

Chapter 5118

And when thousands of people suddenly escape from control,

It is definitely enough for this organization to drink a pot.

Moreover, Charlie acts alone for both plans,

So he was absolutely sure that he would not leave any clues,

And no matter whether he succeeded or failed,

He would not let that mysterious organization find him by following the clues.

Afterward, Charlie, Joseph, and Duncan worked out a more detailed action plan.

After the plan was formulated, Charlie planned to leave for the United States and use the remaining few days to prepare well.

However, before leaving, he specially asked Joseph to take him to meet brother Abren who specializes in communications.

At present, Cataclysmic Front has prepared an independent two-story building for Abren,

Which is specially used for his research.

Although Abren arrived in Syria only a few days ago,

His overall state has undergone earth-shaking changes.

Not only does his spirit, complexion, and mood look much better, but he also seems to be much younger.

Seeing Charlie, Abren was very pleasantly surprised, and said excitedly:

"Mr. Wade, why did you come to Syria?"

"Are you used to the place?"

Abren said with a satisfied face: "Since I came here,"

"I feel refreshed every day, but the only regret is that the work still needs to wait for the equipment to be in place,"

"So I can't start it directly for a while."

Saying that he said again: "I made a list of equipment and Mr. Joseph has arranged for the purchase without any discount."

"What I want are basically the world's top civil communication-related equipment."

"After arriving in Syria one after another, I plan to first build an encrypted communication system that can cover the entire base,"

"And in the process, design an encryption algorithm, which can be synchronized after the satellite goes into space."

Charlie asked curiously: "Brother, when will our own satellite be able to go to the sky?"

Abren explained: "Recently, the people under Cataclysmic Front are sent to several world companies,

Through a shell company registered in the offshore area.

Well-known communication companies order communication satellites,

But the current satellites are not ready-made and need to be scheduled.

After the satellites are off the production line, we will first ship them to Syria.”

“I will make some modifications to the satellites and then deliver them to a commercial launch company to launch them,”

“But the research and development of the algorithm and the transformation of the satellite require a lot of work,”

“And it may take a year or two at the earliest.”

Charlie asked him: “Brother, It must be difficult for you to complete the work alone,”

“So why not recruit more people to help you do things,”

“If you can build a satellite communication team, the efficiency will definitely be greatly improved.”

Abren said helplessly: “I have thought about this too, But it is not easy to achieve.”

“I contacted some old colleagues and old subordinates.”

“When they heard that they were going to work in Syria, they were a little reluctant.”

“Moreover, the workplace is inside the base.”

“I am also worried that outsiders will come in and cause the risk of leaks.”

Charlie nodded and said: “We don’t lack money, what we lack is time,”

"So in my opinion, it is better to do this."

"We first establish or simply acquire a communication company with a sufficient foundation in the United States,"

"And then let this team In the United States, do research and development according to your requirements,"

"And you will coordinate as a whole. In addition, we can use companies in the United States as reserves."

"During the operation of this team, if we find trustworthy talents, we can gradually absorb them into Syria."

Speaking of this, Charlie paused slightly, and then said:

"In addition, brother, you don't have to worry about these people not wanting to come to Syria,"

"As long as you can give enough money, you will definitely be able to impress them!"
