

Chapter 5306

Maria said seriously: "You all instinctively don't want to think of Charlie as strong,"

"You always feel that he can't be that powerful, Cataclysmic Front can't be conquered by him,"

"The Su family, it is impossible for him to control the life and death of the Ito family and those Japanese families,"

"And it is impossible for him to do those incredible things by himself."

"If I hadn't come to Eastcliff to find you, you wouldn't know Charlie's true identity,"

"Even if you get along with him day and night, I'm afraid you won't see through his true identity."

Speaking of this, Maria said again: "But I am different from you."

"I have seen Charlie's real strength, and I also know how much his strength is, so in my heart,"

"I am willing to push him to the end. Thinking about it from a strong point of view,"

"I just think that he can conquer the Cataclysmic Front,"

"And I just think that he can conquer those big families that look great,"

"So I instinctively want to believe what you said, it must be Charlie."

Ethan pondered for a moment, then nodded lightly and said: "What Miss said is very true..."

"I was influenced by my subjective cognition to make an objective judgment."

“If I subjectively think that something is false, my objective logical thinking will also acquiesce.”

“If the subjective cognition is correct, I won’t correct it anymore.”

Maria nodded, and said seriously: “Charlie’s wife and mother-in-law live with him all day long,”

“So it’s impossible not to find out the clues, but once they do it subjectively,”

“They think that Charlie will not have such a great ability,”

“Or Charlie is just an orphan, and it is impossible to have any great background,”

“Then when they find out the clues, they will not dig deeper.”

“In that case, Charlie only needs to follow their subjective cognition and make up a random reason to deceive them,”

“And make them subconsciously realize that the so-called clue is really because of this.”

At this time, Larry on the side couldn’t help sighing:

“Behind this Charlie is the Wade family, there is the An family, and his own strength is unmatched.”

“After the First battle in Waderest, he subdued the Cataclysmic Front and Su family,”

“And his strength went further. In addition, there is the Ito family in Japan...”

“But even so, he can take the initiative to show weakness, develop in a low-key manner,”

“And not be surprised by favor or humiliation. It seems that this person is really not simple!”

This is due to his personality, and on the other hand, it also means that at this moment,”

“In his eyes, he still has a big enemy. You and I think he is already very powerful now,”

“But he himself feels that he can’t show his edge, but also to suffer for it, and keep secrets.”

At this point, Maria’s expression was a little uncontrollably excited,

And she clenched her fists and said, “It seems that he has already made preparations for a life-and-death meeting with the Warriors Den!”

“This is exactly the same as me! I want to meet with him today,”

“Confess everything to him, and then join hands with him to deal with the Warriors Den!”

Ethan hurriedly said: “Miss, if you have this intention,”

“I can contact Zhongquan and be honest with him. I think he should be able to ask Charlie to meet with you.”

Maria thought for a while, then waved her hand and said: “Forget it, the actual situation right now I’m not yet mature,”

“After all, I played a scene in front of him, and now I’m going to show up,”

“It will definitely arouse his vigilance, and it may even touch his back scales,”

“Making him regard me as an enemy, once he treats me as if on guard,”

“Even if he is willing to cooperate with me in the future, he will definitely be wary of me.”

“I don’t want a partner who is always wary of me. I want to work with him on the basis of 100% mutual trust to fight against the Warriors Den.”

Speaking of this, Maria suddenly sighed, and said with emotion:

“I’m so looking forward to the start of school soon! In September,”

“I will get to know Claudia first, in October I will meet Charlie again through Claudia,”

“And in November let him let go of the guard, and then I can confess my true identity,”

“And origin to him step by step, and give him a little more time to digest and accept,”

“And then we can join hands with him to discuss how to deal with the Warriors Den in December!”
