

# Chapter 5080

At the bottom of the copper mine, there is an area for us and the dead to live and train.

At the same time, the copper mine also retains several working surfaces,”

“And the dead and their families take turns to work on weekdays to ensure the normal production of the copper mine.”

“In the outside world. It seems that there are more than 200 employees in our copper mine,”

“But in fact, more than 200 of us do not work,”

“And the people who are really responsible for the mining work are the dead men living below and their families;”

“We need to ensure that more than 100 people are responsible for the mining work every day,”

“So that our production capacity can reach normal standards, and the outside world will not be suspicious.”

Charlie frowned: “But you are still detaining more than 1,000 dead men and their Family members,”

“There are at least a few thousand people on this scale,”

“And so many people have to rely on imports for their food and drink expenses.”

“If you import a large amount of food materials that exceed the needs of your more than 200 people for a long time,”

“Won’t the outside world be suspicious?”

“No. Yes.” The man further explained:

“The copper mine we are in is located on the coast and has its own wharf.”

“All material dispatches are transported by sea,”

“And the copper ore dug out is also normally sent out by sea;”

“And our copper ore is packaged and sold to our copper smelter in Turkey,”

“And that copper smelter is also an organized enterprise,”

“So every time they send a ship to transport copper ore,”

“They will bring a large amount of food supplies in;”

“What’s more, a small country like Cyprus with a poor economy has a lot of chaotic internal management,”

“And a lot of corruption, so we bribed the customs of Cyprus and will not conduct any inspections,”

“On incoming and outgoing ships. , so that ensures we have plenty of supplies to bring in quietly.”

Charlie didn’t expect that this organization could even form a closed loop for the sale of copper ore.

While amazed, he asked him, “Do you know the name of the copper smelter in Turkey?”

“Yes!” The man said without hesitation: “ The name of the copper smelter is Isdmir.”

“Okay.” Charlie nodded lightly, thinking to himself:

“I have mastered the copper mine in Cyprus and the copper smelter in Turkey,”

“And the clues about this mysterious organization. It’s a bit more improved.”

Immediately, he asked again: "Besides these, what other information do you know about this organization?"

The man thought for a moment and said, "To tell you the truth,"

"Our information channels are also not very good."

"On the surface, we are much freer than the dead,"

"But we are actually more like prisoners held on the ground."

"The organization has strict rules, and we are not allowed to go out without authorization."

"Usually, there are supervisors stationed in the copper mine."

"So we spend most of the time in the copper mine, and occasionally go out to perform tasks."

Charlie nodded slightly, and then looked behind the seven people,

The old and the young who were especially nervous.

He saw that the girl was only seventeen or eighteen years old,

So he put his eyes on the old man and said,

“Gentleman, may I ask, what is your relationship with this organization?”

“Why do they want to take you away?”
