not moving a step is almost a challenge to the limit of the body!

“Damn it!”

“It won’t work like this.”

Dou Da’s sweat dripped down Mark’s forehead.

Mark, who was moving forward with difficulty, looked at Chu Qitian who was getting farther and farther away, feeling anxious in his heart.

The previous successive battles had consumed Mark a lot.

Especially when the Yunyan Sword Art was used twice, the vitality in Mark’s dantian was almost exhausted.

As a result, Mark, after entering Tongtianxian Road, did not have much spare energy to deal with the overwhelming coercion.

“Isn’t it still not working?”

At the foot of Kunlun Mountain, Ye Qingtian and others also noticed Mark’s powerlessness, and their worries were undoubtedly even worse.

“It seems that there is still no way.”

“Brian Chu consumes too much.”

“I’m afraid I’ve already had the strength to climb this road to heaven and immortality.”

“All of this can’t be changed after all.”

Lord Carlo and Emperor Aaron also sighed.

Sigh, full of loss.

Originally, after seeing Mark defeating the top four powerhouses, Carlo and the others still hoped that maybe Mark could really create a miracle, catch up with Chu Qitian, and prevent him from finally pushing the door open.

But now it seems that it is their extravagant hope after all.

And when the three of Ye Qingtian shook their heads and sighed, Mark, who was on the road to the sky, seemed to have given up.

He no longer climbed, but sat down where he was.

It seems that even Mark himself knows that everything is irreversible, and it is impossible for him to catch up with Chu Qitian.

“This kid is somewhat self-aware.”

On the road to heaven, Chu Qitian, who was dripping with sweat, looked back.

It was found that Mark had not moved in place, looking rotten.

The smile on the corner of Chu Qitian’s mouth was undoubtedly even wider.

However, this is also a wise choice.

Anyway, if you can’t catch up, you might as well stop where you are.

At least, you can get a moment of rest.

However, it can only be for a moment.

Waiting for Chu Qitian to push open the gate of heaven, the end of this world will truly come.

At that time, they will all die.

Brian Chu, Ye Qingtian and everyone

All will be crushed by the iron hooves of strange demons.

This scene on Kunlun Mountain was not only seen by Ye Qingtian and others.

It can be said that all people in the northern hemisphere can see it!

Even the Noirfork land thousands of miles away.

Tang Yun, Mrs. Chu and the others also saw a thin figure on the light path above their heads, and suddenly stopped in place.

“Why did you stop?”

“This guy, don’t give up!”

Tang Yun looked angry and anxious.

How could Mark give up before the last moment?

Xiao Chulin also looked up, staring at the familiar figure.

He also didn’t know if his father would become a hero to save the world again.

“wrong.”

“That kid, he didn’t give up.”

“He’s cultivating, recovering his experience, and running the Yundao Tianjue technique!”

After a brief silence, it was the old Matriarch Chu who was the first to discover the suspicion.

Sure enough, following the old matriarch’s words, Mark, who had been sitting cross-legged on the Nine Heavens, at the top of the celestial road, finally opened his eyes again.

At what time, the world is boiling, and the wind and clouds are raging.

Under the operation of Yundao Tianjue, almost all the power of heaven and earth within a hundred miles gathered in Chao Yefan’s body.

Mark, who was originally sluggish due to the huge consumption, is now full of momentum!

Like a dry sponge, it is full of strength again.

“How is this possible?”

“How could it be so fast?”

Tang Yun couldn't help being shocked when she saw this scene.

She is also a cultivator, and she is well aware of any cultivation method, and she is absolutely unwilling to absorb so much heaven and earth energy in such a short period of time.

But the old lady Chu smiled proudly, “Yun'er, this is the terrifying aspect of Yundao Tianjue!”

“This exercise absorbs Yuanli and restores energy at a speed that is far incomparable to any exercise in the world!”

Chapter 4677

“The ancestor of Yunyang was just a villager in a small town under Fenghai City.”

“Born in poverty, rising from humble beginnings.”

“But it's just such a small person as the ancestor of Yunyang, why did he dominate the Kyushu and stand on the top of the world!”

“Besides, why does our Chu family pass on the torch and survive for a thousand years?”

“The biggest reliance is undoubtedly this Yundaotian Jue technique.”

“Such skills are already close to the skills of immortals.”

“Absolutely extraordinary art, comparable to anything!”

“Mark is sharpening knives and chopping firewood by mistake.”

“He used up a lot in the previous battle, so he deliberately stopped to recover his strength.”

“Just wait, next, it’s time for Mark to perform.”

In the old house of the Chu family, the Old Madam Chu looked up at the Immortal Road to Heaven, especially the tiny figure on the Immortal Road. The joy and pride in the old Matriarch’s eyes were almost beyond words.

As expected, they were chosen by the ancestors of the Chu family.

Not only is his talent outstanding, but his mind and planning are also top-notch.

If it were an ordinary person, he would probably be impatient to see that Chu Qitian had already traveled halfway, and he would have desperately chased after him.

But Mark didn’t. After weighing the pros and cons, he chose to restore his strength first.

Just like that, Mark recovered after crossing his legs for a long time.

Finally, the closed eyes suddenly opened in the next moment!

Stab it!

The moment Mark opened his eyes.

A flash of light was swept away in Mark’s eyes.

It’s completely different from the sluggish breath before, Mark at this moment is full of energy and spirit!

Yes, relying on the power of Yundao Tianjue, Mark recovered most of his strength after just a short rest.

He stood up, his deep eyes fell on the black shadow in front of the fairy road.

After a short period of calm, Mark suddenly exerted his strength!

With just one leap, he was several meters away.

The Immortal Road to Heaven, which was originally difficult to walk, is now under Mark's feet, walking like flying on flat ground.

Ye Qingtian and the others were undoubtedly dumbfounded by this scene.

“This guy, it turned out he was accumulating strength.”

“As the saying goes, if you don't make a song, you're done. It's a blockbuster.”

“If you don't fly, it's fine, fly to the sky!”

“This guy is really surprising.”

Ye Qingtian and the others who thought Mark had given up before, no doubt showed a gratified smile on Mark's desperate face after seeing Mark's rapid ascent.

“It seems that it is really possible to catch up with that Chu Qitian.”

“Perhaps Brian Chu will be the one who pushes open the gate of heaven in the end!”

Both Aaron and Carlo also rekindled hope.

Perhaps, everything is not as bad as they thought before.

Mark's movement below quickly attracted Chu Qitian's attention.

At this time, Chu Qitian had already climbed to the second half of the fairy road.

The sense of oppression from the law of heaven and earth is undoubtedly much stronger than at the beginning.

So much so that now, even lifting his steps seems to be extremely strenuous!

But looking back that day, Chu Qitian was undoubtedly shocked when he saw Mark who was walking like flying and approaching quickly.

“This guy, didn’t you give up?”

“damn it!”

“How the hell did he do it?”

“Obviously, he looked like he was at the end of his battle before, why did he come back to life so quickly?”

Chu Qitian’s old face was gloomy, perhaps because of the shock, he no longer had the calmness and composure he had before, but was replaced by a kind of anger and solemnity.

This damn Brian Chu!

It’s his lifelong enemy.

From the previous Chumen War, to the later Longmen experience, and now to the current Heavenly Immortal Road.

Every step of his plan, this bastard will almost become his biggest obstacle.

“Back then, I should have personally acted and cooperated with Odin and the others to completely kill this guy.”

“If he is dead, why are we in trouble now?”

Chu Qitian regretted it in his heart.

However, the matter has come to this point, and it is undoubtedly too late to regret these things.

Although Mark’s current speed is somewhat beyond his expectation, it is still within the controllable range.

The oppression on the road to heaven and immortality becomes stronger as it goes up.

Chapter 4679

The oppression at the beginning is undoubtedly the lowest.

According to Chu Qitian's estimate, Mark's speed might not last long.

It won't take long, and it will come down naturally.

And, halfway through.

Oppression is stronger!

Even he couldn't move an inch, let alone Mark.

Therefore, from Chu Qitian's point of view, the gap between him and Mark cannot be equaled by Mark no matter what!

And in fact, it is true.

Mark's high-speed climb did not last long.

When he traveled a third of the way, his speed had already slowed down.

The overwhelming sense of oppression made it difficult for Mark to contend with relying solely on his cultivation.

"Can't hold it anymore?"

Chu Qitian, who was in the second half of the journey, saw Mark who had slowed down, and a smug smile appeared on the corner of his mouth.

Sure enough, it was still a flash in the pan!

This road to heaven and immortality is a road to immortality.

The tempering and oppression in it, how can a small junior easily handle it?

"Come on."

"Quick!"

"Hold on, Brian Chu!"

“You are now the only hope for mankind.”

At the foot of Kunlun Mountain, Ye Qingtian and others couldn't help but feel worried again after seeing Mark slow down.

Although Mark is not a kind person.

However, he was always born in human society.

Letting him become a fairy and mastering power is much better than letting strange demons push open the gate of heaven.

So, in the hearts of Aaron and the others, if between Yimo and Mark, one person is chosen to become a fairy.

Then this person must be Mark!

At this moment, Ye Qingtian and the three were definitely not the only ones cheering for Mark.

There is also Tang Yun who is far away in Noifork, Xu Lei who is in Gritsberg City, and Yueyao and others who are in India.

This heavenly fairy road is like a live broadcast.

People in half the world can notice it.

Of course, Mark didn't know what everyone thought.

At this moment, he has stopped halfway.

He bent over and resisted the pressure and did not sit down.

Because Mark knew that once he sat down, he might not have the strength to stand up again.

However, the previous fast climbing caused too much consumption to Mark after all.

At this moment, his eyes were a little dark, and Dou Da's sweat couldn't stop falling.

He raised his head and looked forward, the figure of Chu Qitian was still far ahead.

After all, he underestimated the oppression here.

He has the realm of the pinnacle of the title, and the strangeness and power of Yundao Tianjue.

But relying on these, he couldn't even support him to go halfway.

"I have no choice but to use it in advance!"

Mark frowned.

Then, no longer hesitate.

I saw his mind was agitated, he pinched his fingers together, and muttered something in his mouth. After that, golden lights burst out from his body again.

Between the eyebrows, several thunder patterns appeared one after another!

The thunder dragon body that had just faded away not long ago was used by Mark again at this time.

It's like a strong bow completes the full moon, and it's like a sponge filled with flowing water.

Mark's aura climbed to one again!

As the saying goes, one effort, then decline, three exhaustion!

Taking advantage of the release of the thunder dragon body, Mark's figure turned into a flying sword again, like crazy, and climbed again, reaching the heavenly road!

"I am Cao!"

“This kid, can you hang up again?”

Everyone at the foot of the mountain, seeing Mark, who was like a shooting star, soaring straight to the sky, was undoubtedly crazy.

A few seconds ago, it still seemed to die down.

At this moment, it soared into the sky!

Ten steps in one second, ten steps in one step!

Mark's speed was so fast that he almost pulled out phantoms on the sky road.

Compared with Mark, Chu Qitian's movements are almost like snails crawling.

Chapter 4681

This time, even Chu Qitian was deeply shocked.

He looked at Mark who had already pulled out afterimages from the foot of the mountain, and he almost went crazy.

“How is it possible?”

“How the hell did this guy do it!”

“How could he be so fast?”

“Damn! Damn! Damn!”

Chu Qitian could no longer keep calm.

Originally, he thought that Mark's speed would not last long.

But who would have thought that the last thing he waited for was not Mark's loss of strength, but Mark's second wave of explosion.

And, faster than the first time!

If it goes on like this, wouldn't it be possible for him to catch up to him?

It was under this pressure that Chu Qitian also changed his previous slow pace, gritted his teeth and began to speed up his pace.

However, Chu Qitian's speed was close to the limit, even if he relied on willpower to speed up, he couldn't increase it too much.

In this way, the distance between Chu Qitian and Mark is still getting closer.

No way, the effect of Thor's body is really powerful.

With the help of the power of thunder, Mark can resist most of the oppression of heaven and earth.

Under such circumstances, Mark's speed is naturally much higher than that of Chu Qitian.

"Catch up!"

"I'm going to catch up soon!"

"There is hope for this world."

As time passed by every minute and every second, Mark's speed was also slowly decreasing.

However, it is still much faster than Chu Qitian.

What's more, what surprised Ye Qingtian and the others was that Chu Qitian's speed of climbing the heavenly road at this moment, not only did not speed up, but was much slower than before.

The movement is so slow that it almost seems to stop.

"Hahaha"

"It seems that the devil has reached his limit."

"I can't hold it any longer!"

Aaron, Carlo and others were so excited that they almost jumped up.

The situation is already tilting seriously in favor of Mark.

Perhaps, the person who knocked on the gate of heaven was really Brian Chu!
