

Noble Husband At the Door Chapter 496

Even if Mount Taishan broke down in front of him, Samuel would certainly not be drunk in all. However, when he saw the caller ID, he was so worried that his hands shivered somewhat.

Seeing this scene, Qi Yiyun covertly clenched her clenched fists. "It's just a phone call, however it can make you so nervous? Why are you so in love with Yvonne?"

" In the Sue household throughout the three years, you have experienced a lot of embarrassment. Why do you love Yvonne? Why do you still enjoy her so much?"

" As a male, can you actually abandon all your dignity for her?"

Actually, Samuel had not been the only one that was nervous. Manfred had actually unknowingly rubbed his nose. This was also an indicator of his nervousness.

Others may not be aware of Samuel's sensations for Yvonne, yet he had seen every one of this. Three entire years of seeing without obstacle. Exactly how could a regular person do this?

" Hurry up and receive it. What are you waiting for?" Manfred reminded Samuel.

Samuel took a deep breath as well as pressed the response switch.

" I desire one billion." After the phone was linked, a deliberately changed voice came from the various other end.

" Okay, how to negotiate? Just how can I ensure she is risk-free currently?" Samuel said without hesitation. As long as Yvonne was safe, so what if ten billion?

" Your pointless hubby intends to speak with you. Hurry up and say it."

" Samuel, I'm fine. Don't bother with me."

Yvonne's voice sounded. Samuel took a breath a sigh of relief when he sensed that there was absolutely nothing uncommon in Yvonne's tone.

" Now you can feel confident. When the money is ready, I will certainly contact you once more." The individual on the various other end of the phone hung up straight.

Samuel quickly altered the shape of his phone. Squeezing his teeth, he said to Manfred, "It's Harvey. Find him out for me!"

His tone was incredibly familiar to Samuel, carrying taunting as well as contempt. In front of Samuel, he was always high and also mighty.

Yvonne had additionally discussed that Harvey had actually been eliminated of the Sue family. Samuel couldn't figure out why Harvey had links with Shangguan Heibai.

This old point kidnapped Yvonne in order to let Ouyang Xiujie win the video game. Since the video game mored than, he should let Yvonne go, yet the person who kidnapped Yvonne was Harvey. Exactly how could Harvey, the down-and-out canine let Yvonne go so easily?

The tattooed guy had been killed by him, due to the fact that he was not ready to allow Yvonne go and also had a conflict with the tattooed male. The only way to leave was to leave China, so he asked for one billion yuan from Samuel.

This one billion was carefully computed by Harvey. As an outcome, Yvonne, the chairman of the board, would certainly no longer exist.

Not only did he intend to take the money, however he also wanted to take revenge on Yvonne. At the same time, he wanted to make certain that Samuel would certainly never ever be able to live a good life once more.

" Chairman Sue, the Sue household is going bankrupt. What do you assume?" Harvey said to Yvonne.

Yvonne felt Harvey was very acquainted before. He was putting on a headwear, Yvonne couldn't see his face plainly, but his figure made Yvonne see even more and extra clearly.

" Harvey, the Sue family members won't go bankrupt, and also you won't get one billion," Yvonne claimed emphatically.

When he listened to Yvonne call his name straight, Harvey's figure flashed as well as he unexpectedly stood up.

" Don't get also excited. I've already thought that you're Harvey. So what happens if you don't admit it? What's more, if you maintain your voice down, it'll be really uncomfortable, won't it?" Yvonne stated.

Harvey took a few deep breaths. He thought to himself that given that he could go abroad after obtaining the money, so what happens if Yvonne acknowledged him? When he left the country, who would certainly have the ability to locate him?

After removing his headgear, Harvey looked at Yvonne with a relentless face and also stated, "So suppose you know it? You will soon come to be a roaming pet. Samuel has no chance to live off his better half, while I can live a free and easy life after obtaining one billion yuan. Yvonne, you really did not expect this particular day to come, did you?"
