

## Chapter 5121

A few hours after crossing the Mediterranean, Charlie and Abren returned to the United States.

The plane first landed in Providence, and after Charlie got off the plane,

It immediately took off again, carrying Abren, Orvel, and Issac to Silicon Valley.

The reason why Orvel and Issac were allowed to accompany Abren was mainly to protect his personal safety.

After all, it was to discuss a billion-dollar business,

And it was not sure whether Georgina had other unknowns in the United States before.

With the two of them as companions, Charlie is relatively relieved.

He got off the plane alone and drove back to the hotel.

In the next few days, he asked Stella to help deliver a batch of medicinal materials,

And while Claire was in class during the day, he refined a new batch of Blood Dispersing and Heart Saving Pill.

Afterward, he mixed one Cultivation Pill and two Rejuvenating Pills into it,

And mixed it with a lot of medicinal materials mainly for physical fitness,

And fused thousands of pills that contained enough medicinal power and a little spiritual energy.

The medicinal effect of this kind of elixir is not as good as that of Blood Dispersing and Heart Saving Pill,

But it can easily dissolve the poison in the bodies of those dead soldiers and Cavalry guards,

And help them completely break the shackles passed down from generation to generation for hundreds of years.

In addition to preparing the antidote, Charlie also made two sets of action plans for himself.

The preferred solution is to look for opportunities at sea to sneak into the freighter carrying the antidote,

Seize the line of drug delivery, find a way to obtain a higher level of secrets about this organization,

And then look for opportunities to drop the antidote;

The alternative best plan is to find a way to sneak into the copper mine,

Wait for the Commissioner to get the antidote, and then quietly attack him.

The advantage of the former is not only the ability to get in touch with higher-level personnel,

But also a step earlier in time. In this way, if this plan fails,

The latter can also be used, but if the latter is the preferred plan,

There are basically no suitable alternatives.

As for how to quietly board a moving freighter,

He also thought of a feasible plan, and informed Joseph of his request in advance,

So that he could prepare for himself in advance.

Four days later.

Charlie said goodbye to Claire for the time-tested reason of “showing customers Feng Shui”.

Carrying a black waterproof backpack, he took the Concorde airliner and took off directly from Providence to Beirut

Beirut is located on the westernmost side of the Middle East and on the easternmost coast of the entire Mediterranean Sea.

The city faces Cyprus across the sea, and the shortest distance is only two hundred kilometers.

When Charlie arrived in Beirut, it was already dark,

And Joseph was already waiting here to welcome him.

The first time he saw Charlie, he reported to him:

“Mr. Wade, those seven cavalry guards, as well as May 47, have already arranged to board the ship in advance.

After crossing the Suez Canal, the first destination is Cyprus,

So I used a helicopter to send people on board at the Suez Canal in advance,

And they will arrive at Limassol, the largest port in Cyprus later today.”

Charlie nodded, and asked him: “Their copper mine is in Limassol, right?

“It has its own wharf.”

Charlie asked again: “Have you found out where the ship delivering the supplies departed from Turkey?”

“I figured it out.” Joseph said: “According to the sales data of the copper mine,”

“The copper ore they produce is sold to a copper smelter in Hatay Province, Turkey.”

“On the surface, in order to reduce transportation costs,”

“The copper smelter purchased an 8,000-ton freighter for the purpose of transporting copper from Cyprus.”

“For ore, their shipping route is also very fixed, that is, from Iskenderun Port in Hatay Province, Turkey,”

“To Limassol Copper Mine’s own port, the whole journey is about 210 nautical miles,”

“Almost 390 nautical miles. Ten kilometers.”

## Chapter 5122

Charlie asked him: "Have you mastered the movement of this ship?"

"I have." Joseph explained: "Their registration information is very formal,"

"So the information of the ships can also be found."

"It just so happens that ISU Shipping also has ships passing through the east of Cyprus to Turkey,"

"And there are also returning ships. We have been monitoring the navigation radar data of these ships,"

"And found the position information of this ship on the navigation radar."

"It's almost halfway, and we will arrive in Limassol in more than three hours."

"Okay." Charlie nodded slightly, and asked again: "Is the speedboat prepared for me ready?"

"Ready." Joseph Said: "According to your orders,"

"A speedboat equipped with six Mercury outboard motors has been prepared,"

"With a maximum speed of 120 kilometers per hour."

Charlie immediately said: "Take me there now!"

Joseph drove Charlie to an uninhabited coastline.

At this time, a large modified pickup was parked on the beach.

The rear of the pickup was facing the direction of the sea,

And a six- to seven-meter-long thing wrapped in a black tarpaulin was attached to the back with a trailer.

Joseph lifted the tarpaulin, and a streamlined speedboat came into view.

Immediately, Joseph asked Charlie: "Mr. Wade, do you want your subordinates to go with you?"

Charlie waved his hand: "I can go by myself. You can take the helicopter,"

"To board the ship to meet other people later. Listen to my orders on the boat."

Joseph nodded, took out a backpack from the cabin, and said to Charlie:

"Mr. Wade, everything you want me to prepare is ready, and the satellite communicator is also inside. "

"Okay!" Charlie jumped on the boat, familiarized himself with the operation of this speedboat,

And said to Joseph, "Joseph, go and dump the boat into the sea."

"Okay, Mr. Wade!"

Joseph drove the pickup truck and slowly dumped the tugboat frame behind it into the sea.

As the speedboat entered the water, the entire ship floated.

Charlie started the engine, and the voice of Joseph came from the communicator, saying:

“Mr. Wade, you can reach the route of the ship by driving 130 kilometers according to the 320 directions.”

“If there is no problem, you should be able to arrive at the designated location half an hour earlier.”

“Okay,” Charlie said to Joseph through the communicator:

“Joseph, see you in Cyprus.” After that, he controlled the speedboat into the sea,

And then 180 meters above the sea. Turned at a high speed and sailed into the vast Mediterranean Sea.

After more than an hour, Charlie had already arrived at the designated location on the route map.

After he stopped the speedboat about one nautical mile off the course,

He opened the package Joseph had prepared for him and took out a waterproof black night suit from it.

Afterward, he changed into night clothes, turned off the engine of the speedboat,

And even turned off the navigation radar on the ship.

In the satellite communicator, the voice of Joseph came at this time:

“Mr. Wade, that ship is less than twenty nautical miles away from you.”

“We will monitor its position in real-time and report to you in time.”

About two Ten minutes later, Charlie could already see the lights of the freighter on the sea level.

After confirming with Joseph that this ship was exactly the one he was looking for,

He carried his waterproof backpack, locked the buckle in the middle of the two straps,

And stared at the ship that was getting closer and closer.

When the opponent was less than two nautical miles away from him,

Charlie used a soul-piercing blade to cut off the speedboat decisively.

When the speedboat sank into the sea, he injected spiritual energy into his feet,

And used the spiritual energy to completely blow water under his feet while standing above water.

Immediately afterward, he galloped towards the moving freighter like walking on flat ground!

## **Chapter 5123**

At this time, this freighter with less than 10,000 tons is sailing at full speed on the sea.

The noise and ups and downs of the ship’s sailing made them completely unaware that on their left side,

Above the sea, a black shadow was rushing towards them quickly.

And this black shadow is Charlie.

Because of the aura, at this moment, under his feet,  
It was like stepping on two invisible air cushions,  
And the soles of his feet were about ten centimeters away from the water surface.  
Every time he stepped on the waves, there would be a splash of water under his feet.  
If it was in the daytime, not only would it be very eye-catching,  
But once it was seen by others, their jaws might drop in shock.  
However, the sea surface was pitch black at this time, and he was dressed in black,  
Making him look like a ghost. Even enemies with a keen sense of smell didn't notice anything unusual.  
As the distance from the ship got closer,  
Charlie could even see a few sentries with live ammunition standing on the deck and the fence of the bridge.  
Like most freighters, although the tonnage of this freighter is not very large,  
The structure is also that the cargo warehouse is at the front and middle of the ship, and the entire bridge is at the stern.  
The bridge building is the superstructure of the freighter,  
Where the wheelhouse that controls the operation of the ship and the living areas of the crew are all concentrated.  
At this time, there were six sentinels on board, two of them were at the bow,  
Two were on both sides of the ship in the middle, and two were on the outer platform of the highest level of the bridge.  
Since there were no other ships visible to the naked eye in the nearby waters,  
These sentries were somewhat relaxed, but they just stood routinely,  
And the two at the stern even got together and smoked.  
Charlie thought about it and chose to board the ship at the stern.  
Although most of the other party's personnel were concentrated here,  
The environment here was the noisiest because the engines and propellers of the entire ship were also at the stern.  
Even if the opponent has martial arts masters, he is not afraid that the opponent will notice it.  
The two sentinels smoking at the stern did not notice that the black shadow approached the hull under their noses,  
Jumped up from the sea, and climbed directly to the left side of the bridge.

After Charlie searched with spiritual energy,

He found that there were fifteen people in the entire four-story bridge building.

In addition to the two sentinels on the top floor, there are three other people in the cockpit.

Of the remaining ten people, eight are on the third floor and two are on the second floor.

In addition, there were four other people in the engine room below the bridge.

Charlie speculated that the three people in the cockpit and the four people in the engine room,  
Should all be staff responsible for the operation of the ship.

The captain may be one of the three people in the cockpit,

But the highest commander on this ship must be not listed here.

As for the real commander, it should be among the ten people on the second and third floors.

Therefore, he concentrated his aura on the second and third floors,

And conducted a more detailed investigation on these ten people.

It didn't matter, he immediately found that the eight people on the second floor,

Were distributed in four small rooms, and one room for two felt like a crew dormitory.

The room where the two people lived on the third floor was much larger,

And the area of one room was equivalent to three crew quarters.

What Charlie didn't expect was that the two people on the third floor were clinging to each other at this moment,

Doing intense movements profusely sweating.

Charlie thought to himself: "Take a boat on a mission, and you can still do things on the boat."

"I think the supreme commander of this boat must be one of them!"

So he jumped in from the railing on the third floor and sneaked into the room.

The three-story rest area in the bridge building.

The area inside the bridge building is very large.

On the third floor, besides the large room where two people are having a good time,

There is also a large meeting room, a dining room, and a bathroom.

Charlie skipped these few empty rooms, and when he came to the door of the innermost room,

The two people inside had just finished fighting.

At this time, he heard a rustle of clothes being put on inside,

And then he heard a man smile and say: "Wait for me, I'll go to the cockpit to take a look."  
The other person didn't speak but heard the crooked kissing sound of the two,  
And then there was a sound of footsteps approaching the door from far to near.  
Charlie held the Soul Piercing Blade in the palm of his right hand and waited for it.  
The moment the door opened inward, he saw a middle-aged man flashing out from the door.  
Before the other party could react, Charlie rushed in at an extremely fast speed.  
Strangled the opponent's neck with his left hand, and then closed the door with his foot.  
The opponent's strength is already at the Great Perfection of the Ming Realm,  
And seeing Charlie subdue him in an instant, he subconsciously wants to attack with both hands.  
However, before he could react, Charlie directly sealed the consciousness of the man in front of him  
with a trace of aura,  
Making him unable to control his body at all,  
Before the man figured out what happened, his consciousness was completely imprisoned,  
His body stood still, and he couldn't even move his eyelids.  
After this person is settled, Charlie intends to do the same,  
And then control the woman inside, and then come to interrogate him.  
At this time, because there was a nearly two-meter-long corridor inside the door of the room,  
The woman in the room didn't know what happened.  
But when Charlie stepped into the room, he suddenly found that the person sitting by the bed,  
And arranging his clothes at this time turned out to be an old man in his fifties or sixties!  
Seeing a man in black break into the room, the old man was startled,  
And he reached out to grab the pistol by the bedside!  
What Charlie didn't expect was that the old man's movements were extremely fast,  
And he held the pistol in his right hand in an instant.  
However, although his speed is fast, it is far from Charlie's!

#### **Chapter 5124**

Charlie saw that he was holding the gun in his hand,  
His right hand shook suddenly, and a soul-piercing blade shot out instantly!  
With a click, the old man's pistol was cut off from the side.

The old man was startled by the severed pistol, and his pupils shrank suddenly.

He was about to attack Charlie directly,

But he didn't expect Charlie to appear in front of him suddenly and grabbed his neck.

The old man was not a fuel-efficient lamp either.

He grabbed Charlie's wrist with both hands and tried his best to resist desperately.

Charlie didn't hide, but gathered his spiritual energy on his wrist,

Strangled his neck tightly, and said with a sneer,

"I thought the guy from the Ming Realm outside was the strongest here,"

"But I didn't expect you to be a master of the third level of the dark realm!"

"Come, let me see how capable you are!"

Among the ranks of warriors, except for the level of the light realm,"

"Which is divided according to the number of meridians opened,"

"The dark realm, the transformation realm, and the master realm, are divided into one to nine levels or heavens.

Joseph, who just stepped into the dark realm,

Is still at the most basic level of the first level of the dark realm.

However, this old guy has already reached the third level of darkness.

With his strength, if Joseph were in front of him today,

He would definitely not be able to survive three moves.

And the old man didn't expect that Charlie's strength was so strong,

That he had no ability to resist at all in front of him,

So he struggled and asked, "You... who are you?!"

Charlie didn't answer his question, just sneered, and said sarcastically:

"You don't care who I am, but you, at such an old age, have a special taste!"

The old man's expression was suddenly extremely shocked, and he asked nervously:

"You. ...You...You are so young, how can you tell that I am a dark realm?"

"Are you also a dark master!"

Charlie smiled and said: "In my eyes, the dark realm is not a master."

Speaking, he searched his dantian with spiritual energy, frowned, and said:

"You have been in the dark, and there is still poison in your body.

The old man asked him dumbfounded: "You... how did you see it?!"

Charlie frowned even tighter, and said in a cold voice:

"Not only can I see that there is a poison in your body,"

"But I can also see that the poison in your body is different from those dead soldiers and guards."

"The poison in your body is more violent."

After all, Charlie stared at him, and said sharply:

"I'll give you a chance, to tell the truth. If you can't grasp it, then I will use my method."

The old man calmed down a little, looked at Charlie, and asked Said:

"If I'm not mistaken, your Excellency should have killed all the Cavalry Guards in Bergen, Norway?"

Charlie asked with great interest: "Why,"

"You have already guessed that someone killed all the Cavalry Guards?"

The old man shook his head, and said: "The higher-ups think that the Nordic side had planned and set a trap in advance,"

"But seeing your strength, and hearing your mention of dead soldiers and Cavalry Guards,"

"I guessed that it should be related to you." "

As he said that, the old man continued: "Some time ago in New York,"

"We had dozens of dead men disappear, presumably it has something to do with your Excellency?"

Charlie looked at the old man, raised his eyebrows, and said:

"It seems that you are very smart,"

The old man sneered: "It's not smart, it's just that I have always doubted these two things."

"When I saw you today, I felt a sudden enlightenment. Your power is unpredictable,"

"Which coincides with these two things. They completely match."

Speaking of this, the old man asked Charlie: "Your Excellency suddenly appeared here,"

"The target should not be my old bones, but the place I am going to?"

Charlie also nodded calmly, and said: "That's right since you are a smart person,"

"Let's open the skylight and speak frankly. What do I ask and what do you answer?"

"Don't hide anything. Otherwise, I have ten thousand ways to make your life worse than death."

The old man bit Holding the false teeth in his mouth, he said with a firm gaze:

"I know that your strength is far superior to mine, and it is easy to kill me,"

"But if you want me to tell the truth, you must promise that you will spare my life,"

"Otherwise, I will crush your fangs and kill myself now!"

Charlie smiled, and said playfully: "Critting your fangs?"

"Some of you dead soldiers in New York had done this before,"

"But even if he gnawed his fangs, I could still protect him." He didn't die."

The old man chuckled and said, "Your Excellency also said just now that the poison in my body is different from theirs."

"Your Excellency is right, it is indeed different, and not only the poison in my body is different,"

"Even the poison in my fangs is different."

"It's different, once the venom in my mouth is crushed, not the gods can save me."

Charlie asked him with a smile: "Is it really so powerful?"

"Try it, but if I die, you won't get any information."

Charlie sighed, shook his head, and said: "You old ba5tard, not only perverted,"

"But also overconfident, you think I have no other way to let you Open your mouth?"

The old man thought he had grasped Charlie, so he said with a deadpan posture:

"Before you do anything, I want to remind you that I am the only Commissioner on this ship."

"If you want to know, only I have a deep understanding of the situation in Cyprus and Turkey, and only I can answer for you,"

Speaking of this, he snorted and said arrogantly: "If I die, the branch of the organization in Turkey will immediately cut off all connections with the Cyprus copper mine."

"Contact and start the self-destruction of the copper mine, in that case,"

"Everyone in the entire Cyprus copper mine will die without a place to bury!"

"At that time, the clues that you have worked so hard to trace will be completely broken!"

Charlie raised his eyebrows, smiled, and said: "You are really good at acting."

The old man sneered and said: "Everything I said is true, if you don't believe it, then try me!"

"Okay, then let's try it." After Charlie finished speaking, he sneered, and a wave of spiritual energy entered the old man's brain from his hands,

And then he said in an orderly tone: "From now on, your mission is to obey my words without any reservations, do you understand? ?"

The old man's expression froze for a moment, and his eyes were a little empty,"

"But his tone became extremely firm. He looked at Charlie and said word by word: "I understand!"

## **Chapter 5125**

After the old man was given a psychological hint by Charlie,

Charlie went straight in and asked, "What is your name, and what is your status in the organization?"

The old man said humbly: "My name is Reverend Duan,"

"And serve as a commissioner in the Right Army Governor's office."

"Right Army Governor's office?" Charlie frowned and asked him,

"What kind of institution is this Right Army Governor's office?"

Reverend replied respectfully: Following the system of the Ming Dynasty,"

"The Lord established the Command of the Five Armies, which are the Command of the Central Army,"

"The Command of the Left Army, the Command of the Right Army, the Command of the Front Army, and the Command of the Rear Army."

"After hundreds of years of development, now each and every governor's Office is responsible for organizing specific affairs in a continent."

"According to the Chinese tradition of sitting north to south, Asia is at the center,"

"Europe is at the right, America is at the left, and Oceania is at the front."

"Although Africa is also on the left, due to strategic significance It's not very important, so it's listed as the last."

Charlie was horrified when he heard it, he had expected that this mysterious organization would be a powerful behemoth,

But after listening to Reverend's introduction, he realized that,

The power of this organization has truly covered the whole world.

Covering the whole world is a capability that is currently not available to all the top chaebols.

The Routhschild family has been cultivating for so many years,

But they have only solidified their foundation in Europe and North America.

As for the other continents, they have at most penetrated some capital,

And it is difficult to expand their real influence to other continents.

As for the Saudi royal family, let alone, their power is basically concentrated in the Middle East,

And they can't even affect East Asia.

An family, which ranks third, has a relatively smaller sphere of influence,

Almost all of these are concentrated in the United States.

Thinking of this, he looked at Reverend and asked the question that had been on his mind for a long time:

“What is the name of your organization?”

Reverend said, “The organization is called the Warrior’s Den and it exists for more than 400 years.”

Charlie knew from May 47 that this organization was at least With a history of two to three hundred years,

He was not very surprised to learn that this organization had been established for more than four hundred years,

So he asked, “Is your military governor’s office located in Turkey?”

“No.” Reverend shook his head and said: “To be on the safe side,”

“The governor’s office of the right army is rotated in various European countries,”

“And the country is changed every three years. Now the governor’s office has been rotated to Italy.”

## **Chapter 5126**

Charlie asked again: “What are the details in Italy?” Do you know the place?”

“I don’t know.” Reverend shook his head and said,

“Although I am the commissioner of the Governor’s Office in Turkey,”

“I have been on standby in Turkey for so many years since I left the Warrior camp.”

Charlie asked him: “What is the Warrior Camp?”

Reverend explained: “The Warrior Camp is a place within the organization that specializes in cultivating high-level warriors.”

“Only warriors who have opened up all eight meridians have the opportunity to enter the Warrior Camp for further studies.”

Charlie nodded, and said lightly: “Give me an in-depth introduction to this Warrior Camp.”

Reverend said: “The Warrior Camp rates each person based on their strength and aptitude.”

“There are four levels in total. If you can stay in the Warrior camp for ten years,”

“You will have to leave the camp after ten years to accept other appointments.”

“If you can reach the C level, you can stay in the Warrior camp for 20 years.”

“If you can reach the B level, you can After staying in the Warrior camp for 30 years,”

"If you can reach Grade A, you can stay for 40 years or even longer."

"I was designated as Grade A and C at that time, and I stayed in Warrior Camp for a full 20 years."

Charlie asked: "Joining the Warrior Camp, what are the benefits for you?"

Reverend explained: "There are many benefits to joining the Warrior Camp."

"The first is to join the Warrior Camp. After the Warrior camp,"

"There are masters of the transformation realm as the instructors to teach them in person,"

"And they can get complete martial arts exercises, and again,"

"Medicinal materials that can improve the cultivation and strengthen the bodies."

"Although some people have opened up all eight meridians,"

"They can't reach the realm of greatest perfection in their entire lives."

"The realm of the Great Perfection, let alone the chance to step into the Dark Realm,"

"But as long as you join the Warrior Camp, even if you are only rated as a C-level,"

"I can still achieve a breakthrough within ten years and become a master of the Dark Realm."

"I will wait in the Warrior Camp After twenty years,"

"I have broken through from an eight-star warrior to the third level of darkness,"

"Which is something I could never have imagined before."

"The reason why a warrior like me is willing to join the organization is because of this opportunity."

Charlie Unexpectedly, there are still people in this organization.

"Where is this Warrior camp?" Charlie asked.

"I don't know where the Warrior Camp is. When I went to the Warrior Camp,"

"I was taken there in a coma. When I left, I was brought out in a coma."

"Moreover, the camp of the Warrior camp was no different from the camp of the dead."

"They were all underground buildings, and it could even be called an underground city."

"And we students of the Warrior camp all lived in the bottom of this underground city,"

"I have been in Warrior Camp for twenty years, and I had never seen the sun, nor the moon."

## **Chapter 5127**

Charlie asked with some horror: "The sun has not been seen for twenty years,"

"And the dead have no choice. It's understandable, you who have the right to choose,"

"And you find that there is a dark life there, wouldn't you resist or run away?"

“How could that be?” Reverend blurted out without thinking,

“Twenty years in the Warrior Camp, almost snapped your fingers.”

“They pass in a flash, every minute and every second was extremely fulfilling.”

“During the twenty years there, I broke through from an eight-star warrior to the Great Perfection of the Bright Realm,”

“And then from the Great Perfection of the Bright Realm to the First Layer of Dark Realm.”

“It’s the second heaven, the third heaven, I have lived for eighty-five years,”

“And the twenty years in the Warrior camp are the most fulfilling twenty years of my life!”

Charlie didn’t expect that Reverend looked only in his early sixties,

But In fact, he was already eighty-five years old.

However, the Reverend is a master of the dark realm after all,

And the natural lifespan of masters of the dark realm is more than 120 to 30 years old,

So it is reasonable for him to look younger than his actual age.

At this time, Reverend mentioned the Warrior Camp, and said with regret:

“I am still regretting that my cultivation speed in the Warrior Camp did not meet the promotion standards of the Camp.”

“In ten years, if I could break through to the fourth level of darkness,”

“Then I could stay for another ten years, or even longer...”

Charlie suddenly realized.

Not everyone is as lucky as they are, able to quickly master the aura,

And directly gain a stronger strength that surpasses warriors.

And the vast majority of warriors, in order to achieve improvement of their cultivation base,

Have been practicing non-stop for decades.

For such people, the excellent training opportunity of Warrior Camp is tailor-made for them.

Not only can it provide them with various resources, but more importantly,

It can allow them to practice for decades without distraction.

Without even being disturbed by day and night.

For those martial idiots whose minds are mostly on cultivation,

To have such an opportunity, not only will they not hate and repel them,

But it will not be exchanged for a thousand dollars.

Thinking of this, Charlie suddenly remembered Duncan's method of using earthquakes to locate the May 47 garrison,

So he asked Reverend, "Did you experience an earthquake or tsunami during the 20 years you were in Warrior Camp?"

"Earthquake? Tsunami ?" Reverend shook his head:

"I have no impression... In Warrior Camp, we spent most of our time practicing,"

"And paid little attention to the things around us, so we don't have any relevant memories."

## **Chapter 5128**

Hearing this, Charlie, couldn't help but feel a little disappointed.

He naturally knew that Reverend had been psychologically hinted by him,

And there was absolutely no way he could hide anything.

But Reverend has no impression of the earthquake and tsunami.

It may be that his place has never experienced an earthquake or tsunami,

But it may also be that he has experienced it but he does not remember it.

After all, he is different from May Four Seven.

Every day when May 47 was in the dead man's station,

He was trying to find a way to confirm the information from the outside world,

Or trying to find a way to record the time, and he was always thinking about how to escape.

Therefore, May 47 will be very sensitive to any disturbance in the surrounding environment.

But Reverend joined the Warrior Camp completely voluntarily,

And he had no idea of escaping from birth at all.

He even regretted that he could not stay in the Warrior Camp for another ten years.

Pays too much attention to the surroundings.

In desperation, Charlie asked him again:

"How many warriors like you are there in the entire Warrior camp?"

Reverend thought for a while, and said: "During the 20 years I was there,"

"There were more than 30 people one after another."

"At most about twenty people at the same time."

Charlie frowned and asked: "That is to say,"

"Warrior Camp has trained at least dozens of dark realm masters."

"Yes." Reverend nodded: "There are at least forty or fifty."

Charlie was surprised by this strong reserve of the organization,

he asked in surprise: "Since there are so many masters of the dark realm in breaking the clearing,"

"Why didn't any of the people sent in these two missions reach the dark realm?"

Reverend explained: "Although there are many masters in the dark realm,"

"At least half of them have been incorporated into the Miracle Battalion."

"It is said that they will be arranged to serve at the core base of the organization."

"Some of the rest will be incorporated into Uniform Guards,

And some will be assigned to the Five Armies In the Command's Office,"

"On average, there are only a few dark masters in each Command's Office,"

"And each Command's Office will try to keep the dark realm masters by his side as personal bodyguards,"

"Only one or two people are designated as commissioners,"

"And they go out to perform various tasks like me, so in general, dark-world experts are not enough."

Charlie was shocked when he heard this, knowing that this organization is very powerful,

But he didn't expect to be stronger than himself. Stronger than imagined.

Immediately, he regained his composure and asked Reverend:

"Then what is the organization of Uniform Guards?"

Reverend said: "Although Uniform Guards does not serve by the Lord's side,"

"They are directly dispatched by the Lord. After they leave Warrior Camp,"

"They will use other identities They were assigned to all over the world, but I don't know more about it."

Reverend said, "As for the time in New York,"

"It was mainly because the target of the assassination had a great influence in the United States,"

"And that mission was to destroy the other party."

"Once successful, this matter would have inevitably cause a huge sensation all over the world,"

## **Chapter 5129**

Reverend continued: "Therefore, in order to avoid exposure,"

"The organization did not send martial arts masters when encountering such things that will attract global attention."

"So it was decided to send out the dead men;"

"Although the strength of the dead fighters is not as good as that of the masters of the dark realm,"

"Due to the development of thermal weapons, they also have their own special tactics,"

"And they can basically have the actual combat ability no less than that of martial arts masters."

"Easily interfere with the public's sight, let the public spontaneously define the murderer as a killer,"

"Mercenary, or some extremists with weapons."

Speaking, Reverend said again: "As for the time in Norway,"

"It was indeed quite sudden. The information was obtained suddenly,"

"And there was only a few hours of preparation time before departure."

"It happened that we had a plane in Cyprus at that time,"

"So the organization sent Cavalry guards there went there in disguise;"

"Moreover, the information obtained by the organization is also somewhat biased."

"The information was sent by an entourage next to the target person."

"He said in the information that the strongest among them is only a five-star warrior level,"

"And there is only one person, the strength of the eight Cavalry guards,"

"Even the eight five-star warriors cannot be their opponents,"

"Plus the enemy was in the open and we were in the dark, it is impossible to fail,"

"So they are sent there, unexpectedly, one died and seven disappeared..."

Charlie thought of Maria, and thought of the ring she gave him, and asked Reverend:

"How much do you know about that time in Norway? Do you know where she came from?"

Reverend shook his head and said, "I don't know what she is. As for the time in Norway,"

"I only know that it was the person whom the Lord called for."

"This is the first time I have encountered it in the many years since I joined the organization."

"As for the others, I just don't know..."

Reverend's explanation made Charlie even more confused about Maria's identity.

He even regretted it a little.

He regretted letting her and her grandfather go directly.

Although in his opinion, he had already used psychological hints,  
And the grandfather and grandson must have nothing to hide from him,  
But at that time, time was short and he didn't have enough time and opportunity to ask more questions.  
But it's too late to regret it now,  
So he can only ask for as much valuable content as possible from Reverend.  
So, Charlie looked at Reverend and continued to interrogate him:

"Do you know why your lord wanted to arrest her? Is it for her, or for something on her?"

Reverend shook his head: "I don't know about this matter, even my superiors in Turkey don't know about it."

"We only know that it is a god-sent opportunity to assign that mission,"

"To the Governor's office of the Right Army. Unfortunately, it failed in the end."

Charlie knew that Reverend couldn't lie, so he asked him,

"Do you know where the headquarters of the Warriors' Den is?"

"I don't know." Reverend shook his head and said,

"I have never been to the headquarters at all, I have only been to the Warriors Camp,"

"But I don't know where the Warriors Camp is."

After that, Reverend continued: "I don't even know the exact location of the Governor's office of the Right Army in Italy."

"The isolation of information is very strict,"

"And people of any level can only know what they can know,"

"And it is impossible for us to know the secrets of a little bit higher."

## **Chapter 5130**

Charlie couldn't help but feel a little dizzy, it seems that this Warriors' Den,

Has an internal organizational structure that is too clear,

And the internal confidentiality system is too strict.

Reverend is already regarded as the middle and high level of the entire Warriors' Den.

He doesn't know where the headquarters is, and he doesn't know where the branch he belongs to.

After a moment of silence, Charlie continued to ask him: "What is your plan and deployment in Turkey?"

Reverend replied: "Turkey is a supply chain specially built for the Cyprus base,"

"The purpose is to protect the Cyprus base. Normal operation, by importing copper ore produced by the Cyprus base,"

"To ensure the concealment of the Cyprus base, and at the same time provide it,"

"With the funds required for operation through reasonable and legal import channels."

"In addition, we will also use copper ore. There are 2,000 tons of materials on this ship,"

"Which will be secretly sent to the Cyprus base."

Charlie asked again: "Among the two thousand tons of materials you mentioned,"

"What are the details? What do you have here?"

Reverend replied: "There are about 300 tons of various food and medicines,"

"As well as a large amount of weapons and ammunition,"

"Clothing and daily necessities, and various living materials needed by the dead,"

"As well as consumables for air and water purification equipment."

"In addition, there are nearly 500 tons of diesel."

Charlie asked him: "Diesel still needed to be shipped so far from Turkey?"

Reverend explained: "The outside world thinks that there are only a few hundred people working and living in the copper mine,"

"But in fact, There are three to four thousand people,"

"Not only the cost of materials is huge, but also the energy consumption is very large."

"The living electricity consumption of the three to four thousand people under the mine alone is very large."

"If all the electricity is purchased from the national grid of Cyprus,"

"The energy consumption will be much higher than a copper mine of the same scale,"

"And once someone who is interested in checking the data in this area can detect it,"

"The organization will be exposed."

Reverend said again: "Because it is necessary to fill in For the energy consumption of these three to four thousand people,"

"We have sent them four large diesel generator sets from Turkey."

"Their daily electricity consumption is all met by diesel power generation."

"However, if a copper mine consumes too much diesel, it will make people doubt it,"

"So we provide all the diesel they need, and after the ship docks,"

“There is a special pipeline connecting the copper mine,”

“And the diesel is delivered directly through the pipeline.”

Charlie couldn't help but wonder how meticulous the organization was when he heard this.

He felt a little admiration.

Generally speaking, the larger the organization, the harder it is to keep in mind the details.

However, with such a huge scale, the Warriors' Den can handle all kinds of details very well,

Which is really remarkable.

It is easy to see the clues of such things as energy consumption once they are targeted by interested people.

Often, the police analyze the electricity consumption data of residential buildings,

And find that the electricity consumption of a certain household is several times higher,

Than that of other neighbors of the same type of household.

And that kind of three-bedroom house uses the water and natural gas of more than ten or twenty people a month.

Once this abnormality is discovered, it is likely to be a den of an MLM organization.

Therefore, if this copper mine does not want to expose any clues,

Then all its energy consumption publicly purchased materials,

And even the garbage it discharges must meet the scale of 300 people so that no one will find abnormalities.

Otherwise, once any indicator is abnormal, it may be noticed by potential enemies.
