“who!”

“Who is it?”

“Take away Wan’er and Yue’er!”

Mark growled angrily.

He rarely loses his composure like this.

But recently, one after another, Mark’s mood was extremely bad, and even his mentality changed a little, and he was no longer as calm as before.

However, just when Mark felt helpless, the originally quiet cave suddenly trembled.

Then, at a tight stone wall, there was a tight stone door, which suddenly opened.

A beautiful girl poked her head and walked over after seeing Mark.

“Wan’er?” Mark was overjoyed, got up and ran over immediately.

“You girl, where did you go?”

“I’ve looked everywhere and can’t find you!”

“Do you know how anxious I am?”

Mark suddenly complained.

Duanmu Wan’er stuck out her tongue: “Oh, brother Mark, it’s okay if Wan’er is wrong, don’t be angry.”

“Come here, I’ll take you somewhere.”

Duanmu Wan’er first apologized to Mark.

Then he pulled Mark across the stone gate.

After passing through the stone gate, the originally narrow space in the cave suddenly opened up.

In the eyes, it is actually a scene like a paradise.

In the distance, there are pavilions, terraces and pavilions, and the rain is resting.

Make out the gurgling water, the singing of birds and the fragrance of flowers.

Above the head, there is even a bright sun shining brightly, and the blue sky is like washing.

After Mark saw it, he couldn't help being shocked.

“Wan'er, this...where is this place?”

Chapter 4895

Mark couldn't help being surprised.

He once thought that he was hallucinating.

He can feel that this is not the earth.

Because the energy of heaven and earth here far exceeds that of the earth.

Moreover, the spatial fluctuations here are completely different from those in the outside world.

Duanmu Wan'er smiled and said, “Brother Mark, this place is still in the cave.”

“How can this be?”

“If this is the cave, what is the place where we lived for several years?”

Mark couldn't believe it.

After all, the environment here is completely different from the previous boring cave.

So much so that Mark couldn't regard them as a place at all.

"Brother Mark, it's true."

"After you left, I originally thought about arranging this cave well to welcome Brother Mark's relatives."

"However, I accidentally discovered that there is a mechanism somewhere on the stone wall that can be opened."

"After I came in, I found this place."

"During this time, I will explore here early in the morning."

"In the end, I came to a conclusion."

"This cave is actually a magic weapon lost in the mortal world."

"Moreover, it is extremely precious and rare, a treasure of the palace type."

"The area we were in before was just the corridor of this palace."

"Here, it should be the courtyard of the palace."

"As for the sky and the sun above our heads, it should not be real."

"It's an illusory scene created by using a formation."

"However, these green plants, birds and animals are all real."

"After all, the energy here is abundant enough to support these little beings."
