

# Super Rich Dad Chapter 569-570

Chapter 569

Chen Qi coldly glanced at Jiang Hao, then spoke, 'If you are a man, then do it, don't let a child stand in your way.'

Jiang Hao looked at him and fell slightly silent and said softly, 'Ying Ying get out of the way. Brother won't have anything to do with it, brother will go with them for a while and then come back, Ying Ying will watch the shop for brother.'

Although Yingying didn't quite understand, she couldn't help but feel slightly more at ease after looking at the calm look on Jiang Hao's face.

'Mm. Ying Ying will keep an eye on the shop, brother, you have to come back early.'

Jiang Hao smiled after hearing this and looked at Ying Ying. Then he broke away from the hand that was controlling him and followed them out on his own.

After crossing the street corner, a police car stopped in front of Jiang Hao, Chen Qi sat in the car and looked at Jiang Hao and smiled but did not say anything.

Only after Jiang Hao got into the car did Chen Qi look at Jiang Hao from the rear-view mirror and said, 'It's good that you know what you're doing, otherwise I would have brought that little girl back for you.'

Jiang Hao glanced at Chen Qi with cold eyes and said, 'If you are not afraid of death, go ahead and try, and see if you can leave alive.'

Chen Qi had the intention to dislike him back, but after looking at Jiang Hao's eyes in the rearview mirror, he had a chill in his heart for some reason.

The people sitting on either side of Jiang Hao's heart also followed, as if the person sitting next to him was not a human being, but a fierce beast.

Chen Qi looked at Jiang Hao and fell silent, then snickered and said: 'When I came here, there were people who said you were a master. Now it looks like that's true, tell me, what exactly is your purpose towards Qian Lao.'

Jiang Hao gave Chen Qi a somewhat indifferent look, would he be so evasive if he had an agenda for anyone.

But just as he was about to speak, the word Qian Lao startled him in his mind!

If he remembered correctly, this Qian Lao should be the old man with an extraordinary air yesterday.

Thinking of this Jiang Hao looked at Chen Qi and spoke with some surprise, 'What happened to Qian Lao, what happened to him?'

Jiang Hao's look caused a strange look to flash in Chen Qi's eyes and he said, 'What, what happened to him, are you still not clear?'

Jiang Hao looked down and pondered for a moment, then looked at Chen Qi and said, 'I saw him yesterday morning when I opened the door. To be honest that was my first time with Qian Lao in front of me.'

The crowd in the car looked slightly shaken when they heard this, that Qian Lao was a resounding figure back then, not to mention being in Thirty Mile Bay.

He was a big brother at the provincial level before, and although he had stepped down, he had powerful connections, and every year many people asked him to do things.

The reason why Jiang Hao ran into Qian Lao that day was also because he suddenly wanted to walk alone, which was why he got rid of his personal bodyguard.

Originally, his medicine would be brought back from the city every year. As this was an old illness, his family was well aware of it.

But no one expected that Qian Lao would buy his medicine from such a small pharmacy that day. What was more unexpected was that he had taken it without telling anyone!

If nothing had happened, it would have been fine, but Qian Lao drank the medicine and passed out, with a wisp of white foam at the corner of his mouth.

Qian Lao's family's wealth and prosperity all depended on him, and if anything happened to him, they would all suffer. If anything happened to him, they would all suffer!

It was for this reason that it only took one night to find out where Qian Lao had bought his medicine!

A cold sweat seeped out of Chen Qi's forehead as he thought about this. If this matter was not investigated clearly, not only him, but also his top boss would have to be replaced!

'You bullshit, if you really met Qian Lao for the first time, then what reason do you have to harm him!'

After saying this, Chen Qi looked a bit haggard and lit himself a cigarette and spoke, 'Say it, who ordered you to do this, do you know the seriousness of this matter!'

Jiang Hao heard these words and coldly glanced at Chen Qi, since that time, there is really nothing that can talk to him like this in front of him!

Chen Qi was not a character to be messed with either. His nickname in the unit was Mad Dog, not only to describe his way of doing things. It was a description of his personality!

Seeing that Jiang Hao had fallen into silence, Chen Qi didn't wait to go back to his unit. After looking around at the wilderness, there was no one around so he parked the car.

Then he opened the door and patted the roof of the car and said, 'Pull that guy out for me, I'll show him how many eyes the king of horses has!'

It was obviously the first time the two men in the car had encountered such a thing. They usually had no choice but to avoid mad dogs, but this time they were also inexplicably caught in the act.

At this moment, after hearing this, one of them looked at Chen Qi and said, 'Brother Qi, this is not very nice, is it?'

Chen Qi was a mad dog, but he had someone behind him, so he could take care of any big problem with a word.

The two of them were not like that, they were just doing their jobs and hanging around, if they really agreed to do it.

If they agreed to do so, then no matter what the person did or didn't do, if they were to sue, they both would be sure to get away with it.

Chen Qi looked at the reluctant look on the two men's faces and gave a cold snort, then opened the car door himself and pulled open his colleague to look at Jiang Hao and said, 'Get down, I'll tell you what's serious!'

Jiang Hao was not afraid of Chen Qi, to put it bluntly, he was now a lost dog!

If it wasn't for the need to avenge his parents, he wouldn't be cowering in this shithole!

Looking at Chen Qi's angry face, Jiang Hao walked out leisurely, his eyes looking at Chen Qi with contempt.

'First of all, if I really knew this Qian Lao, then I shouldn't be acting so easily now, right?'

As soon as he stepped out of the car Jiang Hao looked at Chen Qi and said this indifferently before continuing to speak, 'Secondly, think about it, if I really did lay hands on Qian Lao, why didn't I leave?'

Chen Qi faintly froze when he heard this, his mind running quickly, it was indeed a little too strange!

If Jiang Hao was really the one who did it to Qian, why would he still be open for business normally instead of closing his business.

Any normal person would have left quickly after doing such a big thing, there was no way he would have stayed here.

It would be fine if it was an ordinary person, but this is Qian Lao!

To put it bluntly, as long as he wanted to know anything under the upper city he would not need to bother much at all, someone would naturally deliver it to him.

If this kid in front of him was really the one who had murdered Qian Lao, either he was a dead soldier or he really did not know about it.

Thinking of this, Chen Qi looked at Jiang Hao with some suspicion for a moment without saying anything.

Jane then looked at Chen Qi better innocently and shrugged his shoulders and spoke, 'If you still don't believe me, then tell me if Qian Lao is still alive now.'

Chapter 570

Chen Qi looked at Jiang Hao with some suspicion and said, 'What, do you still have a way to save Qian Lao?'

Jiang Hao skimmed his lips and said proudly, 'I don't even know the condition of his body now, how can I save him?'

Chen Qi was slightly stunned before he spoke in a deep voice, 'Qian Lao fell into a coma after drinking your medicine, and his whole body was a bit out of shape. And there was white foam at the corners of his mouth!'

Jiang Hao pondered for a moment before bowing his head and saying softly, 'Impossible, the medicine I prepared for Qian Lao is for seasonal regeneration, even if something went wrong with it, it couldn't have been poisoned, at most it was a matter of diarrhea.'

Chen Qi sneered twice and looked at Jiang Hao in front of him. This kid was smart, was this like taking himself out of this matter?

Chen Qi shook his head when he thought about it. He lamented that he was also too gullible to trust the person in front of him.

'All right, I don't even know if there's anything specific yet, so you should honestly tell us why you're plotting against Qian Lao.'

After saying this Chen Qi didn't even have the heart to teach Jiang Hao a lesson with his hands, at this moment Jiang Hao had turned into a charlatan in his eyes.

To put it bluntly, he was a fake medicine seller!

He had caught many people like this before, all of whom thought that there was nothing wrong with their medicine, and that even if something happened, it would only be a minor matter.

Jiang Hao looked at Chen Qi's disbelief and frowned, then said in a cold voice, 'If you don't send me to see Elder Qian, you will be responsible for the consequences!'

Chen Qi snorted at these words, he hadn't wanted to do anything to Jiang Hao yet. Instead, this kid was threatening himself!

Thinking of this, Chen Qi slapped Jiang Hao's face with his backhand and said angrily, 'I've given you a f\*cking face, haven't I! I'm telling you, I've seen a lot of people like you!'

Chen Qi's slap knocked Jiang Hao dumbfounded, how long had it been since anyone had hit him like that?

Jiang Hao's anger surged to the forefront of his mind, and with a struggle, he ripped the shackles off, then lifted Chen Qi up by his neck with one hand!

'What did you say? I didn't hear you clearly, please say it again!'

The people with Chen Qi were all stunned by the scene in front of them, although Jiang Hao was slender, his body looked a little thin.

No one had expected him to suddenly make such a move, causing no one to react!

'You hurry up and put the captain down. Or else be careful we won't be polite to you!'

As they spoke, the two men were already rushing up, they were worried that if they were one step later Chen Qi might die!

Jiang Hao just glanced back at them coldly, thinking that it was better to let things go and put things down, and then put Chen Qi down.

Then he looked at Chen Qi coughing and said, 'If I want to do something, who can stop me here!'

Although Chen Qi was coughing and resentful of Jiang Hao's actions towards him. However, hearing Jiang Hao's words his heart quickly calmed down.

After waiting to slow down a little, Chen Qi looked at Jiang Hao and spoke, 'Cough cough cough. If, cough, if you didn't do it, then who else could it be!'

Jiang Hao frowned slightly before sighing and saying, 'Anyways. Take me to see Qian Lao, right now he is the priority.'

'What reason do I have to believe you!'

Chen Qi listened to Jiang Hao's words he wasn't a fool, if he just took Jiang Hao to see Qian Lao now, then he would lose the initiative.

Jiang Hao smiled and gave him a cold look before turning around and getting into the car. He didn't even bother to talk to Chen Qi anymore.

If something happened to Qian Lao, it would be none of his business anyway.

What he was most concerned about now was whether Qian Lao had offended someone and was being retaliated against, or whether someone wanted to use Qian Lao to fix himself.

The reason why Jiang Hao had such a suspicion was not an empty cave, but Xu Qiang was really silent for too long, which was too abnormal.

Jiang Hao may not know what kind of person Xu Qiang is, but Master Zhang knows him well.

When Jiang Hao was wondering why Xu Qiang hadn't come to him yet, Elder Zhang had also worried about this, saying that it was simply impossible.

There was no way a dogslayer like Xu Qiang would be silent until now. There must be some moves in the dark, just that he hadn't noticed them.

Chen Qi climbed up from the ground. He looked at Jiang Hao, who was sitting in the car, and sat in the driver's seat after a moment of silence.

Then he lit a cigarette and looked at Jiang Hao's pensive face from the rear-view mirror and said, 'Does the matter of Qian Lao really have nothing to do with you?'

Jiang Hao didn't want to deal with this Chen Qi at all right now, so he just nodded and started to ponder again.

After receiving the answer. Chen Qi chose to believe Jiang Hao, so he started the car and drove towards Qian Lao's residence.

The reason why Chen Qi chose Jiang Hao was not without reason. Although he had only been in contact with Jiang Hao for a short time, Chen Qi felt that.

A man of Jiang Hao's character couldn't do such underhanded things, his methods were too direct and violent!

Thinking of this Chen Qi couldn't help but reach out and rub his neck where he had just been pinched by Jiang Hao, there was still some faint pain here!

Chen Qi's two subordinates wanted to teach Jiang Hao a lesson, but they hesitated, afraid that they would offend such a fierce god.

Jiang Hao sat in the car and shook his head slightly before sighing, thinking that he would be able to make sure after saving Qian Lao back.

It was impossible for him to get any information by just thinking about it now, so why waste his efforts.

The first thing I did was to close my eyes and sleep, and Chen Qi looked in the rearview mirror at Jiang Hao's bemused appearance and was even more certain of his judgment.

This is the first time I've ever seen a man in the world who has done this.

The four people sat in a car with their own thoughts, after nearly two hours, Chen Qi stopped at the entrance of a villa.

Then he coughed lightly and spoke with a complex expression, 'Hey, hey, hey, don't sleep, Qian Lao's house is here!'

Jiang Hao heard this and slowly opened his eyes, at this time a man in a black suit walked up, then glanced at Chen Qi and nodded.

‘Why are you here, how is the investigation of the old man going?’

Chen Qi looked at the man in the suit and gave a bitter smile, then took out a cigarette from his seat and lit it and spoke, ‘I brought the man you want, but I’m not sure if he did this thing or not.’

Hearing this, the big man looked towards the back seat in some surprise and saw Jiang Hao nodding to himself with a smile on his face.

Only then did he frown and sneered, ‘I’ve never seen such a death-seeking guy before, how dare he come to the door after doing something like this? You really don’t know what you’re doing!’

After saying this, the big man pulled open the car door, and Chen Qi, who was sitting in the car, shook his head slightly as he looked at the familiar scene in front of him.

Then he saw Jiang Hao walk out of the car with his hands around the neck of the strong man again, and then spoke, ‘If you really want your master to live, you’d better let me in!’
