

Super Rich Dad Chapter 507-508

Chapter 507

This restaurant is richly decorated, its specifications in Chujiang, you are a phoenix hair are present.

Ye Yunjie originally wanted to arrange Shen Haoting in Qiao San's Haoyue Hotel, but considering Shen Haoting, the journey was long, and this restaurant thought well in the vicinity of his own company. So after thinking about it, she chose this place.

The three of them arrived at the hotel, went straight up to the 2nd floor and walked into one of the most spacious and bright luxury private rooms.

At this time, Ye Yunjie had already prepared everything, and after Shen Haoting and Jiang Hao entered the door, the waiter would bring the dishes ordered in advance one by one. The dishes were brought up.

This is the 1st time in recent years that Shou Hao listened, tasted the taste of his hometown, and could not help but feel some emotions. As he ate the dishes, he kept telling Jiang Hao about those years in the past.

Those years were very precious to Shen Haoting, yet they were like the flowing river water, no longer going back and forth.

Shen Haoting heaved a sigh, he had waited for nearly 20 years and finally waited for this day, he seemed to have seen the moment when he would return all the humiliation he had suffered in these 20 years.

During these ten years, Shen Hao Ting had imagined almost all the time what he would look like after the day when his revenge would be avenged.

Perhaps at that time, the heavy burden he had been carrying in his heart for more than 20 years would be completely laid to rest. It would be completely laid to rest.

He himself will no longer have to carry, let me in the burden of living, these 20 years, all the humiliation and hatred, like a huge stone, but good to hear the heartache, so that he can not breathe at all times, so that he is at all times, I feel angry and desperate.

And as the day drew infinitely closer, Shen Haoting became more and more excited as he looked at his son and sighed in his heart.

Shen Haoting once thought that when he had avenged his blood feud, it would be easy for Jiang Hao's mother to return to the mountains and live the life of an ordinary person.

This life was 20 years in the making. In the past, he felt that the life he longed for was so far away, but at this moment, it was incredibly close.

After three rounds of wine and five tastes of food, Shen Haoting had almost finished telling the story of the past.

He had Jiang Hao Ye Yunjie got up and was about to leave when the door of the private room they were in was suddenly pushed open from the outside, followed by a figure appearing at the door.

As long as I heard my voice, I couldn't help but be a little surprised, while Jiang Hao and Ye Yunjie, on the other hand, looked a little surprised.

Because the one who appeared out of the blue was no other than the engineer Feng who had previously caused them countless troubles and almost single-handedly ruined the City South project.

Feng Ze's face was slightly red and drunk. He smelt of alcohol and had obviously drunk a lot of wine.

He swayed against the door and looked at the three people in the private room with a smug look on his face.

'Aigoo-hoo. I really didn't expect to meet you guys here.' Feng Ze teased, 'Didn't I hear that your funds were frozen by the bank, so how come you still have money to eat and drink here? May I ask if the spending in this hotel is not low?'

Feng Ze sneered and continued, 'I think you should take it easy when you're not ordering. Don't end up not being able to pay the bill, that's what will make you look bad.'

After saying the words, the style of haha laughed out loud, in the past Jiang Hao and Ye Yunjie, he still did not put them in his eyes, now. He then despised them even more.

In Feng Ze's opinion, Jiang Hao and Ye Yunjie were purely just dogs in mourning, they were not even on the same level if they wanted to fight with himself.

As long as he was willing, he could crush them to death in a minute.

If it was in normal times, Ye Yunjie might not have argued with such people.

But not today, because there was Shen Haoting here, and there were people who were humiliated themselves and would not be able to see others humiliate Shen Haoting.

Link took three steps to Feng Ze's front and said with a grim face, 'I advise you to watch what you say, or else you will suffer the consequences.'

Ye Yunjie didn't have any half-hearted intention of joking. There was a slight chill in his incomparably serious gaze.

Only Feng Ze didn't know if it was because he was drunk. Or did he simply not put people in his eyes and only smiled slightly in the face of Ye Yunjie's threat to me.

He gave a cold hum. He said, 'Come on, what the hell, talking to me like that. Do you still think you're the one calling the shots in Deyang? Bullsh*t, in my eyes it's not even a bullsh*t, as long as I want to, I can get rid of you whenever and wherever I want, just like getting rid of becoming a project.'

Ye Yunjie was somewhat annoyed and angered, and a hint of killing intent had already flooded her gaze, but just as she was about to make a move, Shen Haoting who was on the side suddenly spoke up.

‘Little Ye, who is he?’ Shen Haoting asked in a soft voice.

Di Renjie hurriedly collected, his clenched fist, twisted his head, humbly, and said to Shen Haoting, ‘Mr. Shen this is one of the heads of Chu Jiang’s quality inspection department, at that time, the City South project was under his charge, and it was under his planning that the City South project, with all its problems, ended up in this state.’

Hearing Ye Yunjie’s explanation, Shen Haoting instantly understood who was in front of him.

Thinking and you smiled, he said to Ye Yunjie, ‘Little Ye, do you know what is the purpose of my return to Chujiang this time? I am here to save the City South project, and of course there is a more important purpose, which is to take revenge.’

Chapter 508

Shen Haoting sneered as he finished his sentence, looked at Feng Ze and continued, ‘I have endured for so many years, and it is finally time for me to take revenge, from now on, anyone who dares to provoke my Shen family will definitely not have a good end. I don’t care who he is, and I don’t care what kind of power he has behind him!’

It was clear that the hatred that had been suppressed for so many years had long since fermented into fertile soil within him, and after the seeds of hatred were planted, they grew rapidly into ginseng. After the seeds of hatred were planted, they quickly grew into a huge tree.

Shen Haoting finally looked at Feng Ze and asked indifferently, ‘Can you tell me who was behind your remote control and made you do those things? Did you make those things happen?’

Feng Ze raised his head with a little drunkenness to look at Shen Haoting and could not help but smile again, ‘Oh, who the hell are you? Talking so big, aren’t you afraid of flashing your tongue?’

Feng Ze still didn’t put Shen Haoting in his eyes, although he always felt that the man in front of him seemed to look familiar, but he could never recall.

In the end, he simply stopped thinking about it and looked at Shen Haoting with a contemptuous expression as he continued, ‘Revenge? Who do you want to seek revenge from? Who do you think you are? What kind of place do you think this is? This is f*cking Chu Jiang, our turf, do you know who I am?’

Feng Ze pointed at Shen Haoting and then pointed at himself with a playful smile as he continued, ‘I, Feng Ze, am the chief engineer of Chujiang’s quality inspection department. Do you know what position I will take next? I’m telling you, as soon as the old man above me retires to the second line, the quality inspection department will be my world, by then, all of Chujiang’s projects will be under my control. What kind of capital do you have for revenge now? The project in the south of the city has been completely stopped, your company’s funds have also been frozen, why are you still fooling around, hurry up and surrender haha’

Feng Ze smiled smugly and hurriedly reached out and pointed to the side again and continued to say smugly, 'Do you know who is eating in that room over there? Do you know who is eating in that room? To tell you the truth, this person has contributed a great deal to the success of the city's south project, and with his help behind the scenes, we were able to bring you down so smoothly!'

'Oh, are you convinced now?' Feng Ze smiled sarcastically, 'What else are you guys not convinced about? It's not just luck you lost, it's people too, understand?'

Feng Ze continued with his drinking. On a whim he almost shook out the inside story behind the whole thing.

This made Shen Haoting, who had listened to him, couldn't help but snort and laugh as he looked back at Jiang Hao and Ye Yunjie and said indifferently, 'So that's how it is

And indeed. Far from being inside the few big players in Chu Jiang, there were people involved in messing with them, and it would be strange if they could win.

But since they all already knew, it seemed that it was not too late for everything.

Shen Haoting shook his head and laughed without bothering to argue, and looked at Feng Ze and said indifferently: 'Oh, what. You think you've already won? Aren't you guys a bit too happy too early?'

Originally, Shen Haoting thought that since he had met this Feng Ze, he would take advantage of the opportunity to handily drop him.

But now that he heard that there was someone else above him, he wanted to take care of that person as well.

Anyway, Shen Haoting had already made up his mind. Since he had come back this time, he was going to turn the world upside down.

In the past, he was afraid of the overseas Shen family, so he had some scruples, but in a short time, the overseas Shen family would be reduced to pieces under his feet, so he would have nothing to scare about.

Moreover, Shen Haoting knew very well that he and the overseas Shen family had remained strangers in the past because of the mysterious things inherited by the Shen family.

The Shen family was desperate to get their hands on the item, but not only did they not know about it, they were also afraid of upsetting Shen Haoting and causing him to destroy the item.

So based on this, the overseas Shen family had to be tolerant of Shen Haoting. In some matters, they would also make concessions to Shen Haoting.

But Shen Haoting knew very well that as that time drew near. The tacit understanding between himself and the overseas Shen family had become increasingly indifferent.

Shen Haoting knew even more clearly that it would not be long before. The time would come when he and the overseas Shen family would break up, and by then, it would be a bloody storm.

And since that was the case. He now simply did not need to hold back like he had done for the past ten years.

He would reveal his true colours, to let everyone know that they had underestimated him, Shen Haoting, and that he was not just a puppet.

He was a king!

Shen Haoting looked at Feng Ze playfully and continued to say again, 'Oh yes, I forgot to ask, that person you mentioned, what is his name?'

Feng Ze added a few moments of hatred to Shen Haoting's arrogance and exclaimed, 'Hmph, we have already won, this is something that everyone knows. Do you still want to struggle a bit for the two of them? And ask me who that one is, do you deserve to know? Do you know that with just one word from him, he can take your dog's life!'

Shen Haoting laughed unconcernedly, 'Oh? Is that so, then you call him here and see!'
