

Chapter 525

But they scolded people, but they were all hotter than the other, and there was no bottom line. A shrew worse than that shrew scolding the street.

They scrambled for fear that the curse they thought would be snatched away.

Seeing these women scold Suzi like this, Joan's heart was very painful.

He always attributed Suzi's experience to his own fault.

Six years ago, if he hadn't played with Suzi time and time again, if he had a conscience and took in Suzi and the children in the stomach of Suzi, perhaps now Suzi is a calm, uncontested one, and A little woman with a job she likes.

But because of her beast behavior, she played with Suzi again and again, and made her become notorious with her grandfather and her parents, which made her grandfather and the whole upper circle suppress Suzi, which made Suzi's reputation extremely filthy. .

This is where Suzi is today.

Joan said in a low voice to Suzi, "Suzi, follow me. We will go abroad and we will never come back in this life. From now on, no one will criticize you anymore. Go! I'll take it now. You go!"

After he finished speaking, he was about to kick a group of noble ladies around them and lead Suzi out of the siege.

Suzi did not move.

She is neither happy nor sad, nor crying or making trouble.

She only looked at Joan calmly: "You go, take your fiancée."

Joan was already humane enough for her. Suzi didn't want to bother Joan and the curled up woman kicked by Joan. Anyway, she could not escape the fate of being killed by Siu today. In vain.

Suzi just wanted to leave a wide road for his daughter.

Therefore, she does not make any struggles.

Besides, in the face of such abuse, Suzi has long been used to it.

Starting from the age of twelve, Moira, Jarod and Lanita's abuse of her, and later, the verbal abuse and suppression by the head of the prison, the unfair treatment she received in Nancheng, has long been heard by Suzi. Get used to it.

Perhaps, in this life, Suzi was the one who was scolded wherever she went, and she couldn't escape.

So I got used to it.

Moreover, before coming here, Suzi originally thought that these women, headed by Siu, who wanted to kill her, would definitely get worse than the last time she was in the company. They should first find these reporters to do their best. Expose her scandal as much as possible, after completely stinking her, strip her naked, find multiple men to violently attack her, and then take the video.

In the end, she swollen her face with the soles of her shoes and turned it into a rotten eggplant.

But now, these women have not started yet, how can she leave?

Seeing that Suzi was unwilling to leave, Joan bent over and wanted to hug Suzi and force Suzi to leave.

However, as soon as Joan bent down, two more men came in outside the door.

The two male voices were all very hastily, and they called Suzi in unison: "Suzi, are you here!"

Chapter 526

Everyone was stunned again.

The reporters forgot to take pictures.

Before they recovered, Darius and Lenny rushed in one after another.

"Suzi! Where are you Suzi!"

"Where's Suzi!"

When the two people saw Suzi at the same time, they frowned at the same time.

Darius just got off the plane.

After seeing the photo of Suzi in the video in the ward of Mr. Shu this morning, he called Suzi. When nothing was said on the phone, Darius asked someone to release Linda from the detention center. I first asked Linda on the phone, and it turned out that the hotel staff told him that there is now the earliest flight back to Nancheng, so that Darius will go to the airport immediately, and it will be too late if he doesn't go.

Darius was busy rushing the car, so he didn't call Linda again. He entered the airport, security check, boarding pass, and after a series of busy schedules, there was a long wait. When he got off the plane, Darius had no need to communicate with Linda on the phone. Up.

Darius went straight to the construction company.

On the way to the construction company at the airport, Darius turned on his phone. Originally, he wanted to see if the video had been blocked. Based on Darius's understanding of Arron, if indecent photos of Suzi were circulated on the Internet, Arron would definitely take it as soon as possible. These video sources are blocked.

However, it doesn't matter if Darius doesn't click to open it. When you open it, you will see the sequel about Suzi on the Internet like snow everywhere.

Before arriving at the company, Darius could see from the video that the hotel Suzi is currently in is the property of Shujia in Kyoto.

He turned the front of the car again and came straight here.

Darius met Lenny outside the hotel.

Lenny was about to step forward and greet Darius: "Lao Shu..."

As a result, Darius raised his fist and hit Lenny's face fiercely: "What the hell are you going to do! I said that Siu was not allowed to be a shareholder at the time, but you said it was your cousin. What the hell is this woman going to do now, Shen What hate does Suzi have with her! She is going to have a good talk with Suzi and kill Suzi!"

Lenny: "Lao Shu, do you... also know Suzi?"

"Nonsense! She is my cousin!"

Lenny: "Lao Shu, why didn't you say it earlier..."

Darius: "Lenny, don't tell me, you are the same as Joan. Seeing Suzi's pure, honest, unloving and bullying, you just want to play with her. If you dare to think of moving your forehead to Suzi, I will stab you with 10,000 transparent holes with a sharp knife!"

Lenny: "Uncle Shu...I...I really like Suzi. I have never liked a girl like Suzi. I treat her sincerely, but She never paid attention to me, but...Suzi and Siu didn't know each other at all. Which one is Siu making?"

Even if it is troublesome for Suzi, shouldn't it be Rayna?

But Rayna has been fired by me. I have already laid out for Suzi in the design company. No one dares to bully Suzi. "

Darius smiled coldly: "You forgot, whose younger sister Rayna is!"

Lenny: "I haven't forgotten, it's your cousin Walton's younger sister..."

Walton!

Others don't know Walton, but he knows Darius best!

The Min family in Nancheng is at best a well-off family, but Walton, who has no father and no mother, was raised in the Shu family since she was a child. The eldest lady has a temperament and a princess. She is more arrogant and arrogant than any real famous lady in Nancheng. . However, when Grandpa had Lanita's granddaughter, Grandpa didn't love Walton very much.

This made Walton's heart fall very different.

Walton didn't dare to resent Lanita, so she spread all her grievances on Suzi.
