

Chapter 5321

After Gina returned to the room and met the two sisters, she saw the righteous indignation and jealousy on their faces.

She hurriedly asked: "Have you finished recording all the recordings? Don't let me lose the chain at this time!"

Tabia said angrily: "Sister Gina, this family is too fcuking worthless,"

"You may not be able to hear what they said outside the balcony,"

"Horiyah and that dead old woman called us stinky sh!t!"

"Yes!" Lexi also said very angrily: "The key one Horiyah is not a thing,"

"Let alone scolding the three of us,"

"Even those who paid them money in the live broadcast room were scolded by her."

"How bad do you think this stinky b!tch is?"

Tabia also echoed: "This stinking shameless person, Horiyah is now thinking about other deceptions,"

"She asked her husband and her son to pretend that one has advanced pancreatic cancer,"

"The other pretended to have uremia, and even she also arranged a script for that dead old woman,"

"Let her cry slowly and blind her eyes, this is simply a beast!"

Gina said angrily after hearing this: "Play the sound you recorded for me!"

Tabia immediately handed her her mobile phone, Gina pressed the play button,

And listened to the conversation of Horiyah's family in the room just now from beginning to end.

Since it was Elaine's idea to let them stuff the earphones and microphones into the crack of the door,

The effect of their recording is very clear.

Gina listened to the entire conversation verbatim, and her veins were so swollen that she wished she could rush downstairs,

Kick the door open, and drag the Willson family out one by one. Beat up.

However, she quickly realized that the most important thing now is not to beat up these people, but to quickly send all these materials to Elaine, and let Elaine find a way to get Horiyah's family online. Give exposure.

So, she quickly sent the video she took, as well as the audio recorded by Tabia, to the group.

At this time, Elaine was lying on the bed, tossing and turning, waiting.

She changed to a new short video account and has been watching the live broadcast in Horiyah's room.

Seeing that the live broadcast was over, she began to look forward to Gina,

And the others to reveal the real faces of Horiyah's family behind the scenes, and then quickly send the evidence.

Just when she was burning with anxiety, both video and audio files were sent to the group.

Elaine sat up from the bed with a jerk and immediately turned on the audio to listen to the conversation.

It didn't matter what she heard, Elaine was both angry and happy when she heard it.

What makes her angry is that Horiyah is really capable.

She understands the principles of live broadcasting, selling goods, selling misery,

And setting up people. She can even analyze data. She really has two brushes.

The good news is, with these conversation recordings, how can Horiyah's family not fail?

Thinking of this, she immediately downloaded both the video and audio to her mobile phone,

And then opened the video editing software.

If we go back five or six years, how could an old lady like Elaine learn the technique of video editing?

However, thanks to the rapid development and growth of the short video platform in recent years,

The threshold for short video entry has been reduced to the extreme,

And many entrepreneurs have developed a lot of fool-like operating software for the short video platform,

Allowing the professional technology of video editing to become so simple,

Even the elderly and children can play it with ease.

Elaine used to edit small selfie videos, so she is very familiar with the operation of this software.

She skillfully opened the software, added the video, then canceled the original sound of the video, and pulled in the audio again.

Next, there is only one slightly laborious process left,

Which is to match the audio and video time tracks so that the audio and video can be synchronized.

Fortunately, the video file and the audio file are whole, so Elaine only needs to find one of the clips that are easier to recognize the mouth shape,

And then echo the corresponding audio of this clip, then the entire video and audio will be completely matched.

Soon, Elaine found a very convenient lip-sync clip, and synchronized the audio and video 100% completely.

Then she previewed the entire video, and after confirming that there were no problems, she exported the video.

After the video was exported, Elaine grinned happily while reviewing it again.

She couldn't help sighing: "Oh, Horiyah, Horiyah, I really underestimated you. I didn't expect you to earn hundreds of thousands a day."

"If I do this, I still can't earn such a small goal in a year?"

"Unexpectedly, you stinky b!tch really has two brushes, and this live broadcast can make you a millionaire!"

As she spoke, she giggled, shook her head, and said, "It's a pity, you can't even imagine in your dreams, your trick can fall into my hands?"

"With this video, you still want to be a billionaire? As long as I release this video, I don't think you can eat hot sh!t!"

After all, immediately opened her own short video software.

Later, she changed her nickname to Elaine, a counterfeit fighter!

The personal profile was changed to: "A righteous person who is active in society,"

"Who can't rub the sand in his eyes, vows to expose all liars!"

After the modification, she immediately uploaded the video. The title of the video is:

Internet celebrity Horiyah made up stories and sold them, earning hundreds of thousands a day with live broadcasts!

After the video was sent out, Elaine couldn't help muttering: "Shouldn't the video be sent out, and no one will watch it like the previous live broadcast?"

Although this revelation is very powerful, wouldn't it be over if no one read it?"

Thinking of this, Elaine couldn't help gritting her teeth: "No way! I have to give some promotional money! And I have to vote a little more, another two thousand!"

After making up her mind, she immediately clicked the promotion button and created a promotion plan for this video.

The total amount of the promotion plan was 2,000 yuan, all of which were used to increase the number of clicks.

After the creation, she immediately clicked to pay, and found that the actual payment amount is 1995 yuan, just wondering, she saw a coupon deduction information at the bottom, and then realized that the customer service gave her a five yuan coupon last time.

Elaine couldn't help but scolded the customer service again in her heart before completing the payment.

Immediately afterward, she found that her promotion plan was running very fast, and the advertising fee of 2,000 yuan was consumed by 300 yuan in the blink of an eye!

And the number of views of this video is also growing rapidly.

Chapter 5322

In less than two minutes, Elaine's 2,000 yuan advertisements had all gone. She was stunned and couldn't help cursing inwardly:

"This is fcking money, right? 2,000 yuan is gone in the blink of an eye. Already?!"

But what she didn't know was that the faster the promotion expenses were spent, the higher her ad exposure would be.

Moreover, the push and volume logic of the short video platform is based on algorithms. If a video has a high click-through rate and a high completion rate, the algorithm will list this video as high-quality content,

And high-quality content is possible to continuously obtain more traffic.

As long as the conversion performance of this video does not decrease, the system will continuously divert it.

Sometimes an Internet celebrity with tens of millions of fans sends out a video, and there are only tens of thousands of likes, but there are often some videos that only have tens of thousands of fans, but the number of likes can exceed one million,

Becoming the most popular video in the world. It is an Internet hit, because the quality of this video itself is extremely high, and the data performance is excellent. The platform even actively pushed this video to tens of millions or even hundreds of millions of other new users.

As for Elaine's video, the click-through rate and completion rate are outrageously high!

Therefore, the number of viewers of this video quickly reached hundreds of thousands, followed by waves of likes, favorites, and comments!

Soon, Elaine was stunned by the countless comments. She found that the number of likes and thousands of comments on her video just now quickly exceeded 10,000!

Although she has been on the short video platform for a long time, almost none of the boring casual photos she posted could get 10 likes.

So when she saw so many likes and comments, she felt that all this was not so real, as if the slot machine in the casino suddenly hit three 7s, and the number in the amount column kept rolling up, It gave her the illusion of being in a dream.

However, all this is true.

The content of this video itself is very explosive, and its nature is extremely bad so all ordinary people will feel righteous indignation when they see it.

It is precisely because of this that the data in this video is outrageous!

Soon, the number of views quickly exceeded one million, and it took less than 5 minutes to go from 1 million to 2 million.

According to the background algorithm of the short video platform, this video is the best-performing one on the entire platform at present, not one of them.

It was a work published by a big internet celebrity with tens of millions of fans, and it was not as popular as this work at all!

As a result, on this night, the traffic of the entire platform was tilting crazily towards this video.

At this moment, countless netizens gritted their teeth and scolded Horiyah in front of the mobile phone.

Among them, there are many people who have watched Horiyah's live broadcast, and there are even many fans of her.

People buy things from Horiyah's live broadcast room because they feel that this woman is really pitiful, and she is indeed very tough, with the traditional virtues of being virtuous and hard-working.

Moreover, these fans usually don't know much about live streaming, and they don't know how much money Horiyah can earn when they spend 100 yuan to buy things in Horiyah's live broadcast room.

They all thought that if they bought something worth 100 yuan, Horiyah would only earn one or two yuan at most.

They thought that she had worked so hard to sell the goods, just to earn some medical expenses for her husband and son, and some living expenses for her mother-in-law. That's all.

But who would have thought that this woman could earn hundreds of thousands from the viewers of these live broadcast rooms just for an ordinary live broadcast on weekdays!

What's even more exasperating is that all of this was directed and acted by this woman herself!

The real Horiyah shown in this video is completely opposite to her appearance in the live broadcast room.

She beat and scolded her husband and son who were paralyzed in bed, without any respect at all.

She was also harsh and rude to her mother-in-law who was over 80 years old.

In her body, where can she see a little bit of traditional virtue, what she can see is almost all despicable and dirty!

What's more, she speaks brazenly, cursing her fans.

This is simply too much!

As a result, many people ran to comment on Horiyah's latest short video, scolding her, and many even began to complain and report to some official accounts.

Soon, netizens exploded.

They didn't expect that there was such a brazen woman in the city they lived in, so they spread this video on various channels, especially in WeChat Moments and WeChat groups.

At this moment, Horiyah had just arrived at the luxury suite of a five-star hotel.

On the way here, she had already called the hotel housekeeper and asked her to prepare bath water for her, as well as imported bath salts and many fresh rose petals.

So, as soon as she arrived at the hotel, she quickly took off her clothes and soaked in the comfortable jacuzzi.

After she took a bath, she made an appointment for an essential oil massage at the hotel. She lay on the bed, closed her eyes, and enjoyed the massage until she fell asleep,

And then fell asleep with a full body of essential oil. For Horiyah, it had become the best way to relieve fatigue.

As a big customer of the hotel, she doesn't care what happens when the quilt and bed sheets get dirty,

Because no matter how messy she makes the room, if she returns tomorrow after leaving, the place will be tidy and spotless.

This is also an important reason why Horiyah especially likes staying in hotels recently.

At this time, Horiyah was lying in the bathtub with her eyes closed, and her mobile phone was placed on the stone platform next to the bathtub.

Because she is already quite an internet celebrity, countless users of the short video platform send her private messages, comments, and likes every day, so she has already turned off the push function of the short video platform.

So even though there were already tens of thousands of people attacking and insulting her in various ways, she was still kept in the dark.

At this moment, Noah and Harold, who were paralyzed in bed, had no chance to surf the Internet because they couldn't hold the mobile phone with both hands,

And the old lady Willson went to bed early because she was really tired from serving the two of them. Wendy was still working overtime at the company for meetings, so no one told Horiyah about the Internet.

And Elaine's video is still fermenting.

At this time, Elaine couldn't close her mouth in excitement seeing the countless views and the number of likes and comments.

But the only regret is that although her video playback volume has reached several million, her fans have not increased much, only a few thousand people.

After another ten minutes, the incident became more fermented. Elaine's video had exceeded 10 million views, and many news software also began to urgently issue news feeds in response to this incident.

All of a sudden, multiple articles were pushed out one after another.

“Internet celebrities sell miserable live broadcasts, earn hundreds of thousands a day”

“Use other people’s sympathy to earn hundreds of thousands a day, don’t let the public feel cold! “

“Live broadcasts with goods are frequently chaotic, and another internet celebrity overturns!”

Horiyah opened her eyes when she heard the mobile phone’s notification popping up continuously, and took the mobile phone over.

She glanced at the screen full of notifications and knew that another Internet celebrity had overturned.

However, she didn’t realize that the person who overturned was herself.

Instead, she gloated and said to herself: “I don’t know which unlucky guy has been exposed again. If they were as cautious as I am,”

“Within three to five years it is definitely impossible to be exposed, even if it is exposed in three to five years, so what?”

“Anyway, I have made enough money, and when the time comes, I will directly fly to a country where no one knows me with my passport, and enjoy a good life.”

As she said that, she couldn’t help sneering, and muttered in her heart: “When my live broadcast is stable for another two months,”

“I will seize the time to open an Internet celebrity brokerage company, and cultivate more anchors like me,”

“And use my account to divert to them and let them grow up to make money for me.”

“In this way, my ability to absorb money will be much stronger than it is now.”

“If I can earn one billion, I will immigrate to Europe or the United States immediately.”

“I don’t take any of these people with me! One billion yuan is definitely enough for me to live my life in style and debauchery!”

At this point, Horiyah had already begun to fantasize about holding billions of dollars of wealth in her hands.

Living a life of spending money like water and enjoying money abroad.

At this time, she clicked on one of the tweets, wanting to see who was so unlucky to be exposed on the internet on such a large scale.

And the push she clicked on, after opening it, first played the video uploaded by Elaine.

Before she could recognize what the sneak shot was, her own voice came from the loudspeaker: “Dmn, this hood is too fcuking hot!”

Chapter 5323

Suddenly hearing her own voice in the headlines of an internet celebrity's parking spot,
The impact on Horiyah is no different from that of a netizen,
Downloading a video from an unhealthy website and seeing her own face trembling after opening it.
Her inner defenses were breached almost instantly,
And she slid directly into the bathtub because of excessive nervousness,
Taking a sip of the milk-salt-smelling bath water.
Immediately, she sat up in a panic and looked at the phone again in shock.
This time, her eyes were as wide as a pair of copper bells,
And her heartbeat seemed to suddenly double as fast!
The self in the picture is bossing around and teaching the Willson family a lesson.
Isn't this what happened less than an hour ago?!

Looking at this angle, it was a sneak shot from a small gap in the balcony curtain. Who did it?!

What's more, what she couldn't understand was that the doors and windows,
The villa was all laminated and had hollow system doors and windows.
It is said that in order to ensure sound and heat insulation,
The glass interlayer should be filled with inert gas.
With the doors and windows closed, even if the fireworks are set off outside,
She can barely hear the sound of the explosion.
This video was clearly shot from outside, so why is the sound recorded so clearly?
It's as if people are talking right in front of her eyes.
Horiyah is indeed smarter than Elaine in general,
But in this kind of cleverness, she is not as good as Elaine.
Elaine lives in the same villa type as her,
And she already knew that candid shots from outside can only capture video,
Not sound, so she used Gina and others and gave them a reasonable division of labor,
And one person took a video outside.
And one tried to secretly record the sound inside.
Although the sound insulation of the doors and windows of the villa has been achieved to the extreme,
It is only for the outside,

And the interior doors are not particularly strengthened, so Elaine caught the loophole.
At this time, Horiyah knew very well that since these videos were exposed,
Her road to getting rich with live broadcasts and goods had come to an end!
Thinking that after this video was exposed,
It would affect her potential income of hundreds of millions or even billions!
Taking people's money is like killing their parents.
This old saying is an eternal truth at any time.
At this moment, Horiyah's heart was full of hatred,
Wishing to find the person who exposed her right away, and then tear her into pieces!
Immediately afterward, she swiped down on her phone,
Skipped the video, and started reading the text of the report.
In the content of the text, the script of her live broadcast was fully revealed,
As well as her approximate data and income since the live broadcast.
And when she saw one of the lines, she was even angrier and jumped out of the bathtub!
This line reads: "According to a short video platform user named 'Elaine, a counterfeit fighter

Chapter 5324

Horiyah was mad with hatred at this time, and immediately cursed:
"Elaine! You cut my fortune, I'll fcking kill you!"
After she finished speaking, she rushed out of the bathroom like a madman,
Didn't care to dry off the water droplets on her body,
Put on her clothes and ran out of the room like crazy,
And then drove the car desperately all the way to Tomson!
Along the way, she ran through countless red lights!
At this time, she didn't have any traffic rules in her mind.
She only wanted one thing in her mind,
And that was to find Elaine and beat the sh!t out of her until she was alive.
And just as Horiyah was rushing towards Tomson, Claire also saw the push like a tide.
When she understood what was going on, she immediately handed the phone to Charlie,
And said to him: "Husband...Look quickly! It seems that mom exposed aunt..."

Charlie took a look at the video with his mobile phone, and said in amazement:

"This video looks like it was shot on the terrace outside Horiyah's second floor."

"Mom's legs and feet are not good. How can there be the ability to climb up and down the window?"

Claire found Elaine's short video account, pointed to the account name,

And said to him: "Look at this exposed account, it's called Elaine, a counterfeit fighter, isn't this her..."

Charlie was stunned and then smiled: "It seems that Mom has found an ally..."

"This video must have been recorded in collaboration..."

"Maybe it's just a person shooting the video outside and a person secretly recording it inside,"

"Otherwise the sound is impossible to be so clear."

As he spoke, he suddenly remembered something, and said, "Could it be the three people who live with Horiyah?"

Claire suddenly said in a panic: "Mom gave aunt such an exposure, aunt must hate her to death..."

"We said she did something wrong, why would you have to make enemies everywhere..." "

This..." Charlie laughed twice, and said: "Mom It's not like you don't know Horiyah's character,"

"Horiyah is so terrified in front of her, she's probably going to die of anger,"

"Maybe she's been looking for opportunities to take revenge all this time." "Hey..."

Claire sighed, and said helplessly: "Auntie really has no bottom line in doing this, but to be honest,"

"I don't want mom to offend people everywhere..."

Charlie comforted: "Honey, it's useless to say these things now,"

"After all, the video has already been posted by mom, if she goes out in such a situation it is going to be troublesome. But Horiyah won't dare to come here and cause trouble."

Charlie just finished speaking, a roaring engine sound, and a harsh brake sound, instantly broke the darkness of the neighborhood calm.

Horiyah stopped the Mercedes-Benz Big G in front of Charlie's house, and then jumped out of the car, beating the door hysterically with both hands to make a loud bang,

And at the same time scolding: "Elaine! You bltch, get out of here and see if I don't kill you!"

Elaine opened a gap along the curtains, and couldn't help laughing when she saw Horiyah slapping on the door frantically like a mental patient.

At this time, Elaine was not afraid at all. She turned on the video recording function on her mobile phone and pushed the door to the terrace coming out on crutches.

Coming to the terrace, Elaine looked down at Horiyah, and asked with a smile,

“Oh, Horiyah, what’s wrong with you? Instead of enjoying yourself in your hotel at night, you ran to my door and yelled.” What are you doing?”

Seeing Elaine’s embarrassed look, Horiyah was so angry that she almost vomited blood, and shouted hysterically,

“Elaine, are you still a fcuking human? You fcuking secretly took videos of me, and you fcuking exposed it on the internet!”

Elaine curled her lips and said disdainfully: “Oh, look at what you said, I am now a fighter against counterfeiting!”

“Any personal grievances, if you live broadcast with goods to fool the public,”

“I, as a fighter against counterfeiting, of course, have the unshirkable responsibility to expose you!”

Horiyah was so angry that she jumped to her feet and scolded: “Go to hell with your fight against counterfeiting!”

“What are you, others may don’t know, how can I not know?! You are the most disrespectful person in the whole world!”

“You are jealous and uncomfortable when you see me making money! So you try every means to bring me down! See if I don’t kill you, you b!tch!”

Elaine lay on the railing, secretly filming a video, and said solemnly:

“Horiyah, I have lived a life of integrity. I can’t rub the sand in my eyes!”

“Even if you put a knife on my neck, I will still be obliged to expose you without hesitation!”

Chapter 5325

Seeing that Elaine had cheated herself to her demise,

But still kept flaunting herself, Horiyah was even trembling with anger!

Pointing at Elaine, she raised her head and cursed: “Dmn, if you don’t come down,”

“I will rush up and throw you off the balcony!”

“If I don’t kill you, I will swear not breath!”

Elaine gave a look of disdain: “Oh, you scare me to death, Horiyah, you are a black-hearted anchor who made some money,”

“And you are lawless now, aren’t you? Do you know that for trespassing on private houses you are going to jail?!”

“Come in and try if you have the ability, and I will call the police right now!”

When Horiyah heard this, her arrogance suddenly weakened a little unconsciously.

She is smarter than Elaine, knowing this situation,

She can't do anything out of the ordinary except for using her temper to scold.
Not to mention that trespassing on a private house is a crime,
Charlie alone she can't afford to offend.
She knows Charlie is a man with great hands and eyes.
Many rich and powerful people follow behind him, calling him Master Wade.
If she really rushes in and angers Charlie, it will be even worse. There is going to be no good fruit to eat!
However, at this time, she was full of anger and had nowhere to vent,
And her whole body was completely broken. She simply took off her shoes,
Slammed on the door frantically, and cursed angrily:
"Elaine! If you cut off my money, I will kill you sooner or later."
"I'll be a ghost and I won't let you go! Come down for me!!!"
For a moment, the whole community was in a panic.
However, this is a high-end community after all, and no one yells here usually.
When they heard the quarrels and noises below,
Many people stuck their heads out to watch the excitement, and then they stopped asking.
Even Jemima, who lived on a high floor and was admiring the river view,
Was attracted by the commotion in the community.
Seeing someone swearing in the community, she went to the south window and frowned,
And vaguely saw a crazy woman in the villa area.
She yelled and cursed outside a door, so she simply closed all the windows on the south side.
At this time, Horiyah was desperate. Seeing the solid gate of Charlie's house, she kept cursing hysterically.
Elaine was lying on the railing, although Horiyah's unbearable curses were all in her ears,
But she still laughed happily when she saw Horiyah's panic-stricken appearance.
So she was not angry, but stopped the video recording first,
Took out a handful of melon seeds from her trouser's pocket,
And threw the seeds from the terrace while nibbling, and at the same time looked at Horiyah with a playful face.
Shook her head and said, "Horiyah, to be honest, I just like to see you want to kill me but can't touch me,"

“Just like a vicious dog which barks but can’t eat bones!”

Horiyah was so angry that she almost vomited blood, stomped her feet, and scolded:

“Elaine! I’m going to tear your fcuking mouth apart!”

Elaine said contemptuously: “Ouch! Horiyah, don’t you usually speak politely?”

“Why is your quality so low now? This is not the way you usually talk to your family members in the live broadcast room!”

Saying that she imitated her tone from the live broadcast and she cried and said:

“My family! Come and help me! My husband and son are paralyzed!”

“The mother-in-law is starving to death without food!”

“I was pregnant with the supervisor’s son in the black coal mine and I am about to give birth to the child,”

“And there is no money and no way to buy milk powder!”

“I also have a s3xually transmitted disease and have no money to treat it,”

“And itches and scratches all over the place all day long,”

“And have no money to see a doctor!” Horiyah did not expect Elaine to expose her shortcomings,

Chapter 5326

The more Horiyah listened, the angrier she became,

And finally, she was so angry that she threw the high-end leather shoes in her hand at Elaine.

Elaine reacted quickly, tilted her head to avoid it,

Turned to Horiyah with a smile and said, “Hey, you’re a b!tch!”

Horiyah gritted her teeth, took off the other shoe, and smacked it.

Elaine tilted her head again to dodge perfectly, then looked at Horiyah,

And said with a smile, “You can’t hit me?”

Horiyah was too angry, her breathing became short and her brain became dizzy.

Then she took a few steps back uncontrollably and sat down on the ground.

Then she looked at Elaine who was so mean that she threw melon seeds at her and cried:

“Elaine, you are too deceitful! Woooooo... I finally turned over and it was only a few days,”

“Why did you do that to me? Woohoo! Huh... I’ve been bullied by the old woman for half my life,”

“And now I was finally able to stand up and call the shots,”

“And you killed me again, you’re with her, aren’t you?”

Elaine ate melon seeds, she said with a smile:

“Horiyah, your mistake is that you shouldn’t be so embarrassed in front of me, what’s wrong?”

“You are not the one who earns some money, and you come to me every day to show your presence,”

“Don’t forget, the money you make is dirty money, even if I didn’t expose you, someone would expose you sooner or later.”

Then, Elaine narrowed her eyes and smiled again: “Oh, You know the law too well, so I don’t know if this is a fraud?”

“If it is a fraud, the amount of money involved in your case is huge,”

“Maybe the police will come to arrest you!”

Horiyah was terrified when she heard this!

Driving all the way here, all she could think about was that her money was cut off,

And she hated Elaine in her heart, but she forgot that after she was exposed,

It seemed that it was not just that her money is cut off!

Making up stories to deceive the public, concealing income, and failing to declare taxes are all big crimes!

Just when Horiyah was at a loss, many law enforcement vehicles drove into the community one after another,

Including the police, taxation department, and industry and commerce department.

The blue and red lights on various law enforcement vehicles were constantly flashing,

Which was so dazzling that it frightened Horiyah and she trembled all over.

Among them, two police cars parked in front of Horiyah’s Mercedes-Benz,

And several police officers got out of the car and walked toward her.

One of them looked at her and asked in a cold voice, “Are you, Horiyah Qian?”

Horiyah looked at the policeman in front of her, and asked with a pale face, “I’m...you...what’s the matter?”

The police officer said with a blank expression: “According to the information exposed on the Internet,”

“We suspect that you are involved in fraud, and may also be involved in tax evasion.”

“Please come with us and cooperate with the investigation!”

Upon hearing that she wanted to cooperate with the investigation,

Horiyah knew that he might really be doomed this time, and said in great horror:

“Officer...I...I didn’t cheat...Did I make a mistake?!”

The policeman said lightly: “Did I make a mistake?”

“After the investigation is clear, we will naturally know, so hurry up and come with us!”

Then, the policeman pointed to the villa in front of him and asked,

“Is this your home? Your husband, your son, Does your mother-in-law live here?”

“They also have to cooperate with us in the investigation!”

Horiyah was so frightened that she couldn’t speak,

Elaine pointed at the villa next door excitedly on the balcony and said:

“Officer, this is my house, not hers, hers is next door!”

“Her husband, her son, and her mother-in-law you are looking for all live there!”

Chapter 5327

Hearing Elaine’s reminder, the police officer nodded to her, and asked, “Who are you? Do you know Horiyah?”

Elaine said with a smile: “Yes! I exposed her on the Internet!”

After hearing this, the police officer asked in surprise,

“Are you that fighter Elaine the Counterfeit Fighter?”

He gave a thumbs up and praised: “Thank you, Elaine!”

“If you hadn’t exposed it, this Horiyah would have deceived more people,”

“And our Aurous Hill city would lose all face because of her! I thank you on behalf of the people of Aurous Hill!”

Elaine was flattered and said, “Oh, you’re flattering me, this is what I should do!”

The policeman then ordered the people around him: “You take Horiyah into the car first,”

“Then go to the villa next door and bring back those people who appeared in the video to cooperate with the investigation!”

“Okay!” Several police officers immediately responded, and then they helped Horiyah up and brought her into the police car.

Horiyah was already terrified, trembling uncontrollably, and asked: “Officer...how will I be punished for this? You won’t send me to prison...”

The policeman said coldly said: "Whether you will be sent to prison depends on whether you have violated the criminal law. If so, we will not tolerate it. We will definitely hand you over to the procuratorate for prosecution!"

Horiyah burst into tears in fright. Although she had never been in prison, she had heard about the situation there, so she was naturally terrified.

At this time, Elaine saw her crying and being stuffed into the police car, and felt even more proud. Looking at Horiyah, she shouted loudly: "You must make a good change when you go in, don't let the live broadcast room down. Ten thousand injustices look forward to you!"

Horiyah was extremely annoyed, poked her head out of the police car, and cursed: "Elaine, wait for me! I'll kill you sooner or later!"

When the policeman heard this, he immediately reprimanded: "Horiyah! Be careful what you say! Threatening the personal safety of others, even if you don't take actual actions, you can still be charged with the crime of picking quarrels and provoking trouble!"

Horiyah froze in fright, so she could only look at Elaine bitterly, then lowered her head obediently.

Soon, several police officers came to the villa next door.

At this time, Mrs. Willson was already asleep. Noah and Harold could vaguely hear noises outside, but because they were paralyzed in bed, they couldn't go out to check, so they could only lie on the bed and discuss.

Noah said to Harold: "Harold, why do I feel that the noisy sounds outside are like your mother?"

Harold said awkwardly: "Dad, grandma didn't open a window for us when she left. It's so good, I really couldn't hear it clearly, but just now I vaguely heard someone laughing, it sounds like that stinky bltch Elaine!"

"Elaine?" Noah said in surprise: "Could it be that your mother and she are fighting?"

"Impossible." Harold muttered: "Didn't Mom leave long ago? She must have gone to the hotel, it's impossible to still be arguing with Elaine at this time."

Noah nodded in agreement: "Also... your mother has been away for a long time, maybe she is lying in the hotel and enjoying!"

After speaking, Noah said with a depressed face: "I get angry when I think of your mother, it is not her who makes a little money and feels embarrassed. She is domineering at home every day, treating us like dogs..."

Harold was also extremely helpless and sighed: "Oh dad...you know the current situation of our family, mom can earn. It's a blessing to turn over the live broadcast with goods. As for her current temper, to be honest. The main reason is that we hurt her too much a while ago, especially you and grandma, so I didn't treat her like a mother too!"

Noah said angrily: "You can't blame me! It's not like you don't know what your mother did! Not to mention being pregnant with someone else's child, she even infected me with a whole body of diseases! Which man would be able to bear it?"

After finishing speaking, Noah resentfully said: "That's fine, the key thing was that the incident broke out in the hospital at that time, and everyone knew about it, so I had no place to put my face!"

"Oh, that's right. And Elaine, that b!tch who hung dozens of green hats on her balcony, this fcuking purposely disgusted me, you say that I am completely ashamed, how can I give your mother good looks?"

Harold sighed, and took a deep breath: "Hey... Dad, let me be fair. If you want to talk about this matter, I don't think you can blame Mom entirely."

"If you two didn't work together to cheat Elaine, Charlie wouldn't have been able to send Mom to the underworld Coal mine, both of you should have been sent to the black coal mine for this matter,"

"But you hid behind and let mom face Charlie alone. Didn't mom suffer for you? After all, mom paid so much for you, you still despise her, can she not be angry with you?"

As he said, Harold continued depressedly: "I didn't want to understand this truth earlier, if I had figured it out earlier, I would never be like you and treat mom coldly."

Noah scolded angrily: "Harold, I know, you just see your mother's prosperity now, and you want to catch up with her."

Harold hurriedly said: "I am not!"

"Come on!" Noah snorted coldly: "I don't know you yet. You have always been like that! Don't talk about your mother, even if Elaine has money for you, you can also call her mother!"

Harold said angrily: "Dad, what you said is insulting! I said it objectively, and these things are not to be blamed on Mom. Reflect on the problem yourself!"

"Fcuk you!" Noah said angrily: "You are a fcuking white-eyed wolf!"

Harold quickly said: "Dad, this is completely a matter of mentality. Look at the problem from a different point of view, and you must have the same idea as mine."

"Same as your uncle!" Noah said contemptuously: "I know exactly what kind of ba5tard you are!"

"Oh, dad..."

"Don't call me dad, go away!"

Harold was also a little angry and sullen as he said: "You are really stubborn! It doesn't matter if you yell at me now,"

"But if you don't correct your mentality in the future, you will definitely not spend the money your mother earns in the future!"

Harold said again: "Don't forget, mom also said today that your script is to get pancreatic cancer. Pancreatic cancer is so fast, people will be gone in a month or so, that is to say, from now on, it will take a month or two at most. You won't be needed in Mom's live broadcast room, and if you still don't satisfy Mom by then, then you will suffer a lot!"

Hearing these words, Noah became a little flustered.

Horiyah swears at him and even fights him, he is naturally very upset, but when he thinks that Horiyah is making money like water, he can't help thinking about what Harold said just now,

If Horiyah really doesn't want to let him spend her money, wouldn't the humiliation be in vain? Moreover, Horiyah will no longer need him very soon, if she kicks him out by then, it will be even worse!

Thinking of this, he also made up his mind, thinking to himself: "It seems that I still have to get along well with Horiyah in the future. As for the little bit of dignity of a man, it's already time, so let's do nothing..."

In his heart as soon as the words fell, there was a knock on the door, and someone outside asked, "Is it Noah Willson, Harold Willson's family?"

Chapter 5328

Hearing someone knock on the door, Noah subconsciously asked: "Who is it?"

As soon as the words fell, the door was pushed open, and several police officers came in, one of them looked at Noah and Harold, and asked: "You guys are Horiyah Qian's family?"

Noah subconsciously said: "I am... I am her husband."

Harold also said: "I am her son..."

The police officer nodded and said: "Okay, get up come with us, and cooperate with us in our investigation."

"Cooperate with the video investigation?" Noah asked subconsciously: "Officer, is it Horiyah? Are you sure?"

"Video?" Harold blurted out and asked: "What video? We don't know what the situation of the video is..."

The policeman asked with disbelief: "Your video was exposed on the Internet. Haven't you watched it yet?"

"Expose us?" Noah asked nervously: "What's going on? I can't even understand what you're talking about."

The police officer said lightly: "It's okay if we don't know, we're here we will let you know there, get up and follow us."

Noah hurriedly said: "Officer, my son and I are both paralyzed, and we haven't recovered yet, so we can't get up at all."

The policeman frowned and asked: "Acting is addictive, right? Don't think that I don't know that you are all fake. Don't you just act on purpose for those netizens on the Internet to see you,"

"So that they can place orders and buy things in your live broadcast room? In front of the police, you all dare to act in front of us, you are not like that."

Noah hurriedly said: "Officer, this is a big misunderstanding. Our father and I had an accident some time ago and have been paralyzed in bed for a long time. If you don't believe me, you can go to the hospital to check our files."

The police officer frowned, recalling that the two of them had been lying on the bed since they entered the door, almost motionless, and believed Noah's words a little bit.

So, he said, "If you really have mobility problems, then I'll ask two people to help you into the car. First, go to the police station to cooperate with us in an investigation. After the investigation is over, we will send you two back."

Noah asked nervously: "Officer, what is going on? You just said that someone exposed what we exposed? Did you expose my wife's live streaming?" "Yes." The police officer nodded, took out his mobile phone,

Opened the video, handed it to Noah, and said lightly: "Look for yourself, after all, you said it yourself, and there is no other person falsely accusing you or pouring dirty water on you."

Noah stared at the video, watching it play automatically, and Horiyah's first sentence in the video almost scared his soul away!

Although Harold, who was lying on the next bed, couldn't see the picture, he knew what was going on from the sound, and he was so scared that he got goosebumps all over his body.

The police officer took back the phone before the video was finished, and asked in a cold voice: "Now, do you know why you were asked to go back to cooperate with the investigation?"

Noah's forehead was already covered with cold sweat, and he stammered, "But... But my wife can't be considered a liar when she was broadcasting the live broadcast, because we are indeed paralyzed, and we really don't have much money for medical treatment..."

The policeman asked him: "Your wife already drives a Mercedes-Benz big G, you tell me you don't have money for medical treatment, do you think I'll believe it?"

Noah quickly explained: "Officer, you misunderstood, I'm not talking about now... I'm talking about when she just started live streaming... At that time we were really poor and can't get rid of the pot,"

"So she thought of earning some rewards through live broadcasting. Unexpectedly, more and more people followed her, so she started live streaming to sell goods, and the money she earned was from live broadcasting."

The police officer asked in a cold voice: "Since you have earned so much money, why are you still selling misery? Your wife's Mercedes-Benz G should be enough for the living expenses and medical expenses of both of you, right?"

“Kind netizens helped you to solve the problem, after your problem was solved, why didn’t you hurry up and let it go, why did you continue to consume the sympathy of netizens for your family? You already have money that you can’t spend, but you still talk about how miserable your family is in front of the camera, do you think this is right?”

Noah was speechless for a moment. He knew that this matter was outrageous, and his family didn’t care about it. It was like a water drop chip. It was clear that 3,000 yuan was enough to cure the disease,

But he insisted on raising 3,000 yuan on the water drop chip, there must be something wrong with it. The police came to the door, which was also a situation he had imagined earlier.

In desperation, he and his son could only be carried out of the room with the assistance of several police officers.

The one who was taken out of the house with them was the old lady Willson who had just fallen asleep but was awakened by knocking on the door.

At this moment, the old lady didn’t know what happened. Seeing that the police officers carried her son and grandson out, she hurriedly asked, “Noah, Harold, what’s the matter with you two? What are the police arresting you for?”

The police officer quickly explained: “Grandma, please don’t get me wrong. We are not going to arrest the three of you, but because the three of you are suspected of fraud, so we want the three of you to go to the police station to cooperate with us in our investigation.”

Suddenly startled, she quickly waved her hands and said: “Officer, my daughter-in-law did all the deceitful things, I have never done it, you must not take my old bone into prison.”

Old lady Willson, who has been in prison, has no nostalgia for that place but is full of fear.

She knew that what her daughter-in-law had done was disgraceful, and she might even be suspected of committing a crime, so she wanted to get rid of the relationship immediately, so as not to implicate herself.

However, the police officer said patiently: “Grandma, don’t panic too much. We just ask you to assist in the investigation.”

“If there is no problem, we will send you back.” The old lady Willson had no choice but to follow the police car.

Soon, several police cars left Tomsons’ and headed for the city bureau.

After arriving at the Municipal Bureau, the four members of Horiyah’s family were interrogated in isolation.

Due to their poor psychological endurance, the four of them confessed the whole story within a short period of time.

What the police officers didn’t expect was that Noah and Harold were actually paralyzed.

Originally, they thought that the paralysis of the two people should be fake, but now through the hospital's case and the visual judgment of the two of them, they can confirm that the two are indeed paralyzed.

This time, it made the police a little tricky.

If the cases of these two people were forged, then the family must have been convicted of fraud, but the cases of these two people are true, which proves that Horiyah did not forge documents to deceive the public.

Therefore, the crime of fraud is really not enough.

However, there is a precedent for this kind of live broadcast of selling miserable stories, and administrative punishment is generally imposed, depending on the severity of the circumstances, and administrative detention for seven to fifteen days.

So the police quickly made a decision to detain Horiyah for 10 days, and at the same time permanently ban her account on the short video platform.

Although Noah, Harold, and Mrs. Willson are accomplices, it seems that the father and son are indeed paralyzed in bed. Mrs. Willson is also old and has to take care of a pair of two people, so she will be lenient to the three to avoid punishment.

Ten days of administrative detention is already a blessing in misfortune for Horiyah.

She thought to herself: "It doesn't matter if you are detained for ten days, as long as they don't confiscate my money..."

But she just thought so, taxation the person approached her immediately and said,

"Horiyah, after our verification, your bank card account exceeded 10 million during this period, but you haven't paid a penny in tax. What's going on?"

Chapter 5329

Users like Horiyah can directly apply for cash withdrawals from the platform for their income from live streaming,

But the money is pre-tax, and the anchor needs to declare taxes by themselves.

But Horiyah has never filed a tax return because she is reluctant to lose a large amount of income.

Now, the taxation department also came to her door, and she panicked all of a sudden,

So she could only lie quickly and said: "Officer, you have also seen the situation in my family."

"There are indeed two paralyzed patients who need to be taken care of."

"There is an old woman who needs to be taken care of,"

"And I was really busy, so I didn't take care of it for a while..."

As she spoke, she had a flash of inspiration, and quickly made up for herself:

“You see, it didn’t take long for me to live broadcast the goods.”

“The time, in total, is only a month or so. In fact,”

“I planned to file tax returns as soon as I finish my busy days...”

The staff of the tax department knew that she must be lying,

But just as she said, it has only been more than a month since the live broadcast begin.

If she said that she forgot, or was too busy to pay taxes for a while,

The tax department would have no way to prove that she was deliberately evading taxes.

So, the tax officer gave her a step up: “We have indeed understood your situation,”

“And there are indeed some objective factors, so we will not investigate whether there is tax evasion.”

“You only need to declare a tax return as soon as possible according to your actual income. That’s it.”

Horiyah asked subconsciously: “What’s the tax rate for our individual tax?”

The tax officer explained: “Your live delivery of goods belongs to labor service remuneration,”

“And labor service remuneration belongs to citizens’ comprehensive income.”

“After paying, the tax rate is applicable from 3% to 45%.”

“Since your amount has already reached the highest level, 45% is applicable.”

“Ah?” Horiyah immediately cried: “45%... This... this is too much...”

The tax officer said seriously: “Paying personal income tax according to the law is the obligation of every citizen,”

“And our personal tax is not high in the world.”

“The highest personal income tax in Japan is above 50%, and in the United States it is also 45%!”

Horiyah wanted to die, but she was able to get a clear picture of the situation at a critical moment.

She thought to herself: “Since my income has been exposed, paying taxes must be necessary.”

“Those celebrities who evade taxes basically have no good end, and I am surely going to be the same...”

“

“Besides, I am not so having bad luck. After all, I had a short time to make money,”

“So I can use it as an excuse that I forgot to pay taxes or have no time to pay taxes.”

“Make up a reason for myself, otherwise, when the time comes,”

“I will pay taxes and fines, and the amount will only be even greater!”

At this point, Horiyah could only nod honestly and said:

"I am willing to pay taxes! I am willing to pay taxes!"

"Wait for me to get out, and I'll pay the taxes immediately!"

At this time, she thought to herself, even if she cut off her income and paid the income tax,

She still has at least several million cash in hand.

The fantasy of hundreds of millions and billions is much less, but a few million is enough for her to live by herself.

Seeing that her attitude was not bad, the tax officer gave her some advice and left.

At this time, Horiyah, as if she had just escaped a catastrophe,

Slumped on the interrogation chair and let out a sigh of relief.

Seeing this, the police officer said in a cold voice:

"Let me tell you something from the bottom of my heart."

"You should thank Elaine who exposed you. Today,"

"By exposing you and letting you rein in the precipice, you will not make a big mistake!"

Chapter 5330

After hearing this, Horiyah was naturally dissatisfied,

And she couldn't help but think to herself:

"Elaine, that stinky b!tch, she cut off my money, and still wants me to thank her?"

"I will be sorry if I don't find a chance to kill her myself!"

Seeing her depressed face, the policeman said,

"Do you think I'm joking with you? To tell you the truth, we've already seen the video she exposed you on,"

"And you said you were going to let your Husband pretend to have pancreatic cancer,"

"Your son pretended to have uremia, and your mother-in-law pretended to be blind from crying."

"The reason why you can only be detained for ten days is that your husband and son are indeed paralyzed."

"The law defines it as a crime of fraud for you,"

"If you really do what you just said, it will be a proper crime of fraud!"

"At that time, maybe the court will sentence you to ten years!"

"Ah?!" Horiyah said in horror, "Will I be sentenced for as long as ten years?"

The police officer said calmly, "Once it is determined as a crime of fraud,"

“The amount of money involved in your case is already huge.”

“The starting sentence is ten years, and all illegal gains will be confiscated.”

“If your money increases again during this period,”

“You will definitely be sentenced to more than ten years or even longer.”

Horiyah was stunned, she didn't expect, However, selling miserably in the live broadcast,

There will be such serious consequences, and it will even touch criminal law.

However, even though Elaine indirectly helped Horiyah rein in the precipice,

Horiyah could not forgive her at all.

She still secretly vowed in her heart that after she got out,

She must find a way to take revenge on Elaine.

At the same time.

Horiyah's video is still fermenting on the Internet.

More and more people who bought things in Horiyah's live broadcast room.

All were filled with righteous indignation when they saw the video exposing Horiyah.

They originally placed an order to buy goods in her live broadcast room out of sympathy,

And the poor quality of the goods had long made them very dissatisfied,

But out of sympathy for her and her family, they had never asked for a return.

But now, when they saw Horiyah's video, saw her ugly face,

And even see her treating her family as a wrong person, they are also very dissatisfied.

As a result, many people began to find Customer Service,

Hoping to return the things they bought from Horiyah's live broadcast room,

And also hoped that the platform would impose heavy fines on Horiyah.

The operation team of the short video platform held an emergency meeting at headquarters.

During the meeting, the executives agreed that the platform must give consumers a satisfactory answer as soon as possible,

Not only to effectively appease their anger but also to severely punish,

Horiyah's behavior so that other anchors can learn from it and never make the same mistake again.

Therefore, the group's chief lawyer made a suggestion.

He felt that the platform should pay these consumers in advance,

And return all the orders purchased in Horiyah's live broadcast room in full.

The total turnover of Horiyah's live broadcast room is about 60 million yuan,

Which is just a drop in the bucket for the platform.

In addition, the platform has to recover from Horiyah,

And those merchants who asked Horiyah to sell the goods after the first payment,

And ask them to bear this part of the cost.

If they refuse to bear it, they will be punished.

If they sue, once they win the case, they must make compensation.

If they still refuse, the platform can also apply to the court for enforcement.

In this way, Horiyah must pay out all the income from her live streaming.

If she refuses to pay, she will be punished by law.

This will also greatly deter other live-streaming anchors!

Horiyah, who had just been sent to the detention center,

Was still grateful that she could keep at least half of her income after going out to pay taxes.

But what she didn't know was that every penny she earned would have to be refunded!
