

Super Rich Dad Chapter 519-520

Chapter 519

'The North House?' Hearing this place, Xu Lords face couldn't help but change slightly, the corners of his mouth twitched out slightly, 'This is true or not?'

Feng Ze had a helpless face and said, 'Things have come to this point, I can't lie to you? Just now the phone call is my boss called, he but the words told me, he is what status you also know. If there was even a hint of uncertainty, would he dare to say that directly?'

After all, Feng Ze's boss was considered to be in a high and powerful position in Chu Jiang, so how would he dare to say something like that without any definite evidence?

And if this was true, then the one who should be frantic in the end. It would be Xu Liao.

He and his son had gone to such great lengths to bring down the city's southern project, didn't they?

Now, for this matter, his own son has been involved, but things have turned around in the end. Not only did the duck fly from his mouth, but it seems that the south of the city project will not be able to move for a while.

This news was the most heartbreaking and bad news for Xu Wang.

His efforts were all in vain and his son was gone, so how could he not be angry?

He stared viciously at Shen Haoting, who looked calm, and said with a grim and fierce look on his face, 'Shen, you're really something, I really underestimated you, I didn't expect you to have such great power!'

Shen Haoting smiled faintly and said calmly, 'Oh, can you believe my words now? But don't get too excited, because this is only the beginning, do you really think that you can let me rest so easily after offending me, Shen Haoting?'

Hearing Shen Haoting's words, Xu Lords could not help but frown at the other party, looking at him as if he had a sense of foreboding.

'Then what else do you want? Hmph, what else can you do?' Lord Xu snorted coldly and questioned.

In Lord Xu's view. Now that Shen Haoting had fallen into his own hands, if he was smart enough, he should know how to leave things to chance, how could he and his son end up well if he really pushed himself to the limit.

In Xu's opinion, the smartest thing for Shen Haoting to do was to use the resources he had at his disposal as leverage to get himself, Jiang Hao and Ye Yunjie out of here safely.

Instead of completely pushing himself to the brink!

Of course, Lord Xu also understood that since Shen Haoting had reached out to the Northern Province, his connections must have been unfathomable, and it would not be a problem for him to clean up the Chu Jiang Xu family.

The fact that he had just said was a reminder to Shen Haoting, and he believed that a person as smart as Shen Haoting would never fail to see such a thing.

The only thing that surprised Lord Xu was that Shen Haoting suddenly snorted with laughter and said unconcernedly, 'What can I do? I think you'll find out soon enough.'

Shen Haoting had only made a simple statement, but Xu Lords already felt bad.

It seemed. It seemed that this Shen Haoting was determined to fight with himself to the death!

As Lord Xu was thinking, his mobile phone suddenly rang, and the caller was one of his company's vice presidents.

'Hey, what's up!' Lord Xu picked up the phone and asked in a cold voice.

The other party sounded very anxious and the first words were, 'Mr. Xu, something has happened!'

Admittedly, Xu Liao had expected something to happen, but he did not expect it to come so quickly.

'Don't be nervous, say what's going on, the sky hasn't fallen yet!' Xu Liao said feigning calmness.

Only the more he said this, the more nervous the man on the other end of the phone became, exclaiming, 'Ah, General Xu, the sky has really fallen this time!'

The other party said one sentence. When he said that, Xu Lords could not help but be shocked, and his face changed abruptly.

This was what he feared the most, because the person on the other end of the phone. But the person on the other end of the phone has been with his own subordinate for more than ten years, and has seen a lot of big storms and big waves.

'You say, in the end, what is wrong!' The main reason for this is the fact that the company's business is not only a good one, but also a good one.

The other party hurriedly said: 'Mr. Xu, I just received a call from the bank, saying that our group's recent money flow is abnormal. All our funds have been temporarily frozen! Originally, I thought it was just a minor problem, so I hurriedly called the regular manager of the bank we often work with to ask what was going on, but the other party said that the one who had done this action was his superior's superior, and that he himself didn't even have the right to intervene in this matter!'

The other side sighed heavily and continued: 'That is more than a billion of funds ah, frozen for a day. But while I was busy dealing with this matter, dozens of companies, large and small, that we work with, came to us at the same time and said they wanted to terminate their cooperation with us.'

‘But how much is the liquidated damages? If they all terminate the cooperation, all the projects we have in hand will not be completed, the projects will not be carried out, we will not be able to deliver the products, and our partners will sue us later, and the liquidated damages we need to pay then will be the big one, and this is enough to bring down our group at once!’

‘And the worst thing is that I just received a call from the provincial capital. It said that several of our Xu Group’s past engineering projects have quality problems, and several batches of medicines have safety problems, and they need to be thoroughly investigated!’

‘As you know, there are indeed some problems with those things. But haven’t you taken care of all these things through your connections? Why are these people suddenly coming to the door again? If they really get any real evidence later on, the reputation our group has built up over the years will be completely swept away! There are so many problems with this What can we do? Where are you? You come back quickly to make a decision!’

Listening to that vice president’s words on the phone, Xu Liao’s entire body was dumbfounded!

Admittedly, he had thought that Shen Haoting would strike at his own company, but he had never thought that. He would strike so hard that he wanted to directly take his own life?

He stared viciously at Shen Haoting and asked conspiratorially, ‘It was all your doing, wasn’t it?’

Shen Haoting did not evade the slightest bit and said with a slight smile, ‘Mr. Xu, this is called using one’s own way to treat one’s own body, think about it, didn’t you also use this method on Jiang Hao? Originally, we could have had a fair competition, but you came up with some crooked methods, then there is no one else to blame, all of this, you asked for it!’

Shen Haoting smiled indifferently and looked at Xu Lords, a hint of contempt could not help but appear in his eyes.

Chapter 520

Indeed, this is called treating others the same way as others.

In the past, in order to collapse the south of the city project, this Xu Lords and Xu Tianlin did not also do whatever they could to get the south of the city project?

Today, the tactics used by Shen Haoting are the same tactics used by Xu Liao and Xu Tianlin for the south of the city project.

In the past, they were the father and son of the Xu family. Since the Xu family and their sons had used such tactics in the past, today, Shen Haoting must also let them taste how bitter and bitter these tactics are!

If not, how could he let them know what would happen if they offended him?

Shen Haoting was still smiling slightly. But in Lord Xu’s eyes, his smile seemed to have become the smile of death.

Lord Xu was incomparably angry, and he knew it well. After Shen Haoting's set of moves, his own Xu Group would probably end up dead.

Lord Xu sighed, he could not help but feel a tinge of remorse in his heart, it seemed that he was still too eager.

If he hadn't rushed to take revenge when he was told of Xu Tianlin's death, and had instead sorted everything out, perhaps he wouldn't have ended up in such a miserable state.

But now that the matter had come to this, Lord Xu knew that even if he thought about it more, it would not help.

Since this was already the case, he would simply fight to the death.

Didn't he, Shen Haoting, leave himself no way out? Then this is also pouting Shen Haoting's own way out!

The hatred of killing his son and destroying his family, today, Xu Liao would return it all to Shen Haoting.

He raised his head conspiratorially and looked at Shen Haoting with murderous intent in his gaze, sneering, 'Shen, you forced me to do this. I only wanted to keep this bastard son of yours to pay for my son's life, but you had to put your own dog's life on the line, so you can't blame me for that.'

Xu Liao glanced at the end of the corridor behind him, thinking to himself that his hundreds of men should have come up by now, right? Why was there still no one in sight?

But he didn't think too much about it, he just thought that maybe there were too many people and it was too crowded. After a while, they should have come up by now.

Xu finally looked at Shen Haoting with the calmness of a duel to the death and said, 'Remember, Shen, you can't blame anyone else, I left a way out for you a long time ago, but if you don't leave and want to force me to die too, then sorry, not only your bastard son but also you will die here today.'

Shen Haoting raised his eyebrows and looked at Xu Liao. He could see that there was a hint of anxiety and urgency on Lord Xu's face, and every now and then he looked towards the end of the corridor outside the door.

Shen Haoting gave a cold laugh. He asked, 'What are you looking at? Are you looking at why your own people haven't come up yet?'

Xu Lords face looked a little uncomfortable at the question, grunted and said back, 'Just know that my men will be coming up soon, humph, even if this woman beside you is capable of fighting, she can't beat five hundred people, right? I'll see how you'll get out of here later!'

Xu Lords coldly continued, 'Surnamed Shen. Don't worry, I won't let you have a good end today! Hmph, aren't you unwilling to leave this wild son of yours behind? Then I'll let you watch your bastard son die by a thousand cuts in front of you! And this Ye Yunjie, what kind of relationship does she have with you? Lover? Oh, you people. You guys like to

keep some vases by your side, calling them assistants, but to put it bluntly, they are just tools for your own lust at any time? But since she's your woman, I'll let you see with your own eyes how she's being rounded up by 500 people!

As he finished speaking, Lord Xu laughed uncontrollably, as if all this was already happening before his eyes.

Xu also knew that even if this couldn't happen now, it was bound to happen in a matter of minutes.

Hadn't he, Shen Haoting, caused his family to be ruined? Then he would have to let him taste what it was like.

This Shen Haoting has always treated himself like he was above the world. Wasn't he so calm and relaxed? Xu thought to himself, 'This time I want to see if you, Shen Haoting, can still laugh out loud.

However, after all these words from Lord Xu. Instead, it was as if he was looking at a clown. He was looking at Lord Xu.

At this point in time, Shen Haoting still dared to look at himself with that contemptuous look, which made Lord Xu simply furious to the extreme.

He pointed at Shen Haoting. He roared loudly, 'Shen, how dare you laugh? You're not allowed to laugh, I forbid you to laugh. If you laugh one more time, I will make your fate twice as miserable!'

Lord Xu was obviously a little frantic and furious, but the moment his own men didn't come up, he still couldn't do anything to Shen Haoting.

There was nothing he could do but roar and freak out!

And after he had said this, not only did he not find that Shen Haoting's laughter had been curtailed, but the other party laughed more and more arrogantly.

'Hahahahaha!' Shen Haoting laughed unrestrainedly, seemingly also really finding it funny, and also seemingly just laughing on purpose for Xu Lords sake.

When Xu lord heard the other party's laughter, he simply went furious and yelled maniacally, he pointed at Feng Ze who was on the side and yelled, 'You go downstairs and show me why these people haven't come up yet? Go!'

The first thing you need to do is to get to the bottom of the room.

But at that moment, Shen Haoting suddenly spoke up.

'Oh, Xu Liao, Xu Liao, are you too naive? Or are you too overconfident?' Shen Haoting said, 'Do you really still think that those people you have, will be able to come up?'

Xu Lords froze at his words and hurriedly retorted, 'You're bullsh*tting, what do you mean by that? How come my men can't come up? Where are they going if they don't come up?'

It was obvious that Xu Lords did not understand what Shen Haoting meant, at this moment, it was obvious that Xu Lords had been overwhelmed by anger and could no longer think calmly.

Shen Haoting looked at his watch and said with a smile, 'You don't even look at it, how long has it been, if your men could have come up, they would have come up long ago, so I advise you not to daydream, none of your men will come up today!'

Xu lord sniffed, also hurried to look at his gold watch, also stunned to find that at this time, from the time his own group of men came up, more than ten minutes had passed, even if these people are climbing, should also climb up, but now he did not see half a person shadow.
