

Chapter 541

Jin family villa, in the hall.

Without the celebration of the company's opening, everyone was dejected. Lu zhanyan, in particular, sat on the sofa with his head down. Since he came back from the factory, he has never said a word.

Yang ziye came to sit down and patted him on the shoulder: "Zhan Yan, don't blame yourself too much. It's very clear that Huo Tingchen is playing tricks."

Lu zhanyan looks up at Yang ziye. His eyes are so complicated that people can't see what he is thinking. Only the pain at the bottom of his eyes can tell how guilty he is now.

Jin Zhengting stood in front of the window, looking at the sky with deep eyes, and said in a low voice: "since you disappeared, I have thought that Huo Tingchen used this method to deal with the Lu family. Now his plot has succeeded."

Just when Lu zhanyan stopped Qian Yuanyuan's suicide and two people fell to the ground naked, Lu Moyan just looked at their room. When he saw the two people on the ground, his face immediately became very pale. There was no language to describe his feelings at that time. Anger, sadness, helplessness, and resentment were intertwined, which made him feel sad. In that moment, reason had completely collapsed.

Lu Moyan will not consider whether Huo Tingchen set up the situation to frame Lu zhanyan. He only knows that his eldest brother has a relationship with his wife, and he has personally broken it.

In shame, Lu zhanyan wants to explain, but he is knocked down by angry Lu Moyan. Qian Yuanyuan, who had the idea of suicide, gives up the idea for the time being. She wants to explain to Lu Moyan, but now he is in a state of extreme anger. How can he listen to what she says?

After giving Qian Yuanyuan a slap in the face and leaving behind a slut, Lu Mo Yan left the abandoned factory with the anger of leaving.

Lu zhanyan thinks that he has no face to go back to Lu's home, so he is taken to Jin's home by Jin Zhengting. At the same time, Zhao Tongxin is afraid of Qian Yuanyuan and brings her back. Now he is talking to her in his bedroom to see Qian Yuanyuan's state before he enters the door. It is certain that Zhao Tongxin's ideological work is not very ideal.

"Zhengting, now is not the time to consider these issues. It's really worrying that zhanyan is like this."

Yang ziye doesn't care about any intrigue at all. In his eyes, he only has a depressed look like his brother. Several people have known him since childhood. Up to now, they haven't seen Lu zhanyan like this. It can be seen how hard this incident has hit him.

Jin Zhengting looks back at the silent Lu zhanyan. He is also worried about Lu zhanyan, but he also

knows that no matter what others say, Lu zhanyan will not listen to it.

"There is nothing we can do. Now only time can let him come out of the shadow. Ziye, this time let zhanyan live here first. We'd better not disturb him. I want to give him some time, and he can figure it out."

Jin Zhengting is very confident in Lu zhanyan's psychological endurance, but now he has not come out, so all he needs is time. Qian Yuanyuan and Lu Moyan have forgiven him.

If only Qian Yuanyuan, it might be easier. After all, both of them were framed by Huo Tingchen, so they are the same victims. Moreover, they had a relationship before, so it would be easier to get her forgiveness. Now the most difficult thing is to die Lu Moyan.

From the actual situation, the biggest victim should be Lu Moyan. He betrayed him with his two closest friends. Even if Huo Tingchen's plot was involved, he would not think about it now. This is what Jin Zhengting was most worried about, so his eyebrows could not help wrinkling.

Yang ziye naturally saw the change of his expression. He had never seen Jin Zhengting so embarrassed. He asked, "Zhengting, what do you think of?"

"I'm thinking that if I were Huo Tingchen, I would prepare the camera in advance, record the whole process of the relationship between zhanyan and Qian Yuanyuan, and send it to Mo Yan. At this time, no matter what Huo Tingchen said, Mo Yan would believe it, and it is very likely that he would turn from it. It's really not good for our current situation."

Yang ziye is a playboy, but it doesn't mean he is stupid. His eyebrows are wrinkled. What Jin Zhengting thinks is likely to happen in a short time. At that time, the Lu family will inevitably split. Now the two sides are in a balance of power, so the existing balance is maintained. However, if the Lu family split and Lu Moyan's defection, then the balance will stand. The moment is broken, even if they can persist for a period of time, but in the long run, the final result will be defeated by Huo Tingchen.

"Zhengting, shall we find Mo Yan quickly? If that happens, will you and I fight to the death with Mo Yan?"

Jin Zhengting sighed and said faintly: "I'm afraid this is not something we can stop. Even if we can find Mo Yan, now his mood is not something we can persuade. So now we can only hope for luck beyond the stars."

Yang ziye has never heard Jin Zhengting say this kind of dejected words, because in his impression, no matter what difficulties he encounters, Jin Zhengting will not be defeated. He will always have a way to solve all kinds of crises, but this time it seems that he really has no way. If you think about it carefully, Yang ziye can't help but feel relieved. He can only say that Huo Tingchen has grasped the opportunity very well this time. A normal man will never choose reconciliation when this kind of thing happens. It's about a man's basic dignity.

"If Mo Yan really takes refuge with Huo Tingchen because of this, then we have another big enemy, so we'd better make preparations early."

Yang ziye has a shuddering feeling. He thinks that Lu Moyan's position and strength in Jiangbin will really be put into Huo Tingchen's camp, and then things will be really bad. Although he said that Jin Zhengting should make plans early, he knows that the confrontation between the two sides has entered a white hot stage, and the loss and injection of power from either side are enough to change the balance. It's tilted.

"Zhengting, if you need help, just say it. I think I can help you a little bit."

Ke Jingteng pushed the door and came in. He was no different from his home. After all, he was Jin Zhengting's best friend, so he had nothing to restrain.

"Not yet, Jingteng. I have a premonition that you must help me to defeat Huo Tingchen, but it's definitely not now. I don't want to expose your strength ahead of time before that."

Jin Zhengting said faintly that he would not refuse to help Ke Jingteng, because only a few of them knew the real strength of the Ke Jingteng family.

"OK, it's a deal."

Ke Jingteng gave a faint smile. His smile was very gentle. Then he sat down beside Lu zhanyan: "zhanyan, it's OK."

"Thank you."

Lu zhanyan, who had been silent for a long time, finally spoke. He knew that his good friends were very concerned about him, so even now he was very upset, he still expressed his thanks to his brothers.

"Zhan Yan, you live here during this time. Wait for me to help you solve this problem."

Jin Zhengting threw him a cigar and said with a smile that he seldom smiles. He only smiles at Zhao Tongxin. In fact, his smile is very warm, which makes Lu zhanyan feel warm.

Yang ziye also patted him on the shoulder with a smile: "brother, it's no big deal. Even if our expectations really happen, what can we do? Don't you still belong to the Lu family? We're still good brothers fighting side by side. No matter what choices he has, we won't blame him. When he's angry, I'll be happy. Let's talk to him again. "

Lu zhanyan forced a smile: "it won't bother you. After all, it's our Lu family's business. I think I can solve it by myself."

"Hey, Zhan Yan, you are too outsider. If you can solve it by yourself, what else do we brothers do?"

Yang ziye is the first one to be unhappy. He knows that the Lu family must have been in a mess for a long time now, but now Lu Moyan is angry. If Lu zhanyan is allowed to go back to deal with things, maybe the two brothers will have a conflagration, and it will be really hard to deal with it at that time.

"Ziye seldom says the right thing, but this time I think he's right. Now you just need to have a good rest and leave the rest to us. We'll give you a satisfactory solution."

Jin Zhengting took out a lighter and lit a cigarette for Lu zhanyan. He said faintly that his tone was full of confidence and unquestionable command tone. The current situation is really inconvenient for Lu zhanyan to come forward. He decided to talk with Lu Moyan in person a little later. Although he knew that the chance of success was not great, he was willing to try it for his brother 。

"Zhan Yan, Zhengting and ziye are right. I'm a doctor. You should listen to me. Now you are in a very bad mental state. All you can do is rest. Don't you believe in Zhengting and ziye's ability after so many years of friends?"

Ke Jingteng said in a soft voice that although he didn't usually stay with them, what he said was quite weighty.

Lu zhanyan looks at Jin Zhengting with firm eyes and Yang ziye with very erratic eyes. Yang ziye is very hurt because he wants to talk but stops. He says indignantly, "Hey, I admit it's a little worse than Zhengting, but you don't need to look at me with that kind of eyes. What do you mean?"

"It doesn't mean much. I just don't think you're reliable."

Lu Zhan laughed and made a joke. He didn't want his three best friends to worry about themselves, but also wanted to activate the repressive atmosphere.

"Damn, he can still tell jokes. I don't think he has any problems now."

Yang ziye said with a bitter face, but he couldn't hide the surprise. His good friend recovered so quickly. Nothing made him happier than this.

Jin Zhengting and Ke Jingteng look at each other, and they can see that Lu zhanyan is still forced to smile. The best way to get him out of the shadow is to make it clear with Qian Yuanyuan, but the situation of Qian Yuanyuan is still worrying.

After all, she is a girl, psychologically fragile, will not recover so quickly."Jingteng, what do you want to say to me at the reception today?"

After finishing Lu zhanyan's business, Jin Zhengting called Ke Jingteng to the corner and asked in a low voice.

Ke Jingteng's face became dignified: "Zhengting, let me tell you a bad news. You and Huo Tingchen have made too much noise. The high-level officials have already targeted you, especially you. Your uncle is in the military office. There are too many opponents, so it's easy to be caught. I advise you to hold back for a while, especially those fighting and killing things Don't do it any more, or you'll be saved unless my dad comes out in person. "

Jin Zhengting nodded faintly: "Jingteng, I will remember what you said, and I don't plan to make any big moves during this period of time. You can rest assured and say thank you to Uncle Zhou for me."

Chapter 542

"Yuanyuan, this has happened. Don't think about it any more. I believe Lu zhanyan didn't mean it. He was framed by Huo Tingchen."

Zhao Tong Xin takes Qian Yuanyuan's hand and says gently. She has advised Qian Yuanyuan for a long time, but the effect is not particularly obvious. Qian Yuanyuan always embraces his knees and sits at the head of the bed without saying a word.

From the psychological point of view, the action of holding knees with both hands is an instinctive self-protection action after a person is hit. It can be seen that Qian Yuanyuan still has not got rid of that terrible nightmare.

"Yuanyuan, please say something. Don't keep silent. If you have any grievances, just say them. Don't hide them in your heart."

Zhao Tongxin's eyes are full of anxiety. She knows that if Qian Yuanyuan is crying and making trouble now, it's easier to do things. It's the most difficult thing to say nothing. It also proves that she didn't listen to so many words Zhao Tongxin said just now.

"Yuanyuan, I know you're feeling very bad now, but it won't work, or I'll ask Lu zhanyan to come in and make it clear face to face."

Zhao Tongxin thinks that no matter how much other people try to comfort him on this issue, he might as well let Lu zhanyan talk to Qian Yuanyuan. Maybe the effect will be better.

If Qian Yuanyuan is still single now, all these problems are easy to say. As long as Lu zhanyan is responsible for her, Zhao Tongxin naturally knows that she and Lu zhanyan once had a very deep relationship, so there should not be too much resistance in their relationship.

But now it can't be like this. Even if Lu zhanyan is willing to be responsible for her, Qian Yuanyuan is Lu Moyan's wife and his brother. If Lu zhanyan really wants to be responsible for Qian Yuanyuan, where should he put Lu Moyan?

This problem is not only the problem of three people, but also involves the whole Lu family, and even the current situation of riverside. If it is not handled properly, the consequences will be really unimaginable.

Zhao Tongxin has been a secretary to Jin Zhengting for a long time and has considerable experience, so she can see this very clearly. This is also the fundamental reason why she is in a dilemma. No matter what kind of solution she comes up with, it seems that the division of the Lu family brothers is inevitable. This is simply a dead knot.

"Tong Xin, I'm ok. Don't let me see Lu zhanyan again."

Qian Yuanyuan said with a dull look that her eyes were very dull. No one knew what she was thinking now. Maybe she was ashamed of Lu Moyan, but she hated Lu zhanyan more.

Even though she knows in her heart that this is not the original intention of Lu zhanyan, it has come to such a stage that someone has to bear the consequences. In fact, Qian Yuanyuan is ready to bear this matter alone, so it can be said that hatred for Lu zhanyan is a very helpless performance.

"Don't lie to me. I know you so well that I can't hide it from you. No matter how you look, you seem to be very busy."

Zhao Tongxin is finally relieved. As long as Qian Yuanyuan is willing to speak, it means that he can persuade her.

"I'm really OK. Now that things have happened, I have to think of solutions. In this way, I'll contact Mo Yan and explain to him. As for what he wants, I can't control it."

There is no emotion in Qian Yuanyuan's voice. She can foresee Lu Moyan's attitude. With her understanding of his character, he will never forgive them.

"Don't contact Mo Yan. Now he is angry. Let's wait for him to be in a better mood in two days. During this time, you will live in my house first."

Zhao Tongxin knows that no matter what is said now, Lu Moyan can't listen to it. It's better to deal with it coldly first, and Jin Zhengting will have her own plan. She thinks she'd better listen to Jin Zhengting's opinions first. After all, it's too much to do with this matter. If the Lu family is split, it will have a huge impact on the current situation in Jiangbin.

Qian Yuanyuan thought for a while, and finally bit his lip and nodded: "OK, Tong Xin, I'll trouble you these days."

Zhao Tong heart gentle smile: "don't say that, Yuanyuan, you must be good."

The reason why she wants to keep Qian Yuanyuan is also for Qian Yuanyuan's safety. With her

understanding of her best friend, Qian Yuanyuan is likely to choose a very extreme way to explain to Lu Moyan.

"I will, Tong Xin."

Qian Yuanyuan tries to squeeze out a reluctant smile. She also understands the meaning of Zhao Tongxin. When her heart is hurt, Zhao Tongxin's care still gives her a touch of warmth.

"Well, Yuanyuan, take a rest first. I'll go out and talk to the court."

Zhao Tong Xin comforted said a, turned to go out, whispered to the door of Rongqi command: "Rongqi, look at her, I'm afraid she will do harm to themselves, from today on, you should always pay attention to her, had better not let her leave your sight."

Rong Qi hesitated for a moment: "Tong Xin, but what about your safety? The company has just opened, and you still need to go to the company to deal with things every day. You are only accompanied by Shaoyuan sister. In case Huo Tingchen is not good for you at this time, what should you do?" It's normal for her to have such worries. Since Huo Tingchen has already started to deal with the Lu family, it's very likely that she will be attracted to Zhao Tong.

"It's OK. Except for the spoon, I'll let Xu Yanke follow me. It's enough to have them by my side. At this time, Yuanyuan needs company most. Please help me."

Zhao Tongxin is not worried about her safety at all. She is particularly concerned about Qian Yuanyuan now, so she thinks it doesn't matter if there is no Rong Qi around her. It's better to keep a close eye on Qian Yuanyuan.

Rongqi nodded: "well, Tong Xin, I listen to you. From now on, Yuanyuan won't leave my sight."

She is Zhao Tongxin's subordinate, and her brother Rong Lei, the task of the boss will be completed.

"Well, it's hard for you."

Zhao Tong Xin smiles and turns to the living room.

In the living room, Ke Jingteng and Yang ziye have already left. As the most famous surgeons in the city, it's not easy for them to spare some time. So he has to go back to the hospital now. There are many patients waiting for him.

Yang ziye also has to put away his playboy style. After all, he is now the vice president of United catering group. When Zhao Tongxin can't leave, he has to go back to the group to deal with the daily affairs. Although this is the work he didn't like to do before, he can only do it in person now, because things on Jin Zhengting's side are more difficult for him You have to share some of the pressure for your good friends.

"Zhengting, have they all gone?"

Zhao Tongxin saw Jin Zhengting sitting on the sofa with a frown. She walked over gently. If there was a boneless hand gently on his shoulder, she would slowly knead and massage him. Her technique was not skillful, but her strength was controlled just right. This was a tacit understanding formed by the two people for many years.

She knows what kind of massage Jin Zhengting likes. Seeing his tired look, Zhao Tongxin feels distressed. Although she can't help her, she still uses massage to relieve his pressure.

At this time, Zhao Tongxin had lost the domineering spirit at the reception. There was a trace of gentleness between his eyebrows, just like the image of a good wife and mother.

Jin Zhengting's wrinkled eyebrows stretch out with the movement of her hands. He likes the touch of Zhao Tongxin's hands on his muscles. With her massage, his nervous tension really relaxes. All his troubles are forgotten. He closes his eyes and enjoys the relaxed pleasure brought by his wife's massage.

"Just left, they all have their own things to do, and I think I will be busy soon."

Jin Zhengting's voice is very soft. Maybe Zhao Tongxin's massage has played a key role, which turns his usual aloofness and dignity into tenderness around his fingers.

"What do you think we should do about zhanyan and Yuanyuan?"

Although Zhao Tongxin knows that he is also worried about this matter, and she doesn't want to mention it when he is upset, but it has already happened, so there must be a solution. This problem can't be bypassed in any case.

Jin Zhengting opened his eyes again, a pair of deep eyes flashing dark light, he sighed, light said: "I can only try to persuade Mo Yan, but with my understanding of him, it is difficult."

Zhao Tong Xin did not stop the action on the hand, she also followed with a sigh: "that is to say, Yuanyuan has been impossible with Mo Yan."

"I think it should be like this, and Mo Yan is unlikely to forgive Zhan Yan. Maybe soon Mo Yan will become our enemy. We should be prepared for this."

Although Jin Zhengting's tone is flat, there is still a trace of sadness in his eyes. It can be said that the main purpose of Huo Tingchen's design of Lu zhanyan and Qian Yuanyuan is actually because of him. If Huo Tingchen wants to fight with him, he will not be so deliberately disintegrating the Lu family.

After all, the Lu family and the Yang family are the most powerful allies of Jin Zhengting group in Jiangbin business. So Jin Zhengting still feels guilty about the Lu family in his heart.

Zhao Tongxin pauses as she moves her hand on his shoulder. She also knows that what Jin Zhengting said is likely to happen one day in the future. It's just that her kind character won't give her hand to a former friend.

"I don't want to see that day, so we should try to find a way as soon as possible to convince Mo Yan. I hope he can forgive Yuanyuan and Zhanyan. They didn't mean it, but Huo Tingchen's plot. Mo Yan is so smart that he will understand it."

She is asking Jin Zhengting, which is actually a kind of self consolation. She is always willing to see the happiest ending instead of the present situation.

Jin Zhengting pondered for a moment: "Tong Xin, I'm afraid you're going to be disappointed this time. If you don't understand what happened to a man, his own brother and his wife, any normal man will not forgive him, unless Mo Yan doesn't love Qian Yuanyuan at all, but you also know that it's impossible. He loves Qian Yuanyuan very much, so how deep is his love before, and now his love Hate is strong. At this time, as long as Huo Tingchen finds him and shows him something, he will immediately become our enemy. "Zhao Tongxin's eyes also became dim, which she could have thought for a long time. Huo Tingchen didn't just want to split the Lu family. His purpose was to win over all the forces that could be won over. Although Lu Moyan's strength was not as strong as Lu Zhanyan's, he was also a powerful force in Jiangbin. Huo Tingchen would naturally use the current contradictions to win over Lu Moyan. This is her reason. What can be foreseen.

"Zhengting, will you deal with Mo Yan?"

Zhao Tongxin is a little worried. Although she hasn't been in business for a long time, she has heard about the methods of presidents like Jin Zhengting. They are successful leaders who will cut off potential threats by all means. She is worried that Jin Zhengting already has such ideas about Lu Moyan.

Jin Zhengting gave a faint smile: "Tong Xin, you think too much. Zhan Yan and I grew up together. We treat Mo Yan like our own brother, so I won't use any means to him."

"Zhengting, others say that you are the overbearing president. In fact, I think you are the kindest person in the world."

Zhao Tongxin nestled in his arms, and his pretty face was full of happiness.

Chapter 543

"Tong Xin, I suspect that there is a spy inside us, otherwise Huo Tingchen can't calculate every step so accurately."

Jin Zhengting's eyes became sharp. He had this feeling because Huo Tingchen's plan was too perfect.

At that time, he remembered very clearly that Huo Tingchen and his subordinates left the reception first, that is to say, he should not be very clear about what happened at the reception.

But from Cheng Mohan's appearance to Qian Yuanyuan's silent kidnapping, Huo Tingchen had a good time.

Because when Cheng Mohan appeared, everyone at the reception was attracted by him. At that time, even he himself focused on Cheng Mohan, because as the owner of the Jin family in Jiangbin, no matter what identity Cheng Mohan appeared there, he must pay attention to it. After all, Cheng's family and Jin's family had a deep feud, and he was not sure about Cheng Mohan's future. Because of Zhao Tongxin's relationship, I can let go of this resentment.

Even if Cheng Mohan can put it down, he can't help keeping enough vigilance. After all, Cheng Mohan is no less than him, and Jin Zhengting couldn't pay attention to Qian Yuanyuan at that time.

Not only Jin Zhengting didn't pay attention, but even Lu Zhanyan and Lu Moyan, who are closest to Qian Yuanyuan, are attracted by Cheng Mohan's sudden appearance. They know the inside story, but they don't know the purpose of Cheng Mohan's return to Jiangbin this time, so their attention is also on Cheng Mohan.

Jin Zhengting speculated that Qian Yuanyuan was hijacked during this period of time, and did not make a sound. It can be seen that the person who hijacked Qian Yuanyuan must be the one at the reception.

Even if Huo Tingchen can put several of his subordinates in the scene and mix them with the guests, it is very possible, but his subordinates' identity is also very limited. Naturally, they can't be too close to Qian Yuanyuan, and strange faces are easy to attract people's attention, because although Jiangbin is a big city, the rich in the upper class are not special. There are so many people in this circle all the year round, no matter how their relationship is, at least they know each other.

According to these conditions, Jin Zhengting infers that Cheng Mohan has long been under Huo Tingchen's surveillance, which is understandable. He will not underestimate Huo Tingchen's energy. As long as Cheng Mohan is not dead, Huo Tingchen will know about it sooner or later, and it is within his ability to monitor Cheng Mohan.

But other people were not at the scene, so naturally we can't take advantage of the time when everyone paid attention to Cheng Mohan. It only shows that there were other people in the reception, and the guests present were very familiar with them. We should be very familiar with the people Huo Tingchen hid at the reception, otherwise we would not deliberately have attracted other people's attention. In this case, Qian Yuanyuan was abducted from the hall.

And according to the report of Shaoyuan, during that period, all the closed-circuit surveillance systems in the reception hall were interfered by strong electromagnetic waves, so no pictures were taken.

Huo Tingchen used this move in the stock market crisis some time ago. In this regard, Long Jiu is an

expert, so he can interfere with the closed-circuit surveillance system. This is what Jin Zhengting can think of. However, he doubts why Huo Tingchen wants to destroy the surveillance system.

The purpose of Huo Tingchen's doing this is probably to help his accomplices hide their identities. It can be seen that Jin Zhengting has a keen sense that Huo Tingchen's accomplices are people he knows and is very familiar with. Otherwise, Huo Tingchen will not go to great trouble to hide their identities.

So he quickly came to the conclusion that within his group, some people who have a good relationship with him, or who are very familiar with him, must have played a key role in Huo Tingchen's plan.

Zhao Tong's heart also beats suddenly. Jin Zhengting's analysis is too terrible. If Huo Tingchen's spies really exist inside them, then Huo Tingchen may have known many plans, which is not a good thing for the development of the group and the company.

"Zhengting, can you guess who the traitor is?"

She asked in a low voice. At this time, Zhao Tongxin was very measured. Although she was very surprised with the news, she didn't make any noise at all. Instead, she spoke in a low voice, because she was not sure whether Huo Tingchen was a potential traitor in Jin's villa.

Jin Zhengting was very satisfied with her reaction and nodded his approval. He found that Zhao Tongxin was really a careful girl, especially in the control of details, which made him firm in his determination to let Zhao Tongxin take charge of herself.

"My original guess was Gu Chen."

Jin Zhengting said faintly that he was not deliberately testing Zhao Tongxin's attitude toward Gu Chen, because he knew that there were countless ties between Gu Chen and Huo Tingchen. From the last time Jin Ying was kidnapped, he felt that Gu Chen had compromised with Huo Tingchen, but he also knew that this was not Gu Chen's original intention, it should be Huo Tingchen's use of Zhao Tongxin's safety Coerce him and force him to work for Huo Tingchen.

Zhao Tong's heart is not very surprised. Her eyebrows are wrinkled, and her brain is turning fast. Recently, the pictures of Gu Chen and Jin Zhengting appear again and again in her mind. Although Jin Zhengting suspects Gu Chen, she knows that this is definitely not his bias towards Gu Chen, but what clues Jin Zhengting has found, so she has to try her best to recall Gu Chen Chen has abnormal place after all. All of a sudden, her eyes brightened and she looked around to make sure that no one was eavesdropping in the hall. Then she lowered her voice and said, "Zhengting, when you say that, I think of something."

Jin Zhengting's face became solemn: "what's the matter?"

"Do you remember that I needed Gu Chen to speak for the company a few days ago, and I asked him to go to my ward of the hospital to discuss the advertisement?"

Zhao Tongxin pondered and asked, she found a terrible thing, if it is true, then Huo Tingchen may have mastered some key things now.

"Of course, I remember that I saw Gu Chen come up when I came out of the ward after seeing you that day. I said hello to him. At that time, I didn't think there was anything. It was a bodyguard who reminded me that something had happened to his crew, which aroused my suspicion."

Jin Zhengting said faintly that he has a good memory. Zhao Tongxin said that he remembered the scene when he met Gu Chen very clearly that day.

"I really want to thank you. You always tell me to pay attention to the details."

Zhao Tong Xin blinked his bright eyes and said: "I remember that Gu Chen came to my ward that day and said some chatting words before he started to discuss business. I didn't pay much attention at that time, but as soon as you say it, I think of it now. He is really abnormal."

"Oh?"

Jin Zhengting also speculates about Gu Chen's defection to Huo Tingchen, and there is no direct evidence. Since Zhao Tongxin said so, it proves that she has found something, so he patiently signals Zhao Tongxin to continue.

"I remember that he never wore a tie. Since he was in school, he has always resisted. He often said in front of his classmates that the tie was like a dog chain, which would be very uncomfortable to wear. But last time he came to see me, he seemed to wear a very special tie. When we were chatting, he seemed to be tidying up that tie."

Zhao Tongxin frowned and said, "now I think of it, there may be a pinhole camera hidden in his tie, and the position of his tie is the necklace you gave me."

Today's Zhao Tongxin is not the little girl who just came out of school. Under the influence of Jin Zhengting, her reasoning ability has been greatly improved. From these details, we can perceive the truth of things. This is a great progress.

Jin Zhengting's mouth slightly raised: "this proves my guess that his crew did not have a car accident, but was killed by Huo Tingchen's men. At this time Huo Tingchen kidnapped him and threatened him with your safety, so from that time on, he was working for Huo Tingchen."

"So Qian Yuanyuan's work was also done by him?"

Although Zhao Tongxin can't believe that Gu Chen will become like this, from the situation of the reception at that time, he is the most likely to commit a crime, because he can do things for Huo Tingchen once, for the second time, and for the third time, so even if he is no longer willing, Zhao

Tongxin has to doubt his ex boyfriend during his college years.

Jin Zhengting shook his head: "it's impossible. Do you forget that he and Xiaoying were together at that time? I don't believe he can hide Xiaoying. I know this younger sister very well. Although she can't see now, her hearing has become extremely keen. Moreover, although she is very silent, she won't lose to me in terms of intelligence quotient, so Gu Chen didn't do it at all The time of the case, unless. "

His words didn't go on, because even Jin Zhengting didn't believe his conjecture. His meaning couldn't be more obvious. Gu Chen couldn't hide Jin Ying's plan to kidnap Qian Yuanyuan, unless Jin Ying was also involved in the operation.

However, even Jin Zhengting felt that this assumption was too absurd. How could Jin Ying help Huo Tingchen?

"Zhengting, you are too sensitive. I believe Xiaoying can't betray us. After all, she is also a member of the Jin family. Isn't that the same as beating her own people with outsiders?"

Zhao Tongxin also objected. It seemed incredible to them. Jin Ying was also a miss of the Jin family. She could never be the enemy of her family.

"Well, I don't think so, but then the clue will be broken. We have no way to know who is helping Huo Tingchen secretly."

Jin Zhengting sighed and said faintly that he and Zhao Tongxin, like each other, paid great attention to family ties. Because of this, they let go of Jin Ying, the most suspected one.

If Jin Zhengting can calm down, he will feel something wrong with Jin Ying from her abnormal behaviors. If Zhao Tongxin doesn't defend Jin Ying, he can also find some clues. Unfortunately, they are more willing to believe in Jin Ying, so they miss this key figure.

"It doesn't matter, no matter who it is, as long as we pay more attention to it, and I believe every member of my team will not betray us."

Zhao Tongxin gently said that she likes the feeling of trusting others, and in fact her team will not have any traitors.

"Rong Lei beside me can naturally get rid of the suspicion. If I doubt him, I'd rather doubt Xiaoying." Jin Zhengting said faintly that he has great trust in Rong Lei, because he knows that he is the most capable subordinate. Anyone can betray him, but Rong Lei will never.

"No matter who the traitor is, we have to let it go first. The secret of the necklace may have been known by Huo Tingchen. In this way, he is likely to get the treasure."

Zhao Tongxin is becoming more and more mature now. He has understood the priorities of things. The

Qian Yuanyuan incident has happened, so there is no need to discuss it for the moment. But once the secret of the necklace falls into Huo Tingchen's hands, the consequences will be really terrible.

"Tong Xin, don't worry. Don't forget that the correct way to open the treasure is still in your diary."

Jin Zhengting said with a smile, holding Zhao Tongxin in his arms.

Chapter 544

"Zhengting, I know your ability is very strong, but after all, traitors are in the dark and may attack at any time. It's better to be careful, especially grandma and mom. They have no ability to protect themselves. They have to protect them 24 hours a day."

Zhao Tongxin is very worried about Jin Zhengting's safety. All kinds of signs show that Huo Tingchen has reached the stage of madness. He probably doesn't want to continue this delicate balance stage, so he begins to fight against the people around Jin Zhengting, so as to weaken Jin Zhengting group, and then fight to the death with Jin family.

Huo Tingchen is such a crazy person, Zhao Tongxin can't guess whether he will do more crazy things, so we must remind him to pay attention to the safety of his family.

Jin Zhengting raised his hand and stroked her long soft hair. He said with a smile, "don't worry, he doesn't dare."

No matter how crazy Huo Tingchen is, he does not dare to fight Jin Zhengting, because as an opponent for many years, Huo Tingchen knows Jin Zhengting just as Jin Zhengting knows Huo Tingchen. Both sides know each other's character and ability, so Huo Tingchen knows how serious the consequences of angering Jin Zhengting are.

So even if Huo Tingchen has already started his action against Jin Zhengting, it has nothing to do with the Jin family. In this way, he can avoid over stimulating Jin Zhengting. He knows that Jin Zhengting attaches great importance to his family and never allows others to touch his family.

Moreover, Jin's villa seems to be ten times bigger than other villas, and there is nothing special about it. However, Jin Zhengting is very confident, because with Huo Tingchen's current strength, if he forcibly attacks Jin's villa, it would be like hitting a stone with an egg.

There are more than 20 secret sentries hidden in Jin's villa. Most of these bodyguards are the old subordinates of Jin's father when he was in the army. They are agile, proficient in the application of various weapons, and they are also loyal to Jin's family. With these bodyguards, Jin's villa can be said to be solid.

"In a word, it's better to be careful. After all, Huo Tingchen can do everything."

Zhao Tongxin is still not at ease. Maybe Huo Tingchen puts too much pressure on her, or it's a woman's instinct. She always thinks Huo Tingchen will attack Jin's family in the next period of time.

"Tong Xin, don't be too sensitive. Even if Huo Tingchen dares to come, he can't break through the guards of Jin's family. What we have to do now is to protect the diary so as not to fall into Huo Tingchen's hands. Besides, he has nothing to threaten us."

Jin Zhengting gives her a reassuring look. When Zhao Tongxin hears what he says, he also puts down his heart. I don't know why, Jin Zhengting always gives people a feeling of trust.

"Then I can rest assured. Zhengting, what do you think we should do next? The company has opened today, and the processed raw jade from the Southeast Asian Games yesterday is in place. Should we focus on attacking Huo Tingchen's jewelry industry?"

These problems can be put aside first, but Zhao Tongxin still needs to ask Jin Zhengting for advice on matters related to the interests of the company and even the group.

Jin Zhengting thought for a moment, shook his head and said: "no, now the company has just opened, and its foundation is not very stable. If he shows his cards rashly, it is likely to arouse Huo Tingchen's vigilance. I think he will wait for a while. Now he is busy dealing with the Lu family. Although he is sorry to say that, he has won a lot for your company's development Some time. "

Zhao Tongxin nodded: "I know. Now what I have to do is to lay a solid foundation for the company. Even in the face of Huo Tingchen's competition in the future, I can still remain invincible."

Jin Zhengting said with a smile: "you are very smart. Although we gave up the jewelry industry on our own initiative, it also sounded an alarm for us. Due to the long-term monopoly, the company has many shortcomings in its adaptability and sense of competition. The lesson this time is to let your company fully learn from the catering industry. Huo Tingchen does not mean that we will open a catering company in two weeks At that time, I think he would take unfair competition like jewelry companies. You should be more careful. "

Zhao Tongxin nestled in Jin Zhengting's arms and showed a confident smile on his pretty face: "you taught me that the same mistake can't be made twice in a row. Do you think I'm such a stupid person?"

Jin Zhengting gently hugged her, as if he had overheard her body fragrance. A faint sense of satisfaction appeared on his cold face: "if you were such a stupid person, now the company would have been bankrupt."

Zhao Tongxin chuckled: "if I was really a stupid woman, would you leave the company to me?"

Jin Zhengting did not want to answer: "yes."

"Why?"

Zhao Tong Xin blinked her beautiful eyes and asked. In fact, she knew the reason. She just wanted Jin Zhengting to say it, because she wanted to hear him say those sweet words to herself.

Although Jin Zhengting won't say those sarcastic love words that are enough to make girls intoxicated, every promise he says sounds extremely sweet to Zhao Tongxin.

Jin Zhengting light smile: "because no matter you are not business, as long as you like things, I will let you do." A happy smile appeared on Zhao Tongxin's face: "if I bankrupt the company as you said, would you blame me?"

Jin Zhengting gently stroked her long hair, and became extremely gentle in her deep eyes: "no, because you like it, it's the biggest value. It's just what a company can count. As long as you are willing, even if I abandon the whole group, I will make you satisfied."

Zhao Tongxin pressed his side face to his chest and said gently: "Zhengting, I know you are the best to me in this world, but I will not let you abandon everything. On the contrary, I will try my best to protect everything that belongs to us together with you."

"I know, but there is a premise, that is, you can't be too tired. The company has just opened, and there must be many things, but this is not the reason why you are tired. I have told ziye that he will deal with more things, so you can take good rest."

Jin Zhengting's eyes show a very doting expression. Now Zhao Tong is pregnant, so she can't be overworked. Although Yang ziye is not a trustworthy partner in business, Zhao Tongxin's company executives are all selected by him. In addition to major decisions, the company can operate normally without Yang ziye.

"Well, I promise you, I won't let myself be very tired, but I'm really worried about the company giving it to ziye. I'd better come in person."

Zhao Tong says faintly. She can tell that she doesn't feel at ease with Yang ziye either. This is the inevitable reaction of every normal person. After all, Yang ziye, the Playboy, has used most of his smart talents in the business field.

If Jiangbin city can select the most outstanding young girl seeker, as long as Yang ziye is the second, no one will dare to take the first place.

"If you think Yang ziye is unreliable, I have a better candidate. I just don't know if he will."

Jin Zhengting's eyes are very deep. Zhao Tongxin doesn't know who he is talking about. It seems that no one is qualified for this position except Yang ziye.

Lu zhanyan is better than Yang ziye in business, but he is in a bad state now. It is estimated that he will

not be able to return to normal fighting spirit until this matter is solved. Rong Lei is recovering from a serious injury, and his qualifications are not enough. As for Xu Yanke, Shaoyuan and Rong Qi, they can play in a department, but they have to manage a family. With such a huge company, their ability is still quite poor.

"Zhengting, don't play the game. Who are you looking for to help me? Anyway, Ziyue is not very reliable. I really don't have any confidence to cooperate with him."

Zhao Tongxin's casual coquetry makes her charming in an instant. Jin Zhengting's mouth is slightly raised, and his lips kiss her like a dragonfly on her forehead. This is not his subjective action, but his subconscious action.

"The person I recommend to you may not be inferior to me. He is Cheng Mohan, but I don't know if he is willing to help us. It depends on your friendship with him."

Jin Zhengting said faintly that since Cheng Mohan appeared in Jiangbin without any sign, he had a keen sense that Cheng Mohan certainly didn't just come to attend the opening reception of Zhao Tongxin company. In fact, he was looking for opportunities.

Everything that originally belonged to Cheng Mohan has been taken away by Huo Tingchen, and he almost died in Huo Tingchen's hands. Jin Zhengting knows that Cheng Mohan and he are the same kind of people. They are very proud and confident.

Under such humiliation, a man like Cheng Mohan will not hide and linger, but will seize any chance he may seize and take back what he has lost.

Now Zhao Tongxin and Huo Tingchen's open declaration of war gives Cheng Mohan such an opportunity. If both sides cooperate, with Cheng Mohan's business experience, even Huo Tingchen may not be his opponent. In this way, Jin Zhengting can also focus on Huo Tingchen's capital in other industries, which is undoubtedly a win-win decision for both sides. It's settled.

But Jin Zhengting is not sure whether Cheng Mohan, a proud man, will really bow his head to serve as deputy in Zhao Tongxin's company.

Some men are born to be king of the world, Cheng Mohan is such a man.

"Brother Xiaomo has some abilities, but Zhengting, do you really trust me to work with brother Xiaomo? I remember you were jealous of him last time."

Zhao Tongxin said with a smile, of course, this is just a joke between husband and wife. She knows that Jin Zhengting is a broad-minded man and will not haggle over these previous misunderstandings.

Jin Zhengting gave a faint smile: "to tell you the truth, I'm afraid he has ideas for you, but for you, I'm very relieved. Tong Xin, you are my wife. If I can't trust you, there will be no one worthy of my trust in

this world."

Zhao Tongxin's pretty face is full of emotion. She knows what Jin Zhengting means and also understands Jin Zhengting's feelings for her, because to some extent, trust is a very intuitive embodiment of love. It is obvious that Jin Zhengting's love for her has reached the point where it can't be compounded. No matter Gu Chen, who had emotional disputes with her before, or his childhood playmate Cheng Mohan, Jin Zhengting showed enough trust in Zhao Tongxin, which showed that he loved her very much, because he knew that Zhao Tongxin also loved himself, so he would never do anything sorry for himself.

"Zhenɡting, I promise, I only love you in my life, and I will love you forever."

Zhao Tong heart gently said, gently stroked his angular handsome face, she is now the happiest person in the world.

Jin Zhengting gently held her hand: "it's so decided. If I have time tonight, I'll go to talk to Cheng Mohan with you. If he agrees, it would be better."

"I believe brother Xiaomo will help me, Zhenɡting. Because of my mother, I feel that he is like my own brother, but in this world, I know that you are the only one who is best to me."

Chapter 545

Just when they were in love, a sound of footsteps came from the corridor. At this time, Mrs. Jin was sitting in the small garden of the villa. Mrs. Jin also had the habit of going shopping in the afternoon, and the servants would not come here at will.

Because when the young master is discussing things with his guests, servants are not allowed to enter the living room, so there is only one person who comes. Naturally, it's Jin Ying.

With Gu Chen's help, Jin Ying slowly walks into the living room, just bumping into Jin Zhengting and Zhao Tongxin.

When he saw Gu Chen, Jin Zhengting's eyes were cold. But when he looked at Jin Ying again, she nestled up to Gu Chen. She looked like a little bird, and her pretty face also had a happy expression that he had never seen before. He sighed to himself and said nothing but nodded at Gu Chen.

Gu Chen saw Jin Zhengting's cold eyes, and his eyes couldn't help drifting. Fundamentally speaking, he didn't have the qualification to challenge Jin Zhengting, but when he saw Zhao Tongxin, who was very close to Jin Zhengting, his wandering eyes came back and met Jin Zhengting's eyes without fear.

This is a war between two men. Although Gu Chen is not as strong as Jin Zhengting, it doesn't prevent him from having a fierce confrontation with Jin Zhengting, because he doesn't want to show his weakness in front of Zhao Tongxin.

Zhao Tong Xin's eyes are very complicated. On the one hand, she feels angry and sad for Gu Chen's work for Huo Tingchen, but on the other hand, she also knows that Gu Chen is because of his own reasons. Maybe he is forced to do so much for himself. She really can't hate him, but Jin Zhengting is beside her, and she won't show her respect for Gu Chen's any emotion, or say in addition to friendship between friends, she also really has no emotion to Gu Chen.

When Jin Ying heard that Gu Chen stopped, she knew that it must be Jin Zhengting and Zhao Tongxin. She listened attentively, and could hear that Gu Chen's breathing was disordered, and seemed to be panting. This was a typical reaction of a man when he saw his beloved woman in other people's arms.

She had a smile on her face, which suddenly turned into ice. Although she couldn't see anything, it didn't prevent her from feeling Gu Chen's mood. He was jealous of Jin Zhengting, because Zhao Tongxin and Jin Zhengting should be very close together.

Jin Ying tried to control the jealousy in her heart, but she didn't show it on her face. In the living room, no one spoke first, and the atmosphere became very delicate for a moment.

"Xiaoying, why did you come back so late?"

Zhao Tongxin feels that the atmosphere is too awkward, so he asks Jin Ying in a soft voice first. Looking at the appearance of her and Gu Chen, he suspects that they may have gone to distract themselves. This also clears up the suspicion that Gu Chen helped Huo Tingchen in the Qian Yuanyuan incident.

Think of here, her mood suddenly inexplicably relaxed up, because no matter whether she finally and Gu Chen together, she does not want Gu Chen to become a bad person, and as long as he has been with Jin Ying, there will be no doubt, Zhao Tongxin is absolutely not doubt Jin Ying is also working for Huo Tingchen.

Jin Zhengting's dignified expression was relaxed. He was a man with keen insight, but he was only a man, not a God, so he would not doubt his own sister. When he saw Jin Ying and Gu Chen together, he felt that Gu Chen could be forgiven even if he had done something for Huo Tingchen.

Jin Ying has been a quiet and lonely person since she was a child. Few people can bring her happiness like when she was with Gu Chen. As her elder brother, even if Gu Chen really helped Huo Tingchen steal the password on the necklace, as long as he treated Jin Ying well, the previous things would be written off and everything would be left to him.

"Well, Gu Chen and I went to the seaside to blow our hair."

Jin Ying light answer, her heart now has been filled with hate for Zhao Tong Xin, because she occupied the heart of Gu Chen, where the position is she fought for a long time but never get.

She is now a disabled person, so she is very sensitive to every detail. Gu Chen's reaction stimulates her weak nerves. Fortunately, she is very good at controlling her emotions, and does not show her disgust

and resentment towards Zhao Tongxin on her face, because she knows very well that some of her subtle expressions may be detected by Jin Zhengting That would be a disaster for her.

Jin Zhengting once put Zhao Tongxin in a mental hospital for her sake. If he knows that he and Huo Tingchen collude with each other to deal with Zhao Tongxin, then he may even ignore the feelings of his brother and sister. Zhao Tongxin will always be Jin Zhengting's scale, and no one can touch it.

She faintly replied that this was discussed with Gu Chen for a long time. Now there are few people on the beach, so it's normal even if no one sees them. This also explains their whereabouts after leaving the party, which won't arouse Jin Zhengting's suspicion.

"Well, tired, go and have a rest."

Jin Zhengting's tone is very flat. Even if Jin Ying is injured, he doesn't show too much concern. He is not a man who is good at using words. He is more willing to express everything with actions. He didn't know his attitude, which deeply stimulated Jin Ying's sensitive psychology. Since she was injured, not many people really cared about her. Even Jin's parents seldom went to the hospital to see her, which made her psychology become unbalanced and distorted. Until now, even she doesn't know why she colluded with Huo Tingchen to revenge her family People.

"I will."

Jin Ying's tone is similar. The two brothers and sisters are very similar in temperament. They have never communicated much. When they pass by, Jin Ying already feels that she is getting farther and farther away from the home.

"Gu Chen, I have something to say to you."

Just as they passed by Jin Zhengting, Jin Zhengting suddenly stopped Gu Chen. Gu Chen was stunned for a moment and turned to look at Jin Zhengting. His eyes were full of hostility. After all, he had regarded Jin Zhengting as his biggest enemy.

Jin Zhengting could feel it naturally, but he didn't show extreme emotion, just said faintly: "you send Jin Ying back to the room first, I'll wait for you here."

"Elder brother, you look for Gu Chen to have what matter, can't let me also know?"

Jin Ying is shocked. She is afraid that Jin Zhengting has discovered their secret. Because she is his sister, it's hard to ask herself first and find a breakthrough from Gu Chen.

"Nothing. It's just a chat."

Jin Zhengting didn't give any explanation. This is his habit. In this family, he is the head of the family and naturally has absolute authority. Even Jin Ying is obedient. If there is one person in the Jin family who

has privileges, it can only be Zhao Tongxin. No one else can disobey Jin Zhengting's orders, and no one can disobey his orders. Some people dare to disobey.

"Xiaoying, don't worry. Mr. Jin is just chatting with me. It's no big deal. Don't be so sensitive."

Gu Chen is very calm. He is very smart. From Jin Zhengting's eyes, he can see that Jin Zhengting knows the truth of what he did for Huo Tingchen. But he also knows that Jin Ying and he have not exposed that they helped Huo Tingchen kidnap Qian Yuanyuan today.

If Jin Zhengting knew their behavior, she would not be so polite as now, and Zhao Tongxin would not look at him with complicated eyes, because Qian Yuanyuan is Zhao Tongxin's best friend. If she knew that she and Jin Ying had kidnapped Qian Yuanyuan, she would only look at him with anger.

"Well, brother, Gu Chen is very important to me. You know that."

With Gu Chen's help, Jin Ying left the living room and went to her room.

On the way to the room, Gu Chen said in a voice that only the two of them could hear: "I've exposed it, but your brother still doesn't know what we're doing today."

Jin Ying's face was calm: "I know that he won't do anything to you. From my understanding, he just wants to confirm it now."

"What should I do?"

Gu Chen didn't know Jin Zhengting very well, so he naturally had to listen to Jin Ying's opinions.

"It's not a good idea to lie in front of my brother. The more you want to hide it, the more you will let him know. So if he asks you anything, just tell him the truth. But if he asks about what happened today, you can insist on staying with me and let's go to the seaside to blow."

Jin Ying's reaction was quick, and she immediately thought of countermeasures, which were absolutely effective for Jin Zhengting.

"What if he doesn't believe it?"

Gu Chen is not a man who dares to do something or not. Today, the kidnapping of Qian Yuanyuan has made him feel guilty. If Jin Zhengting asks, he may really say it, but he thinks that he can't expose it so early, because it's related to his value first. As long as he has the opportunity to move Jin Zhengting down, he will never let it go, and if he says it himself. If they come out, they also expose Jin Ying's behavior, which will affect her at that time.

So although he is full of guilt for Qian Yuanyuan, he is determined not to say that after the extreme guilt, he has a kind of evil pleasure. If he can hide it from Jin Zhengting, it proves that he is not inferior to him.

in IQ. Gu Chen thinks that as a man fighting for Zhao Tong's heart with him, he will not be defeated by Jin Zhengting in any case. After all, Jin Zhengting is her brother. She knows more about the insurmountable enemy she has set up for herself.

"If he doesn't believe it, you can tell him that we are in love now, and I will have a way to make it over."

Jin Ying's voice suddenly becomes gentle. She seems to find this opportunity. Although she is in love with Gu Chen, she also likes the feeling of falling in love with Gu Chen.

"Well, I'll listen to you. Don't contact Huo Tingchen these two days. You can easily expose yourself in Jin's house."

Gu Chen cares about Jin Ying not because he is so good to her, but because he is afraid that after Jin Ying is exposed, Huo Tingchen's plan will be destroyed. He yearns for Jin Zhengting to be defeated. Now the gap between the two sides is too wide, so he has no confidence to defeat Jin Zhengting. Jin Ying thought that Gu Chen was concerned about her safety, so she felt warm in her heart, and a faint smile appeared in the corner of her mouth: "I know, you should be careful, my brother is a very powerful person, I can see the clue from your expression, so you should try to keep calm."

As they walked into the room, Jin Ying told Gu Chen in a low voice what to pay attention to. After all, it's not easy to hide from Jin Zhengting.

"Zhengting, what do you want to say to Gu Chen?"

In the living room, Zhao Tongxin watched them go upstairs and asked Jin Zhengting in a low voice.

Jin Zhengting's eyes gradually sharpened up: "I want to know what Huo Tingchen's real purpose is by asking Gu Chen. I think he will make some moves."

"But even if Gu Chen has done something for him, he doesn't necessarily understand Huo Tingchen's action?"

Zhao Tongxin asked some questions that she didn't understand. She didn't know why Jin Zhengting did it.

Jin Zhengting showed an enigmatic smile: "as long as Gu Chen lies, I can judge Huo Tingchen's next action."

Chapter 546

When Gu Chen returns to the living room, Jin Zhengting and Zhao Tongxin are already waiting for him.

Gu Chen had been to Jin's house several times, and he was familiar with the environment here, so he didn't use Jin Zhengting to greet him and sat directly opposite them.

"Mr. Jin, what's the matter with you looking for me? To be frank, I know your time is very precious, and I'm not a person who likes to go around in circles."

His words are very direct and his tone is very blunt. This is because every time he sees Zhao Tongxin nestling beside Jin Zhengting, his heart is very upset.

"I want to ask you how much you have done for Huo Tingchen."

Jin Zhengting's dark eyes became deep, as if he could see everything in the world. Under this kind of eyes, few people's psychological defense line would not be broken.

Gu Chen was not affected at all. At this time, his heart was full of a voice, that is, no matter what he did, he was right, because Zhao Tongxin only belonged to him. No one could be with her except himself.

He gave a cold smile: "I know I lied in front of Mr. Jin. You can see it at a glance. Yes, I did something for Huo Tingchen. When I went to discuss the advertising shooting with Tong Xin two days ago, he asked me to take a picture of Tong Xin's diamond necklace for him."

For Gu Chen's frankness, Jin Zhengting and Zhao Tongxin are stunned for a while, and they didn't expect Gu Chen to tell the truth.

Jin Zhengting light smile: "you are really Frank."

Gu Chen also laughed: "I always like this."

"Gu Chen, I think you should know that Huo Tingchen and I have a deep hatred. Why do you want to help him?"

There is no gentleness in Zhao Tongxin's voice any more. She feels like she has been betrayed. Although she already knows the relationship between Gu Chen and Huo Tingchen, he says it in front of her, which makes Zhao Tongxin feel deeply hurt.

Gu Chen looked at Zhao Tong Xin with apologetic eyes, and said in a ashamed voice: "Tong Xin, I'm sorry, I know you and Huo Tingchen have a deep hatred, but I have to promise him, because if I don't promise, you will be in danger, and I have to."

Zhao Tong heart sneer: "good a forced, I really think you are my good friend, did not expect you are such a person!"

Jin Zhengting raised his hand to stop Zhao Tongxin. He looked at Gu Chen lightly and said, "I want to hear your trouble."

"Huo Tingchen said that if I don't help him get the information of the necklace, he will send someone to

the hospital to rob it. I know Mr. Jin's strength is very strong, but Tong Xin is pregnant now and can't be frightened. If Huo Tingchen succeeds, I'm afraid she will be in danger, so I answer him."

Gu Chen is telling the truth. It was for this reason that he agreed to work for Huo Tingchen. Jin Zhengting was looking at his expression all the time when he was talking. There was no sign of lying from Gu Chen's expression, which proved that what he said was true and confirmed his guess.

Zhao Tongxin's face finally eased. She knew that Gu Chen still had feelings for herself, because the whole riverside was isolating Huo Tingchen, and she could hardly avoid him. Only Gu Chen worked for him, but it was from her own safety point of view. Thinking of these, her heart was calmed and her face became calm.

No matter how strong she is now, she is also a very gentle girl in her heart. She is very kind-hearted. The kind-hearted people probably have a common fault, that is, soft hearted. It is obvious that she has forgiven Gu Chen's behavior now.

"Did you take part in the kidnapping of Qian Yuanyuan today?"

Jin Zhengting didn't continue to beat around the bush and directly asked this question. As long as Gu Chen didn't take part in today's affair, he could trust to give Jin Ying to him. If Gu Chen took part in the kidnapping of Qian Yuanyuan, he would break off Jin Ying's contact with him, because he couldn't let his sister and his best friend hurt him. People come together.

This is also one of the main purposes for him to ask about it.

Gu Chen had expected that Jin Zhengting would ask this question, so he didn't show any surprised expression. He is a professional actor, and he is very familiar with what kind of expression to use in the face of this situation. He first made a very puzzled expression, and then asked: "Qian Yuanyuan was kidnapped today?"

According to the confession he and Jin Ying had made, they came out of the party today and drove to the seaside, so they should not know anything about what happened at the party.

This reaction let Jin Zhengting catch the eye, he secretly nodded his head, if Gu Chen immediately denied, then he can conclude that Gu Chen participated in this matter, but Gu Chen now a blank face, proved that after the kidnapping of Qian Yuanyuan incident, he was no longer in the reception hall.

"Where have you been since you left the party today?"

Jin Zhengting continued to ask, he wants to determine his own judgment, because from the overall analysis of the incident, Jin Ying is also suspected. He just doesn't want to believe it. Asking Gu Chen in this way is also to clear Jin Ying's suspicion. Gu Chen is silent for a while, seem to be thinking where today went, he can't blurt out immediately, because that will be very similar to have recited in advance.

"Xiaoying and I came out of the party to take her home, but she said it was too stuffy at home, so we wanted to go shopping. I planned to take her shopping, but she said she couldn't see it. Shopping was meaningless. She wanted to go to the seaside and listen to the sound of the waves, so we drove to the seaside. Xiaoying said she liked it very much, so we sat for a while more I forgot the time unconsciously, and I didn't come back until now. "

Gu Chen looks at Jin Zhengting blandly. He doesn't deliberately emphasize anything or look at him with questioning eyes, because the excessive emphasis and questioning eyes want to know whether the other party believes his own words, which proves that he is lying from the side.

Jin Zhengting looks at Gu Chen's reaction. He has always been a master in this aspect, but Gu Chen is also an acting school, and he has been prepared in advance, so he doesn't find any flaws in his expression.

"Why, doesn't Jin believe me? I did do something for Huo Tingchen, but it wasn't for self-protection. At that time, on the beach, they killed all the people in my crew and captured Xiaoying. Although I was very scared at that time, I didn't mean to betray you and Tong Xin. Huo Tingchen threatened me with the safety of Tong Xin, so I reluctantly accepted his task. If Jin headquarters believed, You can kill me directly. I know you are a man who covers the sky in Jiangbin. Killing me is like crushing an ant. "

Gu Chen's face showed a disdainful expression, which is also one of his psychological tactics. The more indifferent he is, the more he shows that he has a clear conscience. In this way, Jin Zhengting is more likely to believe it.

If Jin Zhengting makes a serious analysis, he can naturally find flaws in his expression and language. Unfortunately, his real purpose is to remove Jin Ying's suspicion. Gu Chen's words undoubtedly bind him and Jin Ying together. Therefore, Jin Zhengting has believed Gu Chen's words from his subconsciousness, and nothing can be seen from his expression.

Not only him, but also Zhao Tongxin has the same idea. She doesn't want any of Jin Ying and Gu Chen to be associated with Huo Tingchen, and she doesn't want to believe that they have hurt her best friend. Moreover, Gu Chen's words are inflammatory, especially because she is forced to work for Huo Tingchen, which makes her heart soften again.

"I hope last time I worked for Huo Tingchen for the last time. Xiaoying likes to be with you and watch him for me."

Jin Zhengting said faintly that he had already believed Gu Chen and Jin Ying. After all, he was a human being and was easy to make mistakes in front of his family.

"If you can guarantee the safety of Tong Xin, I will not work for Huo Tingchen."

Gu Chen played a small mind, he said the meaning is very obvious, that is to say Jin Zhengting can't protect Zhao Tongxin well, let Huo Tingchen have a chance to threaten him.

Jin Zhengting coldly smile: "I have never relaxed the protection of Zhao Tongxin, you do not understand the current situation, Huo Tingchen cheated."

It's been a long time since no one was so sarcastic in front of him, so he calmly launched the most powerful counterattack. In fact, he said that Gu Chen was cheated by Huo Tingchen.

Gu Chen's face changed. He didn't want to lose to Jin Zhengting. From the bottom to today, he didn't have any fear of aristocratic families.

Zhao Tong Xin saw the two men fighting in the dark, timely interrupted the atmosphere: "Gu Chen, the past things have passed, everyone don't mention, today is the day of the company's opening, I haven't well thank you for the free endorsement of our company."

Hearing Zhao Tongxin say so, Gu Chen's face immediately relaxed down, his feelings for Zhao Tongxin is still very deep, so he won't show his bad side in front of her, he magnanimously waved his hand: "Tong Xin, we are friends for many years, this little busy is nothing, besides, if Mr. Jin knows this, he won't let me free It's the endorsement. "

There are also thorns in these words. First of all, he has bitten his friends for many years very hard. This is to show in front of Jin Zhengting that he and Zhao Tongxin have known each other for a long time and have a deeper emotional foundation. Second, he deliberately mentioned the free endorsement, in order to insinuate that Jin Zhengting can't even give the endorsement fee to his wife.

For Gu Chen's provocation, Jin Zhengting just smiles. Instead of fighting back, he takes Zhao Tongxin's hand and says faintly: "if we have time, we should invite Gu Chen to dinner together."

Being held up by him, Zhao Tongxin behaves very naturally without any resistance. After all, two people have been together for several years. Holding hands is really a normal thing. She smiles and nods her head: "yes, Mr. President."

But this action is not the same in Gu Chen's eyes. The beloved woman is held by other people's hands. All the provocations just now are broken. Jin Zhengting's action proves that his feelings with Zhao Tongxin are indestructible, and Zhao Tongxin's reaction is like a sharp knife, cutting Gu Chen's heart hard.

He suddenly stood up and looked at Jin Zhengting with anger in his eyes. He suddenly realized that Jin Zhengting and Zhao Tongxin were the legal couple, so he secretly suppressed his anger. He coldly said: "it's late, Tong Xin, president Jin, I should go back.""Well, we won't give it away. If we have time, we'll come and have a sit. Tong Xin's coffee is very good."

Jin Zhengting said faintly that he disdained to fight openly and secretly with Gu Chen, but seeing Zhao Tongxin around him, all his male animal instincts were completely aroused.

Every man will become a fighter in the face of his rival, not to mention an excellent man like Jin Zhengting?

When Jin Zhengting is serious, I'm afraid there is no rival in this world, so Gu Chen's failure can be justified. After all, it's a very glorious thing to be an opponent with Jin Zhengting, but it's a pity that Gu Chen regards this kind of honor as his biggest shame.

Chapter 547

The night is deep.

The bar is gradually full of guests, but only in a corner of this luxury bar, there is only one person sitting, and the ground around him is full of the crumbs of glass glasses smashed by this guest.

However, even if the guest was frantically venting his negative emotions and heard the crisp sound of the glass falling from time to time, no waiter went up to stop him. Even the manager of the bar kept away from the obviously drunk guest.

This is one of the most luxurious bars in Jiangbin. The boss is also a well-known upper class person in Jiangbin. If the ordinary guests are fooling around here, some thugs will drag the fooling guests out for a long time.

But today's guest is very special. Even if the owner of the bar is here, he doesn't dare to drive the guest out. On the contrary, he has to ask the guest whether he fell well or not. If not, there are many cups in the bar. Please beat the guest to his heart's content.

The person with the highest status in Jiangbin is undoubtedly Jin Zhengting. He is the person at the top of the pyramid. Under him, naturally, are Yang ziye, President of the Yang Group, and Lu zhanyan, President of the Lu group. They are the iron triangle of the upper class society in Jiangbin. The three monopolize almost all industries in the market. It can be said that each of them has a transcendent status.

And the guest who threw the cup was just inferior to Jin Zhengting. He was Lu Moyan, the second young master of the Lu family.

In the past, Lu Moyan was also a famous dandy who often went to bars and nightclubs. But since he got married, he has never been here again.

I don't know why. Today, Lu Moyan suddenly appeared in the bar alone, and then drank alone. After drinking too much, he began to drop his wine glasses. Every time he ordered a glass of wine, he drank it and then dropped it on the ground.

No one dares to take charge of him even if he is so mischievous. After all, the second young master of the Lu family is still famous in Jiangbin. If he is provoked, he is equal to having trouble with the Lu family.

You know, it's the second largest family after the Jin family.

Lu Mo Yan's eyes are very confused, no one knows how much wine he has drunk, but as long as he beckons, the waiter will send a bottle of wine, and soon the bottle will be thrown on the ground.

Everyone can see that the second young master of the Lu family is in a bad mood today, but no one dares to ask.

He was holding the glass, with turbid eyes, endless resentment and unspeakable pain. He looked at the liquid shaking in the glass speechless, and then drank the wine.

Just as he was about to raise his hand and ask the waiter for another bottle of wine, he suddenly saw Huo Tingchen sitting opposite him.

At this time, all the guests in the bar disappeared. The reason is very simple. When Huo Tingchen came here, long Jiu found the manager of the bar. After a few words in a low voice, the manager's face changed greatly. He quickly asked the waiter to invite all the guests out.

Some guests are in high spirits and naturally don't want to leave. When the waiter's advice is invalid, a few burly men in black suits will soon appear and drag them out from the table like chickens. Soon there will be one or two shrill cries.

They set a good example for other guests. All the guests ran out of the bar quickly, faster than rabbits.

Huo Tingchen sat down and called the manager of the bar. The manager asked: "Mr. Huo, what do you need?"

He kept a gentle smile on his face: "I want twenty bottles of '82 red wine, thank you."

"Yes, just a moment."

The manager of the bar was obviously frightened by Huo Tingchen's politeness. He quickly made a deep bow, personally selected the best 20 bottles of red wine from the bar, and personally took someone to deliver them to Huo Tingchen.

"Thank you."

Huo Tingchen is a gentleman, but the bar manager knows what a terrible man he is. In Jiangbin, no one knows that he is the only one who dares to fight Jin Zhengting. Not everyone can afford such a crazy outlaw.

The bar manager bowed again and left quickly with the waiter.

"Huo Tingchen, you shouldn't have come here."

After seeing Huo Tingchen, Lu Moyan's vague consciousness has come to some consciousness. As a member of Jin Zhengting group, although he is not very impressive under the light of Jin Zhengting and Lu Zhanyan, he is also regarded as the backbone. He is very familiar with Huo Tingchen, the biggest rival of the group.

So he quickly sat up from the table, his eyes full of vigilance, he did not know why Huo Tingchen found himself, but all the guests who watched the bar were driven away, now he was the only one left, and he realized that he had fallen into Huo Tingchen's hands.

He carried a gun with him, but he looked around and found that Huo Tingchen's men were in every corner, and long Jiu was standing beside him, staring at himself with a pair of charming eyes, but his eyes were particularly cold.

Lu Moyan knew that even if he had a gun, he could not escape. He was in a bad mood and could not be interested in anything in the world, so he didn't think too much. He looked at Huo Tingchen and asked, "what do you want?" Huo Tingchen kept a gentleman's smile, personally opened the bottle cap, poured him a glass of red wine, light said: "I don't want to do anything, just want to have a drink with you."

Lu Moyan did not pick up the cup. Although it was impossible for him to accept what happened today, for Huo Tingchen's attitude, he still adhered to the usual style: "I am not interested in drinking with you."

"Ha ha ha."

Huo Tingchen laughed: "Mo Yan, I know you are in a bad mood today, so I don't force you."

He said, taking the glass in front of him and drinking a glass of red wine.

Huo Tingchen's indifferent attitude did not let Lu Mo Yan relax his vigilance. He said coldly, "I'm not in a good mood today. What tricks do you want to play?"

"I know what happened today. Your elder brother slept with your wife, so you are in a very bad mood and come here to drink and vent, right?"

Huo Tingchen's eyes with a cold smile, looking at Lu Mo Yan's eyes full of blood, light said.

"What did you say?"

This sentence directly ignited Lu Moyan's anger. He stood up excitedly and grabbed Huo Tingchen's collar. His eyes were about to bleed.

When long Jiu and his men see Lu Moyan catching Huo Tingchen, they immediately pull out their guns and put them on Lu Moyan's head. As long as he does something to hurt Huo Tingchen, they will shoot

without hesitation.

"What are you doing? Put down the gun. Mo Yan and I are friends. He won't hurt me."

Huo Tingchen looks very angry and says to Long Jiu and his men that Long Jiu gives his men a look. They immediately put away their guns and step back, but they still stare at Mo Yan.

Huo Tingchen is very calm, he looked at Lu Mo Yan holding his collar of that pair of blue hands, said with a smile: "Mo Yan, we are all civilized people, please be gentle."

Lu Mo Yan dejectedly released his hand and sat down on the chair. Huo Tingchen didn't care what he wanted to do to him, because he felt that his heart was dead. What else could he care about?

"Mo Yan, I know you are very sad. I came to comfort you when I heard that you were drinking here."

Huo Tingchen poured a glass of red wine alone and said to Lu Mo Yan with a smile that he was very patient today, which is also to better achieve his goal.

"Comfort, what can you comfort me with?"

Maybe Lu Mo Yan has drunk too much wine and has not been fully awake up to now, or he has paralyzed his nerves, so he said with a bitter smile and took a glass of wine from the table and drank it all at once.

Huo Tingchen's eyes suddenly cooled down. He grabbed Lu Mo Yan's hand holding the wine glass, and his voice became cold: "Lu Mo Yan, you are really not a man. Your wife is sleeping by your elder brother, and you can only drown your worries here. I am so disappointed!"

He said, people seem to be really angry, waving a slap in the face of Lu Mo Yan, Lu Mo Yan was beaten by him, the whole person staggered back, the glass also fell to the ground.

Huo Tingchen didn't mean to stop. He stepped forward and grabbed Lu Mo Yan's collar. His backhand slapped him in the face: "I despise men who are not promising!"

He slapped Lu Mo Yan twice, but he didn't wake up. He put out his tongue to lick the blood from the corner of his mouth and sneered vaguely: "you're right. I'm just not promising. I'm not a man. I'm a bastard."

Huo Tingchen's face is very angry, but he has a smile in his eyes. What he most wants to see is that Lu Mo Yan completely loses his basic state, so that he can be convinced to join his own group.

"No, you are a man, but your heart is too soft. You don't want to hurt your brother or your wife, so you have to hurt yourself, right?"

Huo Tingchen said with a sneer, and then raised his hand to hit a loud finger: "open your eyes and look

at it well, your elder brother and wife have been soft hearted to you."

Long Jiu immediately takes out his mobile phone from his pocket and whispers to his subordinates. Several subordinates immediately bow their heads and leave. Soon the light of the bar is turned off, and a very ugly picture is shown on the white wall.

Lu zhanyan didn't wear anything but Qian Yuanyuan, who also didn't wear anything.

Lu Mo Yan's eyes changed and he became like a wild animal. He suddenly yelled and kicked over the table in front of him.

"Mo Yan, do you think your elder brother treats you as his younger brother when he does it? Does your wife think of you when she is in love with your elder brother?"

Looking at Lu Moyan who is going crazy, Huo Tingchen feels that the time is ripe. He sneers and asks a few questions. Lu Moyan's teeth are clenched, his lips are bitten, and his blood is bright red. He doesn't notice it at all. His fists are clenched and his bones are rattling. This is a man's self-esteem. He has completely lost it. He wants to kill Lu zhanyan and Qian Yuan immediately Yuan, but the only trace of rationality told him that he could not do so. "I know you want to be rational. If you go back, they will blame me for this. They say that I set them up. Even Jin Zhengting will speak for them. At that time, your wife is still your wife, and your elder brother is still your elder brother. So I come to drink with you. Although you are not a man, I think you are very pitiful."

Huo Tingchen's face showed a cruel smile. Every word he said hit Lu Moyan's heart like a heavy hammer. These words made him completely lose his basic judgment of things. He just wanted to prove that he was a man.

"To prove that you are a man? Then join us. I will help you to avenge Lu, as long as you believe me. "

Huo Tingchen's eyes are full of cunning. He smiles and reaches out his hand to Lu Moyan. Lu Moyan hesitates for a moment and finally reaches out his hand to hold Huo Tingchen's hand together.

Chapter 548

"In a sense, you and I are enemies, so I don't necessarily believe your words."

In the bar, after drinking a bottle of red wine, Lu Moyan coldly told Huo Tingchen that he had calmed down and thought about what happened today carefully. He thought there were still many doubts about it.

The most important thing is that Huo Tingchen suddenly appeared at this time. It was obvious that he had a purpose, which made him even more suspicious. But what he saw was also the fact. When he entered the room, Lu zhanyan and Qian Yuanyuan really held together, and neither of them was dressed. Judging from the scene, it was obvious that they had just had a relationship.

If Huo Tingchen did this, it would be unreasonable, because he also saw Huo Tingchen take people to leave. At that time, Long Jiu, Xu Zheng, Cheng Mobing and Xu Ting all followed him. He also knew that there was no suspicious person in the list of the reception. If not, Jin Zhengting's security ability would soon lead him to find out, so Huo Tingchen is unlikely. There's a chance.

This makes it difficult for him to judge. Originally, he thought that Lu Zhanyan and Qian Yuanyuan had an affair. However, the appearance of Huo Tingchen and their video in his hand made Lu Moyan doubt whether Huo Tingchen's plot to divide the Lu family was true. However, after thinking for a long time, he found that Huo Tingchen had no time to commit a crime, which made it difficult for him to make a correct judgment.

"If I were Lu Zhanyan, I would say so. Huo Tingchen kidnapped Qian Yuanyuan and forced me to save her. Unexpectedly, Huo Tingchen controlled her there. He forced me to take medicine, so I had to have a relationship with Qian Yuanyuan."

Huo Tingchen's hand plays with the glass wine cup, light said, his eyes flicker a little if there is no smile, like the look of taunting Lu Moyan.

What he said was completely true, because he had finished everything according to this plan, but what Huo Tingchen said at this time didn't sound true to Lu Moyan.

The smarter a person is, the more he thinks. Of course, this is very beneficial. However, at this time, if his brain is too big, it will affect him to make a correct judgment. Lu Mo Yan is like this now.

When Huo Tingchen said that, Lu Mo Yan's eyes suddenly turned cold. He didn't think that if Huo Tingchen did it, he would tell him the truth. Huo Tingchen didn't benefit at all, so he thought it was a good excuse for Huo Tingchen.

To deal with smart people, we should use a more stupid method. This is Huo Tingchen's consistent strategy, and the effect is good every time.

"Huo Tingchen, do you think Lu Zhanyan will cheat me with this lie?"

Thinking of the scene he saw with his own eyes, Lu Moyan's heart again surged with anger. He asked coldly. Huo Tingchen saw his expression and knew that his plan had been successful again. He couldn't help smiling.

"If you don't believe me, you can call Lu Zhanyan immediately to see if what he said is the same as what I said."

Huo Tingchen confidently said that he knew that even if Lu Moyan did call, Lu Zhanyan would certainly say so. After all, this is the truth of the matter.

But Lu Mo Yan doesn't need to verify it any more, because since Huo Tingchen has said it, Lu zhanyan must have said the same thing, but now he doesn't know whether to believe Huo Tingchen or Lu zhanyan. If he believes Huo Tingchen, he can only choose to be the enemy of the Lu family, because no man can tolerate such humiliation. If he believes Lu zhanyan, he can only do it. It shows that it was designed by Huo Tingchen, but why did Huo Tingchen say it in front of him?

Smart people like to make up for all kinds of unreasonable explanations on their own. He immediately thought that it might be Lu zhanyan and Qian Yuanyuan's adultery. Moreover, they had already planned that if they were hit by themselves, they would blame Huo Tingchen.

Huo Tingchen came to him to clarify that he had nothing to do with the incident. The situation in Jiangbin is very complicated. Huo Tingchen is probably afraid that he will break the existing pattern by retaliating against Tianhong Group because of his anger.

This is the only reasonable explanation. Of course, this is his own explanation in his mind.

Huo Tingchen laughed, raised his glass and said: "I know you still doubt me, but I want to tell you that this video was taken secretly by my staff. To be honest with you, every important member of Jin Zhengting is being watched by someone. I think you can understand it. After all, knowing yourself and your opponent is the only way to win a hundred battles. I know that if I want to fight Jin Zhengting, I have to master it first. I don't know what he's doing."

This explains why there is a video of Lu zhanyan and Qian Yuanyuan in his hand, and this explanation is very reasonable.

Lu Moyan casually nodded his head. The balance in his heart has gradually tilted. After all, he saw it with his own eyes. The most important thing is that he knew that before Qian Yuanyuan married him, he was Lu zhanyan's girlfriend. Although their relationship was broken with their marriage to Qian Yuanyuan, now he is not sure whether they are really broken Company.

After all, when Qian Yuanyuan married herself, she occasionally showed reluctance, which showed that she still had Lu zhanyan in her heart, so it is very possible for them to do something like that behind their back. Huo Tingchen pretends to look at Lu Mo Yan unintentionally. After seeing his locked eyebrows, he shows a sinister smile on his face. He knows that he will soon be able to persuade Lu Mo Yan. Only at this time can the plan really win.

"Mo Yan, my intelligence network is much more developed than you think, so I know a lot of inside information that others don't know, including your Lu family. How about it? Are you interested in listening to it?"

He thinks that if he is taken, the Lu family will inevitably fall into a state of division. At this time, he can concentrate on dealing with Jin Zhengting. Of course, there is a Yang Group in Jiangbin, but he will not pay attention to Yang ziye's half hanging son.

Lu Moyan's eyes changed. He knew that Huo Tingchen would send people to watch these rich families in order to achieve his goal, but he did not expect that Huo Tingchen would even know some secret stories about them, which also proved that he was really a terrible man.

"Tell me. I'd like to hear what you know. I don't know either."

He poured a glass of wine for Huo Tingchen and said coldly that although this action was very common, he didn't realize that the person sitting opposite him was Huo Tingchen, the most powerful enemy of the Lu family. It can be seen that he has at least regarded Huo Tingchen as a familiar person. It's always good for him to have someone to accompany him when he feels seriously injured in his heart. This is also Huo Tingchen What is expected.

Huo Tingchen smiles: "Mo Yan, do you know why Lu zhanyan likes Qian Yuanyuan so much, but suddenly breaks up with her, and then helps you pursue her?"

"I know that at that time, Lu zhanyan regarded me as his younger brother, so he was very concerned about my personal problems. He thought that Qian Yuanyuan and he were suitable for me, so he made us up."

Lu Mo Yan thought of Lu Zhan Yan's kindness to him at the beginning. He was a little softhearted. Anyway, he was his own brother.

Huo Tingchen looked at his gradually faded eyes, a cold smile: "you are wrong, he is not for you, but for himself!"

Lu Mo Yan Leng for a while, he looked at Huo Tingchen with some doubts: "what do you mean by this?"

"What do you mean, you don't know? Do you know why he can be the successor of the Lu Group, but you can't? "

Huo Tingchen asked with a sneer. His brain was spinning fast. Recalling the information collected by the landers on the issue of heirs, he soon had an idea to persuade Lu Moyan.

Lu Mo Yan's face changed: "what do you mean?"

"You have already thought that the Lu family is the second largest family in Jiangbin. If Lu zhanyan marries Qian Yuanyuan, a civilian, he will naturally lose the right to inherit the assets of the Lu family. I think you should also know about this."

Huo Tingchen looks at Mo Yan with a sneer. This is the information collected by his staff a long time ago. At that time, Lu zhanyan and his father almost fell apart in order to be with Qian Yuanyuan.

Lu Moyan's eyes want to spray fire, but his eyes are extremely cold: "no wonder I married Qian Yuanyuan not long ago, my father announced that Lu zhanyan became the heir of the Lu family. It seems

that he had a premeditated intention, and the purpose is actually the property of the Lu family?"

Huo Tingchen said with a faint smile: "you're right. If I were Lu zhanyan, I would use such a method. I could get all the assets of the Lu family at the expense of a fairly good woman. It's a good business. Don't you think your brother is a good businessman?"

With a bang, Lu Mo Yan's fist fell heavily on the table. Although it was only Huo Tingchen's one-sided words, under normal circumstances, he would think that Huo Tingchen must have a conspiracy to say so, but now he is not in the mood to think about these problems, because Huo Tingchen's words are very inflammatory, which provokes all the anger in his heart.

No matter how smart people are, they tend to lose their sense when they are angry. This is what Lu Mo Yan is now. Today, he has been hit hard one after another, and his sense has been completely submerged.

"Lu zhanyan had been calculating me for a long time, and I thought of him as my brother, you son of a bitch!"

Lu Mo Yan's eyes are full of blood, his teeth are rattling, and his fists are clenched more and more tightly. If Lu zhanyan were by his side now, he would really kill Lu zhanyan.

"Mo Yan, calm down. Do you have any plans in the future?"

Huo Tingchen timely comfort him, and then with very sincere eyes looking at him, light asked.

"I don't know what will happen in the future, but I will kill Lu zhanyan!"

Lu Mo Yan's mind is completely engulfed by anger and sadness, so it's easy to make extreme decisions at this time. His idea is beneficial to Huo Tingchen, but Huo Tingchen wants more.

So he patted Lu Mo Yan on the shoulder, pushed him back to the chair, and said with cunning eyes: "Mo Yan, don't be impulsive. With your current strength, let alone kill Lu zhanyan, as long as he is willing to move his fingers, he can knock you to death at once."

Lu Mo Yan clenched his teeth, but he was silent. As Huo Tingchen said, his current strength is much worse than Lu zhanyan's. after all, Lu zhanyan inherited the capital of the Lu family, but he had today's status completely relying on his own struggle. The accumulated wealth can't be compared with the rich family."What's the use of killing Lu zhanyan? The property of the Lu family doesn't belong to you. If I were you, I wouldn't say such words without ambition."

Huo Tingchen said coldly, with a sarcastic smile on his lips. At this time, Lu Moyan's biggest fear is being ridiculed, because his self-esteem has been hit, and he is more sensitive to other people's ridicule. Huo Tingchen has grasped every detail very well. It can be seen that he is well prepared to win Lu Moyan.

"If it's a man, take back what's lost!"

Chapter 549

"Take it back?"

After hearing Huo Tingchen's words, Lu Moyan became quiet. He suddenly felt that Huo Tingchen was right. Since Lu zhanyan robbed his own things by despicable means, he must take back what he lost.

However, his face soon faded, because he knew that he could barely compete with Lu zhanyan. But in order to maintain the stability of the group, if he and Lu zhanyan go to war, Jin Zhengting will not sit back and ignore him. When Jin Zhengting intervenes, he will not have any chance of winning.

As one of the core members of Jin Zhengting group, he naturally knows how powerful the man at the top of the river is.

Huo Tingchen saw his worry and said with a smile: "I know you are worried about Jin Zhengting. Your worry is not wrong at all. If I were you, I would also worry. In terms of your strength, there is no capital to fight against Jin Zhengting, but it doesn't matter."

He pointed to himself with a smile: "don't forget, now Jiangbin is not his Jin Zhengting family. My group is enough to compete with him. If you want to win the Lu family, you can cooperate with me and we can deal with those enemies together. Isn't this a good choice?"

After a night's preparation, Huo Tingchen finally stated his real purpose. He just wanted to win over Lu Moyan, so as to strengthen himself and weaken Jin Zhengting group.

Lu Mo Yan was stunned for a moment. Obviously, he would not immediately agree with Huo Tingchen, even though he hates Lu zhanyan to the bone.

"Why, Mo Yan, do you still have to think about it? In fact, what I want to tell you is that you have no way back. "

Huo Tingchen sneered at the bar manager and a group of waiters hiding in the corner: "the owner of this bar is Jin Zhengting's staff. I think Jin Zhengting has already known about our drinking together. Even if you can go back to Lu's house regardless of the past, you won't even get Jin Zhengting's trust except for Lu zhanyan's exclusion."

His smile with unspeakable confidence, every step has been accurately calculated by him, it can also be said that every idea of Lu Moyan is calculated by him.

Lu Moyan suddenly raised his head, and his forehead had been sweating. What Huo Tingchen said was something that scared him. If Jin Zhengting knew that he had drunk with Huo Tingchen all night, he

would not trust him as before, then his position in Jin Zhengting group would be affected. Obviously, this is Huo Tingchen's trap.

"Mo Yan, don't look at me like that. Isn't it a pleasant thing for me to drink with you and relieve the pain in my heart? What's more, you get more benefits from mixing with Jin Zhengting than you get from cooperating with me?"

Huo Tingchen began to lure, at this time, men's heart is always empty, generally need to get a lot of benefits to fill the void.

"In Jin Zhengting's group, you are at most behind Zhao Tongxin, Yang ziye and Lu zhanyan, and even inferior to Rong Lei, Jin Zhengting's assistant. But after our cooperation, your position will be lower than one person and higher than ten thousand people. Isn't it better than you in Jin Zhengting group? And I can promise that after we win the final victory, I will give you a lot of Lu's assets. You can think about it."

Huo Tingchen finished, took a sip of the wine glass on the table, and then looked at Lu Moyan with a smile. Long Jiu, who was standing behind him, had already grasped the gun. If Lu Moyan resolutely refused, she would do it according to what Huo Tingchen had told her in advance and kill Lu Moyan on the spot.

Lu Moyan's eyebrows are deeply wrinkled. It is obvious that he is engaged in a fierce ideological struggle. Huo Tingchen didn't disturb him at this time and kept enough patience. After all, Lu Moyan has been familiar with Jin Zhengting since he was a child. It will take some time for him to betray his family and good friends.

After thinking for a long time, he finally slapped the table: "I agree."

Huo Tingchen's mouth slightly raised. He had already guessed that it would be like this, because no one could refuse his proposal.

He picked up his glass and raised it to Lu Mo Yan: "Mo Yan, we have a good cooperation."

Lu Moyan didn't hesitate this time. He took his glass and touched Huo Tingchen. Then he drank all the wine in the glass. His eyes flashed with cold determination. Huo Tingchen was right. He didn't want to be called Lu zhanyan's younger brother any more. He was also a man with a name and a surname, and would not want to live in the shadow of those people forever.

What's more, Lu zhanyan did so many things that he was sorry for himself, regardless of his brother's feelings. This is what he has to get back justice. Of course, this is what he imagined.

In fact, Lu Mo Yan is a very smart man, but he has not escaped the design of Huo Tingchen. It's not that Huo Tingchen is smarter than him, but Huo Tingchen is better at making use of other people's weaknesses.

Huo Tingchen sips the red wine in his glass and shows a winner's smile on his face. When a person is in a good mood, even the taste of wine is very special.

At night, in Jin's villa, there is a bottle of old red wine on the dining table in the living room, which was opened when Jin's family entertained distinguished guests.

Cheng Mohan lightly raises his wine glass and bumps into Jin Zhengting's wine glass, making a clear voice. Both of them are transcendent men. For the first time, they sit on a table with peace of mind. "Brother Mo, I invite you here today to discuss something with you."

Zhao Tong heart gently said, her voice as always sweet, because of pregnancy, she can't drink, so holding a glass of water.

Cheng Mohan has a gentle smile on his face. Now his feelings towards Zhao Tongxin have changed. Maybe after losing everything, people's mood will become more open-minded. He now sees that Zhao Tongxin and Jin Zhengting are very happy together. He also wishes them from his heart. You don't have to be together to like someone, just see her happy, it's also a pleasure.

"Tong Xin, I know what you're going to say. If there is any position in the company now, just leave me one. Of course, as long as Jin is not jealous."

With his IQ, he immediately thought of the reason why Jin Zhengting and Zhao Tongxin invited him to dinner. He didn't have any feelings of resistance. Although he was under Jin Zhengting, he didn't care about anything, because as long as he could help Zhao Tongxin, it was enough.

Jin Zhengting light smile: "I am not so stingy person, and I believe in Tong Xin, also believe in you."

Cheng Mohan also responded with a smile: "when I first entered the business, people always compared you with me. At that time, I naively thought that you couldn't compare with me, but today I found out that I was wrong. Few people can have your mind, even me. If our role is reversed, I won't let Tong Xin be in the same company with you We work with Mr. Siri. "

He said it sincerely, because it's true that no one wants his woman to work with people who like her, which should be an instinctive reaction of all male animals.

"Because I'm the most loving person in the world."

Jin Zhengting said faintly that no one would say this sentence so naturally in front of outsiders, not to mention Jin Zhengting's identity, which also shows how important Zhao Tongxin's position is in his mind.

"I admit that I lost to you in my affection for Tong Xin."

Cheng Mohan is convinced that he thinks he can't love Zhao Tong like Jin Zhengting, so he clearly knows

that only Jin Zhengting can give her the best happiness.

Zhao Tongxin's face is slightly red: "brother Mo, I always treat you as my brother. Although we have no fate, we can still be friends."

Cheng Mohan laughs: "Tong Xin, don't be nervous. In fact, since I learned about Mr. Jin's feelings for you, I have quit. As long as you are happy now, I will be very happy. Of course, if Mr. Jin bullies you, you can come to me. Although I may not be his opponent now, I will try my best to beat him for you."

Zhao Tong Xin smiles a little. She looks at Jin Zhengting around her affectionately. Suddenly, she has a very happy feeling. Jin Zhengting's feelings for her make Cheng Mohan, who is good enough, flinch. It can be seen how deep the love is.

Jin Zhengting's deep eyes also became gentle. He raised the corner of his mouth to Zhao Tongxin and showed a charming smile: "you should not have this opportunity, because I will never bully him."

Cheng Mohan laughs: "this is Mr. Jin's promise. Tong Xin, you must remember what he said today, and I will testify for you. However, Tong Xin, the person you should thank most is me. Without me, how can Mr. Jin give you this lifelong promise."

It can be seen that he is in a good mood today. In fact, he and Jin Zhengting are very similar in character. Today's words are just because Zhao Tong is happy. He also feels very happy.

Jin Zhengting gave a faint smile, then put away his smile, and his face became dignified: "in fact, you are invited to come here today because there is still a very important thing, I think you have the right to know."

Cheng Mohan saw his serious expression, knew it was important, and put away his smile and asked, "what's the matter?"

"Do you remember the treasure we found?"

Jin Zhengting asked with burning eyes. He never thought about opening the treasure, because there was no need to use the treasure at that time, and there was no suitable person to do it.

He suddenly mentioned the treasure. Cheng Mohan's face became more serious. He subconsciously looked around and realized that this is Jin's villa. With Jin Zhengting's energy, when it's a very important thing to be kind to others, the surrounding must be guarded. However, this detail can also show his caution and caution.

"I remember the one in Southeast Asia. How, do you plan to open these treasures? But Huo Zhong once said that the correct method is needed to open the treasures. Since he died, no one in the world knows the method. It is said that there are several tons of explosives buried in it at the same time. If the method is wrong or forcibly opened, it will cause the collapse of the earth "It's an explosion."

Cheng Mohan pondered that at that time, he spent some time with Huo Zhong as Huo Tingchen, and knew many secrets of the treasure from his mouth.

"If I already know the way to open the treasure, please do it. I don't know if you will shirk it." Jin Zhengting said faintly, looking at Cheng Mohan with deep meaning in his eyes.

Cheng Mohan is stunned. He knows that this is a big event related to the fate of many rich families, but he doesn't understand why Jin Zhengting wants to tell himself such a big thing.

"Mr. Jin, I'm a member of the Cheng family. I was born to be an enemy. Why do you tell me this secret and ask me to do it? Aren't you afraid that I'll take the treasure for myself and then threaten the Jin family?"

Cheng Mohan asks, and he doesn't know why Jin Zhengting trusts him so much. Although Zhao Tongxin is one of the reasons, it's obviously not the main reason why Jin Zhengting trusts him so much.

"Because there is a spy inside the group, I can only trust you before I find out who it is, because for the rest of the group, you are a stranger."

Jin Zhengting said calmly, but this courage has deeply convinced Cheng Mohan.

Chapter 550

"It's true that the Jin and Cheng families are enemies, but before that, we were close friends, so I don't believe that there are forever friends and enemies. Only permanent interests exist between people."

Jin Zhengting said faintly, with a trace of profundity in his eyes, because he has seen through the essence between people in this world.

The only one who has no interest relationship is Zhao Tong Xin, who always accompanies him.

Cheng Mohan nodded his head: "I agree with president Jin, but how do you know that I have the same interests with you? Is president Jin really not afraid that I will use these treasures to make a comeback? At that time, your Jin family is the biggest obstacle in front of me."

Jin Zhengting light smile: "I will not consider this problem, because you are not an ambitious man."

This was originally a derogatory remark to Cheng Mohan, but he didn't mean to be unhappy at all. Instead, a knowing smile appeared on his face: "Oh? Why does Mr. Jin say that? "

"In some ways, I'm very similar to you. We are all men who have been at the top of the world since we were born, so we are used to the loneliness of high places."

Jin Zhengting's eyes became dim, and every successful person had a shadow, but their light was too bright to cover up the shadow of those who should belong to normal people.

Cheng Mohan's expression also flashed a trace of sadness. He could understand Jin Zhengting's words. From a very young age, he had to cultivate his own dignity, because he wanted to lead a huge business empire. Without dignity, it was absolutely impossible. Similarly, because of dignity, he also lost many people who could have been friends. In his memory, he could only be friends Those years with wandering riverside are the happiest time in my life.

He nodded his head slightly, waiting for Jin Zhengting to continue.

Jin Zhengting said faintly: "in this respect, I'm much luckier than you, because I have at least three good friends, Yang ziye, Lu zhanyan and Ke Jingteng, and I also met Tong Xin. Maybe my friends are less than normal people, but I'm not very lonely. After meeting Tong Xin, my world is full of warmth and happiness. Those who used to stand in front of me are very happy The coldness and loneliness of the summit have disappeared, but you are not the same as me. You never have friends, or even a real enemy in Jiangdong. You are the only one in your world forever. "

Cheng Mohan laughs at himself: "Mr. Jin is right. I'm the only one in my world. I don't even have friends or enemies, so I'm really lonely. To tell you the truth, if I didn't want to fight for the power of the Cheng family from my grandmother, so that the Cheng family would not fall into the hands of the Huo family, I think I would have had enough of such a life, if I could If so, I would rather live in seclusion in a city where no one knows me. "

"So I know that you are a man without ambition, even if you have, you will be smoothed by the lonely life of these years."

Jin Zhengting said faintly. He raised his glass and touched it with his.

Cheng Mohan drank all the wine in his glass, and an imperceptible sadness flashed in his eyes: "I really don't have the idea of making enemies with anyone. This time I come back to Jiangbin, I just want to get back what belongs to me."

"So I think you are the most suitable person. You can go to Tong Xin's company to help her. Then at the right time, I will ask you to deal with the treasure. As long as the treasure is still there, Huo Tingchen will not give up his heart."

Jin Zhengting now wants to open the treasure, not for the property in the treasure, but because as long as the treasure exists for one day, Huo Tingchen will continue to play the idea of treasure, which will affect Zhao Tongxin's safety.

Cheng Mohan can naturally understand his meaning, and he is more sure that his feelings for Zhao Tongxin are not as good as Jin Zhengting's, because the basic starting point of all Jin Zhengting's work is for Zhao Tongxin's consideration, and he can't do it anyway.

"Well, I promise you, I'll do it."

Cheng Mohan answers very simply, he is also a man who never procrastinates.

"In a few days, Huo Tingchen's gambling party is about to start. You must know about it."

Jin Zhengting asked faintly. He was not happy and surprised that Cheng Mohan agreed to take over this matter so soon, because it was what he expected.

"Well, on the way to Jiangbin, I heard something about it. It must be Huo Tingchen's plot. He wants to use the gambling club to accumulate funds, but it also proves that he is short of funds now. I think if he can, Jin can always exert pressure from other industries to force him to put all his capital into Jiangbin market, but he is not in Jiangbin market now. So no matter how much you put in, it won't help, but you have to put in because of the situation. In this way, you can form a situation of boiling frogs with water, and gradually he won't be able to hold on. "

Cheng Mohan is worthy of being as famous as Jin Zhengting. He immediately saw Huo Tingchen's weakness from the complicated situation. His biggest weakness now is that he has no capital, and Jin Zhengting firmly controls the market, so he can't get a foothold in the riverside market. As the former owner of the Cheng family, he knows very well how huge the assets of the Cheng family are, and the Cheng mobing is associated with them. Therefore, Huo Tingchen group has a lot of capital in its hands. However, apart from maintaining the jewelry industry, they have no capital market to inject. This is Huo Tingchen's dilemma.

"Huo Tingchen has invested in many industries, but under the response of the group, he has not made much progress. But I am worried that if he puts all his money in one basket and transfers all the capital of Jiangdong to Jiangbin, the group will not be able to prevent the capital invasion policy he pursues."

Although Cheng Mohan used to be his enemy, Jin Zhengting has always been a leader who has no doubt about employing people, so he told Cheng Mohan the basic situation of the group.

"Mr. Jin, these are not the most intractable problems. What happened at the reception today may have been planned by Huo Tingchen. I think now Lu Moyan may have been drawn over by Huo Tingchen. Lu's group is facing the danger of division. Once Lu Moyan goes down, it will have a great impact on the current situation."

Cheng Mohan is acutely aware of Huo Tingchen's purpose. With his extremely professional analysis, he soon found the loopholes in Jin Zhengting group's existing system.

Jin Zhengting group is the largest financial group in Jiangbin, but it also needs the support of Yang's group and Lu's group. The two powerful families hidden behind Jin's family, if any family has problems, it will affect Jin Zhengting group. This is why Huo Tingchen deliberately made a speech to Fu Lu. If he wants to be the enemy of Jin Zhengting, he must first deal with Jin Zhengting. Huo Tingchen's choice is

undoubtedly very correct.

Jin Zhengting frowns. He knows that what Cheng Mohan said will happen soon, but now there is no good way. Because he, Yang ziye and Lu zhanyan are all trying their best to stop Huo Tingchen's capital invasion, it is difficult for him to separate himself to plug this loophole.

"Zhengting, has the matter reached such a serious point?"

Although Zhao Tong knows a little about the conversation between the two people, since she accepted the company, she has made up for her business knowledge for a period of time. She can still understand Huo Tingchen's capital invasion. If Huo Tingchen has a foothold in a certain industry, he will pour out his capital wantonly, use his capital to forcibly purchase or use a very low price Unfair competition will soon occupy half of the Jiangbin market and confront Jin Zhengting. But this battle is in Jiangbin. No matter which side wins, it will greatly damage the market development of Jiangbin.

That's why Huo Tingchen must do his best to burn the flames of war to Jiangbin. Once his capital invasion is frustrated, he can at least return to Jiangdong to cultivate himself, but what he left to Jin Zhengting is Jiangbin's mess.

Huo Tingchen wanted to use this move when he was competing in the jewelry industry. It was because Zhao Tongxin reacted quickly and Jin Zhengting had the idea of changing production for a long time that he didn't let his plot succeed. No wonder Zhao Tongxin became nervous.

Jin Zhengting light smile: "things are not so serious, just we are doing the worst plan."

He raised his slender hand and gently stroked her head. This action immediately reassured her, because she believed that Jin Zhengting's ability would pass the pass in front of her.

"Mr. Jin is right. Don't be nervous, Tong Xin. We still have those treasures in our hands. Even if we don't beat Huo Tingchen in business, as long as we get those treasures, we can easily turn the situation around, and things are not so serious. Now it's up to us to see what we plan to do next, but Huo Tingchen does start to act, and the gambler will be right It's very worrying. "

Cheng Mohan ponders that he does not know that Jin Zhengting has already figured out the countermeasures, that is, Zhao Tongxin's keen sense of Yuanshi.

"Brother Xiaomo, you don't have to worry about gambling stone meeting. Huo Tingchen's plot will not succeed."

Zhao Tongxin said with a smile that she could not help feeling a little complacent. This is one of the few things she can do for Jin Zhengting, so for Zhao Tongxin, this is her most complacent time.

Cheng Mo Han was stunned: "Oh? Is Mr. Jin ready already? But it's too difficult to control the gambling stones. Even the most professional appraisers often fail. Moreover, I heard that there will be thousands

of gambling stones this time. I'm afraid it's not an easy job to find that rare stone from so many stones. "

Jin Zhengting but a faint smile: "you don't have to worry, I have found the best gambling stone appraiser, as long as she hands, Huo Tingchen's gambling stone will not be able to achieve the goal."

"Is there such a powerful stone appraiser?"

Looking at Jin Zhengting's confident expression, Cheng Mohan is more puzzled. According to common sense, a gambling stone appraiser can't be so sure, but the smart man soon thinks that since Jin Zhengting is confident, it's because he has faith in gambling stone appraisers.

"Of course, she once set a record of 100% accuracy in the identification of gambling stones."

Jin Zhengting said with a smile, a trace of pride can also be revealed from his voice, because Zhao Tongxin is his wife, which is a man's inevitable reaction. Cheng Mohan is stunned. He knows from Jin Zhengting's reaction that the 100% correct appraiser is Zhao Tongxin.

"Why, brother Mo, don't you believe it? I'm very good at the identification of gambling stones. Zhengting and grandma have tested me and never failed."

Zhao Tong Xin said with a smile that she looks really beautiful when she smiles.

"I really didn't expect that Tong Xin had such talent."

Cheng Mohan said with admiration that at this time, he felt that Jin Zhengting and Zhao Tongxin were a perfect match, because from any point of view, their tacit understanding was impeccable.

When they were talking about the details of the gambling meeting in the living room, Jin Ying was lying on the door, listening to their conversation, with a strange expression on her face.
