“There is also Jiangbei, who agreed to meet Uncle Hu.”

Yueyao recalled the years when she and Mark were in Jiangbei together.

Especially the family who used to live here, now speaking of it, they haven't gone back to see them for many years.

“Yao'er, I can only go next time.”

“This tree is really weird.”

“I must identify the species of this tree earlier.”

“It's good to know, keep him or not.”

Returning to Kunlun this time, seeing this tree, Mark's inner uneasiness indeed became more and more intense.

So, after explaining clearly to Yueyao, Mark rushed back to Yinguo Shenshan at full speed to find Wan'er.

“Brother Mark, are you back so soon?”

It took only a few days for Mark to leave this time.

Seeing Mark return to the secret realm so quickly, Duanmu Wan'er was surprised.

Mark looked around, “Huh? Where's the scalper?”

“Why can't I see it?”

Mark searched everywhere, but he couldn't feel the slightest breath of the scalper.

Duanmu Wan'er smiled and said, "Shortly after you left, it left cursingly. Next time, when you meet him, you must be more careful. It seems to be resentful of you, leaving him alone and leaving."

Mark was also helpless, "This dead cow doesn't know what's good outside, so he insists on going out."

Mark shook his head and smiled.

Then, without any more nonsense, I handed that leaf to Duanmu Wan'er.

"Wan'er, if you look again this time, you may recognize the origin of this sacred tree?"

"Is it this big already?" Duanmu Wan'er was also surprised when she saw it.

A year ago, it was still a small piece.

In just one year, the leaf has grown several times in size.

"Brother Mark, I need some time."

Duanmu Wan'er took the leaf, looked at it a few times, and frowned slightly.

She seemed to have an idea, but wasn't sure.

Chapter 4843

Just tell Mark, give her some time.

"Okay, I'll wait for you." Mark replied.

Then, Duanmu Wan'er walked back to the stone room alone, and observed the patterns and the shape of the leaves one by one.

I thought it would be soon.

However, Mark did not expect that this wait would last for three days.

Three days later, Duanmu Wan'er, who was full of solemn eyes, walked out.

"Brother Mark, are you sure that this leaf was picked from that tree?"

Duanmu Wan'er asked solemnly.

Mark nodded, "Yes, Wan'er. What kind of tree are these leaves?"

Duanmu Wan'er's pretty face turned pale, "Brother Mark, I'm afraid something bad will happen."

"Earth, it may really be over."

"This kind of tree actually grows on the earth."

"Hopeless."

"It's completely hopeless."

"Brother Mark, don't go out anymore."

"From now on, stay in this secret realm forever."

"The earth is going to be destroyed, and all statements will be extinct."

"In a few years, the earth will no longer exist in this universe."

Duanmu Wan'er talked repeatedly.

The pretty face was full of panic and horror.

In fact, when she saw this leaf, she was already suspicious.

But she wasn't sure.

Until, during these three days, she carefully observed the lines on the leaves, and finally, it perfectly matched with what she remembered, an extremely terrifying creature!

"Wan'er, don't scare me."

"What's the matter?"

"What kind of tree is this?"

“It’s just a plant, can it be more powerful than strange demons?”

“The strange demons have not been able to destroy the earth.”

“This dead tree, can it be done?”

Duanmu Wan’er shook her head.

“Brother Mark, you don’t understand.”

“This tree is not a mortal thing at all.”

“In my inherited memory, it was born in the place where the universe was destroyed, and grew at the end of the world and the fairyland.”

“Wherever it grows, it will absorb all the nutrients and energy of the world.”

“In the end, the planet collapsed and the world was destroyed.”

“That’s why this kind of tree is called the World Tree!”

“This kind of tree has long gone beyond the category of plants.”

“It has its own consciousness and spiritual knowledge, and their wisdom is not weaker than any strong human being.”

“So, now that it has appeared on the earth, it undoubtedly means that all life and power on your earth will be reduced to its nourishment.”

“Until it drains the last drop of energy from the earth, it will leave and continue to search for the next food.”

Duanmu Wan’er said very solemnly.

The more Mark listened, the colder his heart became. The more he listened, the colder his spine felt.

Hearing the end, Mark could no longer calm down.

He turned and left.

“Brother Mark, where are you going?”

“Before they fully grow, I will cut them!” Mark said coldly.

Duanmu Wan’er shook her head, “Useless Brother Mark. The power of World Tree is beyond your imagination.”

“If it wants, you humans can’t pick off any of its branches and leaves.”

“This leaf probably fell off on its own initiative.”

Duanmu Wan’er was still persuading.

But Mark didn’t listen at all.

How could he give up willingly if he didn’t give it a try.

Chapter 4845

Moreover, there is still a trace of fantasy in Mark’s heart.

That is, Wan’er made a mistake.

This tree is just an ordinary tree, not a world tree, let alone destroy the earth world.

With this thought in mind, Mark left the secret land of India again, passed the Thunder Well, and rushed to Kunlun Mountain at full speed.

“Dragon Lord, why are you here again?”

In the Kunlun Mountain camp, Gaia brought a few young women from nearby cities, but before they were brought into the house, Mark appeared again.

Gaia was blinded immediately, his old face twitched, and he wanted to explain.

But Mark ignored him.

Rush directly under the giant tree.

In just a few days, the tree grew several meters taller.

Without saying a word, Mark punched the thick tree hard.

“Dragon Lord, what are you doing?”

“stop!”

Mark’s actions naturally shocked everyone present.

Even Gaia quickly stopped it.

This sacred tree is miraculous, its leaves can heal wounds, and it is also helpful for cultivation. Seeing that Mark actually wanted to destroy this tree, everyone naturally couldn’t bear it and came to stop it one after another.

“Go away!”

Mark yelled sharply, the sound waves were like thunder, and indeed the strong people around him were blown away.

Then, that mighty and domineering punch that was almost overwhelming hit the tree hard.

“It’s over!”

“It’s over!”

“In this world, there is no god tree anymore”

“It’s violent!”

Many people can’t bear to watch it anymore.

Mark is such a strong man.

With his fist, it is estimated that the Baizhang mountain could be smashed to pieces.

What’s more, what about vegetation?

However, the sorrow of the people did not last long.

After Mark's fists and feet fell, everyone was surprised to find that the towering sacred tree was not damaged at all.

Not even a single leaf fell.

"This this"

"How can this be?"

Mark was completely shocked.

He looked at the scene in front of him in disbelief.

Mark knew how powerful his punch just now was.

However, he couldn't even shake a single leaf.

The tenacity of the World Tree undoubtedly exceeded Mark's expectations.

However, it was different from Mark's shock.

After seeing this scene, the titles of the countries behind him breathed a long sigh of relief.

"Fortunately."

"Fortunately, nothing happened."

"Otherwise, how can we use this sacred tree to cultivate in the future."

Many people said with emotion that smiles appeared on their faces.

However, their words just fell.

Ahead, there was a deafening roar.

It turned out that it was Mark who attacked the World Tree again.

“Why is this here again?”

“Old Gaia, hurry up and persuade your dragon masters!”

“This Brian Chu, is he crazy?”

“He has become a fairy himself, but he wants to cut off our way forward?”

“His heart can be punished!”

For a time, the crowd was furious.

Chapter 4847

Everyone accused Mark one after another.

Everyone only felt that Mark held a high position and was afraid of being surpassed by later generations, so he wanted to destroy the World Tree.

Being so jealous of the virtuous and capable is the work of a villain.

Gaia was also confused at this time.

He also didn't know why his dragon master suddenly killed a tree.

He grew up here well and didn't mess with you.

However, this confusion is just talking in my heart.

Gaia is not stupid either.

Others dare not frown Mark's brows, so naturally he does not dare to frown either.

“I want to persuade you, I am the subordinate of the Dragon Lord, and I will unconditionally support everything the Dragon Lord does.”

“So, I won't help you dissuade.”

Gaia snorted.

I thought these old guys were really bad-hearted.

They didn't dare to provoke Mark and let themselves be the bad guy.

This time Mark was really excited, and Gaia could guarantee that he had already gone up, but if he said half a word of persuasion, Mark would directly hit his head with a punch.

For a time, facing Gaia's words, no one dared to speak.

There were hundreds of people in the arena, and countless powerful titles, but none of them dared to dissuade them.

He could only watch from behind, with a sad face, Mark violently abused the sacred tree.

However, what is very surprising is that no matter how Mark made a move, let him bombard wildly, he still didn't shake the World Tree at all.

Not to mention destroying the tree, not even a single branch or leaf was knocked down.

"Damn it!"

"I don't believe it anymore."

"I, Brian Chu, can defeat even strange demons, but I can't destroy a dead tree of yours!"

Mark gritted his teeth and roared.

Then, Mark stretched out his arm, shouted loudly, and the sword came.

hum!

At the end of Tianhe, an ancient Yunyang sword came out of the sky as if summoned.

Cut through the long sky and go straight to the land of Kunlun.

In the end, Mark held it in the palm of his hand.

Just like that, above the sky, Mark raised his sword with both hands, and swung his sword at the World Tree below him.

The vertical and horizontal sword energy almost penetrated the sky.

The piercing sword power swept across this void land.

The ancient trees trembled, and the ground trembled.

The world tree that was not moving at all, suddenly, the lines on the branches and leaves burst into green light.

And it was this green light spot that formed a mask outside it, blocking most of Mark's sword energy from the outside.

What shocked Mark even more was that.

Even though the sword energy that broke through the protective cover and rushed in opened several cracks on the tree, they healed at an extremely fast speed under the lingering green light.

"What kind of tree is this?"

Mark's eyes were full of horror.

He realized more and more that a terrible monster seemed to have grown on the earth.

"I am Cao!"

"God, god"

In the mountains behind, the powerhouses from various countries were also dumbfounded.

They always thought that Mark was already the strongest in the world.

It is estimated that there is no life on earth that can block Mark's sword.

But now, this sacred tree not only survived well under Mark's sword, but even healed itself.

"It's worthy of being a sacred tree, it's worthy of being a sacred tree"

"Ha ha ha ha"

"Our earth, we have found a treasure!"

Everyone suddenly became excited.

Chapter 4849

Up to now, they still think that this world tree is a fairy tree, a gift from the heavens to their earth.

However, how would they know that this tree might be able to destroy the world in the future.

"Why is this happening?"

"In just one year, has it been so tough?"

"Is it true that I can't break it?"

Mark's eyes were gloomy, and his face was full of solemnity.

"no!"

"I must destroy it!"

"If you let him continue to grow, I'm afraid it will be even more difficult to deal with in the future."

Mark frowned, and secretly made up his mind that he must destroy this tree.

Just like that, after performing several tricks in a row, Mark did not give up, but instead launched a more violent attack.

Yundao Tianjue, Yunyan swordsmanship, and Mark's breastfeeding energy were all used.

On the Kunlun Mountains, there was a bang for seven days and seven nights.

However, Ren Yefan's sky-shattering and earth-shattering failed to destroy the world tree at all.

In the end, Mark finally gave up.

Duanmu Wan'er was right.

late!

Too late!

In just one year, this world tree has grown to a terrifying existence that even Mark can't break with all his strength.

The strange demon who was sealed under the ground probably sensed Mark's actions and burst out laughing.

"Hahaha"

"Is it just discovered that this world tree is a huge disaster for your earth?"

"It's too late, too late."

"The current world tree is no longer something that your mortal bodies can eradicate."

The strange demon smiled wantonly.

"Brian Chu, Brian Chu, maybe I should thank you."

"You help me push open the gate of heaven and bring the World Tree here."

"On the day your earth is destroyed, the seal that Chu Yunyang planted back then will be broken by itself."

"At that time, I, the strange demon, can completely regain my freedom!"

Under the ground, there was a hoarse voice of strange demons.

Since the battle of Kunlun Mountain, Mark has undoubtedly caused heavy damage to the strange demon.

His mental strength has also become extremely fragile.

They can only hide under the ground and recuperate.

However, the strange demon did not accept his fate.

This world tree is another reliance for him to regain his freedom.

The current world tree is still in the growth stage.

It won't be long before he grows bigger and bigger, and the golden light spot in the Tianmen will not be enough to support its growth. At that time, the World Tree will naturally target the earth.

At that time, all life on earth will become its nourishment.

For these things, at this time, only a few people such as Mark and Yimo know.

At this time, the titles of the countries on Kunlun Mountain are still complacent about Mark's inability to break the World Tree.

However, how do these ignorant people know that the end of the world is about to come.

Mark gave up and destroyed the World Tree, he turned and walked down Kunlun Mountain.

Powerful men from various countries looked at Mark who seemed to be exhausted, "Master Chu, this sacred tree is a gift from God."

"Blessed by God."

"It cannot be destroyed by manpower."

"I hope Palace Master Chu, don't waste your efforts in the future."

Someone persuaded Mark, obviously hoping that Mark would give up the idea of destroying the sacred tree.

Mark looked at them indifferently, and smiled sarcastically, "Gift?"

"After the Longmen incident, you people still haven't come to your senses."

"Do you really think that there are gifts for no reason in this world?"

"The previous Longmen experience, you think it's a gift, what's the result?"

"To tell you the truth, if this tree cannot be destroyed, the disaster it will bring in the future will only be heavier than that strange demon!"

## Chapter 4851

Mark's words were deafening.

Like a bell in the morning and a drum in the evening, it made everyone present feel ashamed and trembling.

"Wu Wushuang title, this meal can be eaten indiscriminately, but the words can't be spoken indiscriminately?"

"It's just a tree, how could it be so destructive?"

Everyone trembled and said.

Now, just over a year has passed since the battle of strange demons.

The entire martial arts world has been quiet for a few years now.

But now, Mark even said that a crisis more terrifying than that strange demon is brewing.

This undoubtedly terrified everyone.

However, everyone still couldn't believe it.

"Master Chu, have you been affected by the incident of strange demons, and there are some jitters, and the grass and trees are full of soldiers?"

"No matter how miraculous this sacred tree is, it's just a dead object. It can't move, so what crisis and harm can it bring us?"

“Besides, this year, we have not lost the favor of this sacred tree, and there is no discomfort or strangeness.”

Everyone talked one after another, thinking of various reasons to refute Mark’s point of view.

The more Mark listened, the more angry he became.

“You short-sighted people have experienced so many things, and you haven’t learned a lesson yet?”

“Truman looks peaceful and harmless when he doesn’t start a war.”

“When Longmen is not activated, it will also give you favors, so that your strength will skyrocket.”

“But what happened?”

“Because of your short-sightedness and connivance, Truman almost wiped out the world of martial arts, and the strange demon almost killed this martial artist.”

“Now, this world tree has grown into a climate. If you don’t find a way to get rid of it as soon as possible, you will just wait for the world to be destroyed.”

“This time, what will be involved will not only be the martial arts world, but also the secular world, covering everyone.”

“Your father, mother, son, and daughter will all die.”

“Even the earth will be destroyed.”

“You idiots, do it yourself.”
