

# Super Rich Dad Chapter 544-546

Chapter 544

‘This .....’ Jiang Hao looked at Shen Haoting with a stunned expression.

Shen Haoting, on the other hand, smiled and didn’t say much, only patting Jiang Hao’s shoulder. Indicating that he should follow him.

Soon, several people walked into the bushes.

Soon the group arrived deep in the bushes, and Ye Yunjie had someone clear the vicinity, and immediately an iron door appeared in front of the group.

Two youths worked together to pull the iron door open. A passage that stretched downwards was presented to the crowd.

Seeing this, Jiang Hao was astonished. He did not expect that there would be another door here.

Moreover, Jiang Hao’s gaze looked downwards and seemed to find that there was still a lot of space down here.

Ye Yunjie bowed and made a gesture of invitation, signalling that Jiang Hao and Ye Yunjie could go in.

The two of them walked in, one after the other, down less than fifty steps, and then suddenly the front opened up.

At the end of the narrow passage, there was a space of several hundred square metres, and it was brightly lit up and crowded with people.

When many people saw Shen Haoting appear, they were startled and then rushed over to greet him.

It was obvious that all these people knew Shen Haoting. And Shen Haoting also seemed to know each of them.

After a brief chat, Shen Haoting and Jiang Hao were led to a transparent glass coffin.

Shen Haoting pointed to what was inside the glass coffin and showed it to Jiang Hao: ‘Son, see? That is the thing that will ensure that our Shen family will stand for a thousand years, Shangdian!’

Shen Haoting’s last two words were heavy in tone, and also seemed unusually grand.

Jiang Hao seemed to be able to feel the excitement in his father’s heart.

He hurriedly looked into the glass coffin and saw that there was a dark yellow translucent stone plaque placed in the glass coffin.

Jiang Hao could not help but be a little surprised at the situation and hurriedly looked at Shen Haoting: ‘Dad, didn’t you say that Shangdian is a book that records the laws of the operation of heaven and earth? This ..... is not a stone .....’

Shen Haoting sniffed. Haha laughed out loud and heavily patted Jiang Hao on the shoulder and said, ‘Silly boy, does the book have to appear in the situation of paper?’

Shen Haoting’s words made Jiang Hao a bit confused, if not paper, then what?

Just as Jiang Hao was puzzled, he saw Shen Haoting waving his hand violently, and a middle-aged man dressed in white at the side nodded his head in a hurry. Then the man pushed a switch-like object next to him.

Almost instantly, a shocking change took place in the glass coffin.

The light in the glass coffin instantly dimmed. Then the stone plaque underneath seemed to receive some kind of stimulus and emitted a faint yellow glow.

The most obvious change was the stone plaque, which lit up one after another, and as it gradually became brighter and brighter. Some faint characters were actually emitted from it.

The feeling was similar to that of a holographic projection, and as time went on, the characters radiating from the stone plaque gradually became clearer. And they kept changing, like a piece of heavenly book, skimming past the people present.

It was just that Jiang Hao was amazed that he didn’t recognize any of the characters radiating out from the stone tile, and only occasionally felt somehow familiar.

‘What kind of writing is this .....?’ Jiang Hao hurriedly whispered to Shen Haoting and asked him.

Shen Haoting couldn’t stop staring at the characters radiating from the stone plaque, his gaze full of excitement.

But then he shook his head, ‘Actually, I don’t know them either, and do you see these people here? They are the ones responsible for deciphering these characters.’

Jiang Hao sniffed and looked at the stern-faced people around him. The people, older or younger, hastily asked again, ‘So have they deciphered it now?’

This time Shen Haoting did not answer. Instead, an old man in his fifties, dressed in a white coat and wearing bottle-bottom spectacle lenses on his head, answered his question before him.

‘So far we have managed to decipher a few hundred characters. What is written inside is nothing more than some prescriptions and things we can’t read .....’

The man looked a little helpless. Looking towards Shen Haoting, a touch of apology appeared on his face as he said, ‘Mr. Shen, I’m really sorry, after so many years, progress is still slow .....’

Shen Haoting didn’t seem too angry, he just patted the man’s shoulder and encouraged him, ‘Chen Lao, no harm done, the progress you have now is already a great improvement, don’t be discouraged we have plenty of time .....’

Shen Haoting then added to Jiang Hao, 'Besides, the content or otherwise in this Shang Deng Dang is not really that important, because we just need to know that it has power. And that this power is something that can be used for us.'

Shen Haoting then dragged Jiang Hao and strolled around the underground 'base' while explaining to him, 'In fact, for more than a thousand years, my Shen clan has never given up on deciphering the characters in this Shang Dian, but it has never helped, but it doesn't matter, because whether we decipher its It doesn't matter, because whether or not we decipher its contents does not affect our ability to use its power in any way. And what you don't know is that there is an infinite amount of power in this Canon, but it's not that simple to use it! And it can only be used by waiting'

'What does that mean?' Jiang Hao asked curiously.

Chapter 545

Shen Haoting pondered a little and replied, 'Although my Shen clan has been guarding the Shang Dian for a thousand years, there are still many mysteries about it that we have not yet solved, such as these mysterious characters and the 'awakening' of the Shang Dian every one year!'

'Awakening?' Jiang Hao was astonished, 'What does this mean?'

Shen Haoting sighed and said, 'In fact, the Shang Dian does contain infinite power, but it's not that simple to draw on its power anytime and anywhere. The reason is that the Shangdian can only be awakened every one year, and the enormous energy it contains can only be used during this time. It is impossible for anyone to wake him up again, and there is no way to borrow power from it!'

As Shen Haoting spoke, his eyes shone brightly as he said to Jiang Hao, 'Son, do you know that it's only less than a week until Shangdian wakes up again, and Dad has been waiting for this day for over ten years! As soon as Shangdian awakens, Daddy will be able to use its unrivalled power to wipe out the hatred of my Shen family from more than ten years ago. By then, whatever the overseas Shen family, whatever the thirty-six Shen clans, you and I can do whatever we want as long as we use the power of Shangdian!'

He had been waiting for this day for too long. He had been waiting for this day for seventeen years.

As long as this day comes, even if he dies, Shen Haoting will have no regrets!

Before Shen Haoting could be happy for too long, he saw a young man in black running in from outside in a hurry. The other man first looked at Shen Haoting and wanted to say something, but then turned to Ye Yunjie's side and muttered something in a low voice.

When the man finished speaking, Ye Yunjie's face was suddenly shocked and she exclaimed in dismay, 'How is that possible? Isn't this matter top secret? And the route taken also went in a circle, how come it ended up .....

The man's face was grave, silently shaking his head and whispering, 'This ..... is unknown. But what now?'

Ye Yunjie thought for a moment and hurriedly said, 'Scatter everyone to go, make sure to find the whereabouts of the madam with the fastest speed!'

'Yes!' The man responded loudly. He hurriedly turned around and left.

And it seemed that Shen Haoting had also noticed this side and looked at Ye Yunjie, but as a result, before he could open his mouth to ask, Ye Yunjie walked straight over.

'Mr. Shen, something has happened!' Ye Yunjie said.

When he suddenly heard the word 'accident', Shen Haoting's heart could not help but feel a trace of sad clouds. The face suddenly changed, at this time Ye Yunjie said something had happened, Shen Haoting actually guessed a thing or two.

'Is ..... it Wan'er?'

Ye Yunjie nodded silently. Came up to Shen Haoting's ear and whispered, 'It's that something happened to Madam, the people I secretly sent to fetch Madam are dead, and Madam is .....

'What happened to my mother?' Before Ye Yunjie could finish her sentence, Jiang Hao, who was on the side, heard this and turned like a thunderstorm, his whole body exploded, 'Sister Ye. What's wrong?'

Ye Yunjie looked at Jiang Hao, and then at Shen Haoting, seemingly with some hesitation. After all, Ye Yunjie knew well the relationship between Jiang Hao and his mother, and was afraid that Jiang Hao wouldn't be able to bear this terrible news!

But Shen Haoting nodded silently, 'Jiang Hao has grown up, tell us what has happened!'

With these words from Shen Haoting, Ye Yunjie said, 'Someone just came to report that our people who went to pick up Madam were stopped, all my two men are dead and Madam's whereabouts is unknown, but looking at the current situation, Madam should still be alive because the people sent to Lei's group said that after the car was checked, there was no trace of Madam's blood. And they hacked into the nearby road surveillance and found a few cars that were suspicious, but don't worry, Mr. Shen. I've already told them to make sure to find the cars!'

After hearing Ye Yunjie's words, Shen Haoting took a long breath of cold air and sighed in shame and anger, 'Aiya. It's all my fault, I should have gone to Wan Er personally, if I had gone personally. It wouldn't have been like this!'

Shen Haoting looked incomparably remorseful, and the guilt in his heart for Jiang Wan simply grew a few layers deeper and deeper.

And Jiang Hao's whole body was going crazy after hearing the news that his mother had been abducted!

'Who was it? Who did it? My mother has been a good person for so many years and has never offended anyone, why would they do this to my mother? Who did it? Dad, what should I do? My mum can .....

The first time I saw the company, I was in the middle of the game.

Shen Haoting was clear. The first thing you need to do is to get a good idea of what you're doing.

Shen Haoting hurriedly embraced Jiang Hao in his arms. He said comfortingly, 'Jiang Hao, cheer up, your mother will be fine, daddy promises you, don't worry, I will definitely bring your mother back .....

As Shen Haoting said, his fists were clenched tightly, he felt ashamed of Jiang Wan on the one hand, and on the other hand, the anger that was suppressed like a volcano was completely poured out!

Shen Haoting said in a low voice: 'Immediately find out for me, who did it, and if you find out who it is, kill them all!'

Chapter 546

But just after Shen Haoting had said this, Shen Haoting's mobile phone suddenly rang.

When he saw the number, his face suddenly turned grave, because the caller was no other than Shen Tianyang!

Shen Haoting picked up the phone decisively, and then did not wait for the other party to speak. He said bluntly, 'I advise you not to move Wan'er, or I will kill you even if I have to die!'

When Shen Haoting said this, he gritted his teeth, not only because Jiang Wan was being taken away by the other party at this moment, but also because he remembered the bloody battle that took place in Pingyang Valley seventeen years ago.

Shen Tianyang on the other end of the phone did not feel angry at his words. At this moment, the other party already had the biggest bargaining chip in hand, so of course he knew that Shen Haoting was just getting angry in vain at this moment.

'Ai yo yo. What's wrong with you, Uncle Clan, you're so angry? Wan'er? Who is Wan'er? What's wrong with her?'

Although the matter had come to this, Shen Tianyang was still playing sloppy.

Shen Haoting said, 'Shen Tianyang, things have come to this point, there's no need for you and I to hide and dodge anymore, let's just talk openly and honestly! In fact, we all know it very well, so why don't you be frank? Taking Wan'er as a hostage is too despicable, isn't it?'

Hearing Shen Haoting's words, Shen Tianyang on the other end of the phone then snorted out a laugh.

'Hahahaha, Uncle Clan is really still so straightforward!' Shen Tianyang said, 'Hehe, Clan Uncle calling me despicable? I'm probably still a bit inferior compared to Clan Uncle, right? Back then, it was agreed that I would spare your wife and son's life and you would automatically offer Shangdian after fifteen years, but now seventeen years have passed. I ask the clan uncle where is Shangdian? If I don't take some initiative, I am afraid that you will never give it to me in your life, Uncle Clan, right?'

Hearing this, Shen Haoting clenched his fist tightly and shouted, 'The Shangdian was originally kept by the clan family, why should I give it to you when you, the overseas Shen family, have overstepped your bounds and tried to swallow it,

and even killed my clan's entire family? Hmph, Shen Tianyang, since we have now made it clear, I will say it straight, you and your overseas Shen family, you can wash your neck clean, and one day, when I will be in your presence, I will. Execute your whole family, so that you too can taste the pain of extermination, in order to console the dozens of ancestral spirits of my Zong family seventeen years ago!

These words, which Shen Haoting had suppressed for seventeen years, were finally able to be said today.

In the past, he and Shen Tianyang both knew that one day, a duel would break out between the two of them, but after all, there was still a layer of paper that had not been broken, so both sides were at peace with each other.

But now that this layer has been broken, there is no need for the two sides to cover up. What comes around has to come around.

Besides, now that Shang Dian was about to 'wake up', Shen Haoting already had the capital and power to take revenge and avenge himself, so he was no longer afraid of the other side.

Shen Tianyang on the other end of the phone paused. Suddenly he sneered and slowly said, 'Good, then I will wait and see, I would like to see how you kill my whole clan, but you should also remember, clan uncle. Seventeen years ago, how my overseas Shen family wiped out your entire clan, right? At that time, the clan, including your father, claimed to have eight great experts, but what happened? Not a single one was left? Only you are left, do you think you can still make much of a splash?'

Shen Tianyang laughed mockingly and continued, 'I advise you. If you still think that your family can meet again in your lifetime, then hand over the Shangdian, this world is only for the strong to survive, the Zong family is long gone, if you give me the Shangdian voluntarily, perhaps I can still spare you a horse, if not, then wait for your wife's corpse!'

Shen Tianyang paused and continued and added, 'Oh yes. If I remember correctly, three days later is the day of sacrifice for your entire clan, right? How about this, if you still want your wife to live. Just bring Shangdian to Pingyang Valley in three days' time, and we will hand over the person with one hand. Hand over Shangdian with one hand, and if you don't come after three days, then I promise. You will be shown the most miserable end of your wife!'

After saying this, the other party hung up the phone decisively.

At this moment, Shen Haoting's fist was almost digging into his flesh.

He was incomparably angry, seventeen years ago today had become a scar in his life that he could not bring up, and now the other party was even rubbing salt into his wounds .....

'Dad, would you ..... you go and change mum?' Jiang Hao looked at Shen Haoting with a serious face and asked.

Shen Haoting didn't know how to answer this for a while, stammering for half a day before patting Jiang Hao's shoulder and saying, 'Don't worry, if dad said he would bring mum back, he will definitely bring mum back, and I guarantee that both Shangdian and mum will be fine!'

After he finished speaking, Shen Haoting went down that passage and left straight away.

Jiang Hao looked at his father's back and suddenly felt the helplessness and sorrow of this man at that moment.

Yes, the mother was taken away to blackmail the father, his heart was already incomparably hard, he probably didn't need to ask the question he just asked .....
