

Super Rich Dad Chapter 571-573

Chapter 571

The big man struggled while glancing at Chen Qi who was sitting in the car, with a hint of doubt in his eyes.

He couldn't figure out why Chen Qi, who had brought this man here, hadn't controlled the other man to the point of putting himself in such an awkward situation.

Chen Qi obviously read the big man's eyes too. Turning back to his own men, he spoke, 'You guys sit in the car, it's better for you to stay out of what happens next.'

The two men were simply begging for more when they heard this, looking at Chen Qi as if they were looking at God!

Not to mention the Qian family, there was no telling how deep the water behind a single Chen Qi was. To them, it was like watching the gods fight now.

As long as it didn't affect them. They would be thanking the heavens if it didn't affect them.

After Chen Qi got off the bus, he looked at the big man who was being pinched by Jiang Hao and felt slightly helpless.

'Hey, hey, hey, if you want to go in, I advise you to put him down better, although I would like to do that some times.'

Jiang Hao snorted coldly and slammed the big man to the ground with a direct fling of one hand.

Chen Qi took a deep breath of his cigarette before exhaling smoke and looking at the big man, 'Yuan Hou, I didn't think you would have a day, if he wasn't so strong, do you think I would have obediently brought him here?'

The five or six security guards around saw the situation that happened in front of the gate and rushed over with batons in their hands. They hurriedly shielded Yuan Hou behind them.

'Damn you, Chen Qi! I'll sink you one day, you didn't say anything earlier even though this kid is so solid!'

Saying this, the big man got up from the ground and looked at Jiang Hao with somewhat grim eyes, 'Kid, don't think you dare to be wild in front of the Qian family just because you have two hands, be careful you won't even have a chance to regret later!'

Chen Qi looked at Yuan Hou helplessly and said, 'I've told you, Master Qian's matter has nothing to do with this kid, I brought him here to save him.'

Hearing this Yuan Hou obviously froze slightly, and even the surrounding security guards who were hostile to Jiang Hao froze slightly.

Was this kid in front of him really just a Chinese doctor? A Chinese doctor could slam their leader to the ground with one hand? You're kidding!

Yuan Hou obviously thought so too, looking at Jiang Hao as if he was looking at a monster.

Chen Qi thoroughly enjoyed the expression on Yuan Hou's face. He couldn't help but laugh, 'What's wrong, what are you guys looking at?'

Jiang Hao glanced at Chen Qi somewhat helplessly, then spoke to Yuan Hou, 'Elder Qian's matter does have nothing to do with me, please also take me in to see how Elder Qian is doing.'

Hearing this, Yuan Hou looked at Jiang Hao awkwardly with some squirm and said, 'This, we big old coarse people don't understand whether you have anything to do with this matter or not.'

Speaking of this, the expression on Yuan Hou's face was black for a moment and white for a moment!

Originally, he had asked Chen Qi to bring that Chinese doctor over, but now he was in trouble!

Not only did the other party come, they even came to my door. What the hell is going on here?

The argument in front of the gate was soon noticed by the person in charge of the surveillance, so the intercom hanging on Yuan Hou's body rang out, 'Team leader. What's going on at the gate?'

When Yuan Hou heard the intercom ring, he looked at Jiang Hao with a somewhat complicated face and said, 'The man who sold the old man Chinese medicine came over and said he could save him, ask Missy what to do about this.'

After a long silence on the other end of the intercom. A somewhat anxious female voice suddenly rang out, 'Brother Yuan, bring that man in, grandpa's body can't hold on much longer.'

Hearing this, Yuan Hou looked at Jiang Hao with complicated eyes and said, 'Since the lady has spoken. Then I'll let you in, but don't think of playing any tricks!'

Jiang Hao snorted and didn't bother to pay any attention to Yuan Hou, if it was in the past, it would only be a matter of a phone call for him to see someone.

That was why he was standing at the door like a little yakuza, waiting for someone to say something.

Following Yuan Hou's side, Jiang Hao walked into the villa and took a slight look around. Although the villa was not very big, it was particularly elegant and quiet.

Punching this point. Jiang Hao spoke with some regret, 'Such an elegant place, how come it's set up with a few of you rough goods.'

Yuan Hou's eyes flashed with anger when he heard this. He almost couldn't resist turning around and giving Jiang Hao a punch!

But when he thought of the scene that had just happened outside, he held back. He had no choice, this kid looked more capable of fighting than himself.

After walking into the living room. A woman dressed in a white dress about twenty years old was standing anxiously in the doorway looking at them.

‘Is this the Chinese doctor, please hurry and come with me, grandpa’s body can’t hold on much longer!’

Jiang Hao was slightly stunned, this was the first person he had come all this way to believe in unconditionally!

Thinking of this Jiang Hao walked up and followed the young girl and smiled, ‘They all say I’m the one who harmed Old Man Qian, don’t you think so?’

The woman turned her head to look at Jiang Hao and said softly, ‘If it was really you, there would be no need for you to come over to save people.’

The woman paused after saying this, then continued, ‘Grandpa doesn’t know what’s going on right now, but he suddenly started panting heavily after drinking some white porridge.’

Jiang Hao nodded slightly when he heard this and said, ‘It’s useless to talk about this now, we still need to wait until I’ve taken his pulse to find out what’s going on.’

The woman said anxiously, ‘We’ve asked several doctors before, but they all said no, there’s no cure at all!’

Jiang Hao snorted a little proudly, just because others didn’t have a cure, didn’t mean he didn’t have one!

After the two of them turned down the corridor and went up the stairs, the woman pushed open the first floor master bedroom where Qian Lao was lying on the bed with a ventilator.

Jiang Hao’s face changed slightly when he saw Qian Lao’s face, then he hurriedly walked over and turned up Qian Lao’s eyelids to check them out.

‘Do you have any ginseng at home, it doesn’t have to be too good, thirty years’ worth is enough!’

As soon as she heard Jiang Hao’s words, the woman hurriedly said, ‘There are better ones, there is a ginseng at home that was given to my grandfather on his 60th birthday, a full fifty years!’

Jiang Hao pondered for a moment, and then hurriedly said, ‘Then let it be fifty years old, cut three slices for me, thin and fast!’

The woman hurriedly went out and ordered Yuan Hou to get them, and then it was as if she remembered something.

She hurriedly walked in to look at Jiang Hao and said urgently, ‘I’ve heard people say that only when hanging for life do you use ginseng orally, my grandfather isn’t going to die, is he?’

Jiang Hao looked at her and couldn't help but roll his eyes, how could a quite pretty girl have such a bad brain.

'It's okay now, but if I come half an hour later I guess it will really not work, hurry up and get me ginseng tablets!'

As soon as the words left his mouth, Yuan Hou seemed to fly carrying a small plate to the door to look at the woman and said, 'Miss, ginseng slices!'

Jiang Hao walked up and took the ginseng slices without waiting for the woman to reach out, then said impatiently, 'Get out of here, don't bother me now!'

As soon as he finished speaking, Jiang Hao roughly pushed both of them out of the door, and Yuan Hou wanted to smash the door!

But when he thought that his master's life was now in that boy's hands, he could only let out a helpless sigh.

Chapter 572

'Miss, do you think this boy can really save the master?'

The woman shook her head with a worried frown and sighed, 'I don't know, I've hired all the doctors I can, and no one has been able to do anything. Only he said it would work.'

After saying this, the woman glanced at Yuan Hou and said, 'Brother Yuan, you grew up watching me, so don't call me Miss, just call me Xin Yi.'

Yuan Hou shook his head slightly and then looked at the woman respectfully and said, 'Miss is Miss. There is an orderly distinction between elders and youngsters, and the rules cannot be messed with.'

The woman saw this and gave a slight sigh. She stopped talking and stared at the door of the room, waiting anxiously.

Inside the room Jiang Hao first put a ginseng tablet into Qian Lao's mouth, and it was only through Shangdian Jiang Hao knew that in fact many doctors used to know a little bit of true qi.

Thinking about it, what good could ginseng do just by shouting if you wanted to bring out its medicinal power for real.

After Jiang Hao put the ginseng slice into Qian Lao's mouth, he gently put his hand over it and closed his eyes to activate his true qi, slowly activating the ginseng slice's medicinal power.

Only then did Jiang Hao remove his hand and place it on Qian Lao's wrist to check his pulse.

The weak pulse caused Jiang Hao's face to sink. He knew Qian Lao's previous physical condition, and it was absolutely impossible for him to be like this after taking his own medicine!

Looking at Qian Lao's pulse, it was clear that someone had used some coincidental medicine to go in and stir up the condition of Qian Lao's body.

Qian Lao's body was already a little unwell due to the change of seasons, and through these coincidental medicines the symptoms were amplified, which turned him into the current state.

The other party seemed to be someone who knew Qian Lao's health condition, otherwise the medicine prescribed could not be so accurate, one point more would not work, one point less would not be enough!

Thinking of this, Jiang Hao took a deep breath and looked at the unconscious Qian Lao with some helplessness.

When he had saved Zhang Tiansheng, he had already overdrawn his true qi. It hadn't been long since he had recovered and he was about to do it again.

Jiang Hao shook his head helplessly, this was the only way to save Qian Lao from this kind of emergency, and he didn't hesitate anymore.

He used a knife to cut a slit on Qian Lao's toe, then held his hand and slowly entered his true qi into it.

During this period of time when Jiang Hao was taking people's pulses, he was also practising how to control his true qi and how to make the most effective use of it.

Although he hadn't practiced for long, he was already able to use his true qi skillfully to regulate the sick person.

The powerful true qi travelled along the meridians and took advantage of the ginseng's medicinal power to press the toxins from Qian Lao's whole body hard underneath him. Then it continued to be pressed down to the feet and pushed out.

At this moment, the wound on Qian Lao's toe felt like it was alive, spitting out some dark, murky liquid.

Every now and then Jiang Hao opened his eyes and looked at it. Then he picked up a ginseng tablet and put it in his mouth to renew his strength.

Time passed slowly, and only when Jiang Hao confirmed that the wound on Qian Lao's foot was draining out red blood did he stop.

Then he wiped the sweat from his forehead and tried to get up. But his feet fell to the ground with a weakness.

Jiang Hao looked at the magnificent ceiling above his head and laughed bitterly, this time I guess he had really played it big, not leaving himself a bit at all.

Just thinking about this Jiang Hao passed out. Yuan Hou, who had been standing outside the door waiting anxiously for more than four hours, heard the movement inside.

He exchanged a glance with Qian Xinyi. He slammed the door open!

Looking at Jiang Hao, who was lying unconscious on the floor, Qian Xinyi did not care in the slightest, but walked straight to Qian Lao's bed.

At this moment, the look on Qian Lao's face was no longer that suffocating purple-red, but a healthy slight red.

After checking Qian Lao's physical condition a little, Qian Xinyi let out a long breath before nodding to a nervous Yuan Hou.

'Grandpa is no longer in serious trouble now, go down and inform the family and my father that it's alright.'

Yuan Hou looked at Qian Lao who was lying on the hospital bed. Then he nodded and pointed at the unconscious Jiang Hao and spoke, 'What about this kid?'

Qian Xinyi took a look at Jiang Hao and then pondered for a moment and said, 'It seems like he has nothing to do with Grandpa's accident, let's find a guest room and settle him down first.'

Yuan Hou shrugged his shoulders and then said with some dissatisfaction, 'Miss. Don't blame me for talking too much, this kid is a dangerous person. Isn't it a bit inappropriate to leave him at home?'

Qian Xinyi smiled and looked at Yuan Hou and said, 'Don't worry, I can see that he has a hint of depression between his eyebrows. But there is no evil aura, so he should not be a bad person.'

After saying this, Qian Xinyi couldn't help but fall silent.

Since Jiang Hao didn't seem to be a bad person nor did he have a reason to target his grandfather, then who had done it to him?

Yuan Hou also began to consider this question after hearing his own lady's words, after all, his own lady was quite accurate in reading people!

After the two of them unconsciously glanced at each other, Qian Xinyi looked at Yuan Hou and said, 'Tell Chen Qi to investigate carefully and clearly, I give him three days!'

Yuan Hou skimmed his mouth and then nodded, 'Three days is a bit too much, you don't know that kid, he can't do his job properly without giving him some pressure.'

Hearing this, Qian Xinyi looked at Yuan Hou and smiled without saying anything, until she collected herself after Yuan Hou cursed and carried Jiang Hao out of the master bedroom.

Qian Xinyi walked to Qian Lao's bedside and knelt down to look at his sleeping face in silence, God knows how terrified she was when she learned that something had happened to her grandfather.

The Qian family had been a bit overwhelmed over the years, and many people had been secretly stirring up trouble.

It was precisely because of this that Qian Lao had forcefully stepped down, not at all like what people outside had said, that he had abdicated because he had lost the struggle.

Qian Xinyi is not only good-looking, but she also has a very good brain!

After the incident, she did not spread the news and the first thing she did was to block the news.

The first thing she did was to keep the news quiet. She then secretly asked a doctor to come to her home to treat her grandfather, but fortunately it was short notice and no bad news had come out so far.

Looking at the old man lying on the hospital bed, Qian Xinyi could not help but silently think that it was this old man in front of her who had held up the Qian family's glory for at least a hundred years!

While the Qian family had just lifted its crisis, Xu Qiang was outside having a celebration feast with Dr. Liu!

'Hahahaha, I'll see if that kid can still come out alive this time!'

Xu Qiang took a sip of wine and looked at Dr. Liu proudly and said, 'Although the Qian family is in decline, the camel is bigger than the horse, that kid is dead!'

Dr. Liu looked at Xu Qiang's smug look and shook his head slightly and said, 'That said, it's best that this matter doesn't get out, otherwise we'll all be out of luck.'

At this moment, Dr. Liu was already regretting, he shouldn't have had any bad thoughts at all!

He didn't know what kind of person Xu Qiang was, and if no one said that Jiang Hao's death was related to Xu Qiang after this incident.

If no one said that Jiang Hao's death was related to Xu Qiang after this incident, he would have smashed his own signboard without anyone else's.

Chapter 573

After settling Jiang Hao down, Yuan Hou walked out of the villa, then looked at Chen Qi who was leaning against the car smoking and shook his head slightly.

Seeing this, Chen Qi looked bashful and said, 'How is the situation inside, has the old man returned to heaven or can he drink and eat meat again?'

When Yuan Hou heard this, he could not help but give Chen Qi a blank look and said, 'If the old man had really died, would you still be able to remain so calm?'

The two people inside the car had already taken a taxi back. They were really worried that staying here might be bad luck, so they simply slipped away.

Chen Qi looked at Yuan Hou and gave a bitter smile, no matter whether the old man was alive or dead, he could only be coiled up like a pawn.

Thinking of this Chen Qi shook his head and said, 'Even if I am capable, I will not be able to save the old man. So instead of worrying, just relax a little.'

Yuan Hou pointed at Chen Qi and laughed helplessly. Then he reached out and grabbed the cigarette in Chen Qi's hand and took a drag.

'The old man has survived this time, that kid is really something, I thought it was hopeless, but he pulled the old man back from the ghost gate!'

Speaking here, Yuan Hou said in a low voice, 'But this also proves that that kid is indeed not the one who did it to the old man, so you have to work a little harder.'

Chen Qi looked up at the somewhat dusky sky above his head, only he himself knew how relieved he really was inwardly at this moment.

The old man was the sky above their heads, and if he fell, they would not be in a good position either.

Yuan Hou spoke after a long time of silence, 'This time, the lady is really angry. You have been given three days to find out this matter.'

Chen Qi rubbed his head, his heart that had just relaxed couldn't help but lift up again!

Thinking that he only had three days, Chen Qi couldn't help but be a bit furious and said, 'How can you investigate in three days' time?'

Yuan Hou glanced at Chen Qi and said, 'If you have the ability, don't say that to me, say it to the lady, why are you acting like a wolf here?'

After saying this, Yuan Hou pondered for a moment and said, 'The family has already investigated this matter from many sides, and they all said it has nothing to do with them. I think, you can check from that kid.'

Chen Qi glanced at Yuan Hou with some doubts, but did not say anything, he knew that Yuan Hou would not say nothing.

Yuan Hou looked at Chen Qi and smiled before saying softly, 'That kid came with a calm expression and a thoughtful look, I reckon he might know a bit of the inside story.'

'Then how about you hand him over to me and I can give you the answer in two days?'

Hearing this Chen Qi laughed disdainfully, he didn't want to say much about what kind of character Qian Lao was in Thirty Mile Bay. That kid was nothing.

He was not only a good person, but also a good person to use Qian Lao to deal with, thinking about this Chen Qi could not help but be a little annoyed.

After a long time before some helplessly spoke: ‘Okay. I’ll do what you want and look for clues from that kid, I hope it works.’

After saying this Chen Qi got into his car and intended to leave, Yuan Hou looked at him and smiled suddenly as if he had thought of something.

‘By the way, pay attention when you go out. We’ve blocked out the news about the master, if anyone knows, it must be related to them!’

Chen Qi nodded slightly before driving off, he didn’t need to be taught about this little matter. The Qian family’s dog was not that easy to be!

The next morning, Jiang Hao drowsily opened his eyes and looked at the ceiling above his head and froze slightly, not realising that he had enjoyed himself.

As soon as he got up, he saw the lady from yesterday walking over with a bowl of millet porridge in her hand, and Jiang Hao couldn’t help but have a smile on his face.

Qian Xinyi looked at Jiang Hao’s light smile and couldn’t help but be a bit puzzled, ‘What’s wrong, did I do something wrong?’

Jiang Hao shook his head and then spoke, ‘No, it’s just that the scene in front of me is a bit familiar, give me the porridge.’

Qian Xinyi nodded slightly after hearing this. Then she handed the millet congee to Jiang Hao and said, ‘Thank you so much for yesterday, grandpa’s health has improved.’

Jiang Hao ate the porridge at the same time. After hearing Qian Xinyi’s words, he smiled and said, ‘I’m afraid what you really want to ask is when your grandfather will wake up, right?’

Qian Xinyi smiled as she glanced at Jiang Hao and spoke without any shame, ‘Of course. Grandpa is the backbone of our family, so of course I’m concerned about when he’ll wake up.’

Jiang Hao shrugged his shoulders. Then he put the finished millet porridge on the bed and said with a faint smile, ‘Don’t worry, if I count the time correctly, he will wake up this evening.’

After saying this, Jiang Hao looked around himself and continued, ‘Also I have to thank you for stopping Yuan Hou from throwing me out into the street yesterday.’

Qian Xinyi covered her mouth and laughed lightly, looking at Jiang Hao with some curiosity, she said, ‘How did you save my grandfather, to be honest, I am also roughly familiar with pharmacology, and my grandfather was almost beyond saving at that time.’

After saying this, Qian Xinyi looked at Jiang Hao with some incredulity and said, ‘How on earth did you do that?’

Honestly speaking, Qian Xinyi was indeed a great beauty!

Unlike Ying Ying, she belonged to the type of beauty that looked like she was discharging electricity with every smile.

According to Jiang Hao's experience, such a woman was either exceptionally brainless or exceptionally smart.

And the fact that he had stopped Yuan Hou from throwing himself out into the street yesterday made him think that the beauty in front of him should not have a shallow heart.

So after a slight smile he spoke, 'This then belongs to my own little secret, if you don't mind, it's better to let me keep it a secret.'

Jiang Hao then closed his eyes and moved his body a little, the little true qi left in his body caused a bitter smile to appear at the corner of his mouth.

'This time, I've really lost my wife and my army, saving your family's old man has made me lose a lot of money, sigh.'

Looking at the helpless expression on Jiang Hao's face, Qian Xinyi also felt something in her heart.

Yesterday, Jiang Hao had fainted after saving his grandfather, and from this, it could be seen that the man in front of her had done his best!

Thinking of this, Qian Xinyi smiled slightly and spoke, 'Don't worry, our Qian family never receives favors for nothing, I forgot to introduce myself, my name is

'I know your name is Qian Xinyi, you know I have very good hearing, I heard you all chatting outside the door yesterday.'

After saying this, a wicked smile flashed across Jiang Hao's face as he continued, 'Please trouble you with one thing, if it's convenient for you please have someone inform that little loli of mine, she might be worried about me.'

Qian Xinyi's face was slightly red as she lowered her head and let out a soft mumble, then she hurriedly took the small bowl on the bed and walked out.

Jiang Hao lay on the bed watching Qian Xinyi's back with a smile on his face, but after Qian Xinyi had gone out he quickly collected himself.
