

Chapter 5102

Maria didn't speak but picked up the commander of Cavalry guards guard's assault rifle.

That was cut in half by Charlie's soul-piercing blade from her hand.

Her fingers stroked the section cut that was so neat that there was almost no burr, and she murmured:

"I don't know his overall strength, but his personal strength is really strong."

"Maybe cutting a gun like this, I think his aura has already achieved a little bit,"

"If he can go further in the future, the future must be limitless."

The servant asked her: "Miss when it comes to this gun, you have put so much value."

"The antique calligraphy and paintings were not brought out, so why did you bring out this gun?"

Maria said calmly: "You have also seen what happened just now,"

“Their people disappeared while chasing me, then they will definitely send someone over to check;”

“Before they saw this gun, they wouldn’t have thought about how the Cavalry guards missed it.”

“They might think that the Cavalry guards were just not prepared enough and were dealt with by the people around me;”

“However, if they see this gun... then the situation will be different!”

“In this world, there are only a handful of people who can do this,”

“As long as they see this gun, they will realize that they have a strong enemy, and this strong enemy has an aura.”

“There are very few people with aura. In that case,”

“Once this Charlie Wade reveals his strength, the opponent will immediately target him,”

“Which will bring him a lot of trouble.”

The servant couldn’t help but sigh: “He’s so powerful, why didn’t he expect this...”

Maria smiled and said: "Strength is strength, but the real combat experience should not be rich enough,"

"Otherwise, I won't let me get away under his nose."

...

At the same time.

Gothenburg, Sweden.

Since they had already obtained the video data of the Bergen scene,

And saw the eight characters written by Maria herself,

The mysterious organization behind it immediately realized that this mission had completely failed,

And Maria must have escaped long ago.

Although the Lord was furious, he could only order an early end to this mission that had completely failed.

So, the head of the team who was waiting for Cavalry guards outside the gate of Gothenburg Airport received a call from the Viscount.

On the phone, the other party said in a dejected tone:

“Don’t wait any longer, let’s start delivering the goods to the customs now, and let it take off normally.”

The person in charge exclaimed: “Master Viscount, what happened to the Cavalry guards?”

The viscount said in a cold tone: “The eight Cavalry guards have been wiped out,”

“And the target has already escaped. The Lord has terminated the plan.”

It really didn’t occur to him to be defeated in this small place in Norway.

However, he knows the rules of the organization,

There are multiple sets of preparatory plans for everything,

Success has a successful follow-up plan, and failure has a failed follow-up plan.

According to the current situation, although Cavalry guards encountered problems and failed to reach Gothenburg,

But in order not to reveal his identity and the pilot,

The air transportation task that should be completed still needs to be completed.

A plane that has been waiting for a long time, carrying these materials back to Nigeria,

In order to prevent someone from finding out the problem through the abnormal empty load of the plane after checking this line.

However, now that the mission of Cavalry guards has failed,

The target person he was originally responsible for transshipment naturally no longer exists,

So there is no need for the celebrity Lolita.

So, he immediately sent a message to his subordinates, the content was only three words: Let Lolita go!

The driver who said all the good things to Lolita at the last second,

After receiving this message, immediately said to her with a dark face:

“Okay, didn’t you make an appointment with your friends? You can go back now.”

“What?” The girl suddenly asked angrily, “Why do you want me to go back now?”

“Didn’t you agree to give me a Hermes Himalayan after I finish today’s task?”

The driver said coldly: “What you said just now is correct.”

“Media reporters are not interested in matters related to Nigeria,”

“So they didn’t come here. The original interview was canceled, and you are no longer needed here.”

The girl said angrily: “Whether you need it or not is your problem.”

“I don’t care if you need it or not. Since you promised me,”

“You must fulfill it! If I can’t get my Hermes Himalayas,”

“Then I will wait here. Until I see my Himalaya!”

Chapter 5103

“Do you still want a Himalayas?”

The driver snorted coldly and said contemptuously:

“If you want to daydream, get out of the car and go home to do it.”

Lolita said angrily: “Obviously you promised me, so why go back on your word?”

The driver said angrily: “We have conditions after you have completed the work,”

“And now the matter has turned yellow, I don’t need you to do it, understand?”

Lolita curled her lips and said coldly: “Then I don’t care, anyway,”

“If you promise me, you must honor it, otherwise I will never end this matter with you!”

The driver was about to speak, at this time,”

“The car in front had already started its engine, and slowly pulled out of the parking lot,”

“Preparing to enter the cargo area of the airport.

The driver knew in his heart that this was to quickly send the materials transported by these three trucks to the Boeing 777,

As it could be transported back to Nigeria on time,

So that no clues would be left on this line.

So, he also started the car, and then said to Lolita: "Get out of the car, don't delay my business."

"I won't get off!" Lolita said with a grim expression:

"Let me get out of the car, how dare you! Do you not know what my identity is?!"

"If you want me to get out of the car, you can tell me when to give me my Himalaya!"

The driver jumped out of the truck in a rage, walked around to the passenger door,

And opened the door directly, and then lifted her out of the car like a chicken,

Then threw her on the ground roughly, and said coldly:

"If you want the Himalayas, go back to your dad!"

“Say one more word of nonsense, be careful that I will abolish your father first tonight!”

After that, he ignored her, turned around, and got in the truck,

Started the vehicle and left the parking lot.

Lolita didn't expect that the other party would become so vicious all of a sudden,

And she lost her previous aura in an instant,

And she was so scared that she didn't dare to say a word.

She is still young, and although she has been pushed to the fore by this humanitarian organization for a few years,

She just speaks and acts according to the requirements of the book,

Without knowing the underlying reasons and stakes.

She only knows that as long as she does what they ask,

She and her family can get a good material foundation,

And even be able to use this to enter the upper class.

But she didn't know the real origin of this humanitarian organization.

Some time ago, when her global reputation was pushed to the peak,

She also had the idea of leaving this humanitarian organization and starting her own business.

After all, in her opinion, she is now a well-known figure in the world,

Has countless fans, and has even been received by many heads of state and praised by them for her work.

There is absolutely no need for a higher-level organization to control her.

However, when she mentioned this idea to her father,

She was severely reprimanded by him.

Although Lolita was dissatisfied, she did not dare to confront him directly.

However, now that she has encountered such rough treatment,

In her opinion, it is a good opportunity to break up with the other party!

So, she immediately took out her mobile phone and called her father.

As soon as the phone was connected, she cried and said,

“Dad! I want to break with them! Never have anything to do with them again!”

Her father asked in surprise, “Who are you talking about? What happened?”

Lolita said angrily, “It’s not the human rights organization you contacted!”

“They don’t respect me at all, they asked me to come over to stand for them today,”

“And promised to give me a Himalayan handbag from Hermes.”

“Suddenly broke the contract and kicked me out of the car!”

As she said that, she continued aggrieved: “Dad! From today on, I must draw a clear line with these people.”

“From now on, I will be on my own. I want to Nothing to do with them anymore!”

Lolita thought that what she said would make her father feel sorry for her,

And he will support the decision she just made,

But she never dreamed that her father on the other end of the phone suddenly would become furious!

He yelled through the phone: "Lolita, are you crazy?"

"Do you know how you and our family got here today?"

Lolita blurted out subconsciously: "Of course, I worked hard to get it!"

"I put aside school classes every day, and worked on projects."

"If it weren't for my hard work, how could our family be where it is today?"

When Lolita's father heard this, he immediately scolded: "Shut up!

If they weren't working behind the scenes, even if you dropped out of school at a young age,"

"And went to work for brands like that no one would have let you in their doors!"

"You have to remember! You can have what you are today, all because of them tailoring various marketing scripts for you in the back,"

“And the media that report on you are also secretly spending money to operate,”

“Moreover, they worked in-depth with the media from various countries,”

“To formulate a series of directions for you!”

“Don’t forget, do you think you can become famous all over the world that easily?!”

Chapter 5104

Lolita was a little speechless by her father, and she came back to her senses after a while.

She said dissatisfiedly: "Even if they support me, so what?"

"I am now a world-renowned star. My influence lies here."

"I can create a lot of value without any help from them!"

Lolita's father scolded angrily: "Is there something wrong with your brain?"

"Have you ever thought that when you were picked up by them,"

"You were just a child early ten years old. Completely follow their instructions like a marionette."

"They must have a lot of relevant evidence in their hands."

"Once you fall out with them, they will immediately reveal all your actual situation."

"By then, you will be ruined! I and Your mother's dream of being in the upper class will also be shattered!"

“Our whole family will be beaten back to the original shape, and even fall to the bottom!”

In fact, Lolita’s father did not say a word.

Although he didn’t know the specific background of this humanitarian organization,

He knew that the methods of this organization were very vicious.

If he really went against them, he might be killed one day.

Lolita was also taken aback by her father’s words at this time.

She was simple-minded, but she didn’t expect that she had already held countless handles in the other party’s hands.

If the other party really exposes these details, then she will definitely lose her reputation and never recover.

The extremely dejected Lolita finally got up silently from the ground,

Patted the dust off her body, took out a mask from her pocket,

Put it on, walked to the side of the road, and stopped a taxi.

The reason why she wears a mask is that she has been calling for environmental protection,”

“And even called on people all over the world not to drive cars.”

“According to her point of view, driving is a crime, not to mention taking a taxi.”

“If she is caught taking a taxi, it will break her reputation.

When Lolita left the airport depressed, the shipment was passing through customs.

Since there is nothing abnormal about these goods, and they are all charitable goods,

The clearance speed of the customs is also very fast.

So, the Boeing 777 finally returned to Nigeria at the scheduled time, loaded with a plane full of cargo.

...

At the same time, on a certain island in this world,

A cathedral-like stone building stands majestically on the rock of the island.

What the outside world doesn't know is that this magnificent castle is actually just the tip of the iceberg.

Under the castle, the entire island has been completely hollowed out,

And the scale of the internal buildings is more than a hundred times larger than the ground.

At this time, in the central hall of the castle, a luxuriously dressed man in his forties knelt on one knee,

Looked at the empty throne in front of him, and said respectfully:

“My lord! The plane has been withdrawn to Nigeria.”

“The other seven famous cavalry guards, there is no clue yet about them.”

In the huge lobby, the cold and deep voice like a machine immediately came:

“Keep looking! Even if you dig three feet into the ground, you must find them!”

The man raised his fists with his hands above his head, and said respectfully:

“Your subordinates obey!”

The Lord's voice came again: "Maria must have left Norway, and you immediately send people to infiltrate Mongolia,"

"The Russian Far East, Alaska, Canada's Yukon, and Nunavut."

"She was almost caught this time, and there is a high probability that she will flee to these sparsely populated countries and regions, and maybe she will come and wait for a rabbit!"

The man was slightly startled, and said nervously:

"My lord! I have a question, Dare to ask for your answer!"

The Lord said lightly: "Speak!"

The man hurriedly said: "My Lord, in a short period of time, we have suffered successive failures."

"The assassination of An's family in New York was so carefully planned,"

"And in the end, none of the so many dead soldiers came back, not even a single body was found."

"It was the same when we went to Norway this time."

“The eight knight guards were all top masters. Except for the command and envoy who died of taking poison,”

“The whereabouts of all others are unknown. Do you think there is any connection behind these two incidents?”

“Connection?” The Lord asked coldly, “Do you think someone is secretly killing us?”

The man said, “I just think these two things are too strange.”

“We have definite information on these two things. Whether it is An family or Maria,”

“Neither of them has the strength to resist us,”

“But the result of the matter is that this loss is unbelievable.”

The Lord said lightly: “The An family is a top family in the open world,”

“And they can be regarded as public figures to a certain extent,”

“But Maria is a little fox hiding everywhere. She might have no chance to have any contact with the outside world on weekdays.”

“This time I was able to find her news because she just couldn’t hold back.”

“She bought a piece of blue and white porcelain in an antique shop in Norway and revealed her identity.”

“So I think there shouldn’t be any direct connection between them.”

The man nodded and praised: “My lord, you are the best way,”

“Just use some blue and white porcelain to catch Maria out!”

He quickly asked again: “Shall we buy another batch of top-notch blue and white porcelain,”

“And put them in antique shops all over the world, waiting for Maria to take the bait?”

“No need.” The Lord said coldly: “Maria is the most cunning fox she can never fall into the same trap twice,”

“No matter how good the blue and white porcelain is, it is impossible to lure her out now!”

Chapter 5105

At this time, the man asked respectfully:

“My lord, how credible do you think the words left by Maria are?”

The Lord was silent for a moment, He said coldly:

“Her personality is similar to her father’s. Although she is resourceful and even very wise,”

“She seldom engages in any conspiracy, so I believe what she wrote.”

“And Maria must be very clear in her heart that lying at this time is meaningless,”

“Even if I see these words, even if I believe that she is not lying,”

“But until I find the ring, I can’t give up hunting her down.”

After all, even if the ring is not on her body, she must know the whereabouts of it,”

“So she wrote these words, not to confuse me, but to irritate me!”

The man couldn’t help but said: “My lord! If Maria didn’t lie,”

“Does that mean that she has abandoned the ring somewhere in Norway?”

The Lord said: “Although the ring is of no use to her,”

“It has far-reaching significance, and she will never throw it away just to save her life.”

Then the man said again: “Could it be stored in a bank safe?”

“A ring, if it is stored in a bank safe with other things, generally does not attract much attention.”

“The confidentiality of a bank safe is extremely high,”

“And identity verification is done using fingerprints, irises, and other biological proofs,”

“So she can store the ring with a false identity and then take it out whenever she needs it.”

“It’s impossible.” The Lord said flatly: “Maria is far more cunning and calculating than you can imagine.”

“She has already thought of everything you can think of.”

“The bank safe seems to be hidden and inconspicuous, but in fact, it is not safe at all.”

“If I think, My force can open all the bank safes in Norway overnight,”

“To see what happened, how could she take such a risk.”

The man said with some doubt: “My lord, according to what you said,”

“The ring is indeed not in her hands, but she didn’t throw it away at will,”

“So there must be a very proper way of keeping it.”

“Then, where do you think this ring went? Or in other words,”

“What kind of method is she using to keep it remotely?”

The Lord was silent for a few seconds, and said calmly:

“I don’t know what you are talking about. The only thing I can be sure of at present is that,”

“Although the ring is not in Maria’s possession, she is our only clue so far,”

“So you must do your best to go ahead and find her for me!”

After that, he paused slightly, and continued:

“This time, let Victor come out of the mountain in person, and you send him to come to see me immediately!”

Victor Chang is the head of the four earls.

The titles of each of these four earls were bestowed by the Lord.

The four of them have followed the Lord for many years,

And have made great contributions to the development of the forces under his command.

Victor, in addition to ranking first among the four earls,

Is also the most powerful existence among the four,

And he is the veritable number-two figure in the entire organization.

And this man himself is the loyal and brave man who ranks last among the four earls.

Within this organization, his contribution is not as good as that of the top three earls,

But because of his absolute loyalty to the lord,

He was awarded the title of Loyal and Brave, and he is often sent by the lord for missions

In Loyal's view, ordering Victor to track down Maria really felt like killing a chicken with a butcher's knife.

However, he dared not have any doubts about the decision of the lord,

So he said without thinking: "My lord, this subordinate will pass on the orders to Victor."

A few minutes later.

A middle-aged man in a Taoist robe and a fairy-like character strode into the main hall with elegant steps.

As soon as he entered, he knelt on the ground on one knee,

Saluted the empty throne, and then said respectfully:

"My lord, Loyal said, you have something to summon your subordinates, what orders do you have?"

The deep voice of the Lord came: "Victor, I will give you five years to find Maria's whereabouts."

"During these five years, I don't care where you go or what method you use."

"I will give you whatever you want."

"You don't need my consent to make any decisions,"

"I just want you to bring her alive to see me within five years, can you do it?!"

Victor was slightly startled, and immediately clasped his hands together and loudly said:

"Since the Lord is willing to entrust this task to his subordinates,"

"Then the subordinates must go all out to bring Maria back as soon as possible!"

"Five hundred million U.S. dollars will be used as a fund, and after the matter is completed,"

"I will give you five Youth Pills as a reward!"

Victor was very pleasantly surprised when he heard the words Youth Pill:

“Subordinate, thank you! Lord!”

After saying that, he immediately bent down and thanked him heavily.

Afterward, he raised his head and asked respectfully:

“My lord, you know Maria best, so, regarding her whereabouts,”

“Do you have any clues or suggestions that you can give to your subordinates?”

The Lord said flatly, “I know her well.”

“I also know her father, but they all did things that I didn’t expect.”

“Maybe my understanding of them is too solid so that I fell into a vicious circle of making mistakes again and again,”

“So Victor still doesn’t want to Ask me for advice,”

“Do it all according to your own intuition, maybe it will be miraculous.”

“Okay, Lord!” Victor nodded heavily.

Chapter 5106

The lord asked curiously: "I don't know. Does Victor have any plans?"

"Victor cupped his hands and said

, "Go back to the Lord, I plan to visit China!"

The Lord asked in surprise, "Do you think Maria will return to China?"

Victor laughed, smiled, and said, "I don't think so,"

"I just subconsciously think that it is more likely.

"Now! Don't delay for a moment!"

Victor said without hesitation: "This subordinate obeys orders!"

...

At the same time.

Charlie, Orvel, and Issac took Helena's royal helicopter and arrived directly at Oslo Airport.

Because they are distinguished guests of the royal family,

Charlie and the others don't even need to go to the customs in person,

As long as they hand over their passports to the royal family's butler, they can complete the customs clearance.

The helicopter landed directly in front of the hangar of Charlie's Concorde,

And he was the first to jump off the helicopter.

Afterward, he said to Helena: "Helena, you don't need to get down,"

"Just let the pilot take off and go back."

Helena shook her head with reluctance and said,

"Mr. Wade, I'd better take you to the plane, anyway,"

"The VIP movement is already here in advance, and no one else will see me."

Charlie saw her insistence, so he had to extend a hand to her, and helped her off the helicopter.

In the hangar at this time, the Concorde has been prepared.

The captain and other crew members are waiting below the plane.

Helena accompanied Charlie into the hangar, and he told her:

“You must pay attention to safety during the recent period.”

“If you find anything unusual, please notify me as soon as possible.”

Helena nodded lightly, her eyes blushing and teary at the same time.

She knew that she says goodbye to him today, and she doesn't know when she would see him again in the future.

Moreover, she also knew that among so many women who loved Charlie deeply, she was the most special one.

Everyone else has a free body and doesn't need to be outside the world's opinions and evaluations,

But she is the only one who still bears the halo of a royal family.

It's not so much a halo as a shackle.

Because of this shackle, leaving Norway and going to any place in the world,

She has to rise to the level of diplomacy and politics.

If she wants to leave Norway to meet Charlie, it is simply a dream, and there is no chance at all.

So if she really wants to build a relationship with Charlie,

And want to communicate and get along with him normally,

The only chance is for Charlie to come to Norway to find her.

However, with her and even Charlie's behavior style,

He would definitely not come to Norway to meet her unless it was necessary.

Thinking of this, Helena felt sad and reluctant, so she looked at Charlie, choked up softly, and said:

“Mr. Wade, if you have time, you must come to Norway again. If you can't come, don't forget me...”

Seeing that her tears were streaming out uncontrollably,

Charlie couldn't help feeling a little distressed when he recalled what he noticed in her boudoir this morning.

However, although there were outsiders here, there were many people after all.

Not only Orvel and Issac were there, but also the crew and the royal guards.

Therefore, Charlie could only comfort and say:

"Helena, if there is a chance, I will definitely come again. So you must take care of yourself."

Hearing Charlie's words, Helena's heart suddenly warmed, showing a rare joy, and nodded again and again:

"Mr. Wade, as long as you tell me that you are coming to Norway at any time, I will definitely wait for you!"

Charlie nodded slightly, and said: "Okay, we're boarding the plane."

Helena nodded with tears in her eyes, at this moment,

She really wanted to hug Charlie gently, and then gently press her face against his chest for three to five seconds.

However, she also knew that under such circumstances, she simply couldn't do such behavior.

So, she could only keep a distance of half a meter from him and said:

"Mr. Wade, then I wish you a safe journey!"

"Okay." Charlie nodded, and said again: "Take care, goodbye."

"Goodbye..."

Charlie boarded the Concorde under the watchful eye of Helena.

The captain and crew were also quickly in place and ready for takeoff.

At this time, Helena and her party hadn't left yet,

They just retreated to a safe distance, as if they planned to watch Charlie's plane leave first.

At this time, the captain came to Charlie and said:

"Master, we will take off in ten minutes and we are expected to arrive in Providence within three hours."

Then he said: "It is now 3 pm Nordic time It's nine o'clock in the morning in New York time,"

"And it should be no problem to land before twelve noon in New York time."

Charlie waved his hand and asked with a smile,

"It shouldn't take long to fly to Syria from here, right?"

The captain thought for a while, and said: "The route distance should be more than 3,000 kilometers to less than 4,000 kilometers."

"At our flying speed, it will only take two hours including take-off and landing."

"Okay." Charlie nodded, and waved his hand, Smiling:

"Then let's fly directly to Damascus."

The captain was stunned, and subconsciously asked: "Fly to Syria?"

Charlie nodded and said: "Yes, fly to Syria."

The soldiers of the Front returned to Syria ahead of schedule.

Charlie hadn't relieved the poison in the bodies of these seven people yet.

Besides, he also wanted to meet Duncan, Abren, and others too.

Chapter 5107

Two hours after going to the Middle East,

Charlie's Concorde landed in Damascus, the capital of Syria.

Joseph and several core members of Cataclysmic Front were already waiting at the airport.

When Charlie got off the plane, Joseph hurriedly stepped forward and said respectfully:

"Mr. Wade, my subordinates thought you would go directly to the United States from Norway,"

"I didn't expect you to make a special detour to come to Syria so far,"

"And the preparations were a bit hasty. If I had known that you were coming,"

"Your subordinates would have made arrangements as soon as possible."

Charlie said with a smile:

"The seven people you brought back still have enough deadly poison in their bodies."

“If they are not relieved, these seven people will die within a few days.”

After finishing speaking, Charlie asked him, “Have those seven people settled down?”

“They’re settled.” Joseph said: “In order to avoid any accidents,”

“I left Walter behind and asked him to take a few five-star generals to guard those people.”

“Okay.” Charlie nodded and said, “The situation of these people is different from that of May 47.”

“When they were in Bergen, they already confessed to me something related to that mysterious organization.”

“Later, you call Inspector Li and May 47 together,”

“And then dig deeper into the clues to see if there is any New discovery.”

Joseph immediately said respectfully: “Okay, Mr. Wade,”

“When we arrive at the base, the subordinate will arrange it immediately.”

Afterward, Joseph asked again: "By the way, Mr. Wade, how long do you plan to stay in Syria this time?"

"Would you like your subordinates to arrange accommodation for you in advance?"

"No." Charlie said with a smile, "I'm here to deal with business,"

"And I'll go back to the United States after a casual visit,"

"And I just took this opportunity to meet the old acquaintances."

Joseph said: "Mr. Wade, there are quite a few of your old acquaintances here."

"Commander Hamid happens to be at the base."

"He has been talking about you, but I haven't told him that you are coming."

Charlie asked curiously: "Why has he come to the base of Cataclysmic Front?"

Joseph explained: "He has been here more frequently recently."

"In addition to cooperation and exchanges, he mainly wants to learn some experience from Cataclysmic Front."

“Although we started the overall construction of infrastructure relatively late,”

“Our infrastructure scale and propulsion efficiency are much higher than his.”

Then, Joseph said again: “Mr. Wade, let’s set off now, this time you have to work hard to land in Damascus,”

“If you come back in two months, we will put into use our own runway,”

“And there is no need to transit in Damascus, just land directly on the runway of the base.”

Charlie nodded, and asked him curiously:

“The plane bypasses the customs and lands directly at the base,”

“What is the attitude of the authorities?”

Joseph explained: “The subordinate has already said hello.”

“If it’s just people entering and leaving the country,”

“Damascus basically turns a blind eye and closes one eye.”

“There is no need to go through customs.”

Speaking of this, Joseph added: "Actually, the current situation here is still very complicated."

"Damascus can't manage all borders at all. In the past,"

"The entry and exit of opposition personnel and materials was like a game,"

"So now Damascus basically doesn't care. Besides, Damascus, the whole side here is very friendly to us."

"After all, we are here to mediate the struggle between the two forces in the country."

"It is rare for everyone to cease-fire now."

"Everyone wants to not attack each other. Many things are just a formality; "

"In addition, there is a more important point."

"Damascus is very clear that we only want to find a place to live in Syria,"

"And we don't want to seek any benefits from Syria."

"Unlike other countries, they only see the oil resources here."

“So they are more willing to maintain this kind of cooperative relationship with us.”

“That’s good.” Charlie was relieved when he heard this.

Once an organization like Cataclysmic Front wants to become bigger and stronger,

It will not be welcomed no matter which country it is in.

Now that it can take root in Syria,

It can be regarded as a solution to the urgent need for development and growth.

It is precisely because of the complicated internal situation here that,

It gave Cataclysmic Front a chance to develop with peace of mind.

However, Charlie was also very clear in his heart.

It is not a long-term solution to live under the fence.

In the future, we must find a way to actually buy a piece of land so that,

Cataclysmic Front can build a permanent base without any worries.

Afterward, Charlie, Joseph, and others boarded the helicopter of the Cataclysmic Fronta together.

The five helicopters took off almost at the same time and flew towards the Cataclysmic Front base.

After an hour's flight, the helicopters arrived over the base.

It can be seen from the air that the base of Cataclysmic Front is currently a huge construction site,

Full of buildings under construction and dusty transport vehicles.

On the east side of the base, there is an airstrip that has already taken shape.

Seeing the construction of the entire base in full swing, Charlie couldn't help feeling relieved.

The Cataclysmic Fronta is currently his most powerful strike force besides himself,

And it will have a very important effect on every step he takes in the future,

Especially in the contest with that mysterious organization, which has far-reaching significance.

Therefore, he hopes that the strength of Cataclysmic Front will continue to grow and improve,

And his goal for the first stage of the development of Cataclysmic Front's overall strength,

Is to be able to compete with all the dead soldiers of that mysterious organization.

As for the mysterious lord, Charlie planned to keep it to himself.

The helicopter landed slowly in the core area in the center of the base.

On the south side of the core area, there is a cubic building.

This building is about 20 meters high. At the bottom is a huge hollow that is transparent from north to south,

And a track that is much narrower than normal train tracks passes through it.

It can be seen from the opening that inside the building is a huge lifting device made of steel frames,

With a steel cable as thick as a baby's arm hanging in the middle.

Chapter 5108

Joseph introduced to Charlie: “Mr. Wade, this is the main shaft of the underground fortification.

Its current vertical depth is about 120 meters. The first phase of the underground fortification is currently excavating horizontally at this depth.

The set of lifting devices is the cage, and equipment, personnel, and excavated rocks basically come in and out from here.”

As he said that, he pointed to another similar cubic building in the distance, and introduced:

“That one is the auxiliary well of the underground fortification,”

“The depth is the same as the main well,”

“And it is mainly responsible for ventilation and drainage of all underground working surfaces.”

Charlie nodded, and said: “The current spy satellites and drones are too advanced,”

“And the ground facilities can’t even escape Google’s satellites,”

“So the underground fortifications will be the most important thing in the future.”

Joseph immediately said: “Mr. Wade can rest assured that more than 65% of the current infrastructure budget is allocated to underground fortifications.”

“The future underground fortifications will not only meet the needs of all personnel’s life and material storage,”

“But also shoulder most of the daily training needs.”

“At the same time, we will build a safe energy storage and backup energy system underground,”

“Which is enough to deal with most emergencies.”

While speaking, the lifting device under the cubic building lifted a huge square steel cage up.

Interestingly, this steel cage has two layers,

The upper layer is for people, and the lower layer is for a rail mine car.

After the steel cage came to a complete stop, more than a dozen men wearing helmets,

Standing on the upper floor came out of it and walked from the second floor to the first floor.

The workers waiting on the first floor walked directly into the steel cage on the bottom floor,

Fixed the traction rope on the mine car filled with gravel,

And then pulled the mine car along the track to the loading and unloading yard hundreds of meters away.

At the other end, workers pushed an empty mine car into the steel cage.

Subsequently, the entire steel cage was lowered into the ground again.

After watching the whole process, Charlie couldn't help frowning and said,

"Joseph, relying on this kind of cage to transport people and materials straight up and down,"

"Isn't the turnover efficiency too low? This time, at most dozens of people, can go up and down,"

"Or a few tons of goods." Even if it takes a few minutes,"

"The efficiency is still a drop in the bucket in an emergency."

Joseph hurriedly said: “Mr. Wade, you are right. The current two shafts are actually configurations,”

“During the construction stage. It’s only in the initial stage,”

“So we use these two shafts for underground construction;”

“However, in the next step, we will build a hub building covering an area of more than 100,000 square meters on the west side of the airport runway,”

“And then directly excavate a double lane for vehicles to enter and exit from the first floor of the hub building Inclined shaft;”

“The inclined shaft will lead directly from the ground of the building to the underground fortifications,”

“Just like a tunnel with a relatively steep slope.”

“Once completed, all personnel, vehicles, and equipment will drive up and down from here,”

“And the overall turnover speed will increase geometrically. There is no difference from the ground.”

Charlie nodded: “How many workers are working in the mine at the same time?”

Joseph said: "We are now speeding up the progress regardless of cost,"

"So all types of work in the mine are counted,"

"And there are those who work at the same time are five or six hundred people."

Charlie asked again: "By the way,"

"Where are those Sicilian mafia that were brought back from Canada before?"

Joseph smiled and said: "The gang of the Sicilian mafia is currently incorporated into the excavation team and specially built underground fortifications."

"Our normal construction team works in three shifts a day with an eight-hour work system,"

"But these mafia teams work in two shifts a day with a 12-hour work system."

"Gang of bastards who are full of criminals,"

"So we don't pay much attention to labor laws for them, as long as we don't tire them to death."

Charlie couldn't help laughing and said: "After all,"

“There are more than 800 or so, who murder, set fire, bully and dominate the market.”

“They don’t feel tired after working for 24 hours,”

“And working underground for twelve hours is definitely not a problem for them.”

After finishing speaking, Charlie asked again:

“By the way, what about those Four Dragons disciples?”

Joseph laughed: “Mr. Wade, the boat that the disciples of the Four Dragons are on hasn’t arrived yet.”

Charlie laughed dumbfounded.

It is indeed a long way from Hong Kong. If it takes more than 20 days, it will definitely not be possible.

At this moment, the double-layered cage was lifted up again,

And as soon as the iron fence on the upper floor was opened,

Hamid, who was wearing a red helmet, walked out from inside accompanied by several soldiers from the Cataclysmic Front.

Charlie recognized him at a glance, and shouted from afar: “Commander Hamid!”

Hamid shyly looked at Charlie following the sound of his increasingly bloated belly.

Seeing that it was Charlie who was greeting him, he was overjoyed and shouted:

“Oh, Mr. Wade, Brother Wade!” After finishing speaking, he took a few quick steps and ran towards Charlie.

Quickly running in front of Charlie, Hamid held Charlie’s hand happily while panting heavily, and asked excitedly,

“Brother Wade, when did you come?”

“Just arrived.” Charlie smiled slightly, looked at his swollen belly, and teased:

“Brother, you have gained a lot of weight recently, and it seems that your life is quite comfortable.”

Hamid smiled, cupped his hands, and said, “Thank you, brother.”

“Ah! Now that there is no war, besides sleeping, we eat every day, not to mention eating well,”

“And sleeping soundly, so the weight will naturally come up.”

After speaking, he turned and pointed to the main well behind him, and said with envy:

“Brother, your underground fortifications are so awesome!”

“The alleys are three to four meters high.”

“Compared with yours, my underground fortifications are just rat holes!”

Charlie laughed and said to him: “Don’t worry, brother,”

“When the construction here is almost done, I will let Joseph arrange and upgrade it for you.”

When Hamid heard this, his excited hands shook, and he asked excitedly:

“Brother, are you serious?”

Charlie nodded and smiled: “Of course, when did I tell a lie?”

Then, he said again: “You just saw those hard-working Sicilian elites down there didn’t you?”

“Sicilian elites?” Hamid asked curiously: “You mean the Canadian mafia working below?”

“Yes.” Charlie nodded and said with a smile:

“These people will also join you for help at that time!”

Chapter 5109

Hamid's gratitude to Charlie has long been like a torrential river,

And it is like the Yellow River flooding out of control.

If it weren't for Charlie, he would have been taken away by the Cataclysmic Front and the government army.

Not to mention that Charlie also cured his leg which had been lame for decades,

And gave him a lot of funds to strengthen his defense.

Now, with the Cataclysmic Front mediating in the middle,

It gave him a good opportunity for peaceful development.

But what he didn't expect was that even so,

Charlie still treated him without asking for anything and was still very generous.

With the current specifications of Cataclysmic Front's underground fortifications,

Even if it is displayed on a small scale in its own base,

It is difficult to implement without a cost of hundreds of millions of dollars.

For Hamid, this is something that he can't even think about.

And Charlie agreed to help him build it for free without even thinking about it.

This generosity moved Hamid even more. So, he held Charlie's hand and said firmly:

"Brother Wade, Allah above is my witness, in the Middle East in the future,"

"If you need me to do anything, just say a word, and I will risk my life. And I must go all out!"

Charlie nodded and smiled, and said, "With your words, my brother, our efforts are worth it."

For Charlie, Hamid is a friend, but also a comrade-in-arms.

As long as Hamid can firmly stand friendly with himself,

He can continue to maintain the tripartite balance in Syria,

Which will be of great benefit to the stable development of the Cataclysmic Front.

Therefore, in order to prevent Hamid from stretching his hips too much in this three-party balanced situation,

He needs to be given the assistance he needs,

And the assistance he does not even dare to think about must be given.

Therefore, he said to Joseph: "Joseph, after the first phase of our project is completed,"

"We will first design an upgrade plan for Commander Hamid's base,"

"And then start the first phase of the project at his base."

"All the costs will be borne by Cataclysmic Front."

Joseph said without hesitation: "Okay, Mr. Wade, I understand."

Charlie nodded slightly, and said to Hamid: "Brother, this time I can't stay here for too long,"

"I'm going back in a few hours, there are still a lot of things to deal with here,"

"So I won't talk to you about the past,"

“When I come next time, let’s find time to get together again.”

Hamid was a little bit reluctant he said: “Brother Wade, you came all the way,”

“And you only stay for a few hours? At least give me one day to come to your brother’s place,”

“To take a look and inspect the inspection work. There are great changes in our place now. Thanks to you!”

Charlie said with a smile: “I will definitely visit next time, this time I really can’t spare extra time.”

Seeing this, Hamid nodded and said: “Okay, since you are in a hurry,”

“Then your brother won’t waste your time, you get busy first, let’s get together next time.”

Then, he pointed to his overalls and said,

“I’m going to change my clothes, and I’ll go back first after changing.”

“Okay ” Charlie nodded, shook hands with him again, and said, “Then see you!”

Hamid said very simply: “Okay, bro, go get busy, don’t worry about me Alright.”

The two waved goodbye, and Charlie and Joseph walked into the main building in the core area of the base.

Walking into the building, Charlie said to Joseph:

“Joseph, arrange a conference room with the highest level of confidentiality,”

“Call Inspector Li, May 47, and the seven cavalry guards you brought back, Also bring them here.”

“Okay, Mr. Wade!” Joseph immediately took Charlie to a windowless meeting room,”

“And then asked Duncan and May 47 to come over first.

Duncan didn’t expect Charlie to come to Syria, and asked in surprise,

“Master Wade, why did you come here in person?”

Charlie smiled slightly and said, “Inspector Li, I just came over from Norway,”

“And I brought some members of the mysterious organization over.”

“This time there are more people, and they are not dead, they are one level higher than dead men.”

“It’s not dead men,” Duncan asked in surprise:

“What level is that? What is the responsibility in the organization?”

Charlie explained: “They are called Xiaoqiwei internally,”

“And they are responsible for guarding the dead.” May 47, who was

sitting in a wheelchair, After listening, he was surprised and said:

“Cavalry Guards? Is it the Cavalry Guards who are in charge of guarding us?”

Charlie shook his head and said, “According to Inspector Li’s analysis,”

“Your station should be near Sri Lanka, but these Cavalry Guards’ station is in Cyprus,”

“Thousands of kilometers away, and the Persian Gulf and the entire Middle East are separated in the middle.”

“Cyprus?!” Duncan exclaimed after hearing this:

“Master Wade, Cyprus is to the west of Syria, the closest to Syria.”

“The coastline is less than 200 kilometers.”

“Yes.” Charlie nodded and said, “Their base is a copper mine in the coastal area of Cyprus,”

“And it is said that there is also a copper smelter in Turkey.”

“The ores produced by the copper mine are basically exported to copper smelters in Turkey,”

“And a closed loop is formed inside, making it even more difficult for the outside world to pry into the secrets.”

Chapter 5110

Joseph said a little excitedly: “Mr. Wade since we are so close,”

“Why don’t you make a good plan, and all the members of the Front will be dispatched to wipe out their residence!”

Ever since Charlie extrajudicially spared his life,

He was able to preserve even his parents’ bones.

After his cultivation was blessed by misfortune and stepped into the darkness,

Joseph couldn’t wait to make contributions to Charlie.

As a person, he didn’t have too many twists and turns in his stomach.

If you owe someone, you will think about giving it back.

If you owe someone a favor, you will also think about repaying it.

Originally, he thought that Charlie would be lenient to him and incorporated the entire Cataclysmic Front,

So he would squeeze the value of the Front as much as possible,

And even make the entire Front have to work for it.

However, he never dreamed that after Charlie incorporated Cataclysmic Front,

Not only did the members of Cataclysmic Front seldom take risks for him,

But he even continued to send various resources and help to the organization.

Moreover, its handwriting is only big, completely beyond Joseph's imagination.

Among other things, the base in front of him is Joseph's biggest dream for many years.

However, although he has been in a war-torn country for many years,

He has never found a chance to get the local officials to allow Cataclysmic Front to the station in its territory.

But Charlie did it easily.

In addition, he also helped Cataclysmic Front to open up armed escort and armed security,

Two clean businesses with high returns, low risks, and completely legal.

Not only that, but he also continues to provide financial support.

With the current scale alone, in the next ten or twenty years,

Cataclysmic Front will not be able to spend all the flowers lying around.

Therefore, during this period of time, Joseph's desire to contribute to Charlie has become even more urgent.

He originally thought that the kindness he and Cataclysmic Front owed Charlie was immeasurable,

But who would have thought that Charlie in Mexico poured everyone a cup of celebration wine,

Which actually improved everyone's cultivation base!

Ever since he came back from Mexico, Joseph really dreamed of charging into the battle for Charlie and killing the enemy before the battle.

So, after hearing from him that he had mastered the exact address of a mysterious organization's residence,

He couldn't wait to unplug this residence for Charlie!

But Charlie waved his hand at this time, and said seriously:

“A copper mine guarded by hundreds of cavalry guards may have a very strong defense force,”

“Not to mention the intricate underground fortifications. If you go in rashly, you will definitely be caught by the other party.”

“In this case, it is almost impossible for us to wipe out the opponent without revealing any clues,”

“And there are thousands of dead men and relatives of thousands of dead men inside.”

“Next, it is also a big hidden danger.”

May 47 on the side also nodded and said: “Mr. Wade is right, the dead man and their family members have to take the antidote of the organization regularly,”

“So even if they hate the organization for generations,”

“Once the organization encounters trouble, they will still subconsciously go up and do their best;”

As he said, he said again: “For the dead, the organization will give us the antidote only if we work hard for the organization,”

“Otherwise once the organization finds out that we are not loyal enough, we will be punished.”

“They will kill our relatives first, and let us see them killed with our own eyes,”

“And then publicly execute us as a punishment;”

“Only if you try your best, you will have a chance to survive, even if you die, your family will be treated kindly.”

“So, if Master Wan intends to attack this garrison, these dead men will resist desperately at the first moment.”

Hearing this, Joseph realized how impulsive he was just now.

Embarrassed, he said to Charlie very apologetically: “I’m sorry, Mr. Wade,”

“It’s your subordinates who didn’t think carefully, please forgive me!”

“You were not there at the time, so it is understandable that you do not know the actual situation of these dead men.”

He said, “Bring those seven guards here and let them introduce themselves to us.

Check out the situation at the station.”

“Your orders!”

Soon, seven Cavalry Guards were brought in.

These seven people have been very anxious since the journey because they knew very well that the poison in their bodies would explode in six days,

And if they didn't get the antidote within six days, all of them would die.

However, Charlie promised to detoxify their bodies at the beginning,

But before they saw Charlie again, Joseph took them to Syria, so they felt even more uneasy.

The moment they walked into this conference room and saw Charlie, the seven talents finally seemed to see a savior.

So, after seeing Charlie, the leader immediately said excitedly: “Sir... you are also here!”

Charlie nodded slightly, pointed to a row of empty seats in front of him,

And smiled as he said: “Sit down first, there are some situations that I need to understand with you in depth.”

“No problem!” The man quickly agreed, but his expression was still a little uneasy.

He was afraid that Charlie didn't intend to detoxify them at all,

But first squeezed out all the information they knew in the past few days,

And then left them to fend for themselves.

Charlie could also see the worry and apprehension in their expressions,

So he smiled slightly, went up and patted their shoulders one by one, and then said,

“Are you worried that I won't detoxify you as I promised?”

Seven People looked at each other in blank dismay, but no one dared to answer.

The leader mustered up his courage and nodded,

And only then did the others dare to nod lightly along with him.

Charlie smiled playfully, and said,

“It's normal to be worried, but don't worry now, the poison in your body has been cured!”

Chapter 5111

For these Cavalry guards, the poison in their bodies is a shackle that imprisons them for a lifetime and can never be broken.

But for Charlie, it only takes a little spiritual energy to completely remove the poison in their bodies.

Therefore, when he patted their shoulders one by one just now,

He had already used spiritual energy to remove the poison from their bodies one by one.

At this time, the seven people heard Charlie say that the poison in their bodies had been cured.

They were surprised at first, and then they closed their eyes and felt it carefully.

Sure enough, the power that had gathered in the dantian before was gone!

The poison in their body is not an ordinary highly toxic substance,

But the energy cannot be controlled by the body.

This energy is like a time bomb in their body, counting down on a cycle of seven days.

Once the seven days are up, this energy will completely destroy their meridians and internal organs.

And the so-called antidote is not able to remove the toxin,

But just taking it once can reset the countdown time of the seven days.

It is precisely because of this that they can clearly feel at this moment,

That the toxin in their bodies has completely disappeared.

This made several people look shocked for a moment.

They really couldn't figure out when the toxin that they could feel just now disappeared at this moment.

The head's mind turned relatively quickly.

He remembered that Charlie had patted him on the shoulder just now, so he asked subconsciously:

"Could it be... Could it be that you patted us just now,"

"And you helped us to cure the poison?"

Charlie nodded slightly.

The man asked in amazement: "There is no cure for this kind of poison, you... how did you do it?!"

Charlie said with a smile: "The reason why there is no cure is that the poison left in your body is not a real poison,"

"But an energy that you cannot control, since you cannot control it, you must be controlled by it."

The expressions of the seven people were both surprised and happy,

And at the same time, they were more in awe of Charlie.

Although his words were few, they revealed a hierarchical relationship.

The strength of these Cavalry guards is weaker than the energy in their bodies,

That has been controlling them, and this energy is weaker than Charlie's strength.

Therefore, for them, Charlie is the most powerful ceiling in all their cognition at this stage.

The leader stood up from the chair, took a step back,

Walked around the chair, knelt down on one knee in front of Charlie, and said respectfully:

"Thank you for saving my life, sir!"

The other six people immediately got up, backed up, and got down Kneeling, and said in unison:

"Thank you, sir, for saving our lives."

Charlie nodded slightly, and said to several people:

"Sit down and talk about your understanding of the organization,"

"And see if you can provide some valuable information."

The man immediately nodded and said: "Don't worry, for everything I know I will talk endlessly!"

Charlie looked at Duncan and said, "Inspector Li, do you have any questions?"

Duncan said without hesitation: "I have a lot of questions."

Charlie nodded: "Then you can ask."

"Okay." Duncan immediately picked up his notepad,

And he had already listed the conversations Charlie had with several people just now.

There is a question that he wants to know.

The first few questions were actually asked by Charlie when he was in Bergen.

Such as their identities, intelligence, the location of the resident, and some specific information about the resident.

These seven people naturally said everything they knew in one go.

Duncan listened carefully, and after they finished introducing the basic situation,

He asked, "What is the organizational structure in Cyprus, you knights?"

The leader explained: "There are two hundred and seventy-one Cavalry guards, divided into three banners,"

"Left, middle, and right, with ninety people in each banner,"

"And three battalions in each banner, thirty people in each battalion."

"Each battalion is divided into three teams, each team has ten people, and there is a commander."

"Below are the banner commanders of the three banners, the battalion commanders of the nine battalions,"

"And the captains of the twenty-seven teams. The battalion commander of the first battalion of Commander."

He continued to introduce: "Besides, there is a Commissioner and five personal guards next to the Commissioner, but they are another He is a member of the system, and his status is much higher than ours."

Duncan asked him: "What is the official position of the Commissioner?"

The man replied: "Commissioner is the highest commander of the entire station,"

"In charge of all the people in the station. The power of life and death."

Duncan frowned and asked: "Commissioner, Commander, Cavalry guards,"

"These functional titles of yours seem to be very old, what is their origin?"

The man explained: "They all come from the Ming Dynasty military system of China."

Duncan blurted out: "This organization of yours has continued from the Ming Dynasty to today, right?"

Chapter 5112

The man said: "To tell you the truth, only the dead soldiers who were manipulated and enslaved can be traced back."

"It has a history of at least 300 years, so the time when the organization was founded is likely to be during the Ming Dynasty,"

"But I am only speculating on this, and I am not too clear about the specific situation."

Duncan couldn't help taking a breath, and then he settled down and asked again:

"Then do you have the identity information of this Commissioner?"

"No." The man shook his head and said: "The internal structure of the garrison is extremely strict."

"But it is still the object of the organization's enslavement,"

"And everything is done according to orders every day, and I don't know the specific identity of Commissioner."

Duncan pursed his lips, and asked: "If we divide according to strength,"

"Commissioner, Commissioner Which group is the most powerful, the bodyguards, the Cavalry guards, and the dead soldiers?"

The man thought for a while, and said: "We have never seen Commissioner and his personal guards attack,"

"But our strength is generally stronger than that of the dead because we stand out from the dead."

Duncan asked: "Do you Cavalry guards often perform missions?"

The man replied: "The Cavalry guards only perform emergency missions."

Then, he further introduced: "Normal missions are usually performed by dead men,"

"And we will select them in advance. The dead soldiers who performed the mission,"

"And then put them into a deep coma before they set off,"

"And then hand them over to the postman to transport them to the place where the mission was performed."

"We Cavalry guards will be in charge."

Duncan asked again: "Then please describe to me all the details of the mission you received this time."

The man thought for a while and said in a straightforward manner:

"Temporary mission was received only hours ago, the Commissioner gave the commander the pictures of eight Nordic people,"

"And the commander selected seven of us according to the physical characteristics of the eight people in the photos."

"After makeup in the copper mine, He led the team and we flew to Bergen."

Duncan suddenly felt a little tricky.

He said to Charlie: "Master Wade, the structure of this organization is strict, and the information isolation between each layer is very good."

"Even for a Cavalry guard, all the inside information he knows is limited to their station to station."

"Some deceptive business, but almost nothing else, so if you look at it this way,"

"If you want to know more in-depth information, you have to find the Commissioner."

Charlie nodded, and said: "The Commissioner may not know how much valuable information."

Duncan suddenly remembered something, and quickly asked Charlie:

"Master Wade, you just said that the poison in their bodies needs to be taken regularly to delay the onset, right?"

Charlie nodded slightly: "That's right."

Duncan asked May 47: "May 47, you dead men living near Sri Lanka also need to take medicine regularly, right?"

May 47 nodded truthfully and said: "Yes, Inspector Li."

Duncan then looked at the commander of Cavalry guards and asked him:

"How do you get the medicine you take every week?"

"There are a large number of them in the copper mine. Is it a reserve, or will someone come to deliver it every once in a while?"

The man hurriedly said: "The medicine is delivered regularly, and it is all transported by the freighter between us and Turkey,"

"And the large number of supplies we need are also delivered through the channel of the freighter."

Duncan nodded and murmured: "In other words, if there is a way to cut off the supply of antidote,"

"Then all the dead soldiers and all the Cavalry guards in the entire station will not survive seven days. Right?"

The man's back turned cold, and he said subconsciously:

"In theory, this is the case, but you can't do this!"

Duncan looked at him, and said lightly: "I just raised this possibility."

Said After that, he looked at Charlie and said seriously:

"Master Wade, if you want to get rid of this station, it is definitely a good way to cut off the supply of antidote,"

"And once the supply of antidote is successfully cut off, you can enter the In a state of encircling a point to fight for aid,"

"It is like a sniper on the battlefield, instead of killing the wounded,"

"He uses the wounded to attract rescuers from the other side,"

"And then kills all the people who come to rescue one by one."

Joseph heard this, and couldn't help but excitedly said: "Waiting for help! Inspector Li's method is great!"

After that, he quickly said to Charlie:

"Mr. Wade there is a seven-day deadline, and after those seven days, the station may disappear by itself."

May 47 said in horror, "Mr. Wade, think twice! Once this is done,"

"Thousands of dead men and their families may die without burial. This is the land of the organization!"

"Yes..." the commander Cavalry guards also said in a panic:

"Most of the dead soldiers and Cavalry guards are forced to work for the organization,"

"If their antidote supply is really broken, none of them will survive, this... this is... too cruel for them..."

After finishing speaking, he looked at Charlie and begged:

"Sir, please see that we are all forced to do nothing, please give us, our relatives and friends a way to survive..."

Charlie didn't speak, and after thinking for a while,

He opened his mouth and said: "Although the method of cutting off the antidote is useful,"

"It is really not humane. Once it succeeds, thousands of lives will cease to exist."

Speaking of this, Charlie suddenly looked at May 47 and these Cavalry guards, he asked seriously:

"If one day, you find that after you take the antidote given by the organization,"

"The poison in your body is not delayed, but suddenly completely eliminated. What would your reaction be?"

Chapter 5113

Hearing the words of Charlie, the seven cavalry guards and May 47 sitting on the other side were stunned!

They didn't know why Charlie would suddenly ask such a question,

But the expressions of these eight people were a little excited at this time.

May 47 was the first to speak, clenched his fists, and said sharply:

"Mr. Wade, if what you said is true, we dead soldiers will definitely organize to break out of the siege!"

"Even if we die, we will die under the sun!"

The person heading Cavalry Guard also subconsciously said:

"That's right, Mr. Wade... If this really happens,"

"Cavalry Guards will definitely take the opportunity to fight to the death!"

May 47 sighed: "To all the dead soldiers Generally speaking,"

"The shackles of the organization are mainly the poison in the body and their own family members."

"Once the trouble of the poison is solved, the dead soldiers will be able to use their own strength to desperately defend the safety of their relatives,"

"And have the opportunity to lead their family members to escape."

"My God, this is the biggest dream of every dead warrior for dozens of generations of ancestors,"

"And once given the chance, every dead warrior will go all out for this dream!"

May 47's words made the other Cavalry Guards agree and show empathy.

Like these dead men, they all longed for the day when they could completely break away,

From the control of this mysterious organization.

The reason why he never stood up against the organization was mainly that the poison in his body was powerless to resist.

It's not like none of their predecessors have done this before,

But whether they resist or escape, the maximum lifespan of each of them after escaping is only seven days.

Therefore, this kind of thing has no chance of success at all, over time, no one is willing to do it.

But if what Charlie said really happened, and the poison in their bodies was suddenly completely eliminated,

They would stand up and resist to the end like dead soldiers.

After seeing the attitudes of several people, Charlie nodded in satisfaction and asked,

"Does Commissioner need to take antidote regularly?"

"I've never heard of it." The leader of the Cavalry Guards said:

"Commissioner is mysterious and keeps a low profile."

"We have no way of knowing whether he will take the antidote like us."

Charlie asked again: "Then every time After the antidote is delivered,"

"How is it distributed to you and all the dead men?"

The man explained: "Every time the antidote is delivered,"

"The Commissioner will personally connect with the postman who is responsible for delivering the antidote."

"Ten pieces form a letter, wrapped in waterproof wax paper,"

"And then sealed with special wax and seals. Every time the antidote is delivered,"

"The Commissioner will personally check the packaging of each letter."

"After asking the question, give these antidotes to his bodyguards,"

"And then his bodyguards will personally distribute them to us, cavalry guards."

He continued: "When the antidotes are distributed, we according to the system , line up to receive the antidote,"

"And after receiving the antidote, we must take the antidote immediately,"

"And we must not take the antidote away quietly."

"Together with them, we distribute the antidote to the dead man and their family members."

"The overall process is basically the same."

"The dead man and his relatives must also complete the medication under our supervision."

"In this way, the whole process of taking the medicine at one time is considered complete."

Duncan on the side couldn't help asking: "I have a question to ask,"

"Since you can only live for 7 days without the antidote,"

"Why do they supervise you to take the antidote? How about going on?"

"Is there anyone who deliberately refuses to take the antidote they gave you?"

The man smiled wryly, and said: "Whether it is us or the dead, we have always thought about resisting,"

"Although it shows that we know that we have no ability to fight with them."

"The whole organization fights, but there are still some flukes, so in the past,"

"Many dead soldiers deliberately did not take the antidote,"

"Left the antidote for many people to one person, and then tried to help that person escape from the station."

"Hoping to exchange help from the outside world by asking for help and exposing the inside story of the entire organization,"

"But all failed without exception, but because of this kind of thing happening,"

"The organization's requirement is that someone must supervise when taking the medicine."

Hearing this, Charlie said, "That is to say, the antidote given to you has a special anti-counterfeiting method,"

"But only one person, Commissioner, will know the specific method of anti-counterfeiting,"

"So after the antidote is delivered, he will be responsible for the anti-counterfeiting.""

"He comes to connect and verify the authenticity, and after confirming that there is no problem,"

"They will be issued to the Cavalry Guards first, followed by the dead and their families."

"Yes." The man nodded and said: "The whole process is actually very strict."

Chapter 5114

Charlie asked again: "In your impression, what are the anti-counterfeiting features of the antidote?"

"Every letter of medicine is opened in front of us and handed out to us,"

"But the wax used to seal the wax paper is reheated every time."

"The pattern on it no longer exists, so I don't know what the sealant looks like on the original medicine seal."

Charlie nodded lightly, and said: "In this way, they want to steal the sky and change the day without showing anything."

"And then cheated the Commissioner, it should be impossible."

"If I find a link in the middle to change the medicine, it will inevitably destroy the original anti-counterfeiting mark to a certain extent,"

"And wait for the Commissioner to get the medicine. He will realize something is wrong immediately."

"Yes." The man agreed: "We don't know how many anti-counterfeit marks will be on the medicine seal,"

"It may be more than just wax seals, as long as there is a slight negligence, they will know."

"Hearing this, Duncan couldn't help saying with regret:

"If you can really detoxify the body of these more than a thousand dead soldiers and more than two hundred Cavalry Guards,"

"Even if you don't take them for your own use , once they escape,"

"It will be enough for this organization to drink a pot, thousands of people escaped,"

"And they can't be caught, and they will definitely be in chaos."

Charlie couldn't help laughing: "Actually, it doesn't matter to the organization even if all these thousand people run away."

"After all, this is just one of their many dead soldiers' camps."

"Even if they are all uprooted, it won't hurt. If one or two people ran away,"

"In order to keep the station, they would definitely pursue it desperately,"

"So as not to leak the secret, but once the entire station ran away,"

"The station would be of no value to them. It's fine to just give up the station, for them, it's no trouble."

Charlie said again: "It's like the United States has so many military bases around the world,"

"If any of them are taken over by others, For the United States, apart from making the White House tense,"

"Angry, and painful, it will not bring any real harm to the overall national strength."

Duncan was slightly startled, then nodded and said:

"Master Wade is right, The power of this organization is beyond imagination, and the escape of a mere resident may not be a big deal."

Charlie smiled playfully, and said casually: "Since there is no way to hide it from Commissioner,"

"Then just turn him into one of our own. , In this way, we can truly realize deception!"

The leader Cavalry Guards asked puzzledly: "Mr. Wade, how do you plan to realize this idea?"

"The Commissioner is the chief official of the border organization in the organization."

"Even has the power of life and death, how can such a person become one of your own?"

Charlie smiled and said lightly: "You don't have to worry about this, as long as I see him, I can make him obey me."

Using spiritual energy to brainwash a person is Charlie's tried and tested method.

If he can brainwash the Commissioner of Cyprus, let him become his own puppet,

And then take advantage of the opportunity to detoxify the body of all the dead soldiers and Cavalry Guards,

Then he can let these dead soldiers and Cavalry Guards join his command,

And at the same time Let them continue to stay in Cyprus,

And become a puppet Commissioner, and continue to act as normal for the organization.

In this way, not only can they disintegrate one of their stations,

But they can even place an eye under their noses.

Once the organization has a mission to Cyprus, they can know it immediately.

Thinking of this, Charlie asked them: "If the dead warriors and the Cavalry Guards are really eager to break the shackles as you said,"

"I can give them this chance at that time, but the premise is that they must swear allegiance to me and join us. Cataclysmic Front,"

"If they agree, they will stay in the station after detoxification and prepare for the complete destruction of the organization, do you think they will agree?"

May 47 said without hesitation: "Don't worry, Mr. Wade, I believe that among all the dead No one will refuse!"

The leader of the Cavalry Guards said with some concern: "Mr. Wade, to tell you the truth,"

"In the team of Cavalry Guards, there are already some people who have the idea of continuing to climb up."

"Their hearts, are very close to the organization, and only want to make contributions to the organization so that they can go to a higher level."

"If these people are not eliminated, I am afraid that bad things will happen in the future."

Charlie nodded and said calmly: "These are good Solve it, when the time comes, you only need to do a little trick to get these people to show up."

He then asked, "When will they deliver the medicine next time?"

"Four days later." The leader of the guards said: "Under normal circumstances, we will take the next round of antidote five days later."

"The medicine will usually arrive the night before taking the medicine."

"The next day they just concentrate on taking the medicine."

Charlie asked: "The medicine, like other supplies, is shipped from Turkey, right?"

"That's right." The other party nodded and said:

"Other living supplies will also arrive in Cyprus along with the transport ship. "

"Okay." Charlie smiled slightly: "I will go there alone in four days."

Then, he looked at Joseph again, and said: "Joseph, you should prepare in the next few days."

"Lead people to wait for my news on the high seas, and once I solve the problem, you will lead people to the land and take over the copper mine with me."

Joseph said without hesitation: "Okay, Mr. Wade, your subordinates will definitely do their best. go!"

Charlie nodded and said: "I need a few days to prepare the antidote for thousands of people."

"After four days, I will fly directly to Beirut."

"Joseph will prepare a small boat for me in advance. I will be alone to cross the sea to meet them!"

Chapter 5115

Hearing that Charlie wanted to act on his own, Joseph quickly said:

"Mr. Wade It's risky, why don't you let your subordinates choose a few elite soldiers and go with you!"

Charlie waved his hand and said seriously:

"The success rate of this kind of thing is the greatest only when one person acts,"

"And even if it fails, one person can do it alone."

"If I can escape completely, once there are more people, the chance of being exposed will be greatly increased."

"Not only must I ensure that this matter is as successful as possible,"

"But I must also ensure that if this matter fails, no clues will be left as much as possible. ..."

Duncan also agreed at this time and said: "I support Young Master Wade's point of view."

"Based on my experience as a police officer for so many years,"

"Most of the major cases that have not been solved in the true sense are cases involving a single suspect."

"As long as the person's professionalism is high enough and his strength is strong enough,"

"He will be able to accomplish his goal in a leisurely manner without leaving any valuable clues for the police."

"The chances of usable clues will increase exponentially."

Speaking of this, Duncan said again: "To use an appropriate analogy,"

"The murderers behind the double-digit serial murders of the victims are almost without exception a one person."

Hearing this, Joseph could only nod his head and said,

"If that's the case, then the subordinates should make preparations in Beirut."

"Whenever Mr. Wade needs the Cataclysmic Front and the subordinates must furbish it as soon as possible!"

Charlie nodded, and said with a smile: "I really have something that you need to prepare in Beirut in advance."

Then, Charlie said seriously: "Joseph, on the day of the operation,"

"You should bring May 47 and these seven Cavalry Guards and wait for me on the high seas."

"Once I succeed, you take them all to the copper mine."

"If you want to make those Cavalry Guards and dead soldiers surrender completely,"

"You need a few of them to show up and speak."

Joseph said without hesitation: "Alright Mr. Wade, I will arrange a cruise ship in advance,"

"And will be waiting for your news on the high seas."

Charlie nodded, looked at May 47 and the other seven Cavalry Guards, and said,

"When the time comes, I will have to work hard for you all."

"If this matter can be successful, I need you to manage this for me together."

All eight agreed without thinking.

Charlie's bold and radical plan made them all very excited.

If the disappearance of the poison in their bodies broke the shackles that the organization had shrouded them for many years,

Then following Charlie to take down the entire resident is the first step to launch a counterattack against the organization.

Afterward, he asked the people:

"Everyone, can you describe to me what the antidote this organization usually takes for you?"

May 47 took the lead and said, "We take round pills with a diameter of About one centimeter,"

"The color is dark brown, and the surface has a certain luster."

Several other Cavalry Guards also nodded, and the leader said: "We take the same."

Charlie frowned, took out a blood-scattering heart-saving pill came,

And asked, "Does it look similar to this?"

May 47 nodded: "Basically, it is very similar, but the color of your pill seems to be better."

Charlie said thoughtfully:

"It seems that the antidote they give you is also made using traditional medical techniques."

Chapter 5116

Duncan thought of something at the moment and said:

"By the way, I have a question, You just said that the antidote will be taken after five days,"

"But the antidote will be sent to your station after four days."

"Don't the managers of the organization worry that if something goes wrong during the transportation,"

"The antidote will not be delivered in time? Will it not kill everyone?"

The leader of the Cavalry Guards shook his head and said,

"This is just a daily transportation process. Under normal circumstances,"

"The antidote is delivered one day in advance. As long as there is no accident,"

"It will not affect the time of taking the medicine. , It doesn't matter if there is an accident,"

"Commissioner has enough reserves for more than two months,"

"But these reserves will only be used in emergencies."

As he said that, he continued: "A few years ago, for some unknown reason,"

"The antidote did not come for three consecutive weeks."

"Those three weeks were solved by relying on the reserves of Commissioner,"

"But in the fourth week, the follow-up antidote was delivered."

Duncan hurriedly asked: "Do you know why there was no antidote for three weeks?"

The man replied: "It's not clear."

Duncan asked again: "For these three weeks, was the material transportation between you and Turkey terminated?"

"No." The man said: "The material transportation between us and Turkey is very stable,"

"And the freighter basically goes once a week."

Duncan nodded lightly, He opened his mouth and said:

"Since the connection with Turkey is normal, your antidote should not be processed in Turkey."

"Turkey should also be a transit. The problem is the line from the previous station to Turkey."

"It should be the one." The man said helplessly:

"We only know a little bit about many things, and don't understand the deep situation."

Duncan looked at Charlie and said seriously: "Master Wade,"

"If your plan can be successfully achieved this time, then I suggest that you must find an opportunity to follow the vine and take down the copper smelter in Turkey."

"The hierarchy of this organization is too strict,"

"And the information blockade is also very strict."

"Judging from this trend, I speculate that the resident Commissioner may not know too much,"

"And if they go up a level, they should be the copper smelter in Turkey, and the copper smelter must know more."

Charlie clicked nodded and said in agreement: "Inspector Li's analysis is very reasonable."

"The copper smelter should be the highest-level existence in this organization that we know so far."

Duncan said again: "Besides, the clue of the antidote is also Very important,"

"May 47 was stationed near Sri Lanka, and these Cavalry Guards stationed in Cyprus,"

"But the antidote they took were all of the same specifications,"

"Which was most likely processed by a processing factory,"

"And the antidote was processed here After batch processing in the factory,"

"It will be distributed from here to the world."

"If this is the case, then the distribution path of the antidote is an important clue to connect the entire organization!"

Duncan's words made Charlie's eyes light up.

The biggest impression this organization gave him was the clear division of internal levels.

And the extreme blocking of clues and information.

Moreover, many of the stations basically operate independently,

And are very secretive in themselves. Even if the stations are exposed,

They will not reveal accurate clues about the organization.

However, as Duncan said, if the antidote is produced intensively by this organization,

Then as long as he follows the clues of the antidote upward,

He will be able to find the specific location where the antidote was produced by the organization.

In addition, the antidote is of great significance to the organization.

Once the production site of the antidote is found, it is not far from finding the core of the organization.

Originally, Charlie's attitude towards this mysterious organization was to keep restraint as much as possible,

And only make precise sniper attacks on the global dispatch of its six aircraft.

However, after learning about the situation of the other party's residence in Cyprus,

He suddenly discovered that the management model of the dead man's residence seemed to be unbreakable,

Chapter 5117

But it actually left him a breakthrough point.

As long as he can quietly control the Commissioner of Cyprus,

And then detoxify all the dead soldiers and Cavalry Guards in Cyprus from the toxins that occur regularly in the body,

He can directly destroy the mysterious organization without bloodshed or even alarming this mysterious organization.

The entire slain garrison is in the bag.

Moreover, the whole thing is very feasible.

First of all, it is not difficult for him to make an antidote.

If he wants to remove the severe poison in these people, he only needs a small amount of spiritual energy to achieve it.

A batch of quick-acting pills can ensure that these dead men can break free from the shackles of the poison immediately after taking the medicine.

Secondly, it is not difficult to infiltrate the iron barrel-like copper mine,

Because this iron barrel has a gap, and that is the freighter that shuttles between it and Turkey.

As Cavalry Guards said, in order to ensure that they will not be seen by the outside world,

They have been ensuring the stable output of copper mines,

And they have also set up a copper smelter in Turkey to digest the copper ore at fixed points.

Copper mines have stable output and fixed sales channels.

Whether it is goods or funds, the direction and route of flow are very clear.

As a result, no abnormalities can be seen from the outside world.

In fact, if it is only to ensure the normal output of copper mines,

It is not necessary for the organization to establish a copper smelter in Turkey alone.

After all, the copper ore produced by the mine itself does not contain any clues,

And no matter who it is sold to, it has no effect in theory.

But the fundamental purpose of this organization supporting a copper smelter in Turkey.

This is to ensure that the material needs within the copper mine can be fully met.

Since the number of people in this copper mine is only a few hundred people,

But the number of people living inside it is as high as several thousand.

If the living materials needed by thousands of people are directly purchased from Cyprus,

It will be so huge The quantitative discrepancy will inevitably arouse local suspicion.

This is doomed, they must have a safe channel to carry out the silent supply of materials inside the mine.

At this time, the copper smelter in Turkey played a huge role.

On the surface, they used shipping to transport the copper ore produced by the mine to Turkey.

But in fact, the most important thing is that the ships that came to transport copper ore quietly carried a large number of living materials to Cyprus,

First quietly transported all the supplies to the inside of the copper mine,

And then pretended to produce copper from the copper mine. The ore is shipped back to Turkey.

It just made use of the shipping channel for copper mine transportation,

And at the same time, quietly replenished the interior of the copper mine.

It seems that the copper smelter imports the ore produced by the copper mine and generates income for the copper mine,

But in fact, the core role of the copper smelter is just a deceptive supporting facility of the mine.

One has to say that this way of building the plank road in the open and keeping the warehouse in the dark is indeed very ingenious.

For Charlie, as long as he can seize the opportunity and touch the cargo ship delivering supplies to Cyprus,

He can infiltrate all the way until he meets the Commissioner face to face.

And once he was given such an opportunity, he would be confident enough to control that Commissioner.

However, Charlie also has two plans.

If all goes well, the entire garrison will naturally be taken down without bloodshed.

But it doesn't matter if he can't control that Commissioner,

He can kill him quietly, and then distribute the antidote to all the dead soldiers and Cavalry Guards,

And don't care about the rest, let these dead warriors and Cavalry Guards play freely.

Chapter 5118

And when thousands of people suddenly escape from control,

It is definitely enough for this organization to drink a pot.

Moreover, Charlie acts alone for both plans,

So he was absolutely sure that he would not leave any clues,

And no matter whether he succeeded or failed,

He would not let that mysterious organization find him by following the clues.

Afterward, Charlie, Joseph, and Duncan worked out a more detailed action plan.

After the plan was formulated, Charlie planned to leave for the United States and use the remaining few days to prepare well.

However, before leaving, he specially asked Joseph to take him to meet brother Abren who specializes in communications.

At present, Cataclysmic Front has prepared an independent two-story building for Abren,

Which is specially used for his research.

Although Abren arrived in Syria only a few days ago,

His overall state has undergone earth-shaking changes.

Not only does his spirit, complexion, and mood look much better, but he also seems to be much younger.

Seeing Charlie, Abren was very pleasantly surprised, and said excitedly:

"Mr. Wade, why did you come to Syria?"

"Are you used to the place?"

Abren said with a satisfied face: "Since I came here,"

"I feel refreshed every day, but the only regret is that the work still needs to wait for the equipment to be in place,"

"So I can't start it directly for a while."

Saying that he said again: "I made a list of equipment and Mr. Joseph has arranged for the purchase without any discount."

"What I want are basically the world's top civil communication-related equipment."

"After arriving in Syria one after another, I plan to first build an encrypted communication system that can cover the entire base,"

"And in the process, design an encryption algorithm, which can be synchronized after the satellite goes into space."

Charlie asked curiously: "Brother, when will our own satellite be able to go to the sky?"

Abren explained: "Recently, the people under Cataclysmic Front are sent to several world companies,

Through a shell company registered in the offshore area.

Well-known communication companies order communication satellites,

But the current satellites are not ready-made and need to be scheduled.

After the satellites are off the production line, we will first ship them to Syria.”

“I will make some modifications to the satellites and then deliver them to a commercial launch company to launch them,”

“But the research and development of the algorithm and the transformation of the satellite require a lot of work,”

“And it may take a year or two at the earliest.”

Charlie asked him: “Brother, It must be difficult for you to complete the work alone,”

“So why not recruit more people to help you do things,”

“If you can build a satellite communication team, the efficiency will definitely be greatly improved.”

Abren said helplessly: “I have thought about this too, But it is not easy to achieve.”

“I contacted some old colleagues and old subordinates.”

“When they heard that they were going to work in Syria, they were a little reluctant.”

“Moreover, the workplace is inside the base.”

“I am also worried that outsiders will come in and cause the risk of leaks.”

Charlie nodded and said: “We don’t lack money, what we lack is time,”

"So in my opinion, it is better to do this."

"We first establish or simply acquire a communication company with a sufficient foundation in the United States,"

"And then let this team In the United States, do research and development according to your requirements,"

"And you will coordinate as a whole. In addition, we can use companies in the United States as reserves."

"During the operation of this team, if we find trustworthy talents, we can gradually absorb them into Syria."

Speaking of this, Charlie paused slightly, and then said:

"In addition, brother, you don't have to worry about these people not wanting to come to Syria,"

"As long as you can give enough money, you will definitely be able to impress them!"

Chapter 5119

"Acquisition of a company?"

Abren was taken aback by Charlie's words and said:

"Mr. Wade, if you want to acquire a communication company with sufficient foundation,"

"The cost is at least one billion US dollars, the investment will be too high,"

"I am afraid it will be difficult to achieve profitability..."

Charlie shook his head and said: "Profit is not the most important thing,"

"How to solve our urgent needs now? That's the most important thing."

Then, Charlie said again: "Our biggest pain point right now is time urgency,"

"Not to mention a year or a month, even a day or an hour,"

"We must try our best to fight for it, time is far more important than money."

Charlie paused for a moment, and continued: "If you want to develop faster than ordinary people,"

"You must change the thinking mode that only solves the immediate needs."

"If there is no one, or you cannot recruit people,"

"If you still stay in terms of how to solve the problem of recruiting people,"

"It is basically difficult to achieve great things;"

"The prerequisite for doing great things is that the structure must be large enough."

"When those big companies face the same problem,"

"They will not think about how to build a new team, and then to develop a product,"

"The first solution they will think of is to directly buy suitable products on the market."

Then, Charlie said: "Elon Musk will not waste precious time to build a Twitter,"

"It is the most economical for him to directly buy Twitter."

"In fact, it is the same for us. If we need to recruit employees one by one,"

"There are too many variables in it. Even if you expect to solve the problem in two years,"

"Once there is a change in personnel, this time will become indefinitely."

"First of all, the recruitment cycle will definitely be longer than expected."

"The original plan is to recruit enough manpower in three months."

"It may actually take at least half a year or even longer;"

"Secondly, the stability of personnel is insufficient."

"The team recruited in a few months will take at least a few months to cultivate,"

"But once the newcomers who have been trained with painstaking efforts suddenly want to leave,"

"The time of these months may be wasted, Even recruiting and training,"

"Half a year of hard work wasted, and we have no other choice but to start the process all over again."

"Also, the stability of employees is not enough."

"The premise of stability is that they have enough."

"Even if we have the ability to deal with their work, we need to invest in unknown trial and error costs."

"If we choose the wrong person, everything will have to be started all over again."

"In this way, even in three years, we may not be able to achieve what we want."

"Besides, it is always important to do things in one go."

"If you stumble and stumble at the beginning, the loss of energy and confidence will be beyond imagination."

"It will be difficult to become bigger and stronger."

Speaking of this, Charlie looked at Abren and said earnestly:

"Brother, although you are high-spirited now, if you really encounter various difficulties in the early personnel stage,"

"After one or two years, you yourself will not have the strength you have now."

Abren After pondering for a moment nodded lightly and sighed:

"You are right, the energy and confidence are getting less and less,"

"Until the end of the consumption, the whole person is slumped. In the past, I resigned from my first job. I still don't think it's a big deal, after all,"

"I have real talents and learning, and it's definitely not difficult to find a job,"

"But I didn't expect that I bumped into the wall again and again,"

"And in the end, all my fighting spirit was wiped out..."

Chapter 5120

Speaking of this, Abren suddenly froze on the spot and murmured:

"That's how it was, from an arrogant communication expert to a sailor who was willing to go to Mexico to work as a coolie..."

Charlie slightly With a smile, asked,

"Brother, which company did you have the job with the highest salary?"

Abren hurriedly said, "It's an old American communication company."

Charlie asked again: "how much is the current market value of that company?"

Abren thought for a while, and said: "A few years ago, the company was very prosperous."

"When the market value was the highest, it exceeded tens of billions of dollars."

"However, as the bubble continued to burst and the performance continued to decline."

"When I was fired, the market value should only be more than one billion."

Charlie nodded and asked him: "How is the foundation of this company?"

Abren said: "The foundation of software and hardware technology is very good,"

"But the reason why it has gone downhill these years is mainly that the market direction has not been found."

"Yes, the person in charge misjudged the development direction of the communication market,"

"And then gradually killed his own to-C end business,"

"And then turned to rely on his old capital to provide hardware equipment and technical support for other communication companies."

Charlie said pleasantly: "That's just right for us. If its business is doing well and its market value is high,"

"It will be difficult for us to take it down, and after we take it down,"

"The to-C business will also involve us a lot. experience,"

"But now that it specializes in hardware equipment and technical support,"

"Isn't it just suitable to serve us? After all, we are not pursuing a new communication company in the world,"

"We just hope to establish our own communication network as soon as possible."

Abren nodded and said: "If it is combined with our situation, it is indeed very suitable."

"We can use many technologies of this company directly,"

"And almost all the rest of this company are scientific researchers."

"Although the market is a mess, But research and development capabilities should not be underestimated."

Charlie said without hesitation: "That's it! Brother, pack up and come back to the United States with me immediately!"

Abren said in surprise: "Back to the United States? Mr. Wade,"

"It's been a few days, and nothing has been sorted out..."

Charlie said: "It is more important to buy your old company as soon as possible."

"After you arrive in the United States, you can go directly to the company's boss and talk about acquisitions."

"Didn't you say that its market value is probably in the early billion dollars?"

"As long as he is willing to sell, I can pay up to two billion dollars."

"As for how much can be negotiated, it depends on your ability, brother."

Abren was dumbfounded, and blurted out: "Mr. Wade...do you really want to buy that company?"

"Yes." Charlie nodded firmly, and said: "Buy it, and let it design the satellite for us."

"Since it has ready-made technology, it should be able to design the satellite in a few months, right?"

"And then It will take a few months to produce, and it will be launched in the first half of next year."

Abren said excitedly: "It doesn't take so long!"

"That company itself is developing communication satellites for many large companies,"

"And both technology and supply chain is important. It is complete."

"If we can successfully acquire them,"

"We only need to make some customized adjustments on the original basis before they can be put into use."

"Within three months at the earliest, we can develop our own according to our needs. Communication satellite."

As he spoke, Abren said again: "If we reserve a launch quota with a commercial launch company now,"

"Our own satellite will be in orbit as soon as this autumn or winter!

Charlie heard this without hesitation and said: "Good! Great!"

"Brother, you are going back to the United States with me this time,"

"You must overcome all difficulties and take this company down!"

Chapter 5121

A few hours after crossing the Mediterranean, Charlie and Abren returned to the United States.

The plane first landed in Providence, and after Charlie got off the plane,

It immediately took off again, carrying Abren, Orvel, and Issac to Silicon Valley.

The reason why Orvel and Issac were allowed to accompany Abren was mainly to protect his personal safety.

After all, it was to discuss a billion-dollar business,

And it was not sure whether Georgina had other unknowns in the United States before.

With the two of them as companions, Charlie is relatively relieved.

He got off the plane alone and drove back to the hotel.

In the next few days, he asked Stella to help deliver a batch of medicinal materials,

And while Claire was in class during the day, he refined a new batch of Blood Dispersing and Heart Saving Pill.

Afterward, he mixed one Cultivation Pill and two Rejuvenating Pills into it,

And mixed it with a lot of medicinal materials mainly for physical fitness,

And fused thousands of pills that contained enough medicinal power and a little spiritual energy.

The medicinal effect of this kind of elixir is not as good as that of Blood Dispersing and Heart Saving Pill,

But it can easily dissolve the poison in the bodies of those dead soldiers and Cavalry guards,

And help them completely break the shackles passed down from generation to generation for hundreds of years.

In addition to preparing the antidote, Charlie also made two sets of action plans for himself.

The preferred solution is to look for opportunities at sea to sneak into the freighter carrying the antidote,

Seize the line of drug delivery, find a way to obtain a higher level of secrets about this organization,

And then look for opportunities to drop the antidote;

The alternative best plan is to find a way to sneak into the copper mine,

Wait for the Commissioner to get the antidote, and then quietly attack him.

The advantage of the former is not only the ability to get in touch with higher-level personnel,

But also a step earlier in time. In this way, if this plan fails,

The latter can also be used, but if the latter is the preferred plan,

There are basically no suitable alternatives.

As for how to quietly board a moving freighter,

He also thought of a feasible plan, and informed Joseph of his request in advance,

So that he could prepare for himself in advance.

Four days later.

Charlie said goodbye to Claire for the time-tested reason of "showing customers Feng Shui".

Carrying a black waterproof backpack, he took the Concorde airliner and took off directly from Providence to Beirut

Beirut is located on the westernmost side of the Middle East and on the easternmost coast of the entire Mediterranean Sea.

The city faces Cyprus across the sea, and the shortest distance is only two hundred kilometers.

When Charlie arrived in Beirut, it was already dark,

And Joseph was already waiting here to welcome him.

The first time he saw Charlie, he reported to him:

"Mr. Wade, those seven cavalry guards, as well as May 47, have already arranged to board the ship in advance.

After crossing the Suez Canal, the first destination is Cyprus,

So I used a helicopter to send people on board at the Suez Canal in advance,

And they will arrive at Limassol, the largest port in Cyprus later today."

Charlie nodded, and asked him: "Their copper mine is in Limassol, right?"

"It has its own wharf."

Charlie asked again: "Have you found out where the ship delivering the supplies departed from Turkey?"

"I figured it out." Joseph said: "According to the sales data of the copper mine,"

"The copper ore they produce is sold to a copper smelter in Hatay Province, Turkey."

"On the surface, in order to reduce transportation costs,"

"The copper smelter purchased an 8,000-ton freighter for the purpose of transporting copper from Cyprus."

"For ore, their shipping route is also very fixed, that is, from Iskenderun Port in Hatay Province, Turkey,"

"To Limassol Copper Mine's own port, the whole journey is about 210 nautical miles,"

"Almost 390 nautical miles. Ten kilometers."

Chapter 5122

Charlie asked him: "Have you mastered the movement of this ship?"

"I have." Joseph explained: "Their registration information is very formal,"

"So the information of the ships can also be found."

"It just so happens that ISU Shipping also has ships passing through the east of Cyprus to Turkey,"

"And there are also returning ships. We have been monitoring the navigation radar data of these ships,"

"And found the position information of this ship on the navigation radar."

"It's almost halfway, and we will arrive in Limassol in more than three hours."

"Okay." Charlie nodded slightly, and asked again: "Is the speedboat prepared for me ready?"

"Ready." Joseph Said: "According to your orders,"

"A speedboat equipped with six Mercury outboard motors has been prepared,"

"With a maximum speed of 120 kilometers per hour."

Charlie immediately said: "Take me there now!"

Joseph drove Charlie to an uninhabited coastline.

At this time, a large modified pickup was parked on the beach.

The rear of the pickup was facing the direction of the sea,

And a six- to seven-meter-long thing wrapped in a black tarpaulin was attached to the back with a trailer.

Joseph lifted the tarpaulin, and a streamlined speedboat came into view.

Immediately, Joseph asked Charlie: "Mr. Wade, do you want your subordinates to go with you?"

Charlie waved his hand: "I can go by myself. You can take the helicopter,"

"To board the ship to meet other people later. Listen to my orders on the boat."

Joseph nodded, took out a backpack from the cabin, and said to Charlie:

"Mr. Wade, everything you want me to prepare is ready, and the satellite communicator is also inside. "

"Okay!" Charlie jumped on the boat, familiarized himself with the operation of this speedboat,

And said to Joseph, "Joseph, go and dump the boat into the sea."

"Okay, Mr. Wade!"

Joseph drove the pickup truck and slowly dumped the tugboat frame behind it into the sea.

As the speedboat entered the water, the entire ship floated.

Charlie started the engine, and the voice of Joseph came from the communicator, saying:

"Mr. Wade, you can reach the route of the ship by driving 130 kilometers according to the 320 directions."

"If there is no problem, you should be able to arrive at the designated location half an hour earlier."

"Okay," Charlie said to Joseph through the communicator:

"Joseph, see you in Cyprus." After that, he controlled the speedboat into the sea,

And then 180 meters above the sea. Turned at a high speed and sailed into the vast Mediterranean Sea.

After more than an hour, Charlie had already arrived at the designated location on the route map.

After he stopped the speedboat about one nautical mile off the course,

He opened the package Joseph had prepared for him and took out a waterproof black night suit from it.

Afterward, he changed into night clothes, turned off the engine of the speedboat,

And even turned off the navigation radar on the ship.

In the satellite communicator, the voice of Joseph came at this time:

"Mr. Wade, that ship is less than twenty nautical miles away from you."

"We will monitor its position in real-time and report to you in time."

About two Ten minutes later, Charlie could already see the lights of the freighter on the sea level.

After confirming with Joseph that this ship was exactly the one he was looking for,

He carried his waterproof backpack, locked the buckle in the middle of the two straps,

And stared at the ship that was getting closer and closer.

When the opponent was less than two nautical miles away from him,

Charlie used a soul-piercing blade to cut off the speedboat decisively.

When the speedboat sank into the sea, he injected spiritual energy into his feet,

And used the spiritual energy to completely blow water under his feet while standing above water.

Immediately afterward, he galloped towards the moving freighter like walking on flat ground!

Chapter 5123

At this time, this freighter with less than 10,000 tons is sailing at full speed on the sea.

The noise and ups and downs of the ship's sailing made them completely unaware that on their left side,

Above the sea, a black shadow was rushing towards them quickly.

And this black shadow is Charlie.

Because of the aura, at this moment, under his feet,

It was like stepping on two invisible air cushions,

And the soles of his feet were about ten centimeters away from the water surface.

Every time he stepped on the waves, there would be a splash of water under his feet.

If it was in the daytime, not only would it be very eye-catching,

But once it was seen by others, their jaws might drop in shock.

However, the sea surface was pitch black at this time, and he was dressed in black,

Making him look like a ghost. Even enemies with a keen sense of smell didn't notice anything unusual.

As the distance from the ship got closer,

Charlie could even see a few sentries with live ammunition standing on the deck and the fence of the bridge.

Like most freighters, although the tonnage of this freighter is not very large,

The structure is also that the cargo warehouse is at the front and middle of the ship, and the entire bridge is at the stern.

The bridge building is the superstructure of the freighter,

Where the wheelhouse that controls the operation of the ship and the living areas of the crew are all concentrated.

At this time, there were six sentinels on board, two of them were at the bow,

Two were on both sides of the ship in the middle, and two were on the outer platform of the highest level of the bridge.

Since there were no other ships visible to the naked eye in the nearby waters,

These sentries were somewhat relaxed, but they just stood routinely,

And the two at the stern even got together and smoked.

Charlie thought about it and chose to board the ship at the stern.

Although most of the other party's personnel were concentrated here,

The environment here was the noisiest because the engines and propellers of the entire ship were also at the stern.

Even if the opponent has martial arts masters, he is not afraid that the opponent will notice it.

The two sentinels smoking at the stern did not notice that the black shadow approached the hull under their noses,

Jumped up from the sea, and climbed directly to the left side of the bridge.

After Charlie searched with spiritual energy,

He found that there were fifteen people in the entire four-story bridge building.

In addition to the two sentinels on the top floor, there are three other people in the cockpit.

Of the remaining ten people, eight are on the third floor and two are on the second floor.

In addition, there were four other people in the engine room below the bridge.

Charlie speculated that the three people in the cockpit and the four people in the engine room,

Should all be staff responsible for the operation of the ship.

The captain may be one of the three people in the cockpit,

But the highest commander on this ship must be not listed here.

As for the real commander, it should be among the ten people on the second and third floors.

Therefore, he concentrated his aura on the second and third floors,

And conducted a more detailed investigation on these ten people.

It didn't matter, he immediately found that the eight people on the second floor,

Were distributed in four small rooms, and one room for two felt like a crew dormitory.

The room where the two people lived on the third floor was much larger,

And the area of one room was equivalent to three crew quarters.

What Charlie didn't expect was that the two people on the third floor were clinging to each other at this moment,

Doing intense movements profusely sweating.

Charlie thought to himself: "Take a boat on a mission, and you can still do things on the boat."

"I think the supreme commander of this boat must be one of them!"

So he jumped in from the railing on the third floor and sneaked into the room.

The three-story rest area in the bridge building.

The area inside the bridge building is very large.

On the third floor, besides the large room where two people are having a good time,

There is also a large meeting room, a dining room, and a bathroom.

Charlie skipped these few empty rooms, and when he came to the door of the innermost room,

The two people inside had just finished fighting.

At this time, he heard a rustle of clothes being put on inside,

And then he heard a man smile and say: "Wait for me, I'll go to the cockpit to take a look."

The other person didn't speak but heard the crooked kissing sound of the two,

And then there was a sound of footsteps approaching the door from far to near.

Charlie held the Soul Piercing Blade in the palm of his right hand and waited for it.

The moment the door opened inward, he saw a middle-aged man flashing out from the door.

Before the other party could react, Charlie rushed in at an extremely fast speed.

Strangled the opponent's neck with his left hand, and then closed the door with his foot.

The opponent's strength is already at the Great Perfection of the Ming Realm,

And seeing Charlie subdue him in an instant, he subconsciously wants to attack with both hands.

However, before he could react, Charlie directly sealed the consciousness of the man in front of him with a trace of aura,

Making him unable to control his body at all,

Before the man figured out what happened, his consciousness was completely imprisoned,

His body stood still, and he couldn't even move his eyelids.

After this person is settled, Charlie intends to do the same,

And then control the woman inside, and then come to interrogate him.

At this time, because there was a nearly two-meter-long corridor inside the door of the room,

The woman in the room didn't know what happened.

But when Charlie stepped into the room, he suddenly found that the person sitting by the bed,

And arranging his clothes at this time turned out to be an old man in his fifties or sixties!

Seeing a man in black break into the room, the old man was startled,

And he reached out to grab the pistol by the bedside!

What Charlie didn't expect was that the old man's movements were extremely fast,

And he held the pistol in his right hand in an instant.

However, although his speed is fast, it is far from Charlie's!

Chapter 5124

Charlie saw that he was holding the gun in his hand,

His right hand shook suddenly, and a soul-piercing blade shot out instantly!

With a click, the old man's pistol was cut off from the side.

The old man was startled by the severed pistol, and his pupils shrank suddenly.

He was about to attack Charlie directly,

But he didn't expect Charlie to appear in front of him suddenly and grabbed his neck.

The old man was not a fuel-efficient lamp either.

He grabbed Charlie's wrist with both hands and tried his best to resist desperately.

Charlie didn't hide, but gathered his spiritual energy on his wrist,

Strangled his neck tightly, and said with a sneer,

"I thought the guy from the Ming Realm outside was the strongest here,"

"But I didn't expect you to be a master of the third level of the dark realm!"

"Come, let me see how capable you are!"

Among the ranks of warriors, except for the level of the light realm,"

"Which is divided according to the number of meridians opened,"

"The dark realm, the transformation realm, and the master realm, are divided into one to nine levels or heavens.

Joseph, who just stepped into the dark realm,

Is still at the most basic level of the first level of the dark realm.

However, this old guy has already reached the third level of darkness.

With his strength, if Joseph were in front of him today,

He would definitely not be able to survive three moves.

And the old man didn't expect that Charlie's strength was so strong,

That he had no ability to resist at all in front of him,

So he struggled and asked, "You... who are you?!"

Charlie didn't answer his question, just sneered, and said sarcastically:

"You don't care who I am, but you, at such an old age, have a special taste!"

The old man's expression was suddenly extremely shocked, and he asked nervously:

"You. ...You...You are so young, how can you tell that I am a dark realm?"

"Are you also a dark master!"

Charlie smiled and said: "In my eyes, the dark realm is not a master."

Speaking, he searched his dantian with spiritual energy, frowned, and said:

"You have been in the dark, and there is still poison in your body.

The old man asked him dumbfounded: "You... how did you see it?!"

Charlie frowned even tighter, and said in a cold voice:

"Not only can I see that there is a poison in your body,"

"But I can also see that the poison in your body is different from those dead soldiers and guards."

"The poison in your body is more violent."

After all, Charlie stared at him, and said sharply:

"I'll give you a chance, to tell the truth. If you can't grasp it, then I will use my method."

The old man calmed down a little, looked at Charlie, and asked Said:

"If I'm not mistaken, your Excellency should have killed all the Cavalry Guards in Bergen, Norway?"

Charlie asked with great interest: "Why,"

"You have already guessed that someone killed all the Cavalry Guards?"

The old man shook his head, and said: "The higher-ups think that the Nordic side had planned and set a trap in advance,"

"But seeing your strength, and hearing your mention of dead soldiers and Cavalry Guards,"

"I guessed that it should be related to you." "

As he said that, the old man continued: "Some time ago in New York,"

"We had dozens of dead men disappear, presumably it has something to do with your Excellency?"

Charlie looked at the old man, raised his eyebrows, and said:

"It seems that you are very smart,"

The old man sneered: "It's not smart, it's just that I have always doubted these two things."

"When I saw you today, I felt a sudden enlightenment. Your power is unpredictable,"

"Which coincides with these two things. They completely match."

Speaking of this, the old man asked Charlie: "Your Excellency suddenly appeared here,"

"The target should not be my old bones, but the place I am going to?"

Charlie also nodded calmly, and said: "That's right since you are a smart person,"

"Let's open the skylight and speak frankly. What do I ask and what do you answer?"

"Don't hide anything. Otherwise, I have ten thousand ways to make your life worse than death."

The old man bit Holding the false teeth in his mouth, he said with a firm gaze:

"I know that your strength is far superior to mine, and it is easy to kill me,"

"But if you want me to tell the truth, you must promise that you will spare my life,"

"Otherwise, I will crush your fangs and kill myself now!"

Charlie smiled, and said playfully: "Crittling your fangs?"

"Some of you dead soldiers in New York had done this before,"

"But even if he gnawed his fangs, I could still protect him." He didn't die."

The old man chuckled and said, "Your Excellency also said just now that the poison in my body is different from theirs."

"Your Excellency is right, it is indeed different, and not only the poison in my body is different,"

"Even the poison in my fangs is different."

"It's different, once the venom in my mouth is crushed, not the gods can save me."

Charlie asked him with a smile: "Is it really so powerful?"

"Try it, but if I die, you won't get any information."

Charlie sighed, shook his head, and said: "You old ba5tard, not only perverted,"

"But also overconfident, you think I have no other way to let you Open your mouth?"

The old man thought he had grasped Charlie, so he said with a deadpan posture:

"Before you do anything, I want to remind you that I am the only Commissioner on this ship."

"If you want to know, only I have a deep understanding of the situation in Cyprus and Turkey, and only I can answer for you;"

Speaking of this, he snorted and said arrogantly: "If I die, the branch of the organization in Turkey will immediately cut off all connections with the Cyprus copper mine."

"Contact and start the self-destruction of the copper mine, in that case,"

"Everyone in the entire Cyprus copper mine will die without a place to bury!"

"At that time, the clues that you have worked so hard to trace will be completely broken!"

Charlie raised his eyebrows, smiled, and said: "You are really good at acting."

The old man sneered and said: "Everything I said is true, if you don't believe it, then try me!"

"Okay, then let's try it." After Charlie finished speaking, he sneered, and a wave of spiritual energy entered the old man's brain from his hands,

And then he said in an orderly tone: "From now on, your mission is to obey my words without any reservations, do you understand? ?"

The old man's expression froze for a moment, and his eyes were a little empty,"

"But his tone became extremely firm. He looked at Charlie and said word by word: "I understand!"

Chapter 5125

After the old man was given a psychological hint by Charlie,

Charlie went straight in and asked, "What is your name, and what is your status in the organization?"

The old man said humbly: "My name is Reverend Duan,"

"And serve as a commissioner in the Right Army Governor's office."

"Right Army Governor's office?" Charlie frowned and asked him,

"What kind of institution is this Right Army Governor's office?"

Reverend replied respectfully: Following the system of the Ming Dynasty,"

"The Lord established the Command of the Five Armies, which are the Command of the Central Army,"

"The Command of the Left Army, the Command of the Right Army, the Command of the Front Army, and the Command of the Rear Army."

"After hundreds of years of development, now each and every governor's Office is responsible for organizing specific affairs in a continent."

"According to the Chinese tradition of sitting north to south, Asia is at the center,"

"Europe is at the right, America is at the left, and Oceania is at the front."

"Although Africa is also on the left, due to strategic significance It's not very important, so it's listed as the last."

Charlie was horrified when he heard it, he had expected that this mysterious organization would be a powerful behemoth,

But after listening to Reverend's introduction, he realized that,

The power of this organization has truly covered the whole world.

Covering the whole world is a capability that is currently not available to all the top chaebols.

The Routhschild family has been cultivating for so many years,

But they have only solidified their foundation in Europe and North America.

As for the other continents, they have at most penetrated some capital,

And it is difficult to expand their real influence to other continents.

As for the Saudi royal family, let alone, their power is basically concentrated in the Middle East,

And they can't even affect East Asia.

An family, which ranks third, has a relatively smaller sphere of influence,

Almost all of these are concentrated in the United States.

Thinking of this, he looked at Reverend and asked the question that had been on his mind for a long time:

"What is the name of your organization?"

Reverend said, "The organization is called the Warrior's Den and it exists for more than 400 years."

Charlie knew from May 47 that this organization was at least With a history of two to three hundred years,

He was not very surprised to learn that this organization had been established for more than four hundred years,

So he asked, "Is your military governor's office located in Turkey?"

"No." Reverend shook his head and said: "To be on the safe side,"

"The governor's office of the right army is rotated in various European countries,"

"And the country is changed every three years. Now the governor's office has been rotated to Italy."

Chapter 5126

Charlie asked again: "What are the details in Italy?" Do you know the place?"

"I don't know." Reverend shook his head and said,

"Although I am the commissioner of the Governor's Office in Turkey,"

"I have been on standby in Turkey for so many years since I left the Warrior camp."

Charlie asked him: "What is the Warrior Camp?"

Reverend explained: "The Warrior Camp is a place within the organization that specializes in cultivating high-level warriors."

"Only warriors who have opened up all eight meridians have the opportunity to enter the Warrior Camp for further studies."

Charlie nodded, and said lightly: "Give me an in-depth introduction to this Warrior Camp."

Reverend said: "The Warrior Camp rates each person based on their strength and aptitude."

"There are four levels in total. If you can stay in the Warrior camp for ten years,"

"You will have to leave the camp after ten years to accept other appointments."

"If you can reach the C level, you can stay in the Warrior camp for 20 years."

"If you can reach the B level, you can After staying in the Warrior camp for 30 years,"

"If you can reach Grade A, you can stay for 40 years or even longer."

"I was designated as Grade A and C at that time, and I stayed in Warrior Camp for a full 20 years."

Charlie asked: "Joining the Warrior Camp, what are the benefits for you?"

Reverend explained: "There are many benefits to joining the Warrior Camp."

"The first is to join the Warrior Camp. After the Warrior camp,"

"There are masters of the transformation realm as the instructors to teach them in person,"

"And they can get complete martial arts exercises, and again,"

"Medicinal materials that can improve the cultivation and strengthen the bodies."

"Although some people have opened up all eight meridians,"

"They can't reach the realm of greatest perfection in their entire lives."

"The realm of the Great Perfection, let alone the chance to step into the Dark Realm,"

"But as long as you join the Warrior Camp, even if you are only rated as a C-level,"

"I can still achieve a breakthrough within ten years and become a master of the Dark Realm."

"I will wait in the Warrior Camp After twenty years,"

"I have broken through from an eight-star warrior to the third level of darkness,"

"Which is something I could never have imagined before."

"The reason why a warrior like me is willing to join the organization is because of this opportunity."

Charlie Unexpectedly, there are still people in this organization.

"Where is this Warrior camp?" Charlie asked.

"I don't know where the Warrior Camp is. When I went to the Warrior Camp,"

"I was taken there in a coma. When I left, I was brought out in a coma."

"Moreover, the camp of the Warrior camp was no different from the camp of the dead."

"They were all underground buildings, and it could even be called an underground city."

"And we students of the Warrior camp all lived in the bottom of this underground city,"

"I have been in Warrior Camp for twenty years, and I had never seen the sun, nor the moon."

Chapter 5127

Charlie asked with some horror: "The sun has not been seen for twenty years,"

"And the dead have no choice. It's understandable, you who have the right to choose,"

"And you find that there is a dark life there, wouldn't you resist or run away?"

"How could that be?" Reverend blurted out without thinking,

"Twenty years in the Warrior Camp, almost snapped your fingers."

"They pass in a flash, every minute and every second was extremely fulfilling."

"During the twenty years there, I broke through from an eight-star warrior to the Great Perfection of the Bright Realm,"

"And then from the Great Perfection of the Bright Realm to the First Layer of Dark Realm."

"It's the second heaven, the third heaven, I have lived for eighty-five years,"

"And the twenty years in the Warrior camp are the most fulfilling twenty years of my life!"

Charlie didn't expect that Reverend looked only in his early sixties,

But In fact, he was already eighty-five years old.

However, the Reverend is a master of the dark realm after all,

And the natural lifespan of masters of the dark realm is more than 120 to 30 years old,

So it is reasonable for him to look younger than his actual age.

At this time, Reverend mentioned the Warrior Camp, and said with regret:

"I am still regretting that my cultivation speed in the Warrior Camp did not meet the promotion standards of the Camp."

"In ten years, if I could break through to the fourth level of darkness,"

"Then I could stay for another ten years, or even longer..."

Charlie suddenly realized.

Not everyone is as lucky as they are, able to quickly master the aura,

And directly gain a stronger strength that surpasses warriors.

And the vast majority of warriors, in order to achieve improvement of their cultivation base,

Have been practicing non-stop for decades.

For such people, the excellent training opportunity of Warrior Camp is tailor-made for them.

Not only can it provide them with various resources, but more importantly,

It can allow them to practice for decades without distraction.

Without even being disturbed by day and night.

For those martial idiots whose minds are mostly on cultivation,

To have such an opportunity, not only will they not hate and repel them,

But it will not be exchanged for a thousand dollars.

Thinking of this, Charlie suddenly remembered Duncan's method of using earthquakes to locate the May 47 garrison,

So he asked Reverend, "Did you experience an earthquake or tsunami during the 20 years you were in Warrior Camp?"

"Earthquake? Tsunami ?" Reverend shook his head:

"I have no impression... In Warrior Camp, we spent most of our time practicing,"

"And paid little attention to the things around us, so we don't have any relevant memories."

Chapter 5128

Hearing this, Charlie, couldn't help but feel a little disappointed.

He naturally knew that Reverend had been psychologically hinted by him,

And there was absolutely no way he could hide anything.

But Reverend has no impression of the earthquake and tsunami.

It may be that his place has never experienced an earthquake or tsunami,

But it may also be that he has experienced it but he does not remember it.

After all, he is different from May Four Seven.

Every day when May 47 was in the dead man's station,

He was trying to find a way to confirm the information from the outside world,

Or trying to find a way to record the time, and he was always thinking about how to escape.

Therefore, May 47 will be very sensitive to any disturbance in the surrounding environment.

But Reverend joined the Warrior Camp completely voluntarily,

And he had no idea of escaping from birth at all.

He even regretted that he could not stay in the Warrior Camp for another ten years.

Pays too much attention to the surroundings.

In desperation, Charlie asked him again:

"How many warriors like you are there in the entire Warrior camp?"

Reverend thought for a while, and said: "During the 20 years I was there,"

"There were more than 30 people one after another."

"At most about twenty people at the same time."

Charlie frowned and asked: "That is to say,"

"Warrior Camp has trained at least dozens of dark realm masters."

"Yes." Reverend nodded: "There are at least forty or fifty."

Charlie was surprised by this strong reserve of the organization,

he asked in surprise: "Since there are so many masters of the dark realm in breaking the clearing,"

"Why didn't any of the people sent in these two missions reach the dark realm?"

Reverend explained: "Although there are many masters in the dark realm,"

"At least half of them have been incorporated into the Miracle Battalion."

"It is said that they will be arranged to serve at the core base of the organization."

"Some of the rest will be incorporated into Uniform Guards,

And some will be assigned to the Five Armies In the Command's Office,"

"On average, there are only a few dark masters in each Command's Office,"

"And each Command's Office will try to keep the dark realm masters by his side as personal bodyguards,"

"Only one or two people are designated as commissioners,"

"And they go out to perform various tasks like me, so in general, dark-world experts are not enough."

Charlie was shocked when he heard this, knowing that this organization is very powerful,

But he didn't expect to be stronger than himself. Stronger than imagined.

Immediately, he regained his composure and asked Reverend:

"Then what is the organization of Uniform Guards?"

Reverend said: "Although Uniform Guards does not serve by the Lord's side,"

"They are directly dispatched by the Lord. After they leave Warrior Camp,"

"They will use other identities They were assigned to all over the world, but I don't know more about it."

Reverend said, "As for the time in New York,"

"It was mainly because the target of the assassination had a great influence in the United States,"

"And that mission was to destroy the other party."

"Once successful, this matter would have inevitably cause a huge sensation all over the world,"
