

# Catch Me If You Love Me

## Chapter 53

“Miss Gu, I didn’t joke with you, this is your only chance.”

The surroundings suddenly became quiet, and there seemed to be a silent pulling sensation in the air.

Zoey Gu’s breathing suddenly took a few minutes.

The strange man suddenly appeared at such a moment and gave her the only chance.

She looked at the man calmly for a long while, and said a word slowly.

“miss you.”

She wants to go out.

Want to live.

Want freedom.

After so many lives and deaths, so many people have been let go. The current Zoey Gu just wants to live well, for his father and younger brother, and for Gu family, so that all those who have hurt them get the punishment they deserve.

can...

After Zoey Gu finished speaking, he leaned forward anxiously, watching the man hurriedly said.

“But I have a condition.”

“I know that Mr. Rong is already a great grace to save me. Can you keep this matter secret for me to do it quietly? I don’t want to see anyone.”

Especially Liam Lu.

Rong Rui raised his eyebrows lightly, and there was not much surprise in the eyebrows.

“Miss Gu, I can save you. But what kind of people you will meet, what kind of life you will live, this kind of random things, I can’t handle it.”

“Tomorrow at eight o’clock, I will pick you up on time.”

After Rong Rui finished speaking, he raised his head and gestured to the people outside, and someone immediately walked up to Zoey Gu.

“The time is up, it’s time to go back.”

Zoey Gu pursed her lips, knowing that this kindness is so heavy that he can’t make excessive demands. Before turning and leaving, he spoke to Rong Rui softly.

“Mr. Rong, thank you.”

Rong Rui didn’t answer again behind him.

It wasn’t until Zoey Gu disappeared from sight that he chuckled lightly and got up and walked out slowly.

As soon as I got in the car parked outside, I dialed in with a familiar number.

As soon as it was connected, there was a deep voice on that end.

“Did she agree?”

“I have died a few times and I don’t know how precious life and freedom are, but I’m really stupid.”

Rong Rui said, not knowing what he remembered, and suddenly laughed lowly.

“But I’m really curious about one thing. Liam, you tried your best to get me to coax your girl out, but when people came up, they asked me to ask for it, hoping to stay out of touch with you. What’s wrong with people?”

There was silence for a long time, and there was no sound.

After a long time, Liam Lu’s voice rang again.

“This time I owe you personal love. For the land in the east of the city, Shiyue has already drawn up the transfer contract, and it is yours to sign it.”

Rong Rui raised his eyebrows vigorously.

“Isn’t this girl a treasure? It’s worthy of Liam, you made such a big blood for her! But...”

As he said, he swept back somewhere in the rearview mirror.

“You can also relax, be careful that your future Mrs. Lu is unhappy!”

Hanging up the phone, the car started, and the black car that had been in the dark not far away slowly drove out.

The woman in the car squinted at the direction Rong Rui was leaving, her eyes as if they were soaked in snow and ice.

The woman's raised hand on her knee tightened and tightened. After a long while, he coldly told his subordinates beside him.

"Find a way to get me out before Rong Rui. Since she can't be kept here, then send her on the road personally!"
