

Chapter 505

It was a crooked nut and a friend of the construction industry. The most important thing was that he was willing to give Linda a sigh of disgust, and Siu's heart immediately jumped for joy.

At this Hongmen Banquet to destroy Suzi, the more allies she drew, the less risk she had for Siu.

It is not that Siu has never thought that Arron would pity Suzi because of his daughter Lilly, but she also has Shangfang's sword in her hands.

Not only that, but now there are more friends from foreign architecture circles.

Everyone witnessed Suzi's cheapness!

Suzi's begging.

Wouldn't it be better.

Haha!

Siu couldn't wait to see Suzi kneeling on the ground, the dog being beaten and kicked by everyone.

Dare to give birth to Arron's child!

D*mn it!

The only woman in this world who can give birth to Arron is her Siu!

No one else will do!

Nor is Lanita!

Don't mention Suzi this splatter!

Thinking of this, Siu called Suzi again. She wanted to remind Suzi not to be too late for the Hongmen Banquet this afternoon.

At the other end, Suzi had been waiting at the fork in the road outside Jun's house for nearly an hour.

Seeing that it was Siu's arrival, Suzi immediately connected: "Don't worry, I will go!"

Siu smiled at the end: "I just remind you, don't forget!"

Suzi didn't answer again, but quickly hung up the phone.

Not far away, under the big tree, the black car she had been staring at finally opened the door.

After the door was opened, the pair of men were still obsessed with each other. The man looked a little younger than the woman, about forty-seven years old, and the woman, who was not Moira?

Suzi didn't expect that she would have such a gain when she came to the Lin Family this time.

Moira and the man have been in the car for more than an hour.

Suzi was not far away and waited for more than an hour.

At this moment, Moira and the man didn't know that Suzi was not far away. The man still didn't let Moira go. Moira pushed the man out hard: "It's all right, I don't think I'm half-old mistress. "

The man's laughter was extremely wretched: "Where can it be, your age is the most delicious time."

"Death!" Moira gave the man angrily: "Jarod called, and he will be back right away. You can leave now! Don't be bumped by him in a moment, it will be troublesome."

The man continued to laugh frivolously: "It happened to be here that he was pissed off on the spot. So old, he is definitely not useful in any way. Looking at us like this, he still can't be pissed to death? Ahahaha! If Jarod is pissed off Now, all his property, his wife, is mine!"

"Beautiful you! Get out!" Moira laughed and cursed, while pushing the man away, abruptly pushing the man into the car.

The man drove away reluctantly.

Moira sorted out her clothes, came out from behind the big book, and walked to her home casually.

As soon as she reached the fork in the road, Suzi suddenly appeared in front of her.

Moira was frightened: "Ah..."

Chapter 506

Suzi didn't even look at Moira at all.

But Moira, after being frightened, she bluffed Suzi and said, "You...when did you come here!"

Suzi's extremely calm tone: "Don't you worry?"

"What!" Moira thought Suzi would talk about stealing a man from the car behind the tree just now.

Suzi's face remained calm and calm: "Your daughter's grandfather is hospitalized in Kyoto. Don't you worry about the elderly's condition? Or, you and that old man Shu don't have a relationship, so you won't feel sad?"

When Suzi said this, Moira's face suddenly relaxed a lot, even if she could hear that Suzi was actually mocking her.

As long as Suzi didn't find out about her and her acquaintance, Moira didn't care about other things.

Suzi also sneered in his heart.

She knew that Moira was afraid that she would see the scene just now.

In fact, no matter how many things Moira did outside to sorry Jarod, Suzi, that is what Jarod deserves! Jarod deserves the retribution.

Just let Moira think she didn't know.

Sure enough, the frightened expression on Moira's face was gone, and replaced by a kind of arrogance and disgust: "Suzi! What are you doing here?!"

"What do you mean?" Suzi asked rhetorically.

"Huh!" Moira was not afraid of Suzi's tone: "Suzi, do you hate our Lin family? Did you hate Lanita for stealing your child's father? But you, fate, it's useless if you hate it. It's because our family's Lanita is lucky. Arron almost took her life at this sight, but Lanita has another good grandfather. This grandfather of Lanita, although not as wealthy as the Fu family in Nancheng, But it is also a scholarly family with a prominent family background.

More importantly, Mr. Shu has many old men in politics in Kyoto. It was just these old subordinates. If Qi Qi put pressure on Mr. Arron, Mr. Arron would not dare to do anything to our family Lanita.

After all, one day, our family Lanita will marry Arron.

Then, your illegitimate daughter, where do you like to go, where do you go! "

"Just admit it," Suzi said.

"What?" Moira didn't quite understand what Suzi meant. She said so much, shouldn't Suzi be angry with Qiqiao?

Why is Suzi not angry at all?

In addition, a few words that didn't follow in the introduction came out briefly.

"You admit that your Lin family framed me back then, and you took me to save Arron's life, and then let your daughter Lanita go to Arron for me instead of asking for credit." Suzi explained.

"So what!" Moira snorted, "Didn't our Lanita confess to you six years ago?"

"So, she and Arron weren't married, did they?" Suzi smiled.

"You!" Moira choked fiercely.

I thought that Lanita and Arron were supposed to have a smooth wedding, but it was because of this D*mn thing that Lanita's child was aborted and Arron retired!

After so many years, the Lin family bought a wave of killers to pursue and kill Suzi.

But you can't kill her!

In six years, not only did Suzi not die outside, he was even brought back to Nancheng by Arron.
