

Chapter 5055

Under the leadership of Joseph, Duncan came to the core area of the Cataclysmic Front.

The so-called core area is a four-square-kilometer central area at the very center of the Cataclysmic Front base.

Although the base has not yet been completed, a high wall has been erected in the core area,

And inside the high wall, there are a large number of frame buildings of different heights.

These framed buildings are all modular building units purchased by Cataclysmic Front.

After rapid assembly, they can be put into use in the shortest time.

However, these buildings are only a temporary transition.

Once the Base is completed, these buildings will be gradually demolished and eliminated.

Joseph brought Duncan to a six-story building.

The interior of the building, the rapid renovation has ended.

Although the construction site is still in full swing outside,

There were basically no traces of construction inside.

A few minutes later, on the top floor of the building, Duncan saw May 47 who had lost his limbs.

During this period of time, May 47 became the tactical guide of the Cataclysmic Front.

Although he lost his hands and feet, he still taught all the formations he had mastered when he was a dead soldier,

And let the soldiers of Cataclysmic Front give him a quick look.

It seems to have opened the door to a new world and has mastered many unprecedented flexible tactics.

In order to study how to decipher the tactics of these dead soldiers,

Joseph also arranged for several senior officials of Cataclysmic Front to study,

The methods of restraining the dead soldiers' tactics together with May 47.

In order to ensure that the secrets of May 47 are not leaked,

Only the high-level officials of Cataclysmic Front are qualified to set foot in this building,

And May 47 himself never leaves this building for half a step.

At this time, May 47 was discussing tactics with several instructors in Cataclysmic Front.

Joseph invited the others out, then invited Duncan to come in and said to May 47,

“Mr. 47, Mr. Wade’s invitation Detective Li is here,”

“He is here to investigate the mysterious organization behind you,”

“I hope you can cooperate with Detective Li and explain everything you know to him.”

Seeing Duncan on May 47, the whole person was as horrified as if he had seen a ghost!

He hadn’t heard of Duncan’s name, nor did he know his origin and background,

But he remembered Duncan’s face, and when he went to assassinate the An family,

When the elevator door opened, the first thing he saw was this man's face in front of him.

At the time, he was even the first person to shoot.

Therefore, he knew very well how many shots Duncan was shot at that time,

And he could conclude that Duncan had no chance of surviving at all.

Because of this, when he saw Duncan's familiar and unfamiliar face, he panicked to the extreme.

Duncan also knew that this person was the culprit who almost killed him in the first place,

But he didn't get angry, just smiled slightly:

"Looking at your surprised appearance, you should still remember me, right?"

May 47 was frightened, and couldn't help but said: "This...how is this possible..."

"At that time...that person at that time...is that you?!"

Duncan smiled indifferently and said: "If the person you're talking about is the one,"

“Who was beaten into a hornet’s nest by you at the elevator door, then I can tell you in person that it’s me.”

“But...but it’s not logical....”

May 47 said suspiciously, “You were shot so many times, your body died at that time,”

“And it was obviously impossible to revive...”

Duncan nodded, and earnestly said: “I was going to die,”

“But I was lucky to have Mr. Wade, so I came back to life.”

“Mr. Wade...” May 47 suddenly remembered Charlie’s shocking strength,

And how he could still break the poison that had been comforting him for more than 30 years with a snap of his fingers,

And then he thought of how Duncan had been shot to the end at that time,

And he was even more impressed with Charlie.

So, he said very ashamedly: “Detective Li, I have done many bad things at the beginning, please forgive me...”

Duncan nodded and said indifferently:

“You were also acting on orders, which is understandable.”
