

# Super Rich Dad Chapter 577-578

## Chapter 577

Qian Xinyi shook her head slightly before speaking, 'Forget it, you just need to catch this Xu something for me, you don't need to worry about the rest.'

After saying this, Qian Xinyi hung up the phone and then looked at the phone with some anger not knowing what she was thinking about.

Qian Lao looked at Qian Xinyi's angry expression and smiled slightly. Then he spoke plainly, 'What's wrong, is there any news coming from Chen Qi's side?'

Qian Xinyi nodded and then looked at Qian Lao who was lying on the bed and said, 'Well, Chen Qi's side said that this matter might be related to Wang Long.'

Hearing this, Qian Lao also understood why Qian Xinyi was angry, so he smiled lightly.

'There is nothing to be angry about. Our Qian family is a bit sharp now for the past few years, and it is normal for us to encounter these things this time when we retire.'

Hearing these words. Qian Xinyi spoke up rather unconvincingly, 'I know, but no matter what, you can't be stepped on by a dog!'

Although Qian Xinyi acted generous in front of outsiders, only Qian Lao knew what kind of person she was.

After saying this, Qian Xinyi took a deep breath before continuing, 'If I don't give Wang Long, the dog, a good beating, others will think that our Qian family is easy to bully!'

As soon as the words left her mouth, Qian Xinyi got up and left, and Qian Lao looked at her back and sighed softly.

Then he took out the phone and called his son and said, 'Hey, Hao Wen, come home if you have time.'

A low male voice on the other end of the line rang out, 'Yes dad, I'll be home in two days.'

After getting the answer he wanted, Qian Lao hung up the phone. Then he closed his eyes and drifted off to sleep.

Xu Qiang had never dreamed that he would inadvertently stir up a hornet's nest this time!

What he didn't expect even more was that Qian Lao had not been driven down because of some failed struggle, but had retired on his own initiative.

The two were not only different in terms of what they said, but their situations would also be completely different.

As he watched his men spread the word that he had already set out because it was so early, he knew that he might be done for this time!

Liu sat in the dimly lit hall, not even bothering to look at Xu Qiang, if it wasn't for him forcing himself to write down that prescription, things wouldn't have turned out like this.

After a long period of silence, Xu Qiang spoke in a hoarse voice, 'What now?'

Dr. Liu looked up at Xu Qiang with a wooden smile and said, 'What else can I do? You should have thought of a countermeasure when you did this in the first place.'

When Xu Qiang heard this, he looked at Dr. Liu angrily and said, 'If it wasn't for the strong medicine you prepared, how could things have turned out like this? How could things have turned out like this!'

After saying this, he slapped his hand on the table, 'I only wanted to make it a little more serious at first, to scare the Qian family, and then let them punish that Jiang!'

Dr. Liu snickered at Xu Qiang's dogged look and didn't bother to pay any attention.

He knew that not only himself, but Xu Qiang was also doomed!

The Qian family may have fallen, but in this 30-mile bay, the Qian family has no difficulty in finding out what happened.

Xu Qiang's oldest brother Wang Long had already called several times to ask him what was going on.

Even Wang Long couldn't carry the pressure. What ability did he have to carry it off.

Thinking about it, Dr Liu also felt ashamed of his own heart, if it wasn't for a moment of dizziness. He would not have come to such a point today.

'Forget it, I have nothing to say as things have developed to this state, instead, you should be more careful.'

After saying these words. Dr. Liu slowly got up, then straightened his clothes with the intention of leaving.

Xu Qiang looked at his back with a hint of gloom in his eyes and said, 'Where do you want to go?'

Hearing these words, Dr. Liu gave a lurch and then snorted without looking back, 'Do you think you can hide except from us now, why don't you be more conscious?'

After saying these words, Dr. Liu walked straight out of the door. Looking outside the sun was shining brightly, but his heart was cold.

Just as he was about to lament something, he suddenly felt a pain in his chest.

He looked down at his chest and a bit of coldness faintly flashed.

‘I don’t want to die, don’t worry and go, I will take care of things here, and I will take care of your family.’

After saying these words, Xu Qiang kicked Chinese doctor Liu to the ground. He didn’t even change his face for a moment during that time.

Xu Qiang had already thought it through, this time things had failed. There must be a scapegoat to stand out.

His elder brother Wang Long would definitely back himself up, but he also had to give an explanation to the Qian family on his side.

Dr. Liu was undoubtedly the best explanation. It was because he thought of this that he had to do it so ruthlessly!

After noticing the movement inside the house, several of Xu Qiang’s men hurriedly rushed in. They were all shocked to see the scene before them!

Looking at their pale faces, Xu Qiang snorted and said, ‘What are you doing?’

Several of the men looked at each other, knowing that this matter could not be changed and that they could not get out of Xu Qiang’s boat.

So a few of them had to walk on their heads and wait until they had finished cleaning up.

Xu Qiang pondered for a moment and then had the body of Dr. Liu loaded up and thrown into the car to Chen Qi’s place.

When he arrived at Chen Qi’s place, Chen San was coming out with his men to get him.

Looking at Xu Qiang who had taken the initiative to come to him, Chen San was slightly stunned and couldn’t help but laugh, ‘I was planning to look for you, but you have taken the initiative to come to me!’

Xu Qiang gave a slight wink and told his men to leave before he smiled and greeted them and said, ‘Well, if it isn’t Brother Chen, I have something to ask you!’

Chen San looked at Xu Qiang with a smiling face and after a slight survey, he said, ‘Don’t bother, I wouldn’t dare to be your brother, come on, arrest me.’

When the men behind Chen San heard this, they rushed up without waiting for Xu Qiang to say anything, and then escorted Chen San into the courtyard.

Xu Qiang tried to calm himself down and then shouted, ‘What are you doing? I’ve come here to help you!’

After hearing this Chen San was about to speak up when Chen Qi, who was in his office on the first floor and heard the ruckus outside, opened the window to take a look.

Then he hurriedly walked downstairs and looked at Xu Qiang and said, 'Yo, Xu Qiang, since when are you a bastard worthy of helping me out?'

Xu Qiang dared to bark at Chen San, but did not dare to bark at Chen Qi who was like a mad dog in front of him.

Looking at Chen Qi who had a cold look in his eyes, Xu Qiang dodged slightly before saying angrily, 'I've arrested the person who drugged Qian Lao, and you're still saying that I'm not doing you a favour?!'

Hearing these words, not only Chen Qi was slightly stunned, something seemed wrong with this matter!

Chapter 578

'Don't be a f\*cking thief, kid, when it comes to me you still want to muddle through with me?'

Xu Qiang didn't know how far Chen Qi knew about this matter, but he knew that Chinese doctor Liu was dead!

As long as he bit the bullet and didn't let go. Even if Chen Qi was a mad dog, he couldn't do anything to himself, he still had a master after all!

As for the rest, that would depend on his old master Wang Long's side!

Thinking of this, Xu Qiang looked at Chen Qi and sneered twice and cursed: 'Chen Qi. Don't bite the dog!'

He then looked out the door and continued, 'If you don't believe me, you can look outside my car, the person who poisoned Qian Lao is in the car!'

After hearing this, Chen Qi slightly glanced at Chen San. Chen San, who saw the glance, hurriedly walked out.

Once he got into Xu Qiang's car, Chen San then saw the box containing CMP Liu, then opened it and took a look, CMP Liu was already dead.

Looking at the already dead Dr. Liu in front of him, Chen San couldn't decide for a while, so he had to get out of the car and walk behind Chen Qi.

'The car is loaded with a dead man, a man I know, the original owner of the medicine shop we went to that day, Chinese medicine doctor Liu.'

After hearing this Chen Qi couldn't help but frown, things were getting a little confusing this time.

Chinese doctor Liu had also helped Qian Lao with his health before. So knowing about Qian Lao's old illness was not a difficult thing.

The information he got from Missy that day also proved that the person who gave him the medicine must know Qian Lao's health condition very well.

But why would this Chinese doctor Liu give medicine to Qian Lao? Thinking of this, Chen Qi looked at Xu Qiang in front of him and could not help but sneer twice.

‘Xu Qiang, you’re good, if you don’t talk to me about this today, you won’t be able to leave this door!’

As soon as the words left his mouth, Chen San instructed the men to escort Xu Qiang in, and then looked at Chen Qi who was deep in thought and was silent.

‘This matter is getting more and more f\*cking confusing to me, you go in later and ask this Xu Qiang, I’ll return a message to Missy.’

After he finished speaking, Chen Qi went back to his office. He then gave Qian Xinyi a report on the progress on his side.

Chen San, on the other hand, went to interrogate Xu Qiang, but Xu Qiang wasn’t a fool!

He knew that as soon as he let go he would be finished, so no matter what tactics Chen San put on him, Xu Qiang just gritted his teeth and didn’t let go!

On the other hand, Qian Xinyi gave Wang Long a call and gave him a good hammering.

If it wasn’t for this, Wang Long wouldn’t even want to pay any attention to Xu Qiang.

If it wasn’t for Xu Qiang’s sister’s body, he would have been too dirty to be a dog for a man like Xu Qiang.

Wang Long is no longer the punk he was before. He is trying to climb up one more notch to get out of his current role.

Because he knows in his heart. If he didn’t make an effort to move up, the day these people got tired of using him would be the day he would die!

This was something that Qian Xinyi had made him understand.

For those of them. They needed a dog to handle their dirty work, but this dog could not be used for too long.

Wang Long, who didn’t want to take care of Xu Qiang, after deep consideration, finally gritted his teeth and left the door, heading straight for 30 Mile Bay.

On the other hand, Chen Qi sat in his office looking at the book that Chen San had handed over. On it was written the passage of Xu Qiang’s arrest of Liu’s Chinese doctor.

‘Brother Qi, all the tactics that could be used have been used, that kid bit the bullet and said that it was Chinese Doctor Liu who wanted to get back at that Jiang, that’s why he switched Master’s medicine.’

Chen Qi lit himself a cigarette, looked at the report in his hand and sneered, ‘Do you believe this, what kind of role is Chinese doctor Liu, he dares to do this?’

After saying this, a cold light flashed in Chen Qi's eyes, 'No matter what, we have already arrested the people who should be arrested in this matter. The rest is up to Miss' side to do.'

Chen San looked at Chen Qi as if he wanted to let go of the matter and said with some urgency, 'We caught this man. Shouldn't we be the ones to butt heads with Wang Long?'

Chen Qi gave Chen San a somewhat helpless look, his current position was still too low. He simply didn't understand what was going on in the minds of those big shots.

Anything as long as there was enough profit, then it was something that could be forgiven.

The conflict between the top echelons was, to put it bluntly, just a conflict between interests. That's why he doesn't want to get involved in these matters.

If he rushed into it at this time, then it would become him taking profit from the lady!

'Chen San, if you can't see some things, then you can stay honestly in this position of yours for the rest of your life.'

After saying this Chen Qi looked down at the report in his hand and continued, 'From now on, no matter who comes to see me say that I am not here, you go down.'

Chen San glanced at Chen Qi with some reluctance, but did not dare to say anything else, so he nodded and retreated.

After he left, Chen Qi picked up the phone and called Qian Xinyi, then spoke, 'Miss, I think Wang Long should be coming over to look for me at this time, is it convenient for you to come over?'

Qian Xinyi faintly looked at the time, 3pm, by the time Wang Long arrived at Chen Qi's place it should be around 5pm.

After a moment of contemplation, Qian Xinyi said, 'Alright, you can pack out a meeting room, I will have a good chat with this Wang Long!'

After receiving Qian Xinyi's permission, Chen Qi no longer panicked, but ordered Chen San to pack out a meeting room and pretended he was not there.

He was very clever, and if he wasn't, he wouldn't have been appreciated by Qian Lao.

Chen Qi understood what he needed to do and what he should not do.

The Qian family would let themselves do things, but would not allow themselves to take profits, and would naturally give themselves the sum they deserved afterwards.

Wang Long was also a smart man, but he had slightly underestimated Chen Qi.

He thought that he could take Xu Qiang away if he communicated with Chen Qi properly and paid a sufficient price.

But to his surprise, Chen Qi simply closed his door and said he was not in.

Now, he could only wait for Qian Xinyi's arrival at Chen Qi's place.

Not long after he sat down in the conference room, Qian Xinyi's clear voice rang out, 'Yo, Wang Long, it's been a long time.'

Wang Long sat in the conference room and heard Qian Xinyi's words and couldn't help but let out a bitter smile on his face.

He then hurriedly got up and looked at Qian Xinyi and said, 'Miss Qian, it's been a while, it's been a long time.'

'Yes, it's not because you see that our Qian family has fallen into decline, so you don't care to come and see us, right?'

After saying this, Qian Xinyi sat down with some mockery in her eyes and looked at Wang Long as she continued to speak, 'You really have a lot of guts now!'

This is the reason why Wang Long tried to climb up a little further, as long as he climbed a little further, Qian Xinyi would never dare to talk to him like that!
