

Chapter 491

"You are really a smart man. In fact, the best way to protect Zhao Tongxin is to agree to my request. Otherwise, if my subordinates treat her so unreasonably to you, even I can't help worrying."

Huo Tingchen said with a smile. He raised his glass and took a sip of red wine. Maybe he is in a better mood now, so the taste is very good.

"But I also want you to promise that if I do this for you, you must not do anything to hurt your heart, otherwise, I will destroy what you want with my own hands."

Gu Chen doesn't know that he has been cheated by Huo Tingchen. He feels that he is too weak to speak, and nothing can threaten Huo Tingchen at all, so he can only use what he wants to do to threaten Huo Tingchen. Even he feels that he is a little weak.

But for Zhao Tongxin, he still wants to say this. After all, her shadow still exists in his heart.

"No problem. I promise I won't send someone to go there again. Gu Chen, you still have half a day to prepare. I hope you won't let me down. Besides, I've made preparations for the sudden disappearance of your crew. When you go back, you can say they had an accident. I'll take the rest and finish it. I promise no one will trouble you."

Huo Tingchen's Phoenix eyes flashed an imperceptible smile. His plan was successful again. Although he didn't have the strength to deal with Jin Zhengting now, there was no problem at all if he wanted to bluff Gu Chen. Gu Chen promised to help him, which virtually saved him a lot of trouble. This business was really worthwhile, because he didn't know what to do. He doesn't invest in anything. He likes to do this kind of business with no capital and no profit.

"Well, this time tomorrow, I'll bring what you want, but Jin Ying, I'll take it with me."

Gu Chen suddenly thinks that Jin Ying is still in Huo Tingchen's hands, and he doesn't want her to be in any danger.

"As far as Miss Jin is concerned, I can't help it. It's a matter for me and the Jin family, so you'd better not interfere. However, I can promise you that Jin Ying will be very safe in my hands. You should know Jin Zhengting's power. If I move Jin Ying, he won't give up, right? I don't look like the kind of person who's willing to make trouble for myself."

Huo Tingchen touched his chin and said that he thought it was very funny. But Gu Chen couldn't laugh at this time. He pondered for a moment and said, "you won't let anyone go. How can I explain after I go back? After all, Jin Ying is my assistant. She disappeared for no reason, so I can't escape."

"It's very simple. You can directly tell the Jin family that Jin Ying is in my hands. I kidnapped her in the

chaos of the accident in the location car of the crew. Let the Jin family come to me if there's anything else."

Huo Tingchen complacently said that he would like to see the reaction of the Jin family now. If the reaction is strong, it will prove that Jin Ying's status is still not low, so he can't let go of this trump card to protect her life.

"Well, I'll trust you once. I'll go first."

Gu Chen suddenly remembered what Jin Ying had told him. No matter what Huo Tingchen asked, he would agree to it and leave quickly. It seems that Jin Ying had already thought of it.

So he did not stay here too much, and Huo Tingchen said, also ignore his reaction, directly out of the office.

"Boss?"

The door spreads the inquiry of hand, obviously they didn't receive an order, so can't let Gu Chen leave.

"Send Mr. Gu Chen away."

Huo Tingchen drank the red wine in one gulp, and then told his men: "please let Miss Jin in."

Soon, the two men came in with Jin Ying, put Jin Ying on the sofa, bowed to Huo Tingchen, turned and walked out.

"Huo Tingchen, have you achieved your goal?" Jin Ying said faintly that there was no expression on her face. At this time, she could not see any sadness and happiness.

"Oh? Does Miss Jin know what I'm looking for Gu Chen for? "

Huo Tingchen looks very interested and asks Jin Ying with a smile. Even if she is blind, Huo Tingchen is still a polite gentleman in front of girls.

"If I didn't guess wrong, you must want to get something from Zhao Tong, otherwise, you won't find Gu Chen."

Jin Ying's expression is still calm. She just says it lightly, like describing something that has nothing to do with her. From her emotion, no one can see what she is thinking.

As soon as Huo Tingchen's face changed, he found that he had underestimated the Jin family who had lived in Jin Zhengting's aura since childhood. She had the same insight as Jin Zhengting. From the broken fragments, she could piece together the general skills of things. Not everyone has them.

He suddenly felt that he was more and more interested in Jin Ying.

"Miss Jin, you are very smart. I'm not complimenting you. I'm praising you from the bottom of my heart. I don't think you have such a smart mind."

Huo Tingchen's face returned to normal. He said to Jin Ying with a smile. A flash of inspiration came to his mind and he found a very important message. Jin Ying showed her intelligence everywhere from the beginning, which is definitely not a normal phenomenon. If Jin Ying is really a smart person, she should be very afraid and pathetic, instead of letting him see her wisdom intuitively.

But it seems wrong to say that Jin Ying is acting smart. She doesn't have to do so in front of herself.

Then there is only one answer, that is, Jin Ying is deliberately showing him her ability, which shows that she is not very hostile to Huo Tingchen, but is seeking some kind of cooperation, and ability is her capital.

Thinking of this, Huo Tingchen's Phoenix eyes flashed with a strange brilliance, because he thought of a famous saying that all the strongest fortresses were broken from the inside. The fortress in front of him was undoubtedly the Jin family who had absolute power in Jiangbin, and Jin Ying was likely to become a very important chess piece for him to stay in the Jin family.

"I should thank you for your praise, but I don't seem to be able to stand your praise. After all, I'm just a blind man who always keeps company with the dark."

Jin Ying said calmly, but the muscles at the corner of her mouth trembled slightly. Huo Tingchen's eyes lit up. He saw a trace of resentment from Jin Ying's expression.

Yes, it's that kind of deep-rooted resentment. Huo Tingchen's brain turns rapidly, and a huge plan forms in his mind instantly.

"Miss Jin, your eyes are hurt by Xu Yanke, and I hate Xu Yanke's betrayal to me, so from this point of view, we are on the same line."

Huo Tingchen did not immediately put forward the request for cooperation, but first euphemistic exploration.

Sure enough, when she heard Xu Yanke's name, Jin Ying's facial muscles trembled a few times, but she still kept the expression that the whole world had nothing to do with her, and her tone was particularly flat: "don't mention the past. After all, she is my sister. I can't take revenge on my sister, so it seems too inhuman."

Huo Tingchen's face changed slightly. Jin Ying's words made him feel that he was wrong, but he didn't give up. Instead, he asked:

"if I can avenge Miss Jin, you should know that although I have an irreconcilable hatred with the Jin family, it's also with Jin Zhengting, and now I want Xu Yanke to pay the price. I think you should have heard about last night, She not only betrayed me, but also calculated me last night, so I will never let her be happy. "

With that, Huo Tingchen's eyes did not blink, looking at Jin Ying, trying to see through her innermost thoughts from her subtle expression.

However, he was disappointed very soon. Jin Ying's face didn't change, even the muscle shaking disappeared. The corners of her mouth raised slightly, showing a very indifferent smile: "that's between you and her, and it has nothing to do with me, so you don't need to tell me that."

Huo Tingchen was a little disappointed, but he still felt that Jin Ying had her own ideas, so he didn't attack. He continued to smile and say, "well, does Miss Jin need my help? As long as you speak, I can do it for you."

"Huo Tingchen, don't you think this sentence is very fake? Who are you? You are the remaining sin of the Huo family. Would you compromise with a member of the Jin family and help her fulfill her wish? "

Jin Ying showed a mocking smile, her eyes are facing Huo Tingchen, if you can open it, then you can foresee that her eyes are full of mockery.

Huo Tingchen's face changed, he tried to suppress the anger in his heart: "Miss Jin, I have been very polite to you, so you'd better not touch my bottom line, otherwise, it's hard for me to guarantee that I won't do anything to hurt you."

Jin Ying sneered again: "Huo Tingchen, do you know why I lose to my brother every time?"

Huo Tingchen's pupils suddenly contracted, which has always been a problem for him. He claimed that he would never lose to anyone, but he didn't know why he would lose to Jin Zhengting every time, which has become a pain in his heart.

"Can miss Jin answer for me?"

His Phoenix eyes are full of blood. He clenches his fists tightly. Every time someone mentions this, he can't restrain the impulse to kill. If Jin Ying stimulates him again, he doesn't mind letting Jin Ying disappear from the world immediately.

Jin Ying said with a smile: "I know you are very angry now, because your breathing has been very disordered, but I don't want to stimulate you. That's the fundamental reason why you can't compare with my brother. Many times you can't control your emotions, which will kill you."

Jin Ying said with a sincere voice. It seemed that an elder was teaching a lesson to her children. Huo Tingchen was disgusted with her tone, but when she was careful, it seemed that what she said was not

wrong at all.

Every time it's the most critical time, his emotions will influence his actions, so he won't think very carefully, let Jin Zhengting seize the flaw, this is his weakness, but no one has ever mentioned it in front of him, because if someone irritates him, he will tear the person who irritates him to pieces.

Jin Ying put it forward in front of him. Strangely enough, Huo Tingchen's anger that he might run away at any time suddenly disappeared. His brain has recovered calm, and he sat on the sofa and nodded quietly: "you're right. I do have this weakness. Every time I'm influenced by emotion." "Do you know why I'm telling you that?"

Jin Ying asked faintly. She didn't seem to be interested in Huo Tingchen's answer at all. It was because she should have asked.

Huo Tingchen didn't think so. He had heard the implication from Jin Ying's words, so he said, "I don't know, so please let Miss Jin tell me clearly."

"The reason is very simple, because I want to cooperate with you, but I don't like a person who is only influenced by emotions to be my partner."

Jin Ying's reply surprised Huo Tingchen. He was stunned and asked, "I really want to know why."

"Why? Don't you think I'm the poorest person in the world? "

Jin Ying's face finally showed a look of pain and turned into a ferocious face: "Huo Tingchen, I think you should be able to experience the feelings of a person who has been abandoned. If it is you, don't you want to revenge on such a cold family?"

Chapter 492

"I don't quite understand what Miss Jin means. I don't understand why you want to cooperate with the biggest enemy of the Jin family. If there is not enough reason to convince me, I think I have reservations about this cooperation."

Huo Tingchen wants to cooperate with Jin Ying very much. After all, as Jin Ying, if he can win her over, it will be less difficult to deal with Jin Zhengting. However, he must be cautious about this matter, because he can already feel that Jin Ying is a woman who can't be controlled. Moreover, judging from the current situation, it can't be ruled out that this is her plan to postpone the war. Be careful, there will be no mistake.

"I know you are a careful person, but many times you are too cautious, which will waste a lot of opportunities to gain an advantage."

Jin Ying regained her calm. She said faintly. From her tone, she could not hear any sadness or joy. It

seemed that nothing could make her interested.

"Oh? Miss Jin can say it more clearly. In addition, you'd better answer my question. I admit that I'm an over cautious person, but don't forget that I'm in a totally different environment from you. If I take a wrong step, the mistake may be irreparable. "

Huo Tingchen is also honest. He knows a truth. In front of a smart person, especially a smart person who may become a partner, it is best to tell the truth, otherwise it will affect the quality of cooperation.

"Well, since you want to know, I'll tell you, but is that how you treat your guests? I've smelled Raffi in '82. Won't you buy me a drink? "

There was a faint smile on Jin Ying's face, but Huo Tingchen could see that her smile was very stiff, which should not be from the heart.

However, these questions are not the key points. What he cares more about is Jin Ying's sincerity in cooperation with him. So a gentleman poured a glass of wine and put it in front of Jin Ying: "I'm sorry for my poor hospitality."

Jin Ying fumbles to pick up the wine glass and gently shakes it in her hand. As a daughter of a wealthy family, she is expert in how to taste red wine.

"There are only three reasons why I choose to cooperate with you. First, like you, I hate the Jin family very much. Maybe you won't believe it. After all, I am a member of the Jin family."

Jin Ying said without expression, gently touched the red wine in the glass with her delicate lips, and the red liquid was as bright as blood.

"No, I believe Miss Jin resented you for the attitude of Jin Zhengting towards you and the attitude of the Jin family after you were injured, right?"

Huo Tingchen soon thought of where Jin Ying's hatred came from, although he was not sure.

"It's true that Jin Zhengting once loved me very much, but he put me in a mental hospital for a woman. No one knows how much torture I endured there, but I didn't blame him at that time. After all, he seldom fell in love with a woman. I think he was just fascinated by Zhao Tong until he knew it. When Zhao Tongxin is not the only one in the white world, he will understand. "

Jin Ying's voice doesn't have any waves. It seems that she is telling something that has nothing to do with her. However, from her slightly ferocious expression, Huo Tingchen still finds that she cares about Jin Zhengting's attitude towards her.

"Miss Jin, it seems that this reason is not enough. I don't believe that you have to take refuge in the biggest enemy of the Jin family just for the sake of Jin Zhengting's attitude towards you. If there is only

one reason, I think it's hard for you to convince me."

Huo Tingchen has a smile in his eyes. He knows that Jin Ying can't see it, so he doesn't disguise it deliberately. He also knows that Jin Ying won't make enemies with her family just because of this. There must be deeper reasons. He is waiting for Jin Ying to say it.

"This reason is really not enough. Don't let you believe it. I think I can't even convince myself with this reason alone. After all, I'm the daughter of the Jin family. I can't be against my parents and brother because of these unfair treatment."

Jin Ying took a sip of red wine and continued to say faintly: "the second reason is my eyes. My eyes are blinded by Xu Yanke, but she is my sister. Although I can't revenge, the Jin family should at least have an attitude. I was born in the Jin family, but she is just a daughter who has been abandoned for more than 20 years and blinded me, Jin Zhengting As the head of the family, he can't admit her status in the Jin family even if he doesn't use the family law against her. But he does, and he will let Xu Yanke return to the Jin family to recognize her ancestors for some time in the future. None of them has considered my feelings. If you are me, I think you will have a deep hatred, right? "

Jin Ying's face flushed. I don't know whether it was the effect of alcohol or whether it was because of her emotional excitement.

Huo Tingchen had a stronger smile in his eyes. He pretended to sigh: "if it was me, I would not give up. This clearly means that in the Jin family, your status is not as good as that of Xu Yanke, who has been wandering outside for more than 20 years and has never been back to the Jin family. I can't swallow this tone."

"Of course, I once said to Xu Yanke that I wouldn't blame her, but I didn't intend to forgive her at all. When I was so young, she took away the light forever. No one could help me feel the pain in my heart. Xu Yanke didn't know it and Jin Zhengting didn't know it. They were always ignoring me, because I was not important at all. So I want them to regret it forever I regret my attitude to youJin Ying's tone is no longer calm without emotion. Her voice is a little hoarse and slightly trembling. It is obvious that her emotion is on the verge of breaking out.

She has really been depressed for a long time. Maybe she didn't get enough attention after she lost her sight, maybe she felt that the Jin family was unfair to her, and her silent and not good at expressing her personality. All these gradually accumulated in her heart and made her psychology gradually distorted.

"Miss Jin, regardless of your status as Miss Jin, I feel very sorry for you. No matter who is treated like this, I don't think anyone can bear it."

Huo Tingchen said that he has now confirmed that Jin Ying has serious psychological problems due to blindness, and her world has been distorted in the permanent darkness. This is undoubtedly a great news for him.

He likes to see Jin's family killing each other, and also shows strong expectations for Jin Ying's sudden defection. Maybe he can use Jin Ying to complete the reversal of Jin Zhengting, because no one will think that Jin Ying will be the one who helps Huo Tingchen.

"Huo Tingchen, do you believe what I said? If you don't believe it, it doesn't matter. I'll be your hostage here. But I advise you not to use me to threaten Jin Zhengting, because it's futile. I don't have any position in his heart or in the mind of the whole Jin family. If you do this, it will only stimulate Jin Zhengting more, and nothing else will work, or simply Kill me. "

Jin Ying doesn't have any look of fear. In her opinion, death is not a terrible thing, but more like a relief.

"No, Miss Jin, how could I kill my most reliable partner?"

Huo Tingchen said with a smile: "Jin Zhengting didn't see your value, but I can see that you are a very intelligent and thoughtful person. I need your help, so I look forward to the cooperation between us."

"Don't you want to hear my last reason?"

As for Huo Tingchen's acceptance of cooperation, Jin Ying doesn't have any fluctuation, which is also a trait Huo Tingchen likes very much. He needs a helper who keeps calm all the time to make up for his personality defects. Jin Ying is undoubtedly the best candidate.

"Please tell me, Miss Jin. Although I don't think I need any more reasons, as long as Miss Jin wants to say it, I'll be all ears."

Huo Tingchen was very gentlemanly. In fact, he was curious about Jin Ying's last reason.

"The last reason is the reason why I choose to cooperate with you, that is Zhao Tongxin."

Mentioning Zhao Tongxin's name, Jin Ying's face suddenly changed. The flush on her face faded and turned into a very sad pale. The muscles at the corners of her mouth were shaking slightly, and even the corners of her eyes were beating rhythmically.

Huo Tingchen saw Jin Ying as like as two peas in the extreme anger.

"Don't get excited, Miss Jin. Let's talk slowly. To be honest, I really appreciate you, so it's important to take care of yourself. I need your help in many things in the future."

He comforts Jin Ying timely because he is a man who is good at seizing opportunities. He knows that when women are most vulnerable in their hearts, they are most easily controlled.

Jin Ying took a deep breath, her face gradually calmed down, and her face showed an imperceptible touch. She said with a faint smile: "thank you for your concern, I'm ok."

Huo Tingchen's mouth showed a sinister smile. He knew that he could always grasp the subtle opportunities. Jin Ying had been moved by him, so he had more confidence in the future cooperation.

"You're welcome, Miss Jin. You can go on with one last reason."

Jin Ying bit her teeth: "I hate Zhao Tong's heart. She takes everything from me. From my brother to Gu Chen, as long as it's something I like, she will always come to fight with me. Even if I'm blind and I like Gu Chen, she will stay in his heart and make him refuse to accept me. I want her to disappear and disappear from everyone's heart."

Her expression is ferocious again, which makes Huo Tingchen, who is famous for her ruthlessness, feel a chill behind her. If a woman is jealous, then this kind of hatred is really terrible.

"Don't worry, Miss Jin. I will take revenge for you. I hope we can cooperate happily."

Huo Tingchen chose to believe Jin Ying's words, because in the current situation, although he and Cheng mobing are united and have a slight advantage in strength, they still maintain a deadlock with Jin Zhengting. Therefore, if he wants to break through the current situation, he has to find decisive help. It is obvious that Jin Ying, who is at the core of the Jin family, is the target. It's the best person in the world.

"I'll cooperate with you. I don't want anything. I just hope you promise me two things."

Jin Ying did not immediately show her attitude, but calmly talked about the conditions with Huo Tingchen.

"Miss Jin, as long as you sincerely cooperate with me, let alone two, there is no problem with twenty."

Huo Tingchen's mood seems to be a little urgent. He needs Jin Ying so much now. He has a feeling that he will defeat Jin Zhengting one day. This feeling is unprecedented."No, I only want you to take the Jin family one day. The first thing is to let Jin Zhengting live. After all, he is my brother. The second thing is to give Xu Yanke and Zhao Tongxin to me and let me dispose of them. As for the property of the Jin family, I don't have any interest. I understand enough."

"There's no problem with either. I can promise you, and I promise I'll do it."

Chapter 493

Huo Tingchen agreed to Jin Ying almost without hesitation, because these are all empty promises for him, and it doesn't matter if he doesn't cash them first. When he can really defeat Jin Zhengting, he will become the master of Jiangbin, and everything will be as he wants.

"Huo Tingchen, you answered too quickly. You didn't think about it at all. We are all smart people, so you don't need to use this tactic to slow down the attack."

Jin Ying's face once again showed that kind of sarcastic expression, but this time it was not too obvious.

Huo Tingchen coughed awkwardly: "Keke, Miss Jin thinks too much. I promise that I will do what I promise you. Please rest assured. I'm a man of reputation, especially for beautiful girls."

Jin Ying's face showed a faint smile: "I can only trust you now, although you are not a trustworthy person. As your partner, I would like to ask, what are you going to do next?"

"Of course, we sent Miss Jin back safely. Now that we are in a cooperative relationship, I can't imprison my partners, can I?"

Huo Tingchen said with a smile that he didn't think it was time to stimulate Jin Zhengting too much, so it was better to send Jin Ying back. As she said, she was not a very valuable target. Maybe the Jin family would give up on her without hesitation.

"No, I don't think we should do this. On the contrary, you must send someone to tell Jin Zhengting that I'm in your hands."

Jin Ying shows a cruel expression, which makes Huo Tingchen feel very uncomfortable. He is vicious enough. In front of Jin Ying, he seems to be far less vicious than he imagined. So he tells himself in his heart, never offend a woman, otherwise he will never know what kind of means she will use.

"Why do you want to do this? To be honest, I had a conflict with Jin Zhengting last night, and the elite of my staff had been exhausted. If I told him the news of kidnapping you at this time, with his overbearing temper, I might immediately bring someone to rescue you, but I can't resist at that time."

Huo Tingchen gave a bitter smile and said helplessly that he could not have told Jin Ying about these things, but he still told her that maybe she was a trustworthy partner.

Jin Ying said with a faint smile: "I can bet 100 million with you. Even if my brother gets the news that you kidnapped me, he won't do anything. Now is the most critical moment. He will think that the purpose of kidnapping me is to distract him from his career. As I said just now, I don't have the weight to distract him to save me . "

Although her tone is very flat, anyone can hear the resentment, which is the fuse of her serious dissatisfaction with the Jin family.

"Miss Jin, as you said, even if I disclose the news to Jin Zhengting, it will not attract his attention, but also arouse his hatred for me. Why should I do such a thing?"

Huo Tingchen doesn't know what Jin Ying is thinking, but he knows that she must have some plans. At the beginning of her first cooperation, she will surely give him a taste of sweetness.

"I do it with a purpose. If I expect it to be good, my brother will not take any action, but Zhao Tongxin

and Xu Yanke will, especially Xu Yanke. She has been guilty of blinding my eyes. When she heard that I was kidnapped by you, she will try to save me. Zhao Tongxin, you should know her personality very well, and she is always happy I think she will support Xu Yanke's decision. "

Jin Ying said expressionless, but from her face, still can see a trace of excitement.

"As long as Xu Yanke comes to save you, he will fall into our trap and lead to Jin Zhengting, right?"

Huo Tingchen marvels at Jin Ying's creativity. At the same time, he is also deeply grateful that Jin Zhengting has ignored Jin Ying. If she becomes Jin Zhengting's assistant, with her ability, no one on her side is her opponent except Xu Zheng.

"Yes, I'd like to see if I'm important or Xu Yanke is important in Jin Zhengting's mind."

Jin Ying said with a sneer that there seems to be something wrong with her spirit. Sometimes she is calm and terrible, sometimes she suddenly has a rich expression. However, this is what Huo Tingchen likes, because they are the same kind of people. For the persistent hatred in their hearts, they have become the craziest lunatics in the world. Maybe this is the sorrow of people like them, maybe it is also their own There is a great opportunity.

"Well, I'll do it according to what you said. It's just that I don't have enough people under me now, and I lost a good man last night. I'm afraid it's not easy to deal with Xu Yan."

Huo Tingchen once again showed his usual caution. He pointed to the right man, who killed Zhao Si himself. And he quickly calculated the strength of Zhao Tong's heart. In addition to the injured Rong Lei, there are three masters, Xu Yanke, Shaoyuan and Rong Qi, whose strength can not be underestimated.

Except for long Jiu, Cheng mobing and Xu Zheng can't count on them. The rest of them are all bad soldiers, so it may be difficult to realize Jin Ying's plan."Huo Tingchen, do you really don't know or pretend you don't know? Don't you have a master all the time? I think she is enough to deal with Xu Yanke. Can't you and long Jiu deal with those two people in Zhao Tong's heart?"

Jin Ying said faintly, as if she knew Huo Tingchen's people like the back of her hand. Obviously, she had expected this day for a long time, and had been preparing for it since a long time ago.

Huo Tingchen frowned: "I only have long Jiu under my command. I really don't know who is the master that Miss Jin said."

He didn't lie this time, because he really didn't know who else could help him.

"It seems that she has hidden so much that you have cheated her."

Jin Ying was a little stunned, but she was soon relieved. She said that the person she hated all the time, so she never paid much attention to it. Only last time when she was on the gambling boat, she

discovered the secret of that person.

"Miss Jin, don't play the game. Who is that man?"

Huo Tingchen asked impatiently. He didn't like this kind of dialogue, because he was more used to the mode of authority. Obviously, Jin Yingzhao met this point. Only considering that she had great use value, he didn't go away immediately.

"That person is your company president, Xu Ting."

Jin Ying hears Huo Tingchen's dissatisfaction, so she doesn't continue to challenge his bottom line. She says Xu Ting's name lightly.

"Xu Ting? Is Miss Jin joking? Why don't I know she's an expert? "

Huo Tingchen laughs. He has been in Jiangbin for many years. Because of the relationship between Zhao Tongxin and Xu Zheng, he also knows Xu Ting to a certain extent. This poor looking Xu family has a lot of money. In addition to being fierce in nightclubs and becoming a famous socialite in Jiangbin, he really doesn't know that Xu Ting is a master who has been hiding for a long time.

"Do you think I'm joking? What I didn't know was that last time on the cruise ship, I heard her slap the table by chance. People with normal eyes like you can't hear it. However, after my eyes became blind, I found that my hearing became very sensitive. When she slapped the table, I could even hear the sound of the fiber breaking on the table. If she was not an expert, How could it be so powerful? "

Jin Ying says faintly that Huo Tingchen's face becomes dignified. He believes Jin Ying's words, because they want to deal with Xu Yanke, who is one of Jin Ying's biggest enemies, so she won't lie to herself in this matter, but he is shocked. It seems that he underestimates the Xu family from the beginning.

Xu Zheng's brilliant intelligence and his unimaginable ambition now find that Xu Ting is a long hidden master.

In addition to the troubles Zhao Tongxin has caused him since he entered the business, it seems that no one in the Xu family is easy to deal with.

So he began to pay special attention to the people of the Xu family, thanks to Jin Ying's reminder.

"Miss Jin, thank you for your reminding. I know what to do. Now that the plan has been made, we are going to play the play well, so we can only trouble you for the time being."

Huo Tingchen's eyes turned a few times and perfected Jin Ying's plan in his mind. He said to Jin Ying in a gentle tone.

Jin Ying nodded her head: "I know, but you can't get rid of Xu Yan this time, because I have to go back to

Jin's house. This time, I'll only teach her a lesson. By the way, you can get some benefits. If you want to deal with Jin's house, you must not act too hastily. I'll cooperate with you inside and outside, but you must be very careful. I know my home is in every corner of the river. We all have eyes and ears, so we should pay special attention to every move. Do you understand? "

"I see, Miss Jin, you go to have a rest first. According to my understanding of Xu Yanke, she won't do it during the day, so tonight is the time for us to officially start our plan."

Huo Tingchen made a please gesture, and suddenly realized that Jin Ying couldn't see it, so she took her hand back bitterly. Unexpectedly, Jin Ying gave a faint smile: "thank you. Although I can't see it, I can hear the voice, so I can judge what kind of action you have made."

With this sentence, her face again became calm, not with a little emotional color, groping out of the president's office.

"Boss?"

The inspector outside asked again what to do with Jin Ying.

"Please let Miss Jin go down to have a rest. In addition, we must be careful not to let others disturb her."

Huo Tingchen's cold opponent orders him to keep Jin Ying under strict control. He doesn't want anyone to know about his cooperation with Jin Ying, even those outside who are very sincere to him.

Strictly speaking, Huo Tingchen's character determines that he can never completely trust a person.

"Yes."

Hands respectfully agreed, and then left with Jin Ying, as for where to go, in addition to a few of them, no one knows.

"Ask long Jiu and Xu Ting to come to see me right away."

Huo Tingchen was silent for a while, and finally decided something after careful thinking. "Yes."

A rush of footsteps gradually disappeared in the corridor, his orders above everything, his men will be very loyal to the implementation.

Huo Tingchen tapped on the table with his fingers and made a rhythmic and clear voice. In this voice, his eyebrows gradually stretched out.

With Jin Ying's joining in, his alliance strength will undoubtedly grow stronger, and Jin Ying's identity is very special. Even if she is not very valued by Jin Zhengting, she is also one of the core members of the Jin family. In the future, he can know what major decisions Jin family has in the first time through Jin

Ying, so that he can quickly make response measures, and only this one can give him guidance It's a huge profit.

What's more, Jin Ying's hatred for Zhao Tongxin and Xu Yanke can be fully exploited. To tell the truth, his hatred for Zhao Tongxin is no less than Jin Ying's. every time at the most critical time, she comes forward to destroy the plan.

Therefore, Zhao Tongxin must pay the price.

Chapter 494

Jiangbin hospital.

Zhao Tongxin carefully looked at the diary left by his adoptive mother.

A thick stack of diaries was placed beside her hospital bed, and the diaries had turned yellow. This is the precipitation left by time, which shows that the age is a long time ago.

These diaries were found by Rong Qi in the dark grid of the old house. After strict testing, they were sent to her after confirming that there was no substance harmful to her body.

Zhao Tongxin's expression is very focused, sometimes nodding and smiling, sometimes looking sad. In these diaries, between the lines, there are records of the adoptive mother's life, including happiness, sadness, sadness and happiness.

In this way, with the turning of the paper, she slowly realized her adoptive mother, and gradually came up with her kind face, familiar voice and smile. Unconsciously, her eyes were moist.

Every diary is carefully recorded by the adoptive mother, and every little thing in life can be found in it. What Zhao Tongxin looks at is the top one, which is also the last diary of the adoptive mother. In the diary, even if the adoptive mother has been seriously ill, he still thinks about Zhao Tongxin's future. The whole article is about Zhao Tongxin's worry and love.

There are many times, kinship is not only reflected in the blood relationship, even if Zhao Tongxin is not her own daughter, she also gives all her love to Zhao Tongxin.

This is one of the greatest emotions of human beings.

Zhao Tong Xin closed the diary and couldn't calm down for a long time. Now she missed her adoptive mother very much, and the time when she was not rich, but also carefree.

However, she is also very pleased. If there is a spirit in heaven, then the adoptive mother should rest assured that she has her best destination, because Jin Zhengting is the man who loves her most in the world. He has taken the place of her adoptive mother for a long time, showing great care and doting on

her.

And she is no longer the little girl who doesn't know everything. At least she has become the president of a big company, and she has done well in this position.

Time passed quickly. Unconsciously, it was the afternoon. The diaries she had read were carefully arranged and put at hand. She decided to treasure these diaries as a permanent memory of her adoptive mother.

The more I look back, the more distant the diary is. It is also recorded very seriously, and brings Zhao Tongxin's thoughts back to his childhood. When he lived with his adoptive mother day and night, his heart was slightly sour and his tears could not help flowing down.

At that time, life was really hard, but the adoptive mother never mistreated her, took care of her beside her, and the two were dependent on each other.

But gradually, Zhao Tong Xin's face changed. Her eyes opened wider and wider, and an unbelievable expression flashed in her eyes.

"What's the matter?"

A voice came from the side. Although Zhao Tongxin was very serious, he was not startled, because Shaoyuan and Rongqi were just outside. No one could come in quietly. Of course, only one person could do it.

"Zhengting, when did you come? Why didn't you say so?"

Zhao Tong Xin closes the day and turns his head to the bedside. Jin Zhengting stares at himself with gentle eyes.

"I've been here for a while. I didn't disturb you when I saw you looking so seriously."

Jin Zhengting said faintly, picked up a tissue and gently wiped away the tears from her eyes. Only he would notice these details, because he really loved her.

"Have you finished all the work of the group? Have you had a good rest?"

Zhao Tong Xin very natural inquiry, rather than deliberate, visible her heart is also full of concern for him.

"I had a rest in the morning. Now there is no problem. The group has senior executives to do it, so I'll take a look at you. By the way, why did that expression appear just now?"

Jin Zhengting asked. He saw that her expression was wrong just now. Because he was worried about her,

he asked.

"Zhengting, look here, my mother has recorded how to open that treasure."

Zhao Tongxin said, took the diary at hand to Jin Zhengting, opened it, and pointed to a diary to show him.

Jin Zhengting's pupils contracted for a moment. He looked at the diary and saw the reason why his adoptive mother left the Cheng family and the correct way to open the treasure. It was a sequence of passwords.

He just looked at it once, and the number was deeply engraved in his mind.

"She's a member of the Cheng family. Maybe she got the secret of opening the treasure by accident. She was afraid that she would be killed by old lady Cheng. So she came to the riverside to avoid being chased. In order to prevent accidents, she recorded the secret in her diary."

Jin Zhengting's inference is very reasonable. Combined with the days of his adoptive mother, Zhao Tongxin thinks that this may be the truth of the matter.

"It should be like this. Zhengting, should we destroy this diary? The secret recorded in it is too important. Once it falls into the hands of Huo Tingchen or Cheng mobing, the consequences will be unimaginable."

At the same time, she also felt nervous. If something she was afraid of happened, she was very clear about the impact on Jin Zhengting, so she offered to destroy the diary, at least not to leave clues for Huo Tingchen. But Jin Zhengting shook his head with a smile: "no need."

"Why?"

Zhao Tongxin doesn't understand Jin Zhengting's idea. According to the truth, destroying the diary is the safest way to deal with it.

"This is a relic left by your adoptive mother, so no matter how important the secret is, you should keep it well. At least when you miss her, you still have a thought."

Jin Zhengting smiles and says faintly that he doesn't care that the diary will fall into the hands of his opponent, because he knows that Zhao Tongxin will be sad if he destroys the diary.

"The court."

Zhao Tongxin's heart seems to be blocked by something. She feels warm and happy. If any woman has a man who will do this for her, what can make her feel happier?

"It's OK. I don't need to be moved. This is what I should do."

Jin Zhengting said, raising his hand to caress her long hair, which is his habitual action.

Zhao Tongxin squints her eyes. She enjoys Jin Zhengting's action very much. This is also the tacit understanding between the two people. She knows his intention in every move he makes after living together for so long.

"Well, I won't say anything. I'll leave these diaries with you and keep them for me."

Zhao Tong's beautiful eyes flashed a trace of cunning. She knew that he could not refuse his request. If Jin Zhengting kept these diaries, the safety factor would increase a lot.

Of course, Jin Zhengting understood her intention, so he didn't say anything more, just nodded his head lightly: "OK, I promise I won't lose a page."

He took Zhao Tong's hand and handed over the diary, eyes more gentle up.

"By the way, what's the situation with the group? Our company has just changed production. I don't know if it has lagged behind the group. "

Zhao Tongxin blinked her beautiful eyes and asked, this is a problem she is very concerned about now. Her original intention of taking over the company is to help Jin Zhengting, not to become his burden.

Jin Zhengting said with a cool smile: "it's OK. Now the company is on the right track. There's no need to worry. When you are in good health, you can attend the opening ceremony."

"That's good, Zhengting. If there's any accident in the company, you must inform me immediately. I'll handle it well. The group's affairs are enough for you to be busy, and the company's affairs should also be taken into account. I'm afraid you won't be able to bear it."

Zhao Tongxin is very worried. She sees his busyness these days. He can't sleep more than four hours a day. She knows that the reason why the company successfully changes production is inseparable from Jin Zhengting's constant attention to the company's every step of development.

So she was grateful and distressed for Jin Zhengting's actions. She didn't know what to do to express her current mood.

"Don't think so much. We are husband and wife. Yours is mine. I try my best to help me."

Jin Zhengting explained flatly that she should be grateful for everything he didn't want to do, because he was willing to do it for her, and she just had to accept it.

"Well, Zhengting, I'll be discharged in a few days. Before I'm five months pregnant, I'll take care of the

company's affairs, and then I'll stay at home every day and have a good rest. Is that reasonable?"

Zhao Tongxin is also very clear about Jin Zhengting's ideas, so he no longer tangles with these problems. He nestles up beside him, blinks his beautiful eyes and looks at him, saying his plans for a period of time in the future.

Jin Zhengting's brow slightly wrinkled: "when you are five months pregnant? No, I won't agree. I won't rest assured that you will be at home waiting for labor in four months. There is no discussion about this matter. "

His tone is very overbearing, which is Jin Zhengting's consistent style. But when he treats Zhao Tongxin, he is extremely gentle in most cases. When this tone appears, he is usually worried about her body.

"No, the company has just changed production, and it hasn't achieved final success. As president, I have to keep an eye on every move of the company. Besides, other pregnant women have been working for seven months, and I'm not so delicate."

Zhao Tongxin is not a workaholic, but the company has devoted all her efforts, so we must watch the company step by step to be formal. In other words, the reason why she cares about the company is that the company reposes her different feelings for him.

"Well, five months. No more bargaining. I won't agree."

Jin Zhengting understood her intentions, so he didn't insist on his own ideas. If there is still one person in the world who can make Jin Zhengting, the bully president, make concessions, then Zhao Tongxin is the only one.

"Well, I promise you, when I'm five months pregnant, I won't go anywhere, just stay at home and wait for our baby to be born."

Zhao Tong Xin leans his head on his shoulder, reaches out his hand and gently caresses his slightly raised abdomen. His face shows a happy smile, which is a kind of holy maternal brilliance.

Jin Zhengting looked at Zhao Tongxin with infinite tenderness in his eyes. He gently held her and covered her delicate body with his own arms. "Zhengting, Cheng mobing has sent an invitation to our company. I'm invited to a gambling party. Do you think I'll go or not?"

Two people gentle for a while, Zhao Tong Xin suddenly thought of this matter, in his arms asked.

"I also want to talk about it with you. Your body is not suitable for this gambling fair."

Jin Zhengting looks at her and says gently. An imperceptible tenderness flickers in his eyes. Normally, Zhao Tongxin is extremely sensitive to the original stone, which has been confirmed. With her, she will soon get the rare original stone, which will defeat Cheng mobing's plot. However, seeing the reason why

she is pregnant, he suddenly feels that she should not be allowed to participate in the gambling Shi Hui, because he didn't want her to work hard or take risks.

"In the morning, it was agreed that I would take part in it. Don't forget that I have an innate keen sense of the original stone. If you let me take part in it, it will help you get that rare original stone."

Zhao Tong Xin listen to him say not to let himself participate, immediately Du up small mouth, a face not happy to say.

Chapter 495

"How do you know what ziye and I just talked about this morning?"

Jin Zhengting asked with a little surprise, and his eyes were also a little more happy. Because he was in the ups and downs of business, the intelligence work must be done in place. Obviously, Zhao Tongxin did a good job in this aspect.

"Don't forget, ziye and I are business partners now. I will be informed of anything. If he wants to hide something from me, I will deduct his shares."

Zhao Tongxin half jokingly said that these things were mentioned by Yang ziye when he talked on the phone at noon and studied the opening of the company.

"It seems that you can't let ziye know anything."

Jin Zhengting said faintly: "this time I don't want you to participate in the gambling Stone Fair, because I'm worried about your body. When the gambling Stone Fair is held, there are many people participating, the scene will be chaotic, and the personnel are complicated. Now it's an extraordinary period, and I don't want you to have anything more."

His face became more and more dignified. He knew how important Zhao Tongxin was to him. At the same time, Huo Tingchen and Cheng mobing also knew that they regarded Zhao Tongxin as a breakthrough to deal with themselves, so he had to be careful.

"It's OK. I believe you."

Zhao Tong smiles, looks at Jin Zhengting and says faintly: "every time I encounter danger, you will appear in time. I want to have your protection, and it will be more safe. What's more, they may not dare to do anything to me, so let me go this time. Zhengting, I really want to help you, because I don't want you to be in front of me every time, and I don't want to be in danger I can't do anything when you have something to do. "

Jin Zhengting lowered his head to meditate. After thinking for a long time, he reluctantly said, "OK, I promise to take you."

Jin Zhengting never refused Zhao Tongxin's request as long as he could do it, because he was reluctant to give up.

"Well, Zhengting, I'll take care of myself. Besides, my team also has many experts, such as spoon, Rongqi and Xu Yanke. They protect me. No matter how fierce Huo Tingchen is, he can't do anything with me, right?"

Seeing that Jin Zhengting agreed, Zhao Tongxin said happily, but she also tried to reassure him, and she didn't want Jin Zhengting to worry about his safety all the time.

"Well, that's good. When you are well, we are discussing the gambling stone meeting. There is something else in the group. I'll go first and come back to see you when I have time."

Jin Zhengting stood up and looked at Zhao Tong's heart tenderly.

"Well, be careful on the way."

Zhao Tongxin knew that he was very busy now, so she didn't ask him to stay. Although she was a little reluctant, when they were together, there were not many words, but Zhao Tongxin felt that as long as he was by his side, she would feel at ease, but she was also very sensible. Jin Zhengting had countless affairs waiting for him to deal with every day, so she let him leave first.

"Well."

Jin Zhengting agreed, gave her a kiss like a dragonfly on her forehead, then picked up the diary and walked out of the ward.

In the corridor, Shaoyuan and Rongqi are looking alert to the situation around them. They are always loyal to their duties.

"BOSS。 "

When they saw Jin Zhengting come out and say hello to several bodyguards, one of them naturally reached for Jin Zhengting's diary, because everyone knew that Jin Zhengting never needed to take anything by himself.

But this time, it was an exception. Jin Zhengting took a deep look at the bodyguard. The bodyguard immediately knew that the boss didn't want anyone to touch this pile of diaries. All the people who had been with the boss for a long time had a tacit understanding with him, so the bodyguard immediately stepped back, and there was no next step.

"Don't let your guard down. The safety of Tong Xin is up to you."

Before leaving, Jin Zhengting specially told Shaoyuan and Rong Qi that in his heart, Zhao Tongxin's safety is above everything else. Especially after many crises, he can't relax about Zhao Tongxin's safety.

"Yes, boss."

Shaoyuan and Rongqi answer in unison, not to say that the boss is particularly concerned about Zhao Tongxin's safety, but with their close relationship with Zhao Tongxin, they will not let Zhao Tongxin be hurt.

"Boss, Tong Xin wants to see Gu Chen in the afternoon. Tong Xin wants Gu Chen to be the spokesperson of the chain restaurant. Do you think we should treat Gu Chen like ordinary people?"

Spoon garden to ask, she does not know to Gu Chen should take what degree of security measures, so specially asked Jin Zhengting.

Jin Zhengting said faintly: "Gu Chen and Tong Xin are old acquaintances. He won't hurt Tong Xin, so don't take measures against him, so as not to hurt Gu Chen's feelings."

He knew for a long time that Zhao Tongxin and Gu Chen had a love affair when they were in college, but that was a long time ago. If an ordinary man knew that his wife would meet his former lover, he would be jealous, but Jin Zhengting didn't, because he felt that if he was jealous, he was insulting Zhao Tongxin's feelings for him.

He knows Zhao Tongxin's heart to his heart, so he is very relieved to Zhao Tongxin. No one loves him more than she does. Similarly, no one loves Zhao Tongxin more than he does. The two people love each other so much that no one can mind each other's feelings. "I see, boss."

Shaoyuan agreed and wrote down Jin Zhengting's orders.

"You go on, I'll go back to the group first."

Jin Zhengting said, with two accompanying bodyguards down the stairs, in the elevator, just met up Gu Chen, two people really can be regarded as an unexpected encounter.

Gu Chen also saw Jin Zhengting, light smile for a while, ordered a head: "Jin total."

"Well, here you are."

Jin Zhengting also nodded his head faintly, which was a response. The relationship between them seemed a little awkward, so there was not much communication.

Gu Chen's eyes twinkled, he pointed to Zhao Tong Xin's ward: "Tong Xin asked me to discuss the company's advertising."

"I know. She hasn't rested yet. Go ahead."

Jin Zhengting finished this sentence and took his men to the elevator. He always felt that Gu Chen's expression was a little strange. It seemed that some of them were deliberately avoiding his eyes, but he didn't know what was wrong.

"Boss, is there anything wrong?"

The bodyguards on one side saw that Jin Zhengting was frowning and meditating. They guessed that it was because they met Gu Chen. Gu Chen is a front-line entertainment star and is a household name in Jiangbin. Naturally, these bodyguards also knew him.

"It's nothing. It's just that there's something strange about it."

Jin Zhengting said faintly that he didn't pay much attention to it, because he thought it was Gu Chen. Because he felt the relationship with Zhao Tongxin, he was embarrassed to see him.

"Boss, I feel strange too."

The bodyguard pondered and said: "at noon, I read the news. Gu Chen's crew had a car accident this morning. Except him, all the staff in the crew were killed. But I don't think there is much sadness in his expression. Isn't it unreasonable?"

Jin Zhengting's pupils contracted for a moment. He seldom read the news about these aspects. Of course, his subordinates usually don't report such trifles to him, but he keenly feels that Gu Chen has a problem.

"Boss, what shall we do? He won't threaten Miss Tong Xin, will he

Two bodyguards look at each other. Out of professional habits, they have doubts about Gu Chen.

"No, he should not, from his eyes, I did not see murderous, but he did have a problem, so, one of you to inform the spoon garden, let her secretly monitor Gu Chen's behavior, the other thoroughly check, to see if Gu Chen's crew is really out of the car accident, or was killed."

Jin Zhengting's IQ is at the peak of human beings. From Gu Chen's flighty eyes and the news described by the bodyguards, we can think that Gu Chen may have been used by others, and his goal should be Zhao Tongxin.

"Yes, boss."

The two bodyguards agreed to do their own things before the elevator started.

Jin Zhengting's eyes flashed a fine light. His eyes fell on the stack of diary books in his hand, and a light

suddenly flashed from his mind.

His brows gradually spread, his fingertips moved gently, and he pressed the elevator button.

Gu Chen comes to the door of Zhao Tongxin's ward. Shaoyuan and Rong Qi know him, so they don't stop him. They let him go directly. Just now, the boss has explained that there is no need to search him. Jin Zhengting's order is being carried out effectively.

He arranges his tie, but his heart is very heavy. He knows Huo Tingchen's means. If he can't get what he wants, he will definitely be attracted to Zhao Tong. So he keeps persuading himself that he comes to get the picture of the necklace this time just to help Zhao Tong avoid Huo Tingchen's harm.

Think of here, his eyes gradually firm up, for Zhao Tong Xin, he is willing to do anything.

Gu Chen always thinks that his feelings for Zhao Tongxin are no less than Jin Zhengting, but Jin Zhengting is more suitable for Zhao Tongxin, so he only silently blesses them, but now the situation is different. With Jin Zhengting, Zhao Tongxin seems to be in a very special environment all the time, and the most fundamental reason is because of Huo Tingchen.

If Zhao Tongxin is with her, she will not be offended by Huo Tingchen. It is because she is with Jin Zhengting that accidents happen one after another. Her adoptive mother is killed, her child is killed, and she is hospitalized several times. Gu Chen doesn't want to see this.

Now, standing at the door of the ward, he suddenly has a very bold idea in his mind. Since Jin Zhengting can't give Zhao Tongxin a comfortable life, why can't he give it to her?

With this idea, Gu Chen's sense of guilt suddenly lightens a lot. Yes, Zhao Tongxin is not suitable to be with Jin Zhengting. He is the most suitable person for her.

In fact, Gu Chen didn't know that his idea was selfish. After graduating from University, he never really forgot Zhao Tongxin, so this time helping Huo Tingchen was also the result of his subconsciousness. Finishing his image, he knocked on the door of the ward.

"Who is it?"

Familiar voice, that is from Zhao Tong Xin, Gu Chen's heart suddenly trembles, for many years, he has not been alone with Zhao Tong Xin, this is a rare opportunity.

He rearranged his tie again, not because he didn't tie it well, but because there was a micro camera hidden inside. This was specially prepared for him by Huo Tingchen before he left Tianhong Group, in order to take a picture of Zhao Tongxin's diamond necklace.

"Tong Xin, I'm Gu Chen."

He took a deep breath and managed to suppress his inner tension. It was the first time in his life that he did such a thing. Tension was inevitable, but he also knew that he could never fail, because in case of failure, Huo Tingchen would send someone to harass Zhao Tongxin. Now she is pregnant and can't stand the shock.

However, Gu Chen is jealous when he suddenly thinks that Zhao Tongxin has Jin Zhengting's child. He thinks that Zhao Tongxin's choice is wrong, and Jin Zhengting can't give her a safe environment, so his favor for Jin Zhengting is gone at this time.

When the door opened, Zhao Tong stood at the door with the pure smile of his school days: "I've been waiting for you for a long time, but I'm not late. I thought you were the same as when you were at school."

Chapter 496

Tianhong Group, President's office.

Huo Tingchen's Phoenix eyes are full of smile and cunning. He looks at Xu Ting, who is sitting on the opposite side with a lovely female image. Long Jiu stands behind him and stares at Xu Ting.

Xu Ting looked at Huo Tingchen with pathetic eyes, and her voice was soft: "Mr. Huo, what can I do for you?"

Huo Tingchen ha ha a smile: "you don't nervous, I call you to come here this time, just want to prove something to you."

"What does Mr. Huo want to know?"

Xu Ting's heart move, has thought of Huo Tingchen mastered some of his unknown secrets, but she still pretends to be at a loss.

"I just want to know who is better than you and long Jiu."

Huo Tingchen said quietly, his eyes flashed a sharp blade of cold.

Xu Ting was stunned for a moment, and immediately waved her hand. She looked very scared. Her voice seemed to tremble because of nervousness: "Mr. Huo, please don't make such a joke. Everyone in the group knows that sister long Jiu is the most powerful. How can I compare with her?"

"Is it?"

Huo Tingchen's face showed a cruel expression: "that's more to try, you know, I'm not the same as ordinary people, sometimes like to see the one-sided victory, long Jiu, you should be careful when you take a shot, don't take Xu Ting's life, you know?"

"Brother, don't worry, I won't kill her, but if Miss Xu Ting is hurt by mistake, will you blame me for not understanding compassion?"

Long Jiujiào said with a smile, but her eyes had already emitted two excited lights, making a pair of eager to try.

She not only likes to kill people, but also likes to abuse people, because she likes to hear the hysterical scream of others in her hands.

"Mr. Huo, don't make such a joke. You know, I'm just a weak woman. How can I resist sister long Jiu's move?"

Xu Ting looks flustered back, she still does not want to completely expose her secret to others, because that would make her feel insecure.

But look at the current situation, it seems that Huo Tingchen has known her secret, but she still wants to try to hide, in case she can muddle through, she doesn't need to expose her strength.

The corner of long Jiu's mouth rises, revealing a charming to cruel smile. She approaches Xu Ting step by step, deliberately walking every step very slowly, just like a cat deliberately releasing mice.

She likes playing this kind of game very much. Although she doesn't know why Huo Tingchen suddenly let herself deal with Xu Ting, she is willing to serve anyone when she meets this kind of thing.

"Mr. Huo, just tell me what I have done wrong. I will change it. Please don't do this to me, OK?"

With the approach of long Jiu, Xu Ting looks more nervous. Her arms are protected in front of her chest, and her eyes are full of innocence, just like a lamb that can be slaughtered. Over the years, she has been used to this kind of performance, so when she makes this kind of expression, she looks perfect, and no one can see any flaw.

Huo Tingchen poured out a glass of red wine and looked at Xu Ting's disguise with great interest. If he had not discovered her secret, he might have been cheated by her vivid performance.

Xu Ting's move may be very useful to others, but it doesn't have any effect on long Jiu. On the contrary, the more pitiful she is, the more excited long Jiu feels. She likes to destroy others in this way of psychological fear, and gets some satisfaction from it.

"Sister long Jiu, don't do that. I really don't know anything. Everyone knows that you are very powerful. I will die if I fight with you."

Xu Ting sees that Huo Tingchen doesn't mean to let long Jiu stop. Instead, she begs long Jiu, but she finds that the more pitiful she begs, the more excited long Jiu is.

"Xu Ting, we don't have a holiday at all, but I have to carry out Mr. Huo's orders, so don't blame me."

Long Jiu's face shows a cruel smile. She has been greatly satisfied psychologically. Now she is thinking about how to torture the beautiful woman in front of her physically.

Her action suddenly accelerated up, hand into a fist lightning like swing, straight to Xu Ting's abdomen, this is her hand habit, no matter what kind of opponent, the first hit must try to make the opponent lose action ability in the shortest time, and then she party slowly torture the opponent to death.

Xu Ting's pupil suddenly shrinks. Of course, she can feel the power of long Jiu's attack. At this time, if she disguises again, maybe she will really lose her life here.

At such a critical moment, she did not forget to peek at Huo Tingchen's reaction. He sat on the sofa indifferently, shaking his glass gently in his hand. There was no expression on his face, but there seemed to be some expectation in his eyes.

That's right. It's not because of her anger when she conceals her strength, but a kind of unbearable expectation. Seeing Huo Tingchen's expression, Xu Ting's brain spins a few times, so she has her own decision. It seems that Huo Tingchen must have known the secret of his strength, so he would let long Jiu try her instead of letting long Jiu deal with her because he resented her concealment.

Xu Ting's judgment is correct. Huo Tingchen just wants to know what kind of strength she has, because he has been suffering from the fact that he has no master who can fight Jin Zhengting group, so he is very interested in the master who hides strength like Xu Ting.

Of course, if Xu Ting's strength is very poor, Huo Tingchen's eyes will not blink when he dies in the hands of long Jiu. In his group, everyone is more like wild animals in the jungle. Only the strong can survive here.

Xu Ting's eyes suddenly changed from innocent to sharp, facing long Jiu's fist, and she made long Jiu feel stunned. She didn't know that Xu Ting was just hiding her strength, so she didn't have any preparation for Xu Ting's attack. At the moment of thinking rotation, her fist slowed down involuntarily.

Taking advantage of this opportunity, Xu Ting raises her arm to block long Jiu's fist. Her other hand turns into a knife and cuts directly to long Jiu's carotid artery.

This is a must kill move. Xu Ting doesn't want to offend the red dragon nine around Huo Tingchen, but she knows that if she doesn't show enough strength, then she has no chance to gain a foothold in the group, so she has no mercy from the beginning.

In contrast, long Jiu looks down on Xu Ting from the heart, so she didn't try her best when she first shot. In addition, Xu Ting's reaction was beyond her expectation, which made her spirit relax for a while. In this process, Xu Ting naturally gained the upper hand.

Fortunately, long Jiu has rich experience in actual combat. She is not flustered at the critical moment. She raises her head backward to avoid Xu Ting's hand knife. At the same time, she raises her foot to kick Xu Ting's abdomen. She changes her moves quickly and strives to turn passive into active.

Xu Ting didn't hit the target and didn't mean to stop. She raised her foot and kicked long Jiu's abdomen. Both of them had fast legs, so that no one could escape the attack of the other.

After a little contact, they were immediately kicked back by the other side. However, obviously, they were afraid that the other side would hurt themselves. They took off most of their strength in advance so that they could get away safely, so they were not seriously injured.

"I didn't expect you to be a master of hiding."

Dragon nine charming smile, but her pupils are constantly shrinking, obviously just almost Xu Ting counterattack, has aroused her anger.

Xu Ting blinked her innocent eyes and looked at her as if the injury on her body was not caused by herself. She said pitifully, "where is the master? It's sister long Jiu who is merciful. Otherwise, I have been knocked down now."

The corner of long Jiu's mouth shakes for a moment, her hand clenches into fist again, ready to attack again, Xu Ting is still that pitiful appearance, but her eyes never leave long Jiu, if she wants to attack herself, Xu Ting will make a counterattack.

"Enough, dragon nine."

Huo Tingchen timely blocked long Jiu. Although long Jiu was not reconciled, she still obeyed Huo Tingchen's orders, so she took a cold look at Xu Ting and retreated behind Huo Tingchen.

Huo Tingchen put down his glass, stood up and patted Xu Ting: "your skill is really good. If someone didn't tell me that you are an expert, I would have buried the talent."

"Mr. Huo, I don't know what expert I am. Just now I attacked sister long Jiu secretly, so I got the upper hand. If sister long Jiu pays more attention, I don't have a chance."

Although Xu Ting said this, she was full of provocation in her eyes when she looked at long Jiu.

Long Jiu's pupils contracted for a while, but she couldn't resist it because Huo Tingchen had stopped her with her eyes.

"To be honest, I didn't expect you to be such an expert. It seems that you are overqualified to manage a company. How about you come to work for me?"

Huo Tingchen asked with a smile. His eyes were full of sincerity. Now he really needs experts who can fight with Jin Zhengting's fierce subordinates.

His proposal made Xu Ting excited. Now the group has merged with Cheng mobing to become the United Group. Huo Tingchen's words mean that she has entered the top core management of the United group without paying anything.

She carefully considered the advantages and disadvantages, and found that if she entered the core level, it would be too much for her. She could not only participate in the group's decision-making, but also master more resources to deal with Zhao Tongxin.

"Mr. Huo, I'm afraid I can't do it myself."

Although Xu Ting would like to agree, but for many years to develop the habit or let her can't help but disguise.

Huo Tingchen laughs: "in terms of strength, you are on a par with long Jiu. In terms of IQ, you are not much different from your cousin Xu Zheng. The group doesn't think it will be buried for such a talented person as you. So it's decided to leave the company's affairs to others."

It sounds like a sincere invitation, but there is an unquestionable imperative tone in his voice.

"Well, of course I listen to Mr. Huo."

Xu Ting nodded her head and showed a shy expression on her face. She seemed very embarrassed about her promotion. Of course, this is also her disguise. Hypocrisy can cover up a lot of truth, so hypocrisy has already become Xu Ting's instinct.

"Mr. Huo, what's the matter with you

The door of the office is pushed open. Cheng mobing and Xu Zheng come together. They have just received a phone call from Huo Tingchen's staff, asking them to come here as soon as possible.

As soon as she entered the door, Cheng mobing took the lead in asking. Women's intuition is always a little more acute. She felt that Huo Tingchen must have a big thing to discuss with them this time.

Secondly, this is also Huo Tingchen's sincerity for the cooperation between the two sides. After all, the two sides are now in a cooperative relationship, so it is necessary to share information.

Cheng mobing and Xu Zheng are very satisfied with Huo Tingchen's practice. Although they are still on guard against him, they are not as intriguing as last time.

The main reason is that Jin Zhengting's strength is too strong for them to see the hope of victory, so they can only unite without gap to achieve their common goal.

"I'm calling you here to discuss the action tonight."

Huo Tingchen said straight to the point, with a vicious light in his eyes.

Chapter 497

Jiangbin hospital, Zhao Tongxin's ward.

Zhao Tongxin and Gu Chen sit opposite each other in a slightly awkward atmosphere. They haven't been together alone for a long time, so Zhao Tongxin still doesn't quite adapt to this kind of atmosphere, while Gu Chen feels guilty.

Gu Chen is constantly persuading himself that this time helping Huo Tingchen is also for Zhao Tongxin's consideration, so he will be less guilty. Or in his subconscious, he will prefer Huo Tingchen more. The enemy of the enemy is his friend. No matter what, in the deepest part of his heart, he has already regarded Jin Zhengting as his rival.

He kept arranging his tie with his hands in order to adjust the angle of the camera. He didn't know why Huo Tingchen attached so much importance to a necklace worth only 200 million US dollars. However, Gu Chen was also a smart man. He easily thought that the necklace was closely related to Jin Zhengting.

Therefore, he secretly made up his mind to help Huo Tingchen this time. Once a man's jealousy attacks, sometimes it is more serious than a woman.

Fortunately, the necklace is worn on Zhao Tongxin's neck. He can easily shoot with the micro camera hidden in his tie. Occasionally, he can't help aiming at Zhao Tongxin.

She is more beautiful than when she was a student. Her pure face is still unchanged. There is more mature charm between her eyebrows. A pair of beautiful eyes are shining with maternal brilliance. This should have something to do with her pregnancy, which makes her whole person seem to be shrouded in a holy halo.

The diamond necklace is shining, hanging on her snow-white neck, setting off her delicate snow-white skin. There is a fire burning in Gu Chen's heart, which is jealous.

Her face, her innocence, and her snow-white skin originally belonged to him, but now he is someone else's wife, which makes him very uncomfortable. Fortunately, he has a good self-cultivation, and does not show it immediately, only with a strange look in his eyes.

"We haven't been alone for a long time, so we're still not used to it. Don't be surprised."

Zhao Tongxin was the first to speak. There was some apology in her voice. After all, she was a kind person and didn't want to hurt anyone around her. Seeing the strange look in his eyes, Zhao Tongxin

simply thought that Gu Chen was hurting the scene.

Gu Chen light smile for a while, it is undeniable that his smile is not inferior to any handsome man, this is also an important reason why he can now mix in the entertainment industry.

Of course, it also includes his efforts. A man with no background has become a superstar in the entertainment industry. It's not enough to rely on his appearance. In this regard, Gu Chen is better than most people, which also shows that he is a very capable man.

"It doesn't matter. I'm not used to it either. I remember the last time we got along like this was before you married into the Jin family?"

Gu Chen quite some emotion said, once the scene of the past, like a movie general flash from his mind, look also gradually gloomy down.

"Don't mention the past. I know you've been having a hard time in your heart over the years, but I didn't have a way at that time. My mother was lying in the hospital, and I needed the money to treat her. So if I had to make a choice, I had to choose the court."

Zhao Tong Xin's eyes also with a touch of sadness, continue to say: "these years, I always owe you an apology, sorry."

"Don't do that, Tong Xin. You're not wrong. I can only blame you for being too useless at that time. I can't help you collect your medical expenses, so even if you don't choose me in the end, I don't mean to blame you."

Gu Chen quickly exonerates for her, perhaps in his heart, still don't think Zhao Tongxin has any mistake, also can see that he is really like Zhao Tongxin, because a man won't put the wrong responsibility to a woman, but carry it on his own.

"Thank you."

Zhao Tongxin sincerely expressed her thanks. She wanted to give him a calm smile, but before the smile came out, tears were already in her eyes.

The tears are not sad, but in memory of the once beautiful, after all, her heart has also had the shadow of the man in front of her.

"Don't say that, Tong Xin. Although we often meet each other, we have never had such a chance to get along with each other alone, so we haven't asked you, how are you these years?"

Gu Chen's voice is very gentle, as many years ago, in that simple university campus, when he gently embraced Zhao Tong's heart, everything seems to have not changed, time seems to be still at that moment, but in a twinkling of an eye, the sea has already become a mulberry field.

His voice full of emotion makes Zhao Tongxin's heart suddenly tremble. Gu Chen's gentle tone touches her weakness hidden in her heart for a long time.

Looking at Gu Chen in front of her in a daze, she was filled with extremely complicated feelings. But soon, she recovered her peace, and there would be no ripples in her heart, because his figure gradually became clear in her mind, not Gu Chen, but Jin Zhengting.

Even if it used to be beautiful, it can't go back to the past, because her heart has already been completely replaced by Jin Zhengting. Even if she had to break up with Gu Chen before, now she can face all this calmly. Jin Zhengting is her true love. Zhao Tong Xin wiped his tears, and then burst out a beautiful smile: "I'm very good, really good."

"Is it?"

Gu Chen's interrogative tone was a little heavy: "I don't know Mr. Jin very well, but I've heard many people say that he is a very overbearing man. No matter what he does, everyone should obey his ideas. Have you been wronged with him?"

"No, others think that Zhengting is an overbearing person. That's because no one understands him. In fact, he is a very easy-going person. He never forces me to do something I don't want to do. On the contrary, he tolerates all my willfulness. As long as it's what I want, he will send it to me."

Zhao Tongxin's face is full of happy smile. Whenever she thinks of Jin Zhengting's dotting on her, she feels warm in her heart. She can't deny that Jin Zhengting is a very overbearing president, but she never shows it in front of her. Even his eyes looking at her are more gentle than usual.

Gu Chen looks at Zhao Tong Xin's happy expression. His teeth are itchy. The more Zhao Tong Xin defends Jin Zhengting, the stronger his feeling is. At that time, it is a collection of envy, jealousy and hatred.

"It's said that you are always accompanied with danger when you are with him these years. Things between Jin Zhengting and Huo Tingchen are very popular in Jiangbin. You'd better be careful."

Gu Chen changed the topic decisively. He seemed to care about her. In fact, he hinted that she and Jin Zhengting might be in danger at any time. Everyone knew how terrible Huo Tingchen was.

Mention Huo Tingchen, Zhao Tongxin's face changed, she has been unable to let go of this hatred, every time someone mentions Huo Tingchen, she will think of the adoptive mother and children, they all died in Huo Tingchen's hands.

"Gu Chen, today we are here to discuss our work. I also know that you are very busy every day, so don't mention the past. Let's focus on the advertising endorsement."

Of course, Zhao Tongxin's mood will be affected. If there is still some reluctance and nostalgia for the

past when she first met Gu Chen, then now she is as calm as water.

Gu Chen didn't expect that Zhao Tongxin's reaction would be so strong, but since she has said so, it's not easy to say anything, so she has to pretend to cough to cover up the embarrassment: "cough, OK, president Zhao, let's talk about work now."

When he said this, there was a faint chill in his eyes. His heart was completely cold because of Zhao Tongxin's attitude towards him and Jin Zhengting's attitude towards her. From this, he could feel that Jin Zhengting was the only one in Zhao Tongxin's heart, and there was no place for him any more.

He is very lost, also very angry, after leaving this sentence, the mind uncontrollably drifted to the scene when breaking up.

When they were together, they were really sweet and happy. They even began to plan when to get married after graduation.

But at this time, Zhao Tongxin's adoptive mother was ill. No matter how hard she tried, she couldn't get together the medical expenses of her adoptive mother. At that time, Gu Chen was just a poor student. Even if he tried very hard to help her, it was still a drop in the bucket.

When they were at a loss, Jin Zhengting showed up in time and gave Zhao Tongxin enough checks to pay her adoptive mother's medical expenses. At the same time, he also gave her the marriage contract.

Zhao Tongxin didn't intend to accept it, but she didn't know why. She finally chose to sign the contract. This is something Gu Chen has been unable to let go of for so many years.

He has always believed that if Zhao Tongxin had enough money to pay for her adoptive mother's medical expenses, she would not have left herself. So Gu Chen chose to drop out of school soon after Zhao Tongxin left school, and worked alone in the society. Finally, with her ability and her handsome face, she became a popular star.

Gu Chen always thinks that Zhao Tongxin chooses Jin Zhengting only because of his adoptive mother's medical expenses, so he is always waiting for her to come back for a period of time. But today's meeting completely broke his dream. Zhao Tongxin's love has already been given to Jin Zhengting. As a man, such shame is simply unacceptable.

But Gu Chen's feelings for Zhao Tongxin are still there, so he won't do anything to hurt her, but his hatred has completely transferred to Jin Zhengting. From today on, he regards Jin Zhengting as the biggest enemy in his life.

"I'm sorry, Gu Chen. You know, Huo Tingchen and I have a blood feud, so I'm in a bad mood. I didn't mean it."

Listen to the anger in Gu Chen tone, Zhao Tong heart quickly apologized, she is a kind person, don't

want to hurt any familiar people, although and Gu Chen predestined relationship, but also don't want to hurt him.

Gu Chen light smile: "Tong Xin, we have known for so long, do you think I am so mean?"

His attitude changes very quickly. After all, he is a professional actor. There is still some acting skills. Although his feelings towards Zhao Tongxin are not affected, his attitude towards Jin Zhengting has been completely reversed."I've known you for so long, and I've never thought how generous you are."

In order to ease the atmosphere, Zhao Tongxin opened a joke, her smile is still very pure, and many years ago that she compared, almost no change.

Gu Chen also followed to smile, his this smile is not to act out, but the most real, because he likes to see her smile appearance.

"Well, don't be kidding. I know Zhao is always busy. Let's talk about advertising endorsement as soon as possible."

His mood became better with Zhao Tongxin's smile. Maybe she really has a special charm. A sweet smile is enough to fascinate any man.

"Gu Chen, I have something to say first. My company has a problem with capital. This time I invite you to make an advertisement. There is not much reward for you."

Zhao Tong Xin said in some dilemma.

"I don't need to be paid to work for you."

Chapter 498

Tianhong Group, President's office.

Huo Tingchen glanced at all the people in the room and said in a bleak tone: "tonight, Xu Yanke should be able to act, so you must cheer up. I don't want her to save Jin Ying without paying any price."

He decided to carry out the plan designed for him by Jin Ying. Even if he could not stimulate Jin Zhengting too much for the time being, he could at least weaken his strength.

However, Huo Tingchen did not say that Jin Ying had cooperated with him, and he would keep his hand on anyone. Even if Cheng mobing and Xu Zheng showed their sincere cooperation, he would not let them touch their core interests.

"Mr. Huo, after the last hospital incident, we have suffered a lot. There are few of my most powerful and heartfelt subordinates left. I think the situation there is similar. How can we guarantee the success of

the ambush?"

Cheng mobing asked first. This is something she has to consider. Now there are not many people left in her staff. When she faces Jin Zhengting again, it is inevitable that she will not have enough confidence.

"Don't worry about this problem. I believe Jin Zhengting won't do it. At most, it's Zhao Tongxin. She doesn't have many people in her hand, so we have enough power to deal with her."

Huo Tingchen confidently said that this is a fact. The people Zhao Tongxin can use are only Xu Yanke, Shaoyuan, Rong Qi, and Jin Zhengting's bodyguards in the hospital. His plan to use Jin Ying as bait this time is to kill those bodyguards. With their existence, it is not easy to snatch Zhao Tongxin's necklace.

Even under his coercion and inducement, Gu Chen agreed to help him get the code on the necklace, but Huo Tingchen also felt that he should be prepared.

"Mr. Huo, since you have decided, I will give you the command of my men."

With Cheng mobing's intelligence, she can naturally think of Huo Tingchen's purpose, so she gives it to him very happily. After all, if she can really get the necklace, she is also one of the beneficiaries, so at this critical moment, she should also put away her selfishness and be consistent with the outside world. On this point, Cheng mobing can see it very clearly.

She is also a very thoughtful woman, otherwise she would not have built a huge group under the pressure of Mrs. Cheng.

"Cousin, don't take part in the operation tonight. It's very dangerous."

Xu Zheng, who has always had the plot of sister control, shows his concern for his cousin Xu Ting. He still doesn't know that his cousin, who looks weak and always looks pathetic, is a hidden master.

"Xu Zheng, you are wrong. Xu Ting must take part in the action tonight. Only with her can we ensure the success of the action."

Huo Tingchen looked at Xu Zheng with a female smile and said with a smile.

Xu Zheng is very surprised. He doesn't understand what Huo Tingchen means. How can Xu Ting, who has no power to bind a chicken, become the person who controls the success of the action?

"Cousin, you don't know. I've been practicing kung fu secretly since I was a child. Mr. Huo has tried my strength just now, and he is very optimistic about me, so I'd better let him participate."

Xu Ting weak said, but the corner of the eye with a proud expression, anyway now Huo Tingchen also know his strength, simply no longer hide, as long as deal with Zhao Tongxin and Xu Yanke's action, she will spare no effort, because she and these two people's resentment is too deep.

Xu Zheng takes a suspicious look at Xu Ting. Seeing her confident, she doesn't say anything. Maybe her cousin is really capable, but she doesn't know it. In short, her cousin has never done anything that she is not sure about.

"Xu Zheng, how about the turnover of our group now?"

Huo Tingchen suddenly asked him that Xu Zheng is now the vice president of United Group. His task is to gradually inject the capital of Cheng family and Cheng mobing group into the market of Jiangbin.

Xu Zheng pondered for a while and said: "Mr. Huo, after the last rush buying, the jewelry industry has now seen a decline in profits. I think it will probably affect the company's shares. Once the stock market is in turmoil, the group's assets will shrink, which will be quite unfavorable to us. We must not say whether we can inject capital into the Jiangbin market step by step I'm afraid it's not very easy to get a firm foothold. "

Huo Tingchen's eyebrows gradually locked up. He also knew that although Jin Zhengting didn't make any movement on the surface, he was secretly targeting their united group everywhere.

What's more terrible is that the success of the last boat gambling incident fell short. Not only did it not accumulate capital quickly, but also almost offended all the rich people in Jiangbin. Therefore, it spontaneously resisted all the investment projects of the United Group. Except for the surprise attack in the jewelry market, other projects could not be launched at all.

"In fact, it's not news. If we want to inject capital into the Jiangbin market, we will naturally touch Jin Zhengting's interests. The whole business community in Jiangbin will follow Jin Zhengting's lead. It's normal that we can't make a breakthrough."

Cheng mobing has been psychologically prepared. If they can transfer capital soon, she should worry about whether it is Jin Zhengting's plot. "It's not a solution that has been in the air. You are all elites in the business world. What can we do to make a breakthrough in the shortest time?"

Huo Tingchen and Xu Zheng are the only two who have rich business experience. In business, he thinks that they are not rivals.

"Let's not worry for the moment. If Jin Zhengting is over stimulated, maybe the resistance will be greater. It's better to wait until after the gambler's meeting when the group can accumulate enough capital. At that time, we can choose a weak industry and gain a foothold in Jiangbin."

Cheng mobing is very calm. After all, she has been in business for many years. Naturally, she knows the meaning of this sentence. What's more, Jin Zhengting is standing in front of them now. This shadow is too huge, which is also the reason for her lack of confidence.

"Well, now it's the safest way. You can do this because you are more professional than me."

Huo Tingchen said with a smile that he already had a plan in his heart, that is to connect the interests of Cheng mobing and Xu Zheng with himself and stand up. At that time, even if they beat Jin Zhengting, they can hardly escape his control. In this way, they can become their own subordinates from competitors.

Now he is in the first step. He moves two people with his trust. After all, half of the total assets of the United Group belong to him, so he easily leaves them to take care of them and proves that he still trusts them.

Sure enough, Cheng mobing and Xu Zheng looked at each other, and Huo Tingchen saw the smile in their eyes.

"Since Mr. Huo trusts us so much, let us do it. I promise I won't let you down."

Cheng Mo Bing Jiao says with a smile that she only wants to defeat Jin Zhengting now. As for the meeting with Huo Tingchen in the future, she doesn't have to think so much for the time being. If she still cooperates with Huo Tingchen last time, she will not give them a chance to turn the tables this time.

"How are the preparations for the gambling Stone Fair going?"

Huo Tingchen asked Xu Zheng, he is also very concerned about the progress of gambling Stone Club, this time must be successful, because it is related to whether they can get a foothold in Jiangbin, so even if he is not very good at business, he is also very concerned about gambling Stone Club.

"That rare stone has been camouflaged. I invited 20 top experts to identify gambling stones. None of them can see that this stone is the most perfect one."

Cheng mobing is very confident about this. This is her plan to earn money, so the preparation work is very perfect.

"Very good. If the gambler can succeed this time, then we will have an extra start-up fund. At that time, it will not be so easy for Jin Zhengting to stop our capital penetration plan."

Huo Tingchen is very satisfied with Cheng mobing's performance. He finds that if these people here cooperate without selfishness, it's no use dealing with Jin Zhengting.

"Brother, I've arranged my men. I'll wait for Xu Yanke to save Jin Ying. I promise that none of her men will go back."

Long Jiu, who just received the phone call, said to Huo Tingchen that it was her men who called and told her that the ambush had been arranged.

"Well, that way, we'll just have to wait until evening."

Huo Tingchen's eyes were burning, and his handsome face was almost monstrous, showing a long lost knowing smile.

"By the way, brother, there's a batch of freight from Europe to Jiangbin. Do we want to receive it?"

The goods that long Jiu refers to are naturally arms. After all, Huo Tingchen started his business. Although Jin Zhengting cut off his business some time ago, he has now resumed his business while Jin Zhengting is busy confronting them in business.

Huo Tingchen's eyes are bright. He has been in this business for many years. Naturally, he knows how much profit the arms business can bring to the group. Now all his capital is in confrontation with Jin Zhengting, and there is no surplus liquidity. This arms trade can effectively alleviate the current predicament.

"When will the goods dock?"

He turned his head and asked long Jiu, even with a trace of excitement in his voice.

"The day after tomorrow night, the goods will be unloaded at Jiangbin wharf. The quality of the goods is good, and the price is very cheap. If we change hands a little, we can make ten times the profit."

In business, long Jiu is not good at it at all, but she is really good at arms trading.

"When we have finished dealing with Xu Yanke, we will transfer our manpower to the wharf. This batch of goods is related to the future development of the group, and we must be sure to be safe."

Huo Tingchen attaches great importance to this batch of arms. He wants to use the income from arms trading to forcibly open up the market of Jiangbin.

"Don't worry. I'll take people to watch the wharf myself. There won't be any accident." Long Jiuxin's pledge.

"Mr. Huo, you said that Xu Yanke came to save Jin Ying tonight. Will he take away a lot of bodyguards from the hospital?"

Xu Zheng is not interested in the arms business at all. The last time he made a deal with long Shao at the wharf, he was plotted by Jin Zhengting. So he doesn't want to touch this kind of dangerous business any more. Who knows if there will be black eating black? However, when long Jiu and Huo Tingchen were discussing the arms, he suddenly thought of a very important problem and said.

Huo Tingchen's eyes also lit up: "Xu Yan was trained by me. Naturally, she knew that Jin Ying could not be rescued by her own strength. So I think she would definitely take part of the guards from the hospital this time. That's why I wanted to ambush her. I only intended to weaken Jin Zhengting's strength, but

you reminded me At this time, the hospital's preparedness will be very empty. "

"In this way, we can send our elite men to recapture Zhao Tongxin's necklace. I don't think they expected us to do this."

Xu Zheng light interface said, he is always good at capturing details.

"Didn't you say that you didn't want to be attracted to Zhao Tong?" Cheng Mo Bing asked with a smile.

"I also said that no matter who it is, it can't stop us."

Chapter 499

"My business philosophy is like this, to attract the resonance of consumers with the taste of home, so advertising must take the feeling of home, Gu Chen, you are now a big star, acting skills should not be a problem?"

Zhao Tong talks about her creativity to Gu Chen. Although Gu Chen is not an expert in economics, she also listens to it with relish. She thinks her creativity will make the sound of the restaurant hot.

"Tong Xin, why didn't I find that you have a business mind before? It's time to look at each other with new eyes. "

Gu Chen sincerely praises Zhao Tongxin. In her, he can use up all the praise words in the world, not only because of his feelings for her, but because she really has this ability.

Even Jin Zhengting's idea is naturally a good one. It can be seen that Zhao Tongxin really has this talent.

"Gu Chen, don't be garrulous. Anyway, I'll make an agreement with you first. Now our company has just completed the transfer of production, and the capital is very scarce. I also know that your appearance fee is at least 10 million, but the company really can't give you for the time being, or you can give me a 70% discount first, and I'll supply you when the company's business is on the right track."

After talking about her plan, Zhao Tongxin plays a joke with Gu Chen. In her heart, although she doesn't finally get together with Gu Chen, they are familiar with each other, so naturally they regard him as a good friend.

Her good intentions, but give Gu Chen a wrong signal, he felt that Zhao Tong heart and his completely no estrangement, should be in the heart and he just right, so he looked at Zhao Tong heart eyes gradually gentle up, as if back to the past.

"Tong Xin, if you can find me to be your company's spokesperson, I already feel very happy. How can I mention money? I'm not poor enough to live on this endorsement fee. I've decided to shoot an advertisement for your company this time as if I'm doing voluntary publicity for you. Besides, from the

director to the camera, I'll find the best team in Jiangbin, and I'll pay for all the expenses Responsible. "

Gu Chen said with a smile, he really likes Zhao Tongxin, otherwise he would not be so good to her, you know, he promised Zhao Tongxin all free, is equivalent to giving up more than 20 million income.

"That how can, Gu Chen, you can help our company shoot advertisement already benevolent, how can let you free?"

Zhao Tongxin naturally won't agree. Even if the company's finance is tight now, she won't use her past feelings as the capital to depress the price. This time, she asked Gu Chen to meet just to let him postpone the payment.

"Tong Xin, don't argue with me, just do as I say, otherwise I refuse to speak for your company."

Gu Chen feints anger of say, have can help Zhao Tong heart of place, he is absolutely won't refuse.

"Well, even if I owe you a favor, you can ask me if you need me in the future. As long as I can do it, I will help you."

Zhao Tongxin knows Gu Chen's temper better. In this respect, he and Jin Zhengting are similar. They are both people who must stick to their own opinions once they decide something. Therefore, she knows that if she blindly refuses, it will hurt Gu Chen's heart.

"Well, that's settled. When are you going to advertise?"

Gu Chen takes out his mobile phone, looks at his schedule, and then deletes it on the screen. Zhao Tongxin knows that he cancels the work arrangement for the next few days in order to speak for his company.

Looking at Gu Chen with a serious face, Zhao Tongxin's heart is still a little touched, but it's just a touch between friends, and has nothing to do with love. She knows very well what her identity is. Similarly, she also knows that her heart only belongs to Jin Zhengting.

"The best thing is tomorrow, because the company will open in five days. There is really not much time."

Gu Chen thought about it and nodded: "no problem, you ask the company's enterprise publicity department to make the advertisement script tonight, and then send someone to send it to me. Tomorrow morning I will take the crew to shoot it. One day should be enough. By the way, Tong Xin, TV station and propaganda media have found it. Don't send out the advertisement at that time, and there is no place to put it in, then your painstaking efforts will be real It's a waste. "

Zhao Tongxin patted his forehead: "thanks to your reminding, I almost forgot these things. It's only a few days since the company opened. I don't know how the schedule of the TV station is."

Gu Chen light smile for a while: "don't worry, I and the TV station's high-level relationship is pretty good, if you believe me, the advertising also give me, I want to my face, for a golden file is not too difficult."

"That would be great. Thank you so much this time."

Zhao Tong Xin toward Gu Chen a smile lightly, her appearance is as sweet as that girl in Gu Chen memory.

Gu Chen first stayed for a while, and then said with a smile: "let's talk about it today. I'll go back first. You patient should take good care of your body. Don't lie in the hospital all day long."

"Well, it's time for me to order my colleagues from the propaganda department to do something. Let's do it first. Gu Chen, thank you very much."

Zhao Tong Xin's pretty face is full of seriousness, and his eyes are full of joy. This is Gu Chen's favorite look. His mouth slightly Yang, showing a perfect smile: "thank you do not have to, when the company opened, you can invite me to dinner, go."

Gu Chen finish saying, also don't let Zhao Tong heart rise, directly left the ward, wait for him to close the door gently of time, gentle eyes suddenly changed.

He is really unwilling. He must take Zhao Tongxin back from Jin Zhengting. Although he is just an ordinary entertainment star, he is not qualified to challenge Jin Zhengting, he is determined that Zhao Tongxin can never be with Jin Zhengting, because he may face the threat from Huo Tingchen at any time.

Think of Huo Tingchen, his heart suddenly move, secretly looked at the mini camera hidden in the tie, heart suddenly had an idea, take refuge in Huo Tingchen.

Gu Chen knew a lot of people in the upper class of Jiangbin, so he also knew the current situation of Jiangbin. He knew that Jin Zhengting and Huo Tingchen were fighting each other. Huo Tingchen was also the only one who could fight against Jin Zhengting. Besides him, no one could help Gu Chen deal with Jin Zhengting.

He secretly gritted his teeth, for Zhao Tongxin, he can do anything.

Just as he walked into the elevator, a figure flashed in the corner of the corridor. It was the bodyguard who came to the hospital with Jin Zhengting. He whispered through the mini walkie talkie: "boss, Gu Chen has left. I haven't been found by him. When he came out of Miss Tong Xin's Ward just now, his face was ferocious."

The bodyguard observed carefully and reported Gu Chen's every move to Jin Zhengting.

Jin Zhengting, who was in the president's office, walked to the window and looked at the blue sky

outside. His deep eyes became dim: "I know. Keep tracking. If he goes to Huo Tingchen, don't continue."

"Yes, boss."

The bodyguard agreed to close the line, should be to continue to track Gu Chen.

"Zhengting, what happened?"

Yang ziye, sitting on the sofa with his legs crossed, with a Cuban cigar in his mouth, asks casually.

"Gu Chen went to the hospital and discussed with Tong Xin about the advertisement of the catering company."

Jin Zhengting answers faintly that he has nothing to hide from Yang ziye.

As soon as Yang ziye heard this, he immediately bounced up from the sofa and said, "what? Do you mean the entertainment star Gu Chen? "

"Yes, how did you react so much?"

Jin Zhengting doesn't understand why Yang ziye will behave like this when he hears that Gu Chen and Zhao Tongxin meet.

"Zhengting, don't tell me, you really don't know that Gu Chen once had a relationship with Tong Xin?"

Yang ziye looks at Jin Zhengting like an alien. It seems that he feels incredible.

"I know that when Tong Xin was still at school, she and Gu Chen were lovers."

Jin Zhengting said faintly that he knew everything about Zhao Tongxin, because Zhao Tongxin never concealed anything from him.

"Zhengting, your heart is too big. You know that Gu Chen is Zhao Tongxin's ex boyfriend. Do you still let them get along with each other alone?"

Yang ziye says indignantly that he doesn't like Gu Chen at all. When he first pursued Zhao Tongxin, he regarded Gu Chen as his opponent. Unexpectedly, Zhao Tongxin finally chose Jin Zhengting, which made him lose his temper at all.

It is undeniable that Yang ziye is also a rich and handsome man, but he is still a little worse than Jin Zhengting. What's more, when they grew up together, he always regarded Jin Zhengting as the leader, so naturally he won't fight with Jin Zhengting.

But when he heard the news that Gu Chen and Zhao Tongxin met alone, he was not calm at once. In his

opinion, except Jin Zhengting, no one should be qualified to contact Zhao Tongxin alone.

"Zi ye, your reaction is too extreme. I believe Tong Xin."

Jin Zhengting's tone is very calm. He knows that the most important thing for two people to be together is trust. The reason why they have such a good relationship with Zhao Tongxin is that they trust each other very much.

"Boss, I also trust Tong Xin. I know she can't do something sorry for you, but Gu Chen is different. Haven't you heard that since he broke up with Tong Xin, he hasn't found a girlfriend. It shows that this boy is still a thief to Tong Xin. You should pay attention to it."

Yang ziye says with his mouth curled, he just can't stand Gu Chen and Zhao Tongxin alone. If Gu Chen is replaced by him, he can accept it. After all, they are still cooperative.

Of course, he won't have any indiscreet thoughts about Zhao Tongxin. After so many storms, he can see clearly the unbreakable love between Jin Zhengting and Zhao Tongxin.

"Gu Chen is to pay attention to, but not to Tong Xin's motive, I suspect he has been working for Huo Tingchen, this time and Tong Xin meet, is to get the password on the necklace I gave Tong Xin."

Jin Zhengting said in a positive tone that his wisdom is unimaginable to ordinary people. From some details, he can infer the truth that other people can't imagine. "That smelly boy betrayed Tong Xin. He's really a scum!"

Yang ziye can't help spat. What he hates most is the man who doesn't pay attention to his feelings, but he seems to forget that he is also a famous playboy.

"This is not necessarily, it is very likely that Huo Tingchen told him that if he did not help to get the code on the necklace, he would send someone to rob it, and it would hurt Tong Xin, so Gu Chen had to help him, because this is Gu Chen's weakness, and Huo Tingchen is the best at using other people's weaknesses."

Jin Zhengting light analysis, his IQ is simply amazing, even Huo Tingchen threat Gu Chen's means of reasoning are clear.

"Then what are we waiting for? Hurry to stop Gu Chen. Don't let him give Huo Tingchen the code of the necklace!"

Yang ziye said anxiously that he knew what it meant to let Huo Tingchen get the password.

"No, ziye, let's not worry. This is one of my plans. Since Huo Tingchen wants to get the password so much, we'll give it to him."

Jin Zhengting's eyes flashed the light of wisdom, and his face showed a smile that only belonged to the winner. When he thought of this, he was ready to make a plan.

Chapter 500

Jiangbin hospital.

Zhao Tongxin leans lazily on the bed and is still thinking about the advertisement. Not long ago, he asked Shaoyuan to call the Propaganda Department of the company and instruct them to make the advertisement text tonight. Everything is going well. The company's propaganda plan can finally come to an end.

"Tong Xin, something's wrong."

Spoon garden in a hurry to push the door, even the door did not have time to knock, it seems that what she said is very serious.

"What's the matter, spoon?"

Seeing her like this, Zhao Tongxin's face became dignified. Women's intuition was always very sharp. Before Shaoyuan had said anything, she had a premonition that Huo Tingchen might have made a big move.

Shaoyuan took a slow breath and then said, "just received the news, Jin Ying was kidnapped by Huo Tingchen."

"What?"

Zhao Tong was surprised. She didn't expect that Huo Tingchen would attack Jin Ying. This is also a mistake. Everyone in Jin's family is very well protected, but she only forgets Jin Ying. Of course, this is also because Jin Ying is often with Gu Chen recently, and she seldom contacts her family since she was injured.

"Does the court know about it?"

Zhao Tong Xin's first thought is Jin Zhengting. It's better for him to make up his mind when such a big thing happens.

"The boss should have known, but he hasn't given any orders yet."

Shaoyuan frowned and said that she felt that Jin Zhengting must have known the news. Although she was indifferent to Jin Ying and everyone in the group knew about it, Jin Ying was his own sister. She was kidnapped by her biggest rival and didn't make any response. This is what she didn't expect. However, her subordinates trusted Jin Zhengting very much, so they naturally believed in Jin Zhengting. There must

be a plan.

"In this way, spoon, you go to call Xu Yanke and Rong Qi. The action tonight will be temporarily suspended. The court is likely to have some countermeasures. Now we will gather together to see if we can help."

"Well, I'm going."

Spoon garden promised, immediately out of the ward, Rongqi in the corridor, Ronglei's ward is not far from here, xuyanke has been in his room, so soon they arrived, originally Ronglei also want to come, but in view of his current physical condition, in xuyanke's strong suppression, just let him stay in the ward.

"Zhao Tong Xin, what's the matter? How can Xiao Ying be captured by Huo Tingchen?"

As soon as Xu Yanke enters the door, she asks in a hurry that she should be the one who is most worried about Jin Ying's safety.

Originally, Xu Yanke's attitude towards Jin Ying was just like her attitude towards Zhao Tongxin. She was a natural enemy. However, after knowing her life experience and that Jin Ying was her sister, maybe she never had a family relationship, which made her attitude towards Jin Ying change fundamentally. What's more, she felt deeply guilty for stabbing Jin Ying's eyes.

So Xu Yanke has long vowed in her heart that she will protect Jin Ying well and never let her be hurt again. Unexpectedly, Huo Tingchen reaches out to Jin Ying. She should be one of the people who know Huo Tingchen best in the world, so she is deeply worried about Jin Ying's safety.

Huo Tingchen's plot failed last night, which will make him feel very upset. So he captured Jin Ying to vent his anger of being defeated by Jin Zhengting again.

"I don't know the specific situation, wait a moment, I'll contact the court."

Zhao Tongxin also knows Huo Tingchen's character. She is also worried about Jin Ying's comfort. Like Xu Yanke, she doesn't like Jin Ying too much. After all, Jin Ying's character determines that she is not a likable person, but she is Jin Zhengting's sister, so Zhao Tongxin naturally has to care about her affairs.

After dialing the mobile phone, a busy sound came from Jin Zhengting's plain but magnetic voice: "what's the matter?"

Zhao Tong Xin took a deep breath: "Zhengting, what are you going to do?"

Jin Zhengting at the other end of the phone was obviously stunned. After a while, he asked, "what's the matter, how to do it, Tong Xin? What are you talking about? What's going on?"

"Don't you know, Xiaoying was kidnapped by Huo Tingchen."

Zhao Tong Xin is also a Leng, she some doubt of ask: "you can't still don't know?"

"Xiaoying kidnapped by Huo Tingchen?"

Jin Zhengting's voice was puzzled, and a little surprised. It sounded more like he had just learned about it.

Zhao Tong Xin turned his head and asked Shaoyuan: "spoon, how do you know the news? It seems that the court still doesn't know."

"Ah? No, it was one of Chen Dong's subordinates who told me that he was very well-informed in Jiangbin. When he knew this, he called me and told me. Why, the boss didn't know? "

Shaoyuan is also stunned. It's not only her, but also Xu Yanke and Rong Qi feel that it's not so simple. Jin Zhengting's influence can't hide the disturbance of Jiangbin. How can it be later than what they know.

"Tong Xin, you must not act without authorization. Ziye and I will go to the hospital immediately." Jin Zhengting gives an explanation on the phone and hangs up. He also feels that Huo Tingchen must have a new conspiracy, and it is likely to be aimed at Zhao Tongxin. The news that Jin Ying was kidnapped by him is very likely that he deliberately leaked her.

With two bodyguards, Jin Zhengting and Yang ziye immediately rush to the hospital. During the period of Rong Lei's recovery, none of his men can replace Rong Lei's assistant.

While waiting for Jin Zhengting, the beauty team in the ward has had a heated discussion on how to rescue Jin Ying.

"Zhao Tongxin, I'll take someone to Tianhong Group Building tonight. I'm sure Xiaoying is locked up there. I know Huo Tingchen too well. An important hostage like Xiaoying can only be at ease when she is very close to him."

Naturally speaking is Xu Yanke. No one is more anxious than her. She feels that she owes her sister Jin Ying too much, so she spare no effort to save her, and she must take people with her in person. Maybe only in this way can she get some comfort from her guilt.

"No, we don't even have the most basic information now. With Huo Tingchen's cunning, maybe we've set up an ambush in Tianhong Group long ago. Didn't we rush in rashly and throw ourselves into the net?"

Shaoyuan first disagrees with Xu Yanke. She is still calm. From Zhao Tongxin's phone call with Jin Zhengting just now, she knows that Jin Zhengting doesn't know about Jin Ying's kidnapping, which shows that Huo Tingchen should have leaked the news to them on purpose, so she has to doubt his intention.

"Miss Shaoyuan is right. We can't be impulsive. Miss Yanke, it's better to calm down. I also think it's a bit strange."

Rong Qi is equally calm. Like her brother Rong Lei, she belongs to a person who can keep a clear head no matter what happens.

"What you said is light. Do you know Huo Tingchen better than me? He suffered a big loss here last night, so he kidnapped Xiaoying. If we go late, maybe Xiaoying will be poisoned by him! "

Xu Yanke immediately retorts that no one knows Huo Tingchen better than she does. Thinking of the treatment Jin Ying may encounter, even she, who has always been indifferent, can't help but have a lingering fear.

"You can't let the people under your command take risks with you. They are also human beings. In case of ambush, can you guarantee that they can come back safely?"

Shaoyuan argued that all the bodyguards had been with her, so she would not make fun of these people's lives because she was responsible for her former subordinates.

"Since you said that, I'll go alone. I don't believe that without your men, I can't save Xiaoying!"

What Xu Yanke said is not angry words. Even if everyone is against it, even if she is the only one, she is determined to save Jin Ying. At this point, she inherits the inherent gene of Jin family. Once she identifies a thing, even if she knows that there is a sea of swords and flames ahead, she will be righteous.

"If you want to go by yourself, I won't take my men's life to accompany you crazy."

Spoon garden's heart is also very anxious, but she also resolutely opposes Xu Yanke's gambling rescue plan.

"Well, let's not make any noise!"

People present have never heard Zhao Tongxin speak in this tone. Xu Yanke and Shaoyuan can't help but close their mouths. Then they turn their heads and look at Zhao Tongxin, who hasn't spoken all the time. Because she only said one sentence, but her tone has an unspeakable dignity. That kind of feeling is very similar to Jin Zhengting's issuing order.

"What's the point of your quarreling? Don't even talk. "

Zhao Tong heart plate with a pretty face, the gentle eyes are frozen into ice, sharp eyes swept the spoon garden and Xu Yanke, obviously expressed dissatisfaction with them.

Shaoyuan and she are best friends. They have known each other for a long time, but they have never

seen Zhao Tongxin. She suddenly realized that Zhao Tongxin has grown up. She is no longer the simple little girl who just came out of the campus before. Now she is the general manager of Zhao who has made no difference in the company.

Even Xu Yanke, who has been against Zhao Tongxin all the time, has been obediently shut up this time. She can see that Zhao Tongxin is really angry, and she finds that Zhao Tongxin is different from before. In the past, even when he lost his temper, he would not be so scary as now.

"Now it's not for you to discuss how to save Xiaoying. Xiaoying must be saved, but before saving, we must find out what plot Huo Tingchen has."

Zhao Tong Xin's tone calmed down and said faintly: "Xu Yanke, I understand your mood. In fact, my mood is the same as yours. I hope to rescue Xiaoying as soon as possible, but you rush in so mindless, isn't it that you hit Huo Tingchen's muzzle? Who is Huo Tingchen? You know better than us. Why does he only disclose the information to us? Haven't you thought about it? "

Zhao Tongxin scolded her for being brainless. If she was normal, Xu Yanke would fight back strongly, but today she chose to be silent. She is not stupid either. She naturally knows that Huo Tingchen must have a conspiracy, but now she really wants to save Jin Ying from Huo Tingchen's clutches.

"Spoon, don't say too impersonal words. Xu Yanke won't let her hand go down to die. She's just a little worried. There's no need to compare with her now." Zhao Tongxin turned to Shaoyuan again and said that her tone was gradually gentle. She only realized recently what kind of temper she was dealing with and what kind of tone she was using. To maintain the unity of the team, she had to work hard as a core figure.

"Tong Xin, I know I'm wrong. In fact, I also want to save Miss Jin Ying."

Shaoyuan knows Zhao Tongxin's intention, so she takes the initiative to bear the mistake. In this team, she and Rong Qi firmly uphold Zhao Tongxin's authority.

"It's OK. I don't think Xu Yanke will mind. Let's focus on discussing what plot Huo Tingchen has. Only by finding this key point can we have countermeasures."

Zhao Tong's heart looked at Xu Yanke faintly: "you are the person who knows Huo Tingchen best here. If you are him, what's the purpose of doing this? Don't think about the problem with anxiety, wait until you calm down."

Her tone is very light, but like Jin Zhengting, she has an unquestionable dignity. Maybe Zhao Tongxin is unconsciously influenced by him after they have been together for a long time.

"If I am Huo Tingchen, the purpose of doing so is to lead Xu Yanke to save Jin Ying."
