The majestic and terrifying Dragon God Palace Master, who once stepped on the Truman, and Chu Tianfan, who slashed strange demons with his sword, was in pain. One can imagine how intense the pain of this road to heaven is.

Time seems to have slowed down at this moment.

Even the sound of the wind is much subtler.

People all over the world are almost holding their breath at this moment.

Everyone knows that Mark is about to succeed.

Everyone is waiting for a miracle moment.

Everyone is witnessing the opening of the gate of heaven.

Finally, no one knows how long it took, and Mark, who had almost breathed his last breath, arrived at the peak of the fairy road when there were only a few seconds left before dawn.

The huge gate of heaven lay in front of Mark like that.

Looking from afar, it looks like the Nantian Gate built between the Milky Way.

Guarding the border between the world and the fairy world.

“Did you make it?”

“Finally, have you pushed open the gate of heaven?”

“Behind the gate of heaven, what will be there?”

Everyone tensed up.

Ye Qingtian, the god of war above Kunlun, and others all looked up, not daring to take their eyes off for a moment, it can be said that they couldn't take their eyes off.

After all, they are also curious.

What is behind this door?

Is it a fairy world?

Or, behind the door, there will be an old immortal who imparts immortal power to Mark?

As the saying goes, the immortal caresses my head, and my hair is tied for longevity.

Everyone has never experienced this scene, so naturally there will be various speculations.

The land of Noirfork, the old house of the Chu family.

Tang Yun looked at everything in front of her with burning eyes, her pretty face was full of worry and anticipation, "Grandma Chu, do you know what is behind this door?"

The old lady Chu shook her head, "I only know that Chu Yunyang, the ancestor of the Chu family, seemed to have climbed the road to heaven."

"However, for some unknown reason at the time, the ancestor of Yunyang seemed to have failed."

"So, I don't know what is behind the Tianmen."

"It is estimated that Mark can only explore by himself."

Tang Yun nodded slightly.

Chapter 4763

But I was thinking in my heart, behind this Tianmen, there should be a good thing.

After all, Mark has suffered too much to get to this point.

As the saying goes, no one is happy.

Next, it should be time for Mark to change his luck.

So, for the next few seconds, people all over the world held their breath.

Hundreds of millions of eyes looked at the thin figure on the top of the nine heavens, and stretched out their hands to the gate of heaven in front of them.

If there is a heaven today, open the gate of heaven!

boom!

The moment Mark's hands touched the door.

Everyone intuitively felt that the sky was trembling in the distance.

Yes, the sky above his head trembled and trembled like an earthquake.

Countless sharp edges and beams of light all gathered in the direction of that door.

For a moment, like a small sun, shining in the east!

Everyone trembled.

Mark was also blinded by the dazzling golden light, unable to open his eyes.

Just like that, the movement here lasted for several minutes.

The door to the sky opened slowly just now.

Just as soon as a gap was opened, there was a crystal light spot flowing down from the gate of heaven.

As the opening of the heavenly gate gets bigger and bigger, more and more light spots flow out.

Looking at it from a distance, it looks like the Milky Way is falling.

Wherever you see it, there is a waterfall of light.

"What the hell is this?"

Everyone was stunned.

Such a miraculous scene can be said to have exceeded the cognition of the world.

The light spots flowing down gathered on Kunlun Mountain.

Just like, the essence of heaven and earth, the aura of the sun and the moon.

Some light spots fell on Mark.

At that time, Mark felt a warm sensation coming from his body.

The fatigue and wounds on my body are also being gradually repaired by these light spots.

“What the hell is this?”

Mark was also deeply shocked.

He tried his best to step forward to absorb as many of these light spots as possible.

As a small part flowed into Mark’s body, his strength and injuries were gradually recovering.

At the top of the fairy road, as the heavenly gate slowly approached, the light spots that flowed down undoubtedly became more intense.

After Mark felt the healing effect of this spot of light, he walked forward again to absorb as much energy as possible from the spot of light.

Mark’s tired body began to recover.

The strength of the whole body is also growing.

I don't know how long it took, Mark's previous consumption, under the perfusion of this light spot, has also recovered to a point.

But after Mark regained his strength, he got up and found that the area under Kunlun Mountain had almost become an ocean.

The dots of golden light are slowly flowing between the Kunlun Mountains.

Really, it's like a river.

And the vegetation and plants along the way, under the warmth of this light spot, are also growing crazily.

Who can believe that in the past, the Kunlun Mountains, which were known as the forbidden zone of life, are now like a paradise in a blink of an eye, with flowers fragrant and birds singing.

All kinds of plants and flowers are fragrant for thousands of miles.

The aura contained in it is refreshing just by taking a sip.

Ye Qingtian and others at the foot of the mountain were undoubtedly completely stunned when they saw the scene in front of them.

"God!"

"This this"

"What the hell is this?"

Aaron and the others trembled in their eyes.

They once felt that they were in a fairyland at the moment.

After all, there are so many flowers and plants growing on this high cliff.

Moreover, these plants and flowers are by no means the kind of weeds on the roadside, but similar to the spirit fruit that Mark obtained in the Amazon rainforest before.

The spiritual energy in it is extremely dense.

Moreover, it seems to have a healing effect.

The King of Fighters and the Juggernaut were previously controlled by strange demons, but now they have regained their sobriety.

After all, the strange demon was defeated by Mark.

The soul is battered.

Chapter 4765

Naturally, they are already powerless to control the King of Fighters and others.

After regaining consciousness, the titled masters subconsciously picked off the flowers and plants under their feet, and put them in their mouths to taste.

At that time, I only felt a warm and cool aura entering my body.

Nurturing their tendons and bodies.

“This is fairy grass.”

“It actually has a healing effect!”

Someone yelled in shock.

Then Ye Qingtian and the others tried to take off a few pieces and swallow them.

Sure enough, these spirit flowers and fairy grasses made their injured bodies recover a lot.

While everyone was delighted and surprised, they couldn't help but wonder.

Could it be that the secret behind Tianmen is these light spots?

The same doubt naturally appeared in Mark's heart.

He tentatively walked into the Tianmen Gate.

However, the moment he was about to cross, he felt a barrier blocking the door.

It is difficult for Mark to move forward at all.

Mark frowned suddenly.

It seems that this so-called Tianmen can only be exited, not entered.

After confirming this point, Mark set his eyes on those light spots again.

“Could it be that the so-called secret of becoming a fairy is these light spots?”

“As long as the energy in these light spots is refined and absorbed, can you become a fairy?”

Mark secretly guessed.

And when Mark was suspicious, there was a seed-like thing in Tianmen, mixed in the golden light spot, and fell from the top of the fairy road.

Just like that, it fell to the ground below.

And at the moment when the seed fell, those spots of light frantically poured towards the position of the seed as if they were summoned.

Mark watched as the seed took root and sprouted on the ground, and soon grew stems and leaves.

The mysterious plant after germination did not stop absorbing it.

Instead, it devoured the surrounding golden light spots even more greedily.

But obviously, the growth rate of this plant has slowed down.

This bizarre scene made Mark very surprised.

On the top of the fairy road, he studied the so-called Tianmen again.

However, nothing special was found.

Apart from the continuous light spots, and the strange seeds that fell before, there is no strange place.

Finally, with the ancient east, the first ray of morning light shines.

Dawn has arrived.

The Kunlun Mountains, which has been hustle and bustle all night, finally waited for the dawn.

At the same time, the heaven-reaching fairy road also began to gradually disappear.

Mark knew that he should go down too.

Now Mark, after absorbing a lot of light spots, his physical strength has recovered.

Therefore, he jumped directly from the top of the fairy road.

Standing on the top of Kunlun, he just watched the steps of the fairy road quietly, disappearing bit by bit.

I thought that the Heavenly Gate would also disappear along with these steps.

But, no.

Then reaching Tianmen seems to exist forever, always lying here.

The dots of light still flow down from the door.

“Dragon Lord!”

On the eve of dawn, Gaia, one of the dragon gods who had been running wild all night, appeared here wearing big underpants.

“Dragon Lord, are you alright?”

“Subordinates are late for rescue, please punish the dragon master!”

Gaia knelt on the ground and bowed to Mark.

Mark glanced at Gaia, "Get up. If you can come here, you already have a heart."

"Besides, the battle here is not something you can participate in at all."

For those subordinates of his Dragon Temple, Mark never thought about involving them from the beginning.

After all, their strength is limited, and they can't do much for themselves now.

"Dragon Lord, have you become a fairy yet?"

"In the future, will you be a fairy?" After Gaia got up, she looked at Mark with reverence and curiosity. ,

He wanted to see the difference between immortals and mortals.

Mark gave him a blank look, "You think too much, I am still me, nothing has changed."

"this"

Chapter 4767

"It shouldn't be." Gaia was shocked.

As the saying goes, if a carp jumps over the dragon's gate, it can become a dragon.

This mortal pushed open the gate of heaven, so he should be able to become a fairy.

If not, then this fairy road will be lonely.

Gaia was very speechless.

Mark pointed to the bottom, "Look for yourself, these are the things behind the Tianmen."

Gaia followed Mark's gaze, and saw those golden light spots flowing like rivers and seas under Kunlun Mountain.

And in the very center of the river, there is a plant frantically devouring these light spots.

“Dragon Lord, what is that?”

“Can I eat it?”

Gaia couldn't help trembling.

Mark shook his head, “You can go down and try.”

After speaking, Mark ignored Gaia.

He turned around, walked to the front, picked up Yue'er who had been sleeping forever, and was about to leave.

“Gaia, you stay here first, take a look at the situation.”

“If there is any change, please tell me in time.”

“I still have something to do, let's go first.”

Mark asked.

Then he left with Luna in his arms.

After Mark left, Ye Qingtian, Aaron and others also rushed over.

“Gaia, how are you doing?”

“Did your Dragon Lord say anything?”

These strong men who were half disabled before are all alive and kicking now.

One by one, they all asked Gaia curiously.

After all, everyone was also curious about what Mark got after he opened the gate of heaven.

Gaia thought for a while, and proudly replied, “My Dragon Lord said, after today, I will be a fairy.”

What?

When everyone heard the words, they all trembled in horror.

“So, you Dragon Lord, he has really become a fairy?”

Everyone present was taken aback.

For a while, everyone was in danger.

After all, everyone has stabbed Mark in the back.

Now that Mark really became a fairy, wouldn't that mean that he could wipe them out in a flash?

“Can this be fake?”

“My dragon lord has opened the gate of heaven, and I will naturally become a fairy!”

“I advise you, especially the villain who backstabbed my dragon master back then, to prepare early and ask for forgiveness.”

“Otherwise, when he waits for my Dragon Lord to free up his hand, it will be the time of your villain's death.”

Gaia said coldly, looking down at the eyes of everyone, full of contempt and disdain.

Gaia undoubtedly has no good impression of these titled powerhouses in the secular world.

After all, it was this group of people who threatened and framed their Dragon Lord many times.

Although, they were also used by strange demons back then.

However, if these people hadn't hidden selfishness in their chests, the situation of their Dragon Lord back then would not have been so difficult.

But now times have changed and times have come and gone, the situation has been completely different.

Taking advantage of this opportunity, Gaia naturally tortured them a lot.

And at this time, Mark took his Yue'er and headed straight to India.

Then, after passing the prohibition of the sacred mountain of India, he returned to the secret realm again.

"Mark!"

Seeing Mark's return, Duanmu Wan'er, who had been waiting at the mouth of Thunder Well, was overjoyed.

There were tears in the tearful eyes.

She rushed over and threw herself directly into Mark's arms.

"Fortunately, you came back safely"

Duanmu Wan'er's voice was full of worry and choking.

Mark seemed to be comforting, and smiled lightly, "Silly girl, you haven't rested all night."

"I told you, I'll be fine."

"In this world, the person who can kill me hasn't been born yet?"

Mark gently stroked An Qi's pretty face, and helped her wipe away the tears from the corners of her eyes.

Duanmu Wan'er nodded.

However, she still looked at the scars on Mark's body with distress, "Mark, are you really alright?"

At this time, Mark's upper body was completely ruined, and his back and chest were covered with scars.

Especially on the chest, there is actually a sword wound from plastic surgery. Although the blood has dried up, the scar is still there.

Seeing these injuries on Mark's body, Duanmu Wan'er couldn't imagine that a person who had suffered so many injuries was still standing in front of her safe and sound.

Moreover, Mark's aura and power were still stable, and he didn't appear weak or sluggish.

Chapter 4769

This had to make Duanmu Wan'er extremely suspicious.

Mark continued to reassure, "It's really all right. I will tell you about the outside things in detail later."

"Help me first, is Yue'er still alive?"

While talking, Mark put Yue'er down and asked Duanmu Wan'er to check it out.

Although Duanmu Wan'er is not strong, she is proficient in a lot of knowledge, such as refining medicine and formations. Even supernatural powers and formulas, this little girl has almost everything in her mind.

Moreover, Duanmu Wan'er often researched on her own during the years when she kept her belly in the secret realm. In some aspects and fields, she is undoubtedly much better than Mark.

Duanmu Wan'er glanced at it, and immediately wrinkled her delicate Qiong nose.

"Hmph, Brother Mark brings in girls every time."

"And, they're all beauties."

"What a philandering radish!"

Duanmu Wan'er glared at Mark resentfully.

Mark smiled wryly, "Wan'er, please, now is not the time to talk about this, please hurry up and take a look for me."

Mark said anxiously, almost begging in his tone.

Duanmu Wan'er then helped Mark check.

Soon after reading it, Duanmu Wan'er shook her head at Mark, "The foundation is damaged, and the essence is lost."

"It's almost impossible for her to be saved again."

Although already mentally prepared.

But after learning the answer, Mark's heart was still cold, and his heart was like a knife.

"Wan'er, is there really nothing you can do?"

"Yue'er, she died to save me."

"If it wasn't for her, this time, I should be the one who died."

Mark felt guilty in his heart.

Duanmu Wan'er turned her head and took another look at the Moon God who was full of black silk and white hair.

"She should have passed all the essence of life to you."

"Brother Mark is really popular with women."

"You let so many women dedicate themselves and pay for you."

Duanmu Wan'er sighed slightly.

After that, she helped Luna tidy up her dress and hair.

"Brother Mark, what I can do for you is to keep her life source."

“She’s not completely dead yet.”

“But the source of life has been damaged.”

“Even if I can keep a bit of life under her, I can’t revive her at all.”

“However, if you become a fairy in the future, you will have the power of a fairy.”

“It should, it is possible, help her recast her origin, and save her from waking up.”

Duanmu Wan’er considered for a long time, and finally said to Mark.

Although it is still impossible to save Yue’er, it is already the only way.

At least, after returning it to Yue’er, there was a little hope for life.

“Well, that’s all I have to do.”

“Wan’er, thank you.”

Mark expressed his gratitude to Duanmu Wan’er from the bottom of his heart.

This simple girl has really helped me a lot.

“Hmph, just say thank you?” Duanmu Wan’er said angrily.

Mark was suddenly embarrassed, “Then what do you want me to do? You can say what you want, Wan’er, as long as I can do it, I will promise you.”

“Yeah?”

“Then how do you and this girl express your gratitude?” Duanmu Wan’er asked.

Mark shook his head, “I didn’t express much.”

“Liar!” Duanmu Wan’er snorted, then turned her head angrily, “Wipe off the lip marks on your mouth first, and then come talk to me?”

Mark didn’t understand at first.

However, Mark soon realized something.

Immediately, he found a mirror to look, and found that there was really vermilion lip marks left by Yue'er on the corners of his lips.

Only then did Mark suddenly realize that this girl Wan'er wanted to thank her, could this be what she meant.

Mark suddenly smiled wryly.

"Wan'er, stay away from that old scalper in the future."

"Otherwise, you will be taught badly by her!"

Mark was talking to Duanmu Wan'er while cleaning the lip marks on the corners of his lips.

"Hmph, Brother Mark dislikes me"

Chapter 4771

Duanmu Wan'er hummed.

But joking is all joking, Duanmu Wan'er has already started to rummage for some herbs, but is going to refine a kind of elixir for Yue'er.

At this time, the scalper stretched his waist and walked over, yawning.

"Is the meal ready? My old cow is hungry." The old cow opened his eyes and clamored for food.

But when he came here, Lao Niu noticed the scars all over Mark's body, and the unwashed lip marks on the corners of his mouth.

"I am Cao!"

"Mark, what did you do last night?"

"Wan'er, are you so violent?"

"Mark's thunder dragon body was scratched by you?"

The old cow stared with disbelief on his face.

"It's not me, Brother Mark disliked me, it was this girl who caught me."

Duanmu Wan'er calmly replied.

As soon as the old bull lowered his head, he saw the moon god who looked like a sleeping beauty.

"I rely on it!"

"Mark, you are insane."

"All the girls are confused by you?"

"Why can't you be gentle with your actions?"

The old cow was shocked.

Mark slapped him angrily and directly on his mouth.

"roll!"

This dead cow has a bunch of obscene thoughts in his mind all day long.

However, Wan'er cooperated with it just now.

"Wan'er, you have changed, you are not innocent anymore." Mark shook his head with emotion.

While the few people were chatting, there were footsteps not far away.

An Qi walked over in a pajamas as thin as cicada silk.

"You all wake up so early"

Angie rubbed her sleepy eyes.

The scalper covered his face, scolding Mark, clamoring for food over and over again.

Yes, only Duanmu Wan'er and Mark knew about the battle last night.

For the scalper and An Qi, there was no difference between the previous night, and countless nights.

However, how did they know that they almost never saw Mark again.
