

## Chapter 5151

Charlie's words shocked Jackson, but also made his heart, at this moment, have mixed feelings.

For one thing, he couldn't figure out why this young man would have such confidence,

To intervene to challenge the immense Warriors Den.

Secondly, he couldn't understand why the same person had different lives,

He and Joseph were both martial arts geniuses,

And their cultivation before the age of thirty was not only overwhelming but even seen as astounding.

The fact that he could cultivate into an eight-star martial artist before the age of thirty,

In the original world of martial artists what he knew, was a complete phoenix's hair,

And it was hard to pick one out of ten thousand.

Therefore, when he decided to enter the world and search for a breakthrough more than a year ago,

He had sighed and lamented for Joseph's future.

At that time, he thought that although Joseph's cultivation was smooth until he was thirty years old,

He was after all under his own tutelage, and the way he cultivated martial arts,

And his own method were exactly the same,

So he was bound to face the embarrassing situation of not being able to make a breakthrough for thirty years in the future.

When he decided to travel in the world, Jackson also told Joseph about his worries,

And he even comforted him and promised him that once he found a chance to break through to the Dark Realm,

He would definitely come back to help him.

However, who would have thought that when he had made up his mind to take the initiative to join the Warriors Den,

Waiting for the opportunity to enter the Warrior Camp and preparing to spend at least ten years seeking a breakthrough in the Camp,

His own disciple, Joseph, had already made it to the Dark Realm in one step.

This huge psychological gap made Jackson's heart very uncomfortable,

And even when facing Joseph, he couldn't help but feel a bit ashamed.

The feeling of a master being overtaken by his disciple really made him have mixed feelings.

Joseph also saw the despondency on his master's face, and immediately said offhandedly:

“Master, Mr. Wade is truly a person with great power,”

“And is the head of the Wade family in China, I believe that with Young Master Wade’s strength and potential,”

“Eradicating the Warriors Den in the future is definitely not a problem!”

“And he is generous, repaying grievances with virtue,”

“And convincing people with virtue! I broke all my meridians at first,”

“But Young Master Wade helped me to repair them completely,”

“And in one incense stick, I was able to cross the Ming realm to the fullest.

Jackson’s expression was extremely complicated.

He also knew that joining the Warriors Den was the next best thing,

And if he hadn’t been unable to break through for decades,

He wouldn’t have been willing to suffer such humiliation even if he was beaten to death.

Other than that, when he was in the Cataclysmic Front,

Although he was not the real speaker, he was the master that everyone respected,

And his prestige was even higher than that of Joseph.

But after joining the Warriors Den, he was just a lackey of the Warriors Den.

His status, but is just a guard beside the commissioner,

It seems as if there has been considered under one person,

Above thousands of people, but in fact, he has no command over the Cavalry guard, as well as the dead soldiers.

And he doesn’t have any men either, he’s just at the side of the festival ambassador to be called upon.

Not to mention that now, he had somehow become a prisoner of the person in front of him.

Thinking of this, he also did not think twice to kneel down on one knee,

Clasped his hands to Charlie and said respectfully,

“Mr. Wade, if you do not mind, my name is Jackson Qiu, and I would like to be by your side with humbleness!”

## **Chapter 5152**

Charlie nodded slightly and asked him,

“What were the conditions you negotiated with that governor?”

“Did he promise you how long it would take for you to become a Dark Realm expert?”

Jackson said truthfully: "Mr. Wade, the condition I negotiated with the governor was to stay with him for three years,"

"And if I performed well within three years,"

"I could be recommended to join the Warrior Den, and if I joined the Warrior Den,"

"I could break through to a Dark Realm expert within ten years."

Charlie smiled faintly: "That's thirteen years."

"Right!" Jackson nodded: "It will take thirteen years at the soonest."

Charlie looked at him and said seriously, "As long as you work for me wholeheartedly,"

"Within one year, I will let you enter the First level of the Dark Realm!"

"One year?!" Jackson's eyes widened and he exclaimed, "Mr. Wade, are you serious?"

Charlie asked him in return, "Do you think I need to lie to you?"

Jackson said with a terrified expression, "Sorry Mr. Wade, I am not doubting you ....."

"I just ..... can't believe that I can break through to the Dark Realm in such a short time... .."

Charlie looked at him, reached out his hand and pointed at Joseph, and said blandly,

"You are Joseph's master, in private, he has to respect you and honor you,"

"But after you join my command, stay here and help me control this copper mine,"

"Joseph is your direct superior, listen to his command and report to him in everything, can you do that?"

Jackson said piously, "Mr. Wade, I will follow all your instructions!"

Charlie nodded and said to Joseph: "Joseph, Syria, and Cyprus are only two hundred kilometers away from the Mediterranean Sea,"

"So it's convenient to come from the base of the Cataclysmic Front,"

"So from now on you choose a small team from the Cataclysmic Front to be based here,"

"To make sure that everything is under control here, and contact you in time if there is any movement."

Charlie and Jackson only met for the first time, so, to him, Charlie can not be considered trustworthy.

Just through the selflessness of himself then to Joseph in past,

To presume that this person's nature will never be bad.

However, whether it can assume great use, but also to observe a period of time to know.

Therefore, it is certainly not possible for him to give all the affairs of this place to him alone.

For a person like Joseph who comes from a mercenary background,

This kind of relationship he can handle very well in itself.

In the military, there is always some role similar to the old squad leader,

When the new recruits, under him, taught and cared for, but as time goes by,

The old squad leader may still be the same old squad leader, but the new recruits of that year,

May have become a senior officer in the military, in private,

The old squad leader is the old squad leader is always worthy of respect,

But in public, subordinates are subordinates, and with other subordinates, there is no difference.

This situation is very common in the armies of all countries, and in the mercenaries as well.

So, Joseph said without thinking, "Don't worry, Mr. Wade, your subordinate will be safe and proper!"

After saying that, he remembered one thing and hurriedly asked Charlie:

"Mr. Wade, I have one thing I don't understand, I don't know if I can ask you to solve the problem?"

Charlie nodded: "Go ahead."

Joseph said, "If you take all the Cavalry guards and dead soldiers here under your command,"

"How can I ensure the stable operation of this place while the Warriors Den will not find any clues?"

Charlie smiled and did not answer his question, but said aloud,

"It's almost time, let's go meet those Cavalry guards first,"

"When all their problems are solved, you will know the answer to this question!"

At this moment.

More than two hundred Cavalry guards wearing copper mine uniforms,

Have arrived at the copper mine's staff auditorium one after another.

### **Chapter 5153**

This staff auditorium, a building that had existed since the original purchase of the copper mine by the Warriors Den,

Was built in the 1980s and was mainly used for meetings,

Festivals and ceremonies for the employees of the copper mine.

After the Warriors Den took over, it allowed all the Cavalry guards to act as employees of the mine,

And most of the Cavalry guards' families to act as logistics, so the mine was superficially run quite well.

Even the occasional local government officials came to inspect the inspection but did not notice any abnormalities.

At this time, these Cavalry guards came to the staff auditorium,

Giving the impression that the copper mine is going to hold a mobilization meeting or summary meeting.

However, if you stand on the sidelines, you will soon find a problem, that is,

Among these uniformly dressed employees, there are more than 20 people holding a towel in their left hand.

And these people with towels have been vaguely excited in their hearts,

Because they feel that after tonight, each of them has the opportunity to go to the next level.

In addition to the vague throbbing excitement,

These people have also been keeping an eye on the others around them,

And are always ready to be asked for a towel.

However, what made them feel strange was that none of them came to ask about such an abrupt performance with a towel in hand.

Each person having a towel in hand, when seeing another person with no towel in hand,

There will be little eye contact with each other.

But for those who did not take the towel, it seems that they did not even look at their towels.

These people were a bit puzzled and did not understand why the others were so insightful,

All the way over, these people did not seem to be interested.

What they didn't know was that these people had actually been given orders to pretend,

To be oblivious to their strange behavior on the surface,

And later just wait for the envoy to drop his cup as a signal to deal with all these people around them, with towels in hand!

The Cavalry guards soon arrived.

After counting their respective men, the three banner chiefs made their respective reports to the chairman.

It was a pity that only the Cavalry Guards, who had made up their minds to break with the Warriors Den, Knew that this chairman had become a puppet.

At this time, the chairman walked to the front of the stage and said in a loud voice,

"All Cavalry guards listen to the order to welcome the special envoy!"

Every Cavalry guard on the stage, at this time, shouted with emotion, "Greet the envoy!"

The men with towels in their hands were excited because they were thinking of the immediate success of their work.

The other Cavalry guards were excited because they wanted to be free,

From the control of the Warriors Den and realize the greatest dream of their ancestors.

Both sides had their own thoughts and were looking forward to the appearance of the envoy.

At this moment, Charlie, who was dressed in a black robe but did not use a hat to cover his face,  
Stepped onto the stage under everyone's gaze.

The puppet chairman respectfully took a few steps back, leaving the middle seat for Charlie.

Looking at the "special envoy" showing his true face for the first time,

No one felt anything unusual among the Cavalry guards who were divided into two camps on the stage.

After all, both sides have their own set of understanding of Charlie's behavior of revealing his true face.

Charlie was standing on the stage, looking down at the two hundred people below,

And said with a smile on his face: "Gentlemen, I believe that today is an extraordinary day for all of you,"

"A day to remember! It's also a day to build a successful career!"

The two parties on the stage, because they each have their own thoughts,

So when they heard these words, they were all more excited in their hearts.

Shane, who was holding the towel in his hand, and his colleagues who were holding the towel,

Each of them subconsciously held the towel in their hands tighter,

As if what they were holding was not a towel but a ticket to the next glory and fortune.

But they ignored the Cavalry guards around them who did not hold the towel,

Have begun to quietly gaze at them with the afterglow, ready to make a move on them.

## **Chapter 5154**

Charlie on the stage smiled faintly and spoke:

"Today, I have good news to tell you all, Lord has prepared a new antidote for you,"

"This new antidote can make the severe poison in your body,"

"From seven days of attack time, extended to fifteen days,"

"I hope you can build a successful career for Lord in the future!"

After saying that, he waved his right hand and said in a loud voice,

"Come on, give medicine and wine!"

Hearing these words, Reverend, Jackson, and the sectarians immediately went forward and started to distribute antidotes for everyone,”

“While arranging for several senior members of the Cavalry to bring out the white wine,”

“And wine cups prepared in advance and pour a cup for each of them.

Among them, Shane was particularly attentive and handed the first cup of wine to Charlie’s hand.

In his opinion, after today, he will become the commander of this place,

And leap to become the chief of Cavalry Guards,

So he will inevitably have to meet with the “special envoy” more often in the future,

So it is best to pay more compliments.

Charlie took the wine cup and said with deep meaning: “Do well, I’ll see you!”

Shane was trembling with excitement and said respectfully,

“Don’t worry, Lord Envoy! Your subordinates are ready to be loyal to you! I will not let you down!”

Charlie said with a smile as he held his glass of wine,

“No, not for me, but for the Lord!”

Shane nodded his head like garlic and hurriedly changed his mouth,

“You are right! This subordinate will do his duty for the great Lord!”

After saying that, Shane was afraid that the others would see the clues,

So he hurriedly said, “Lord Envoy, if you have no other orders, I will return to my team first.”

Charlie looked at the towel wrapped around his wrist,

Nodded slightly, and smiled blandly, “You go.”

After all the Cavalry guards had picked up their cups and the guards who had not taken the medicine had received the new antidote,

Charlie then spoke, “Gentlemen, by taking this antidote, the poison in your bodies will completely disappear,”

“And from now on, no one will be able to continue to control your lives by such underhanded means!”

A group of Cavalry guards who did not take the towel shouted loudly in excitement,

And then they swallowed the antidote they just got without hesitation.

A group of people, including Shane, ridiculed these fools in their hearts,

Especially Shane, who gloated in his heart and thought,

“What a bunch of fucking idiots, you believe in such things?”

“How could Lord let you lose control? The envoy is just playing a trick on you!”

However, he suddenly thumped in his heart and said,

“The backbone of these fools has been aroused, and now the crowd is in an uproar,”

“I don’t know how the envoy will end it. In case this group of people really wants to defect from the organization,”

“We are 20 people, but also not their opponent ah .....

“More do not know if the envoy Lord is saying the truth, can make them tie their hands?”

Just when he was tense and doubtful in his heart,

Those Cavalry guards around him, have felt the disappearance of the poison in their bodies, one ecstasy incomparable.

And Shane’s men, who were holding the antidote, did not know whether they should take it or not.

At this time, we heard Charlie say aloud: “Gentlemen, I think what I am going to do tonight,”

“You already know in your hearts, I will not say more,”

“Today I drink this wine with you, vow to eradicate the Warriors Den, forever!”

The Cavalry guards shouted with excitement,

“Eradicate the root of the society and put an end to the trouble forever!”

When Shane heard this, his whole body trembled in fear, and he thought to himself,

“The envoy is too into the drama, he dares to say such treacherous words .....

Unlike him and his men, at this time those Cavalry guards who had taken the antidote,

Their eyes were staring hotly at the wine cup in their hands, waiting for Charlie’s final signal!

Just when Shane felt frightened by Charlie’s “treason”,

Charlie suddenly tilted his head and drank all the white wine in the cup,

Then slammed the cup to the ground and said loudly, “All the soldiers listen to the order!

A group of Cavalry guards roared sternly, “The subordinates are here to act!”

Charlie smiled at the corners of his mouth, waved his hand, and said aloud,

“Do it!”

## **Chapter 5155**

Hearing Charlie order to make a move, Shane was first stunned.

One of the thoughts in his mind was: “Do it? What kind of action?”

“The envoy is not asking us to kill more than 200 of them with 20 people, right?”

“This is clearly an impossible task!”

The other Cavalry guards who had towels in their hands like him were also confused,”

“Not knowing what exactly Charlie meant by doing something.

But at that moment, those Cavalry guards around him suddenly moved!

Leroy, who was the left banner commander, and another banner commander attacked Shane in an instant,

And before Shane had time to react, both his arms were grabbed by the two men in a deadly grip.

Before he had time to react, both of his arms were grabbed by the two of them.

He was shaken and asked, “What do you two want?”

“In front of the special envoy, do you still want to rebel?!”

Leroy said coldly, “Shane, do you really think that today is an auspicious day for you to soar to greatness?”

Shane was controlled by the two men and could not break free at all,

While those Cavalry guards who were following him,

And holding the towel in their left hands were all instantly subdued by the others around them one by one.

After all, the difference in numbers between the two sides was too great,

Shane and his men simply had no room to resist.

Seeing that his men were all wiped out in an instant,

Shane did not realize that it was the envoy who was in trouble,

He thought that the Cavalry guards thought that the poison in their bodies had been cured,

And under Leroy’s leadership, they intended to mutiny directly.

So, he looked at Charlie with a face full of fear and said offhandedly,

“Lord Envoy, you quickly tell them the truth!”

“Quickly tell them that what they are taking is not the antidote at all!”

“They dare to betray the organization, sooner or later,”

“They will be cleaned up by the organization! You should tell them quickly!”

Charlie smiled faintly and said indifferently, “Shane, in fact, I am not a special envoy at all,”

“The medicine I gave you is the antidote that can completely remove the poison in your body,”

“And I originally intended to give all of you a chance to fight for freedom,”

“But unexpectedly, you chose to betray your ancestors, betray your companions!”

“Since this path was chosen by you, you have to bear the consequences yourself!”

When Shane heard Charlie’s words, his whole body was struck by lightning,

And he subconsciously blurted out, “You ..... are not Lord Special Envoy?”

“Then who the h3ll are you .....? Why impersonate Lord Special Envoy to come here?!”

Charlie looked at him, and then looked at the more than two hundred Cavalry guards below,

Smiled and said, “Let me introduce myself, my name is Charlie Wade, and from today onwards,”

“I will temporarily become the supreme commander here,”

“Together with all of you Cavalry guards who are unwilling to confront the Warriors Den,”

“And fight the Warriors Den to the end!”

A crowd of people on the stage was already excited,

And they all raised their arms together and shouted, “Fight to the end! Fight to the end!”

Charlie nodded, reached out his hand to signal everyone to be quiet for the moment,

Then raised his right hand and snapped his fingers.

At this time, Joseph led the seven Cavalry guards who had surrendered to Charlie in Norway and stepped up.

When the Cavalry guards on the stage saw these seven people, they couldn’t help but let out a gasp!

They originally thought that the eight people who were sent on the mission,

The last time had all been killed, but unexpectedly, there were still seven people who survived.

So, suddenly meeting, they were naturally shocked to no additional.

## **Chapter 5156**

Charlie pointed at the seven people and said aloud:

“These seven people, who were once your fellow soldiers,”

“Had decided to pledge their allegiance to me in Norway some time ago,”

“And now I am bringing them back so that they can return to the Cavalry Guard and go to fight alongside you!”

Those seven people were also excited at this time.

To be able to come back was something that was previously unthinkable.

What's more, right now, Charlie already had complete control of the situation here.

Not only were they able to return, but they were even able to reunite with their loved ones here!

This was definitely the best outcome for them.

Charlie then said: "I announce that from today, all the Cavalry guards will be reorganized,"

"With Leroy Li as the commander of the Cavalry guards,"

"The right banner commander will remain unchanged, the left banner commander and the middle banner commander,"

"Leroy will nominate five people each, and then you will vote internally,"

"To choose the person with the highest number of votes from the five people to serve!"

"In addition, the Cavalry Guard from today, to set up a cabinet,"

"The maximum number of the cabinet is eleven people, in addition to the commander,"

"Left, center, and right banner chiefs, the other seven people,"

"By secret ballot elected by all members, in the future,"

"All internal affairs of the Cavalry Guard, in principle, by the cabinet to develop,"

"Can get at least six votes out of eleven people can be implemented within the Cavalry Guard!"

The crowd did not expect that Charlie would really let them form internal self-government,

Their hearts are naturally excited.

And Charlie pointed to Joseph, said indifferently:

"This is Joseph Wan, the master of the Cataclysmic Front,"

"In the future, he will be in charge of the affairs here on my behalf."

"But don't worry, as long as it doesn't affect our cooperation and position,"

"Joseph will not abuse his veto power."

The crowd naturally did not have any comments on this,

After all, they are now considered Charlie's subordinates,

Military discipline in the military, military orders like a mountain,

Any affairs of subordinates, strictly speaking, require the approval of superiors,

Not to mention that Charlie has given them considerable autonomy,

Which has fully demonstrated respect for them.

Then, Charlie continued, "Right now, the first matter that needs to be decided internally"

“By you is about how these traitors should be handled.”

Immediately, someone from the Cavalry guards below shouted, “Kill them, traitors!”

Immediately after that, someone else also immediately echoed, “Yes! Kill them!”

Soon, many more people shouted slogans in excitement, wanting to kill all these traitors.

But Charlie said very seriously: “It is not suitable to make a decision in the heat of the moment,”

“I give you three days to form a cabinet, and then give you three days to discuss the treatment of these people,”

“I hope you can calm down and discuss the punishment of these people.”

“At that moment whatever decision you make, I will respect your opinions.”

In Charlie’s opinion, if the Cavalry guards were not stopped,

None of these twenty people would survive.

However, if he really let them kill all these twenty people,

He felt that it is somewhat overkill.

Therefore, it is better to let them calm down and then discuss this issue carefully,

When they will not interfere with their judgment,

If they finally decide to put all these people to death, then they also respect their opinions.

After hearing these words of Charlie, Leroy said respectfully,

“Mr. Wade, don’t worry, your subordinate understands!”

The others also said in a loud voice, “Your subordinates understand!”

Charlie nodded slightly and said to Leroy,

“First, arrange for them to be escorted down under strict supervision,”

“And you take me down to the copper mine to meet the dead soldiers!”

## **Chapter 5157**

The mining location of this copper mine was located underground at a depth of about five hundred meters or so.

Charlie let Leroy, as well as the people under his control,

Lead the crowd together and take the elevated cage to the dead man’s quarters.

As they made their way down, Leroy introduced the specifics of this copper mine to Charlie.

After decades of continuous development, the interior of this copper mine had become extremely intricate and complex.

It consists of a total of three parts, the first was the normal mining part of the copper mine, including the tunnel and mining surface; the second, the part where the dead soldiers and their relatives lived;

And the third is the part where all the supplies and equipment were stored.

From the mouth of the shaft down to the very bottom,

In fact, just down to the working face of the copper mine.

After going down, it can be seen that this is a very standard medium-sized copper mine,

All the facilities and equipment are required for production, no abnormalities can be seen at all.

Led by Leroy, Charlie walked out of the cage, looked at the deep mine tunnel,

And curiously asked, "Where do the dead soldiers and their relatives usually live?"

Leroy hurriedly said, "Back to Mr. Wade, this plane at an altitude of minus five hundred meters,"

"Is all the working surface of the copper mine, the area where the dead men live,"

"You have to go in through a hidden dark tunnel in front and take another lift cage to go down another hundred meters."

Charlie nodded and asked him, "Why is no one working here now?"

Leroy answered: "Because today is the time to take the medicine,"

"So the dead soldiers have to be driven away early back to the living area of minus six hundred meters as ordered,"

"So that they can wait there for the antidote to be delivered and take the medicine together."

Saying that he added: "Under normal circumstances,"

"Only the dead soldiers working in the copper mine and the families of the dead soldiers,"

"Are qualified to come to this level as miners,"

"Others have been staying in that level below and only have the opportunity,"

"To come out when they are selected to go on a mission."

Charlie asked, "How do you usually manage these dead soldiers who act as miners?"

Leroy said: "There are a total of three teams of miners, each team about a hundred people,"

"Working in three shifts, the specific management method is the same as the United States prison management work,"

"With each shift up, there will be a special group of Cavalry guards responsible for this shift in advance of the count below,"

“And then personally bring them up to work, and the Cavalry guards above will also be on time to count the number of their own management shift,”

“To determine the number of shifts with the change of shift.”

“After making sure that there is no difference between the number of people on duty and the shift change,”

“They will hand over with another team that comes to hand over the shift,”

“And after the number is verified correctly, send all the people of this shift back,”

“And count the number once more after reaching the layer below,”

“And after confirming that it is correct, the miners of this shift will go back to rest,”

“And the Cavalry guards who are responsible for supervising them will also go back to rest.”

Charlie asked him, “Is there any extra pay for the dead soldiers who act as miners and their families?”

“No.” Leroy shook his head, “According to the organization’s requirements,”

“We will only select those dead soldiers and their families who are not strong enough to perform labor,”

“And will not give any additional compensation.”

Charlie nodded gently.

At this moment, Leroy had already led him and the others to a room that said power distribution room.

After entering the room, the first thing that jumped into the eyes was the well-organized circuit equipment,

But as Leroy operated a set of power distribution cabinets on the wall for a moment,

Immediately after that, the whole wall suddenly opened slowly inward.

Charlie was able to see from the side of the door frame, the door disguised as a wall,

The thickness of almost nearly one meter, and both sides are very thick steel plate reinforcement,

Not to mention martial arts experts, even for ordinary heavy firepower, it is impossible to blow this wall open.

## **Chapter 5158**

Behind this wall, there is a large machine room,

Which is actually a heavy elevator equipment and operation room,

In the machine room below, is a large lift cage.

Leroy led the crowd up to the cage, using his iris to start the cage,

Then the cage will take the crowd, and continue to the depths of minus six hundred meters altitude drop.

In the process of the cage downward running, Leroy said to Charlie:

“Mr. Wade, all the safety equipment here is one-way, just now the hidden door,”

“As well as this lift cage, only we can operate from the outside, in addition,”

“After the cage goes to the bottom, there is a door that opens from the outside,”

“Also only we can open from the outside. “

Charlie asked him: “This should be the only access to the outside world from the dead man’s quarters, right?”

“That’s right.” Leroy nodded and said: “the dead can only rely on a passage in and out,”

“But their premises and a large number of steel ventilation ducts,

But the thickest internal diameter of those ducts is only eleven centimeters,”

“People simply can not get out, so they also have no possibility of escape,”

“Even if they can open the door underneath, it is impossible to climb up this 100-meter-high shaft,”

“Even if the climb up, the cage is always tightly blocked at the mouth of the shaft,”

“They simply can not get out, so this place has been put into use for so many years,”

“There has not been a breakout situation.”

Saying that Leroy continued: “Of course, this has to do with the poison in their bodies,”

“Even if they go through a lot of trouble to escape from here,”

“Without the antidote, within a week is certain death.”

Charlie nodded, in his heart sighed a little more at the living environment of the dead soldiers.

In this underground six hundred meters, for years and months without seeing the sun,

This kind of living must be tormenting for them.

As May 47 said, many dead soldiers’ children were born here,

And from birth to the time he started working for the organization at the age of twenty,

He didn’t even have the chance to see the sunlight during the twenty years in between.

Thinking about this, how to solve the life of these dead soldiers,

And the families of the dead soldiers in the future, it becomes a relatively tricky problem.

Charlie naturally did not want to continue to let them live in the six hundred meters deep underground,

But this copper mine in the eyes of the outside world is the size of a few hundred people,  
So if he gets these people to the ground, the buildings on the ground can not carry so many people at all.

At this point, the cage has come all the way to the very bottom.

After walking out of the cage, there is a transition area of about 40 square meters,  
The so-called transition area, the back end connected to the cage,  
The front end is connected to the last gate where the dead men are kept.

Leroy took out a key from his pocket, inserted the key into the lock hole,  
And then went through the pupil comparison,  
And then heard a click from the gate, followed by a slow opening outward.

And the moment this iron door opened, Charlie was a little disoriented by the sight in front of him.

What appeared in front of him was an underground square of at least tens of thousands of square meters,  
The height of the square was at least fifteen meters, every ten meters or so,  
There was thick weight-bearing pillar support,  
And the lights on the top, the whole square illuminated like daylight!

The passage in front of Charlie was not at the bottom of the square,  
But in the middle of the vertical side of the square.

When he stepped out, in front of him was a round and outward poking platform,  
Which was seven or eight meters from the ground, and seven or eight meters from the top.

When he stepped on the platform, seven or eight meters from his feet on the ground of the square,  
There were thousands of people standing neatly and uniformly.

At this time, thousands of people suddenly all knelt down on one knee  
And shouted respectfully under their breath, "Welcome Lord Special Envoy!"

## **Chapter 5159**

At this moment, the dead soldiers who knelt down to greet the envoy,  
As well as their families did not know that the man in black robes in front of them was not the envoy they thought he was.

According to the rules, on the day of the antidote distribution,  
All the dead soldiers and their relatives have to line up in advance,

In this tens of thousands of square meters hall and kneel down to greet the envoy the moment they see him.

When Charlie saw so many people kneeling down,

He was shocked by the sight in front of him for a while.

This area of tens of thousands of square meters, more than ten meters high underground world,

With those huge support pillars, has been the top of the bright as daylighting,

Making this space a magnificent ancient palace sense of sight,

Plus thousands of people kneeling in unison, the same mouth to say the same sentence,

The echo makes the entire underground space tremble.

Charlie looked at these people, and could not help but frown,

Asked in a loud voice: "Did they force you to kneel,"

"Or did you take the initiative to kneel?"

With one sentence, all the dead soldiers were asked with horrified faces.

This was the first time they had heard the envoy say something other than the established lines.

The so-called established lines were just to thank the lord for giving the antidote,

And everyone should do their best to serve him, and so on and so forth.

Therefore, in their impression, the envoy was more like a human repeater,

Who only had two things to do every time he came over,

One was to supervise the cavalry guards to give medicine to the dead soldiers,

And the other thing was to repeat the nonsense,

That the dead soldiers would not believe or care about at all.

And Charlie suddenly and coldly said such a sentence, really let their hearts feel shocked,

They can not understand this envoy in the end, how dare to speak so, and even came to a "they".

Who are they? Are they not the Warriors Den?

But isn't the envoy himself also a member of the Warriors Den?

Then he should have said "we", not "they"!

Just when everyone was confused, Charlie asked again,

"Who is the commander among you? Stand up and speak!"

A middle-aged man in the center of the first row slowly stood up and said in a loud voice:

"I am thirty-nine zero, the person in charge here."

Charlie grunted and asked him, "Answer the question I asked just now,"

"Did they force you to kneel here to greet the envoy,"

"Or did you take the initiative to kneel?"

Thirty-Nine Zero looked around and said with a somewhat apprehensive expression,

"Lord Envoy, it has always been a tradition for us to kneel here to greet you,"

"And the antidote is given by the lord, so why are you suddenly asking such a question?"

Charlie laughed and said, "Kicking the can down the road, right?"

Thirty-Nine Zero hurriedly bowed and said, "This subordinate does not dare!"

"Your subordinate is not representing myself, but these three to four thousand men,"

"Women and children behind me, so naturally I don't dare to speak nonsense."

Charlie nodded approvingly, thirty-nine zero seems to be somewhat clever,

In the uncertainty of their own origin, not to speak too slowly,

And not to show too heartfelt to the Warriors Den,

But instead of Charlie's problem, to the definition of "tradition",

So that can be considered into the attack, and retreat can be defended.

Charlie also did not make it too difficult for him,

But slowly took off his black robe, to show his true face to the crowd.

This action made all the dead soldiers and their families dumbfounded.

They had never seen the true face of any of the envoys before,

Because according to the rules of the Warriors Den, the dead soldiers could only meet with specific cavalry guards,

And other than that, they were not allowed to meet face-to-face with anyone else in this organization.

## **Chapter 5160**

The reason for this is also mainly because of the special status of the dead soldiers,

Once they go out, they are all going on important missions,

And it is necessary to stop them from recognizing any of the members of the Warriors Den while they are on their missions.

Therefore, every envoy came here with a black robe and covered his face with a black cap.

But this time, Charlie suddenly broke this long-standing rule,

Which made all the dead soldiers involuntarily tense up.

Charlie saw the people's horrified expressions and panic, so he lightly spoke:

"To tell you the truth, I am not a special envoy of the Warriors Den,"

"The real special envoy has been controlled by me, now,"

"All the cavalry guards have sworn allegiance to me, and I fight together against the entire Warriors Den with them,"

"So I came here to ask you, are you willing to be like them,"

"To fight together with me? Fight side by side with me?"

When Charlie said this, the whole hall was in an uproar!

No one expected that things would be this much unexpected!

At this moment thirty-nine zero said: "Even if they get the antidote from the real envoy,"

"It will only allow them to live for one more week,"

"So even if they want to fight alongside him, they are afraid they won't be able to survive."

Thirty-Nine Zero's words caused all the dead soldiers who were in shock to be dismayed for a moment.

Everyone knew that Thirty-Nine Zero was right.

Once they didn't have the antidote, they would soon die of poison,

And even if they wanted to fight the Warriors Den to the death,

They wouldn't be able to wait until the day they killed the enemy in front of the battle.

At this moment, Charlie looked at thirty-nine zero and a group of dead soldiers and asked curiously,

"Are you willing to be controlled by the Warriors Den for life and all eternity,"

"Or are you willing to fight with them to the death?"

Thirty-nine Zero blurted out, "We are naturally willing to fight to the death,"

"But how can we have such an opportunity? For hundreds of years,"

"The dead are firmly controlled by the organization,"

"Not to mention hundreds of years of living places are comparable to a heavenly prison,"

"The poison in the body alone, it is destined that we simply can not resist,"

"Not to mention resist the Warriors Den,"

"We do not even have the ability to resist the cavalry Guard and escape from here ....."

Charlie smiled and asked aloud, "If I can completely cure the poison in your bodies,"

"Are you willing to fight them to the death?"

Thirty-nine zero said without thinking, "If the master can really solve the poison in our body,"

"Thirty-nine zero is willing to follow master for the rest of this life and serve his progeny in life and his ancestors after death!"

Charlie nodded slightly, looked around for a while, and asked,

"What about the others? Are you willing?"

The crowd of people looked at each other for a while.

If what Charlie said was true, they would naturally be willing to do so.

However, at this time, they could not believe the "if" Charlie said.

Because, so many years, so many people, have been trying to fight,

The poison in their bodies, but no one has ever succeeded.

In the minds of the dead, the poison, like a lifetime can not break free of the invisible shackles,

It is like gravity on its own, there is no ability to fight it,

And they can not hope that it can completely disappear.

Therefore, everyone faced with Charlie's bold words at this time, for a time did not know how to answer.

At this time, someone whispered below,

"Could this be a ploy used by the organization to test our hearts?"

As soon as these words came out, everyone else echoed them and began to whisper below.

Even thirty-nine-zero heard this, his expression could not help but exude awe.

He was also somewhat unable to distinguish whether Charlie was an enemy or a friend.

At this time, Charlie took out an antidote, looked at Thirty-Nine Zero,

And said indifferently, "Since you were the first to take a stand, let's have you set an example for them."

After saying that, he threw the antidote at Thirty-Nine Zero and said in a loud voice:

"Take this antidote and it will completely remove the poison in your body,"

"Whether you have enough guts to try it or not, you decide for yourself!"

Thirty-Nine Zero reached out and grabbed the antidote thrown at him,"

"And after just a glance, he said without thinking,

“Master you should be the first outsider to find this place in hundreds of years,”

“Based on this alone, I, Thirty Nine Zero, believe in you!”

After saying that, without hesitation, he immediately put the antidote into his mouth!
