

Super Rich Dad Chapter 509-510

Chapter 509

Feng Ze smiled with disdain and pointed at Shen Haoting, 'Good, you like to pretend, don't you? Then I'll see if you can still pretend today, we'll see, don't leave if you have the guts!'

After saying that, Feng Ze turned around and was about to leave to call someone.

At that moment, a middle-aged man with a fat body just passed by the door of this private room.

'Little Feng ah, what are you doing here?' The blessed man opened his mouth and asked, 'Today, Chen Lao is very respectful of you. It doesn't seem too good for you to be poking around here instead of going back to keep people company! You're a member of the Xu family now. Although you are now half a son-in-law of the Xu family, but whether you can be righted this time or not depends on a word from Chen Lao!'

The person who spoke was also a well-known figure in Chu Jiang, a great steward of the current government office, the great secretary of the number one person in Chu Jiang, and a great person who had access to the most core levels of Chu Jiang.

As soon as he saw this person, the disdainful expression on Feng Ze's face immediately disappeared and was replaced by a fawning smile.

'Hey hey Secretary Luo, I just came out to go to the bathroom, and I ran into something here, just in time to solve it, you are' Feng Ze said in a humble manner.

That Secretary Luo smiled: 'I'm also going to the bathroom, since there is something. Then you should settle it quickly, don't let Chen Lao wait anxiously, hey right, what is the matter ah? Do you need help?' Secretary Luo couldn't help but ask.

The moment the other party said this, Feng Ze suddenly had a bright idea, he smiled and replied, 'Hey, it's not really a big deal, it's just that there are a few people who spoke ill of our Chen Lao, and even slandered and rumored him with their mouths, so I heard it and came over to argue with them. How could I let them slander me like that?'

He knew that although Secretary Luo was the number one person's secretary, he was actually Chen Lao's beloved, and Chen Lao was likely to take over from the current number one person in the next term and become the head of Chujiang.

Therefore, if he said so, he would definitely make this secretary Luo furious, and he might not even need to ask himself, this secretary Luo would open his mouth to punish Jiang Hao and the others inside.

Although Secretary Luo was only a secretary, he was a very important person in Chu Jiang, so it would be an easy and simple matter to clean up Jiang Hao and his family.

Sure enough. The moment Feng Ze said this, Secretary Luo's eyes immediately glared and said with an angry look on his face, 'What? What kind of people are in here? Have they lived long enough? How dare they talk about Elder Chen like that! I think they really think they're somebody. Get out of the way, I want to see what kind of characters are in here today!'

As he spoke, Secretary Luo directly pushed Feng Ze away and walked to the door of the private room with a huff.

And naturally, Feng Ze didn't say anything. He just snickered secretly, wasn't this the result he wanted the most?

This was the best, to be honest, originally Feng Ze was just thinking about what he would say to get Elder Chen to open his mouth to punish Jiang Hao and the others.

Although Chen Lao had helped him and the Xu family a lot in the matter of the south of the city project. He had done him and the Xu family a great favour and was considered to be on his side.

But in the end, the status of the people there, is not his words can be invited to move, not to mention that the Xu family also promised benefits, to invite understand Chen Lao's help.

The fact is that he doesn't have to try to get Chen Lao to help him, and as long as Secretary Luo is there, Jiang Hao and Ye Yunjie will already be satisfied.

Feng Ze grinned, his gaze glancing smugly towards the private room where Jiang Hao and Shen Haoting and the others were, a sinister arc appearing at the corner of his mouth.

'Oh, I'll see how you guys will struggle this time!' Finished speaking. Feng Ze also hurriedly followed.

At the entrance of the private room, Secretary Luo looked at the three people inside the private room, and a pair of keen eyes swept from the three of them one by one. Finally his gaze landed on Shen Haoting, and he could not help but frown.

In fact, Secretary Luo knew of Shen Haoting, after all, the rumour of Shen Haoting's return to Chujiang for investment had been buzzing around. As the first housekeeper, Secretary Luo naturally knew a lot about it.

But after all, he had never seen Shen Haoting before, and today, Shen Haoting's dress was still very different from his impression. Even though he felt that Shen Haoting looked familiar, he could not remember who this person was.

But soon, Secretary Luo didn't bother to think about it, and directly moved his eyes away from Shen Haoting, and spoke with a gloomy face: 'Were you the ones who maliciously slandered Chen Lao here just now? You people really don't know how high and mighty you are, who do you think you are? Who do you think you are? Just because you can have two meals in such a high-class restaurant, you think you're something? What a laugh!'

The appearance of Secretary Luo made Shen Haoting and Ye Yunjie Jiang Hao all three a little unsure, for one thing, Shen Haoting did not know this person and did not know what the purpose of this person's sudden appearance was. Secondly, they couldn't understand what he was talking about, what was the meaning of slandering Chen Lao? What with what?

Immediately afterwards, Secretary Luo dropped his gaze on Ye Yunjie's body.

In the past, Ye Yunjie had naturally dealt with Secretary Luo and the others because of the South City Project, so they not only knew each other. They not only knew each other, but also had quite a good friendship.

However, in the past, when the City South Project was still a hot potato, this Secretary Luo was quite respectful to Ye Yunjie, and even had a bit of an intention to curry favour with her.

After all, at that time, the City South project was a very prosperous one, and it was something that several bigwigs upstairs took a great deal of interest in. There was even the intention to make the City South project the city card of Chu Jiang.

Such an important project, and Ye Yunjie is the head of the city south project. In the future, not to mention in Chu Jiang, even in the entire region, it would be an existence of great attention, and perhaps in the future, Ye Yunjie would be able to speak directly with higher-level figures.

At that time, Secretary Luo felt that if he and Ye Yunjie managed their relationship well, it would certainly help him in the future.

It was only after the project in the south of the city fell into a quagmire that this Secretary Luo completely revealed his true colours.

Not only did he no longer give Ye Yunjie a good face, he even helped the Xu family in a number of ways, both explicitly and implicitly.

As a result, the relationship between Secretary Luo and Ye Yunjie was completely broken, even after the City South project was in a critical situation. When Ye Yun-jie approached Secretary Luo, the other party not only ignored Ye Yun-jie, but even kicked her out directly.

So at this moment, when she saw Secretary Luo again, Ye Yunjie simply felt an indescribable urge in her heart.

He also instantly understood what Feng Ze's words meant after he saw Ye Yunjie.

He was still curious as to who had the audacity to openly speak ill of Chen Lao, but now, once he saw Ye Yunjie, he understood completely.

Secretary Luo gave a cold laugh and spoke, 'I thought it was someone. I didn't think it was you, huh, in that case, it's not surprising. I'm afraid it's not that you're trying to shift all the blame for the problems with your City South project onto someone else, right? You woman is really shameless, your own problems are your own problems, you are unrepentant, and now you dare to make accusations willy-nilly. Do you believe it or not, one phone call from me now. I can make you cry out of regret!'

Ye Yunjie was furious at the sight of the other party, it wasn't that he didn't know what this Secretary Luo had done, so naturally he hated him even more.

However, when Ye Yunjie was about to speak up, she heard Shen Haoting at the side ask first, 'Little Ye. Who is he?'

Obviously, Shen Haoting had a little more interest in this Secretary Luo.

Ye Yunjie glanced at Shen Haoting and hurriedly told him the identity of Secretary Luo, not forgetting to add a sentence at the end, 'The matter of the City South project. He and that old man behind him, Chen, have a great deal to do with it.'

Shen Haoting smiled when he heard that, 'Oh so that's the case, since that's the case, then it just so happens that they are all here today, so let's settle the old grudges and new grudges together.'

A touch of decisiveness appeared in Shen Haoting's gaze, since this Secretary Luo was also the one who had gone against him, then of course he would not show mercy.

But he said this. But it made Secretary Luo, who was not clear about Shen Haoting's identity, feel a little ridiculous.

He snorted out a laugh. Shaking his head and laughing bitterly, he asked, 'What did you just say? Please speak louder. I didn't hear you clearly, what did you say you wanted. New grudges and old grudges together? Oh, what do you want to settle with me? Who are you? Who are you to talk to me like that, do you take yourself too seriously?'

'Oh, I guess you also have something to do with the City South project, right?' Secretary Luo continued, 'What, are you upset because this shitty project has been called off? Hmph, that can't be helped, who told you to cut corners, this is retribution, this is the downfall. But what I'm curious about is, you're all about to go bankrupt, why are you still eating and drinking here? Are you still trying to save the project? I'm sorry, but I'm afraid you're going to miss the mark. To tell you the truth, the top has already decided to withdraw the South City project.'

Secretary Luo was at the very top of Chu Jiang's core, so naturally he knew a lot of insider information.

And the most crucial thing was that the outcome of this matter had been brought about by them alone.

After saying this, Secretary Luo looked smug, sneered and said to Shen Haoting, 'What, now you think you still have the strength to settle new grudges and old ones with me together?'

After he finished speaking, he turned around to leave, and finally glanced at Shen Haoting with contempt, saying with contempt, 'You are also worthy of pretending with me, don't even look at your own virtue, are you worthy?'

But just as he was about to take a step to leave, he was suddenly called back by Shen Haoting.

In the face of these words from Secretary Luo, Shen Haoting did not seem to be too angry.

This was because at his level, he had long since achieved not to show his joy and anger.

He just looked at Secretary Luo indifferently and opened his mouth to ask, 'Wait a moment.'

Secretary Luo stopped, looked back at Shen Haoting and asked, 'What do you want?'

Shen Haoting smiled faintly, 'Nothing, don't you not believe me? I want to prove it to you in front of your face!'
