The staff of the Wumeng sternly reprimanded, their angry voices were full of threats and murderous intent.

Now the Truman has fallen, and the Dragon Temple has disappeared.

It can be said that in today's world, the biggest martial arts force is the World Martial Artists Alliance.

These people, accepting the authorization of the Wumeng and sitting in New York City, naturally have nothing to fear.

However, at the moment when their words fell, at the end of the line of sight in front of them, two figures, a man and a woman, walked side by side, and just like that, appeared in the sight of everyone.

Seeing this person, Chu Shen and everyone in the Chu family trembled.

It can be said that there are mixed feelings in my heart, and various complicated emotions come to my heart.

As for the staff members of the Wumeng, their brows and eyes narrowed.

Especially Du Pont, the leader, with gloomy eyes, stared at the two people in front of him intently.

For some reason, Du Pont always felt that the man among them had a sense of familiarity, as if he had seen him somewhere.

“who are you?”

“What are you doing here?”

“Don't you know that Trumen Mountain is a controlled area, and those who live here are all vicious war criminals.”

“If you don't want to get into trouble, leave immediately!”

Out of caution, DuPont did not act immediately.

Instead, he warned in advance.

But those two ignored it.

Instead, he walked past them as if no one else was there, and finally stopped in front of the mother and daughter under the trembling and dodging eyes of the Chu family.

“Does it hurt?”

The man stretched out his hand, and gently touched the wound on the little girl’s forehead.

The little girl bared her teeth in pain, tears still streaming down her face.

The man helped her up from the ground, and comforted her with a smile, “Don’t cry, such a pretty girl, she won’t look good when she cries.”

When the man spoke, he lightly scratched the girl’s nose at the same time.

The girl didn’t dare to speak, but looked at her mother as if asking for help.

That way, it seems to be asking, who is this man.

His mother also didn’t dare to speak out, she didn’t even have the courage to look at the man with her head down.

She looked as calm as a chill, as if standing in front of her at this time was an existence more terrifying than those in the Wumeng.

“Um?”

“Boy, I’m talking to you.”

“Didn’t you hear?”

Chapter 4803

The man’s ignorance made DuPont extremely angry.

Immediately, he frowned and asked sharply.

But the man still ignored it.

“court death!”

DuPont was furious immediately and then ordered his men to take action.

And at this time, the man who had always looked calm finally had a cold light flash across his eyes.

“I think it’s you who is looking for death.”

The man whispered.

Then, he waved his long sleeves.

A burst of energy suddenly shot out.

There was only a scream, and all the staff members of the Wumeng were blown away, like a kite with a broken string, vomiting blood and flying upside down.

Even Du Pont, who has the power of a master, could not escape.

Also as if being severely injured, he vomited blood and fell to the ground.

“Who are you?”

The man’s strength made Du Pont’s eyes full of shock.

“Kneel down and talk!”

But at this time, the man gave another cold shout.

The majestic majesty is like a mountain.

Du Pont and others were directly pressed to kneel on the ground.

At the same time, after hearing this, everyone in the Chu family knelt down in unanimous agreement.

Everyone looked at the man with panic and fear.

Seeing such a scene, Mark couldn’t help being touched.

Is this still the Chu family?

Why, from their eyes, Mark couldn't see the pride and bloodiness of the past.

Yes, only that timidity and servility.

Especially, after seeing the chains on the Chu family, Mark's brows undoubtedly deepened.

He looked at Chu Shen who was kneeling on the ground, and asked coldly, "What the hell is going on?"

Faced with Mark's words, the Chu family naturally did not dare to hide it.

Chu Shen said honestly, "It's because there are only a few school-age girls in our Chu family who are over sixteen years old."

"However, the officials of the Martial League were dissatisfied and insisted on asking our Chu family to hand over more girls. In desperation, we had no choice but to hand over girls under the age of sixteen."

"However, the girl's mother couldn't bear it, so the conflict broke out just now."

"However, a lesson can be learned from heaven and earth. We are really obedient to the obligations stipulated in the contract. There is absolutely no secret girl who refuses to hand it over."

Chu Shen said bitterly.

He looked terrified, but there was no trace of the majesty of the high-ranking elders of the Chu family.

Hearing this, Mark undoubtedly frowned even deeper, "That's not what I asked."

"I'm asking, what's the matter with the chains on your body?"

“Who brought it to you!”

Hearing this, Chu Shen’s expression turned ugly, and after a long time, he not only sighed.

It turned out that since the defeat of the Chu Clan and Mark being wanted by the Wumeng, the situation of the Chu family has taken a turn for the worse.

In order to retaliate against the Chu family, the warriors of the Wumeng forced the Chu family to sign a defeat agreement that humiliated the family.

In the agreement, not only the family properties of the Tang and Chu families were confiscated, but the Tang family and the Chu family were also listed as war criminals in martial arts, and they would be shackled from generation to generation.

Among the clans, all girls over the age of sixteen must be handed over to accept the education and reformation of the Wumeng.

As for men, it is forbidden to practice martial arts, and all those who find out will be executed.

Moreover, Cong Sheng will die, and he will never take half a step out of Chumen Mountain.

Hearing this, Mark felt an unspeakable anger in his heart.

This group of greedy bastards from Wumeng.

In the process of annihilating the Trumen, they were defeated at the first touch, and surrendered as soon as they fought.

It can be said that the fall of Truman has nothing to do with the Wumeng group.

It was entirely Mark who used the power of the Dragon Temple to trample to death.

But this group of bastards accepted all the spoils in a victorious attitude, and even forced the Chu family to sign a defeat treaty.

They didn’t fight the war, and they didn’t destroy Truman.

The Dragon Temple didn't ask to sign this treaty, so what qualifications do those people from the Martial League have?

"They asked you to sign, but you will sign?"

"How dare you drive me out of the Chu family back then?"

"What about the bloody spirit you conquered the world back then?"

"Why are they all soft bones now?"

Mark was furious.

Although he didn't like the Chu family.

But after all, it is his father's family.

Moreover, many of them are their own blood relatives.

Chapter 4805

The Chu family, Mark can bully him, but he cannot tolerate such insults from other forces.

Now it is even treated as a slave.

This is undoubtedly a kind of damage to Mark's face.

"Where are the two elders, Xuanming?"

"Get them out!"

Mark shouted sharply.

The rolling torrent resounded through the entire Trumen Mountain.

After a while, two old figures flew out from the depths of the Chu family.

Kneeling directly in front of Mark.

"Master!"

The two elders, Xuan Ming and Mark, respectfully worshiped Mark.

“You two, still have the face to call me Patriarch?”

“You have protected the Chu family for generations, and it is your bounden duty to protect the lives of the Chu family.”

“But now?”

“Why are you so protective?”

Mark scolded angrily.

The two elders Xuanming suddenly felt bitter.

“Patriarch, there is nothing we can do.”

“If the defeat contract was not signed that year, the Martial League will combine the global martial arts forces to destroy the Chu family and the Tang family.”

“We are two brothers, two fists are no match for four hands. We have to let the Chu family survive without being wiped out by the Martial League.”

The elder Xuanming also sighed.

Many times, too much involuntary.

Mark didn't speak, but his palms were clenched tightly.

At this time, Du Pont and others behind him seemed to have guessed Mark's identity.

“You are, Chu Tianfan?”

“Aren't you dead?”

“How are you still alive?”

Dupont asked anxiously.

Mark ignored it and just asked him, “Where are the girls you took away from my Chu family?”

The corner of Dubang's mouth trembled, and he quickly apologized with a smile, "Don't worry, Palace Master Chu, they are all doing well, and we are kind enough to take them out, let them receive a good education and reform, and let them behave well, so that they will not go astray!"

"Fuck your mother!" At this time, someone in the Chu family stood up and yelled, "Education? You took away the girls from my clan just to satisfy your animal desires. Pity the girl from my clan, she is only sixteen years old After being taken away by you for a year, she became pregnant and had a miscarriage, and was locked in the house by you with chains like a dog. Moreover, this is a good end, most people have been ravaged and violated by you beasts die!"

"You bastards, with a human face and a beast's heart, are not as good as animals, and you will suffer retribution!"

The Chu family was filled with righteous indignation.

Those resentments that dared to be angry but dare not speak out in the past few years are all vomited out at this moment.

"nonsense!"

"You lowly people, how dare you talk nonsense and spout blood!"

"We are official personnel affiliated to the Wumeng, how can we do such a thing.""

"I think you bastard, you have ulterior motives, you deliberately framed and tarnished our reputation!"

"Come here, beat him to death with a stick!"

DuPont was furious when he heard this.

Then he actually made a move, intending to kill the Chu family member who made such an injustice.

However, before DuPont's subordinates could make a move, Mark waved his long sleeves and shot out directly with a wave of vigor.

The staff member of the Wumeng was hacked into pieces by Mark's sword energy when he saw it.

Countless flesh and blood are flying all over the sky.

He didn't even have time to scream, and he was already dead on the spot, chopped into mud!

"you!"

"you you"

Such a scene completely shocked everyone.

Even the Chu family's complexion changed drastically.

Although they hate the people of Wumeng.

However, behind them, after all, they represent the global martial arts.

Now that Mark killed someone, doesn't that mean that the Chu family is on the opposite side of the whole world.

As for DuPont, he jumped several steps in fright and retreated to the distance.

With his mouth trembling, he looked at the blood all over the ground in disbelief, and the man standing in front of him, Chu Tianfan.

"Chu Tianfan, you are so courageous."

"Anle is from the Wumeng, you dare to kill him?"

Mark laughed when he heard such a threat.

"I only dare to kill him, but I also dare to kill you."

What?

DuPont was surprised again when he heard this.

In the pupil, there is a shock.

Before he could escape, Mark's attack was already in front of him.

Chapter 4807

I saw a burst of strength, as sharp as a knife, cutting down suddenly.

DuPont immediately let out a scream, and his legs were cut off directly.

The bright red blood gushed out like a fountain.

"ah!"

"my legs, my legs"

Dupont's miserable scream resounded endlessly.

"Today, I will spare your dog's life."

"Go and tell the people behind you later."

"No matter how unkind and unrighteous this Chu family is, it is also my father's family, Chu Tianfan."

"I will teach them a lesson for their mistakes."

"However, you outsiders are absolutely not qualified!"

"I, Chu Tianfan, will put my words here today. All the treaties you forced the Tang and Chu families to sign are all null and void."

"From now on, whenever the members of the Wumeng League step into Chumen Mountain, I will kill one by one, and I will kill a group when they come."

"It really annoyed me, I took all of their Wumeng headquarters in one pot."

"roll!"

Mark yelled sharply, his voice full of anger, his words were full of austerity and murderous intent.

Today, if it is not necessary for a few living people to go back to deliver the letter, Mark promises that all these animals will be killed.

These bastards, relying on their backing to the Wumeng, trampled on their Chu family like this.

All girls, taken and spoiled by them.

This is completely treating the Chu family as a slave garden for them to vent their desires.

Although DuPont did not admit it.

However, looking at the words and deeds of these people just now, Mark can already see that these people can definitely do such a tragic thing.

For more than a year, Mark didn't know how many girls from the Chu family and the Tang family were persecuted and violated by them.

Now, they can do anything to a girl who is less than sixteen years old!

Mark really wanted to cut them into pieces.

“Good job, Chu Tianfan.”

“The Chu family and the Tang family are both criminal families, war criminals of workers all over the world.”

“You openly tore up the treaty and confronted the whole world.”

“Okay, you wait, you wait for me, when I go back, I will invite the leaders of the Wumeng. At that time, I will send thousands of troops from all over the world

in martial arts, and I will flatten Chumen Mountain, and let you all die without burial. place!”

Not knowing whether it was out of resentment or anger, Dupont roared viciously.

Then, he was carried down the mountain.

After these people left, the Truman people were worried.

Obviously, the threats from DuPont just now were extremely lethal to them.

Although Mark is powerful, he has no sense of belonging to the Chu family.

When the time comes, the army of the Wumeng really arrives, Mark pats his ass and runs away, and their Chu family will be completely finished.

Now I just donated a few girls, but next, the family will be wiped out.

Seeing the terrified appearance of the Chu family in front of him, Mark suddenly became angry.

“A bunch of trash, kneel down!”

“The face of the ancestors of Yunyang has been completely lost by you!”

“I’m just trying to survive, but you still have the face to live?”

Mark scolded angrily.

It never occurred to him that a family that was so proud back then would now obediently wear chains and be imprisoned in Chumen Mountain, living like animals. They seemed to be at ease.

However, facing Mark’s anger, Chu Shen, the oldest member of the Chu family, shook his head and smiled sadly.

“face?”

“Mr. Chu, the moment you defeated Chumen Mountain, killed your grandfather, and forced our entire Chu family to kneel, such things as face no longer exist for our Chu family.”

“It was you who broke the pride and face of your father’s family with your own hands. Why do you pour salt on our wounds and ask us here, where is our face?”

Chu Shen laughed at himself.

When saying these words, the Chu family all lowered their heads.

Yes, I think back then, how glorious their Chu family was.

But in the end, he was not defeated by people of different surnames outside, but was defeated by the descendants of their Chu family.

In this world, there should be nothing more ironic than this, right?

All the splendor and glory were destroyed in the hands of his descendants.

This matter itself is a joke.

A big joke!

Even now, when people outside talk about the Trumen and the Chu family, they will treat them as a joke.

As the saying goes, home and everything prosper.

Chapter 4809

The family is fighting to the death, no matter who wins in the end, but in the eyes of outsiders, they are all a joke.

Chu Shen’s words made Mark stunned.

He was speechless, not knowing how to answer.

If a few years ago, when he still hated the Chu family in his heart, he would naturally dismiss Chu Shen’s words.

Your Chu family is ashamed to be with me, you insulted your mother, and ruined my same age, and now you are the ones to blame for the end.

But now, Chu Yuan is dead, and Chu Qitian and his son have become the past tense.

The grievances and resentments from childhood had come to an end the moment Truman was defeated.

So, for Mark now, his mentality has changed.

There is no longer much hatred for the Chu family.

After a long silence, Mark turned around and walked out.

He doesn't want to stay here anymore.

However, before leaving, Mark left a sentence, "Take off the chains on your body by yourself."

"From now on, be upright and be a good person."

"I will solve the Wumeng matter for you."

"Although I have no feelings for you people."

"But blood relationship is a family after all."

"I don't want outsiders to laugh at me. My Chu family kills each other."

"The past is gone."

"From today, let's start from scratch."

"All the grievances and grievances in the past are over."

Mark's quiet words resounded throughout the Chu family manor.

Chu Shen and the others were still in a daze, not knowing what Mark meant by these words.

In the end, the second elder Xuanming said, "What are you still doing in a daze? You still haven't thanked the Patriarch."

"Don't you understand what the Patriarch means?"

"In the future, the Chu family will be covered by the head of the family himself!"

“With the protection of the Dragon God Temple Master, why are you afraid of the Martial League?”

The two elders Xuanming said in a deep voice.

The Chu family was excited when they heard the words.

Kneeling on the ground, she was very grateful to Mark.

Obviously, no one expected that Mark could let go of his hatred for the Chu family and instead become the head of the Chu family, a protective umbrella, and shelter for the Chu family.

the other side.

DuPont, who was seriously injured, was rushed to a local hospital for treatment.

At the same time, DuPont did not forget to order his subordinates to report the situation of Chumen Mountain to the Wumeng.

After the first battle at Kunlun Mountain, the current core management of the World Martial Arts League has undoubtedly returned to the hands of Carlo, Aaron and others.

Coincidentally, on this day, the Wumeng held a meeting.

Gather the highly respected titled masters from all over the world and gather at the headquarters of the Wumeng for a meeting.

“There are two main topics for today’s topic.”

“The first one is to set things right.”

“With the end of the battle of Kunlun Mountain, the crisis of strange demons has come to an end.”

“However, after this incident, martial arts in all countries should reflect on it.”

“That painful lesson can be said to be profound.”

“The final ending is not unreasonable.”

“But fortunately, justice has triumphed over evil in the end.”

“The world is back to peace again.”

“Let us all raise our glasses to celebrate this hard-won victory.”

At the headquarters of the Wumeng League, the titled powerhouses of all countries raised their glasses to celebrate with unspeakable joy.

After finishing these opening words, Lord Carlo continued.

“After months of recuperation, everyone’s injuries and energy should have recovered.”

“In the next period of time, I hope everyone will rebuild the martial arts order.”

“Restore order to the martial arts world that has been chaotic for more than a year.”

“In addition, the most important point is to establish the supreme authority of the World Martial Arts League.”

“As long as the guidelines and policies determined by the Wumeng League, the signed treaties and decrees, no organization or individual shall violate them.”

“Only by establishing a strong leadership organization can we determine the correct direction in the future development of martial arts.”

“So as not to repeat the same mistakes in the martial arts world in the future!”

In the conference hall, Lord Carlo said in a deep voice.

Aaron and others also echoed.

Few of the titled masters present objected.

Chapter 4811

After all, the martial arts of all countries are now seriously injured.

Martial arts power has reached unprecedented weakness.

Now in this situation, only by gathering the remaining martial arts forces of various countries and twisting them into one rope, can we deal with various crises with ease.

“Since everyone has no objection, let’s proceed to the second topic. That is, the disposal of the Kunlun Mountains!”

“Based on our observations over the past few months, we suspect that there must be a big secret hidden in the area of the Kunlun Mountains.”

“Even, that secret may change the course of martial arts in the whole world.”

“So, I suggest that from now on, the Kunlun Mountains will be changed from a public area to a restricted area.”

“Anyone who wants to enter and leave the Kunlun Mountains must obtain the nod and permission of the Wumeng!”

“Prevent unruly people from destroying and coveting the Kunlun Mountains!”

“On this point, I have reached a consensus with Yanxia Martial God Palace.”

“Presumably everyone has no opinion, right?”

Lord Carlo looked around.

The strong people around him naturally agreed.

Carlo’s suggestion is equivalent to a global cooperative development of the miracles on Kunlun Mountain.

Shared risk and benefit.

This is what everyone expected.

After arranging these, the Wumeng was ready to adjourn.

But at this time, the secretary suddenly walked into the venue anxiously and nervously.

If there is something important, report to Lord Carlo.

“What’s the matter, just tell me.”

“Those who can sit here are all trustworthy people.”

Lord Carlo said directly.

“Wang Jue, something happened on Chumen Mountain.”

“Your nephew, Du Bang, led the staff of the Wumeng League. According to the treaty, when he went to the Chu family for a routine inspection, he was attacked by the Chu family!”

“As a result, both legs were broken, and now he has become a disabled person.”

The secretary reported nervously.

When Carlo heard this, he immediately looked anxiously, “This damned Chu family, they are so brave!”
