

Super Rich Dad Chapter 574-576

Chapter 574

Although Jiang Hao had only had a brief chat with Qian Xinyi, he knew that at this moment this Qian Xinyi was afraid that she would soon start investigating herself.

This was the so-called gentry family, they would never let anyone they didn't know about under their noses.

Jiang Hao smiled faintly when he thought of this. Then he got up and walked towards the window looking down at the villa and couldn't help but think.

When this Qian Xinyi found out about her background, what would her expression be?

In the blink of an eye the afternoon arrived, after getting up at noon to have a meal with Qian Xinyi. He then sat in Qian Lao's room waiting for him to wake up.

He had to see if Qian Lao knew anything about what had happened.

Qian Xinyi was also a bit nervous, sitting on a chair and quietly watching Elder Qian. I am afraid that there will be some kind of accident.

Yuan Hou also wanted to come in and keep watch, but was sent out by Qian Xinyi. God knows how loud that guy can be if he gets excited!

After a few moments, Qian Lao suddenly let out a cry of pain and then slowly opened his eyes.

After glancing at the ceiling in some confusion, Qian Lao turned his head to look at Qian Xinyi and said, 'What's wrong with me?'

When Qian Xinyi saw that Qian Lao had woken up, the stone that had been hanging in her heart was finally released, and she knelt down in front of Qian Lao's bed and held his hand and sobbed.

Qian Lao faintly froze, then weakly spoke, 'Xinyi. Get up and talk, what is going on?'

Qian Xinyi got up and sobbed while speaking, 'Grandpa, you collapsed as soon as you came back after drinking the medicine you bought, how many times have I told you not to buy anything outside!'

As she said this, Qian Xinyi looked at Qian Lao with both blame and aggression in her eyes.

Qian Lao looked at Xinyi somewhat helplessly and nodded, 'Fine, fine, from now on grandpa will listen to his good granddaughter, okay?'

After saying this, the old man turned his head to look at Jiang Hao and recognised him with a glance!

‘Young man, I remember you! It couldn’t be you who tampered with my medicine, could it?’

Jiang Hao looked at Elder Qian and shook his head with a smile, ‘If it was really me, kid, who did the tampering. How could I still be in your home now?’

Qian Xinyi also looked at her grandfather with some dissatisfaction and said, ‘Yes, it was Dr. Jiang who came to save you, if it wasn’t for Dr. Jiang’s quick arrival you would have been dead!’

When Qian Lao heard this, he said with some embarrassment, ‘Ah ha ha, is that so? Look at me, I’m a bit useless in my old age, sigh.’

After saying this, Qian Lao looked at Qian Xinyi and said, ‘Did you hide the news of my accident? Is there anything wrong?’

Qian Xinyi’s heart was slightly shocked, then she glanced at Jiang Hao thoughtfully and said in a low voice, ‘It has been blocked at the first time. Nothing has happened so far.’

Hearing this reply, Elder Qian nodded in satisfaction.

Although he had now retired, there were still quite a few people who were secretly watching him, and those people were not something to be fooled by.

As long as his side was slightly out of place. They would never let go of the opportunity to beat up a dog!

The game between high level people is often only about profit, they don’t care about favors or anything like that.

Thinking of this, Qian Lao sighed lightly and said, ‘Xinyi, what about your father’s side, nothing has happened, right?’

Qian Xinyi was really a bit uncomfortable talking about things in front of outsiders. So after a somewhat awkward glance at Elder Qian, she said, ‘Let’s do it this way Grandpa, you can talk to me about these things after Doctor Jiang has examined you.’

Jiang Hao also looked at Elder Qian with some embarrassment and said, ‘I think so too, after all, I’m just a doctor, it’s not good to know too much.’

Qian Lao smiled after hearing this and shook his hand and spoke, ‘Hahaha, okay, okay, it seems that I’m the one who’s old and confused.’

Hearing this, Qian Xinyi shook her head with a low smile and left the room, then Jiang Hao went up and squeezed Qian Lao’s wrist.

‘Well, so far the body has recovered well. There are no after-effects, only that we have to try to eat something non-vegetarian to replenish our vitality during this period of time.’

Qian Lao laughed loudly for a while after hearing this. But soon he coughed again, he said, 'Cough, cough, ha. I guess I don't have much time left in my old bones, right?'

Jiang Hao looked at the frank smile on Qian Lao's face. After slightly shaking his head, he said, 'If you follow my regimen, living another twenty years shouldn't be a problem.'

When he said this, Jiang Hao sighed lightly and glanced at the door of the room and said, 'Old man, I don't know if you have a figure on who did this to you.'

Qian Lao smiled calmly and glanced at Jiang Hao and said, 'When I was young, I was an old man, don't worry, I will find out the truth.'

Jiang Hao looked at the calm and collected look on Qian Lao's face and smiled, nodded and said, 'In that case, I will go down first, I have some things to do at home, I will visit again when I have the chance.'

Qian Lao lay on the bed and watched Jiang Hao leave, outside the door Qian Xinyi looked at Jiang Hao walking out and said with some surprise, 'Are you leaving so soon?'

Jiang Hao smiled and nodded back, 'Well, I'm afraid that my sister will be angry with me again if I go back late.'

Qian Xinyi looked at Jiang Hao's back as he left, and suddenly she was a little envious of the sister he was talking about, who seemed to be called, Ying Ying, right?

Thinking of this Qian Xinyi shook her head slightly, then walked into the room with a flat face and spoke, 'Grandpa, the investigation has already begun, I gave Chen Qi three days.'

After hearing this, Master Qian put away the smile on his face and said, 'You tell Chen Qi to focus his investigation on those thieves and thieving people in Thirty Mile Bay.'

Hearing this, Qian Xinyi looked at Elder Qian in a somewhat strange manner and said, 'Are you saying that someone has switched your medicine?'

Qian Lao was an old man anyway, and at the moment he was lying on his hospital bed he could not help but think of the person who had bumped into him that day at the bazaar.

Then he nodded slightly and said, 'Well, if I'm not wrong, my medicine was swapped at the marketplace in Thirty Mile Bay.'

Qian Xinyi pondered after a slight daze, 'Thirty Mile Bay is our own territory, who on earth would have the guts to come and touch your medicine.'

Thinking about this, Qian Xinyi was also a little confused for a while.

But no matter what, Qian Lao's side finally had some news, so Qian Xinyi took out her mobile phone and called Chen Qi.

As soon as the call was answered, Chen Qi's impatient voice came through: 'It's only the first day Miss, no need to rush, right?'

Qian Xinyi glanced at the old man lying on the hospital bed after hearing this, if he hadn't indulged, Chen Qi wouldn't have been so rude.

After a slight light cough and roar, Qian Xinyi said in a deep voice, 'Grandpa has woken up, he asked you to focus on investigating those thieves and thieving people in Thirty Mile Bay.'

After saying this Qian Xinyi hung up the phone, she was really too lazy to deal with this prodigal son!

Chapter 575

After Master Qian woke up, Jiang Hao took a look at Master Qian's body and planned to leave.

After all, there was still a lot of work to be done in his family's pharmacy, and he didn't intend to waste any more time here.

The biggest advantage of saving Master Qian was that he had cleared himself of any suspicion as to who the real culprit was.

Jiang Hao knew that he didn't need to worry about this matter now. Master Qian's identity was so extraordinary, he believed that those people in this small place could not hide for long.

But what Jiang Hao could never have imagined was that the real black hand was the one who had been silent all along, Xu Qiang.

The news that Jiang Hao had returned from the Qian family villa unharmed had inadvertently got out, and Xu Qiang and the others were blue in the face when they got the news.

If Jiang Hao hadn't succeeded in becoming their scapegoat. Then they would be the ones in the most danger now.

When Jiang Hao returned to the pharmacy, Ying Ying was squatting in the hall in a disciplined manner. She didn't know what she was doing.

Since the Qian family had come to take Jiang Hao away, and since Xu Qiang's men had deliberately spread some news, not many people came to the pharmacy now.

Jiang Hao didn't think anything of it, and when he saw Yingying, he laughed lightly and went up to her and said, 'What's Yingying doing, why isn't she watching the shop?'

Hearing Jiang Hao's voice, Ying Ying's body shook slightly and she looked up at Jiang Hao, who was as gentle as a jade, standing in front of her.

'Brother Jiang Hao, you've come back, grandpa was worried sick about you!'

Hearing this, Jiang Hao's heart warmed up, looking at Ying Ying as he darted up and hugged her, then opened his mouth and laughed: 'Hahaha. I'm fine, I'm fine, I'm fine, where's grandpa?'

Ying Ying leaned on Jiang Hao's neck and said, 'Grandpa went to look for uncle, he wants uncle to see if there is a way to save you.'

Jiang Hao smiled and shook his head slightly, although it was only the first time he went to the Qian family villa, the layout and such inside also made Jiang Hao conclude that it wasn't a simple home.

Although Zhang Tiansheng had a small fortune and had at least some people to listen to when he spoke in this 30 Mile Bay, in front of the Qian family, not to mention a single person.

But in front of the Qian family, not to mention one Zhang Tiansheng, even if there were a hundred Zhang Tiansheng, what could be done.

However, Jiang Hao was touched that Master Zhang had such a heart. After a light sigh, Jiang Hao looked at Ying Ying's cute face and said, 'Let's not open today, okay?'

Ying Ying blinked her big eyes at Jiang Hao and said, 'What are we going to do if we don't do business?'

Jiang Hao smiled and didn't answer. Instead, he closed the door and took Ying Ying towards Zhang Tian Sheng's house.

After all, his family had just returned, and Zhang Tiansheng knew that the people who had arrested him for leaving were from the Qian family, and even so still intended to run for himself.

Just because of this, Jiang Hao had to go over to report his safety when he returned.

On the way, many people looked at Jiang Hao and pointed at him, although it was only two days, but under the deliberate smear of Xu Qiang's people.

Jiang Hao had already become a man who sold fake medicine and victimised Qian Lao!

The crowd watched Jiang Hao appear on the street unharmed with Ying Ying in his arms. It was inevitable that there would be some chatter.

Ying Ying and Jiang Hao were unconcerned about it. For Ying Ying, as long as Jiang Hao returned unharmed, it was fine.

For Jiang Hao. The Qian family didn't even make him change his mind, let alone the gossip.

When he arrived at Zhang Tian Sheng's door, San Niang was looking at the shop outside and saw that Jiang Hao had returned with Yingying in his arms.

In a moment of surprise, she opened her mouth and shouted, 'My goodness! You you you. How did you get back?!'

Jiang Hao almost laughed at the expression on Sanniang's face, then hesitated slightly and said with a bad smile, 'I typed it out, can you believe it?'

Sanniang looked at Jiang Hao's expression and knew he was joking with her, so she couldn't help but give him a scornful look!

'You bastard. You don't know how anxious Dad is about you!'

After saying this, Sanniang took Ying Ying out of Jiang Hao's arms and said, 'Come on, Ying Ying, let's not play with this bad guy!'

Yingying covered her mouth and rushed into the courtyard after Sanniang, while Zhang Tiansheng walked out with Elder Zhang.

There was a faint sadness between his eyebrows, 'Dad, don't worry, Jiang Hao is my life-saver, I won't sit back and do nothing!'

Elder Zhang let out a soft sigh. He was about to speak but saw Sanniang walking over with Yingying.

'Ying Ying, why have you come over. I thought I told you to look after the shop!'

Hearing this, Yingying ducked behind Sanniang and said with a playful smile, 'I didn't want to watch the shop, so I came over!'

Sanniang looked at the old man's anxious look and laughed lightly before she said slowly, 'Okay. Look who's coming over!'

As soon as the words left his mouth Jiang Hao touched his nose and walked out a little embarrassed, smiling and nodding to Elder Zhang and Zhang Tian Sheng.

Elder Zhang and Zhang Tiansheng looked at each other before looking at each other. They both looked at Jiang Hao with some disbelief.

Sanniang looked at the two men's expressions and couldn't help but feel happy in her heart, then spoke, 'Alright, let's go inside and have a seat, I won't open the door today either, let's get some small wine to eat!'

Jiang Hao looked at Sanniang with some embarrassment and said, 'I'm sorry to trouble Sanniang.'

Zhang Tian Sheng looked at Jiang Hao and didn't know what to say.

Just now he had planned to prepare a small gift and pay a visit to the Qian family.

Although he was only a small family, as he said, Jiang Hao was his life-saver, so he couldn't just sit back and do nothing!

In a twinkling of an eye, before he could do anything, Jiang Hao was standing in front of him unharmed.

Elder Zhang was also in a trance, but in the end he was a figure half in the yellow earth.

Looking at Jiang Hao with only a slight daze he came back to his senses and smiled, 'It's good to be back, it's good to be back!'

Jiang Hao smiled and nodded to Elder Zhang and Zhang Tiansheng, Ying Ying looked at the three of them and smiled slightly before speaking, 'I'm going to help Auntie cook, you guys talk!'

Zhang Tiansheng let out a long sigh, then pulled Jiang Hao and headed for the lobby to sit down.

'Jiang Hao, what the hell is going on, Dad came over and didn't know what was going on, just that you were taken away by the Qian family!'

Elder Zhang barred his dry cigarette, he wasn't very clear about Jiang Hao either and was desperate to know what had happened at the moment.

Jiang Hao smiled faintly, then lifted his cup of tea and took a light sip before saying, 'In fact I'm not very clear about what exactly happened.'

Just as the words came out, Jiang Hao paused before speaking with some hesitation, 'But if nothing else, this time it's either directed at me or at Elder Qian.'

Hearing this, Zhang Tiansheng couldn't help but let out a long sigh, 'Master Qian's status is unspeakable, you have to be careful when you get involved in this matter.'

Chapter 576

Jiang Hao has come into contact with many people of unspeakable status, so there is not much fear in his heart about such things.

After all, no one would be happy to be involved in these matters without knowing the reason.

I'm just keeping my pharmacy in peace and not offending anyone. I don't know what will happen in this matter.'

Elder Zhang smoked a dry cigarette and looked at Jiang Hao and suddenly said, 'Since the Qian family has released you, does that mean that we are fine?'

Zhang Tiansheng's heart was also tightened when he heard this, fearing that this release of Jiang Hao was just to paralyse some people's nerves.

Jiang Hao looked at Zhang Tiansheng and Elder Zhang's faces and knew exactly what was on their minds.

So he smiled faintly and said, 'Don't worry. I already saved Elder Qian back yesterday, so without incident this time it has nothing to do with me.'

Speaking of this. Jiang Hao seemed to think of something, then looked at Zhang Tian Sheng and said, 'I wonder if Brother Sheng knows this person Chen Qi?'

Zhang Tian Sheng nodded slightly and said, 'I have an impression of this person Chen Qi, he is our steward up and down Thirty Mile Bay, basically he will be approached when anything goes wrong.'

After saying this Zhang Tiansheng hesitated a little before continuing to speak, 'But this Chen Qi is also a disciple of the Qian family, what?'

Jiang Hao pondered for a moment and said, 'Right now it depends on how capable this person is, no surprise the truth will come out in a few days.'

Master Zhang and Zhang Tian Sheng looked at each other and then put their hearts down and ate with Jiang Hao's family.

They were all happy and reunited, but Chen Qi felt like his head was about to explode!

The news from Qian Lao's side was that he was to check out some of the hoodlums, but these street hoodlums were here today. Tomorrow, they might be somewhere else.

It was like looking for a needle in a haystack if he had to search slowly from 30 Mile Bay.

Just as he was worried, there was a knock on his office door.

'Brother Qi, we've received some interesting news over here, do you want to take a look?'

Chen Qi took a look at the person who came, it was Chen San, who often followed him and was quite dedicated to his work.

There were several times before when he had solved some matters, so Chen Qi had kept an eye on him and put him by his side.

Hearing this, Chen Qi helplessly reached out for the book in Chen San's hand and said, 'It better be about the matter of Qian Lao, my head is about to explode these days!'

Chen San poured Chen Qi a cup of tea and then smiled, 'I think it's useless to be annoyed, it's better to take your time. I believe that Master Qian will not be aimless.'

Chen Qi looked at the things recorded in the book were exactly the rumours about Jiang Hao's capture, looking at these Chen Qi immediately sat up straight.

'Wait, where did you get these rumors from?'

Chen San served the tea and said in a disciplined manner, 'After I brought that man back yesterday, there were people talking about it in the marketplace today.'

After saying this, Chen San looked at the serious look on Chen Qi's face and knew he had bet right again this time!

Who wouldn't want to climb up the ladder? He didn't expect to climb above Chen Qi's position, but it would be enough to ensure that he was the first person below him.

Chen Qi looked at the uncertain expression on Chen San's face and knew what he was thinking. No one would be an exception.

Thinking of this, Chen Qi smiled slightly and said, 'Chen San, you have been with me for so long. I think you should also understand how I am?'

Chen San nodded back, 'Of course, I am not the only one who knows how Brother Qi is, all of us know.'

Chen Qi smiled before reaching out and patting Chen San's shoulder, 'In that case, you should have a plan in mind. Tell me, where did you get this from.'

Chen San hesitated slightly, as the person who had passed on this information was unbelievable to him as well.

'I got this information from the mouths of Xu Qiang's men in Shangwan. But it's not like you don't know what kind of goods Xu Qiang is.'

Speaking here, Chen San gloomed and spoke in a pondering manner, 'Does he have the guts to do that?'

Chen Qi listened and closed his eyes and pondered, Xu Qiang's superior was Wang Long, and that guy was not someone easy to deal with.

If this was really Xu Qiang's doing, then it was time to consider whether it was Wang Long's mastermind.

Wang Long was a man that Chen Qi had dealt with before, a man who was almost like a kingpin, ruthless but very skillful.

If Wang Long had really asked Xu Qiang to do it. Then what reason did he have to target Qian Lao?

Thinking about this Chen Qi felt his head hurting again, 'No matter what, first get this Xu Qiang back to me. Do you hear me?'

Chen San's face straightened upon hearing this, then nodded respectfully, 'Understood. Do you want to send two of your brothers over to keep an eye on Xu Qiang's boss, Wang Long?'

Chen Qi hesitated for a moment and then shook his head, 'Forget it, just bring Xu Qiang back to me first. Remember not to let the news slip, Wang Long is not an easy man to deal with either.'

After giving the order, Chen Qi leaned back in his chair and pretended to sleep.

Seeing Chen Qi's behavior, he knew that he did not want to say much, so he respectfully retreated.

Only after Chen San left the office did Chen Qi pick up the phone and call Qian Xinyi, and as soon as he got through he said, 'We have news.'

Qian Xinyi was currently chatting with the old man, after hearing this she glanced at him with a calm expression and said, 'Tell me.'

Chen Qi coughed lightly, then looked at the book on the table and said, 'If there is no surprise, the matter of the old master is related to Xu Qiang, and this Xu Qiang's boss is Wang Long.'

Hearing Chen Qi's words, Qian Xinyi looked a little shocked and uncertain as she returned, 'Wang Long? How can it be related to him?'

Upper-class people naturally had circles of upper-class people, and almost every upper-class person would raise some people to use at the lower level.

Clean things would naturally have clean people to do, while unclean things, then someone like Wang Long would be needed to do them.

Qian Xinyi didn't even think about the fact that Xu Qiang had done it himself, and directly associated it with Wang Long's body.

'Very good, a mere wild dog dares to bark at his master!'

After saying this, Qian Xinyi's face was clouded with gloom, 'Get that what's-his-name Qiang into my hands, I want to meet Wang Long personally!'

Hearing this Chen Qi's heart was a little uneasy, right now the Qian family was at a time of cultivation, there was no telling how many people were watching them.

If something were to happen at this time, I'm afraid it would be more than worth the loss.

Thinking of this Chen Qi spoke with some hesitation, 'Eldest Miss, why don't you leave this matter to me?'
