

## Chapter 5071

In the earphone, Joseph said to Charlie:

"Mr. Wade, can you be sure that the plane flying to Sweden is to pick up people,"

"Not to send another group of people to Sweden to perform other tasks?"

"I'm afraid they may still be some other missions for them in Swede."

Charlie said: "I heard their conversation just now, they are not here to kill people this time,"

"But to take back some target people who are important to the organization,"

"So they must have a safe enough. Moreover, in order to avoid exposure,"

"The plane in which they came has already returned,"

"So I speculate that the plane that flew to Sweden is here to pick them up."

After speaking, Charlie added: "Also, Land traffic between EU countries has no border controls,"

"And the convenience of driving is as simple as driving between two provinces in the country."

"However, although in every country, law enforcement agencies serve their own countries."

"So once they arrive in Sweden, it will bring a lot of difficulties to the investigation of the Nordic police,"

"And leaving the country from Sweden is a very perfect choice."

From the call of the other party just now, as well as the sequence of the two planes,

Charlie probably clarified this. Eight people on this mission.

They flew all the way to Norway to capture someone who was extremely important to the organization.

The route they arranged was to enter Norway and leave via Sweden.

After they complete the stealing from Bergen and capture the target,

They will drive more than 600 kilometers to Sweden and take a flight from there.

Just another Boeing 777 took off from Nigeria, and when the plane landed in Sweden,

These people should be able to make it to Sweden.

Joseph said at this time: "Mr. Wade, your subordinate feels that we still have a window of seven or eight hours to make the rapid deployment."

"If we send people to Sweden now, we will keep an eye on the one from Nigeria to Sweden."

"The planes should be able to figure out their specific context,"

"Maybe they can follow the clues and find the specific location of one of their bases!"

Charlie smiled slightly, stared at the eight killers sneaking in the dark, and said,

"It's not necessary to go to their bases for now, and now the clues of these six planes are a huge advantage for us,"

"As long as we don't fight this idea of six planes, don't follow these six planes to their base,"

"They won't realize that it's the six planes that have a problem."

Charlie knew very well that even if he took these eight killers in Bergen and kill them,

Joseph can continue to make a fuss on that plane.

After all, as long as it flies out, even if it can't receive anyone,

It will definitely go back. Maybe it can really find some information.

However, Charlie did not plan to do anything about the six Boeing 777s of Yuantai International Express for the time being.

He said to Joseph: "In my opinion, these six Boeing 777s are equivalent to six telephone lines that the enemy has already exposed but still doesn't know about."

"It's like the communication code was deciphered by the enemy during the war."

"Realizing that the communication password has been deciphered, we will continue to use this password,"

"So that we can find out the specific actions of the other party without any contact with them,"

"As long as we can ensure accurate strikes every time, they won't realize which link went wrong."

## **Chapter 5072**

Duncan also agreed at this time: "I agree with Young Master Wade,"

"There is really no need to take the initiative to attack now."

"The previous time in New York, Young Master Wade had already given this organization a big loss,"

"And it just so happened that Young Master Wade did not get any news in advance through any channels, so they will also seek truth from facts."

"The reason for the last failure was not because of the early exposure, but because of the opponent being too strong,"

"If Young Master Wade can repeat his old tricks this time, it will only make the managers of this organization suspect that their strength has not kept up with the development of the outside world,"

"But they will never make them think that their transportation channels have been exposed."

"We can still use the clues of these six planes to continue to snipe them accurately in the future!"

"Come a few more times, I am afraid they will make them doubt their lives!"

Charlie smiled: "Detective Li and I have thought of it together,"

“Now I just want to follow this clue and seize the opportunity to teach them a few more lessons.”

“Once they frequently encounter the failure of the group destruction,”

“They will not only doubt their life but will also lack self-confidence and be constrained for a long time in the future.”

Said Here, Charlie’s expression froze, and said coldly: “Although I have never seen their so-called boss,”

“But from the description of May 47, it is not difficult to analyze this person’s character,”

“This person must be extremely confident and conceited.”

“And because his strength is indeed strong enough, he should rarely suffer defeats,”

“So before meeting him, I want this extremely conceited person to be forced to realize an eternal truth,”

“That is, there are people outside people, and there are heavens outside heavens!”

Psychological warfare has always been a point that Charlie attached great importance to.

In the earliest days, in front of Zhou Tianhao and his wife,

He completely flattened the entire Tianhao Building Materials Group, in order to completely destroy their hearts.

Asking Orvel to engrave on the foreheads of Liu Guang and Liu Ming and his son is also a means of mentally killing people.

And his arrogant aunt Cynthia, whose eyes were higher than the top,

Was also smoothed out by him in the urban village.

Right now, although he still lacks an understanding of this mysterious organization,

He has made up his mind to play with this organization slowly,

First, let the controllers behind this organization collapse, and then completely flatten this organization!

At this time, the eight killers with guns and live ammunition were still sneaking on foot in the dark.

The speed of these people’s attacks was fast enough, and they hardly made any sound.

It can be seen that the strength of these people is quite impressive.

If the weapons aside, their personal strength is obviously much stronger than that of May 47 and the others.

Although they are not practicing martial arts, their strength is not inferior to that of six-star warriors.

Charlie followed them several hundred meters away and followed them up a relatively gentle hill.

After climbing to the top of the hill,

A set of two-story country villas with lights appeared on the side of the road about a kilometer ahead.

With his superior vision and extraordinary ability,  
Charlie could already see a few American pickup trucks parked in the yard in front of the country villa,  
And several figures were constantly moving various kinds of luggage items from the villa. It all seems a little rushed.  
At the same time, the eight killers also gradually slowed down.  
After they communicated with gestures, the eight people split into two groups,  
Three of them stayed in place, and the other five quickly circled around to the other side of the villa.  
Side, planning to attack from left to right.  
The people outside the villa who were busy moving things,  
Didn't know anything about the enemy who was already close at hand.  
An old man with an Asian face was standing outside the door at this time,  
Instructing everyone to load different items into different vehicles,

### **Chapter 5073**

And at the same time urging with a serious expression: "Everyone faster, we must start before dawn!"  
At this time, there was still more than an hour left before dawn.  
The old man looked at the time, anxiously returned to the villa,  
Knocked lightly on the door of the study on the first floor, and said respectfully, "Miss."  
A very young, even a little immature girl's voice came from inside: "Come in."  
The old man said respectfully, "Miss!"  
After speaking, he gently opened the door.  
Although this villa looks like a western detached house as a whole, the interior decoration is very Chinese antique.  
In the study room, a young girl with a very beautiful appearance,  
And shatterable skin is sitting in front of a set of top desks, holding a yellowed ancient book and reading it.  
The little girl is extremely delicate, not to mention her facial features can't be faulted,  
Even her slender and curved eyelashes are perfect.  
And she is wearing a Chinese-style crepe embroidered skirt,  
With a set of exquisite cloud shoulders embroidered with auspicious clouds in all directions,  
Which has a full classical charm. It can be seen that she should be a fan of Hanfu culture.

As the old man entered the door, the girl put down the book in her hand,

Looked at the old man and asked, "Have you packed everything?"

"Miss, not yet. But it should be fine to set off before dawn."

The girl looked a little depressed and sighed:

"Why don't you bring that blue and white porcelain, I'm ashamed to say,"

"If it wasn't for my obsession with these things, we wouldn't be in danger of leaking... .."

The old man smiled slightly and said, "Miss, they are all your favorites,"

"And it won't take long to pack them up, so it won't delay the time you set."

"Okay..." The girl nodded lightly, With a bit of melancholy, she said,

"I really don't want to be here. I'm afraid I won't have a chance to come back."

The old man quickly comforted: "Miss, when you settle down in a new place,"

"The old will definitely help you. You can build a new farm, and if you like it,"

"It's fine to reproduce the look of this place one by one."

"Okay." The girl smiled slightly and said, "Then next time I will try raising a few Jersey cows."

"I feel that the cows are small, naive, and very cute."

The old man nodded and smiled: "Okay! Wait! When you arrive in the Russian Far East,"

"Then we will definitely raise some of the best Jersey cows for you!"

The girl smiled: "I just don't know if the climate is suitable there."

The old man smiled and said: "It should be no problem, wait for winter to come."

"Just keep the cattle indoors, as long as you have the fodder ready."

"Okay." The girl nodded and said, "I've been restless for the past two days,"

"I'll make another divination."

So she opened the drawer of the desk and took out nine different copper coins from it.

Afterward, she divided the nine copper coins into three rows on the table,

And then grabbed the first one in the first row, the second one in the second row,

And the third one in the third row with her slender hand.

Then, she closed her eyes again, muttering something in her mouth,

And threw the three copper coins on the table.

The girl opened her eyes, saw the three coins, and exclaimed,

“The doom I calculated the day before has already come...”

The old man exclaimed, “So soon?!”

The girl nodded, without speaking, her brows dignified looking at the six copper coins left before.

At this time, the previous nine coins had just been taken away by the girl on the diagonal line,

From the upper left to the lower right, and the remaining six coins showed two triangles at the lower left and upper right.

#### **Chapter 5074**

She grabbed the three copper coins at the bottom left,

And hurriedly threw them on the table. She said with an even more horrified expression:

“The blood in the hexagram is extremely bloody, and there must be a killing today...”

Speaking of this, she couldn’t help muttering: “That’s not right...”

“I started a hexagram last night. Although the hexagram indicated that I would be doomed, it was a near miss...”

After that, she quickly grabbed the remaining three copper coins and threw them on the table.

However, due to nervousness, one of the three copper coins slipped from the table to the ground due to excessive force.

After the girl saw the two coins on the table, she was about to get up to see clearly what was on the ground.

Suddenly, someone outside screamed and shouted: “Quick! There is a killer!”

Immediately afterward, they heard the sound of bullets venting,

And the sound of being shot in all directions.

The old man’s expression suddenly froze, and he blurted out: “Miss...they’re here...”

The girl’s expression couldn’t help but be extremely horrified.

She was about to see the last copper coin, but the old man had already pulled out a pistol from his waist.

He stepped back to stand in front of her, and said with a stern expression:

“Miss, don’t worry, as long as this old servant is still alive, I will do my best to protect you!”

As soon as he finished speaking, he heard footsteps approaching, and many bullets even hit the wall of the study.

Immediately afterward, the door of the study was suddenly kicked open,

And several men in black with carbines rushed in quickly.

Without hesitation, the old man immediately shot at the man in charge,  
But the man in charge easily dodged the bullet fired by the opponent's muzzle,  
Then rushed forward, grabbed the wrist of the old man holding the gun, and made the old man unable to move.  
Immediately afterward, a cruel smile appeared on the face of the man in the lead,  
And the other hand suddenly took out a dagger from nowhere,  
Raising his hand and preparing to cut off the old man's arm at the root.  
The girl hurriedly said loudly: "You can take whatever you want, just don't touch my grandfather!"  
The man at the head looked at the girl with a sneer and said,  
"Sorry little girl, we are not here to rob, we are here to take the two of you away."  
The girl's expression flashed a trace of panic, but she pretended to be calm and said:  
"We are just ordinary people, we don't have much money or wealth,"  
"Kidnapping us will not bring you any benefits..."  
The head man smiled and said, "Little girl, when I came in just now,"  
"I found out that the bowls you feed the cats are Yuan blue and white from the official kiln."  
"The blue and white porcelain in this house alone is worth at least a few hundred million dollars."  
"Do you really think that I don't know anything and will be played around by you, a hairy girl?"  
The girl said without hesitation: "Since you know the goods,"  
"Then take all the blue and white porcelain, just let me and My grandfather survive!"  
The leader said coldly, "Don't worry, I won't kill you,"  
"Because the order I received is to take you two back alive!"  
The old man hurriedly said after hearing this: "Okay! Then I'll go with you."  
"My granddaughter is still young, so you should raise your hand and let her go!"  
The headed man smiled disdainfully: "Old man, everyone outside is dead,"  
"What qualifications do you have? Negotiate terms with me?"  
After that, his expression instantly changed to a look of respect, and he said reverently:  
"The British Lord has his destiny, and you two are asked to live to see him!"  
"Remember, this is an honor for both of you. Even me, I have no chance to see the true face of the lord!"

Speaking of which, he suddenly couldn't hide his excited smile and said,

"But this time, thanks to the two of you, maybe I will stand up."

"After the miracle, I also have the opportunity to meet the lord!"

At this moment, a stern voice suddenly came from outside the door:

"I'm sorry, you don't have this chance!"

## **Chapter 5075**

Charlie's words shocked the ten people in the study.

The lead man turned around and saw Charlie alone at the door of the study,

He frowned and asked, "Who are you?"

"Me?" Charlie snorted and said,

"I am someone who can't be offended. If all eight of you combined."

The man was stunned for a moment, then smiled contemptuously:

"What a joke! Don't be afraid to back down before you talk big,"

"Just because you are only one person, you want to fight against the eight of us,"

"You know where I come from?"

Charlie smiled and nodded: "I know, aren't you the commander of some cavalry guards?"

"Don't say eight of you, what if there are eighty?"

That person didn't expect Charlie to know him In addition to being surprised,

His expression became extremely gloomy, and he said in a cold voice full of murderous intent,

"Boy, you are really courting death!"

After that, he immediately picked up the gun and was about to pull the trigger at Charlie.

Charlie didn't hide at all, and suddenly a cold light flashed in his hand,

And then he heard the crisp sound of the other party pulling the trigger,

But strangely, no one heard the gunshot except for the click.

The man in the lead was also stunned.

He subconsciously looked down at the assault rifle in his hand,

And found that the gun in his hand was not dysfunctional, but for some reason, it just couldn't shoot the bullet.

So, he subconsciously wanted to pull the bolt again,

But what he didn't expect was that he just pulled it,  
And the top cover of the entire assault rifle was suddenly pulled down!  
He was horrified, thinking that something was wrong with the gun.  
At this moment, one of his subordinates seemed to have seen the devil,  
Pointed to the gun in his hand, and stammered: "Comm... commander... your gun... ..."  
The lead man took a closer look, and he was so frightened that he was instantly blown away!  
He suddenly found that his gun was not as simple as tearing off the cover.  
Started from the center of the muzzle, it was cut open!  
Not only was the barrel cut in half, but even the bullet that was loaded in the chamber was cut into a plane,  
Just like a textbook, revealing the 5.56mm caliber cross-section,  
Which could clearly show all the structures, warheads, eggshells, gunpowder, and primers.  
He was completely frightened, looked up at Charlie subconsciously,  
And asked with a trembling voice, "You... how did you do it..."  
Charlie shot the soul-piercing blade. He was calm and said with a smile: "Well, that's what it is."  
The man frowned and blurted out, "How can a mere shell cut off an assault Rifle made of steel!"  
"Don't believe it?" Charlie raised his eyebrows, smiled playfully, and said,  
"It seems that the old saying is right, this man really can't cry without seeing the coffin!"  
Suddenly cold, he said sharply, "Since you don't believe me, I'll let you try it!"  
As soon as the words fell, a cold light flashed in Charlie's hand again.  
This time, before the man in the lead, could react,  
He saw the other half of the assault rifle in his hand fall from the air.  
Just when he was wondering how Charlie did it,  
He suddenly felt a sharp pain in his right shoulder.  
He instinctively looked at the sore spot, only to realize that there was only a bowl-sized wound left there!  
The wound was neat and completely on a plane,  
And the flesh and bones were clearly visible, and a lot of blood spurted out!  
His whole brain was dizzy, and he quickly looked at the ground,

Only to realize that it was not just half an assault rifle that fell just now,

But a half-assault rifle, along with his entire right arm!

“Ah!!” The severe pain made him almost collapse, and he looked at Charlie as if he saw a ghost.

After experiencing extreme fear for about three seconds, he suddenly shouted:

“Quick! Quickly kill him! Quickly kill him!!”

## **Chapter 5076**

The other seven people also came back to their senses in an instant,

And they instinctively wanted to shoot with their guns.

Charlie looked around for a while with sharp eyes,

And the chilling air suddenly erupted, and the whole person shouted: “Who dares!”

This shout made the seven people suddenly scared,

And the assault rifles in their hands seemed to be heavier than thousands of pounds, it is impossible to lift it up at all!

The man at the head was already desperate, and broke down and scolded:

“You ba5tards who are greedy for life and fear of death! Do you think he can let you go?!”

Everyone was so scared that they dared not speak.

Because they all know that if Charlie can cut off the commander’s assault rifle,

Cut off his arm, he can cut off their heads.

Therefore, in order to avoid the tragic situation where the head is in a different place,

No one dared to take the risk of pointing the gun at Charlie at this time.

Charlie glanced at the seven people, and scolded coldly: “Put down the guns for me!”

When the seven people heard this,

They hurriedly threw the guns out and threw them on the ground.

The lead man was completely desperate at this time.

He knew that once these seven people handed over their guns, he would have no chance to come back.

So, he looked at the seven people with despair and said,

“You people who are greedy for life and afraid of death,”

“Don’t forget, even if you can survive today, once the seven days are up,”

“You won’t have the medicine to last your life. You will still burst and die!”

Charlie sneered: "Do you cavalry guards, like the dead, have to take antidote on a regular basis?"

The man in the lead looked at Charlie and said with a miserable smile:

"Since you know dead Soldiers, so it seems that the group of dead soldiers in New York were also killed in your hands?"

Charlie smiled: "It seems that you are not stupid."

After speaking, Charlie asked him: "How much do you know about this organization?"

The lead man said coldly, "I don't know much, but even so, I won't tell you anything!"

Charlie smiled and asked him, "You really don't plan to tell me?"

"That's natural!" The lead man snorted coldly: "I am loyal to the Lord, and I will never betray him..."

Before Charlie could finish his words,

He suddenly rushed forward and grabbed him His upper and lower jaws slammed with force,

Only to hear a click, something seemed to shatter in his mouth, and then, his whole body twitched violently.

Charlie guessed right. Although this person is not a dead man,

He still has dentures full of venom in his mouth.

At a critical moment, as long as the dentures are crushed,

The venom will flow into the abdomen along the mouth, causing them to die silently.

However, the difference this time is that Charlie actually helped him bite the denture directly.

Seeing that he was already showing signs of poisoning,

Charlie sneered disdainfully: "Be loyal to your lord, don't rush to reincarnate when you get there,"

"Maybe it won't be long before I will send him down to see you,"

"Then you will be there. You can continue to saddle for him."

After speaking, Charlie suddenly realized something and sighed:

"Oh, sorry, I forgot that you haven't seen the lord, even if I send him off, you may not be able to. Recognize him."

At this moment, he said helplessly:

"Well, then I will let someone engrave the word lord on his forehead so that you can recognize him!"

The boss of the men's eyes widened, staring at Charlie closely,

Even in his dreams, he couldn't understand why Charlie was so confident that he could kill their boss!

Feeling that the venom had reached his internal organs,

He said in a very disintegrating tone: "You...you...you just...why..."

"Why not... ..don't... don't ask me again...you...you ask me again...again... I just...I'll tell you..."

Charlie said disdainfully: "I'm too lazy to talk nonsense with you,"

"You haven't even seen the face of the lord, and you have to carry dentures full of poison in your mouth,"

"When you come out to perform tasks, you can see from these two points."

"Come on out, you are just trash in this organization,"

"I don't think the seven people next to you know less than you, and after you die, I can still ask them!"

## **Chapter 5077**

Charlie's remarks full of jokes and ridicule made the commander fill with resentment.

He held on to the last bit of strength, gritted his teeth, and said,

"Lord... Lord will definitely avenge me!"

Charlie snorted and said disdainfully, "I can see that for you and the dead men alike,"

"There is also a deadly drug in the body that periodically attacks,"

"And if there is no antidote within a week, there is no doubt that you will die, right?"

The commander heard this, his eyes were full of horror.

He didn't know how Charlie could see the toxins hidden in his body.

Charlie ignored his horror, but continued to sneer:

"There is no essential difference between you and the dead men,"

"They are all donkeys for the Lord, and the only thing you are better than the dead men,"

"Is that you don't need to be blindfolded by a black cloth like the dead man."

Speaking of which, Charlie suddenly remembered something, and said with a smile,

"If I guessed correctly, you or your parents should have climbed up from the dead men's class. Yes, right?"

"Because of your more dedicated performance, the Lord gave you a ladder,"

"Gave you a so-called cavalry guard title, so that you can take off the black cloth,"

"That covers your eyes, you or your fathers were deeply moved and encouraged by this,"

"Thinking that they had completed the leap of class, but in fact,"

"You are still tightly controlled by this organization,"

“You have no other freedom except to perform the tasks they gave you,”

“You can only continue to work hard, Try to achieve the next class leap, right?”

“Let me guess, you may become a so-called guide if you move up the ranks,”

“And then you may have a chance to get a real society.”

After being in contact with Duncan for a period of time, Charlie’s logical analysis ability has also improved a lot.

Before tonight, he only knew how the May 47 dead men worked.

But at that time, May 47 said that there are only two ways for those dead men who are in darkness to get rid of their fate, either die or work hard to climb up.

No shrewd manager will choose a flat management method.

He will definitely plan a long ascending ladder for the people who work hard for his subordinates,

And then let them climb up by gritting their teeth.

Just like those big Internet companies, some are from P1 to P14, some are from T1 to T17, and some are from M1 to M9.

Therefore, even the deadliest at the bottom will definitely have an ascending channel.

Tonight, from the conversations of these people, he learned about the new title of the cavalry guards.

Combined with their main mission, they also have deadly toxins in their bodies,

And deadly fangs in their mouths. He can infer that they are actually no better than the dead men.

How much stronger? As for the word “guide”, Charlie also heard it from May 47.

Although he was not sure whether his aunt who had committed suicide by taking poison was a guide,

It could be logically inferred that the guide should live in real society.

For example, the guide of this mysterious organization in New York must live somewhere in New York,

And have a reasonable and legal identity, as well as relatively strong local resources.

Only in this way can they have the qualifications of a qualified guide.

It’s like going out on a trip and finding a local who is familiar with the local area to arrange reception.

At this time, the commander heard Charlie’s series of analyses.

## **Chapter 5078**

Although the whole person was speechless, his eyes were full of shock and fear when he looked at Charlie.

He didn’t expect that this man had figured out their organization’s external structure!

He really wanted to know who he was and how he mastered such deep secrets.

However, he ultimately failed to do so.

Because of his life, after a painful struggle with his expression, it came to an end.

Charlie threw his body aside without the slightest pity,

Then looked at the remaining seven people, and said coldly:

“I believe, you guys are shouting that you are willing to give everything for the Lord,”

“But in your heart, You should be full of hatred for him that you have never seen before,”

“Like the group of dead men, right?”

When Charlie said this, the expressions of the seven people were very complicated.

Hatred is natural.

Moreover, it is a deep-seated hatred, a deep hatred in the sea of blood!

Their ancestors, for over a hundred years, could only be reduced to the killers supported by this organization,

And lived a life without seeing the light of day every day.

Although they later took a step up through hard work,

The unforgettable hatred was not enough. How could it be forgotten?

Charlie continued at this time: “I’m giving you a chance now,

Not a chance to live, but a chance to take revenge!

As long as you can find your way back and tell me everything you know, I’m here.”

“I promise you that I will definitely avenge your companions and your ancestors!”

The seven people suddenly froze when they heard this.

And Charlie’s super strength made them understand that today’s seven people are bound to die.

If they can help him fulfill the promise of destroying the organization before they die,

It will be considered as a sacrifice for all the dead,

As well as the current dead and themselves. The descendants have done a great deed for the future!

Thinking of this, one of them knelt on the ground with a thud, and choked out,

“Just ask what you want to know, sir, and you will know everything and I will say everything!”

Seeing this, the other six immediately knelt down with him and shouted loudly and said:

“I’m sure I know everything and I have everything to say!”

Charlie nodded and asked, "The first question, where exactly is your base?"

The person who knelt down first said, "Our base, it is near the Cyprus port city of Limassol, in a copper mine called Candice."

"Copper mine?" Charlie frowned and continued to ask:

"Is this copper mine operated by your organization? Tell me about the specific situation inside!"

The man quickly said, "The copper mine is operated by cavalry. Yes, there are more than 200 cavalry guards."

"The copper mine is closed and managed. These 200 people live and train inside."

"In addition, the bottom of the copper mine is only a few hundred meters deep."

"There are more than 800 dead people and their families living there."

Charlie asked again, "Then your main task is to guard these dead people?"

"Yes." The man said without hesitation: "Guarding and managing the dead is our main job,"

"But we are usually ordered to go out to perform tasks."

"In today's situation, it is a sudden incident. We are required to organize the eight best personnel to come over immediately,"

"Before, that we also made a mold for ourselves to make us look like stevedores when we arrived."

## **Chapter 5079**

Charlie continued to ask, "What is the goal of your mission this time?"

The man turned around and pointed not far away.

The nervous look of one old and one young person hurriedly said:

"Our mission goal is to take the two of them alive to Sweden, where there will be a plane waiting for us."

Charlie asked: "After arriving in Sweden? Where is a destination?"

"The next destination?"

The man was slightly startled, and quickly waved his hand and said:

"We don't know this at all, even before our departure,"

"We didn't know where we were flying. Where is the destination,"

"They didn't tell us the specific requirements of our mission until after we got on the plane and the plane took off."

Then, he added: "As for the arrangements after arriving in Sweden,"

"We will not even know what to do. I don't even know if we can get on that plane after we arrive in Sweden."

"After all, these two are meant to meet the lord and he is unpredictable."

"It is impossible for us to know his location."

"It is very likely that the plane takes the two of them away,"

"And we will find a way to return to Cyprus by ourselves."

Charlie frowned slightly when he heard this, and asked,

"Isn't the plane that sent you usually not under your control?"

"My intelligence shows that This plane is stationed in Cyprus most of the time."

The man nodded and said truthfully: "That plane is indeed stationed in Cyprus,"

"But that plane is not managed by our cavalry guards,"

"And all planes are owned by the 'postman' Jurisdiction."

"Postman?" Charlie asked curiously: "Is it another type of work like the 'guide'?"

"Yes!" The man hurriedly said:

"We and the dead men we manage, all personnel transfers are determined by the above."

"After the above decision, the task details will be handed over to the postman."

"The postman will then notify us. For example, the dead man goes out to perform the mission."

"After the mission is over, the postman will send the survivors back to us."

Charlie probably understood the operation mode of the other party, and he said with a solemn expression:

"You said that you cavalry guards, most of your responsibilities are equivalent to prison guards."

"Yes." The man said in agreement: "Most of our jobs are similar to prison guards,"

"And we are also prison guards in reform-through-labor prisons,"

"And usually supervise the dead men's mining operations in there."

Charlie asked in surprise: "Is the copper mine still producing?"

"Yes." The man explained:

"The copper mine was purchased from the Cypriot government through legal procedures and with legal funds;"

"Because this is a copper mine that has been in production for many years,"

"The organization cannot allow it to go out of business,"

“Because it would definitely arouse suspicion from the outside world,”

“So after the organization bought the copper mine,”

“It announced that it had invested 500 million US dollars to upgrade and expand the copper mine;”

## **Chapter 5080**

At the bottom of the copper mine, there is an area for us and the dead to live and train.

At the same time, the copper mine also retains several working surfaces,”

“And the dead and their families take turns to work on weekdays to ensure the normal production of the copper mine.”

“In the outside world. It seems that there are more than 200 employees in our copper mine,”

“But in fact, more than 200 of us do not work,”

“And the people who are really responsible for the mining work are the dead men living below and their families;”

“We need to ensure that more than 100 people are responsible for the mining work every day,”

“So that our production capacity can reach normal standards, and the outside world will not be suspicious.”

Charlie frowned: “But you are still detaining more than 1,000 dead men and their Family members,”

“There are at least a few thousand people on this scale,”

“And so many people have to rely on imports for their food and drink expenses.”

“If you import a large amount of food materials that exceed the needs of your more than 200 people for a long time,”

“Won’t the outside world be suspicious?”

“No. Yes.” The man further explained:

“The copper mine we are in is located on the coast and has its own wharf.”

“All material dispatches are transported by sea,”

“And the copper ore dug out is also normally sent out by sea;”

“And our copper ore is packaged and sold to our copper smelter in Turkey,”

“And that copper smelter is also an organized enterprise,”

“So every time they send a ship to transport copper ore,”

“They will bring a large amount of food supplies in;”

“What’s more, a small country like Cyprus with a poor economy has a lot of chaotic internal management,”

“And a lot of corruption, so we bribed the customs of Cyprus and will not conduct any inspections,”

“On incoming and outgoing ships. , so that ensures we have plenty of supplies to bring in quietly.”

Charlie didn’t expect that this organization could even form a closed loop for the sale of copper ore.

While amazed, he asked him, “Do you know the name of the copper smelter in Turkey?”

“Yes!” The man said without hesitation: “ The name of the copper smelter is Isdmir.”

“Okay.” Charlie nodded lightly, thinking to himself:

“I have mastered the copper mine in Cyprus and the copper smelter in Turkey,”

“And the clues about this mysterious organization. It’s a bit more improved.”

Immediately, he asked again: “Besides these, what other information do you know about this organization?”

The man thought for a moment and said, “To tell you the truth,”

“Our information channels are also not very good.”

“On the surface, we are much freer than the dead,”

“But we are actually more like prisoners held on the ground.”

“The organization has strict rules, and we are not allowed to go out without authorization.”

“Usually, there are supervisors stationed in the copper mine.”

“So we spend most of the time in the copper mine, and occasionally go out to perform tasks.”

Charlie nodded slightly, and then looked behind the seven people,

The old and the young who were especially nervous.

He saw that the girl was only seventeen or eighteen years old,

So he put his eyes on the old man and said,

“Gentleman, may I ask, what is your relationship with this organization?”

“Why do they want to take you away?”
