“Tonight, I will order someone to bring you the chains of the Forge.”

“In front of my Chu family, you all put it on obediently!”

“Still kneeling?”

At the end, Mark shouted again sharply.

The deep and angry voice was like thunder.

The terrifying power was so overwhelming that Aaron and the others could no longer bear it.

bang bang bang bang

Amidst the muffled sound, all the titles in front of them were suppressed by Mark, and they all knelt down.

After a few hours.

The chains forged from fine steel have already been sent up by the DuPont family.

And, in front of Mark, and in front of the Chu family, these so-called leaders of the righteous way, the leaders of the martial arts alliance, all wore them.

As the saying goes, treat the person with the way of the person.

“You have insulted my Chu family so much, and now, I will use the same method to let you experience what it is like to be treated as a slave and prisoner.”

“Within three years, I advise you not to think about taking it off.”

“Otherwise, once I find out, I will destroy your entire clan!”

Mark's majestic and angry voice exploded in an instant.

Behind them, the Chu family was elated, feeling happy.

After the Tang family got the news, they also came to watch.

Seeing the members of the Wumeng being subdued by Ye Fanzhi, they also burst into tears of joy.

"good!"

"OK!"

"You people deserve today."

After the fall of Truman, except for the DuPont family, the fate was better.

Both the Tang family and the Chu family were oppressed and treated inhumanely by the Wumeng.

Now that Mark came forward and made such a bad temper for them, everyone was naturally happy.

"Hahaha"

Chapter 4823

"As expected of the Dragon Lord."

"Under the whole world, only the Dragon Lord has this kind of power."

"The people in the Wumeng do not dare to speak nonsense!"

Angie's brother McDubang looked at Mark with respect and admiration.

Just like that, Aaron and others knelt outside Chu's house for three days.

Came vigorously, and finally left with chains on his body.

The disheveled appearance has become a big joke.

But Mark didn't care about these at all.

From the very beginning, he knew that these so-called Wumeng leaders would inevitably submit.

If they are really bloody, they would rather die than obey.

When Truman attacked the world back then, these people wouldn't be greedy for life and hide in fear of death, and wouldn't dare to risk their lives with Truman.

Mark had already seen through them.

What a bullshit martial arts leader.

They are all greedy and greedy villains.

As long as Mark threatens with his life, they will obey obediently.

The news that the leader of the martial arts league knelt down for three days, wore chains, and returned to the country like a prisoner quickly spread in the martial arts world.

For a time, the world was in an uproar.

In the land of the Indian country, the titles of the Indian country of the king of Buddha, after hearing about it, they almost died of laughter, and their eyes were full of gloating.

Back then they were persecuted by Mark and became Mark's slaves.

But at least, this matter is known by heaven and earth, you know me, and the world does not know.

"Aaron, Carlo, those idiots, it's not good to provoke anyone, but to provoke Brian Chu, that ruthless person."

"Now I've lost all face."

"Everyone wears handcuffs for food, clothing, housing and transportation, and is treated like a prisoner and slave."

"Hahaha"

“This group of old guys, I’m afraid they will have no face in the martial arts circle in the future.”

King Flora and the others laughed.

Before, Mark, in order to punish this group of titled powerhouses in India, made them kneel on the ground, worship Mark as their master, and listen to Mark’s orders unconditionally.

At that time, King Flora and others still felt humiliated.

He felt that Mark was going too far, and even asked them to be a strong man and serve him as his servants.

But now, compared with Aaron and Carlo, King Floro and the others are undoubtedly more balanced in their hearts.

After all, although he lost face, he still saved face.

As for the group of titles in the Wumeng, they lost all face.

In the entire martial arts world, because of what happened to Aaron and others, there was a lot of discussion.

At the foot of Chumen Mountain, Mark brought An Qi to a cemetery.

It has been nearly two years since the head of the Jones family passed away.

The pines and cypresses planted in front of the cemetery are also lush.

An Qi knelt there, crying silently, tears streaming down her face.

It’s been two years and she’s here for the first time.

For the first time, I saw my father’s grave.

An Qi remembered that the last time she saw her father was when Mark left Chumen Mountain, she escaped from the family and went to Noirfork to find Mark.

Once An Qi left, she never came back.

Perhaps, An Qi never thought that the hasty farewell that time was actually a farewell to her father.

“Blame me”

“It’s all my willfulness”

“I killed my father.”

An Qi was distraught and filled with self-blame.

She only felt that all the misfortunes of her family were caused by herself.

If it wasn’t for her willfulness, how could she implicate the family?

If she hadn’t insisted on leaving Trumen Mountain to find Mark back then, there wouldn’t be any subsequent events.

“Sister, I don’t blame you.”

Mike Jones stepped forward and took his sister into his arms comfortingly.

“Truman’s ambition is no longer temporary.”

“At the beginning, even if you didn’t leave the family, you went to Noirfork to find the Dragon Lord.”

“I’m afraid the things after that will still not change.”

Chapter 4825

“The Trumen will still launch wars, and Chu Zhengliang and his son will still attack your special abilities.”

“Of course, if you had married Chu Qitian back then, perhaps our Jones family would not have offended the Trumen, nor would they have been destroyed by the Trumen.”

“But in the end, he will also be trampled out by the Dragon Lord.”

“An Qi, speaking of it, our Jones family should thank you.”

“It’s your dedication to the Dragon Lord that allowed us to recognize the situation in time and stand on the right team.”

“Otherwise, I’m afraid our Jones family would have the status and dignity it has today?”

Mike Jones sighed from the bottom of his heart.

Things in this world are impermanent, misfortunes come with blessings, and blessings come with misfortunes.

What Angie did back then did bring a serious disaster to the Jones family.

However, no matter what the process is, the result now is always good.

The Chu Clan was destroyed, and among the three Chu Clan families, the Chu Clan and the Tang Clan fell completely.

Only the Jones family, after the fall of the Truman family, not only was not suppressed because of this, but swallowed up many of the Truman family’s properties.

Now, the power of the Jones family has spread all over the world, becoming the only super wealthy family.

With the background of the Truman family and the support and background of the Dragon Temple, the Jones family has gone through vicissitudes and power transfers, but just because they stood in line in time, the family has flourished and flourished.

Mark also came up and comforted her, “An Qi, the dead are gone, but the living are still alive.”

“Your eyes just recovered, don’t be too sad.”

“In the future, pay more attention to rest.”

Accompanying An Qi to settle a worry, this trip to Truman undoubtedly came to an end for Mark.

And Mark should leave too.

Get up and bid farewell to An Qi brother and sister.

“Dragon Lord, the world has been decided today, and all countries surrender.”

“There is no more conflict in the world.”

“Why are you in such a hurry to leave?”

“Why don’t you stay here a little longer.”

“Sister She has been thinking about the Dragon Lord for so many years, the Dragon Lord should know.”

“As an elder brother, I naturally hope that my sister can marry the person she loves.”

“However, I also know the difficulties of the Dragon Lord.”

“I don’t ask the Dragon Lord to give my younger sister a title, but I only ask that he can accompany her more.”

Mike Jones said to Mark.

My sister cried out in distress.

I have been with loneliness since I was a child.

Now both parents are dead, only my elder brother is left.

Since ancient times, the elder brother was the father, and Mike Jones didn’t want his sister to endure the pain of lovesickness anymore, so he had the cheek to ask Mark to accept his sister.

But Mark was embarrassed to give full marks.

He glanced at An Qi, and then at Mike Jones with shame, “Before Patriarch Jones died, he entrusted An Qi to me.”

“I should have been with her.”

“However, there are too many things in this world that cannot be controlled by oneself.”

“Although the strange demons have been eliminated, the world has been settled.”

“However, there are still too many things that I need to do.”

“For the rest of the time, I still have to break through the divine realm as soon as possible and hit a higher realm.”

“So, your request, I’m afraid, is really impossible.”

Mark was ashamed.

“Even if it’s really impossible, there’s still time to spend with my sister for a few days.”

“Taking advantage of these days, Mr. Chu can also let my sister have a man and a woman.”

“If that’s the case, even if the Dragon Lord doesn’t have time to accompany my sister in the future, but with his sons and daughters as companions, my sister won’t be lonely anymore.”

Mike Jones is here again.

When An Qi heard this, her pretty face flushed immediately, “Brother, don’t talk nonsense.”

Mark was also a little confused when he heard it.

I wondered what this Mike Jones was planning.

An Qi is still so young, and An Qi is pure and kind, she is still a child herself.

This Mike has already thought about making An Qi a mother.

Before Mark could answer, An Qi directly rejected it.

“Brother Mark, don’t listen to my brother’s nonsense.”

“Just go and do your own thing, don’t worry about me.”

“I haven’t been back to the family for a long time, so I stay with my brother. And my brother is also married, so I’ll get to know my sister-in-law too.”

An Qi’s few explanations eased Mark’s embarrassment.

Chapter 4827

Mark nodded.

Before leaving, she said, “An Qi, then I will leave first.”

“If you have anything to do, you can go to Yinguo Shenshan to find me.”

Mark still has things to do, after all, he can’t stay here for long.

Just like that, brother and sister An Qi sent Mark away.

“Silly sister, why don’t you stay with him for a few nights?”

“As the saying goes, a mother is more valuable than a child.”

“If you can give birth to a boy and a half girl for the Dragon Lord, why would he be willing to leave you?”

“The dragon lord is majestic and majestic, surrounded by countless beauties and beauties.”

“If you don’t have flesh and blood for the Dragon Lord, how can you compete with other women?”

Mike Jones sighed again and again, with a tone of hatred. Angie shook her head and smiled.

Watching Mark’s back slowly go away, but there were two lines of tears flowing down her eyes.

No one knows what An Qi is thinking at this moment.

And after leaving Trumen Mountain.

Mark was ready to return to the secret realm in India to continue his cultivation.

Although An Qi's matter has come to an end, Yue'er's life and death are still unknown.

Mark still has to break through the divine realm as soon as possible.

However, before returning to the secret land of India, Mark still went back to Kunlun Mountain first.

The previous gate of heaven cannot be opened in vain.

Mark always felt that it should be useful.

Today's Kunlun Mountain is still sealed and guarded by various martial arts sects.

Of course, this time, no one dared to stop Mark.

After several months, Mark came to Kunlun Mountain again, but it was already a different scene.

With a radius of hundreds of miles, the vegetation is towering.

The former barren land now looks like a paradise.

Moreover, the flowers and plants among them are even more comparable to the treasures of heaven and earth, full of aura.

Of course, the most eye-catching thing is the plant directly below the Tianmen.

A few months ago, that plant was only as tall as a person.

But now, it has already reached tens of meters.

The trunk is thick and the branches and leaves are luxuriant.

Fall to a towering ancient tree that is hundreds of years old.

It was nothing like the young tree that was only three months old at that time.

And, it seems to be growing every day.

Even Mark couldn't help being surprised.

"What kind of tree is this that grows so fast?"

"Dragon Lord, are you back?"

Gaia's surprised voice came from behind.

These days, apart from occasionally going out to chat with young women, Gaia spends most of her time in the Kunlun Mountains.

No way, Mark's order, he had to obey.

Moreover, Gaia stayed here to keep the Dragon God Temple alive in the Kunlun Mountains.

Otherwise, after a long time, it is estimated that the martial arts of various countries will divide this mountain area among themselves, and they will not have their share in the Dragon Temple.

"Um."

"Is there anything different in the past few months?" Mark asked.

Gaia shook her head, "Dragon Lord, it's still the same."

"The only change is that the flowers and trees no longer grow."

"However, only the sacred tree in front of me is still growing at a terrifying speed every day."

“Moreover, most of the golden energy that flowed down from the Tianmen was absorbed by this sacred tree.”

Because this tree is so miraculous, the people here directly call it the sacred tree.

Mark fell silent for a moment.

Before that, Mark didn't pay much attention.

I thought this tree should not be much different from other flowers and plants.

But now, he felt more and more that this tree was weird.

After hesitating for a moment, Mark waved his long sleeves, and a ray of energy suddenly came out.

I just heard that a green leaf fell from the tree by Mark.

There was crystal clear juice flowing out of it.

Mark held the green leaf in his hand and looked at it carefully.

“Dragon Lord, the leaves of this sacred tree are full of extremely pure heaven and earth energy.”

“It can be used as medicine or as tea.”

“Many people's minor injuries and diseases can be cured only by drinking the water soaked in this leaf.”

“Moreover, the juice in this leaf, if taken directly, has miraculous effects on cultivation.”

“During this time, several warriors have broken through to the realm of martial arts masters with the help of the sap of this sacred tree.”

“Now, this sacred tree has been controlled by all parties.”

“Every day, you can only pick ten leaves at most.”

“I'm afraid that if I pick too much, I will kill this sacred tree again.”

Gaia narrates from the sidelines.

Chapter 4829

When Mark heard this, he shook his head and sneered, "Those rats, the scars are so healed that they forget the pain."

"During the Longmen training, they could not withstand the temptation of strength, so they flocked to it."

"It ended up being controlled by the human soul."

"Now, the origin of this tree is unknown, and they are taking it indiscriminately."

"Not afraid of repeating the same mistakes."

Mark said coldly.

Gaia's old face suddenly became ugly, "Dragon Lord, shouldn't it be. This is just a dead tree, without soul consciousness, it shouldn't be able to control our minds, right?"

Gaia was a little apprehensive and frightened.

Mark glared at him angrily, "You must have eaten this old thing, right?"

"The guys below can't control it, and you can't control the one above?"

Mark reprimanded for a while.

Gaia bowed her head in shame and did not dare to speak.

"Okay, don't worry too much."

"I took a look. This juice should be purely formed by the force of heaven and earth, and there should be no mystery."

"Of course, I'm just guessing."

"I'll take it back and let Wan'er take a look."

"You stay here, and if there are any changes, tell me in time."

Mark exhorted in a deep voice.

After speaking, Mark walked around the mountain range again.

He even flew to the top of the sky and had a close look at Tiantian Gate.

Yes, the gate of heaven is still there.

Moreover, the golden brilliance flowed out continuously from the inside like a tide.

Mark tried to enter again.

However, that invisible barrier still kept Mark out.

“What the hell is it?”

Everything that happened after the Kunlun Mountain War was confusing to Mark.

This day the door was opened and there was nothing.

It just keeps pouring out these light spots.

If there is really some kind of consciousness manipulating behind this gate of heaven.

Then their purpose is to transform this mortal world.

Let the earth, which has been exhausted with spiritual energy, also become a fairyland?

After all, in Mark's opinion.

These golden light spots are pure spiritual power of heaven and earth.

Now, it keeps flowing out like it has no end.

There must be some intention, right?

Mark thought about it for a long time, but he only guessed that the appearance of the Tianmen is to transform the mortal world of this earth.

Let the earth be filled with the spiritual power of this heaven and earth.

After researching for a long time, I still got nothing.

Mark returned to the secret realm of India and continued to practice in closed doors.

At the same time, when seeing Wan'er, Mark gave the leaf of the sacred tree to Duanmu Wan'er.

After Duanmu Wan'er saw it, she was very surprised.

"Brother Mark, where did you come from, this leaf?"

"It is actually rich in the essence of heaven and earth, full of aura of the sun and the moon."

"The energy contained in this juice is even comparable to the elixir I have refined for you."

Duanmu Wan'er is quite accomplished in alchemy.

In her eyes, this leaf is undoubtedly an excellent alchemy material.

"It's the tree I showed you before."

"Wan'er, I don't know why, but I always feel that this tree is a bit weird."

"Now, can you see where it came from?"

Perhaps it was his natural cautiousness that made Mark always have a heart for that tree.

You know, before Tianmen, he saw with his own eyes that a seed was scattered.

Finally, it grew into this big tree.

“Is there still a way?”

“It’s just a tree, where does it come from?”

“Could it be that you were eaten by a tree?”

The scalper next to him laughed.

Duanmu Wan’er looked at it, but still shook her head, “Brother Mark, if you just look at this leaf, it’s not much different from other trees.”

“I don’t really see any particular origin for it.”

“Alright then.” Mark nodded.

Perhaps, he was really worrying too much.

Chapter 4831

Yes, just a tree.

Even if the grass and trees have spirits, it is difficult to move.

Even if there is a real threat in the future, it is estimated that it will be difficult to cause too much damage.

In the future, if you see any doubts, you can uproot it at worst.

As for now, Mark also has the intention of pulling out this one.

But after thinking about it, if this tree is really a spiritual plant left from the fairyland, if it can transform the earth with exhausted spiritual energy and turn this mortal world into a fairyland, it will undoubtedly be a good thing for Fukuzawa Bandai.

If such auspiciousness was pulled out by himself, wouldn’t that ruin a great opportunity for the human race?

Therefore, after careful consideration, Mark still chose to wait and see what happened.

Wait a little longer and see what changes will happen in this world.

After figuring this out, Mark didn't worry about it.

Instead, retreat and break through in the secret realm on the spot. ,

Now Mark has reached a bottleneck period.

Just simply absorbing energy has been difficult to produce too much effect on his cultivation base.

Therefore, it is necessary to cooperate with actual combat and practice.

And Mark's actual combat target is naturally the old scalper.

In the next period of time, Mark continued to attack the higher level of Yundao Tianjue technique, which was to confront the scalper.

"go away!"

"If you want to beat you, go outside and find those humans to beat you!"

"Don't yell at me, old cow?"

"I am Cao!"

"Mark, are you an idiot?"

"My old cow has already said, if you don't fight with you, you still beat me?"

"Oh shit!"

"You bully the cow too much, I will fight with you!"

The time in the cave is always boring and slow.

However, because of the noise of Mark and the scalper, this boring time undoubtedly became more interesting.

Even time feels like it's passing extremely fast.

In a blink of an eye, a year has passed.

Mark, who had been isolated from the world for a year, decided to go out and see if there had been any changes in the Kunlun Mountains.

At the same time, the old scalper was really holding back, and wanted to go out and see the girls outside.
