

Chapter 531

Tan Yanqun also talked to Siu about the kindergarten, but Siu said to Tan Yanqun with a certain tone: "It's not your daughter who transfers to the kindergarten. This is for me. I promise your daughter will not transfer to the kindergarten. You too I won't be persuaded by the school manager again, and your well-off husband will not push you out!"

Tan Yanqun asked in surprise immediately: "Miss Jun, are you true?"

"Come over to the banquet, maybe you still have a chance to do meritorious service." Siu said.

Tan Yanqun immediately wiped her tears, grabbed her bag and came over, and walked out the door. She suddenly thought of the old cowhide bag that Suzi was wearing two days ago and she was holding in her hand. She was so pure and pure at the time. The outfit, it almost compares all the jeweled women present.

Tan Yanqun also gained experience from Suzi, that is, in front of a group of jeweled ladies, wearing plain clothes, on the contrary, is an eye-catching landscape.

Thinking of this, Tan Yanqun went out to imitate Suzi in a small shop and bought this simple outfit, and then took Suzi's rough leather clutch and came to the banquet.

Tan Yanqun really deserves her luck.

She had just arrived at the hotel door, and when she didn't know where to go after entering, a male voice stopped her behind her: "Miss, are you going to Miss Siu's banquet?"

"I am? Are you?" Tan Yanqun asked politely and courteously.

"My surname is Yan. This is the president of our Fu Group and Fourth Master of Nancheng Fu Family." Christopher introduced to Tan Yanqun.

Tan Yanqun: "...Fu Siye."

I was shocked at the time.

The clutch in his hand was almost shocked.

At that moment, Tan Yanqun finally understood why Siu dared to change his tricks so blatantly to death Suzi.

It turned out that Siu and Arron of Nancheng Fu's family knew Fu Siye and they were friends.

Gosh!

Tan Yanqun had the honor to meet Arron in her life.

The whole person was excited, and suddenly blushed.

And Tan Yanqun discovered that Fourth Master Fu always stared at her, stared at her clothes, stared at her clutch.

Tan Yanqun's heart seemed to be hit by a deer, and it was itchy.

"Miss, please!" Christopher said politely.

In front of Arron, Tan Yanqun dared not go ahead, she let Arron and Christopher go first.

Arron glanced at Tan Yanqun again, and went into the banquet hall without being polite.

And Tan Yanqun followed Arron so humble and happy.

Ha!

As soon as he entered the door, he saw this exciting scene, and Suzi was surrounded by a group of men.

On the periphery, so many glaring ladies, they all want to swallow Suzi.

Good guy, this time, there is a good show to watch.

Sure enough, when a group of ladies saw Arron, one of the most daring was the retired star Ivy: "Fu Siye, you are here just right. Look at this woman Suzi, she can She really did not change her instinct. She even hooked up so many high-class brothers and recruited reporters from outside. She was going to provoke the whole Nancheng!"

Arron looked at everyone present, then looked at Suzi with a calm face.

He did not answer Ivy's words, but frequently looked at Tan Yanqun, and then asked Suzi abruptly: "You know?"

Before Suzi could answer, Tan Yanqun couldn't wait to ask for credit in front of Arron: "Going back to the fourth master, Suzi is a liar, Xiaosan, very bad morals, she..."

Before Tan Yanqun finished speaking, Arron suddenly said lightly: "Christopher, chop up her hand holding the bag."

Chapter 532

Tan Yanqun arrogantly looked at Suzi who was surrounded by them: "Shen b!tch! You are finally repaid! You didn't expect Fourth Master Fu to come and deal with you personally, to chop up your hand holding the bag! It deserves it! Ah...what are you...what are you doing, why are you catching me? Let go! Let go of me, Fourth Master...you...you Why did your subordinates catch me?"

Tan Yanqun felt that she had done nothing wrong.

She followed Arron very well since she came in. Arron has always admired her and looked at her a few times from time to time.

Tan Yanqun struggled, looking at Arron with extremely terrified eyes: "Four Lord, help..."

"Too noisy!" Arron looked at Tan Yanqun indifferently, and said to Christopher: "First slap her hand holding the bag to pieces, and then cut it off. Throw the rest into the septic tank."

"Yes, Fourth Master!" Christopher replied, then grabbed Tan Yanqun and went out.

This move scared everyone present.

The ladies in the banquet hall covered their mouths with scared hands, staring at this scene with widened eyes.

The reporters who were outside the door tacitly turned off the camera and hung up the microphone at this moment.

Just kidding!

The hand of a lady is about to be chopped off! Such news is absolutely explosive, but who dares to expose it?

Who dare!

They only dared to look at the field dumbfounded.

"Four Lord... forgive me, I... what did I do wrong, please tell me if it's okay, no... don't chop my hand, don't kill me, Fourth Master..." Tan Yanqun was crying like a pig.

And here, Arron turned a deaf ear.

He only looked at Suzi and walked towards Suzi step by step.

"Fourth brother..." Joan stepped forward and stood in front of Suzi: "Cousin, I am willing to be punished on behalf of Suzi. You can chop up my hand and throw me into the evolution manure tank. Cousin... You see, because Suzi gave birth to a daughter for you, you spared her!"

"Fu Siye!" I, Darius, is willing to give you all the industry, and I beg you to go around Suzi. Arron's brow furrowed, and his face became extremely yin!

"Do you want all four of them to die?" Arron held the jade finger on his thumb and asked casually Suzi behind Joan.

Suzi immediately came out from behind Joan and came to Arron.

She didn't speak, her expression was more plain and detached than Arron's.

Anyway, it must be dead.

Asking or not asking is the same ending.

Why should she ask for it?

Mainly tired.

So Suzi said nothing.

"Come here!" Arron commanded briefly.

Suzi came to Arron.

Everyone held their breath.

Joan and Darius even opened their mouths, for fear that Arron would kick Suzi away in the next second.

When Suzi came to Arron, Arron squeezed her chin, and her tone suddenly turned into an aversion: "I've only been away for three days, three days! You can make yourself so embarrassed! You are not as good as the five-year-old Shen The only one!"

Suzi: "..."

"A clutch bag can be snatched away, what's the matter with you!" Arron pulled her into his arms, holding the back of her head to let her look at him, and asked: "Can you take care of yourself? Can it!"

Suzi: "Yes!"

"I can take care of myself, how can I become so embarrassed, being beaten like a rat crossing the street!"

Suzi: "..."
