

Chapter 569

I just don't like this kind of people.

If you don't like it, you don't want to care about the other person's opinions.

Even though Li Na's face was blue and red and very embarrassed, Suzi was very natural.

She divided a part of the work on hand and handed it to Li Na: "This is your workload this week. If you don't understand anything, you can discuss it with me."

Li Na: "..."

Suzi has turned around and left for the office.

As soon as she went out here, the frying pan was in the office.

First of all, Lina was crying, "Mrs. Fu, is she... is she taking revenge with me?"

Song Zhuoer said: "Suzi is not like that at all!"

Li Na: "Then why doesn't she drink the milk tea I gave her?"

Another male colleague Zhao Xianda sneered: "Why do people have to drink your milk tea?"

Immediately afterwards, Tong Yue added: "Does your milk tea have flowers?"

Li Na: "..."

Song Zhuoer is the youngest intern, and his words are relatively straightforward: "Li Na, you don't even see what kind of person Suzi is. She is

very simple, pure, and sincere. Conscientious, even if she has a husband like the king of Nancheng, she has never shown off.

She is not as good at dancing and socializing as you are.

She can't make a deal with you, so she doesn't need to give you any face.

Understand! "

Li Na: "..."

A face was said to be completely red.

Embarrassed and embarrassed.

But she can't change jobs. If she resigns, where would she want someone who doesn't pass the profession?

At this time, Lina's regrettable place went dark.

At that end, Suzi also came to Galia.

When he saw Galia working seriously, Suzi yelled softly: "Galia."

Galia looked up, her expression a little awkward, and her tone very nervous: "Fu...Mrs. Fu."

Suzi cast a blank sullen look: "You are still not my sisters!"

Galia: "But you...you are the wife of Fourth Master Fu."

"Huh!" Suzi gave a blank look: "Don't forget, you still owe me a meal. Last time I spent 400 yuan to buy you a buffet, why, do you want to escape? Don't think about it!"

Galia curled his lips and smiled: "You...you have such a superior status, are you...really willing to make friends with me?"

"Nonsense!"

Speaking of words, Suzi laughed at himself again: "What is noble or not, I was almost beaten to death by Linda in Noble. If you didn't try to stop me, I might have been broken by Rayna and Linda. , If I break the truth, Arron will still want me? Grandma!"

Galia: "You...you can speak foul language?"

In Galia's heart, Suzi has always been honest.

After knowing Suzi's identity in the past two days, I also feel that she is that kind of unattainable.

But Suzi can also speak foul language.

Suzi proudly said: "I can talk a lot, Ciao! Spicy, um... all kinds of things, a little bit, a little bit."

Galia suddenly smiled: "We will have a buffet at noon today, please invite me! I want to eat a high-end buffet with an average of nine hundred ninety nine per capita!"

"No problem!" Suzi readily agreed.

The two reconciled immediately.

Then they went out together talking and laughing, entered the elevator, and got out of the elevator, standing alone outside the elevator door.

Seeing that person clearly, both of them were stunned at the same time.

Chapter 570

I haven't seen him for a week, Rayna's whole body is thin and out of shape.

Suzi didn't have a lot of affection for Rayna, so when she saw the pitiful Rayna, Suzi didn't have much surprise and sympathy.

But Galia, she rushed over and hugged Rayna's arm: "Rayna, what did you do, I haven't seen you for two days now, why do you seem to have lost ten pounds?"

Rayna said frankly, "I'm fine."

Galia asked again, "Are you doing anything wrong here?"

Rayna squeezed and squeezed her eyes. A lump of shit came out of her eyes. She seemed to be angry, and she touched it casually: "Galia, can you lend me a hundred yuan? I haven't eaten for two days."

"Huh?" Galia looked at Rayna in surprise: "What's the matter? Why don't you go home for dinner? Where are your parents? Aren't they at home?"

Rayna said bitterly, "They kicked me out."

Galia: "Why?"

Rayna bit her lip: "Because..."

She looked at Suzi and shut up again. After a while, she respectfully bowed to Suzi, "Mrs. Fu, you...Hello."

Suzi: "..."

Galia is impatient: "Dead woman! Say it! You have become a beggar, what else can you hide! Don't you say I won't lend you a hundred yuan."

Galia didn't have any contact with Rayna before.

She also despised Rayna.

But through this time, she prevented Rayna from letting Rayna participate in the frame of Suzi. Galia discovered that Rayna was actually quite a stupid woman.

Rayna's nature is not bad.

And Galia also discovered that if she verbally abuses Rayna, Rayna doesn't care about her, she is a woman with a particularly bad temper.

To be honest, Galia kind of liked Rayna.

Seeing Galia scolding her, Rayna said: "Because I didn't help Miss Jun Er according to my cousin's intentions... I smashed Mrs. Fu's face. My parents have already scolded her. I had a meal. Yesterday I was kicked out by Siye because of my cousin. After freezing my cousin's bank card, my parents are now planning to sever relationship with me. They kicked me out yesterday afternoon. , I didn't even let me bring my clothes. I was very anxious because I came out. I didn't bring my mobile phone and didn't bring a penny with me. I...

I don't usually make any friends.

Galia, I didn't eat yesterday morning and night, and now I am hungry on my chest and back. Can you lend me a hundred dollars so that I can eat some food first? "

At this time, Rayna had nothing to hope for.

Just want to eat a full meal.

Galia was extremely surprised when she heard it: "Rayna, you...your parents kicked you out because of your cousin?"

Rayna nodded sadly: "Yeah."

Nodding too much, Rayna wept.

She didn't know what kind of madness her father and mother made, and she didn't want her biological daughter for the sake of the daughter of the uncle's family. Rayna couldn't communicate with her parents because she didn't even have her mobile phone.

No matter how she knocked at her door last night, her parents would not open it.

Very cruel.

"I will lend it to you." Suzi said.

Rayna backed away in fright: "No...no, no, no, you don't need Mrs. Fu, I'm very grateful that you can spare my life, Mrs. Fu."

Suzi calmly said, "I used to have a hunger, I know it's hard to eat if I don't eat enough, so Galia and I will go to dinner together, shall you go together?"

Rayna: "..."

She was stunned for a long time.

Then looked at Galia.

Galia nodded: "Suzi is good and peaceful, especially good."

Rayna seemed to smile as if she didn't dare to smile: "Mrs. Fu, I used to have no eyes, I...I'm sorry."

"Let's go." Suzi said.
