

Chapter 5349

Chengfeng's change was indeed unexpected for many people.

In the eyes of many Su family members, he is the stone in the latrine, so smelly and hard that no one has ever dared to challenge his authority in the family, and he has never bowed to anyone in the family.

But this time, he did have the consciousness to change his past.

After he came to the hotel, accompanied by Zynn and Roma, he immediately found Ruoli, and sincerely apologized to her, begging for her forgiveness.

He bowed slightly, and said to her, "Ruoli, Grandpa used to treat you with a lot of debts, and even betrayed you many times for the benefit of the Su family. Now grandpa dare not ask for your forgiveness. I only hope that you can forgive me. Accept grandpa's sincere apology..."

Ruoli didn't expect that Chengfeng would take the initiative to apologize to himself. Thinking back to her illegitimate daughter, she had never been recognized by Chengfeng. Although she knew that he was her grandfather, she never dared to really treat him like a grandfather, let alone expect him to treat her like a granddaughter.

And when she thought about how she was abandoned by the Su family many times and even nearly died at the hands of the Self-Defense Forces in Japan, she was still indignant.

Thinking back to the few times when she almost died, Ruoli's tears rolled down uncontrollably.

But even though she was crying like rain, she said to Chengfeng very magnanimously: "You have already paid the price for what you did back then, and now I don't blame you anymore."

Chengfeng saw that she couldn't stop crying. He felt ashamed in his heart.

But fortunately, Ruoli was still willing to forgive him, which to him was his wish fulfilled.

Then, Zynn called Zhiyu and told her that the old man wanted to visit Liona.

After Liona learned about it, she also graciously welcomed it.

Zynn originally wanted to go with Chengfeng, but Chengfeng warned him in a low voice:

“Zynn, since you are going to marry Roma, you must keep a distance from Liona, and didn’t make Roma feel uncomfortable. By the way, I will let the driver take me there, you can find a chance to talk to Charlie and see if he is willing to be the witness of the two of you.”

Zynn thought for a moment, nodded slightly, and said: “Okay Dad, I’ll find a chance to ask him.”

When Chengfeng used his sincerity to get to Liona, Zynn took the initiative to call Charlie.

At this time, Charlie was shutting himself up in the Champs Elysees hot spring villa, thinking hard.

After coming out of Liona’s house in the afternoon, he couldn’t wait to come here, wanting to continue studying the ring that Maria gave him.

Today, the ring’s beating again made him feel a little confused.

Ever since he got this ring, it has been acting like a spiritual energy scammer. No matter how much spiritual energy he instilled in it, it wouldn’t respond at all.

However, since the last time, it was beating inexplicably at University, today it was the second time it was suddenly in the underground garage of Tomson.

In Charlie’s subconscious mind, he has always felt that this thing is definitely not simple, because the aura he has input into this ring is already a huge

amount. If he uses that aura to activate the Thunderbolt Talisman, the entire Aurous Hill might be thunderstormed for at least three to five days.

However, such powerful energy can disappear without a trace when it enters this small ring. Among other things, the bearing capacity of this ring is already extraordinary.

Charlie is also a person who has read books. He knows that everything in the world must obey a basic physical rule, and the law of energy conservation is one of them.

The basic principle of the law of conservation of energy is that energy will not be created out of thin air, but it will not disappear out of thin air either.

If you compare aura to electricity and this ring to a battery, then you can clearly see what is unusual about it.

Normally, a battery of the same volume is nothing more than an ordinary button battery, and the amount of power it can store is negligible, and a few hundred mAh has already reached the peak of battery technology at this stage.

But the current condition of this ring is like a button battery, which has been charged with thousands or even tens of thousands of kilowatt-hours of electricity!

So here is a question.

According to the law of energy conservation, such a huge amount of energy can never disappear in vain, so it must be stored or transformed by the ring in some way.

But how did it do it? Where does it store all this energy?

Although Charlie couldn't figure out these two problems for a while, he could figure out one thing, that is, this ring can swallow such a powerful aura, which proves that it is definitely not a mortal thing, and even surpassed his understanding of things.

With such a magical weapon, he has been unable to pry into its mysteries while holding it in his hand. Charlie naturally scratches his heart.

He also tried, sending a little spirit energy into it again, but its reaction was still the same as before, accepting all of his spirit energy, and nothing came of it, without any response.

The more so, the more Charlie was puzzled by this thing.

But the current him, no matter what he said, did not dare to pour spiritual energy into the ring unscrupulously, so he could only hold the ring and look at it repeatedly, trying to find out the mystery behind it.

However, this ring is completely a plain circle ring without any lines or inscriptions, and the surface is so smooth that there is not even a small pothole.

Just when Charlie was at a loss, Zynn called him.

On the phone, Zynn said to him after being respectful and polite: "Mr. Wade, actually I am calling you this time to make a request, and I hope you can agree."

He continued: "Mr. Wade, I would like to invite you to be the witness of our wedding...We couldn't get to this day without your help. For the two of us, you are our biggest benefactor,"

"It is very appropriate to invite you to be the witness of the wedding, and I hope will not reject us..." "

"Okay, I will do it."

Charlie only agreed to Zynn's request after a little hesitation.

He felt that since Zynn asked him for this matter, he would not look at the face of the monk but the face of the Buddha.

There were no outsiders at this wedding, nothing more than people from the Su family, the He family, and the Ito family.

Zynn, who originally thought that Charlie might not agree, immediately breathed a sigh of relief after hearing Charlie's affirmative answer, thanked him a thousand times, and then hung up the phone.

Charlie put the phone aside, looked back at the ring, and couldn't help muttering: "You have lied to me so much, and you didn't say thank you or give any response from the beginning to the end."

"I don't care about these things with you, but can you tell me, last time at University and this time at Tomson, why did you suddenly jump inexplicably? Could it be these two places that made you feel something wrong?"

After muttering, the ring naturally didn't move.

Charlie thought of something, and said again: "Then if I take you back to the old place, can you still give the same reaction?"

Thinking of this, his eyes lit up immediately, without saying a word, he put the ring into his pocket. Immediately drove to the University at the fastest speed.

This time, instead of driving in, he parked his car in a parking lot near the University and then walked into the campus.

He clearly remembered the last time the ring jumped at the University, on the way he drove away from here.

So he put the ring on his hand and walked unhurriedly all the way to the Academic Affairs Building.
