

Chapter 5317

Although Elaine is not smart, she definitely has a lot of tricks to use on her.

She had long thought of a way to expose Horiyah, but she suffered from her inconvenient legs and feet, and she was alone, so the risk was too great.

But after the three joined, the situation is completely different. The three of them lived under the same roof with Horiyah's family every day, and these three are strong. Much more convenient.

So, she hurriedly called the three of them to the front and whispered her plan to three of them in detail.

After listening to Elaine's plan, the three of them felt that it was very feasible,

Gina patted her chest and said, "Elaine, don't worry about this matter. Leave it to the three of us, and we will definitely follow your plan. We will do what you said."

After she finished speaking, she continued: "But you have to promise us that after we finish what you asked, you must follow what you said and bring down that Horiyah!"

Elaine said without hesitation: "Gina, don't worry about this, no one in the whole world expects her to fall as soon as I do, and I will definitely do my best to bring her down!"

Gina nodded in satisfaction, and then she opened her mouth and said, "Then we'll go back and start making arrangements now."

"We'll let you know as soon as there's any progress. By the way, leave me your contact information and I'll make a note of your mobile phone number."

Elaine hurriedly expressed enthusiasm and said: "Oh Gina, let's just add WeChat. We are neighbors. We will see each other often. It is convenient to add WeChat!"

Gina frowned, and said vigilantly: “You don’t have to add WeChat.” Well, you have a phone number, and you can call anytime you need it.”

Elaine said with a look of emotion: “Oh, Gina, I know you have always had a big prejudice against me, but have you ever thought about it?”

“What you instilled, although I don’t know what she told you at the time,”

“But I guess it must be that the daughter-in-law is not filial to her mother-in-law,”

“That I moved the villa back then to prevent her from living in, and that I drove her out of the house, and called the police to arrest her and put her in prison, right?”

Gina subconsciously nodded.

Back in prison, Mrs. Willson did accuse Elaine of many crimes with snot and tears, but the core content was the three points that Elaine herself said.

Elaine gave a wry smile and sighed, “Hey! I know Gina, you are a filial daughter, and you hate others not being filial to parents and in-laws,”

“But have you ever thought about what kind of person she is? Think about it, you helped this old woman so much in prison back then, did this old woman really appreciate you from the bottom of her heart?”

“She just regarded you as a chess piece that could be used, and used your kindness to achieve the purpose of hitting me, but she didn’t just look down on you, and I believe that you have lived in the same house with her for so long, you should be aware of it?”

Elaine’s words hit Gina’s heartache.

Elaine saw that her expression was not right, so she continued to strike while the iron was hot: “So now you look back and think about it, how can I honor this kind of old woman?”

“Occupy the magpie’s nest, if I let her live in our house, she will drive me out in a short time!”

After hearing this, Gina also felt that what Elaine said made sense.

After actually getting along with the old lady Willson, she also realized that this old woman is indeed not a fuel-efficient lamp,

Nor is she a good and faithful woman. If she were her daughter-in-law, she would not be able to respect her.

Thinking about it this way, Gina looked at Elaine in front of her again and suddenly found that her face was not so hideous anymore.

Thinking that she was completely deceived and used by that old woman in prison back then, she felt even more annoyed, so she naturally regarded Elaine as her ally.

So, she took out her mobile phone and said, “Come on Elaine, let’s add a WeChat friend.”

Elaine was naturally flattered, and quickly said: “Okay, okay, I’ll sweep you!”

Gina said to the two sisters beside her: “You also add Elaine as a friend so that it will be easier to communicate about anything in the future.”

Elaine didn’t think twice as she said: “Then that’s really great. I’ll create a group immediately and bring all four of us into it. If there is any trouble in the future, we will all communicate with each other in the group.”

Soon, a WeChat group “Eliminate Horiyah and eliminate harm for the society” was born, and the four immediately started to split up.

Elaine returned home on crutches, while Gina and the others immediately walked to their villa.

Coming downstairs of the villa, Gina looked up at the room on the second floor, and said to the other two in a low voice: "As expected, they closed the windows and doors."

"I will climb up to their balcony on the second floor to see if I can take pictures from the outside, but the sound insulation of the windows is very good."

"Even if I can take pictures, I probably can't record them. You go to the door of their room, plug in the earphones of your mobile phones,"

"And put the microphone under the crack of the door. Go record their voices inside, and send them to Elaine later, she said that she will use her mobile phone to mix the picture and sound together."

"Okay, Gina!"

The two agreed in unison and then hurried to start the action.

At this time, in the bedroom on the second floor, Horiyah was still broadcasting live.

She has prepared ten products tonight, and she has reached the last one now.

Since today is not the weekend, the traffic is not too big, so Horiyah also plans to end the broadcast early and take a break. Don't look at her live broadcast for only two or three hours a day,

But these two or three hours are almost non-stop talking, needing nerves and attention.

The strength has to be tense all the time, don't make mistakes, don't show flaws, so after a live broadcast,

People are still very tired, so she also looks forward to finishing the speech and going to the broadcast to rest.

At this time, she didn't know that Gina, who had a strong body, had already climbed down from the balcony on the third floor and came to the balcony of the room on the second floor.

Although the curtains in the bedroom on the second floor were tightly drawn, there was an inverted V-shaped gap in the middle of the sliding door's sheer curtain.

For the mobile phone camera, as long as it is close enough, even if there is only a finger-thick hole, it is enough to capture the whole picture inside.

A few minutes later, Horiyah finally finished broadcasting the last product. When the family members in the live broadcast room snatched up all the stocks, she said devoutly:

"Thank you to all the family members for your kindness to me tonight. Support, I can support my paralyzed husband and son, as well as my eighty-year-old mother-in-law, thanks for the help, thank you!"
