“Master, can you agree to Yue’er, a request?”

On the road to heaven, two figures leaned on each other.

Blood ran down their shirts.

Along the heavenly fairy road, sprinkle to the Tianhe land below.

Under the moonlight, even the dripping blood was so crystal clear.

Little bits and pieces, like falling stars.

I thought that Mark and his Yue’er would end their lives just like that.

However, at this moment, the girl who had been silent in her arms suddenly made a final request to Mark in a weak voice.

Mark smiled lightly, “Yue’er, tell me.”

“As long as the master can still do it now, I will satisfy you.”

Mark’s breath has also become extremely subtle.

Weak words are like candles flickering in the wind.

A blush suddenly appeared on Yue’er’s pale pretty face.

She turned her head hard, looked at the familiar and warm man in front of her, and said a little shyly, “Master, can you kiss me?”

“It’s been so many years, you haven’t taken the initiative to kiss the moon?”

Luna’s subtle words were full of resentment and nostalgia.

Mark recalled it.

Ever since he got to know Yue'er, almost all of his close contacts with Yue'er were initiated by Yue'er.

Mark has never taken the initiative to get close to her.

After hesitating for a while, Mark finally agreed to Yue'er.

Although, she didn't want to take advantage of the girl.

However, the two of them were already dying, and it was Yue'er who asked for it, so how could Mark refuse?

Just like that, under the watchful eyes of everyone, everyone could only see that the man and woman on the top of the celestial road slowly approached each other.

Mark embraced Yue'er's waist, he closed his eyes, and his blood-stained red lips lightly touched the corners of Yue'er's warm lips.

The moment the red lips of the two touched each other, Mark clearly felt that the delicate body of the beautiful woman in his arms trembled as if being electrocuted.

The feeling of the integration of soul and body is undoubtedly a kind of ultimate spiritual and physical enjoyment for Yue'er who has never experienced anything before.

Especially, the one kissing her at this moment is the master she has been thinking about for many years.

Chapter 4753

At this time, Yue'er was almost greedily sucking the breath of her master, and her tongue desperately pried open Mark's lips and teeth.

In the past, the magnificent, ethereal and majestic Yueyue Tianshen was now just like a hungry and thirsty child, kissing Mark with forgetfulness.

It was as if he wanted to pour all the joy and miss for the rest of his life into this moment.

Yes, as the poem says.

If the two feelings last for a long time, how can they be in the morning and evening?

However, when he learned that he was going to leave his master forever, Luna still couldn't control the sadness in his heart.

Mark clearly felt that when Yue'er kissed him, two lines of tears kept falling on her pretty face.

The warm and cool touch, like a broken pearl, slipped from Luna's pretty face.

"Silly girl, why are you crying?"

"On the road to Huangquan, the master is with you."

Mark moved his lips away, and wiped the tears from the corners of his eyes for the beautiful woman in his arms with pity.

But Yue'er seemed reluctant to leave Mark, so she stuck it up again.

The lips and teeth meet, and the breath can be heard.

In this regard, Mark just smiled helplessly.

Unexpectedly, before Mark died, there would be such a beautiful scene.

It seems that after his death, he can also be a romantic ghost.

However, just as Mark calmly waited for life to flow in and death to come.

Suddenly, Mark only felt that a warm current slowly flowed into his body along his nose, lips and teeth.

That warm current condenses a strong breath of life and strength.

After entering Mark's body, Mark's strength, which was almost exhausted, was slowly accumulating.

The body, which was exhausted to the extreme before, also slowly regained its vitality under the warmth of this warm current.

Even Mark's broken tendons and wounds are gradually healing at a bizarre speed.

Mark couldn't help being shocked.

He soon realized something was wrong.

Because, he clearly felt that this magical power came from Yue'er's body.

Moreover, after this power flowed out, Yue'er's physical condition deteriorated at an extremely rapid speed.

The breath quickly languished, and the vitality passed away like a tide.

The pretty face that was a bit rosy just now was as pale as a piece of white paper.

Moreover, Luna's long black and beautiful hair was also deteriorating.

The black faded, turned silver, and then, one by one, turned white.

"Yue'er?"

"What are you doing?"

"stop it!"

"Stop it!"

Mark quickly realized something was wrong.

Although he didn't know what method Yue'er used, he could feel that the Moon God was instilling his remaining vitality into Mark.

After all, Luna is a peerless powerhouse who has been passed down through the ages.

There are countless magical secrets mastered.

At this time, this method of instilling vitality into others naturally exists.

Mark suddenly understood.

Why did Yue'er suddenly ask to kiss herself?

It turned out that she already had the idea of dying.

She just wanted to feel Mark's warmth and the corners of his lips again at the end of her life.

Ask the world, what is love, and teach life and death.

Mark never thought that the woman he had always neglected, Yue'er, whom he rarely cared about, would be willing to do so much to him now.

At the cost of his own life, leave the hope of living to Mark, and leave the destination of death to himself.

Mark was completely panicked.

He shouted anxiously, struggling unceasingly, and his angry words resounded throughout the Kunlun Mountains.

However, Mark's dying body, no matter how much he struggled, how much strength could he exert?

Although Luna was also seriously injured, as if returning to the light, the Luna, who was so determined and desperate to die at this moment, unexpectedly burst out with absolute power, so absolute that Mark couldn't resist at all.

Just like that, Moon God hugged Mark tightly, and the corners of her lips pressed tightly against Mark's.

Her remaining life force was pouring into Mark's body continuously.

"don't want"

"Yue'er, don't"

Chapter 4755

Tears flowed from the corners of Mark's eyes.

His heart was like thousands of knives piercing into it.

That kind of pain almost made Mark collapse.

This is the most painful thing in this world.

Watching the girl he cared about dying slowly in his arms.

You watched her vitality flow in with your own eyes, watched her long black hair turn into snow white, watched her radiant and peerless face gradually dim.

It's like a block of ice that you hold in your hand, and you watch it melt, but you can't do anything about it.

No one knows how long it has been.

The beautiful woman in her arms, her warm delicate body, had already started to cool down.

The powerful arm also became limp.

His head was white and gray, and his eyes were dim and clean.

Taking this opportunity, Mark finally pushed Yue'er away, interrupting her vitality transmission.

After that, Mark's eyes were full of sadness, and he hugged Yue'er in his arms vigorously.

The bright red blood was so bright and dazzling on Yue'er's fair and pretty face.

"Yue'er, you stinky girl!"

"How can you be so stupid?"

"Who told you to do this!"

"Do I agree?"

Mark roared angrily.

There was heart-piercing sadness in those angry words.

This scene almost made the world cry.

In the land of Noirfork, Ericson Li and the others have already cried to death.

The old lady of the Chu family also had red eyes.

As for Tang Yun, Xu Lei, Yueyao and the others, their eyes were also full of tears.

Although, they don't like to see Mark get close to other women.

However, for the Moon God in front of him, Mark's confidante could not hate at all.

They couldn't imagine how deep the Moon God's affection for Mark was, and he was willing to give his life.

At this moment, Tang Yun and the others were all asking themselves.

If the same thing happens to them, can they be as decisive and firm as the moon god?

clatter clatter~

Bean-sized teardrops kept falling down Mark's face.

Looking at the dying girl with white hair in his arms, Mark felt that his heart was about to break.

Over the years, Mark has suffered a lot and endured a lot of tribulations.

But there was never a moment that made him feel so uncomfortable and sad like now.

It was like a big hand that almost tore his internal organs to shreds.

That kind of sad emotion is overwhelming.

Mark almost suffocated.

But the silly girl in his arms was still smiling.

He even reached out to help Mark wipe the tears from the corners of his eyes.

“Master, don’t cry, it won’t look good if you cry.”

Yue’er spoke tremblingly, her weak and weak words were like a candle in the wind, which could be faintly extinguished.

“Stop talking, Yue’er, stop talking.”

“You hold on.”

“The master will find someone to rescue you.”

“I’ll go to Yueyao, Yueyao can’t save you, I’ll go to Wan’er, if Wan’er can’t be saved, I’ll go to grandma”

“I won’t let you die!”

“Absolutely not!”

“Master will never let you die”

Mark’s words were filled with infinite sadness.

He suddenly picked up the girl in his arms, and ran down the steps like crazy.

Many people were anxious when they saw this scene.

I just feel that Mark is confused.

After finally climbing to this point, he ran back again?

Has he not ascended to heaven?

Does he not want to become a fairy?

Is he going to give up his pursuit for a woman?

Mark couldn't hear these discussions.

Even if he heard it, he probably wouldn't care.

In Mark's seriousness, strength is of course important.

Chapter 4757

However, what is he gaining power for?

Isn't it just to protect the people he cares about?

If everyone he cares about leaves him one after another.

So, even if he got the power in the end, what's the point?

In his life, Mark worked so hard to cultivate and fight, not to become a fairy, but to protect her smiling face in the world of mortals.

But now, his girl is about to die because of him, and his Yue'er is about to leave him forever, how can Mark be calm?

He ran down the fairy road desperately, he wanted to save Yue'er, he wanted to keep his girl.

However, the girl in his arms didn't seem to have the heart for Mark to give up his career because of him.

She shook her head at him. Smiling softly, "Master, let me go, my life is exhausted, and there is no way out for me."

"No!"

"Shut up!"

"You won't die!"

"I am your master, I order you, you must not die!"

Mark growled hysterically.

The angry and sad roar made the whole world almost shed tears.

However, the development of this world will not always depend on human will.

Yue'er's last breath was exhausted after all.

At the last moment of her life, she looked at the man in front of her with nostalgia and affection.

Finally shouted "Master Master"

Accompanied by the final sound, those smart and beautiful eyes finally closed.

Three thousand white hairs hang down, two lines of tears flow retrogradely.

The beautiful woman in her arms has finally come to the end of her life.

No one knows how many regrets Yue'er has in her heart the moment she closes her eyes.

At the moment when Yue'er's arm hangs down weakly, to Mark, it is like the blazing sun falling to the ground and the silver moon collapsing.

The world that belonged to him and Yue'er completely collapsed at this moment.

"Moon!!!"

Mark knelt down in grief, the heart-piercing roar shook the ages.

Tears rained down on the beautiful woman in her arms.

Mark hugged his girl and cried bitterly.

No one knows how long the man's sadness lasted.

Finally, the mood slowly calmed down.

Mark bent down and kissed Luna deeply on the lips.

“Yue’er, wait for me.”

Mark put down the beauty in his arms.

Turn around and go to heaven again!

After all, he still accepted the fact that his girl had left him.

However, the dead are gone, so are the living.

For the rest of the way, Mark still has to go!

He wants to open the gate of heaven, he wants to pursue power, and he wants to become a fairy.

People in the world say that immortals are omnipotent and live forever.

If it is really so powerful, it must be able to resurrect his Yue’er, and it must also be able to bring the dead back to life.

Just like that, with the expectation of Yue’er, and in the eyes of people all over the world, Mark once again climbed the road to heaven.

Yue’er’s dedication allowed Mark to recover a lot of strength.

Therefore, relying on this strength, Mark gradually returned to his original position.

And, step by step, charge towards the highest point.

However, how strong is the oppression of Xianlu?

Moreover, the more time passed, the overwhelming sense of oppression became stronger.

In the end, it was as if tens of thousands of mountains were pressing on him.

The infinite power crushed Mark, almost out of breath.

However, he is still persisting, still holding on.

Along the way, he has lost too much.

Now Mark is not only burdened with his own preferences and wishes, he also carries the expectations of so many people.

He can fail himself, but he must never fail those who gave their lives for him.

Therefore, he must open the fairy gate!

Even if there are ten deaths and no life!

It was under this kind of firmness like gold and stone that Mark finally climbed the last part of the journey.

From the last Tianmen, there are only nineteen steps left.

Success and victory are almost in sight.

The Tianmen, which represents the Paradise of Ultimate Bliss, seems to have opened its arms and embraced him, welcoming him.

However, Mark, who had already reached his limit, fell before the last nineteen steps.

Chapter 4759

The huge oppression made Mark kneel on the ground.

bang.

That bang broke Mark's leg bone.

It is conceivable how strong the oppression Mark is facing at this time.

There was bright red blood flowing down Mark's knee.

Even Mark's mouth, nose and ears were bleeding.

Obviously, Mark's body has reached its limit.

The road to heaven is an inhuman road.

It is not an individual who can climb successfully.

Just like the current Mark, even if he has obtained the power of the moon god, even if he has the body protection of the dragon god, but up to now, he has reached the limit.

If he continues to persevere, he may even pay the price of his life, and will fall forever on this road to heaven.

Therefore, when seeing Mark like this, many people shed tears with distress.

“Don’t log in, don’t log in again”

“Please, brother Mark, don’t log in again”

In the land of Gritsberg, looking at Mark covered in blood, Xu Lei was in so much pain that she could hardly breathe.

With tears in her eyes, she kept crying towards the sky on the tower.

In the land of Noirfork, the old Madam Chu is also worried.

She was also afraid, afraid that Mark would push herself too hard.

I was also afraid that Mark would climb down forcibly and die before Tianmen.

“Grandma Chu, please persuade him to stop forcing him.”

“He’s done well enough.”

“Let him come down.”

“It’s a big deal, wait until the injury is healed, and then climb again.”

Tang Yun burst into tears and couldn’t bear to watch it any longer.

Xiao Chulin was crying even more.

The old lady Chu sighed.

She also wanted to persuade Mark, but, not to mention that they were too far away now, Mark couldn’t hear them at all.

Even if he heard it, Mark probably wouldn’t be obedient.

What happened to Yue'er had dealt him a great blow. ‘

For him now, it has become an obsession to open the gate of heaven.

Comeback, easy to say.

However, no one can guarantee how long this Tianmen can exist.

What if Mark had just quit the Heavenly Road, and the gate formation completely disappeared that day?

Then Mark, there will be no more chances.

Therefore, at this time, Mark never thought of stopping his progress.

As long as he still has breath, as long as he can crawl, as long as he still has strength, then he will keep going.

He has lost too much, he has almost nothing, so why be afraid?

In order to push open the gate of heaven, Yue'er has already lost her life.

Mark has no choice, even if he dies, he will die under the gate of heaven!

Just like that, Mark was struggling to support the last part of the journey almost entirely by his own will.

Bright red blood overflowed from Mark's skin.

Where the eye can see, the steps on the road that day were almost completely dyed red.

The blood-stained steps are picturesque.

No one thought that this road to the sky was actually a road full of life and blood.

That dazzling scarlet deeply stimulated everyone's heart.

Some scenes, even watching, are so shocking.

Many people can't even imagine how the people in it can persevere.

Just like Mark at this moment, his whole body is overflowing with blood, and he can't even stand up.

However, he is still using his hands, feet and limbs to sit and fight for the last time along the fairy road that reaches the sky.

Yes, he is crawling.

Sometimes, half an hour is just a small distance.

But it's always moving forward, isn't it?

Everyone watched, there was a blood-stained road behind Mark.

"no no"

"Don't Climb Anymore"

"Please, Brother Mark"

"You're going to die"

Some people worry, some people cry.

Someone fell to their knees and wept.

At this moment, the scene on Kunlun Mountain undoubtedly touched many people.

Xu Lei burst into tears, and Tang Yun burst into tears.

Nuoya, Yueyao and the others could no longer control their emotions.

Why?

Why exactly?

Chapter 4761

What exactly is Mark pursuing?

The strange demon has been defeated, and the Trumen have been trampled out.

In this world, you are already at the top.

Why are you still obsessed with pushing open the gate of heaven?

Yueyao, Tang Yun and the others couldn't figure out why Mark was so resolute, regardless of life and death, to push the door that opened to heaven.

Yes, for what?

They won't understand.

This is Mark's pride.

Since he promised An Qi to help her get back to health, he should do it.

Yue'er died for his journey to heaven, even if it was to live up to Yue'er's dedication, Mark should persist.

What's more, he wants to have power, he wants to push open the gate of heaven, he wants to gain the power to become an immortal.

As long as he becomes an immortal, those things he lost and those who died for him should all be lost.

It was with this thought in mind that Mark gritted his teeth desperately to support it.

The huge sense of oppression almost made Mark unable to feel the existence of his body and limbs.

Almost completely relying on instinct, he was moving up a little bit.

first order two order

Obviously there are only nineteen steps.

For the former Mark, this distance can only be crossed with one breath.

But now, it turned out to be like nineteen natural moats.

Every step is a torment and test for body and soul.

However, the target is getting closer.

The sky and the earth are pale, and the sun and the moon are dimmed.

For nine days, only the figure of that man walked alone.

This is a unique path.

This is even more a road to heaven.

This is also a heart-wrenching road.

The kind of pain that hits the heart directly, the double torment of the soul and the body, if it were anyone, it would definitely collapse in an instant.

Finally, the gate leading to the fairy road is almost in sight.

At the last moment, Mark was bleeding all over his body.
