

# Chapter 493

Jun Liuye said: "Second sister, other people don't know, don't we both know? Our father's official position is worse than every day, and now the most powerful person in the Jun family is Kraig, but Kraig is not in line with us. On the contrary, the relationship with Arron is very strong. You don't know if you are not in Nancheng. Your brother-in-law and I are focused on the development of Nancheng. We can't make friends with Arron, but you want to touch the woman next to Arron?"

Siu gritted her teeth and said, "Sister! Even you can tell that Arron is not only catching Suzi as a prisoner? He is afraid that Suzi has acted for real!"

Jun Liuye was worried and said, "That's why I persuaded you to stop. Kraig from Kyoto is enough for my dad to deal with. Plus Arron, you and my dad, including me, will not be able to eat. Go!"

"What are you afraid of!" Siu said grimly: "I have a complete countermeasure!"

Jun Liuye asked: "What countermeasures?"

Siu sneered, "Lanita's Shabi! Who does she think she is, the granddaughter of the Shu family? Elder Shu holds the little princess in the palm of his hand? Lanita has now crawled on top of me to poop and pee. Yes, I came to Nancheng to rectify Suzi because of Lanita's order! Her grandfather is in charge of our father, I dare not come, I have to listen to Lanita. So even if one day Arron blames him, That was also bad luck for Lanita.

It's not me Siu.

Also, you saw the woman just now, she is anxious to get along with our upper class, so she won't betray us, these idiots, don't use it for nothing!

Anyway, I just want to make Suzi, a D\*mn, long-rotten woman, best to die for thousands of years!

Arron can only be my Siu, and I will never allow any woman to approach Arron!

Not only do I want to get rid of Suzi, I also want to get rid of Lanita! I still want to bring the disaster to Old Man Shu, so that my father will be less worried. Killing three birds with one stone, if I can marry Arron, you and your brother-in-law will be able to walk sideways in Nancheng in the future. Four birds with one stone, sister." Siu said beautifully. Jun Liuye: "..."

Siu did not see her sister's worry and silence. She only called the manager of the hotel and said: "We are going to hold a banquet here in the past two days, leaving time and the largest banquet hall."

"Okay, second lady." The hotel manager said respectfully.

After the two sisters walked out of the hotel together, Siu said to her sister again: "Sister, I will give you the opportunity. Then you have to take revenge, at least let your good girlfriend, who The big star who has ruined the star way is nasty, huh."

Thinking of the time Ivy was poured wine by Arron two months ago, Jun Liuye also hated and stomped her feet: "That must not be cheap, Suzi! Anyway, it is the prisoner that Arron captured, so we will fix her to death. ! Whole!"

"That's right, sister." Siu said to Jun Liuye happily.

The sisters were in a very good mood and drove away from the hotel.

At the same time, on the other side, Suzi also took Lilly back home. The only one was a little bored. She always felt that it was not very enjoyable to play with her classmates, and she was worried that she was going to change kindergarten again. She was a little bit reluctant to bear the children.

Suzi comforted Lilly: "The only one, trust your mother, you won't leave that kindergarten if you have a mother."

"Yeah!" Shen Onlytian smiled and nodded, she naturally believed in her mother the most.

"Sleep obediently." Suzi took out his cell phone and dialed Arron's phone after putting Lilly to sleep.

Arron on the other end quickly connected: "Hey..."

## Chapter 494

"Are you at Jun's house?" Suzi asked lightly.

Arron did not answer this question, but instead asked Suzi: "What about the only one?"

"She just fell asleep." Suzi returned.

Arron said: "Take good care of the only one. I will come back as soon as possible and tell the only one that my father will bring her a truck of toys!"

Suzi: "Yeah."

"You...something?" Arron asked again.

Why is she calling so late?

Just now, he checked the situation of their mother and daughter at home on the surveillance.

When he was not at home, he was the only one who was obedient and cared about his mother from time to time. The appearance of that little adult made Arron amused in the surveillance video.

The temperament of this little thing is surprisingly like him.

After watching Suzi gently put Shen Wei to sleep, he turned off the surveillance video.

I wanted to see when she would rest. If he found out that she had stayed up late to draw the artwork, he would call and order her to go to bed early, but she hadn't waited for her to leave the only children's room, the hospital's ward. Inside, Elder Shu called Arron again.

Arron had to turn off the video now.

Elder Shu also yelled casually and saw Arron coming in. He was pleased: "Qin'er, it's really hard for you to catch a plane from Nancheng to see me, a dead old man..."

I am actually very happy.

At least Arron still respects him.

He just wanted to have a good talk with Arron.

However, before the old man spoke, Arron's cell phone rang.

Elder Shu could see that the look in Arron's eyes when he saw the phone call was an extremely concerned look. Arron answered the phone with a gentle tone: "Hey..."

The voice on the other end of the phone is very quiet.

But Elder Shu is not deaf, he can hear that voice is Shen.

The conversation between two people also revolves around the child.

But when Mr. Shu heard the call from Suzi, his expression was still somber and angry!

Arron didn't notice the change in Old Man Shu's face.

He only went out while talking on the phone with Suzi. Obviously, he didn't want Old Man Shu to hear that he was talking with Suzi.

At the other end, when Suzi heard Arron say that he would bring back a truck of toys for Lilly, Suzi suddenly didn't want to say anything.

There is no doubt that he loves Lilly very much.

Since he loves Shen Only, Suzi, what can you say?

He makes you behave.

Let you not mention Siu.

Suzi, you have to be smart and have vision.

Maybe this is another way he tortured you. After all, you have IOUs in black and white, and you owe him 10 million.

"It's okay, I am..." Suzi couldn't think of any excuses why he called him?

The man's low mellow voice chuckled: "Miss me?"

Suzi: "..."

At this time, can he say something like this?

Sudden grief came from it.

Perhaps, in your eyes, he is as important as heaven and earth.
