Mark shouted angrily, and left angrily.

At the foot of Kunlun Mountain, only surprise and silence remained.

After leaving Kunlun, Mark went straight to the sacred mountain of India.

Now, the climate of this world tree has been established, and even Mark's efforts have not been able to destroy the tree in the slightest.

In desperation, Mark had no choice but to go back and find Wan'er again to find a solution.

And when Mark returned to the secret realm, on the other side, in the land of Kunlun, everyone was still deeply shocked by Mark's words.

"What should we do now?"

"Is this sacred tree really another disaster?"

Many people froze in place, losing their minds for a while.

Although, so far, this sacred tree has not shown any malice.

From the bottom of our hearts, we still believe that this sacred tree is beneficial and harmless.

However, what Mark said just now is not unreasonable.

After all, any intelligent creature can pretend.

Back then, Truman pretended to deceive the world into martial arts, and the strange demon even used the greed of human nature to almost kill all the titled experts in the world.

It is not impossible that this sacred tree, which looks harmless to humans and animals, is not brewing some kind of conspiracy.

“This matter is of great importance.”

“I suggest that we should report to the higher authorities.”

“As for what to do in the end, let the martial arts leaders of our country discuss and decide.”

Among the crowd, someone suggested.

Mark’s words are, after all, a matter of life and death for all mankind.

Although these people are high-level in martial arts in various countries, their status is respected.

However, they also know very well that they are not qualified to decide such matters that are related to the survival of the entire human race and the life and death of the earth.

After the decision was made, all the powerhouses present used various methods to report to their domestic martial arts leaders.

Hot summer, the land of Yanshan.

The rebuilt Valkyrie Temple is still in charge of the Juggernaut and the others.

Chapter 4853

After they got the news, their expressions changed drastically, and they immediately called the high-level officials of the Martial God Temple to start an emergency meeting.

Ye Qingtian was practicing retreat in Tiannan Mountain at this time. ‘

But even so, the Juggernaut sent fighter planes to pick it up directly from Tiannan Mountain.

“Sword Master, King of Fighters, what happened, what happened?”

“Could it be that Brian Chu rebelled?”

After returning to Yanshan, God of War Ye Qingtian asked doubtfully.

Juggernaut and the others are so anxious to call themselves over, there must be something big happening.

But what will happen?

Today, the world is at peace.

The Truman has been destroyed, the strange demons have been defeated, and the world of martial arts is thriving.

In today's world, the only threat is probably Mark.

After all, only that guy has the ability to disturb the situation in the world.

Therefore, the God of War's only thought at this time was that Brian Chu raised his troops and turned against him!

He wants to emulate Truman and dominate the world.

If this is the case, God of War Ye Qingtian thinks it is a good thing.

At that time, he will definitely bring the Temple of Valkyrie and directly join Mark's camp.

Anyway, they are all Yanxia people, Yanxia people don't beat Yanxia people.

Besides, it's useless to fight.

With Mark's ability, even ten Valkyria Temples are not enough for him to chop!

Join if you can't beat it.

Juggernaut and King of Fighters heard the words, the corners of their mouths twitched, and they said bitterly, "It's about the same."

I'm stupid!

"That brat, is he really rebellious?"

"It seems that he wants to imitate his ancestors of the Chu family and glorify the Chu family again!"

God of War Ye Qingtian said with emotion.

Ye Qingtian has undoubtedly heard about the history of the Chu family.

This family has been the most terrifying martial arts family in the world for thousands of years, with a strong background, and the ancestor Chu Yunyang even saved the world.

However, it gradually declined.

Now here at Mark, another rise and prosperity has been realized.

Under such circumstances, it is not surprising to revive the reputation of the Chu family.

“It’s not Brian Chu.”

“It’s something about as terrible as his rebellion.”

The sword master said in a deep voice.

Then, he asked Little Fighter King Mo Wuya to play a video.

In the video, there is a man standing at the foot of Kunlun Mountain, speaking with angry words

“Do you really think that there are gifts for no reason in this world?”

“The previous Longmen experience, you think it’s a gift, what’s the result?”

“To tell you the truth, if this tree cannot be destroyed, the disaster it will bring in the future will only be heavier than that strange demon!”

The screen keeps turning.

Ye Qingtian was completely shocked and stood up from his seat.

“Isn’t this Mark?”

“What does he mean?”

“Could it be that the sacred tree is also a disaster?”

Just when Ye Qingtian was shocked.

Suddenly, outside the hall, a staff member came anxiously.

“God of War, Juggernaut, Aaron the Great, leader of Soviet Russian martial arts, please speak to you!”

As soon as I finished speaking here, a few more people hurried in.

“The leader of English martial arts, Lord Carlo, please call!”

“French Budo, please call!”

“Indian Buddha Palace, please call!”

All of a sudden, martial arts leaders from several major countries in the world called Yan Xia one after another.

Ye Qingtian trembled when he heard the words.

It looked like something was really going to happen.

After answering the call, the World Martial Arts League quickly took action.

It was immediately decided to convene the Global Martial Arts League meeting overnight, and all national martial arts can attend.

At this meeting, there is one topic.

Discuss what Mark said!

This meeting was presided over by the Sword Master, the Lord of the Martial God Hall.

For some reasons, Aaron, Carlo and others did not go to the scene, but attended the meeting by video call.

Obviously, when Mark put them in shackles and chains, these people only felt ashamed.

I'm sorry to attend, so I have to use this method.

"Let's talk about it, everyone, what are your opinions and views on what Wushuang title said that day?"

Sitting high, the Juggernaut looked at the crowd and asked worriedly.

Chapter 4855

"This is the last resort."

"However, before that, I still want to work hard."

"If it really doesn't work, I have to listen to you and connect my relatives and friends into this secret realm."

When he said this, Mark's heart was undoubtedly extremely heavy.

After all, the earth is the place where Mark grew up.

Now I know that in the near future, it will no longer exist.

That feeling is like losing your home.

Such loss and sadness are undoubtedly beyond words.

"But Brother Mark, I didn't hit you."

"If you want to change the ending of the destruction of the earth, it is almost negligible."

"The power of the World Tree is beyond the reach of mortals?"

Duanmu Wan'er still feels that humans have no chance.

"Wan'er, you are thinking of a way, is there really no possibility?"

Mark didn't want to give up.

Mark has never seen such a beautiful country, thousands of mountains and snow falling.

If you just give up like this, wouldn't this life be dissatisfied and regretted?

Duanmu Wan'er sighed, "Since Brother Mark is so persistent, I can only say that there is still a way."

"That is, brother Mark can step into the divine realm."

"The realm of gods, your body and soul are almost completely different from ordinary people."

"At that time, there may still be a chance to make a comeback."

"However, it's just a possibility."

"It's all speculation on my part."

"In practice, no matter what the result is, I dare not protect the government."

Duanmu Wan'er said softly.

Is it God Realm again?

Mark looked serious.

Sure enough, all the crises stemmed from his own lack of strength.

If he could step into the divine realm, Yue'er should be able to be saved!

If he could step into the divine realm, this world tree might be uprooted!

"Okay, Wan'er, I understand."

"However, I also want to know how long the earth is."

Mark continued to ask.

Today's World Tree is still in the growth stage.

Usually, it just devours the power flowing from the Tianmen, and does not have any other actions.

Therefore, Mark just wants to know how long World Tree will wait before launching an attack on the earth.

“I’m not sure either.”

“But at least, there should be ten years.” Duanmu Wan’er said slowly.

Mark frowned, “Ten years?”

In other words, he still has ten years to prepare.

Within ten years, if he can break through to the divine realm, then the earth will still have a glimmer of life.

If not, he can only live in this secret realm in the future.

“Oh well.”

“Wan’er, within the next ten years, I will do my best to retreat and break through.”

“However, before that, I still need to go out.”

Ye Fandun felt the urgency of time.

However, some things still need to be done.

“Yeah, brother Mark, you can go.”

“During this period, I will decorate the secret space.”

“Try to make this place similar to the environment on Earth.”

“It’s also good to welcome your relatives and friends.”

Chapter 4857

Duanmu Wan’er always respected Mark’s decision.

She is like Mark's virtuous wife, helping Mark make suggestions and supporting Mark silently behind the scenes.

Mark was undoubtedly touched, "Thank you, Wan'er."

Duanmu Wan'er smiled, "Wan'er is also very happy to be able to help Brother Mark."

After a brief conversation, Mark left the secret land of India again.

This time out, Mark's biggest purpose was to find Helen Qiu.

The world tree is shocked, and the end of the earth is coming.

This is an unprecedented crisis.

Duanmu Wan'er said just now that even if Mark breaks through the divine realm, it will only give the earth a chance.

Although Mark didn't ask much, but from this sentence, Mark can also feel how powerful this world tree is.

Even a strong man in the divine realm is not 100% sure that he can defeat him.

In this case, evacuating the earth is almost a must for Mark.

Although there are still ten years!

However, plan ahead.

Mark had to make plans early for his family and friends.

So, after leaving the secret realm, Mark first found Yueyao.

"Mark, I heard the news that the earth is going to be in crisis again?"

"Is this true?" Seeing Mark, Yue-Yao asked.

Mark nodded, "Yao'er, get ready. Maybe, I will take you away from the earth."

What?

Yue Yao was undoubtedly shocked when she heard this, “Are you kidding me?”

“Leaving Earth?”

“Is it really that serious?”

“So serious that the earth may be destroyed?”

“Even you can’t handle it?”

Yue-yao was already frightened.

Even before the Truman crisis or disasters caused by strange demons, Yue-Yao had never been so nervous as she is now.

Because no matter how strong the strange demons are, it is only the martial arts world that will cause chaos. ‘

But the secular world is still singing and dancing.

Most people in the world still live and work in peace and contentment.

But now, Mark told her that she was going to escape from the earth.

Doesn’t this mean that this crisis is really the end of the world, and hundreds of millions of lives will be destroyed?

“Yao’er, this time, it’s really different!”

“Very serious.”

“I hardly see the possibility of humans winning at all.”

“Of course, I’ll give it a try.”

“However, before that, I should prepare for the worst.”

“So, I hope you can help me prepare the evacuation list and supplies in advance.”

“In five years at the slowest, and within three years at the fastest, I will take you away from the earth and go to a secret place to avoid disaster.”

Mark said seriously.

Looking at Mark’s expression, Yue Yao undoubtedly realized the seriousness of the matter.

“Okay, leave the work of evacuation to me.”

Mark nodded, “Many of my relatives and friends are under your protection on the Indian side. Of course, there are also a group on the Noirfork side. I will find someone else to help you with this work.”

Evacuation is a big project.

Who to take away, who not to take away, and the materials that need to be taken away all need to be considered overall.

Of course, if it is considered from the perspective of human inheritance, it may be necessary to take away a group of scientists and some human elites.

However, Mark’s ability is limited.

The only thing he can do is to try to protect his relatives and friends.

As for the others, Mark was powerless.

The space in the secret realm is limited and cannot accommodate everyone.

Chapter 4859

And sit back and watch his relatives and friends die in the apocalypse, but instead protect those experts and professors who are not related to him, Mark absolutely can’t do it!

Perhaps, Ye Qingtian will do this.

But Mark didn’t have such a big awareness.

From childhood to adulthood, Mark's world was very small, and he didn't have any big pursuits or dreams.

The reason why he embarked on the road of cultivation was only for his relatives, to protect the one he loved.

That's all!

Even if he saves the world several times, Mark is not really for world peace,

He just wants revenge, just wants to pursue what he wants.

What is world peace, what is the righteousness of the world, that is what the saints should consider.

Mark always felt that he was just an ordinary person.

It's so ordinary that I just want to ensure the safety of my relatives and friends first.

As for other people, no matter how high your status is and how powerful you are, in Mark's eyes, you are not even a strand of blue hair like the one he loves.

After leaving India, Mark hurried to Noirfork and found Ericson Li.

Seeing Mark again, Ericson Li undoubtedly burst into tears.

Kneeling at Mark's feet.

There is a kind of sorrow for the old minister to see the old master again.

"Mr. Chu, I never thought that I, Ericson Li, would see you again in this life?"

"I only hate that I, Li Ernian, is old and frail and suffering from illnesses. I am no longer useful to Mr. Chu."

"I have to live in this poor country and wait for death to come."

Elder Li burst into tears.

Goodbye Mark, Ericson Li couldn't help but think of the time when he and Mr. Chu dominated Wrifill, dominated Noirfork, and ruled the whole country! .

What kind of scenery was Ericson Li at that time?

With high spirits, he reprimanded Fang Qiu!

Those were the most exciting years of Ericson Li's life!

But now, no matter how glorious the history, in the glorious past, after all, it is just a thing of the past.

Now Ericson Li, an old man, can no longer keep up with Mark's pace, nor can he help Mark in the slightest.

Is it God Realm again?
