

# Super Rich Dad Chapter 514-516

Chapter 514

At this moment, Secretary Luo was even more nervous than ever.

He looked at Shen Haoting with a frightened face. At this moment, he finally remembered why he felt that this person looked so familiar from the moment they met.

But not familiar, because the previous investment promotion, he did not less investigation Shen Haoting, for this person can be very well known.

He knows that Shen Haoting is a native of Chujiang, and in his twenties he went overseas to inherit a large number of industries from the Shen family. And he was even more prosperous in playing with investments abroad.

It seemed that Secretary Luo had also investigated that this Shen Haoting seemed to be involved in a large-scale armed fight that took place in the Ping Yang Valley of Chujiang more than ten years ago.

However, that incident seemed to have been deliberately hidden very deeply, so much so that Secretary Luo was curious enough to try to investigate deeper, but in the end to no avail, and was even warned by some mysterious people of unexplained origins.

Since then, Secretary Luo has been much more restrained, even though he was curious. He never dared to touch that matter again, but only secretly looked for opportunities to continue collecting materials on Shen Haoting.

But even though he had known Shen Haoting so well before, he had finally capsized today.

The person he had been so curious about was standing right in front of him. He had spoken to himself so much, but he had failed to recognise him.

Secretary Luo no longer knew if he was too stupid or if he was really unlucky and deserved this.

He had once investigated Shen Haoting, and was of course clear about how miraculous Shen Haoting's methods were.

If he had fallen into his hands this time, it was really the end.

Secretary Luo was distraught and repented, but now that things had come to this point, he knew it was useless to regret, and it was only true that he would find a way to make up for his mistake.

The first time Secretary Luo looked at Shen Haoting, his gaze softened, this softened gaze, it was clear that it was a submission, a real submission to the countless times of his own power.

‘Shen ..... turned out to be Mr. Shen .....’ Secretary Luo wiped a handful of cold sweat from his forehead and said, ‘This ..... was all a misunderstanding just now I think, I really didn’t expect that I would meet Mr. Shen here, Mr. Shen you .....’

Shen Haoting knew that Secretary Luo was aware of his identity and wanted to beg for mercy.

But since he had already moved to fix him. He would not give him the chance to beg for mercy.

Shen Haoting sneered and interrupted him, ‘Do I know you?’

When Secretary Luo heard this, he swallowed back his unspoken words awkwardly, and looked at Shen Haoting, not knowing what to say for a while.

He looked at Shen Haoting and did not know what to say for a while. Shen Haoting did not have any inhibitions and continued, ‘Do you think that you have caused a big trouble and want to beg for forgiveness because you know my identity? I don’t know if that’s a strength or a weakness of mine, but it’s a habit that whenever I want to fix someone, I’ll do it to death and won’t give them a chance to breathe.’

Shen Haoting gave a cold snort and once again said, ‘I want you to know that this is what happens when you go against me!’

What will happen if you go against him? It must be extremely miserable!

When Secretary Luo was investigating Shen Haoting, he had also heard of an incident that was said to have occurred in Western Europe. It was said that once in Western Europe, a very powerful family in the region had offended Shen Haoting because of business.

At first, Shen Haoting did not make a sound, but just when the other party let down their guard and thought that Shen Haoting and the overseas Shen family were no better than that, he suddenly made his move and after a series of combinations, that once powerful family was instantly defeated.

After that incident, Shen Haoting was able to gain a firm foothold overseas.

He was only in his early thirties back then, and as far as his strength was concerned, he was only a third of his opponent’s strength without the help of the Shen family overseas.

And as far as Secretary Luo knew, the overseas Shen family had never intervened in that incident. Even so, Shen Haoting managed to pull off a comeback.

After this battle, the whole overseas was almost scared to death of Shen Haoting’s reputation.

And Shen Haoting has not only expanded his strength. It was said that he had also conquered the Shen family overseas.

Compared to that great overseas family that was once taken out by Shen Haoting, Secretary Luo certainly understood how much weight he had.

It seemed that he could also imagine what kind of fate would greet him in the end.

With Shen Haoting's methods, he would not even do anything until his family was destroyed.

Think of yourself. When he thought of his family, and the huge family business, Secretary Luo simply shivered.

He looked at Shen Haoting with quite a bit of sadness and faintly said, 'Mr. Shen, you ..... are giving me a chance, just once, I promise I will never ..... do it again'

'Hehe .....

Shen Haoting burst into a cold laugh and interrupted Secretary Luo once again. He then looked at the other party with cold contempt and spoke, 'Giving you a chance? Oh, don't you think it's ridiculous? If I give you a chance, if I really fall into your hands next time, will you let me go? I have come to understand this since, and realise that in this world, those who have helped you once may help you a second time. And those who have harmed you once, even if you give him countless chances, as long as he is given the right time, he will still choose to come and harm you!'

After a pause, Shen Haoting continued and added, 'Do you think that I should let you go?'

Secretary Luo had to admit that Shen Haoting's words were right.

If Shen Haoting let himself go now. Not only would he not be grateful to him, but if he had the right opportunity later, he would definitely put him to death.

Thinking of this, Secretary Luo's gaze towards Shen Haoting was no longer one of prayer for mercy. Instead, it was filled with loathing.

Since he would not be forgiven, why should he wag his tail and beg for mercy?

He stared at Shen Haoting and said conspiratorially, 'Heh, you really are the richest overseas Chinese who can reign over the world. He is really the richest overseas Chinese. If that's the case, I won't bother to beg you for anything anymore. I will also curse you to a bad death, you .....

'Shut your mouth!' Before Secretary Luo finished speaking, Ye Yunjie on the side immediately quit and pointed at Secretary Luo and scolded, 'If you dare to talk nonsense again, believe it or not, I will send you on your way right now?'

While saying this, Ye Yunjie was already walking towards Secretary Luo.

She certainly wouldn't care about this broad daylight, let alone Secretary Luo's identity.

Ye Yunjie only wanted to ensure that Shen Haoting's majesty was not trampled on, and anyone who dared to trample on Shen Haoting's majesty, Ye Yunjie would definitely be the first to jump out and teach him a lesson without hesitation!

However, at this moment, Shen Haoting shook his hand, signaling Ye Yunjie to back off, and he said indifferently, 'Forget it, he will not end up well, so there is no need for us to make a move!'

Shen Haoting turned his head to look at Jiang Hao and said with a smile, 'Jiang Hao, let's go.'

After saying the words, the three of them were about to leave the private room.

But just then, a voice suddenly came from outside the private room.

The voice was loud and seemed to be angry: 'No one is leaving today!'

Hearing the voice. Everyone was stunned, and then they all looked in the direction where the voice came from, and saw seven or eight people walking aggressively in the corridor not far away.

And Secretary Luo and Feng Ze were stunned when they looked at the one at the head of this crowd.

'Xu ..... General Xu?'

'Uncle Xu, what brings you here?'

The person who came was no one else. It was none other than Xu Lords.

He was originally going to go directly to Ye Yunjie's company, but when he heard his men report that Ye Yunjie Shen Haoting's group had come here for dinner, that was why he directly brought his men to kill.

It didn't matter where they were. As long as they could catch Jiang Hao and Ye Yunjie, it would be good!

He had brought his own people over just to settle the score.

Xu Lords looked at Feng Ze, whose face was troubled, snorted coldly and asked, 'Why are you here?'

Feng Ze sighed and was about to speak when Lord Xu snorted coldly, 'Forget it, I don't want to hear it. Hmph, still asking why I'm here, I'm here for revenge!'

As he spoke, Lord Xu had already walked to the entrance of the private room, and the seven or eight men he had brought with him had by now blocked the entrance.

When he looked at Jiang Hao and Ye Yunjie, his face was full of anger, he could not wait to cut these two into pieces!

Because they were the ones who had killed his only precious son. This debt must be settled today!

Xu Lords coldly snorted, his eyes bloodshot as he glared at Jiang Hao and said, 'I really can't believe that you guys even came here to eat, humph, you killed my son, you're here to celebrate, right?'

'What?' Feng Ze on the side smiled and around was taken by surprise, 'Tianlin he ..... what happened to him?'

Xu lord had a sad face and said, 'Tianlin ..... Tianlin he's gone, it's them, this pair of dogs and men, they couldn't play openly, so they came to play dirty. They dared to poison Tianlin!'

The more Lord Xu spoke, the more exuberant he became, finally pointing at Jiang Hao and Ye Yunjie and roaring in anger, 'Today I will make you pay in blood!'

Lord Xu's words really surprised Feng Ze and Secretary Luo.

It was because they had never thought that Jiang Hao and Ye Yunjie would dare to do something like killing someone.

Even if there was a deep hatred, even if they had ganged up to screw up the City South project, they felt that things would not end up so unendurable after all.

After all, the people involved in this matter are either high ranking and powerful, or local wealthy clans in Chujiang, and if anything happens to any of them, it will be an event that will shake Chujiang and even the whole region.

But it seems they are still too naive.

Feng Ze couldn't help but feel a cold sweat, because he seemed to have discovered at this moment. How lucky he had been in the past, he had faced Jiang Hao and Ye Yunjie directly several times and nothing had happened to him. It seemed that Heaven had really blessed him.

After all, Xu Tianlin and the others had dared to get rid of them straight away, let alone themselves!

'Then Uncle Xu you came here today .....' Feng Ze asked tentatively, he looked at the few people behind Lord Xu and naturally knew what Lord Xu wanted to do.

'I came here, of course, to get justice for my son!' Lord Xu bellowed coldly, 'Killing to pay for life. These two dogs killed my son, do you really think they are innocent? Humph, dream on!'

Xu Lord glared at Jiang Hao with a grim tone and said, 'Jiang Hao, right? If you dare to kill my son, then I'll kill you today too!'

As he spoke, Xu was about to call out to his men to do something about it.

As far as Lord Xu was concerned, there were only three of them, and the few men he had with him were all retired special forces soldiers, masters without one in a hundred, so it was more than enough to deal with them.

But at this moment, Xu Liao heard a voice coming from the side.

'I'll see who dares to touch my son!'

Only then did Lord Xu notice that beside Jiang Hao and Ye Yunjie, there was a man standing beside them.

This man was tall and fierce, in his forties, and looked calm and competent.

And after seeing the other man's face Xu Lords entire person couldn't help but freeze.

'You ..... you are Shen Haoting?' Xu Lords looked at Shen Haoting with incomparable surprise. Surprisingly, he could not believe his eyes a little, 'You ..... How did you get here?'

Xu lord was surprised to see Shen Haoting in such a place, and even more surprised at what Shen Haoting had just called Jiang Hao.

Son? It seems that the rumors in the city are true. Was this Jiang Hao really Shen Haoting's son?

This was not good news for Lord Xu.

If it was just Jiang Hao and Ye Yunjie, he could have exterminated both of them. It didn't matter.

But if it was Shen Haoting .....

The other party was the richest overseas Chinese, and his power did not know how many times more powerful than his own, so this matter seemed to become tricky for a while.

Although Xu Lords want to avenge his son. But still retained the last shred of rationality.

He knew very well that if he insisted on taking revenge on Jiang Hao, he would end up in conflict with Shen Haoting, and in that case, it seemed that he would not end up in a good way!

Lord Xu gazed at Shen Haoting for a moment before he continued to speak again, 'Hmph, to think that this kid is actually your Shen Haoting's son? I know that you, Mr. Shen, are rich and powerful overseas, but don't forget that this is Chu Jiang, my territory, and your son killed my son, so it's only natural that I take him to task.

Shen Haoting laughed at this and walked over to Jiang Hao's side, patting him on the shoulder with one hand, and said to the Xu lord, 'You are the father of that insensitive boy? Let's see, I think your name is Xu Liao, right? The richest man in Chu Jiang, am I right?'

Lord Xu sneered, 'I am grateful that you, Mr. Shen, still know my name, Lord Xu, then since you also know my identity, then please hand this kid over to me, don't worry, although he killed my son, I will deal with him fairly and will definitely give you, Mr. Shen, an explanation in the end!'

After finishing his words, Lord Xu looked at Shen Haoting and waited for the other party's reply.

Only when Shen Haoting heard this, he laughed out disdainfully.

'What did you say? Asking me to hand over my son? You are naive and ridiculous!' Shen Haoting laughed coldly, 'And what do you want to do with my son? A life for a life? I'm afraid your son's cheap life isn't enough for my son Jiang Hao to pay for it, is it? And you seem to have made a mistake!'

Shen Haoting said playfully, 'The one who killed your son was not Jiang Hao, but I. Don't you want revenge? Then find me!'

Chapter 516

'You?' Xu lord was stunned at his words, looking at Shen Haoting with a stunned face, truly unable to believe Shen Haoting's words, 'You ..... are defending your son!'

Xu lord's words are not without reason, in his opinion, Shen Haoting is only thinking that he does not dare to touch him. It was only then that he took the blame for it all in a big way.

And he thought that he could do nothing about it, couldn't do anything to him?

Shen Haoting snorted and said, 'I, Shen Haoting, am not so rotten as to kill your son, do you think it is something honorable? Do I have to steal this credit?'

Shen Haoting paused. He continued, 'Besides, your son is too deceitful, so I killed him, so what can you do if you believe me or not?'

Shen Haoting didn't even think of Xu Liao in his eyes. Looking at Chu Jiang, he did not put anyone in his eyes at all either.

In his eyes, all people were mere ants. Secretary Luo and Xu Liao had never seen the world from the same perspective as he did, let alone reached his own height.

They have no idea how much the world outside is changing, how much power is moving in the shadows underneath this world of lights and wine.

They are only in the small circle of Chu Jiang, and feel that they are naturally reigning as kings and hegemons.

They do not know that in the outside world, in the wider space, they are not even a fart.

This is why this Secretary Luo dared to blatantly help this Xu Lord to victimise Jiang Hao, and this is why this Xu Lord dared to come to his door and seek revenge against himself because his son was killed.

Shen Haoting really felt that this Xu Lords was ridiculous. In his world, a man like Xu would not survive more than two episodes of his reckless and arrogant life.

He looked at them with contempt, as if they were a group of idiots.

As soon as Shen Haoting's words left his mouth, Xu Lords anger was about to burst through his own sky and gush out.

He glared at Shen Haoting and said loudly, 'Shen Haoting, don't go too far, you killed my son, and you still dare to be so arrogant? So what if you are the richest overseas Chinese? But don't forget, this is Chu Jiang, this is my territory, Lord Xu!'

Shen Haoting laughed, 'Oh, when did Chu Jiang become your territory again? I killed your son, so what. Here, what can you do to me? Do you think I will be afraid of you?'

Shen Haoting's words had completely angered Lord Xu.

He was already furious and wanted to find his son's murderer for revenge, and when Shen Haoting not only admitted that he had done it, but also treated himself and his son with such contempt, he was about to explode with anger.

Xu Liao laughed in anger and said coldly, 'You're not afraid of me? Shen Haoting, Shen Haoting, you've been abroad for too long and you've gone stupid, right? Do you really think that just because you have money I won't dare to do anything to you?'

With a final sinking gaze, Lord Xu coldly said to Shen Haoting, 'Surnamed Shen. I'll give you one last notice, killing to pay for your life and paying for your debts, this is a matter of natural justice. Since you admit that you killed my son. Then I won't make things difficult for you today, as long as you hand over your son to me for disposal, I promise I won't make things difficult for you again.'

'Humph, and a man like you probably has more illegitimate children than you can count, right? A mere seed like this, if it's gone, it's gone!' Lord Xu said conspiratorially. 'But if you don't hand him over to me, hmph, then I'm sorry, but as I said, this is Chu Jiang, it's my territory!'

Lord Xu waved his hand. The seven or eight strong men behind him immediately walked up to him, each one looking at Shen Haoting Jiang Hao and the others fiercely, as if they could put the three of them to death at any moment.

Looking somewhat smug, Xu continued, 'Shen Haoting, whether you want to keep this wild child of yours or yourself, you can choose for yourself, but be careful, don't blame me for not warning you!'

Lord Xu seemed to feel that he had the upper hand, and his words naturally showed a bit of contempt.

The matter had come to this, so he was willing to give up.

Xu Tianlin was his only child, and he was dead. Not only had his years of hard work gone to waste, but he would also have no one to inherit his family's great fortune.

Xu was already disheartened. At this point, he did not care about Jiang Hao and Shen Haoting, but if Shen Haoting was obedient and handed over Jiang Hao. He could still give him some face.

But if Shen Haoting was obstinate, he could not blame himself, even if he was the richest overseas Chinese. I will definitely fight him to the death.

Besides, I have Shen Haoting in my hands now. This is Chu Jiang, so what if Shen Haoting is powerful and influential overseas.

As the saying goes, a strong dragon cannot suppress a local snake, so I, the local snake, will fight to the death to meet Shen Haoting.

However, in the eyes of Shen Haoting, Xu's threat was worthless and even ridiculous.

Moreover, just now, Xu's phrase 'wild sons' made Shen Haoting's heart disgusted.

'What did you say?' Shen Haoting looked sharply at Xu Liao, 'What did you call my son? A bastard? Do you know that you are looking for death?'

It was obvious that Shen Haoting was enraged.

If someone else had offended his majesty, Shen Haoting would have punished him severely, let alone the fact that it was Jiang Hao whom Xu Lords had humiliated!

It was true that Shen Haoting had been overseas for more than ten years, but he had always kept himself clean and had never even touched a woman.

For one thing, he has always had a grudge against revenge, and for another, he feels guilty about Jiang Hao and Jiang Hao's mother.

In Shen Haoting's heart, he had only one wife, and that was Jiang Hao's mother. He also had only one son, Jiang Hao.

He felt that he owed Jiang Hao a great deal, and now that someone had the audacity to call Jiang Hao a bastard, Shen Haoting felt that this was simply testing his own boundaries!

It seemed that Xu Tianlin was not the only one who deserved to die, he, the father, deserved to die too!

Lord Xu laughed and said in disbelief, 'What, is there a problem with what I said? What's this kid if he's not a wild child? Back then, it was said that you, Shen Haoting, had a woman in Chujiang, but later on, for the sake of a large overseas inheritance, you abandoned your wife and son and ran away, so isn't this kid a wild child? What, do you think you've hit a sore spot in your heart?'

Xu added: 'Shen Haoting, let me ask you one last question: will you hand over this bastard or not? A bastard for your life is worth it. Otherwise, don't blame me for not being polite!'

Shen Haoting looked grimly at Xu Liao, and there was already killing intent in his eyes.

He glanced at Ye Yunjie and said indifferently, 'Little Ye, I don't want to see this man again.'
