“There’s no chance of winning at all.”

“Run.”

“God of War, tell Mark to run away quickly.”

“I’m really going to die here.” Aaron was in a hurry.

Carlo also persuaded in horror.

They advised Mark to run quickly, the faster the better, there is no need to wait there to die!

However, Mark, who was on the cusp of the storm, could no longer hear the hustle and bustle from outside.

At this moment, all that remained in his eyes was the overwhelming terrifying power.

In his ears, only the grin and wantonness of the strange demon remained.

The heart is like still water.

Peace like never before.

Also, a desperate situation that has never been seen before.

But why, why is there no fear, but instead, there is a kind of excitement in my heart that I have never had before?

Facing the terrifying attack that was approaching, Mark did not dodge or respond in any way, but at this moment, slowly closed his eyes.

“Hahaha”

“Boy, have you started to close your eyes and wait for death?”

“It’s good to have this awareness early.”

“It also saves me from wasting such a big deal.”

“But now, the arrow has been fired, and everything is irreversible.”

“Boy, open your arms and welcome your death.”

“Ha ha ha ha”

The strange demon smiled wantonly.

That rolling laughter has been passed down through the ages.

At this time, the Shura finger had already arrived in front of Mark.

Just when the strange demon thought that Mark was about to be crushed into pieces by that Asura finger in the next moment.

Sudden!

Mark opened his eyes.

A group of unprecedented auras disappeared in a flash in his pupils.

In the short time when he closed his eyes, Mark seemed to have seen the scene of his ancestor Chu Yunyang fighting against the sky, the earth, and all the races of the universe thousands of years ago!

And now, the millennium has passed.

Chu Yunyang has already become a legend.

Now is his time!

It was Brian Chu’s era!

“The Way of the Clouds”

“First move, Yunyang kick!”

At the moment when this voice sounded.

It was as if there was light shining on this dark land.

That ethereal voice spanned the ages, across the prehistoric times, and spread across the entire world.

For a moment, the old matriarch of the Chu family's old house seemed to see the stalwart figure from thousands of years ago, stretching across the sky.

In just an instant, the old matriarch was already in tears.

"Ancestor Yunyang, have you seen it?"

"Your descendants, like you, are working hard to support the world"

Chapter 4703

"Yun Dao Tian Jue, the second form, violent landslide!"

There is no hesitation, let alone the slightest hesitation.

After stepping down with one foot, another punch followed.

The second form of Yundao Tianjue was unreservedly used by Mark in an instant.

The majestic giant fist came crashing down.

Infinite vigor, sweeping across the Tianhe.

The terrifying force of the explosion, like Thor's giant hammer, smashed the sky and the earth.

With an unrivaled momentum, with the power of sweeping the world, he slammed towards the attack of the strange demon.

Under the blessing of the Thunder Dragon Body, just two moves in a row, the resulting shock wave was like a nuclear explosion, and thousands of tons of air swept wildly in all directions.

The mountains and rivers are broken and the wind is blowing, and the life experience is ups and downs and the rain is hitting the flats!

Under this huge might, Ye Qingtian and others were blown hundreds of meters away by the surging air waves.

Seriously injured people like the King of Fighters and the Juggernaut were thrown into the air like leaves in the wind, crashing into countless rocks before falling into the ruins below.

fear!

Horrified!

Fear!

All kinds of emotions surged in everyone's heart.

“Day!”

“Is this guy's power limitless?”

“Can it still explode with such power?”

Aaron Carlo and others were completely shocked.

They thought that after successive battles, Mark's strength would definitely decrease a lot.

However, who would have thought that Mark's majesty at this moment would not decrease but increase instead.

The storm caused by the two attacks was already comparable to a nuclear explosion.

“What a pervert!”

“No, these two are perverts!”

“The Chu family are all perverts!”

Aaron cursed in horror.

Carlo was also full of incredible ideas, “Maybe, this guy can really block that Chu Qitian's offensive.”

Carlo said in surprise.

But Ye Qingtian shook his head, “No, it’s not enough, just these, it’s still too far away.”

Sure enough, following Ye Qingtian’s words, Mark’s two attacks had already collided fiercely with the strange demon’s Shura finger.

However, Mark’s attack was only stalemate for a moment before being crushed to pieces by the strange demon’s Asura finger.

Everyone who watched this scene, who cared about Mark, felt chilled in their hearts.

The gap is too big!

It looked like such a powerful attack, but after encountering it, it turned out to be like a mud cow falling into the sea, without causing any waves.

“Hahaha”

“Brian Chu, it’s useless!”

“My hell Shura Formation is invincible in the world. How can you, your mortal secret technique, be able to compete?”

“Kneeling down and begging to die is your only choice!”

“The only end of resistance is to be wiped out!”

Seeing Mark’s attack was annihilated in an instant.

Chu Qitian burst out laughing suddenly, on that scaly face, at the moment, there was wantonness and arrogance pervading.

However, Mark turned a deaf ear to the sarcasm and the despair around him.

In the dantian, the Yundao Tianjue technique is still running crazily.

Within the tendons, the torrential energy is surging.

At this moment, there seemed to be no noise in Mark's world, only Yun Dao Tianjue was left spinning!

Even if the whole world thought that he was going to die in Kunlun, even if the strange demons were laughing at his weakness and ignorance, Mark ignored it.

In his own world, according to his own rhythm, he is also making moves, attacking, and running!

Finally, after the two moves were over, Yundao Tianjue used the third and fourth moves one after another!

"The third form, the overturning seal!"

"Fourth Form, Scarlet Flame Finger!"

"Fifth Form Void Station"

On the top of Kunlun, Mark waved his sleeves wildly.

Terrible attacks one after another, poured out like flowing water under Mark's hands.

What kind of power is that, every move is like a peerless dancer, dancing this world-ending dance between heaven and earth.

What kind of miracle is that, endless green light blooming from infinite energy.

Looking at it from a distance, Mark seemed to be bathed in a sea of light.

"This this"

"Is this really the height that human beings can reach?"

At this moment, countless people all over the world lost their voices.

Chapter 4705

At this moment, thousands of people were intoxicated.

This battle, no matter what the result is, and no matter what Mark's ending is.

But there is reason to believe that this world will always remember that there was once a man named Brian Chu who was as dazzling as the galaxy.

While everyone was amazed at Mark's terrifying power, the strange demons still acted recklessly and arrogantly in the storm.

"Brian Chu, why do you struggle?"

"It's useless!"

"The power of this deity is by no means something that you humble humans can compete with."

"Desperate, Surrender"

"This world will be crushed and flattened under the majesty of this deity"

The strange demon laughed arrogantly, and the wanton laughter was like thunder rolling, resounding through the Tianhe.

But at this time, Mark's attack continued.

The Fantian Seal and Chi Yanzhi had already met the attack of the strange demon fiercely.

But this time, the defeat that the strange demon imagined did not happen.

On the contrary, the attacks of the two sides came to a stalemate in the air.

"This boy"

The expression of the strange demon changed instantly, and the laughter stopped abruptly.

Obviously, he did not expect that his attack would be blocked.

Of course, the strange demon at this time was just surprised.

After a moment of stalemate, the Shura finger swept again, and Yundao Tianjue's third and fourth moves were still defeated.

However, the strange demon just breathed a sigh of relief.

The fifth and sixth moves that followed directly exploded the strange demon's Shura finger.

"What?"

"How can this be?"

The strange demon was shocked instantly.

Only now did he realize that this battle did not seem to be a one-sided crush.

"damn it!"

"This brat is a bit weird."

"The moves are getting stronger and stronger?"

The strange demon frowned at this moment, no longer the calmness and wantonness before.

Apparently, he has already realized the frightening aspect of Ye Fanyun Daotianjue.

Although the first few tricks seemed unremarkable.

Even if these moves are used alone, any move is vulnerable to him.

However, now that Mark performed them sequentially, the power of those moves was superimposed layer upon layer.

The previous move is the foreshadowing of the next move.

One move is stronger than one move!

Just like a blacksmith, he kept striking iron with his round fists.

Every time the hammer in his hand turns around, the weight on the hammer will increase by one point.

After those thousands of superpositions, the heavy hammer will have the power to destroy gold and jade.

And the Yundao Tianjue Mark is using now is undoubtedly the case.

Thousands of foreshadowings are just for the strongest last move.

“As expected of his descendants!”

“It actually managed to break my Shura finger.”

“But that’s all there is to it.”

“The might of my devil’s palm will destroy all your reliance!”

The strange demon didn’t wrinkle.

The defeat that Shura refers to only makes him tremble.

Not to the point of panic.

After all, he is confident that the power of Mo Sha Palm will be irresistible.

But is this really the case?

After the power of Wuji Jiujin broke out, Mark’s aura rose again.

He stood proudly in Tianhe, his black hair dancing wildly in the air.

At the end of the Tianhe River, there are little stars.

The power of heaven and earth gathers together.

And Mark’s body began to swell due to the infusion of these forces.

Muscles are bulging, tendons are twitching!

power, momentum, mood

At this moment, it's all brought together in one.

At the end, Mark let out a long cry, "The sword is coming!"

hum!

It's like a dragon opening its eyes, or like a tiger returning to the mountain.

The moment Mark's words fell, everyone only heard the sound of a sword that spanned the ages!

Chapter 4707

hum!

The long sword buzzed, and the green light soared into the sky.

Mark's sword strike has been passed down through the ages.

As a result, the ancient Yunyang sword that fell to the ground before seemed to have heard the call.

it trembles, it hums

Like a giant dragon that has been sleeping for thousands of years, at this moment, it opened its sleepy eyes and its wings that supported the sky.

Then, with momentum like a rainbow, it soared into the sky.

The fallen Yunyang ancient sword once again bloomed with divine light, and went straight to the sky!

In the end, just like that, it directly fell into Mark's hands.

And Mark held the divine sword in his hand, and the seven-foot green blade was under his hands, rising against the wind.

As the saying goes, the wind borrows the power of the fire, and the fire supports the power of the wind.

Under the blessing of the ancient Yunyang sword, Mark's power and sharpness rose sharply.

In the end, it was almost condensed to an extreme!

And it was at this moment that the clouds and the heavens were absolutely perfect, and the sharpness reappeared!

"The Way of the Clouds is Absolute, the Seventh Form"

"Broken Star Sword!!!"

Back then, after the First World War at Yunding Mountain, it has been more than a year now.

In the past year, the whole world has undergone tremendous changes.

As for Mark, he practiced hard behind closed doors, and his xinxing and realm had also grown much compared to a year ago.

At this time today, when the Broken Star Sword reappeared in the world, its power is undoubtedly not what it used to be.

The vertical and horizontal sword lights are like a galaxy reaching to the sky.

The stars gather little by little, and the surging green light is surging.

Looking at it from a distance, this is not a single sword, it is a thousand swords.

Thousands of sword moves come together to form a single move.

No one knows, after the sword is cut off, is there life still alive below?

"Is this the father's sword?"

"It's really amazing"

The sword light is bright, and the sword is powerful.

At the moment when the Fragmentary Star Sword slashed down, everyone in the world was almost moved by it.

Mark's son Chu Lin was even more shocked.

I just feel that my father is really, really amazing.

And when the world is trembling.

In the land of Western Europe, an old man climbed out of the widow's bed.

“Made”

“Thirty is like a wolf, forty is like a tiger”

“The ancients never deceived me”

Looking at the beautiful woman sleeping soundly beside him, Gaia sighed with emotion.

He was really scared.

His majestic titled master's physique was almost hollowed out.

He decided that in the next few days he had to take a good rest and recharge his batteries.

Otherwise, his body might not be able to withstand it.

“Um?”

“What's wrong outside, why is it so bright?”

Maybe I was too tired before.

Gaia, who was sleeping like a dead pig, didn't notice what happened outside at all.

At this moment, he opened the curtains, and he saw beyond the Tianhe River, the fairy road leading to the sky, and the sky full of green light.

Two stalwart figures are fighting fiercely in the depths of the sky!

Gaia has undoubtedly heard about the changes in the martial arts world in the past year.

But since the Dragon Lord abdicated and the Dragon Temple was disbanded, Gaia has faded out of the martial arts world.

He doesn't care whether it's life or death outside, or the dire situation.

Even if the sky is falling and the world is ending, Gaia will not care about it.

It is a day to be chic, and you can sleep as many widows as you can.

Otherwise, just like their Dragon Lord, they will be diligent and busy all their lives.

Fight against the sky, fight against the earth.

Fight for the family, fight for the country, and fight for the people of the world.

In the end, what was the result?

Didn't end up in a bad end.

Even Xiaoyao died before Xiaoyao had time, thanks ah, it was a waste of life.

Therefore, Mark's death really woke up many people.

Gaia can see clearly now.

Chapter 4709

This shit world, this fucking life, no matter how much you pay for them, it won't end well.

It's better to treat yourself well, just be happy, and play as you are happy.

But this time, after seeing the figure in the depths of the sky and the divine sword that was cut out, Gaia, who had been in Buddhism for a year, could no longer calm down.

"This is"

“The way of the clouds is absurd?!!!”

Gaia completely trembled.

A pair of eyes stared straight ahead.

The heart that had been silent for a year, but at this moment, turbulent waves once again set off.

He has followed Mark for so many years, from Denham, to Trumen, and then to Yunding Mountain.

Gaia has undoubtedly seen the power of Yundao Tianjue more than once.

Now, after seeing the offensive in front of him for the first time, Gaia is 100% sure.

This is the end of the sky.

It's the Yundao Tianjue that only their dragon lords can use!

“Ha ha ha ha”

“It's the Dragon Lord!”

“The Dragon Lord is back.”

“The Dragon Lord is not dead, the Dragon Lord is back”

“Ha ha ha ha”

Gaia suddenly laughed wildly.

He looks happy, like a child.

That Lang Lang's laughter woke up the sleeping beautiful woman.

“Little Yaya, you woke me up.”

“I'll punish you, give me three more times”

In the beautiful eyes of the beautiful woman, there is endless charm and temptation.

She got out of the bed, not looking for an inch of skin, sticking it to Gaia's back, stretching out her hand to slowly scrub Gaia's bronze chest, teasing, and pulling Gaia to the bed.

But this time, Gaia didn't give in again, but slapped the woman back, directly smashing the woman onto the bed.

"Go away!"

"Don't get in the way."

"I have to find my Dragon Lord." Gaia roared excitedly.

The beautiful woman covered her face with tears streaming down her face, "Little Yaya, don't you love me?"

Gaia shook her head, "I love you, but I love my Dragon Lord even more."

In Gaia's entire life, Dragon Lord is the true love, and the rest are just accidents.

Therefore, after Gaia slapped the beautiful woman away, she resolutely jumped off the tall building and rushed to where the dragon lord Mark was.

"No!"

"Little Yaya, don't go!"

The beautiful woman shouted loudly, her mournful voice made people feel pitiful.

Sure enough, under the call of the beautiful woman, Gaia left and returned.

The beautiful woman was suddenly excited, "Little Yaya, have you changed your mind again?"

“I know you still love me”

With tears in her eyes, the woman threw herself into Gaia’s arms again.

Gaia didn’t even look at it, and kicked her back on the bed again.

“Sorry, I just came back to get dressed.”

I walked in a hurry just now, and when the wind was blowing outside, Gaia noticed that she was not wearing any clothes.

Hurry back and put on your clothes, and go straight to Yanxia Kunlun.

But at this time, the battle of Kunlun has reached the final stage.

After the Broken Star Divine Sword fell, it slashed fiercely at the strange demon in front with its power to shake the world, and with its power across the sky and the earth.

The Devil’s Palm and the Broken Star Excalibur had the most violent confrontation!

“it’s useless.”

“Even if Chu Yunyang performs it himself here, he will not be the opponent of my hell asura formation at all!”

The sharpness of the Yunyang ancient sword made all the strange demons slightly amazed.

Obviously, he didn’t expect that this little human being could stir up such a big momentum.

However, from the point of view of the strange demon, after all, it’s just gold and jade outside and nothing in it.

The flashy moves will definitely not be his opponent.

But when the strange demon was thinking like this.

The attacks of the two sides have already touched each other.

It’s like a volcano hitting the earth.

The terrifying power swept across the land of Tianhe.

Wherever it comes into view, there are bright rays of light sweeping across, and it is a terrifying power.

Mountains and rivers cracked inch by inch, and the void was shattered.

The countless turbulent voids fled in a frenzy.

Under the trembling gazes of everyone, after only a moment of stalemate with Mo Sha's Palm, the Broken Star Divine Sword directly pierced through Mo Sha's Palm with unstoppable momentum.

What?

"How is this possible?"

The strange demon was about to burst into tears, and his eyes almost burst open.

He never believed that the trick he had been brewing for thousands of years was pierced through by a small human with a single sword!

Chapter 4711

The strange demon has been completely shocked and crazy.

He was about to burst into tears, his eyes full of disbelief.

He originally thought that the two moves he had created would be enough to destroy the human being in front of him. Shura's fingers tore apart Mark's defense, and the evil palm beat him into mud.

After that, he can go to the top of the fairy road and push open the gate of heaven without any worries.

However, the facts in front of him undoubtedly completely destroyed the strange demon's plan.

The power that Mark erupted at the last moment, since it made the strange demons tremble greatly.

"no solution anymore."

“It seems that we can only use the last resort.”

The strange demon’s face was gloomy, even though he was very reluctant, he still made a decision.

Afterwards, everyone could only see that the formation under the feet of the strange demon burst into red light again.

All the remaining power inside, at this moment, seems to be unreservedly released.

In the end, a void array slowly formed behind the strange demon!

And the aura of the strange demon, after performing this trick, quickly withered, extinguished, and weakened.

This is the result of drawing out a lot of power from him.

At the same time, bead-sized beads of sweat were also lingering and gathering on the forehead of the strange demon.

The scales on his body are also beginning to fade.

Apparently, the strange demon’s final attack was a bit difficult even for him to cast it himself.

However, there is no other way.

Mark had already pushed him to this point.

“Damn humans!”

“You really surprise me time and time again.”

“Unexpectedly, can you force me to such a situation?”

“Very well, you will not be his descendant.”

The strange demon laughed ferociously, his momentum became weaker and weaker, but the light of the magic circle behind him became stronger and stronger.

After the strange demon injected the last touch of power into it, the emptiness array instantly swelled against the wind, and the blood awns flourished.

And under the reflection of the soaring blood light, Chu Qitian's whole person also looked more majestic and terrifying.

With a gloomy face, he looked at the thin figure in front of him.

"However, Brian Chu, this time, I won't give you any more chances."

"Next, I will let you see what is this world, the truly majestic and majestic power."

rumbling~
